

For Immediate Release

APPLIED ACOUSTICS SYSTEMS RELEASES THE JOURNEYS SOUND BANK FOR STRING STUDIO VS-1

It's with great enthusiasm that Applied Acoustics Systems releases Journeys for String Studio VS-1, the second title in its Sound Bank Series. This 128-preset add-on is the perfect complement to the String Studio factory library, and is master sound designer Gregory Simpson's endeavor on sounds that evoke the essence of other times, places, or cultures. Indeed, this collection is the perfect ticket for travelling from the ancient centuries to modern times, from Asia to Africa, and everything in between. All that with the intrinsic acoustic quality of String Studio as your passport.

Pricing and Availability

The Journeys sound bank for String Studio VS-1 is available now from the AAS Store for \$39. For more information and a preview of Journeys, visit the address below.
