

CRAFTING YOUR ENVIRONMENT

STEP 1: SURROUND YOURSELF WITH PASSIONATE, POSITIVE INFLUENCES

3 Layers of Immersion

Who are your biggest mentors?
Who inspires or empowers you to be better?

Who is going through this with you?
Who will fight along side of you and help you?

Who will you be able to help once you succeed?
Whose life can you change once you learn?

 **ACTION:** Immerse Yourself! Share your big “why” and your progress with these key people.

STEP 2: REMOVE THE NEGATIVE INFLUENCES FROM THIS JOURNEY

- Who will drag you down?
- Who won't celebrate your small wins with you?
- Who doesn't empower you to be better?

- When are you most out of control financially?
- What are your biggest spending vices?
- What negative emotions are preventing your turn around?

 **ACTION:** Ditch the Haters! Remove these elements from this aspect of your life.
