

AAWC-HVO Traveling Grant

The Association for the Advancement of Wound Care (AAWC) is providing travel grants to offset costs for AAWC Members to travel to HVO Wound and Lymphedema project sites in 2017.

HVO seeks active or retired physicians, podiatrists, nurses, physical and occupational therapists, and researchers specialized in wound care and lymphedema management to volunteer at project sites in Cambodia, Haiti and India.

Qualified volunteers are health care professionals who are involved in providing advanced, evidence-based wound care including edema/lymphedema management and are working with wounds in an academic setting, a clinical practice in any setting, wound research, or infection control. Previous clinical or academic teaching experience is preferred but not required. Clinicians must have a current professional license. Assignments are 1 to 2 weeks.

All interested applicants for the AAWC-HVO traveling grant must be members of AAWC and qualify to volunteer with HVO. To apply, send the following (all documents should be in MS Word or PDF format):

1. *One page letter* highlighting previous experience and motivation for seeking fellowship;
2. *the HVO Supplemental Volunteer Information form* (see next page); and
3. *A current CV.*

Applications will be reviewed by committee. All recipients must begin their volunteer assignment in 2017.

Applications should be addressed to Nancy Kelly and sent to info@hvousa.org (include a reference to "AAWC Grant Application" in the subject line).

Electronic submission is required.
