

ABI Announces Its 10th Class of “40 Under 40”

ABI is excited to announce the honorees of its 10th class of “40 Under 40”! The program launched in 2017 to identify each year’s 40 top industry professionals under age 40. Nominations for the 2026 class were submitted earlier this year by the candidates themselves or by colleagues via the award program’s website, abi40under40.org, which has details about the program and a list of the members of each class. Nearly 300 candidates, each with outstanding records of professional achievement and community leadership, were evaluated by members of a 16-person steering committee. Many of the applicants were partners, directors or managing directors at their firms.

This year’s honorees will be recognized at a special 10th anniversary ceremony on Dec. 4 during ABI’s 2026 Winter Leadership Conference at the JW Marriott Desert Springs Resort & Spa in Palm Desert, Calif. Honorees from several previous classes, including the inaugural class, are expected to be in attendance.
