

PRAYER CALENDAR OCTOBER 2025

*"Is not this the kind of fasting I have chosen:
to loose the chains of injustice and untie the cords of the yoke,
to set the oppressed free and break every yoke?"*

-Isaiah 58:6

**HOPE AND
HEALING**

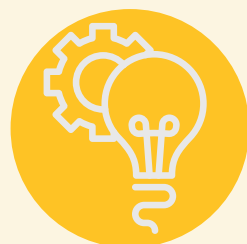

NEPAL!

**TRIUMPH OF THE
HEART GALA**

Jesus came to set the captives free. And one of the tools He employed and that He commands is fasting. Fasting coupled with prayer is a powerful force that cannot be stopped. We invite you to join WiW in prayer and fasting one day each week throughout October, so that together we can **"loosen the chains of injustice and set the oppressed free."**

Beats of Hope ministry, led by Keren Moses, continues with their **3rd WiW Health Training, October 1-3** – this time in their home state of Kerala and among their own people, the Dalit tribe. Pray for each woman to clearly understand the WiW Bible study and health training offered in their native language – Malayalam – and for God's healing of bodies and souls.

As we OPEN WINDOWS of prayer toward Heaven— we will meet at the Women in the Window International office at 2101 Vista Parkway, WPB, FL. 33411 and ONLINE with Pastor Paul and Monica from Kenya. Their church focuses on the hurting families in their community, especially those with children with disabilities. JOIN us for this inspiring hour!

Paula Achan, founding ministry leader of Lomongole Women of Hope, South Sudan & Uganda, and her team, will lead a WiW training in Gulu, North Uganda this month. **Pray for the firm foundation upon which her ministry has been started to grow through this training.**

Her goal is to establish a strong team in Gulu who will receive all 5 capacities of WiW training and then receive certification to multiply this training throughout their communities!

Grace, our Women in the Window International women's partnership leader serving with the Bangladesh Bible Society, has traveled to India to receive further diagnosis and possible treatment for breast cancer. Thankfully, she detected the lump early. **Please pray for total healing, and for God to strengthen and encourage Grace's heart.**

Interim Prime Minister Sushila Karki, the first woman leader of Nepal, is working to restore peace and to rebuild the nation after political uprisings cost the lives of 72, and injuries to more than 2,000. She will work to create employment, increase quality of life and increase governmental transparency.

PLEASE pray for this tiny, but powerful nation, and especially for our ministry partners LTD Nepal, that they may minister effectively, both in words and action!

Friday, November 14th A Night of Worship and Giving: with joy and expectancy, we need your prayers for every aspect of Triumph of the Heart. This night of worship and giving extends our capacity to train women in spiritual formation, leadership development, business and economic development, preventative health education, and human rights.

Pray for God to bless all aspects of Triumph, and to draw many to join with WiW!
