BANGLADESH

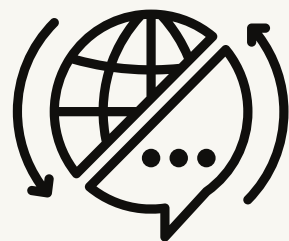

WiW had the absolute **JOY** of serving Pastor Paul and Monica in Kisumu, Kenya earlier this Summer.

We are eager to serve their outreach to children with disabilities.

These families experience shame and fear.

Help us start a movement of care and advocacy!

Kabyle Translation of Essentials for North African Women – in Morocco, Algeria, Tunisia – is almost complete!

Pray for Karima and her team as they finalize and edit this translation and the next steps to distribute Essentials to the more than 3 million Kabyle language speakers and readers.

Our WiW ministry partner leader in Syria, sent a heartbroken message asking for prayer for the Damascus Greek Orthodox Church, where 22 people died while they were worshipping on a Sunday morning.

Please pray for their comfort, protection, and the advance of the Gospel in Syria!

JOIN WiW as a Soul Supporter during our Summer Splash – Every first donation will be doubled by a generous match!

PRAY for 50 new Soul Supporters to join us as monthly donors so that we can continue and increase our reach into Africa, Asia, and the Middle East. Help us make waves of impact!!

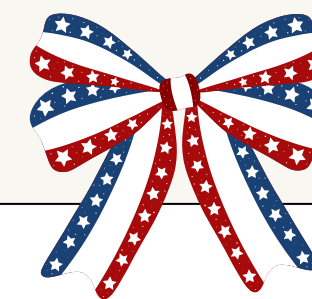

Our annual Servant Leader gathering takes place in South Florida, July 24 to 27.

As these wonderful women fly in from various states across the country to pray, plan, and prepare for another awesome year of service to and with the women "in the window!"

As we approach our 250th birthday, pray for the USA to be found faithful to our foundation – one nation under God, and that we will spread the Good News of Freedom in Christ across this nation like never before.

Join us on July 4th as we gather to pray online for the USA!!

NEXT LEVEL Trauma Healing Training in Bangladesh

Our ministry partners, Bangladesh Bible Society and Talitha Koumi, launched trauma healing training earlier this year.

They are now ready for their **NEXT LEVEL** Trauma Healing Training as each woman will be certified as a trainer of trainers.
