

ROBOZE renews its partnership with the Monster Energy Yamaha MotoGP Team, becoming an Official Sponsor

The partnership, which started in 2023, transforms into a strategic alliance, combining a passion for racing with ROBOZE's advanced technology, for new levels of performance on the track.

Bari, Italy – March 7, 2024

The Monster Energy Yamaha MotoGP Team and ROBOZE, a leading company in the production of high-performance industrial 3D printers, announce the renewal for the 2024 season of their partnership, marking a new chapter of innovation and success in the world of motorcycle racing.

What begins as a technical partnership evolves into an even stronger alliance with ROBOZE becoming the Official Sponsor of the team. This synergy combines the world-class racing passion of the Monster Energy Yamaha MotoGP Team with the advanced 3D printing technology and high-performance materials of ROBOZE, taking the team to new levels of excellence and results. The goal of the collaboration between the two teams is to create strategic components produced with additive methods to enhance the performance of motorcycles on the track, leveraging lightweight yet mechanically strong and high-temperature resistant materials.

Alessio Lorusso, ROBOZE CEO, commented: *"We are thrilled to enhance our partnership with the Monster Energy Yamaha MotoGP Team. This renewal is a testament to our commitment to innovation in the motorcycle racing industry and confirms the value of our technology in the world of high-speed competitions and extreme working conditions."*

Michele Gadda, Engineering Manager at Yamaha Motor Racing, added: *"Our collaboration with ROBOZE is essential for our work on the track. The introduction of high-performance 3D printed materials with their technology has revolutionized the way we approach the technical challenges of MotoGP races. We are excited to welcome ROBOZE as a technical sponsor of our team and look forward to achieving new milestones together."*

With the union of two powers in their respective fields, this renewed partnership promises to bring innovation and superior performance to the MotoGP™ competition and to inspire the entire motorcycle racing industry towards new technological horizons.

###

ABOUT ROBOZE

ROBOZE is a leading company in the development and production of advanced solutions in the field of industrial 3D printing. Founded with the goal of transforming the way companies conceive and produce components, ROBOZE offers complete solutions for additive manufacturing with super polymers and composite materials, enabling applications in sectors such as aerospace, mobility, energy, and manufacturing. ROBOZE's mission is to accelerate the adoption of 3D printing through continuous innovation and the provision of reliable and sustainable solutions. For more information, visit www.roboze.com.
