

# 45 Apps in 45 Minutes

**Karim Guirguis**

*American Bankruptcy Institute; Alexandria, Va.*

45 APPS IN 45 MINUTES

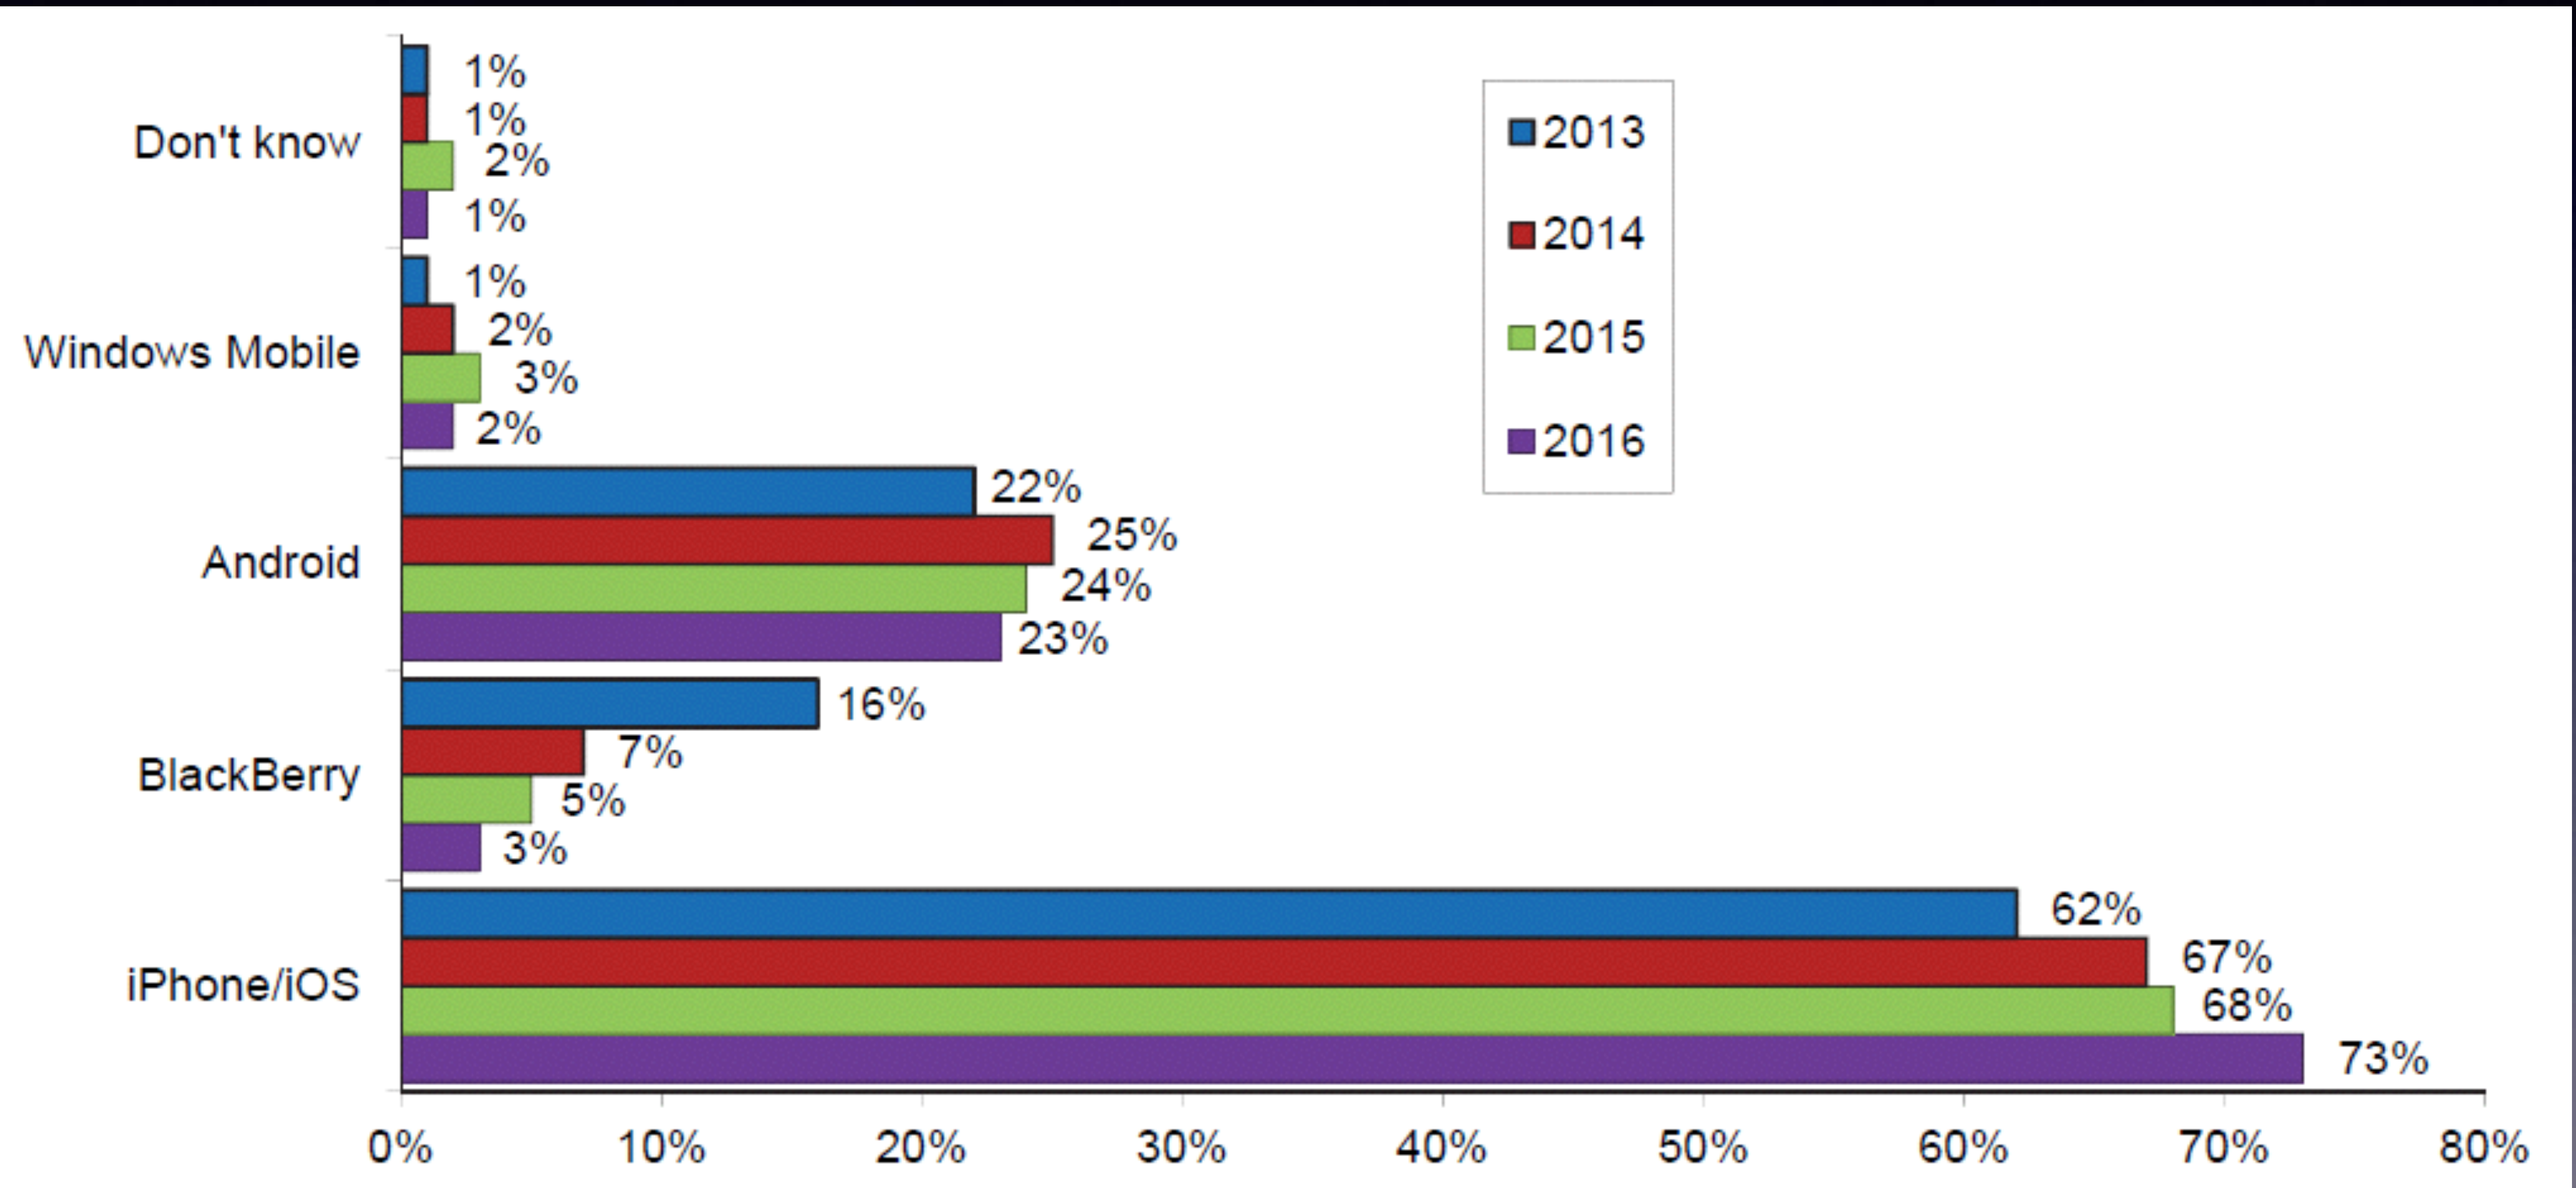

# Platforms vs Medium

# ABA Technology Survey

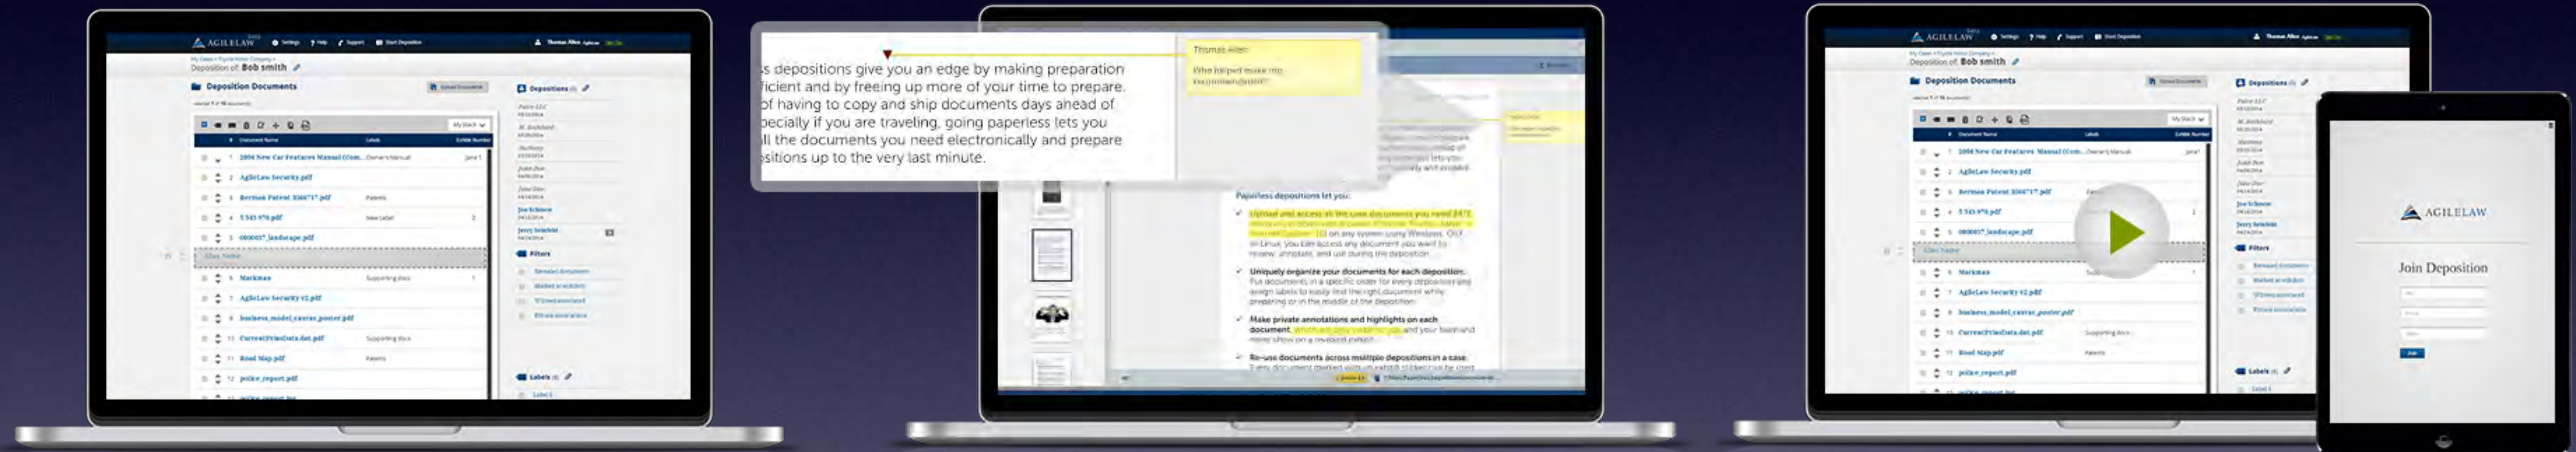

## Smartphone Operating System

# Transcript Review Apps

# AgileLaw By AgileLaw

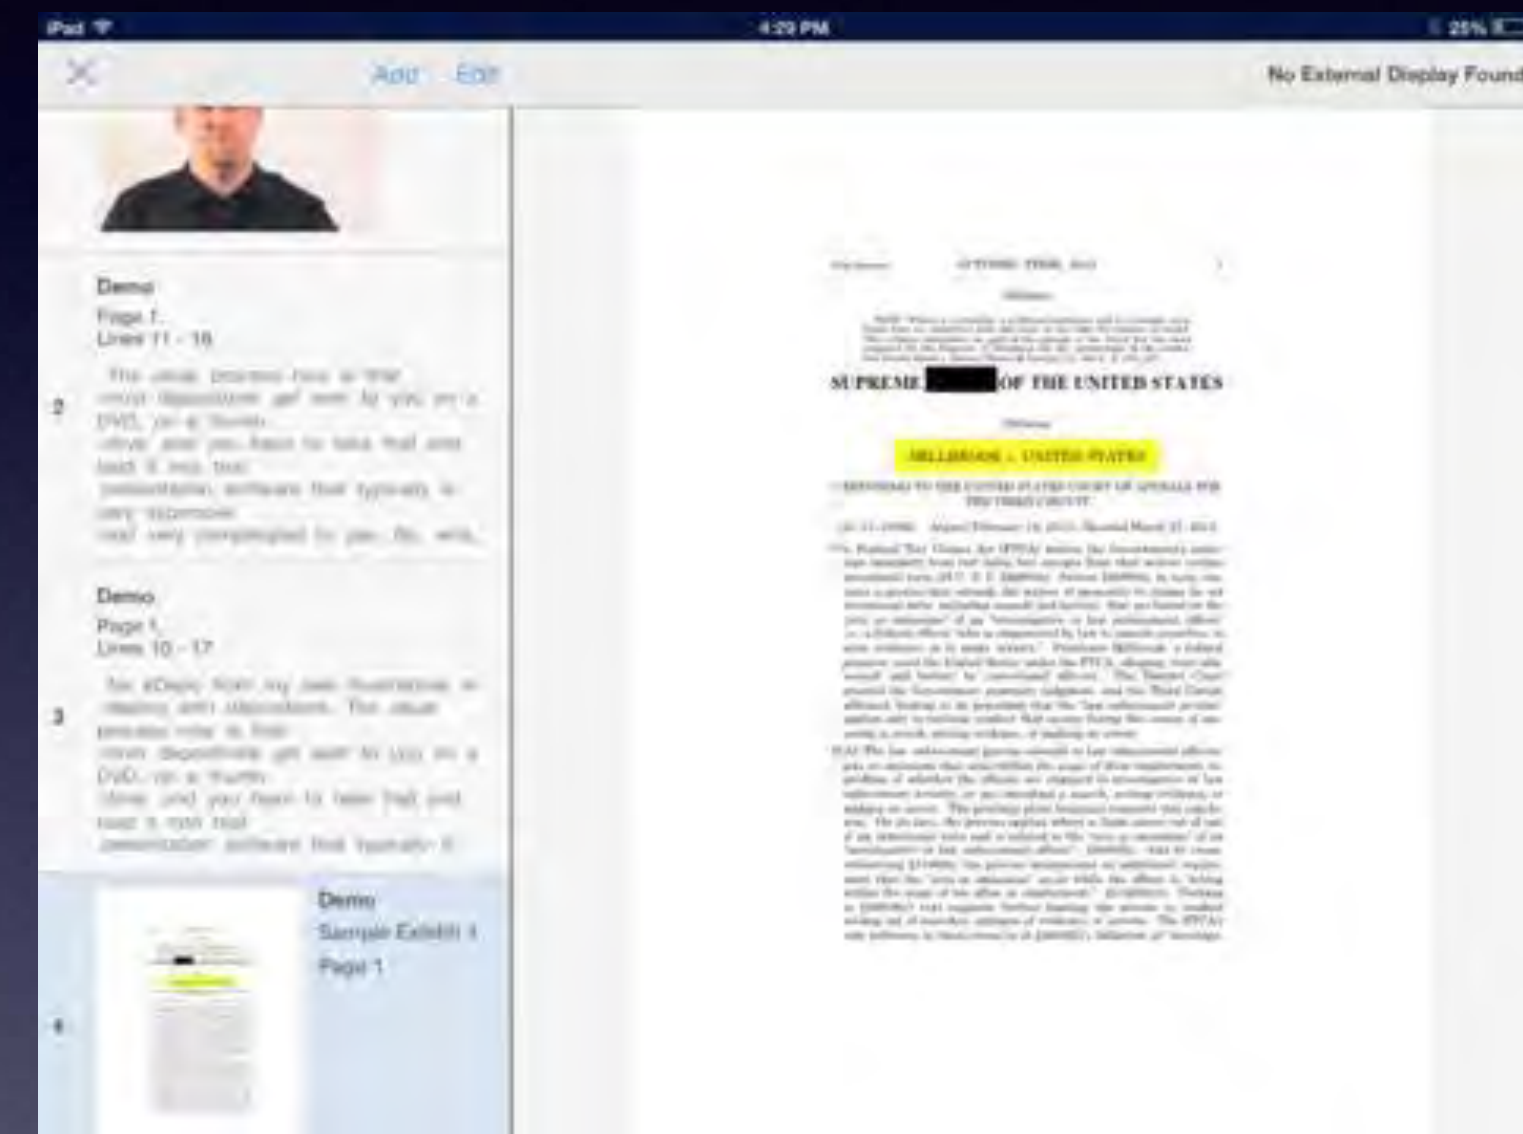

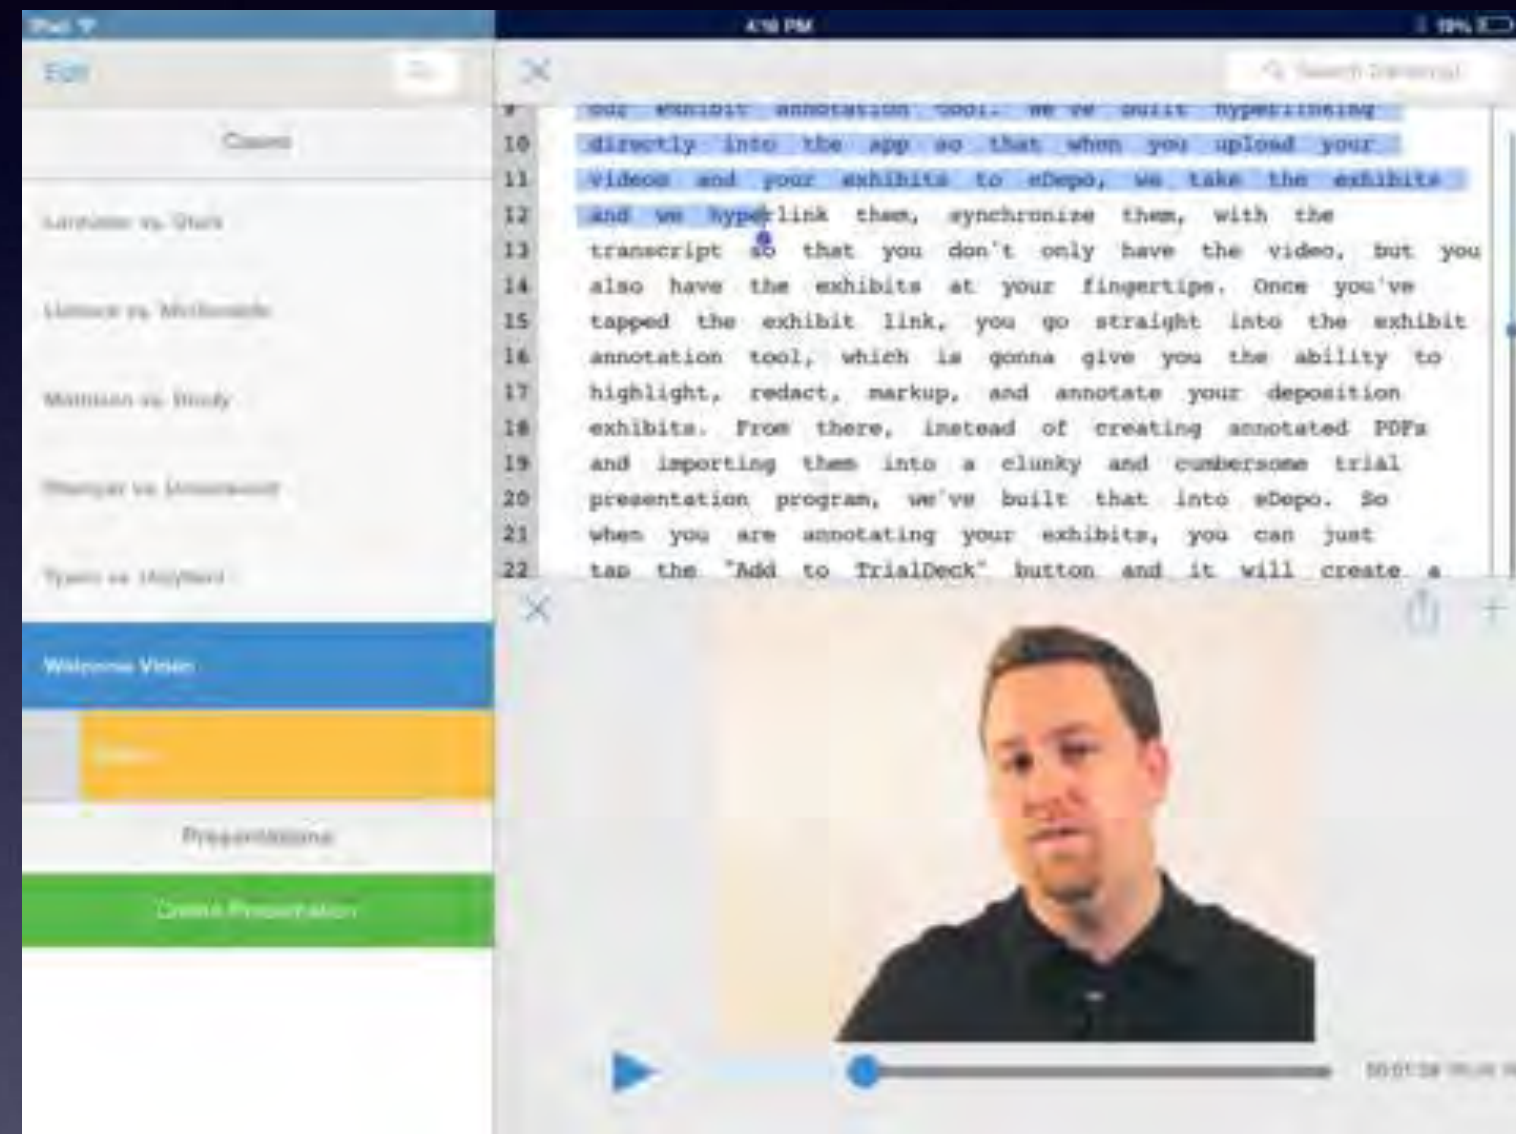

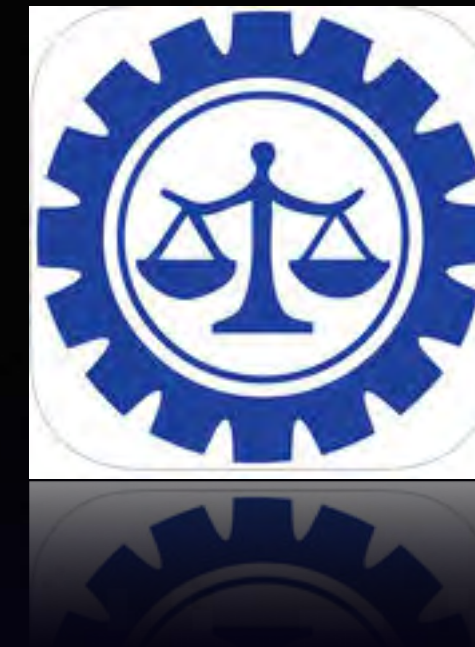

Upload documents, then review, annotate, and search them with ease. Create and categorize by topic labels, enter an alias name to identify documents easier, and add highlighting, comments, and bookmarking annotations.

# DepoPlus

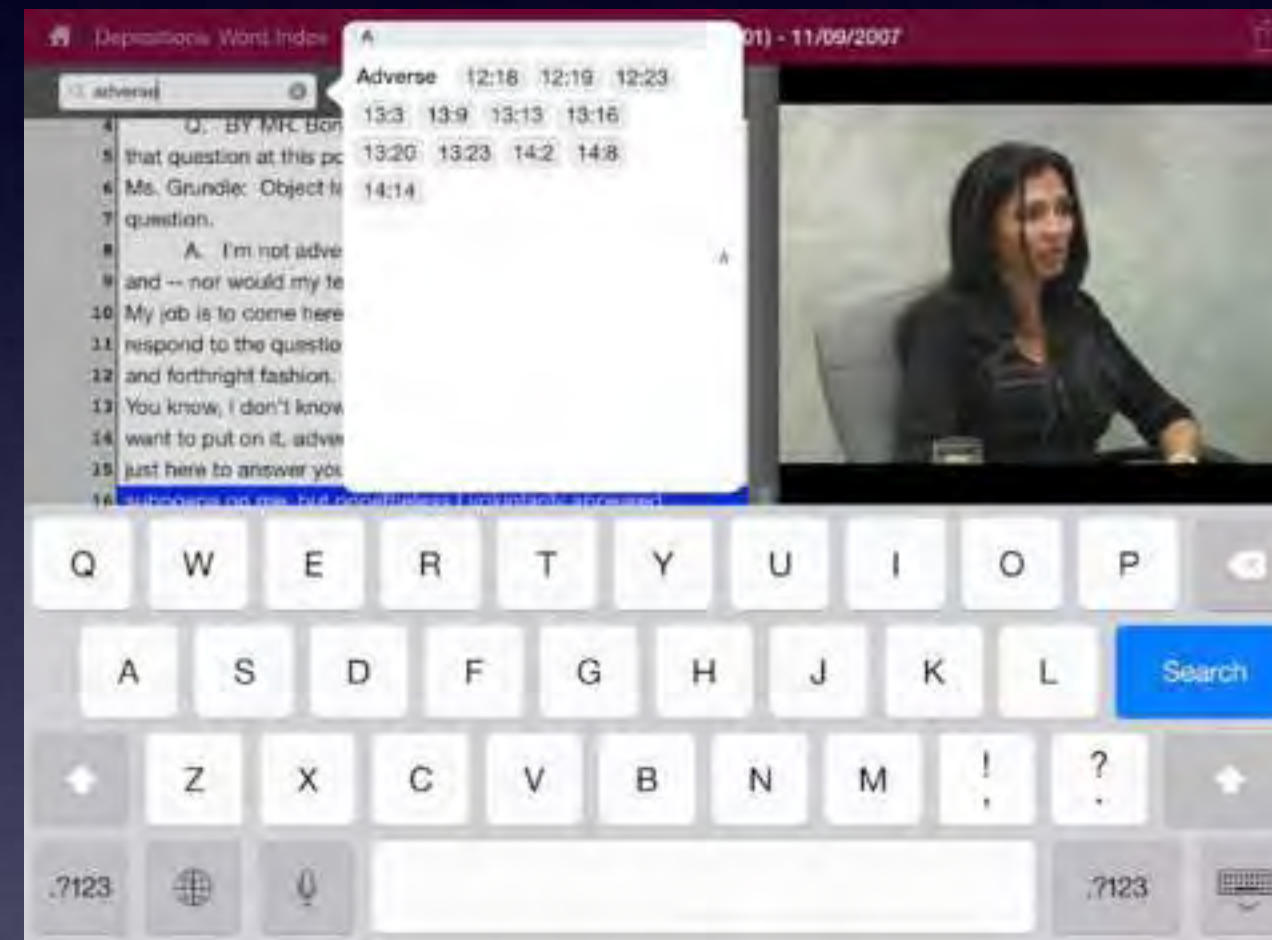

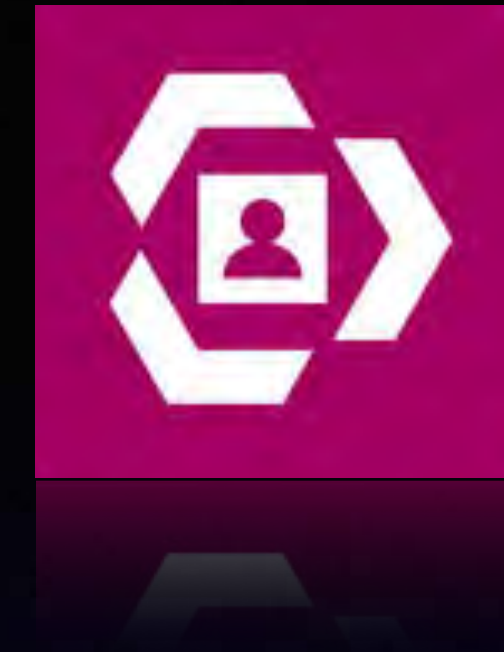

## By edepo llc

This app makes your deposition interactive. Use it to instantly stream deposition videos and make video clips by simply highlighting transcript text.

# DepoView for iPad By inData Corporation

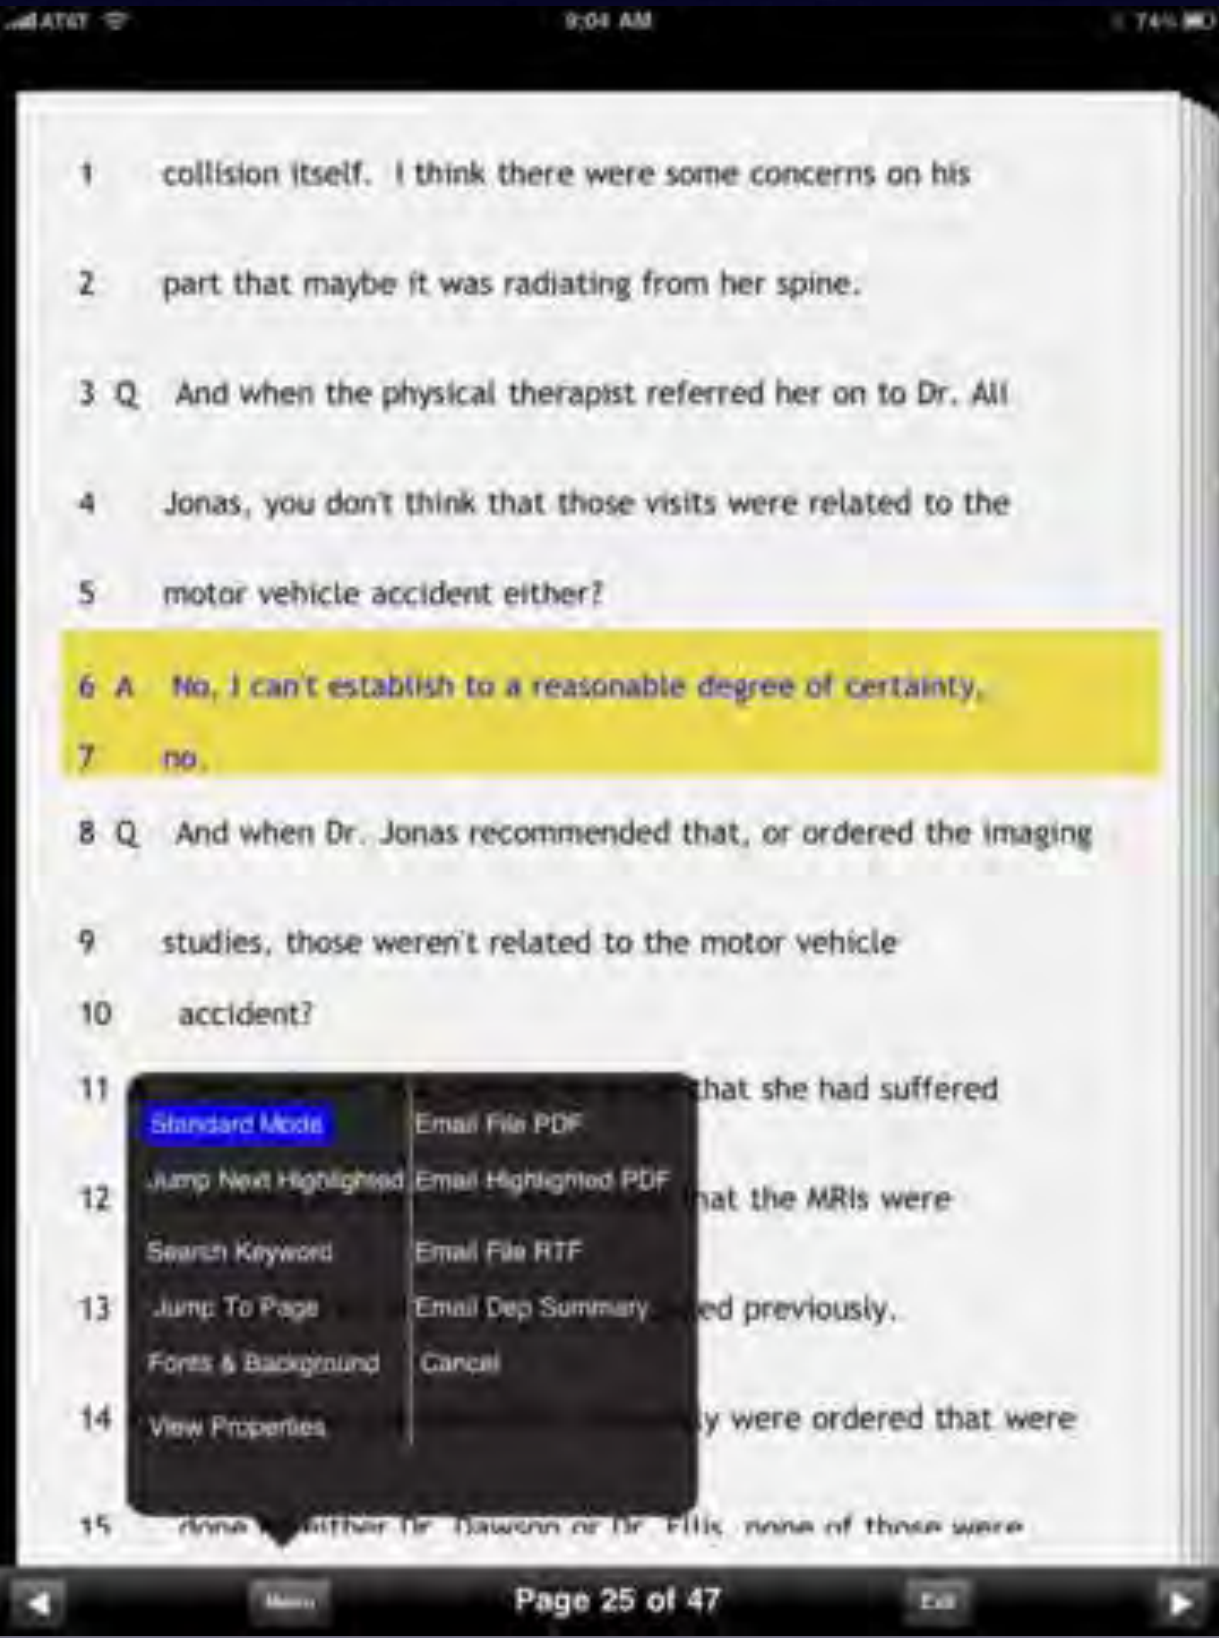

This app from inData Corporation allows attorneys to import and manage deposition transcripts along with corresponding video. It provides simple processes to organize depositions into individual cases, create focused clips from those depositions and export the clips to be used in *TrialDirector* for presentation.

# Mobile Transcript for iPad

By Mobile Transcript, LLC

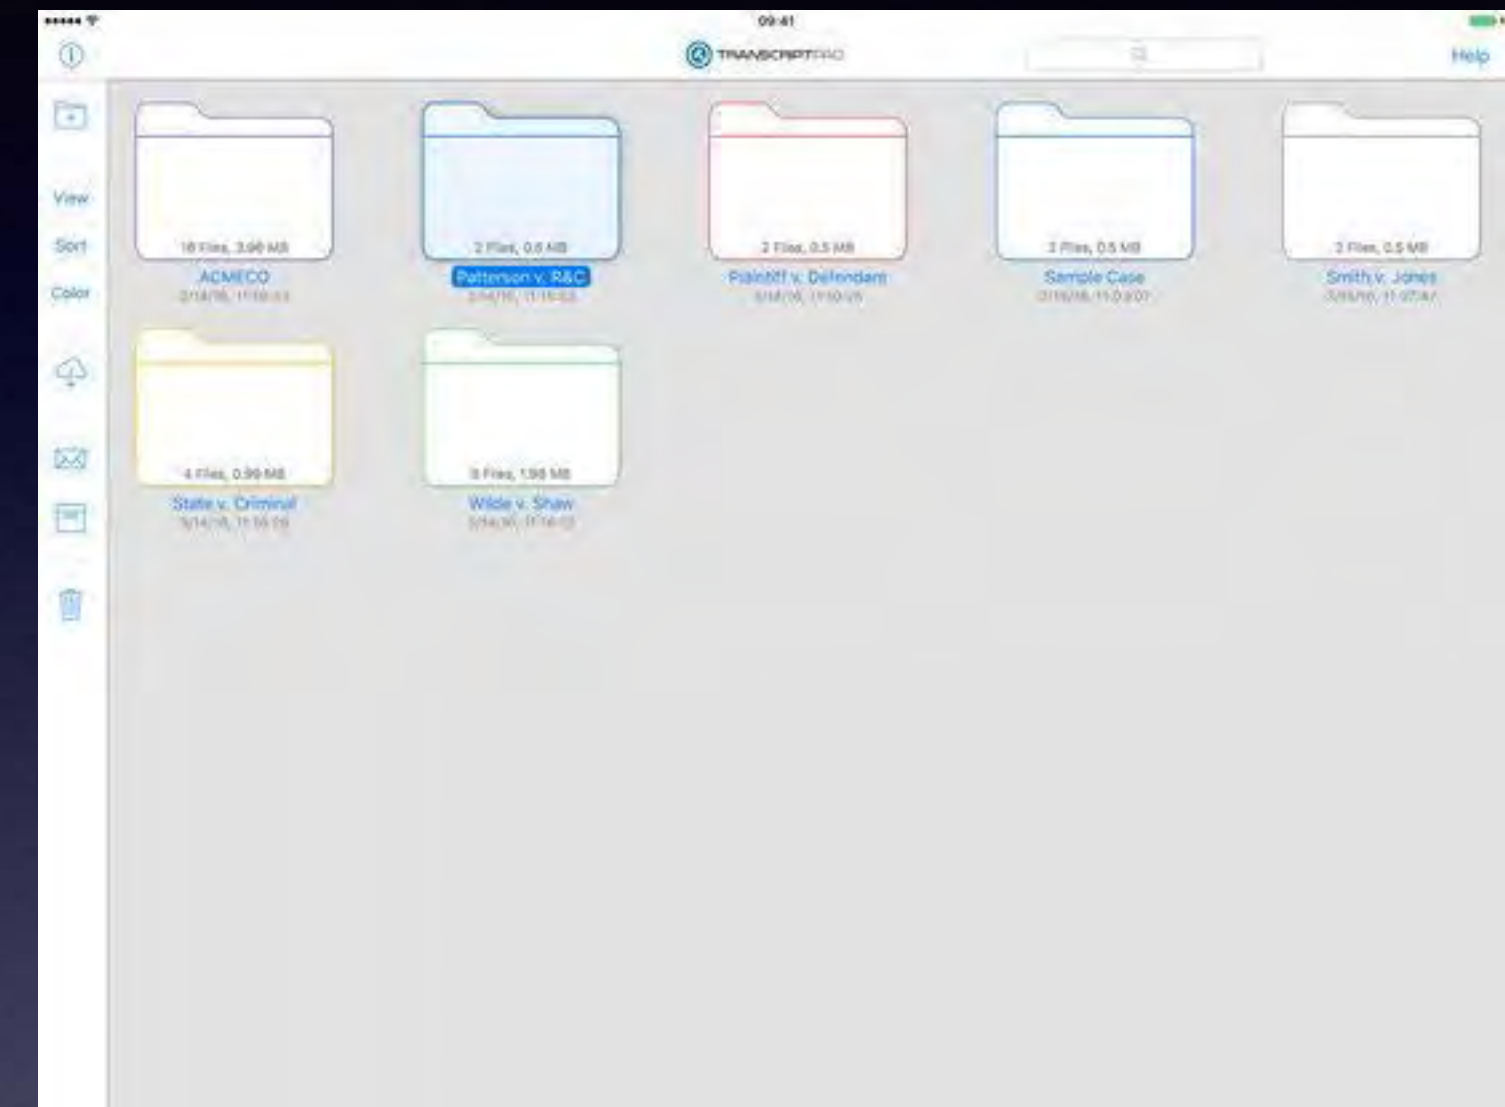

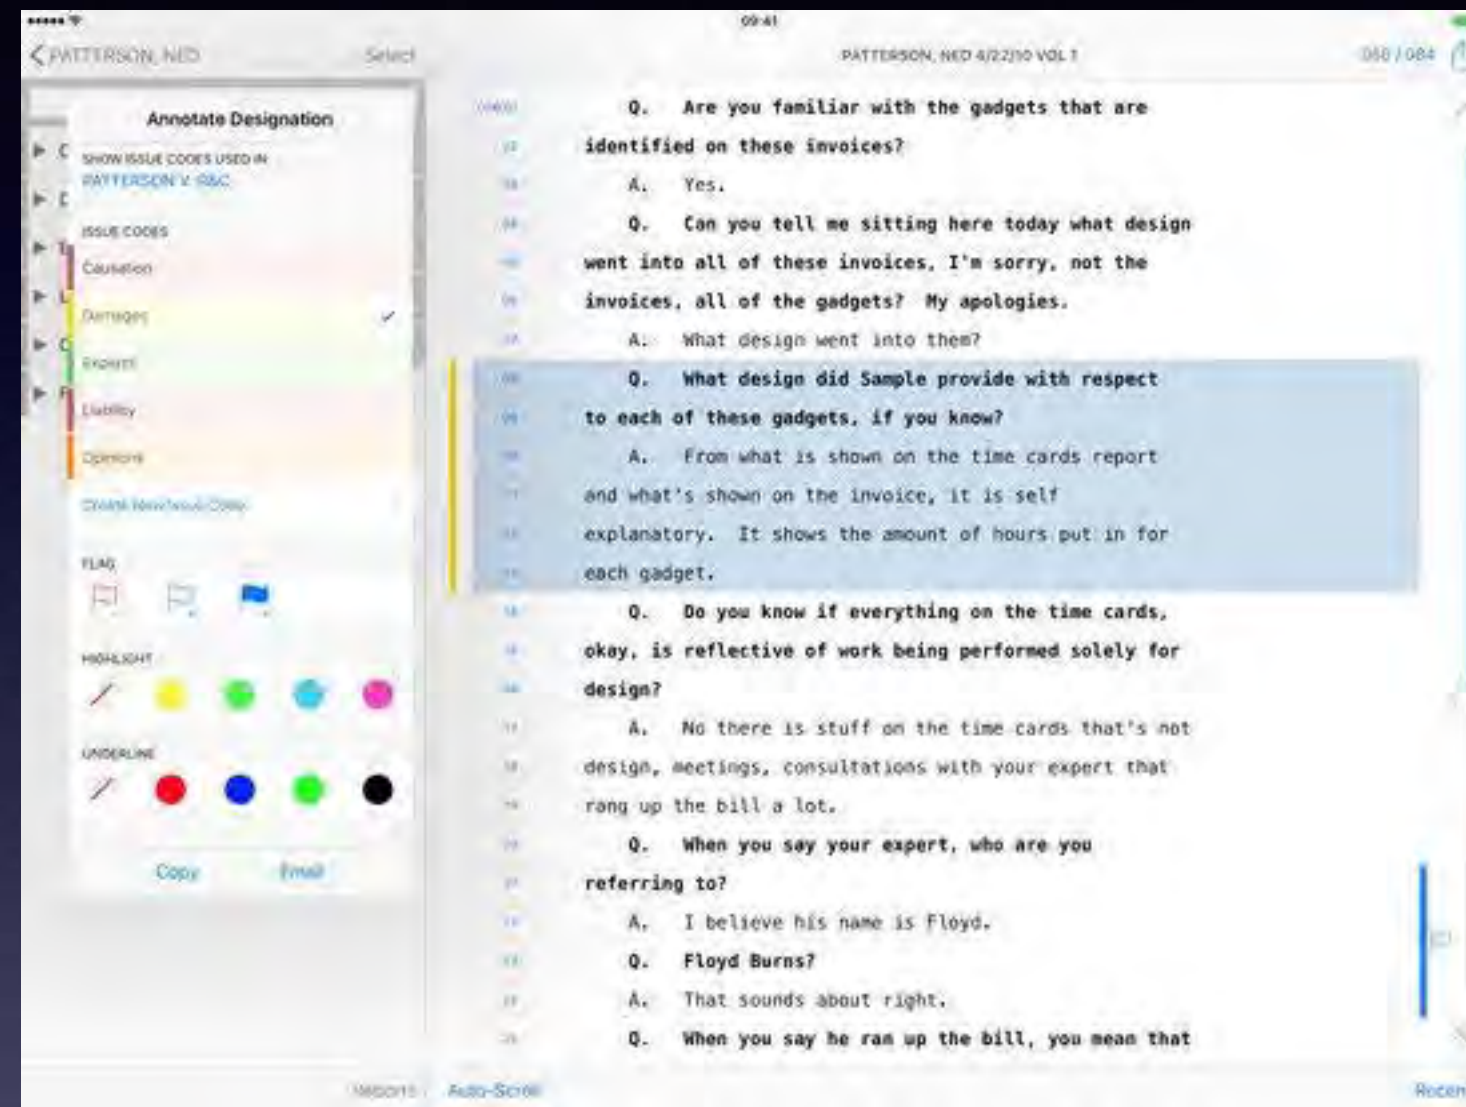

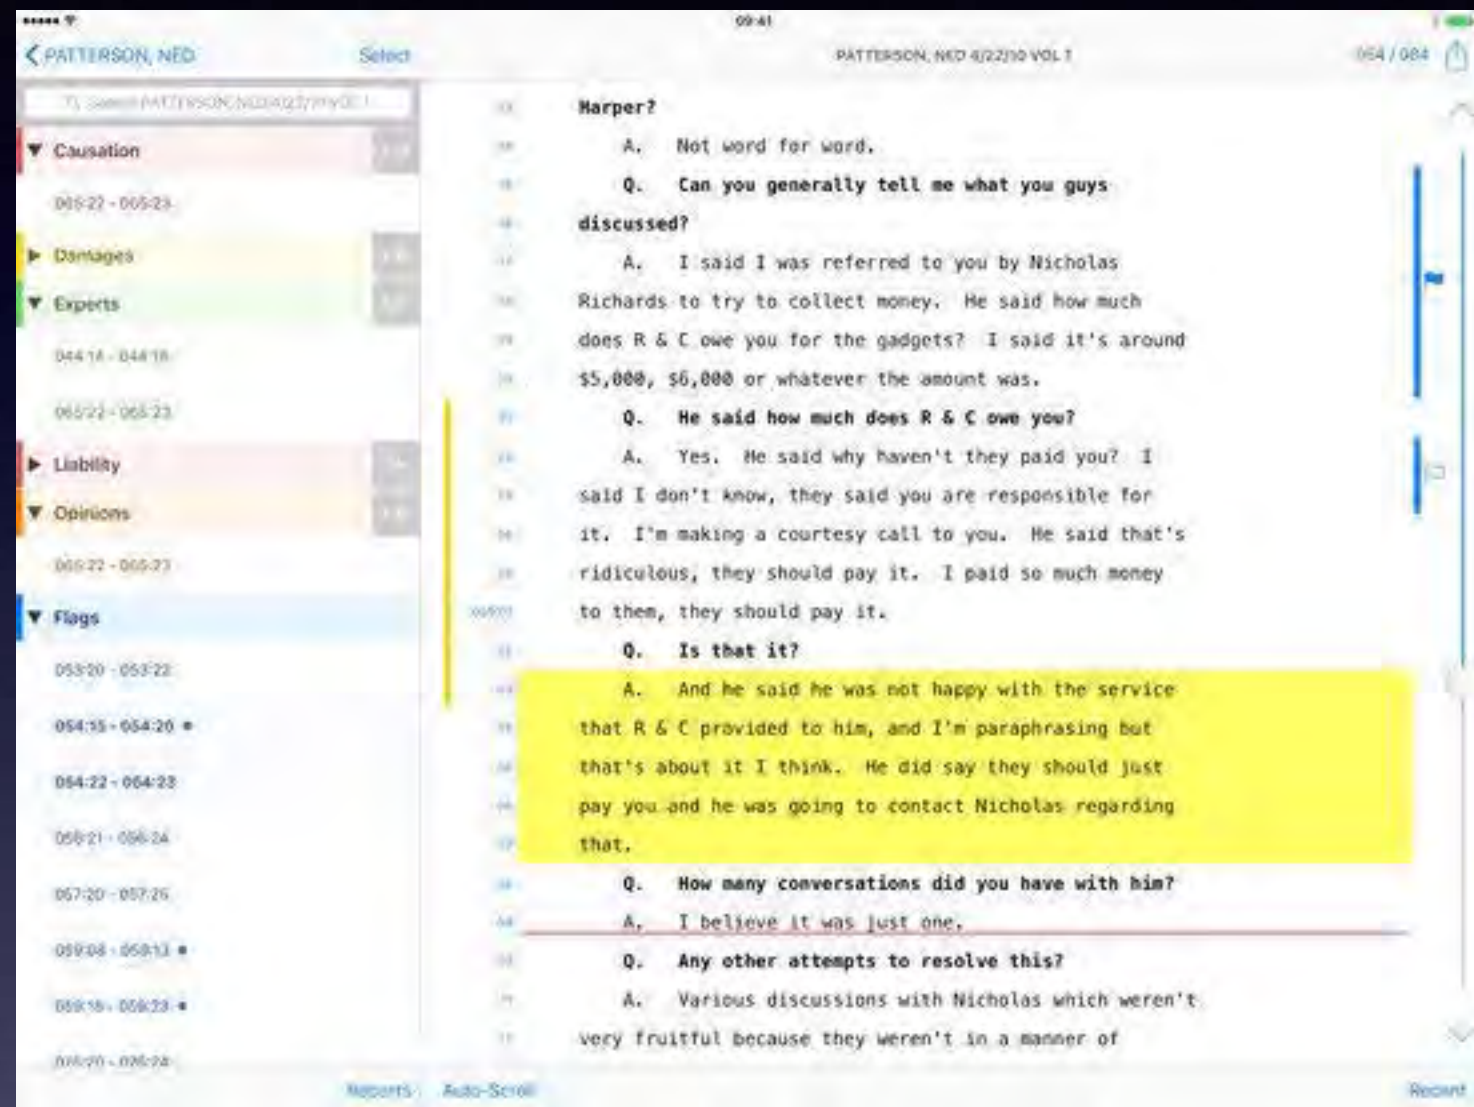

This app is optimized for reviewing and annotating transcripts on an iPhone, or an iPad and has versions for BlackBerry and Android phones. A paid version of the app, at \$29 a month, lets you upload your own transcripts in either Amicus or Summation format.

# TranscriptPad By Saurian

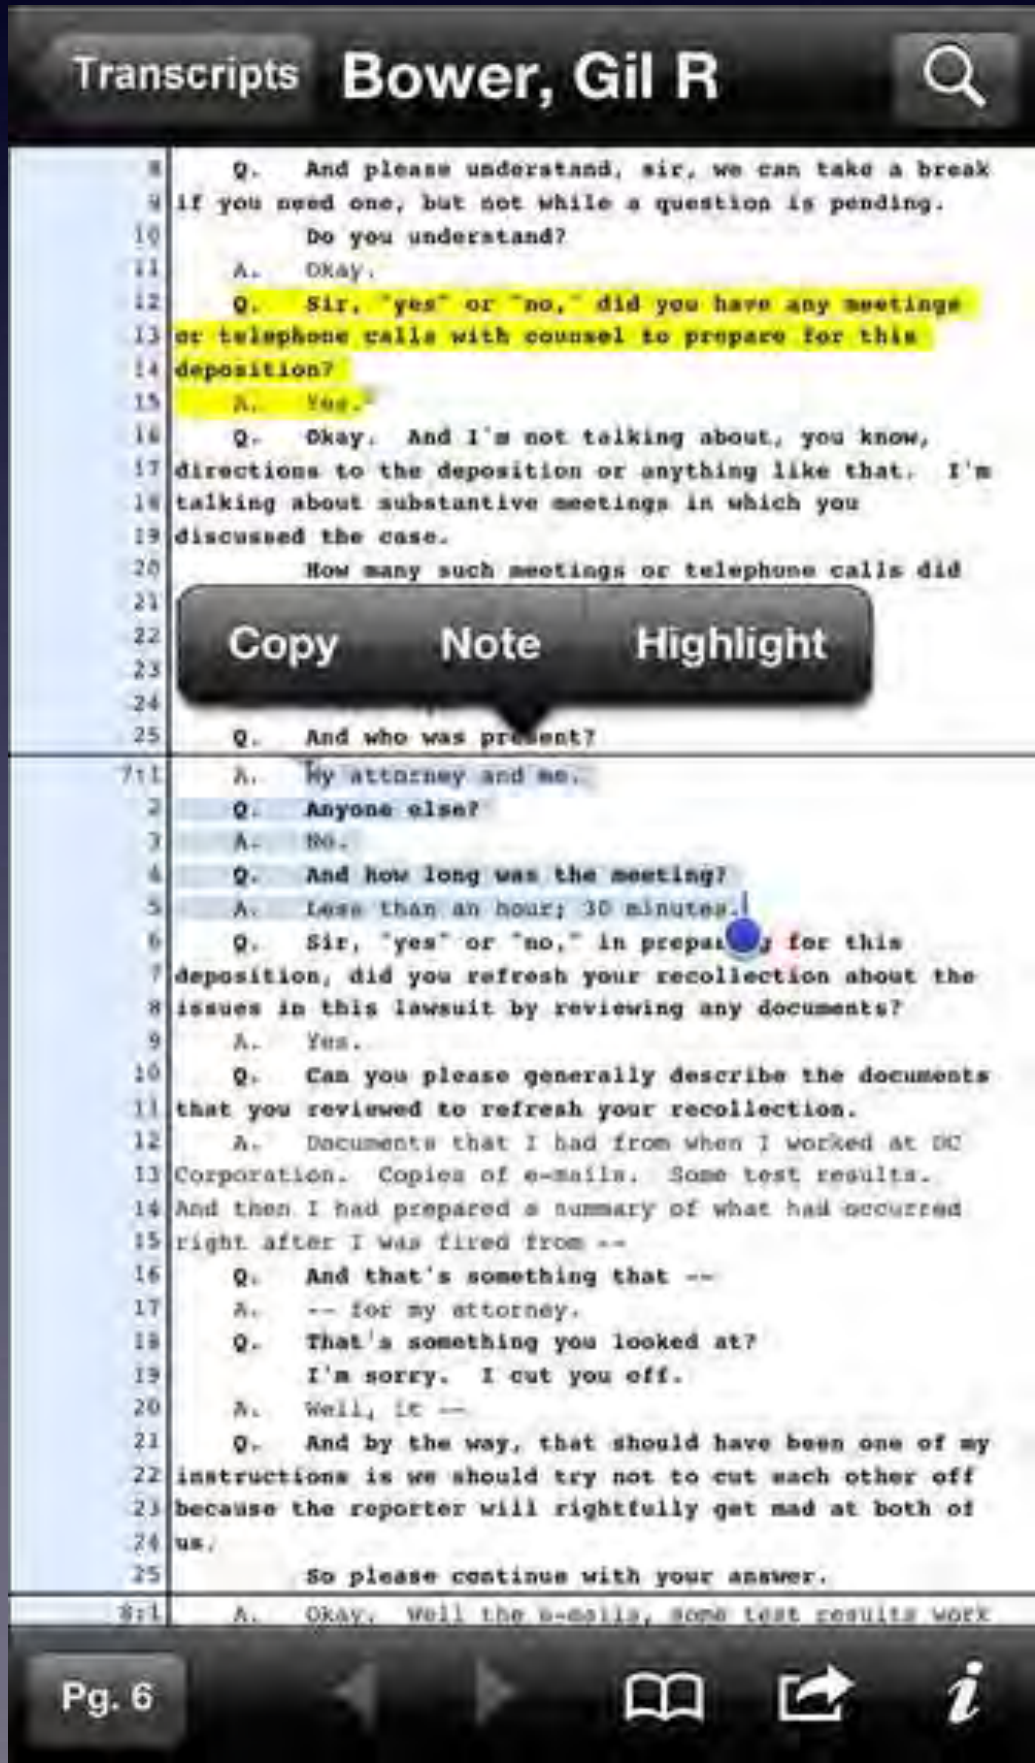

This full-featured app enables you to store, organize, review and annotate all your transcripts on your iPad. It lets you search across an entire case, a single witness, or a single deposition. Flag and highlight important sections and assign issue codes. It works only with ASCII files in .TXT format, which is the standard format for transcripts.

# Westlaw Case Notebook

## Portable E-Transcript

By Thomson Reuters

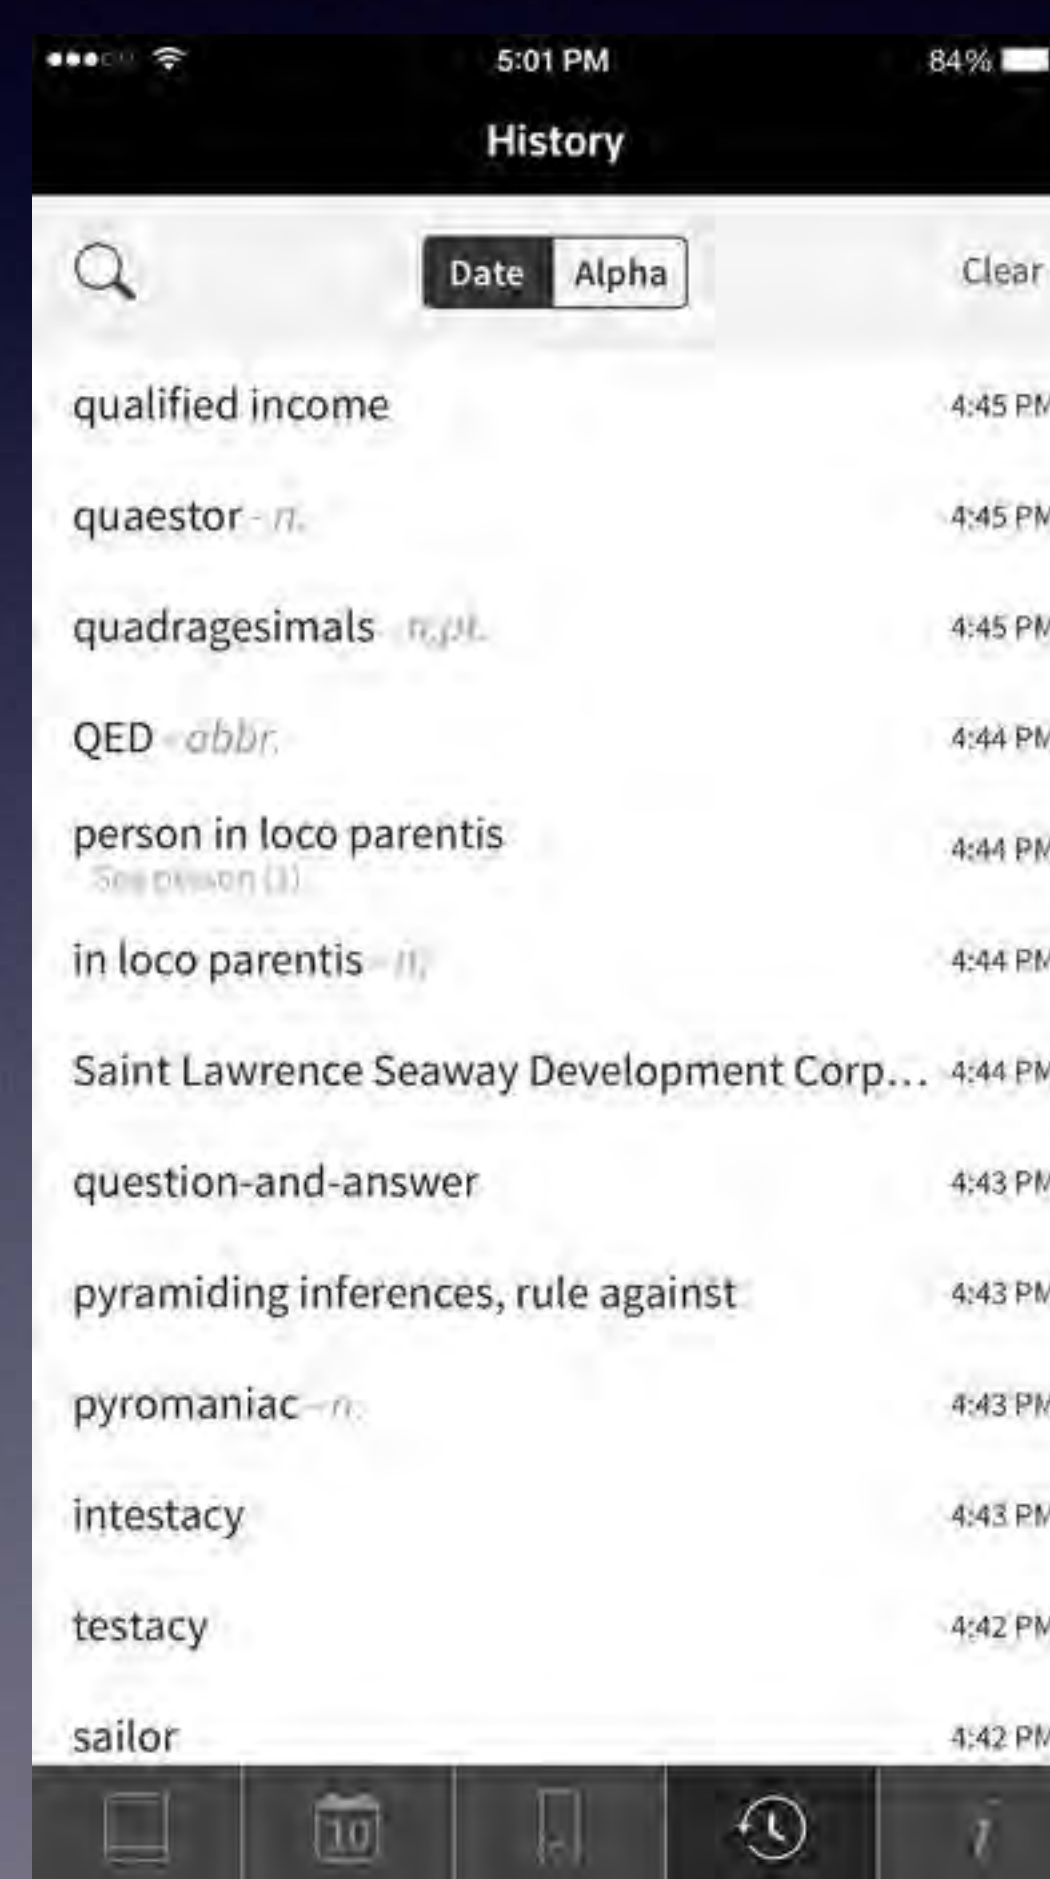

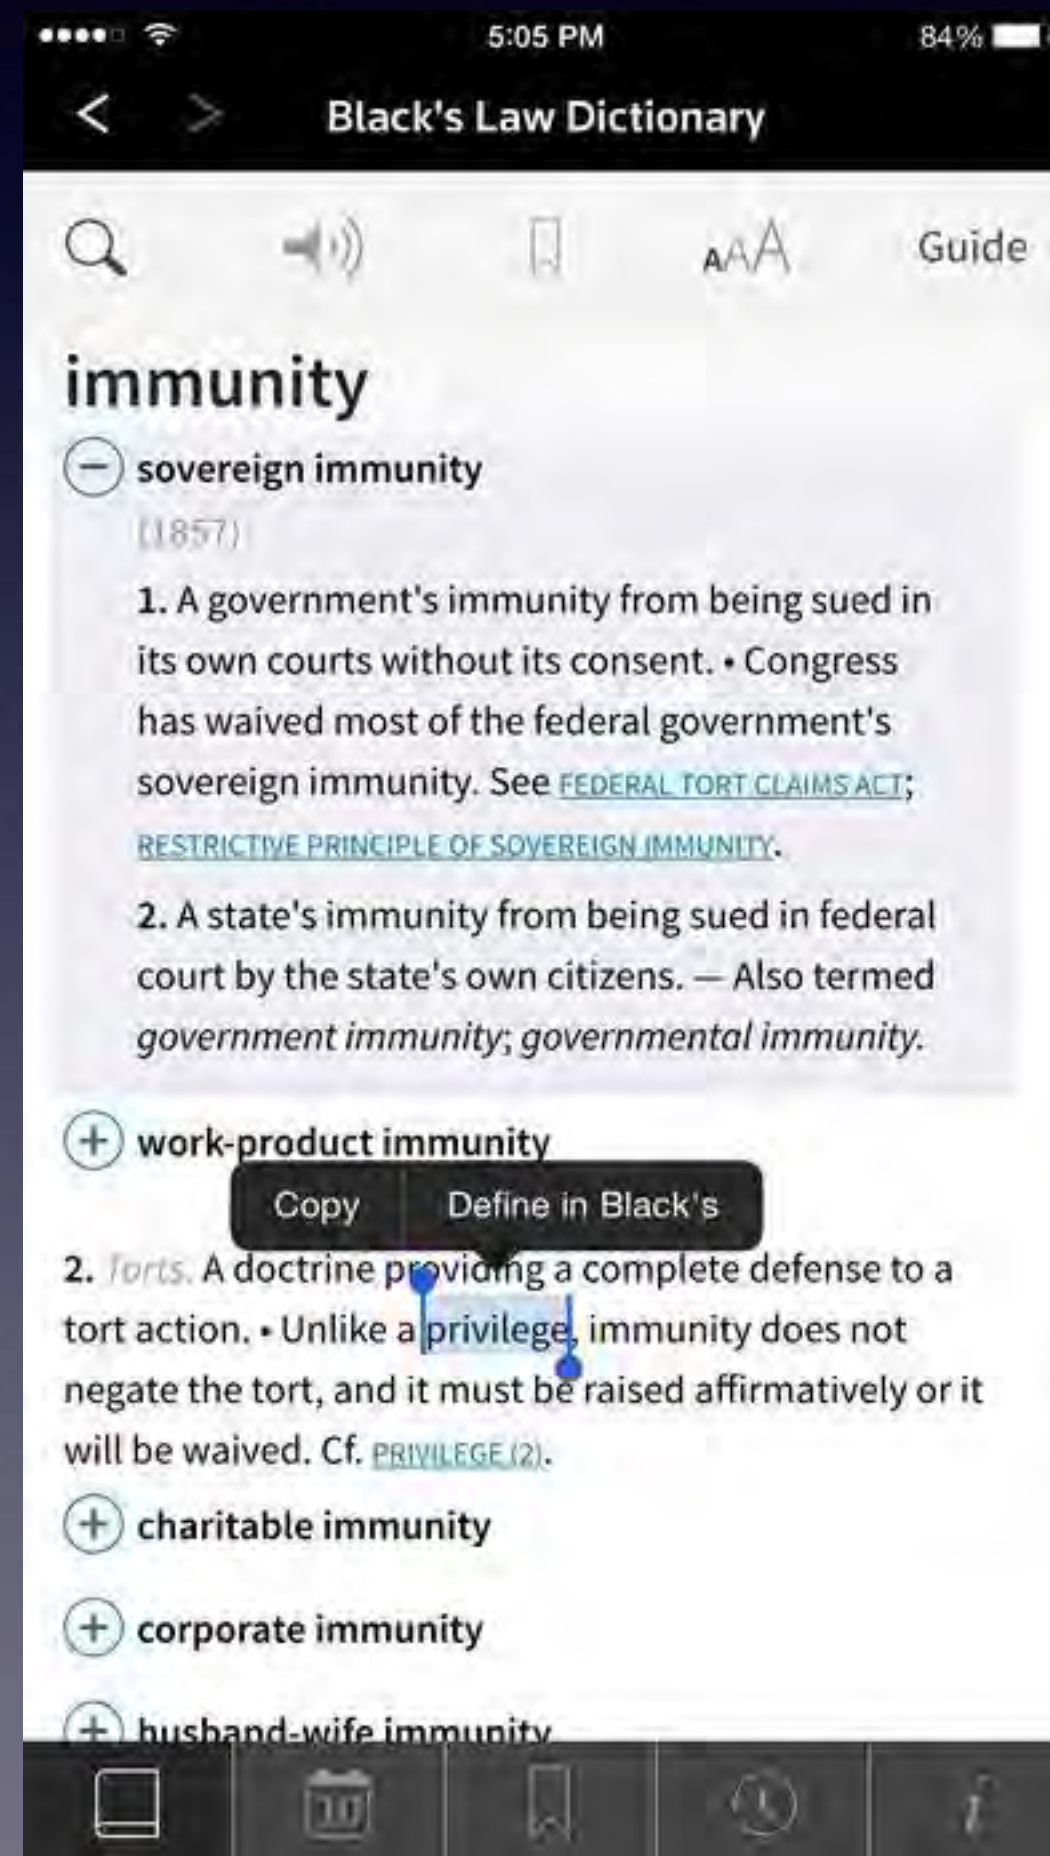

This app lets you review, search and annotate transcripts in the E-Transcript .PTX format on iPads and iPhones.

# Legal Research Apps

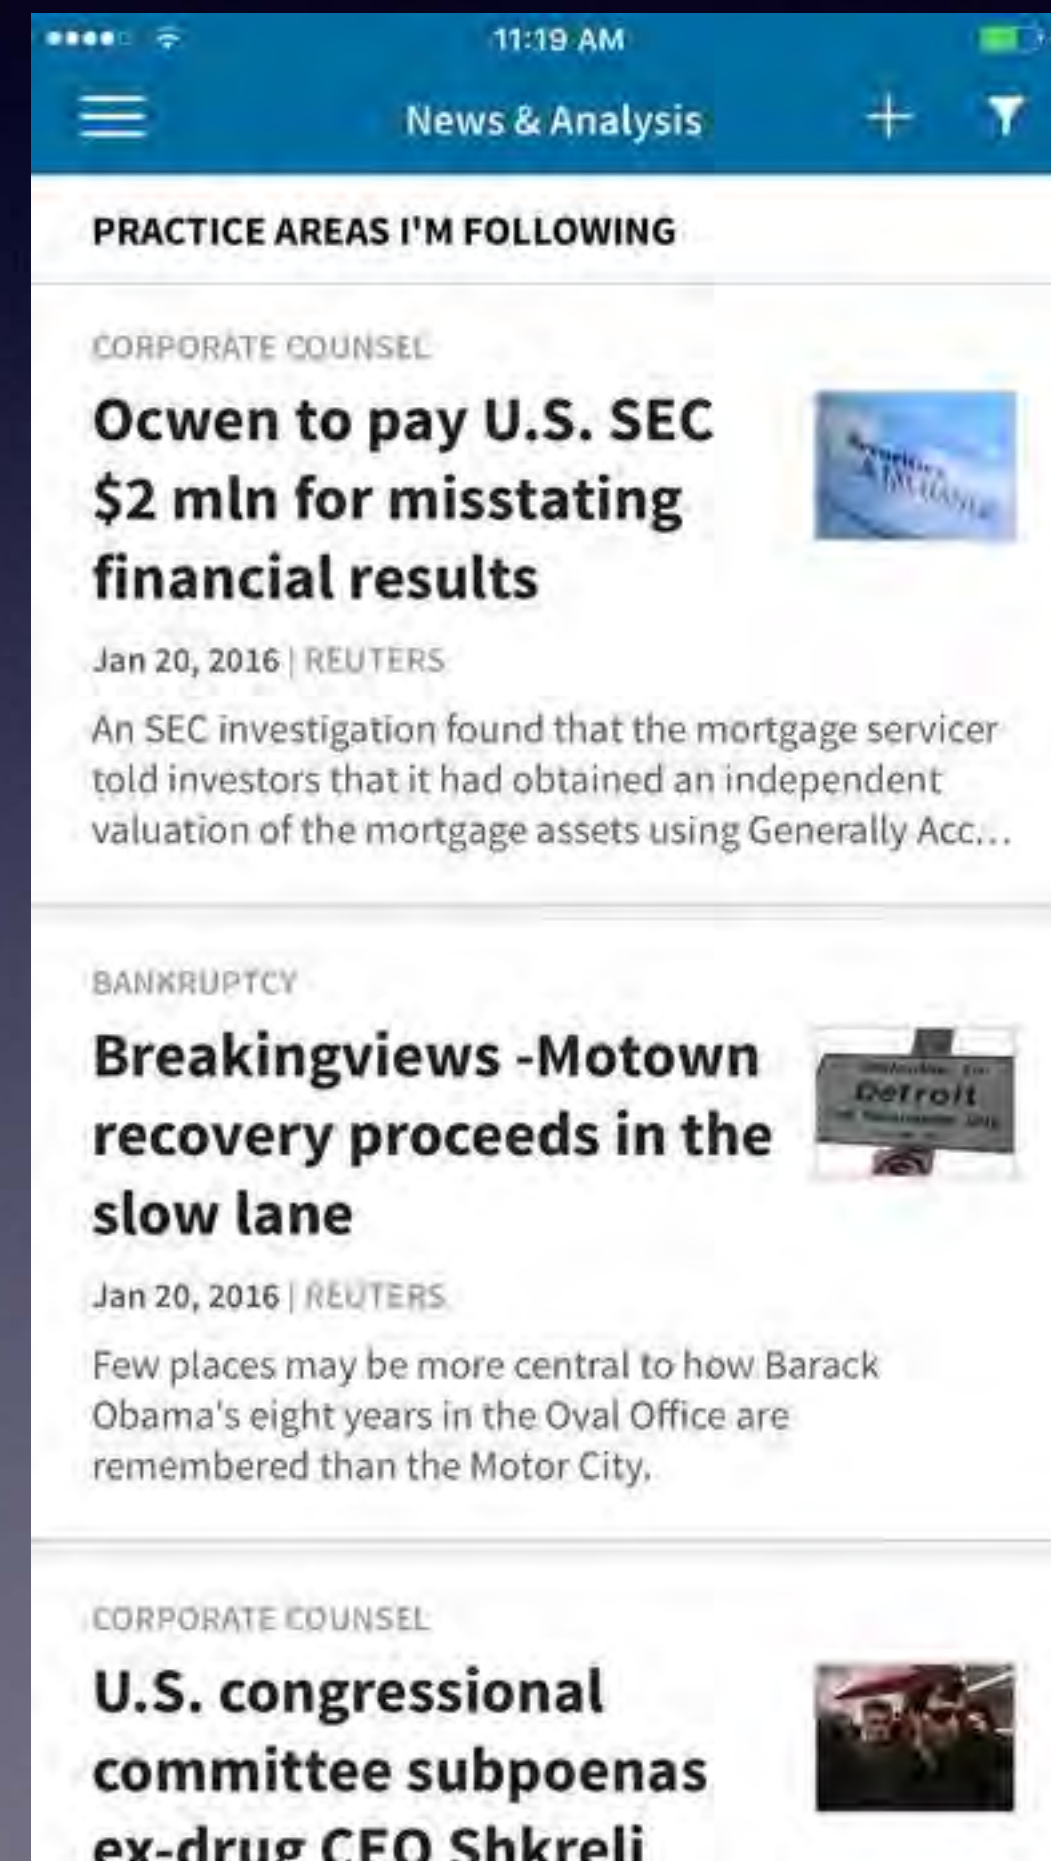

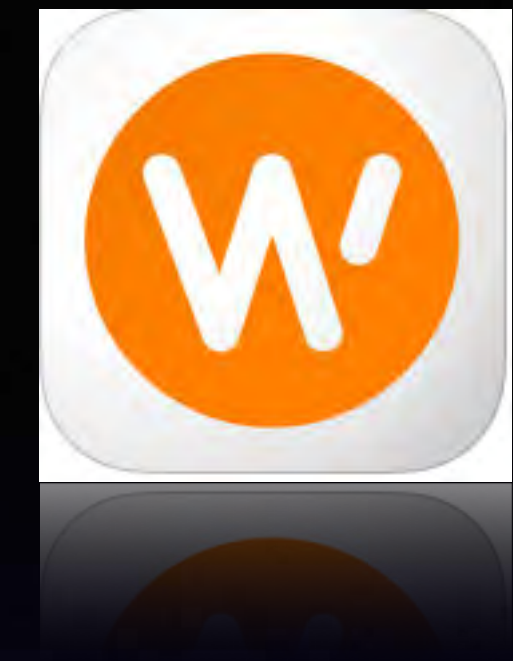

# Black's Law Dictionary By Thomson Reuters

Black's has long been recognized as the quintessential law dictionary. With this app for iPhone and iPad, you get mobile access to the ninth edition.

# Westlaw By Thomson Reuters

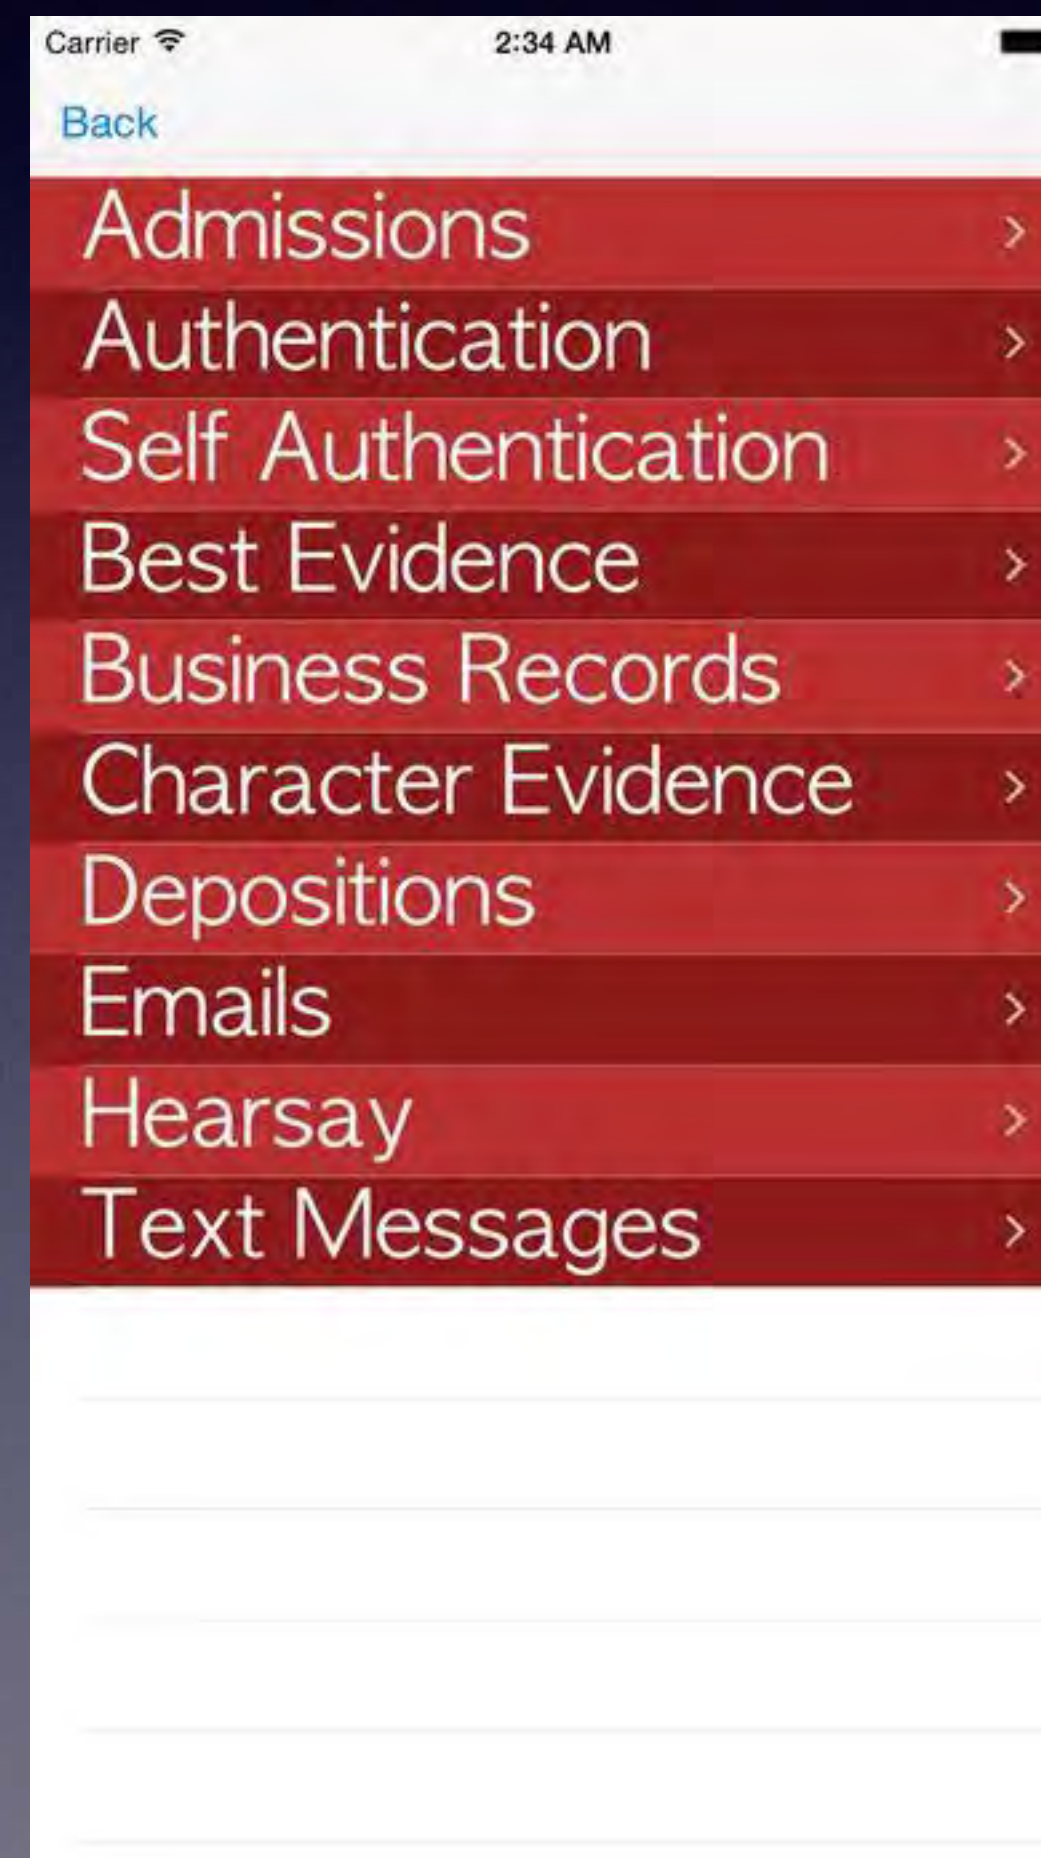

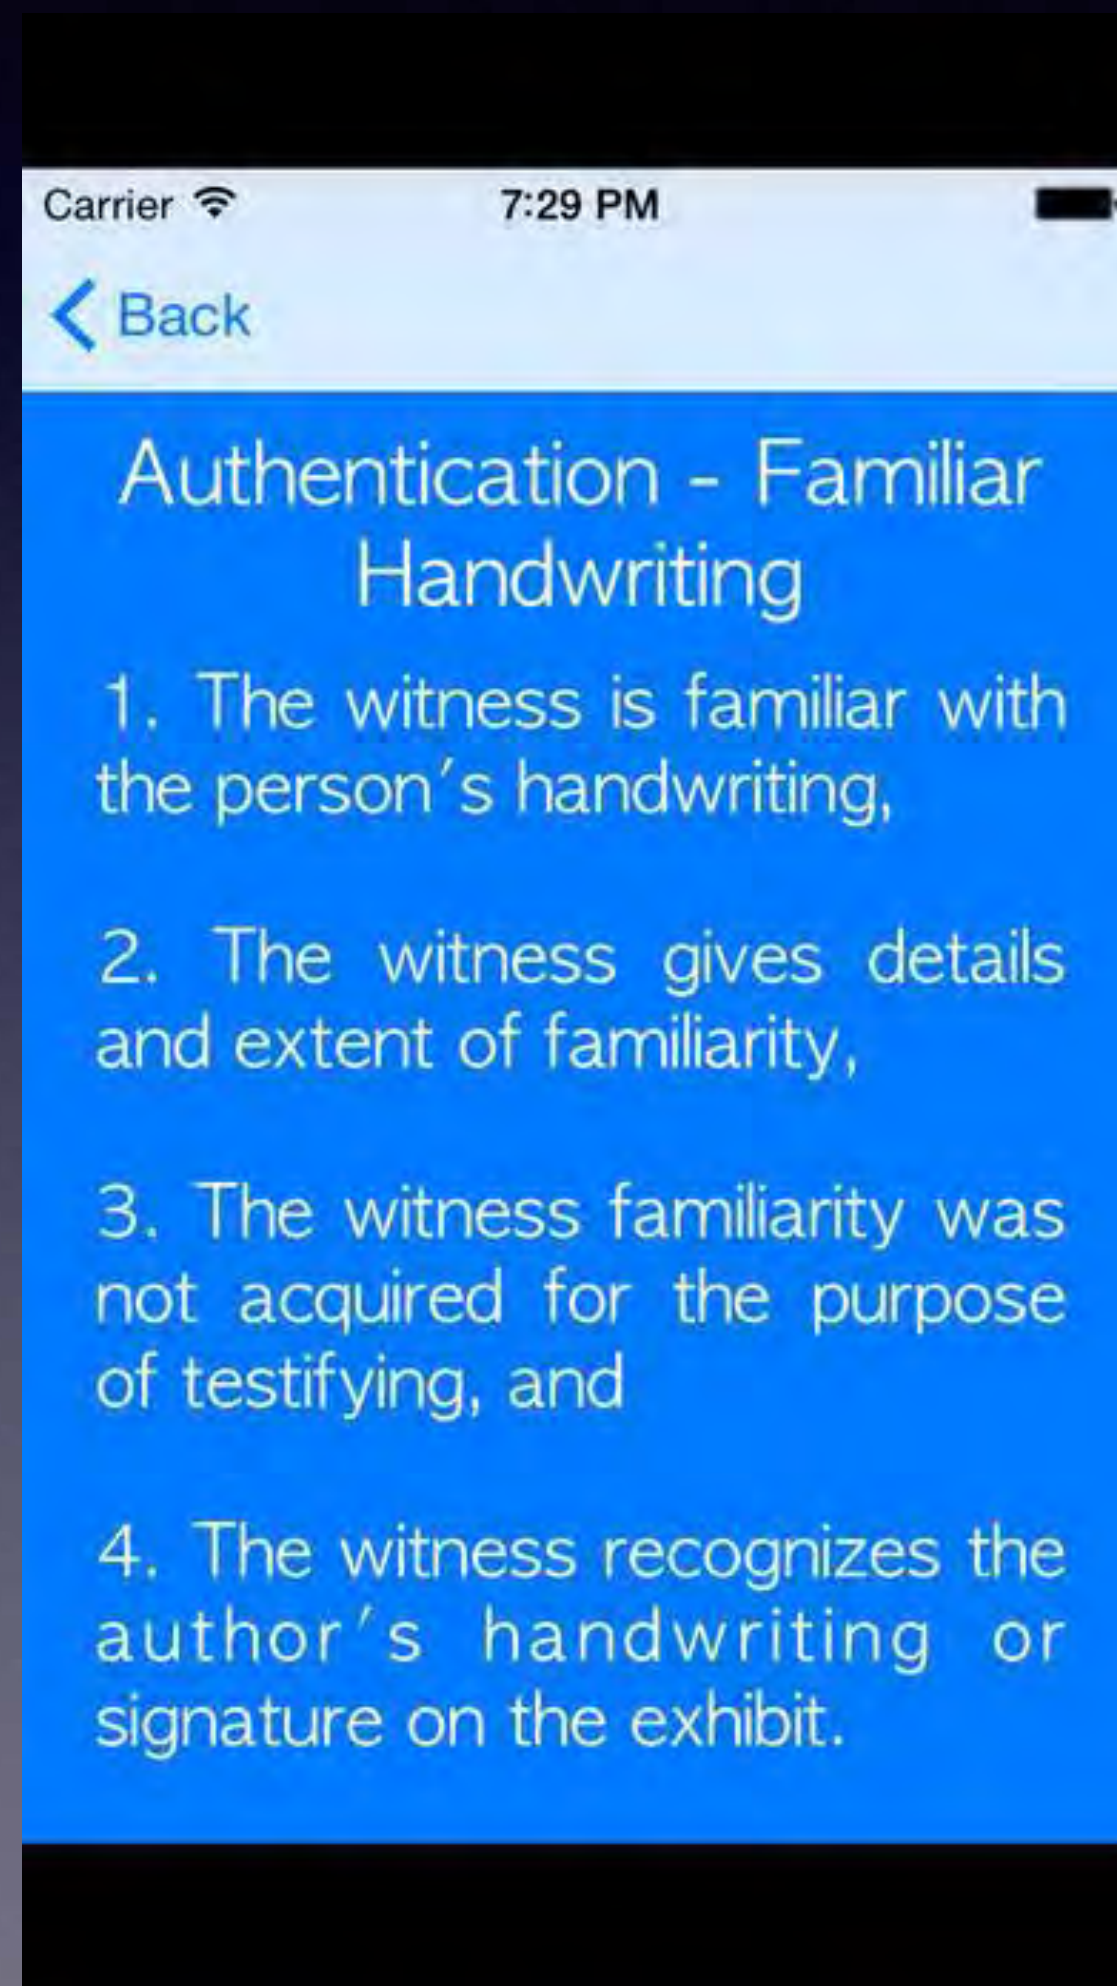

The app allow access to Westlaw features such as WestSearch, Keycite, Folders, History, Document Notes and Highlighting, search our database content, which have all been redesigned for the iPad and now for the iPhone too.

# Courtroom Evidence

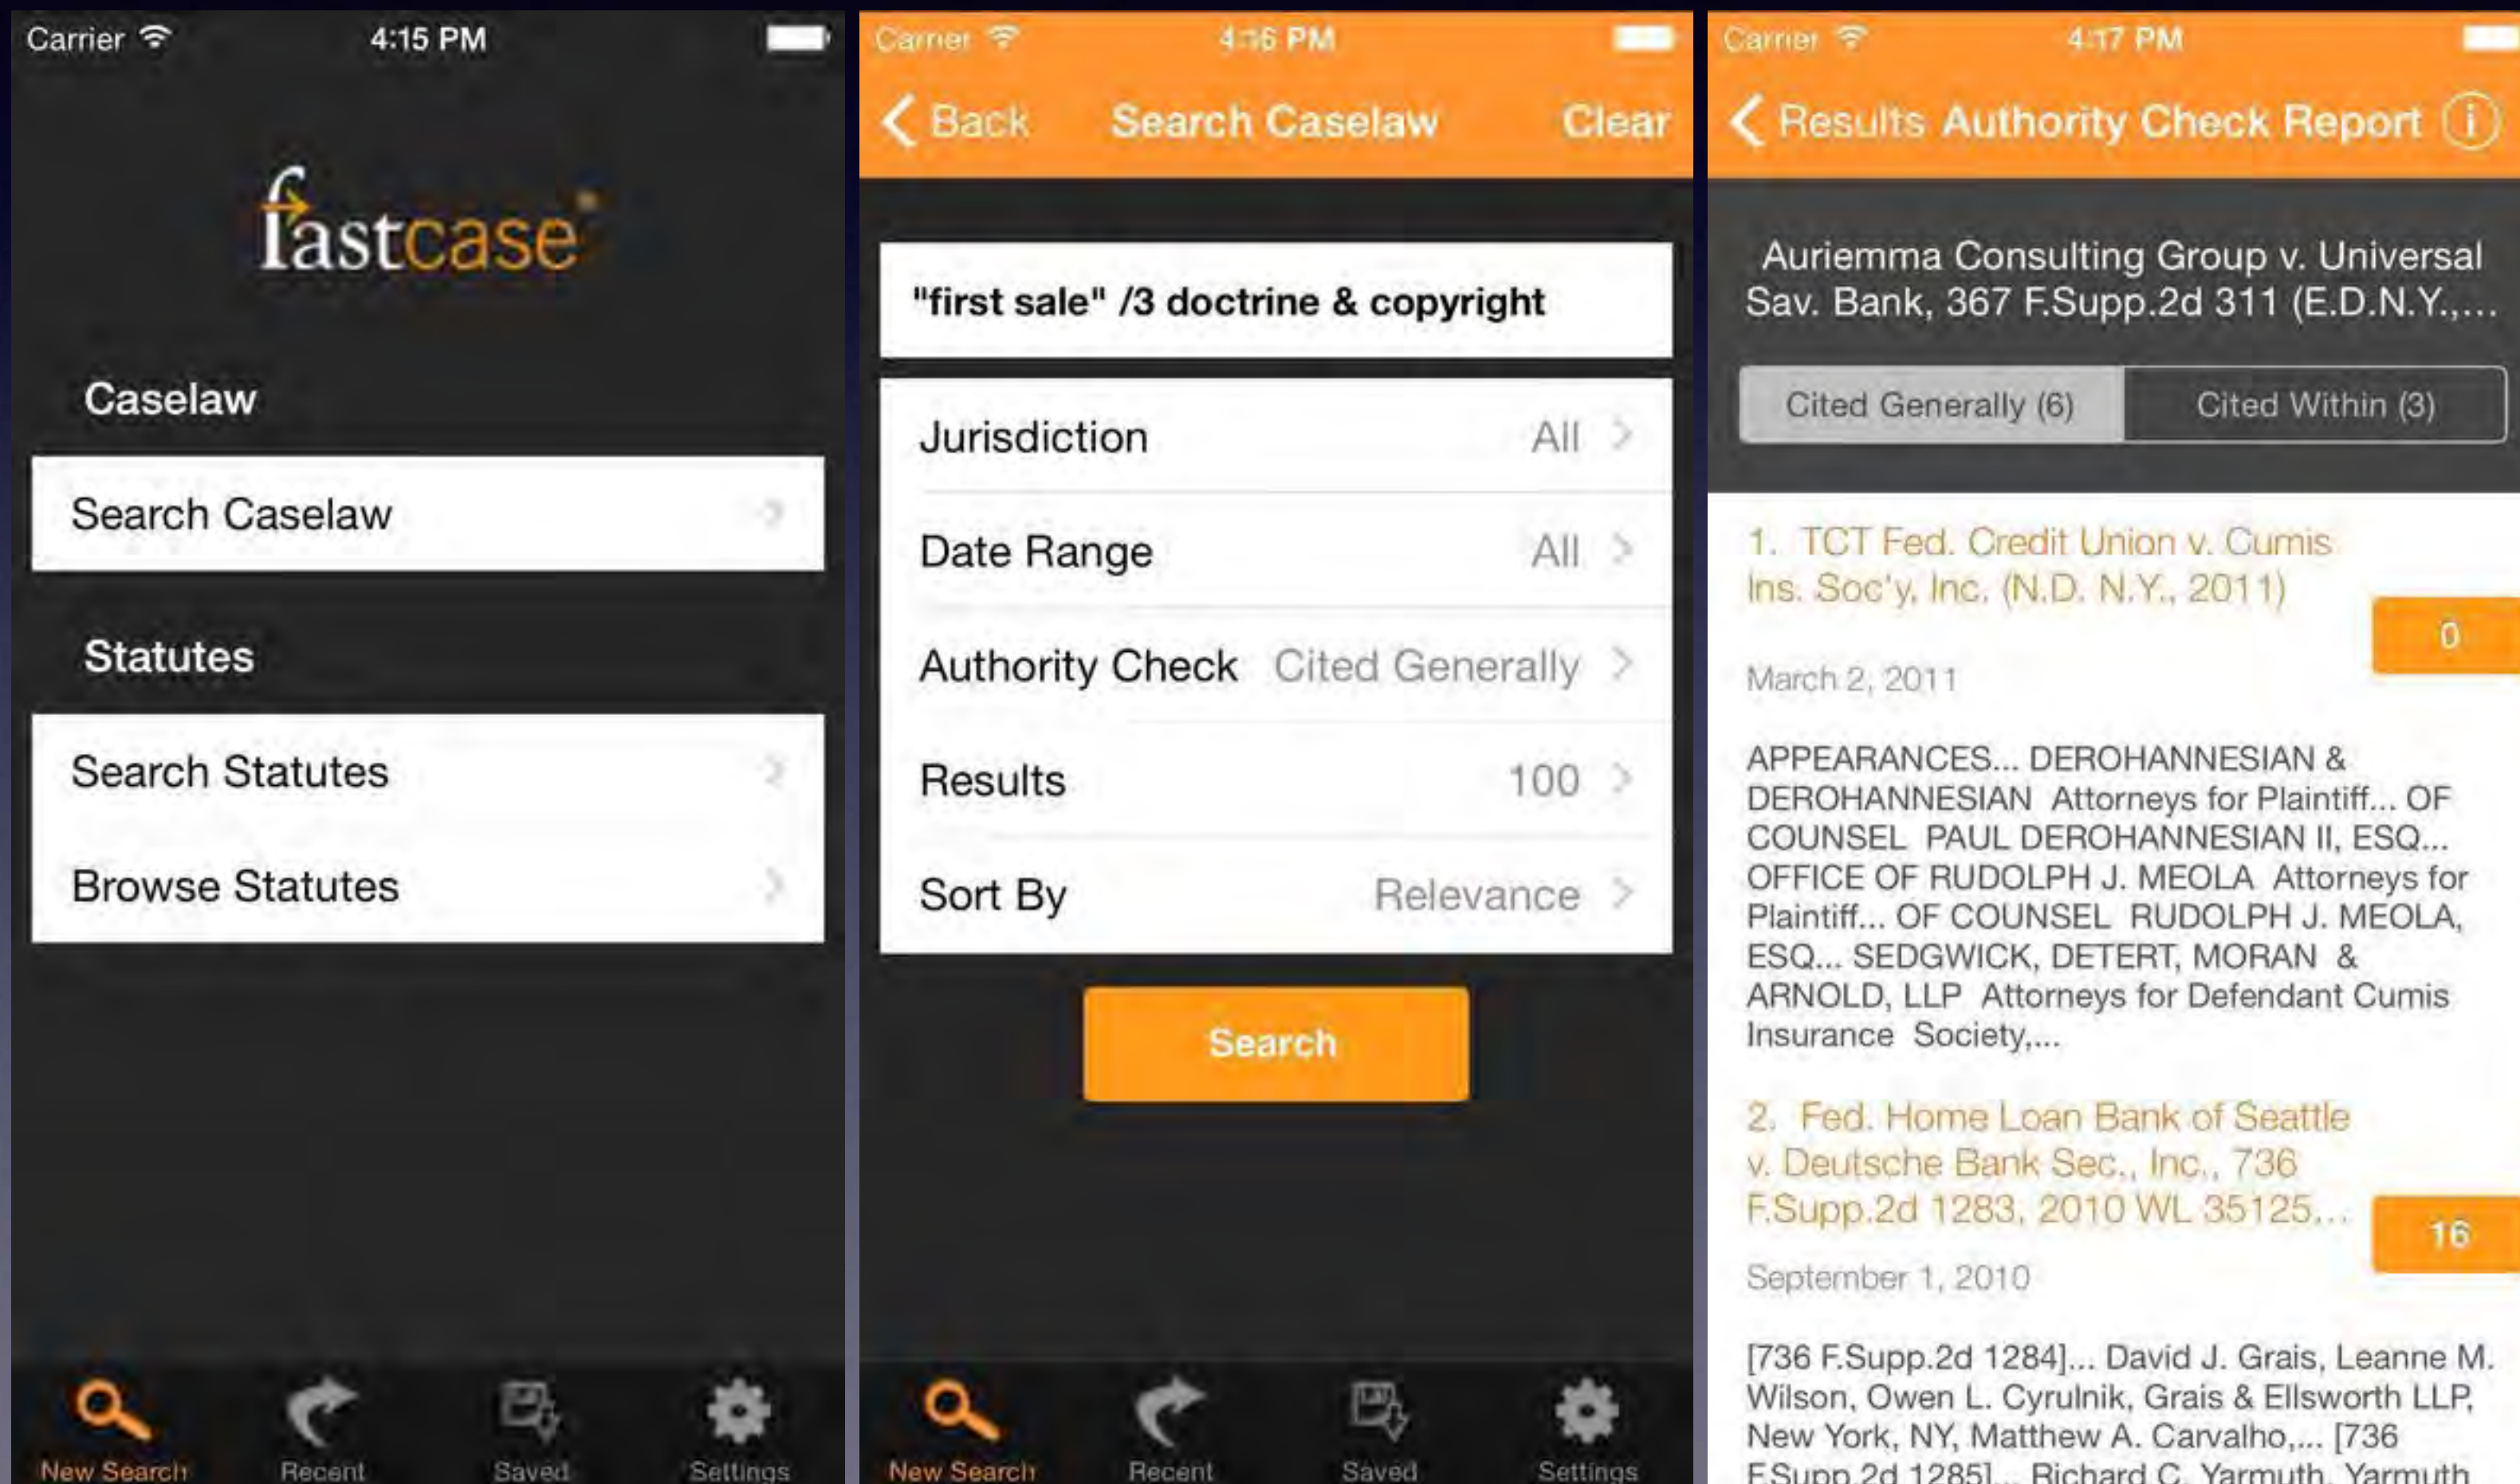

## By ACS4Law

This app serves as a mobile reference guide for courtroom evidentiary foundations. Use it to review predicates commonly used to get evidence admitted by laying the proper foundation.

# Fastcase By Fastcase

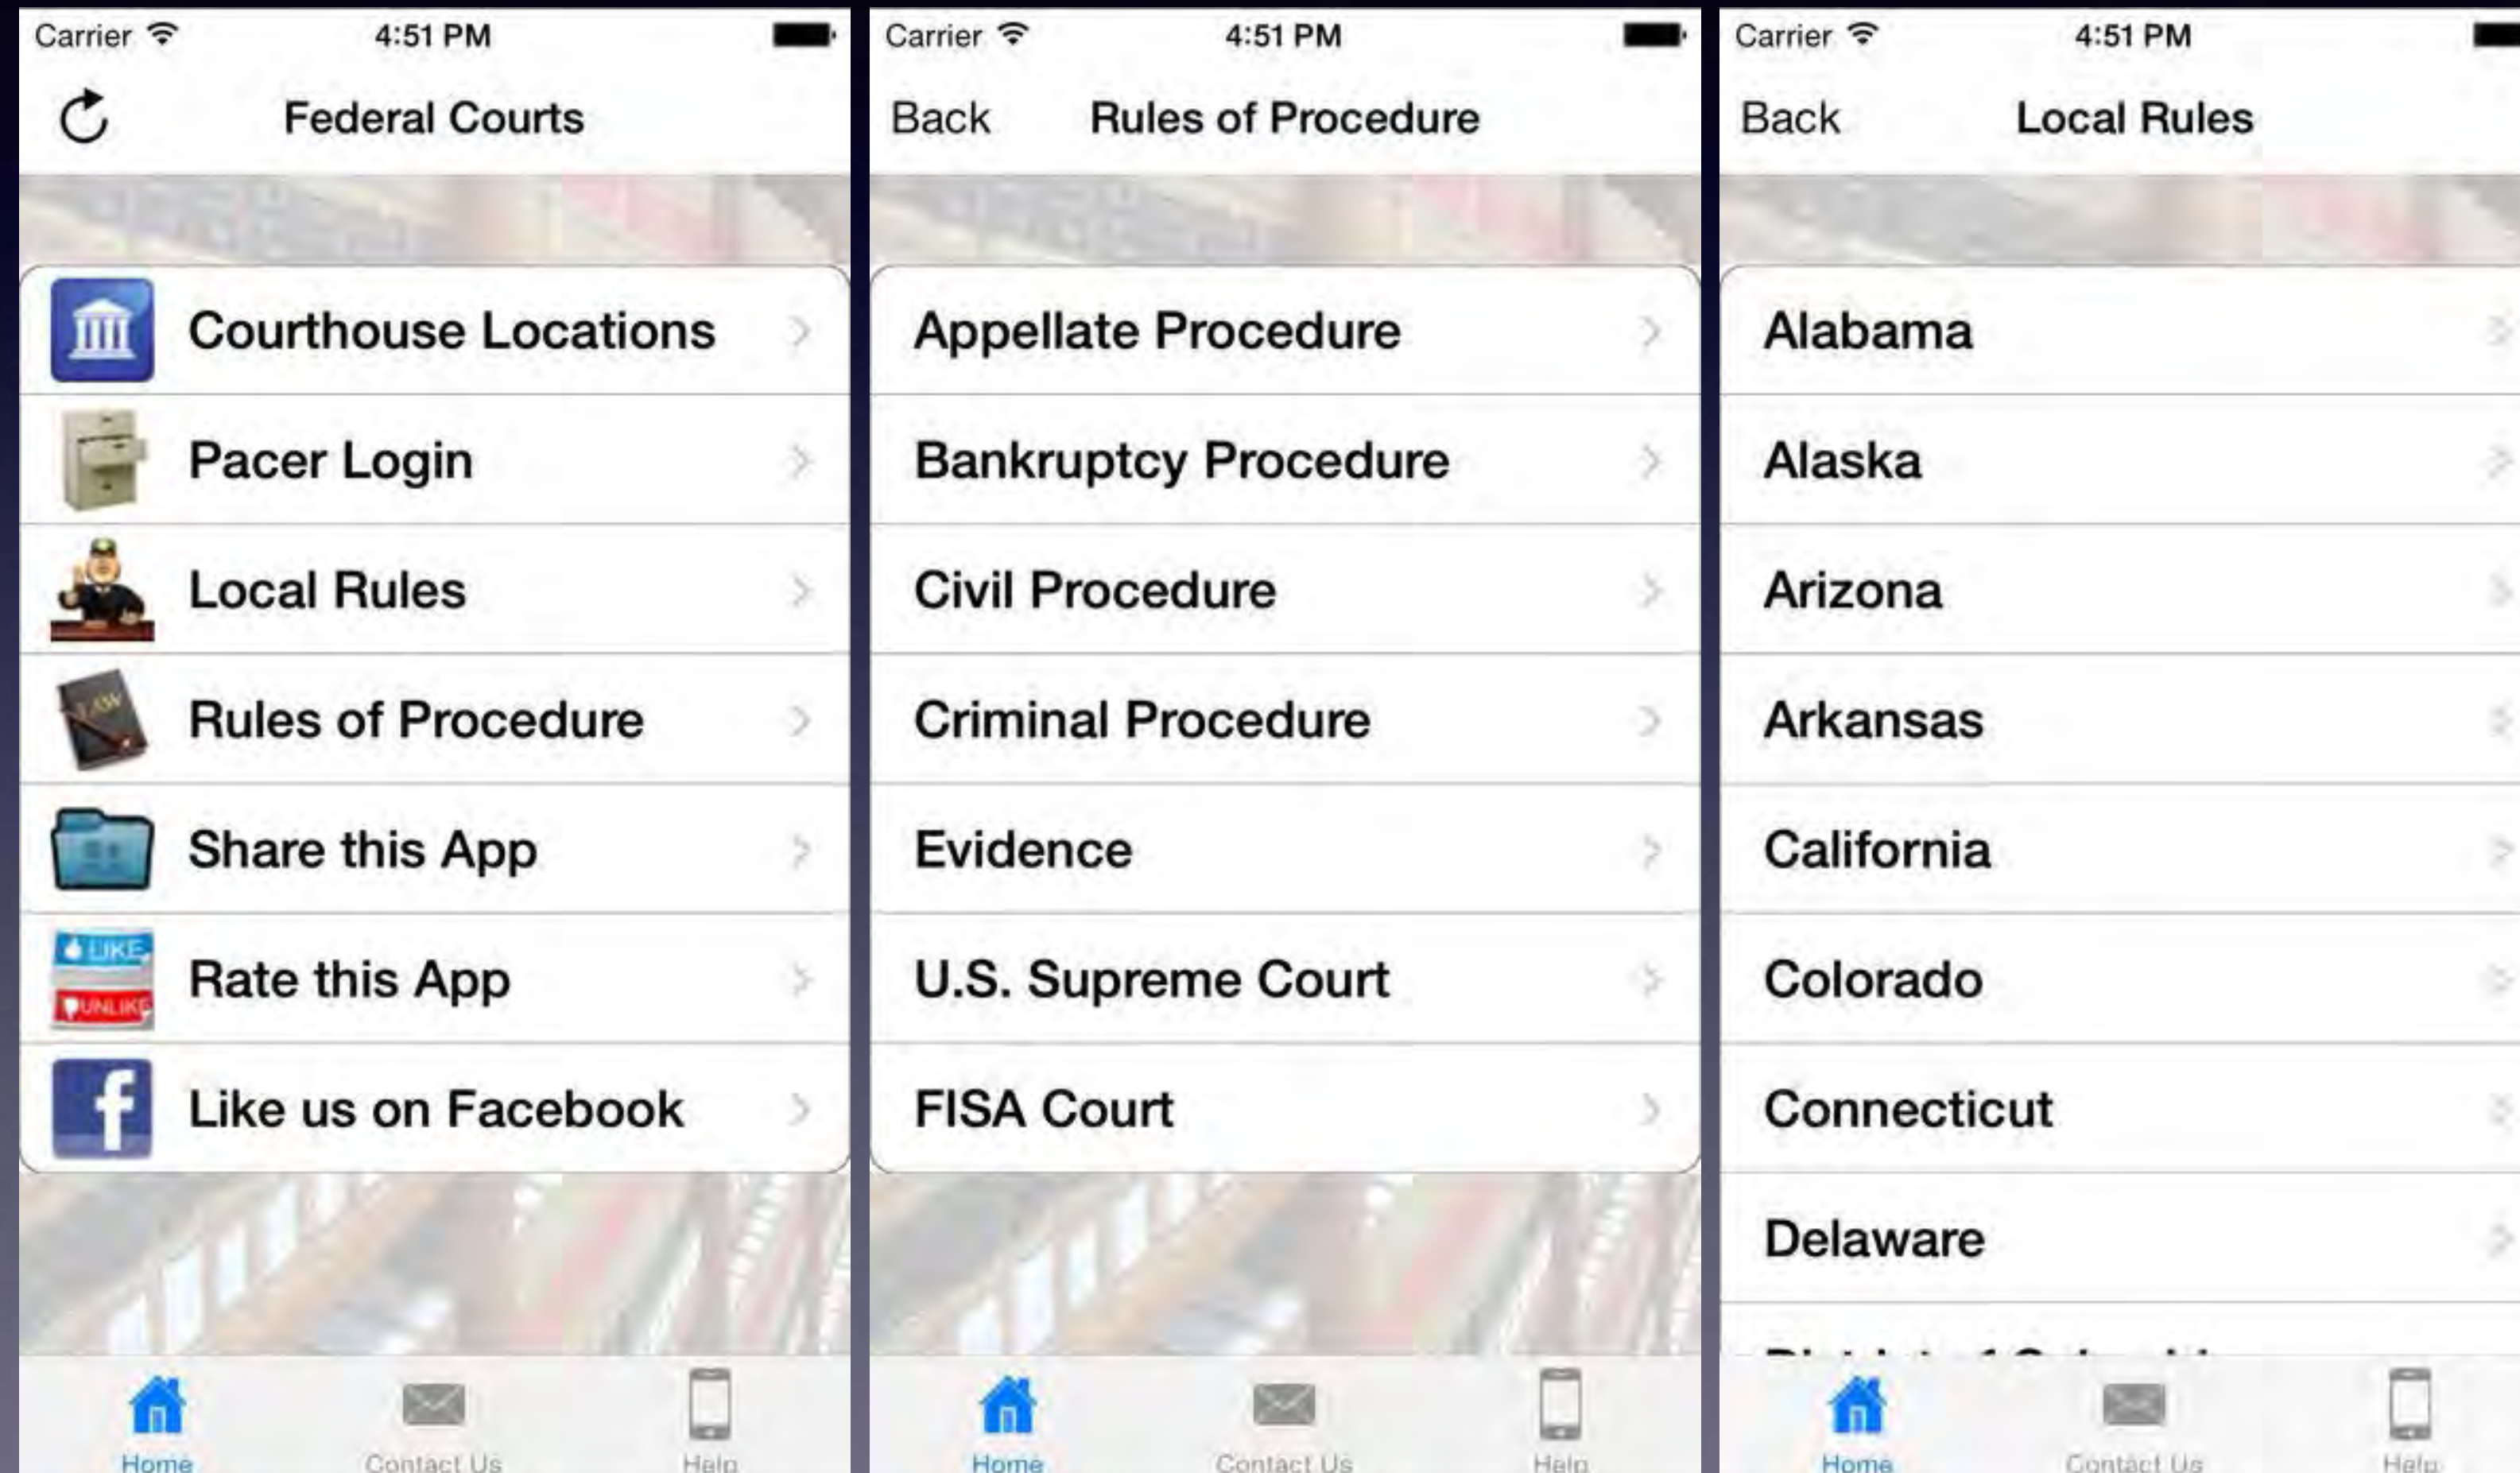

When you need to do some quick legal research on the road, there is no more convenient app than this. Research federal and state case law and statutes, directly on your iPad (or iPhone) and all for free.

# Fed Courts

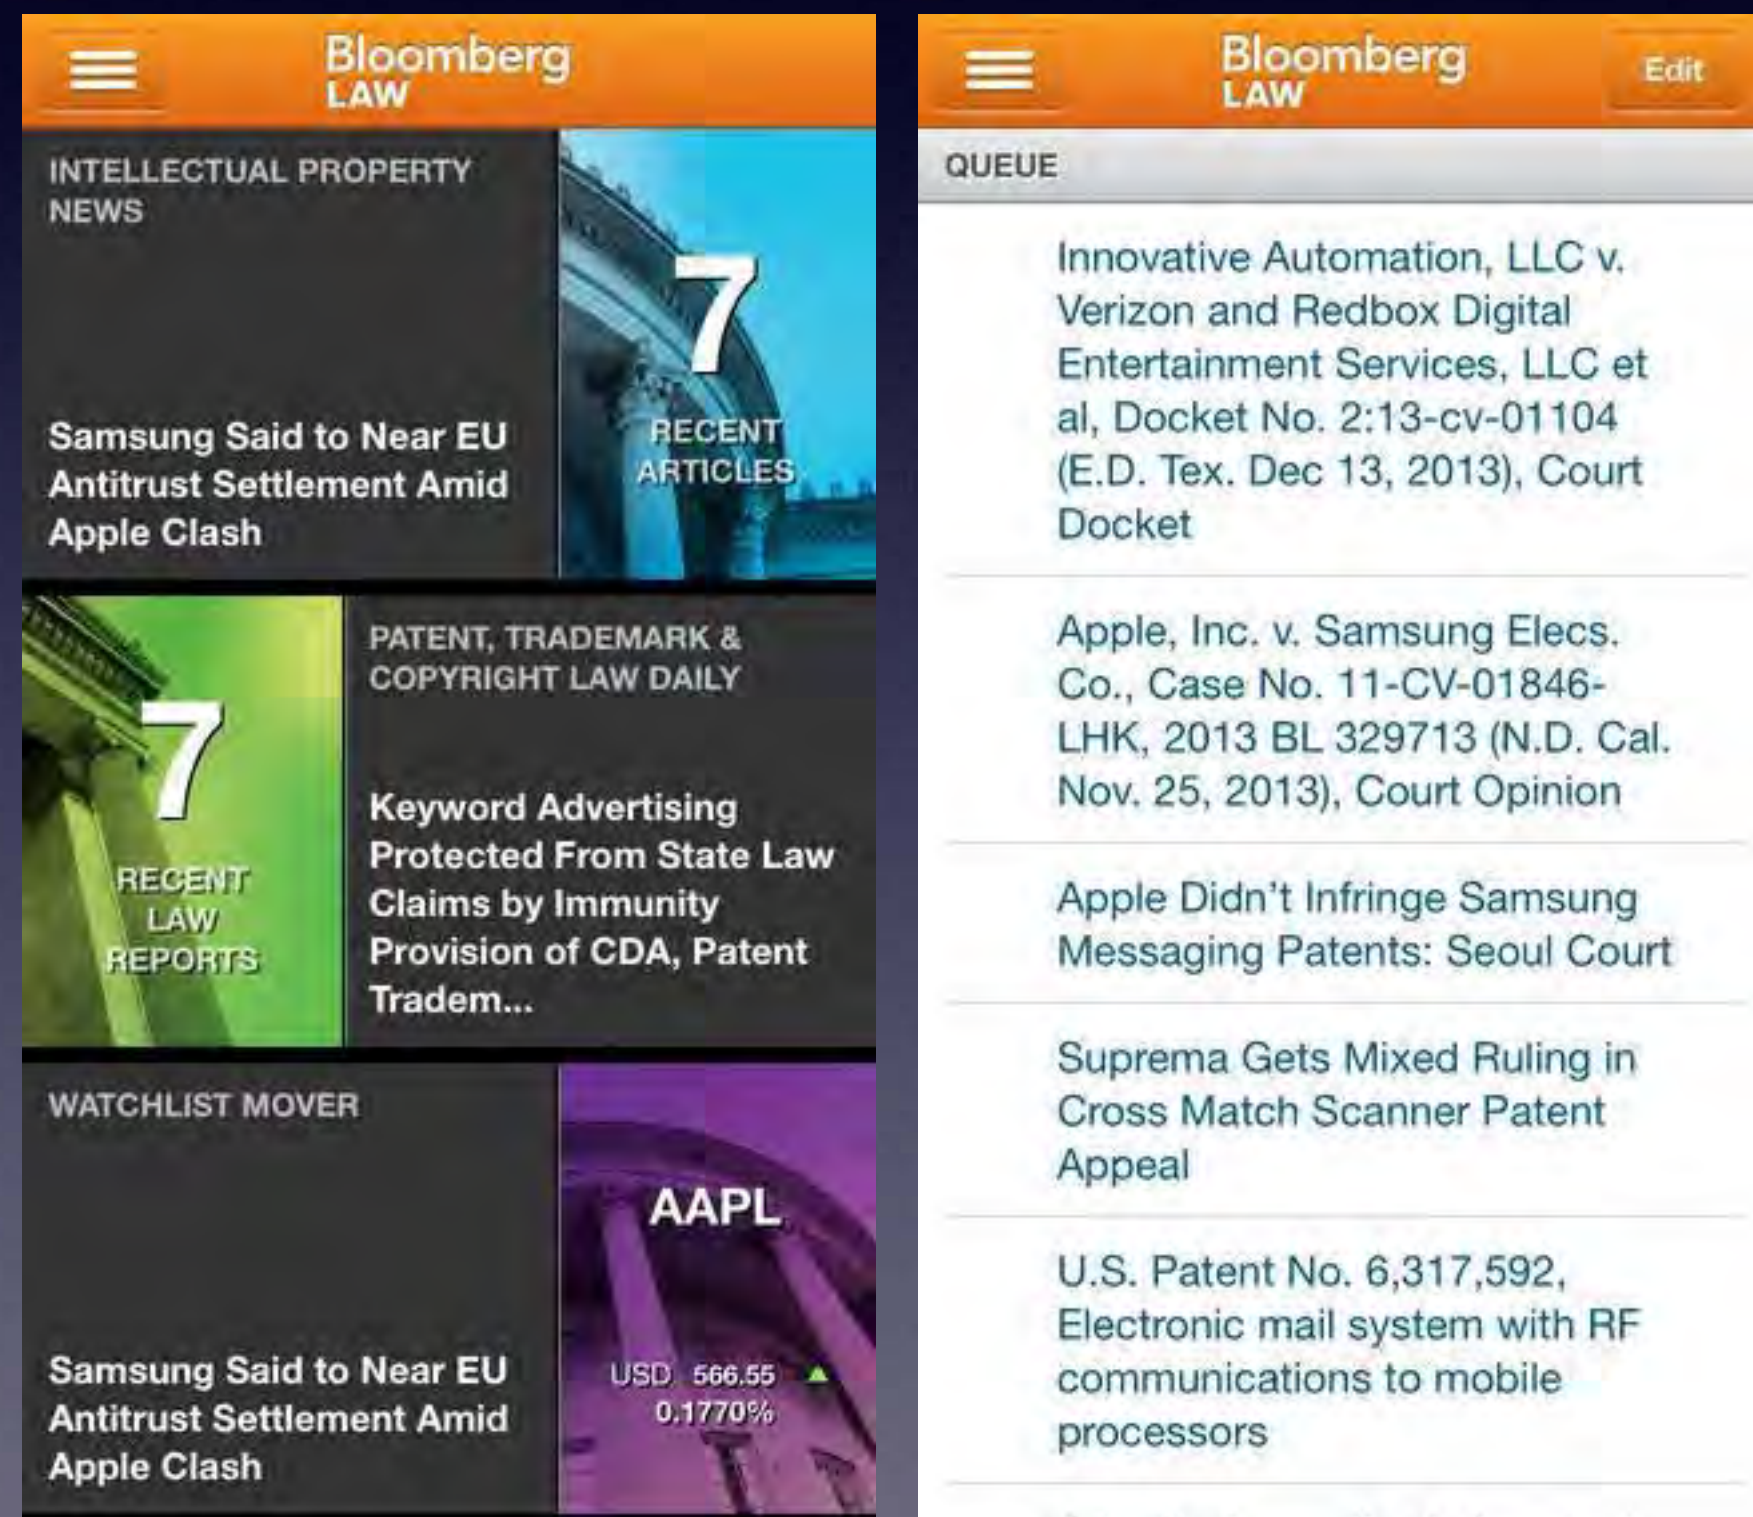

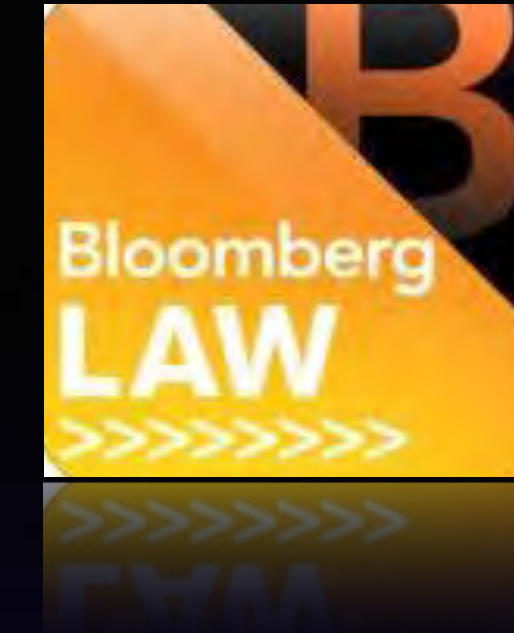

## By KosInteractive LLC

This app contains the full text of all of the federal rules of procedure and the local rules for every federal court in the country - including district, bankruptcy, and appellate courts.

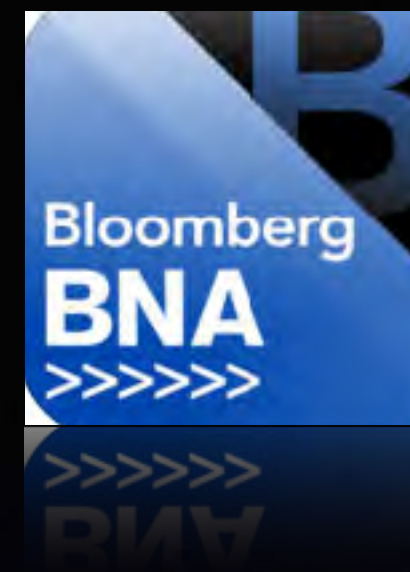

# Bloomberg Law By Bloomberg BNA

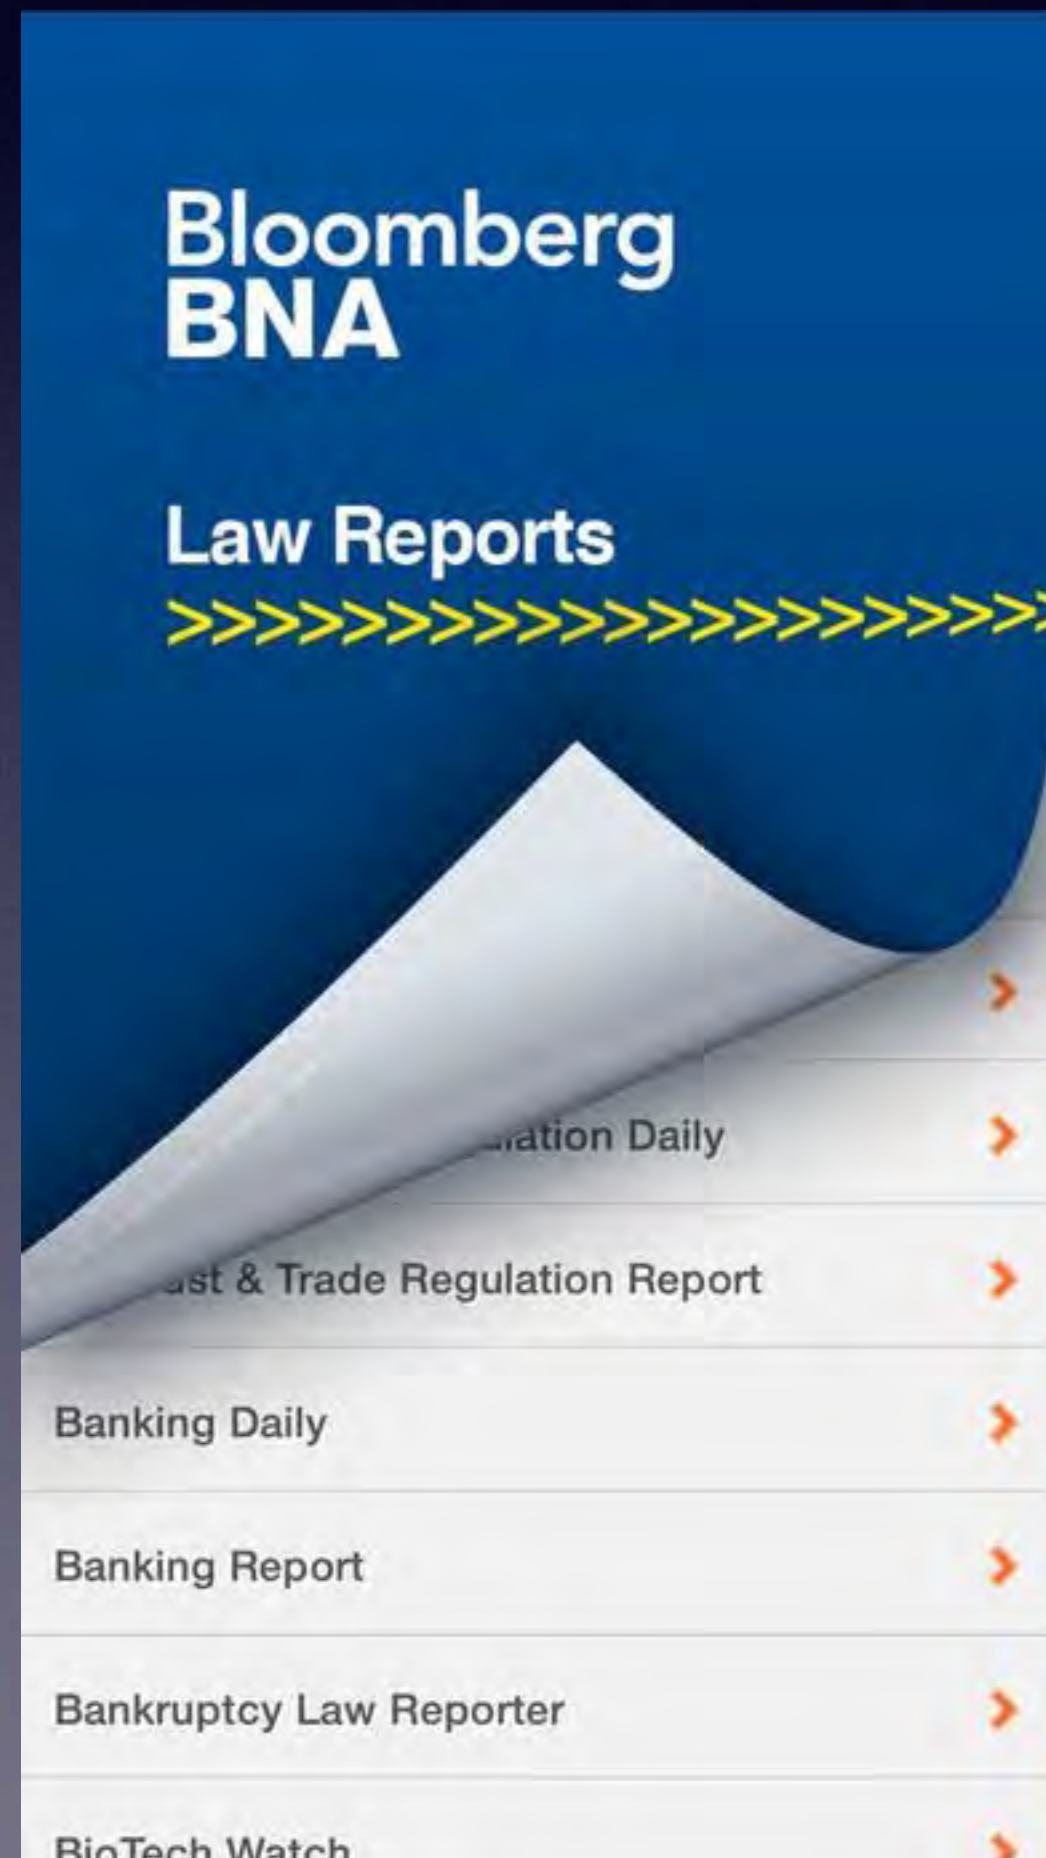

For subscribers to Bloomberg Law, this app lets them view news and analysis targeted to their interests, receive the latest Bloomberg Law alerts for legal and news searches, access legal documents and news articles saved in their Queue, and track dockets, opinions or bills.

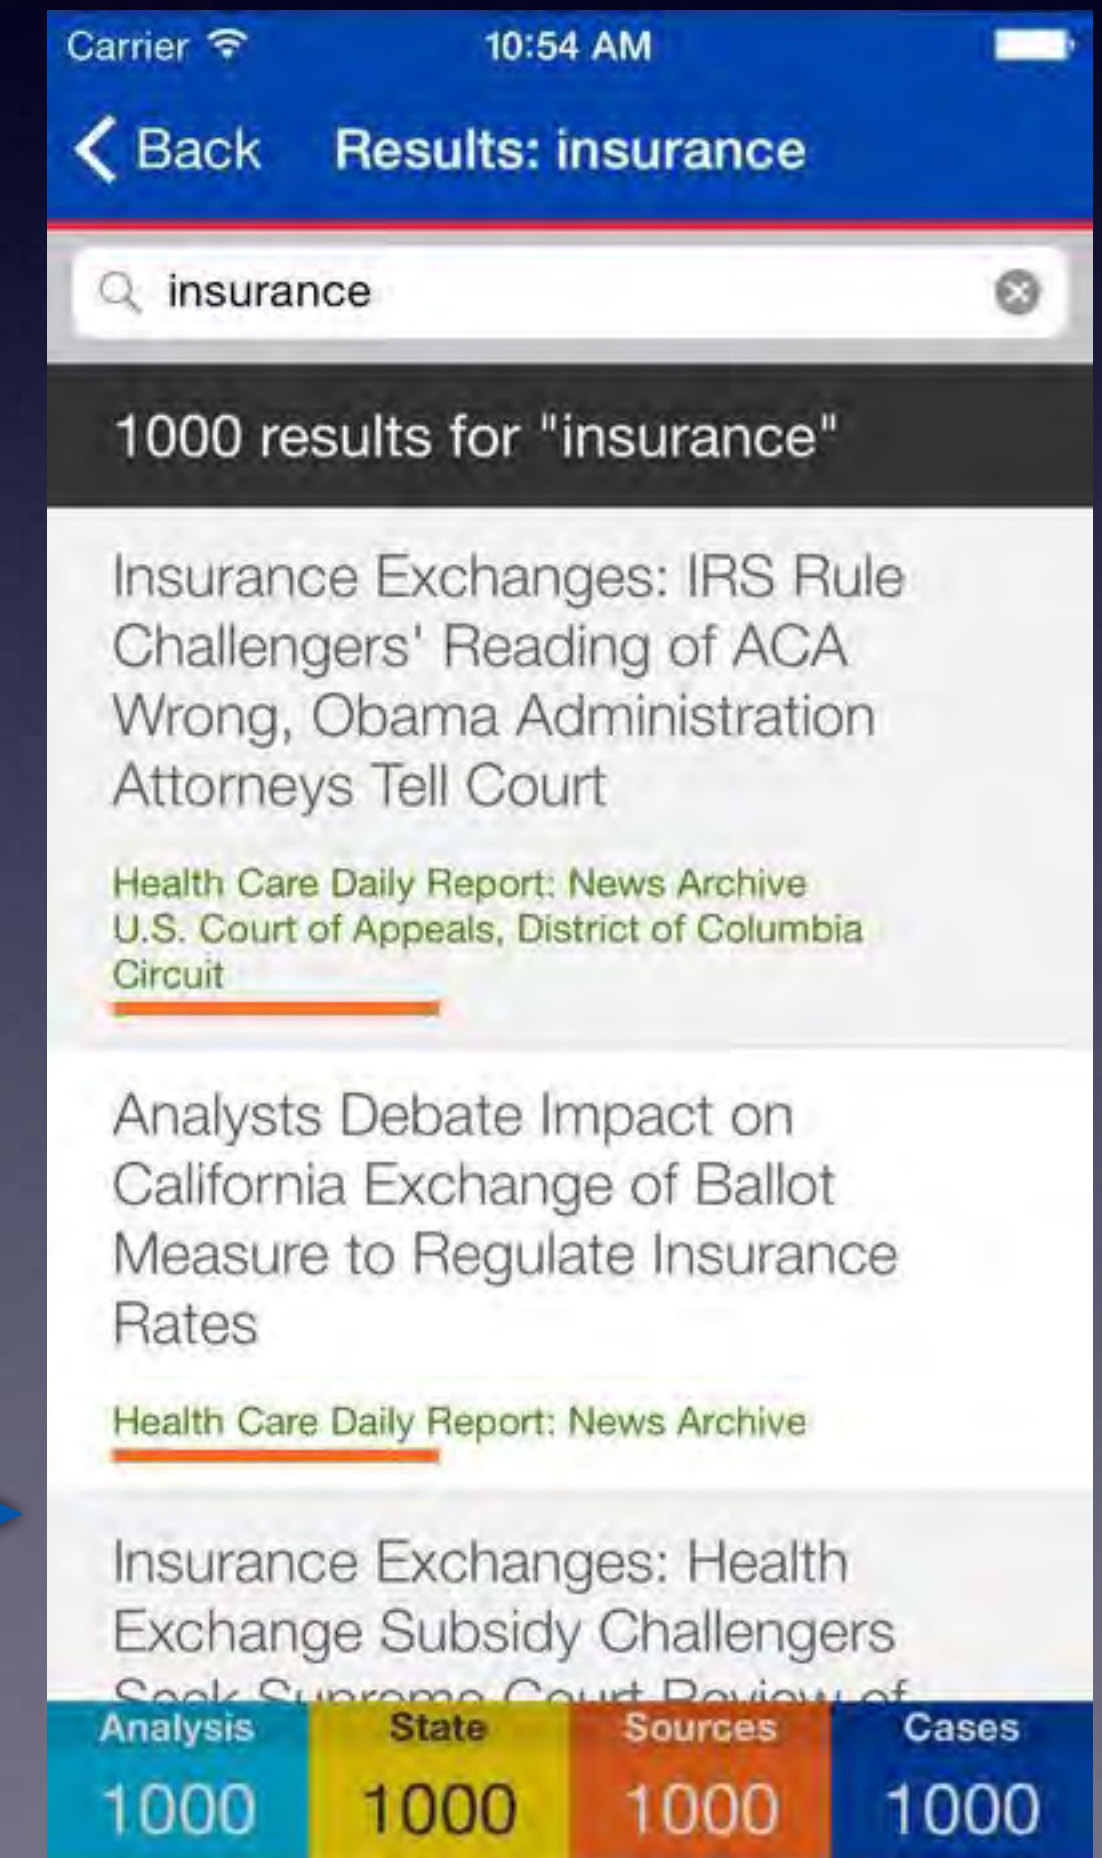

## Law Reports By Bloomberg BNA

Bloomberg BNA Law Reports deliver original, authoritative and timely reporting & analysis that include key legal, legislative, regulatory or business developments.

all your Bloomberg BNA Resource Centers from the convenience of your iPhone or iPad

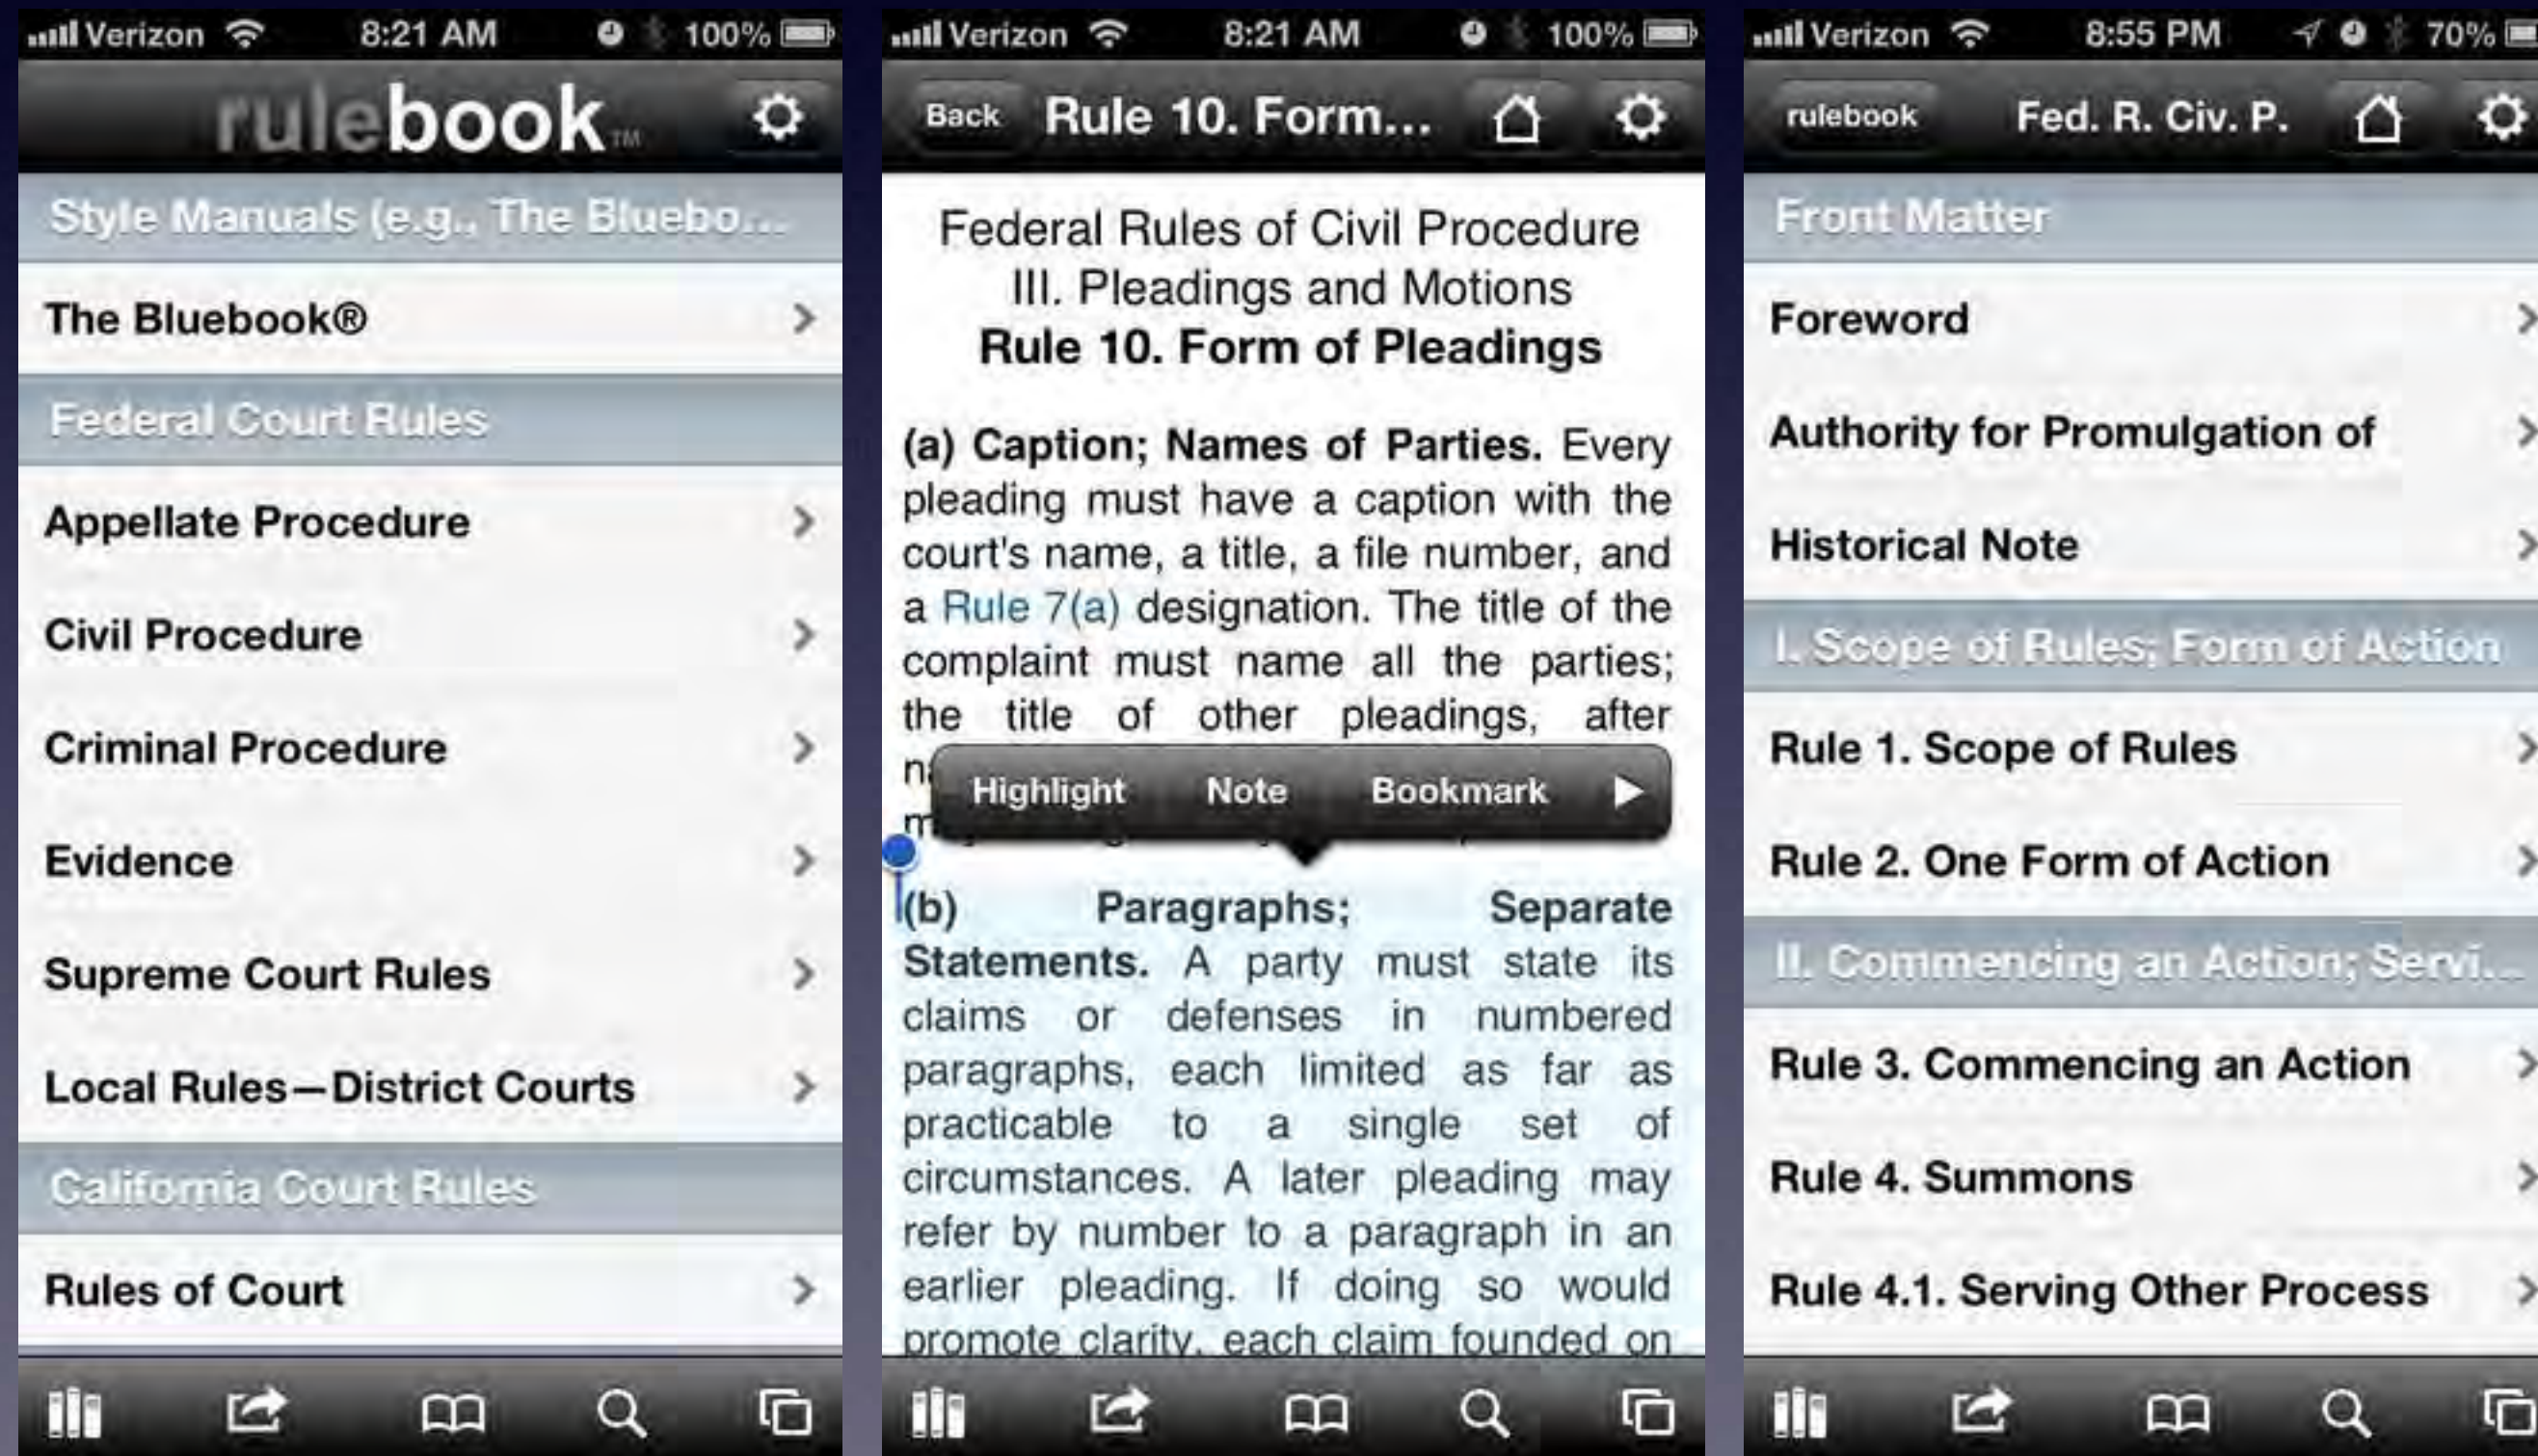

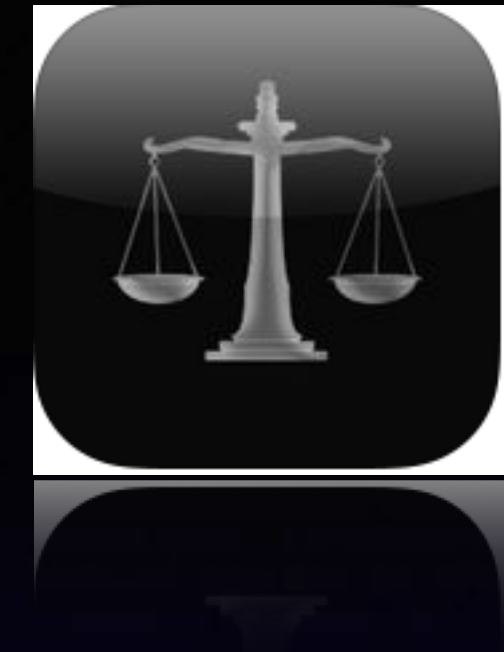

## On the Go By Bloomberg BNA

# Rulebook™

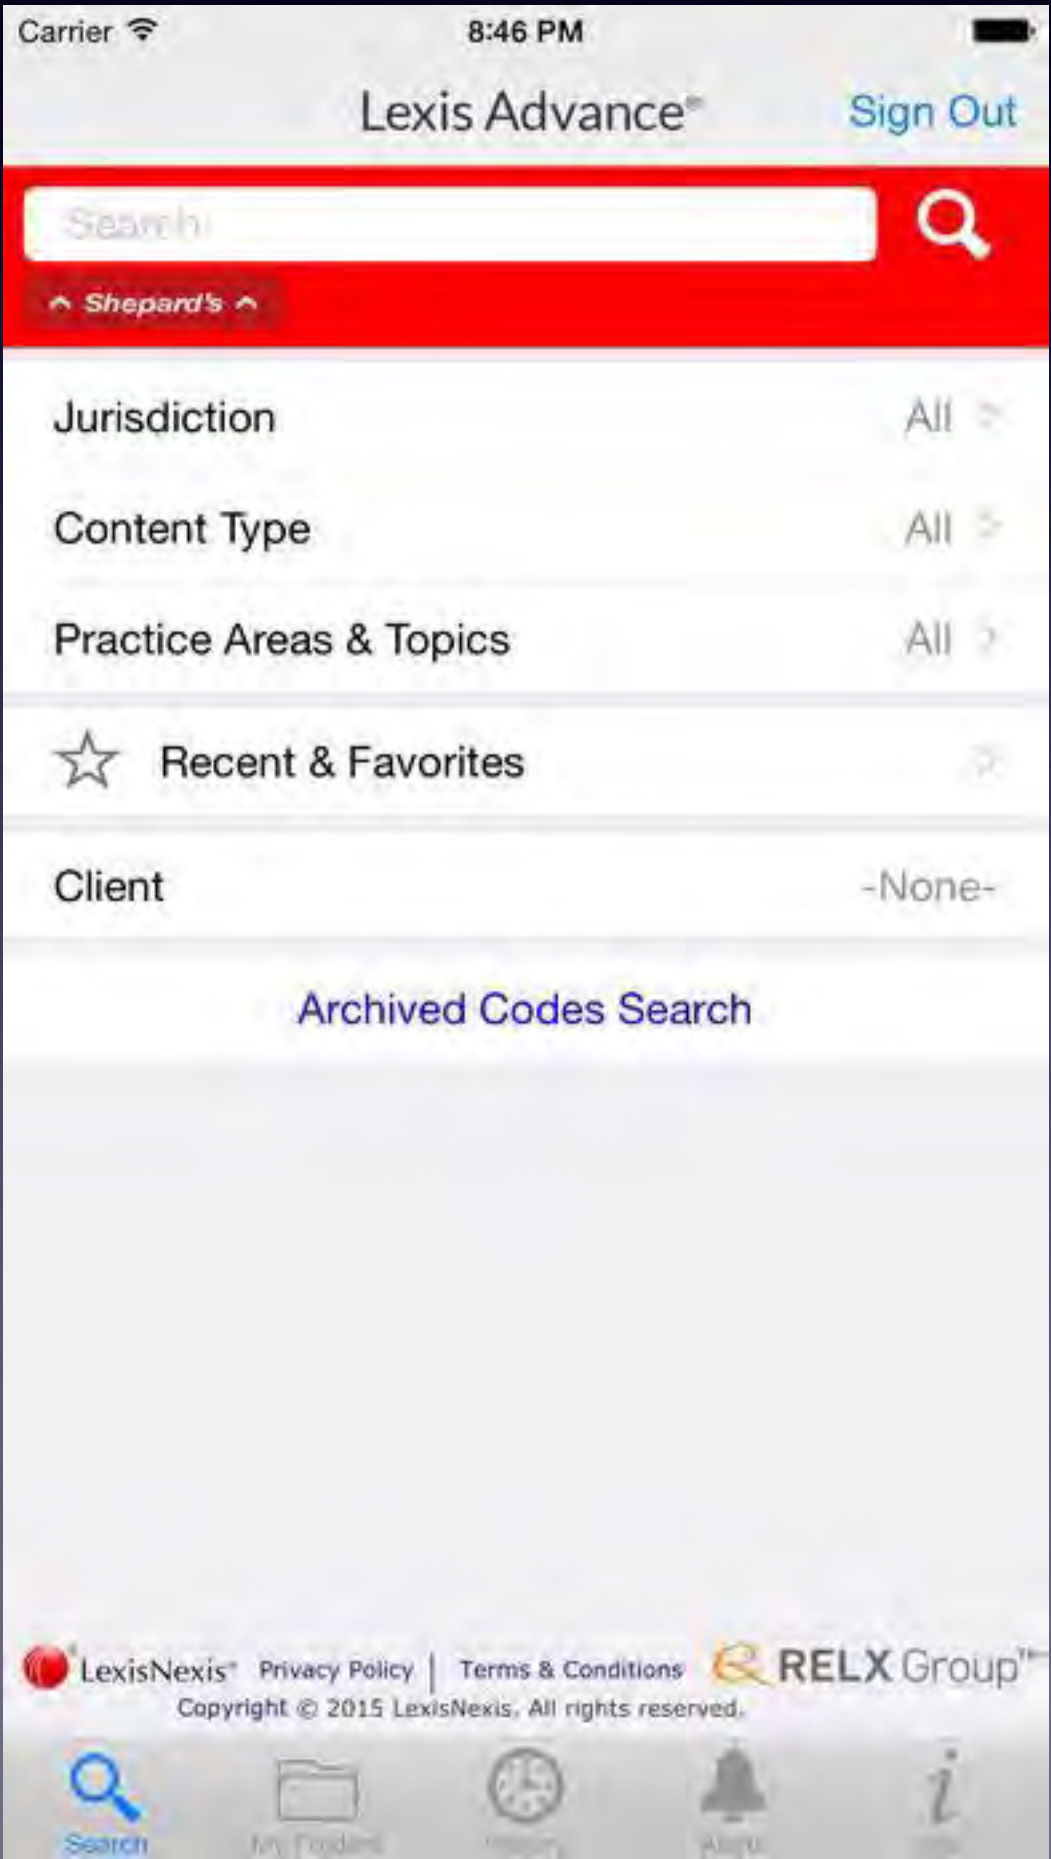

## By Ready Reference Apps, LLC

This app gives you mobile access to federal and state court rules and to The Bluebook for legal citation. Although the app is free, the various rule sets must be purchased separately from within the app. Most are just \$2 or \$3, but The Bluebook costs \$39.99.

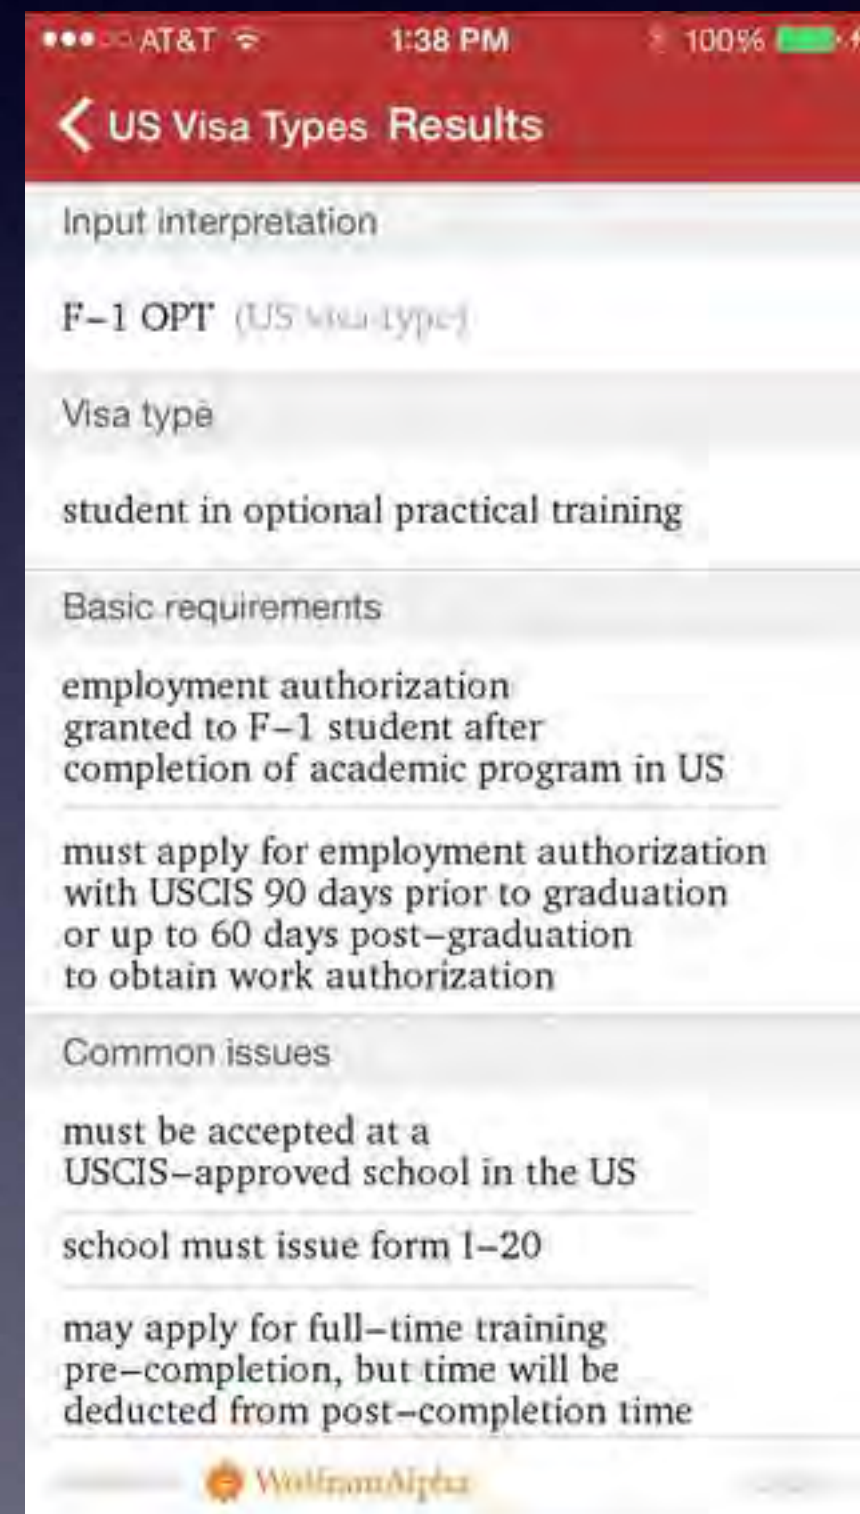

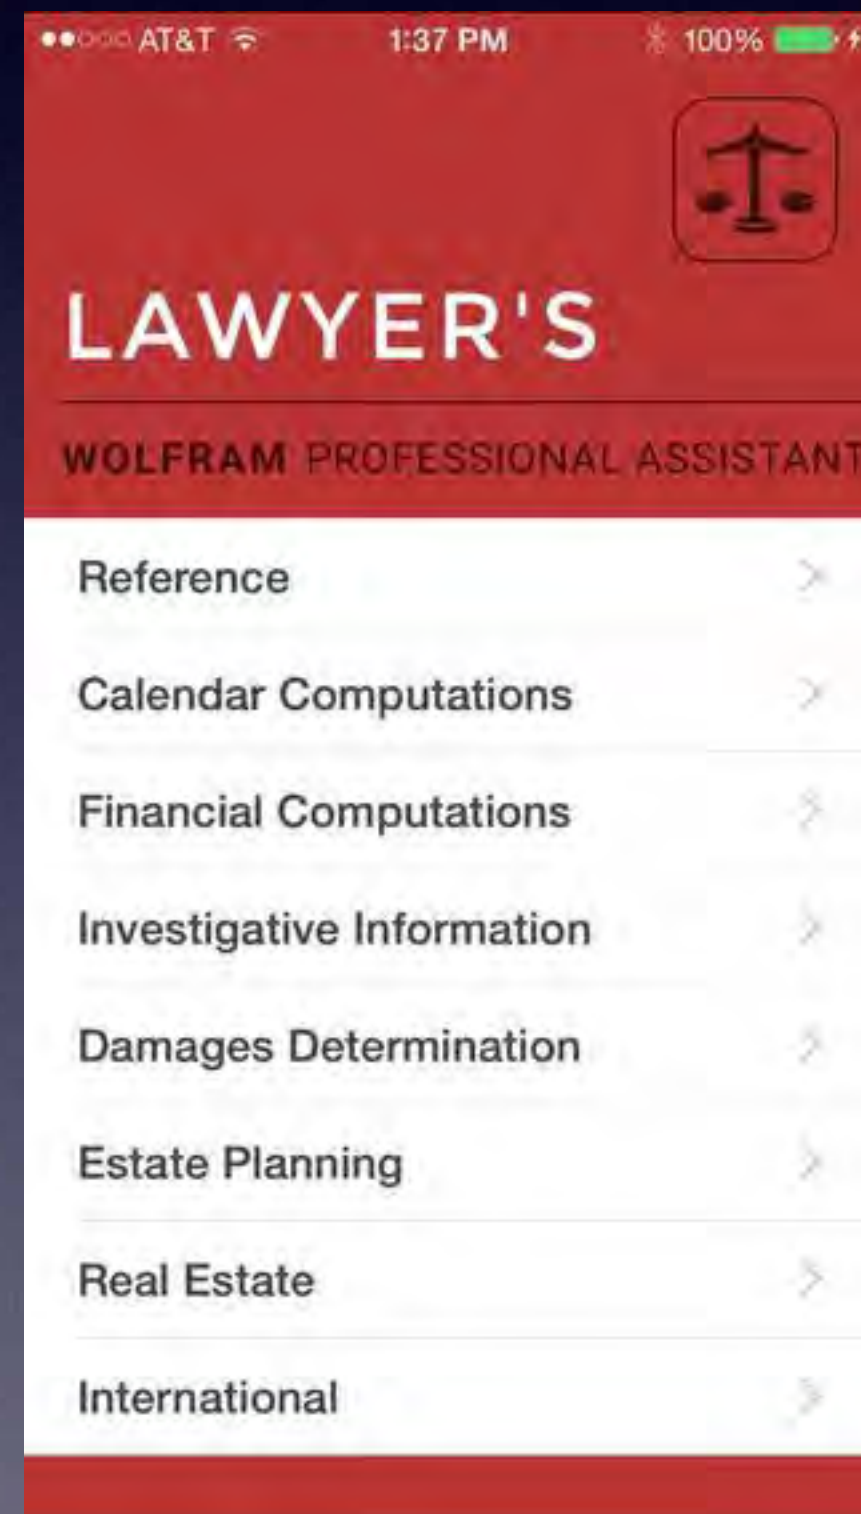

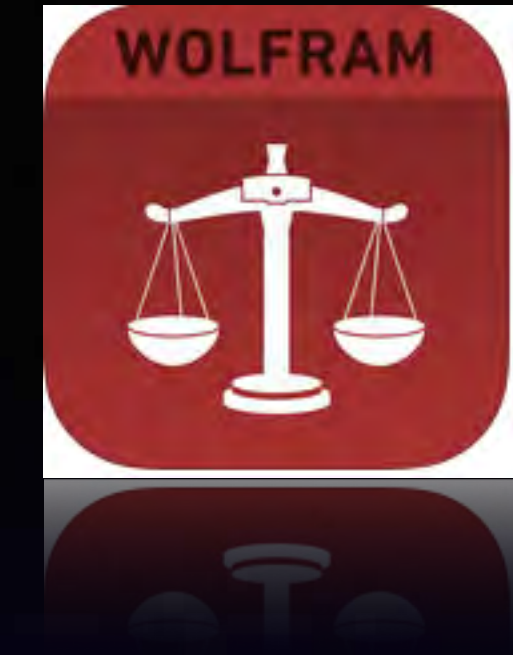

# Lexis Advance® By LexisNexis

This is the companion app to the Lexis Advance legal research service. To use it, a Lexis Advance subscription is required.

# Wolfram Lawyer's Professional Assistant By Wolfram Group LLC

App containing a range of reference information and data for lawyers. It includes a dictionary of legal terms, statutes of limitations for every U.S. state, calendar computations, financial computations, crime rates, population and economic demographics, investigative information, and more.

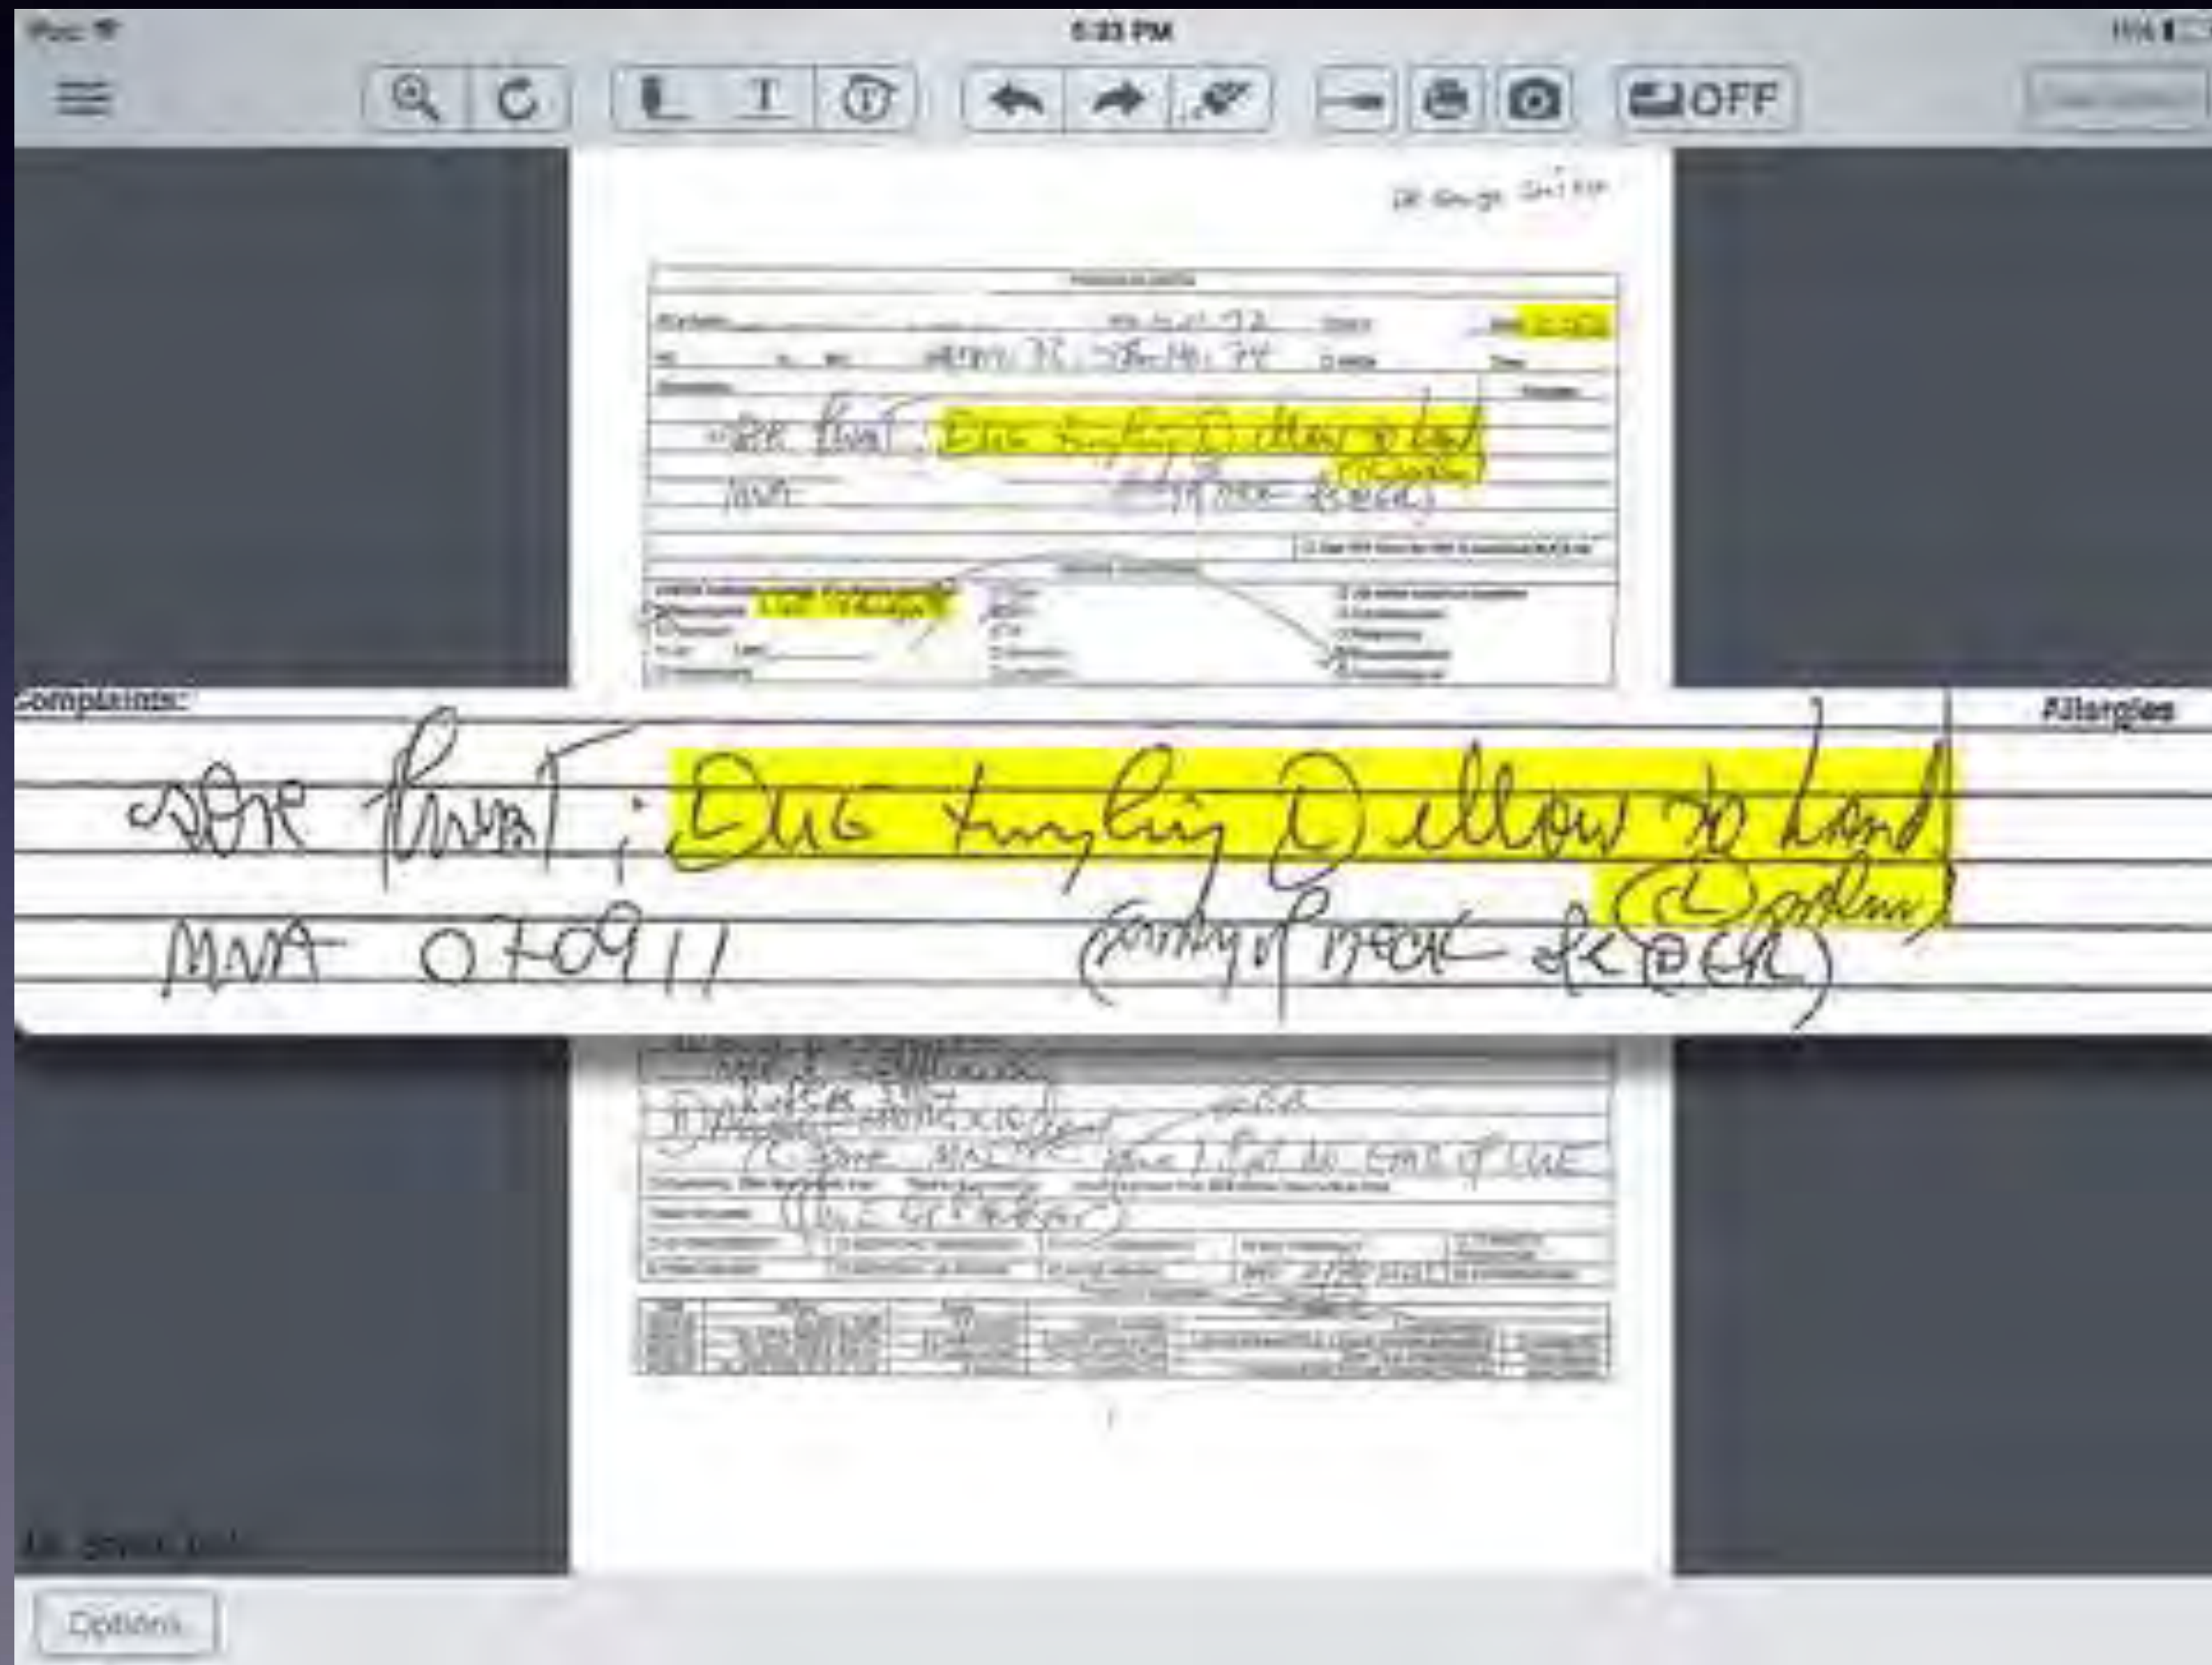

# Trial Presentation Apps

# ExhibitView™ 5

By ExhibitView Solutions, LLC

This app lets you organize and annotate exhibits and then present them wirelessly. Presentation tools include call-out features, highlight, freehand pen tool, a laser pointer tool and complete control of your output to a TV or projection device.

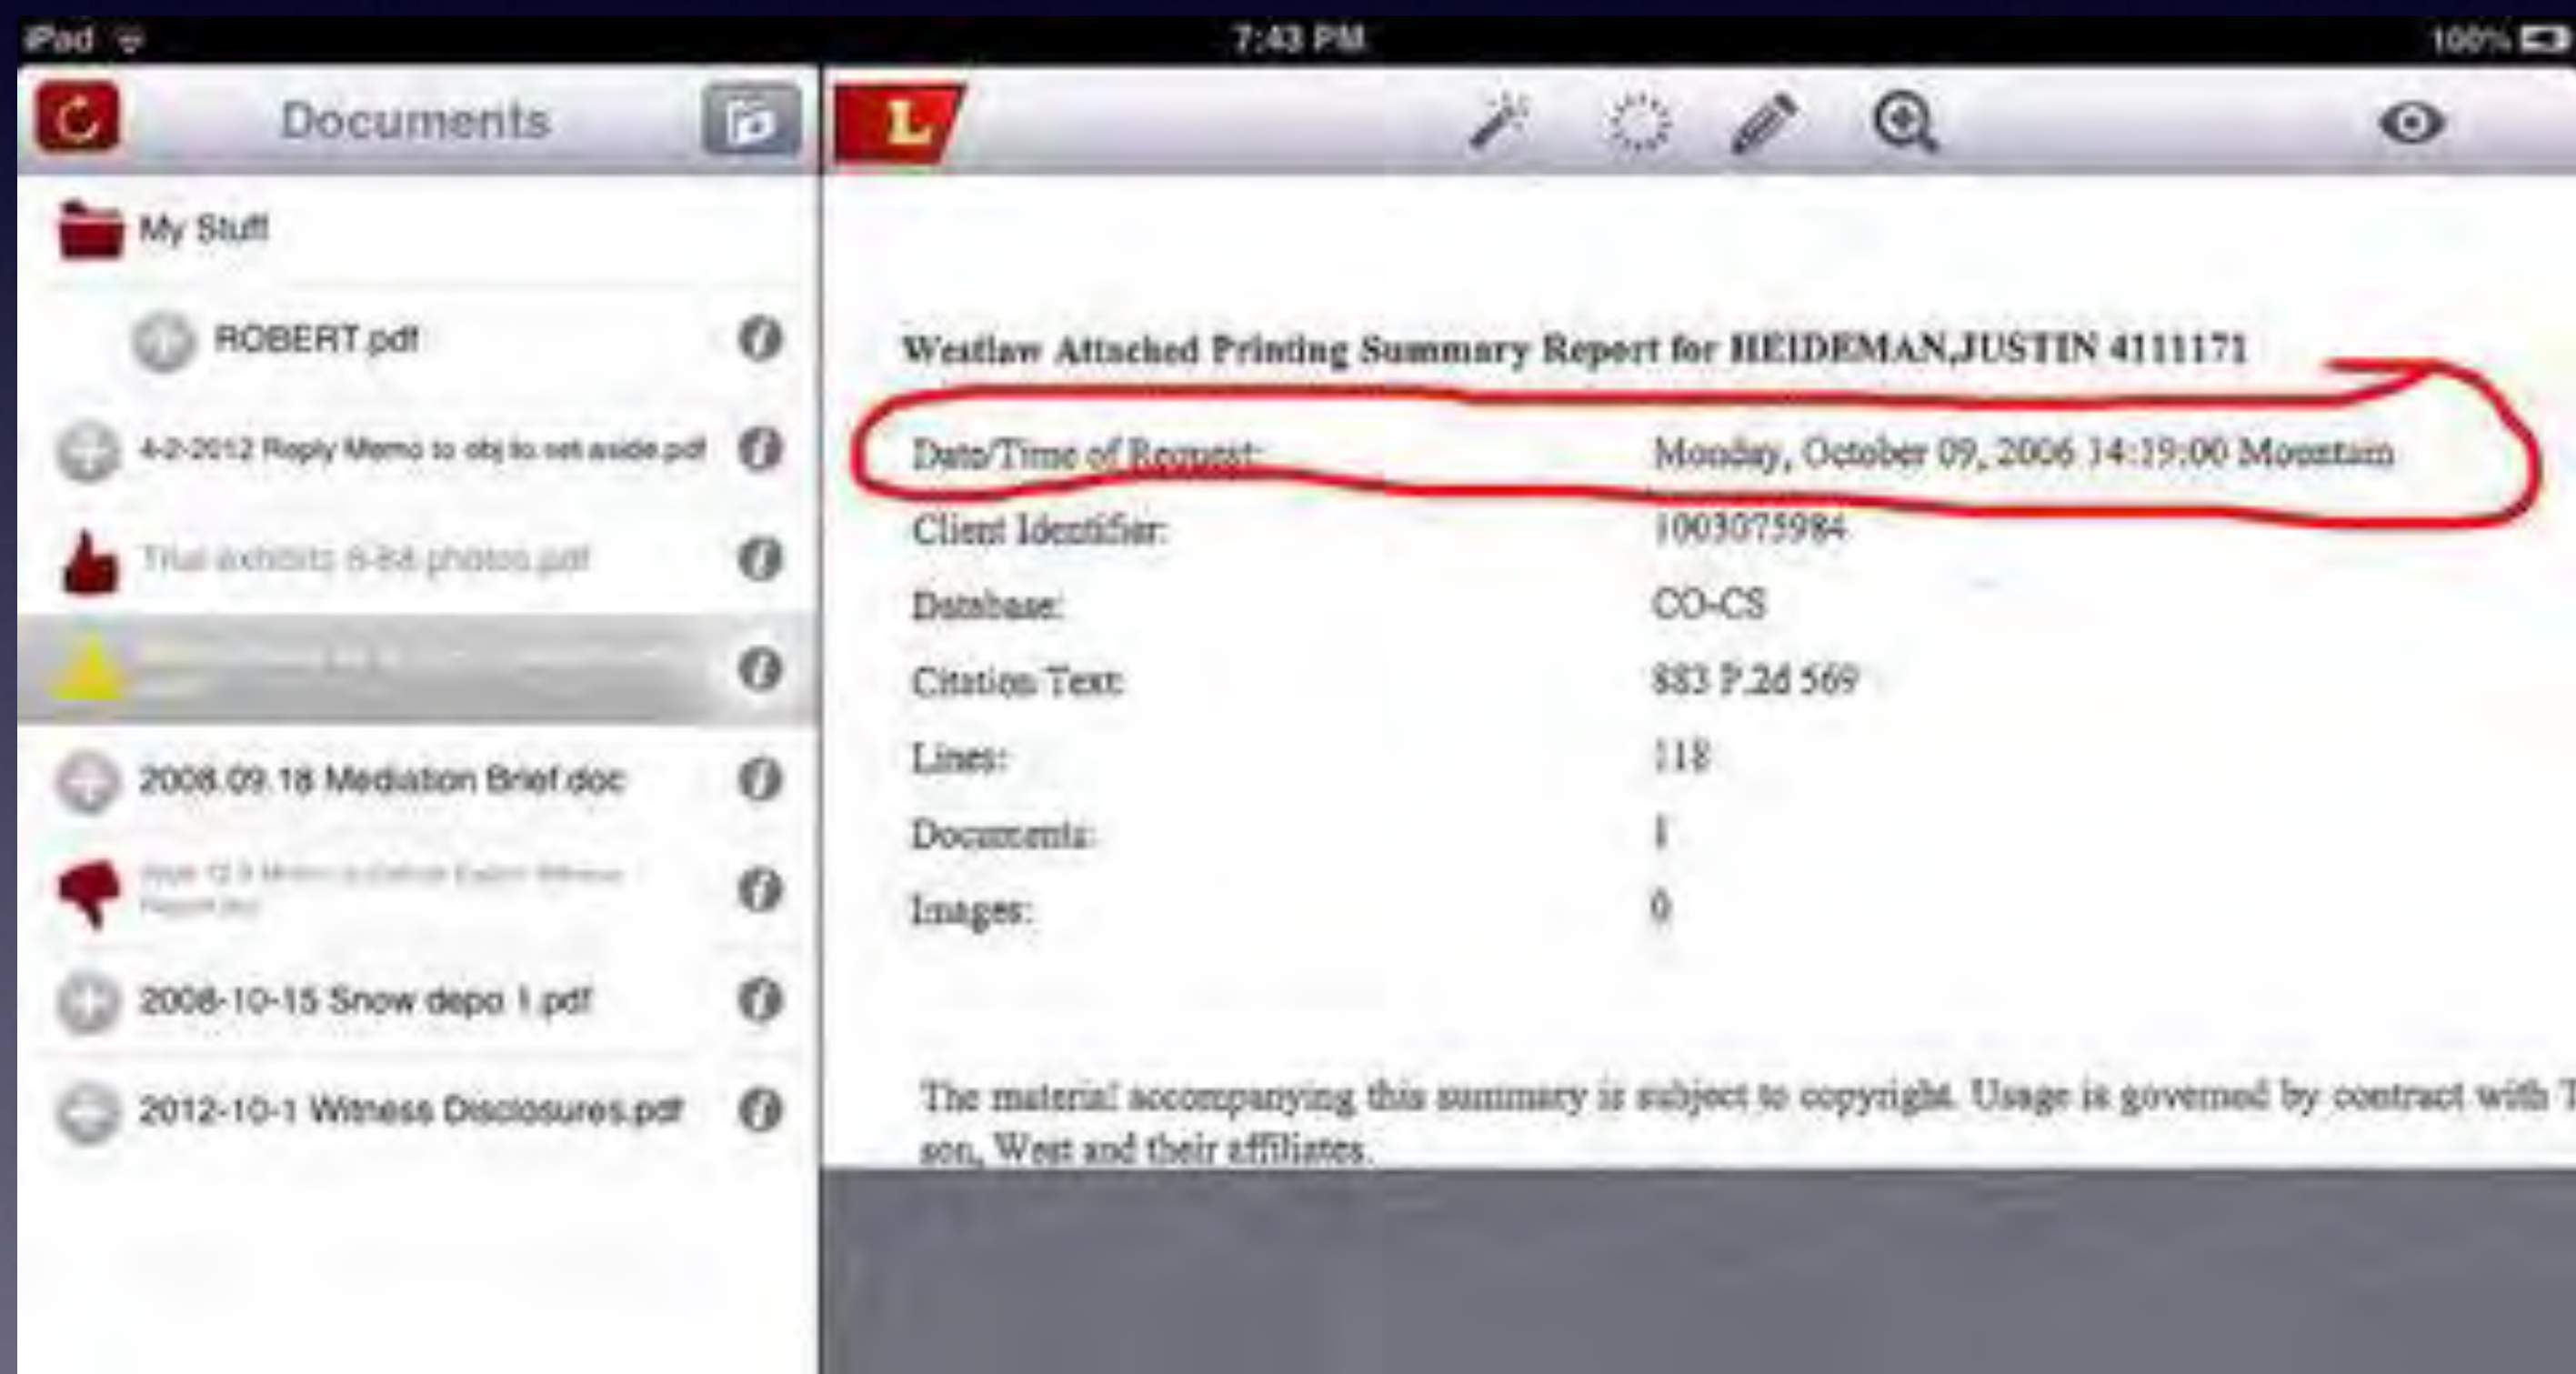

# LORA Courtroom

By Imagine Laboratories, LLC

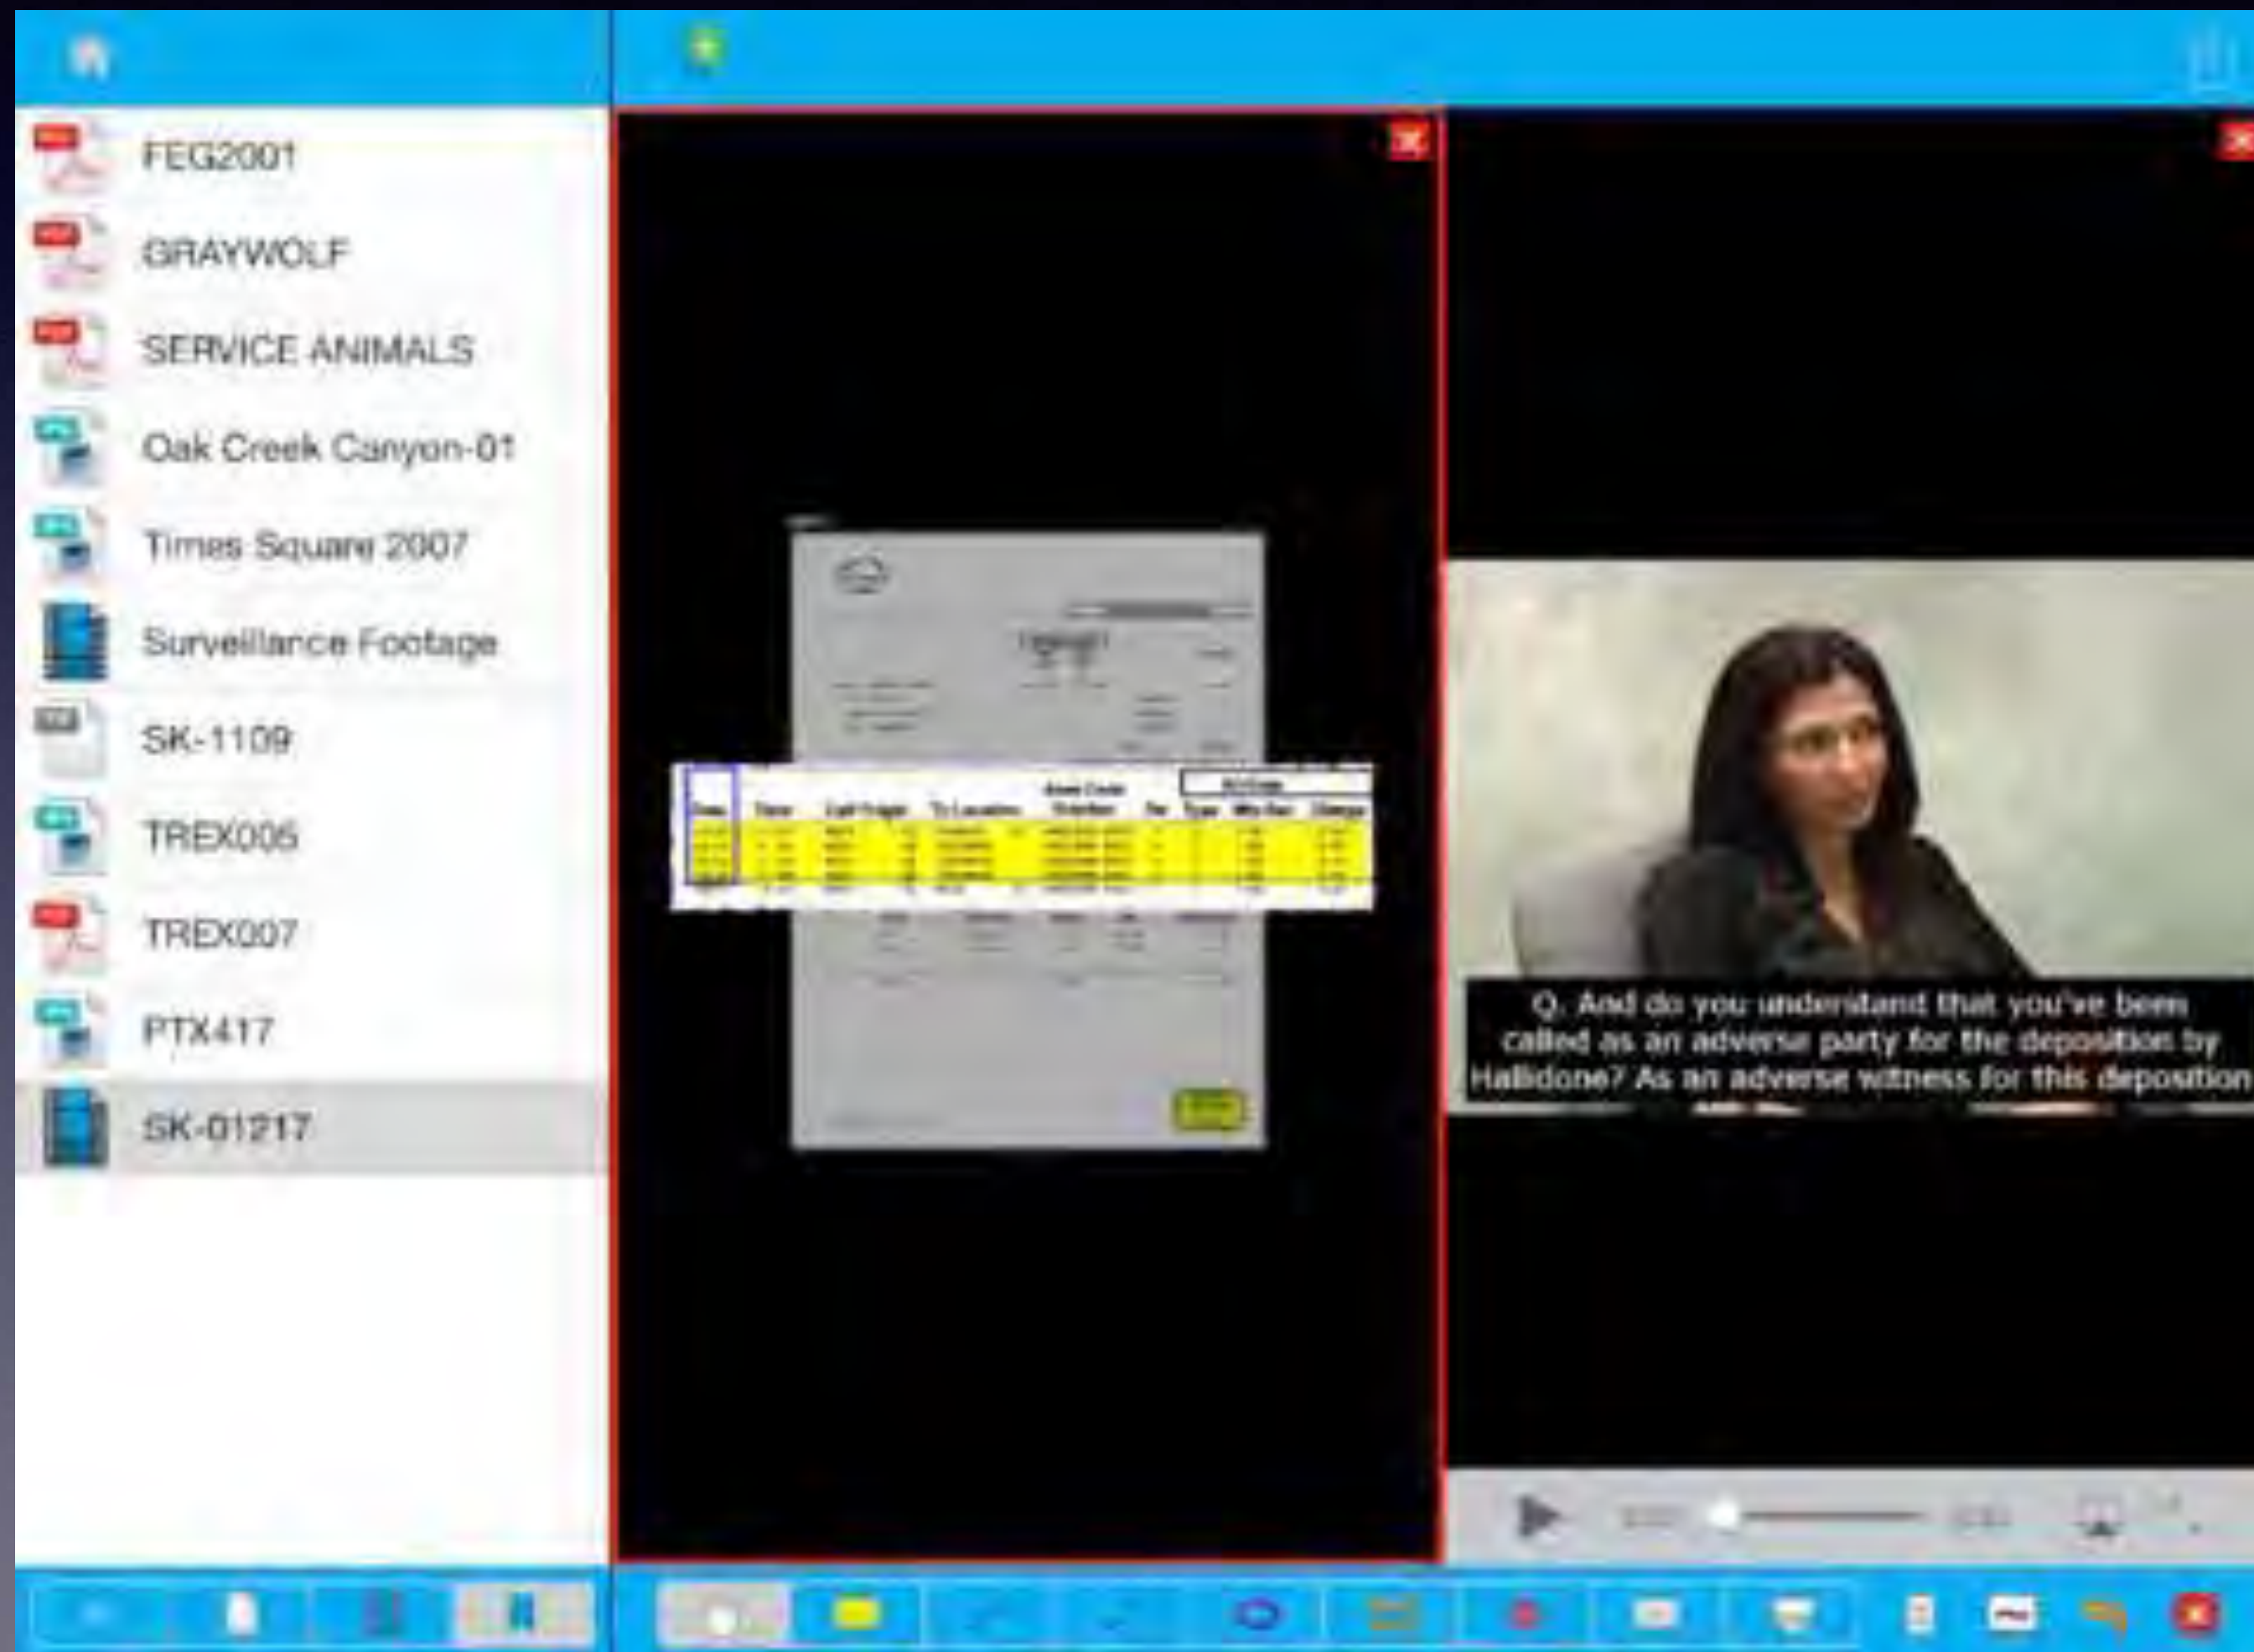

This app was created by a trial lawyer to use for evidence presentation. Create folders for each case and then use it to highlight, interact with, zoom in on, or outline the specific portions of each piece of evidence that you need to emphasize.

# TrialDirector for iPad

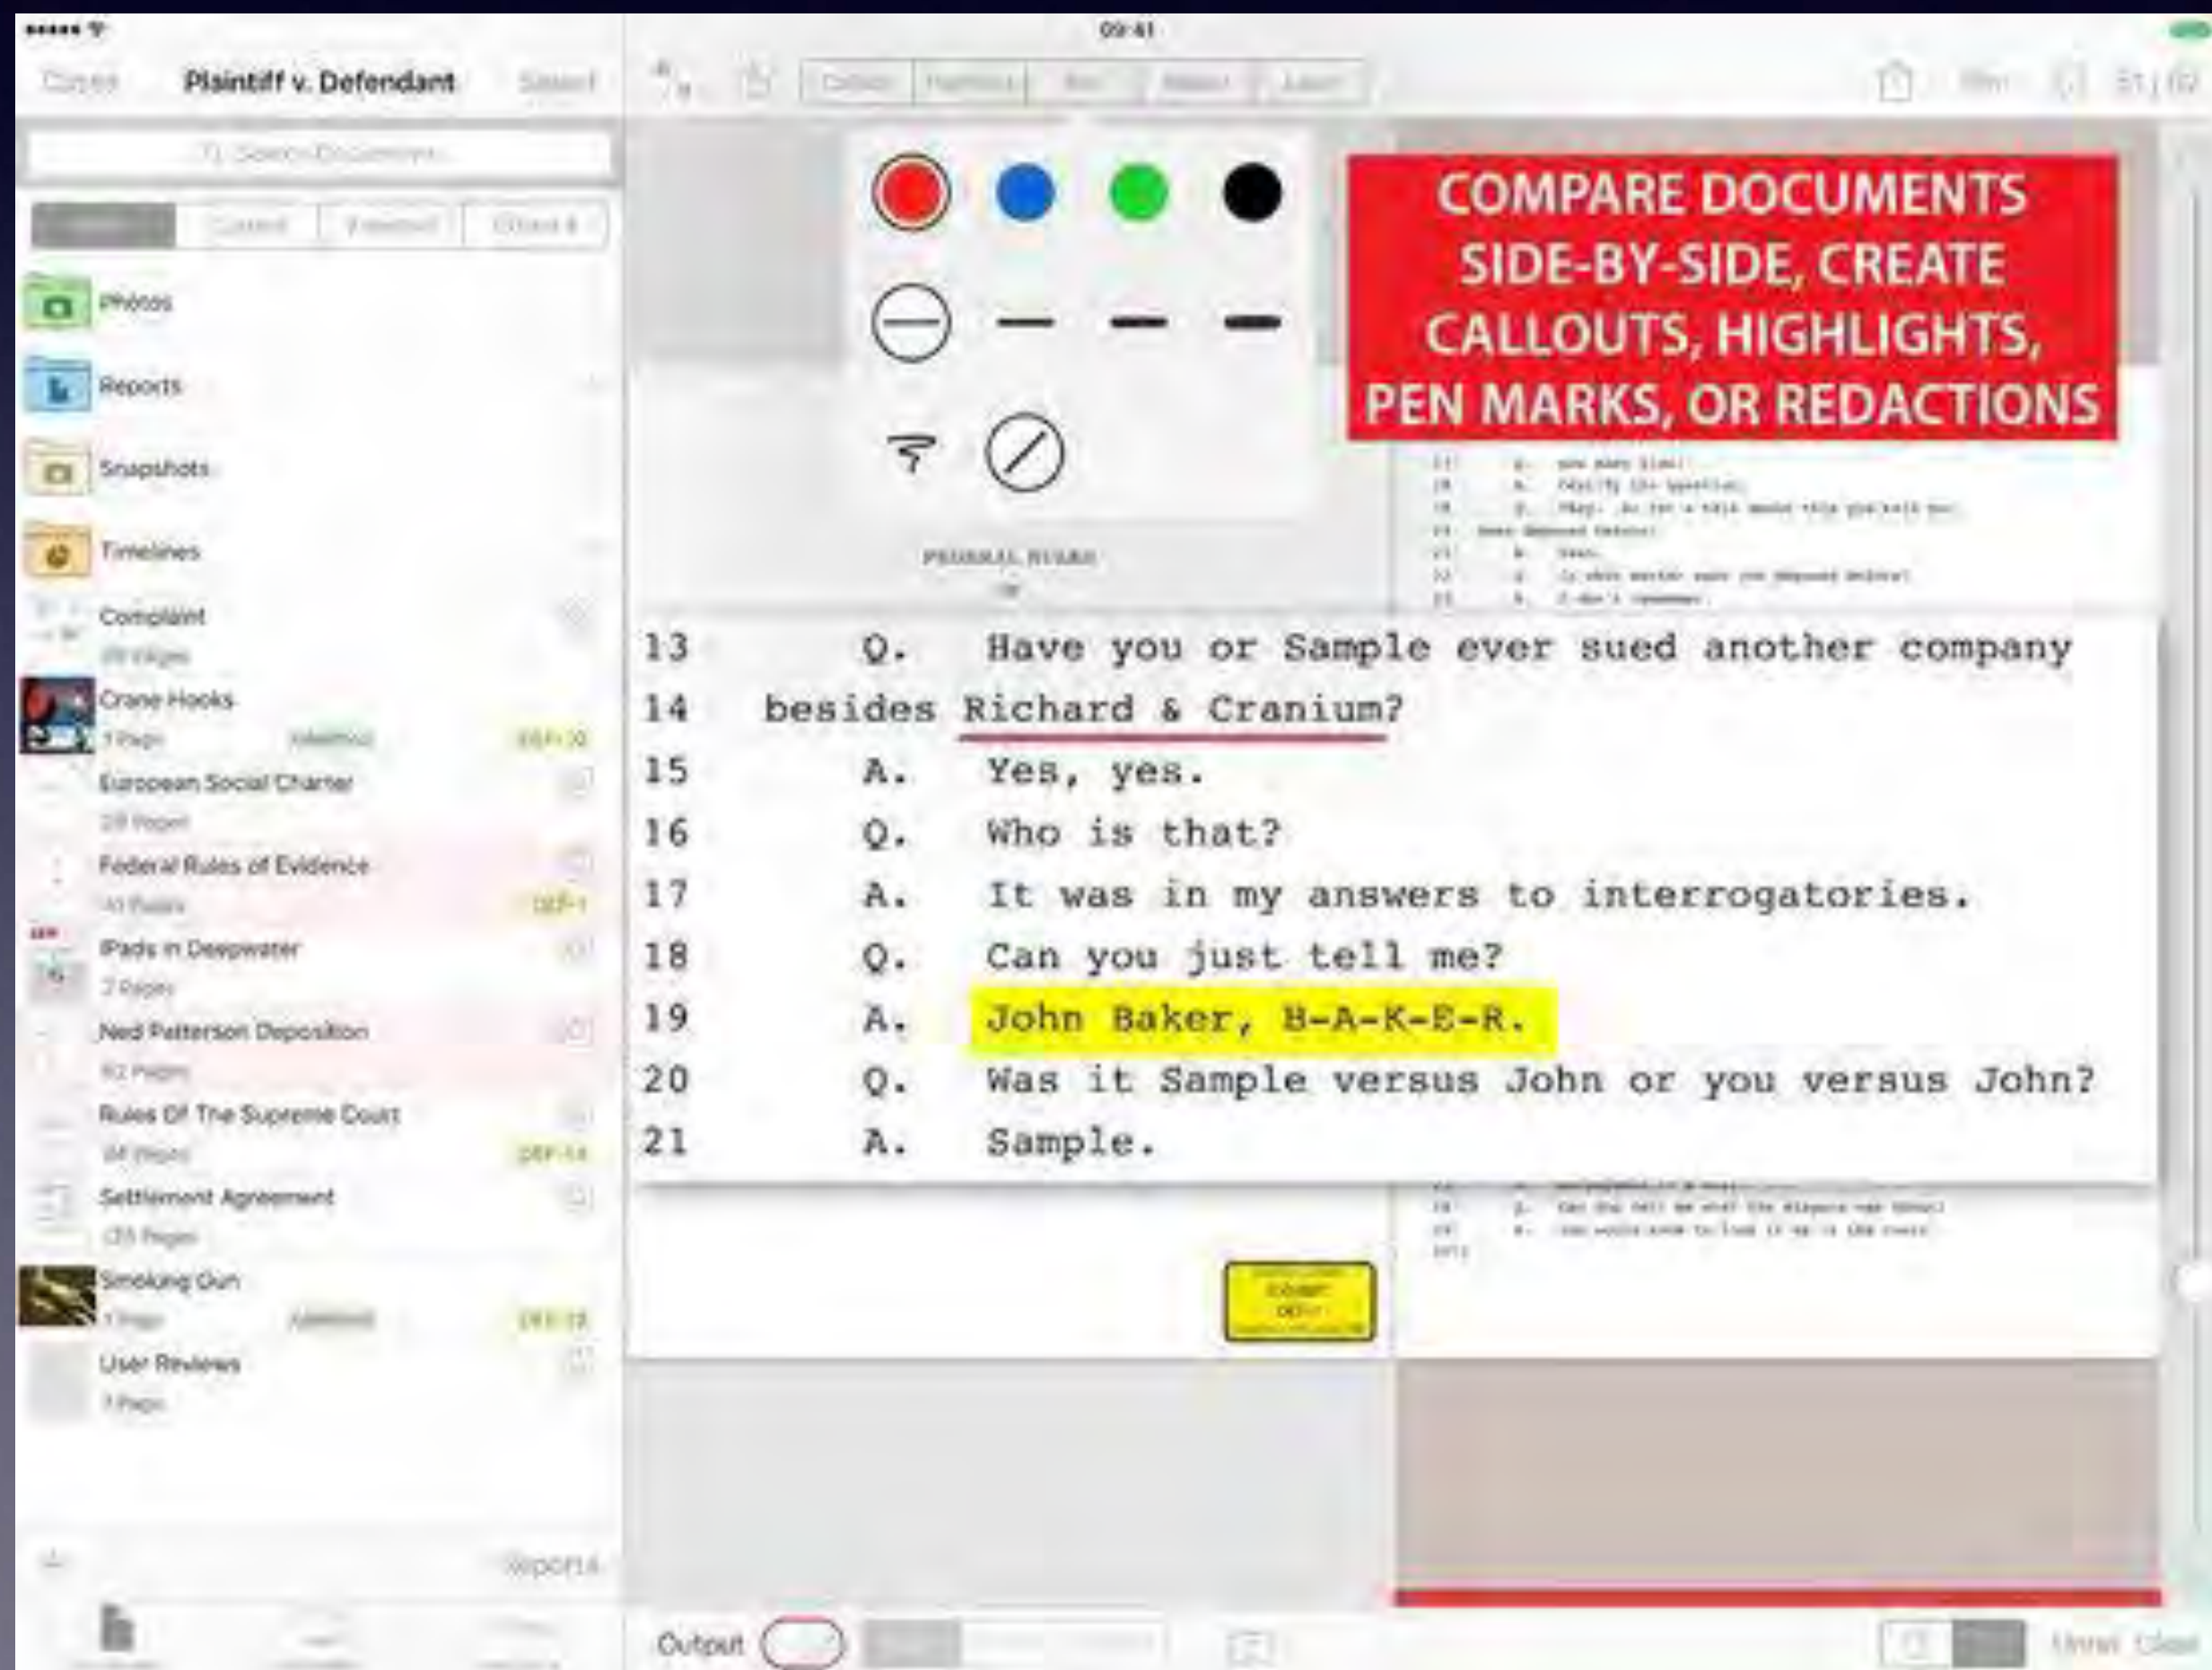

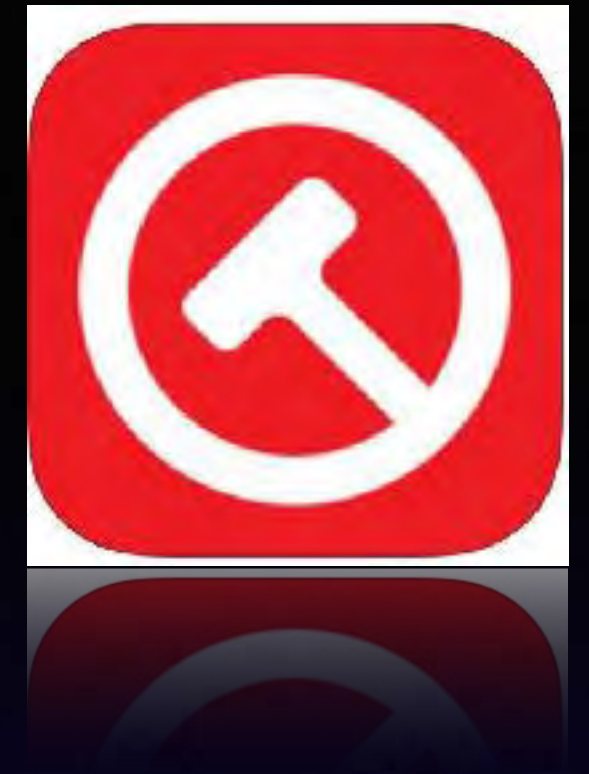

## By inData Corporation

This app enables you to create case folders on your iPad and then add exhibits, including video, through a Dropbox or iTunes account. You can use the app to annotate and present the exhibits. If you have the TrialDirector 6 desktop application, which sells for an annual license of \$695, you can prepare exhibits there and then export them to this app for presentation at trial.

# TrialPad By Saurian

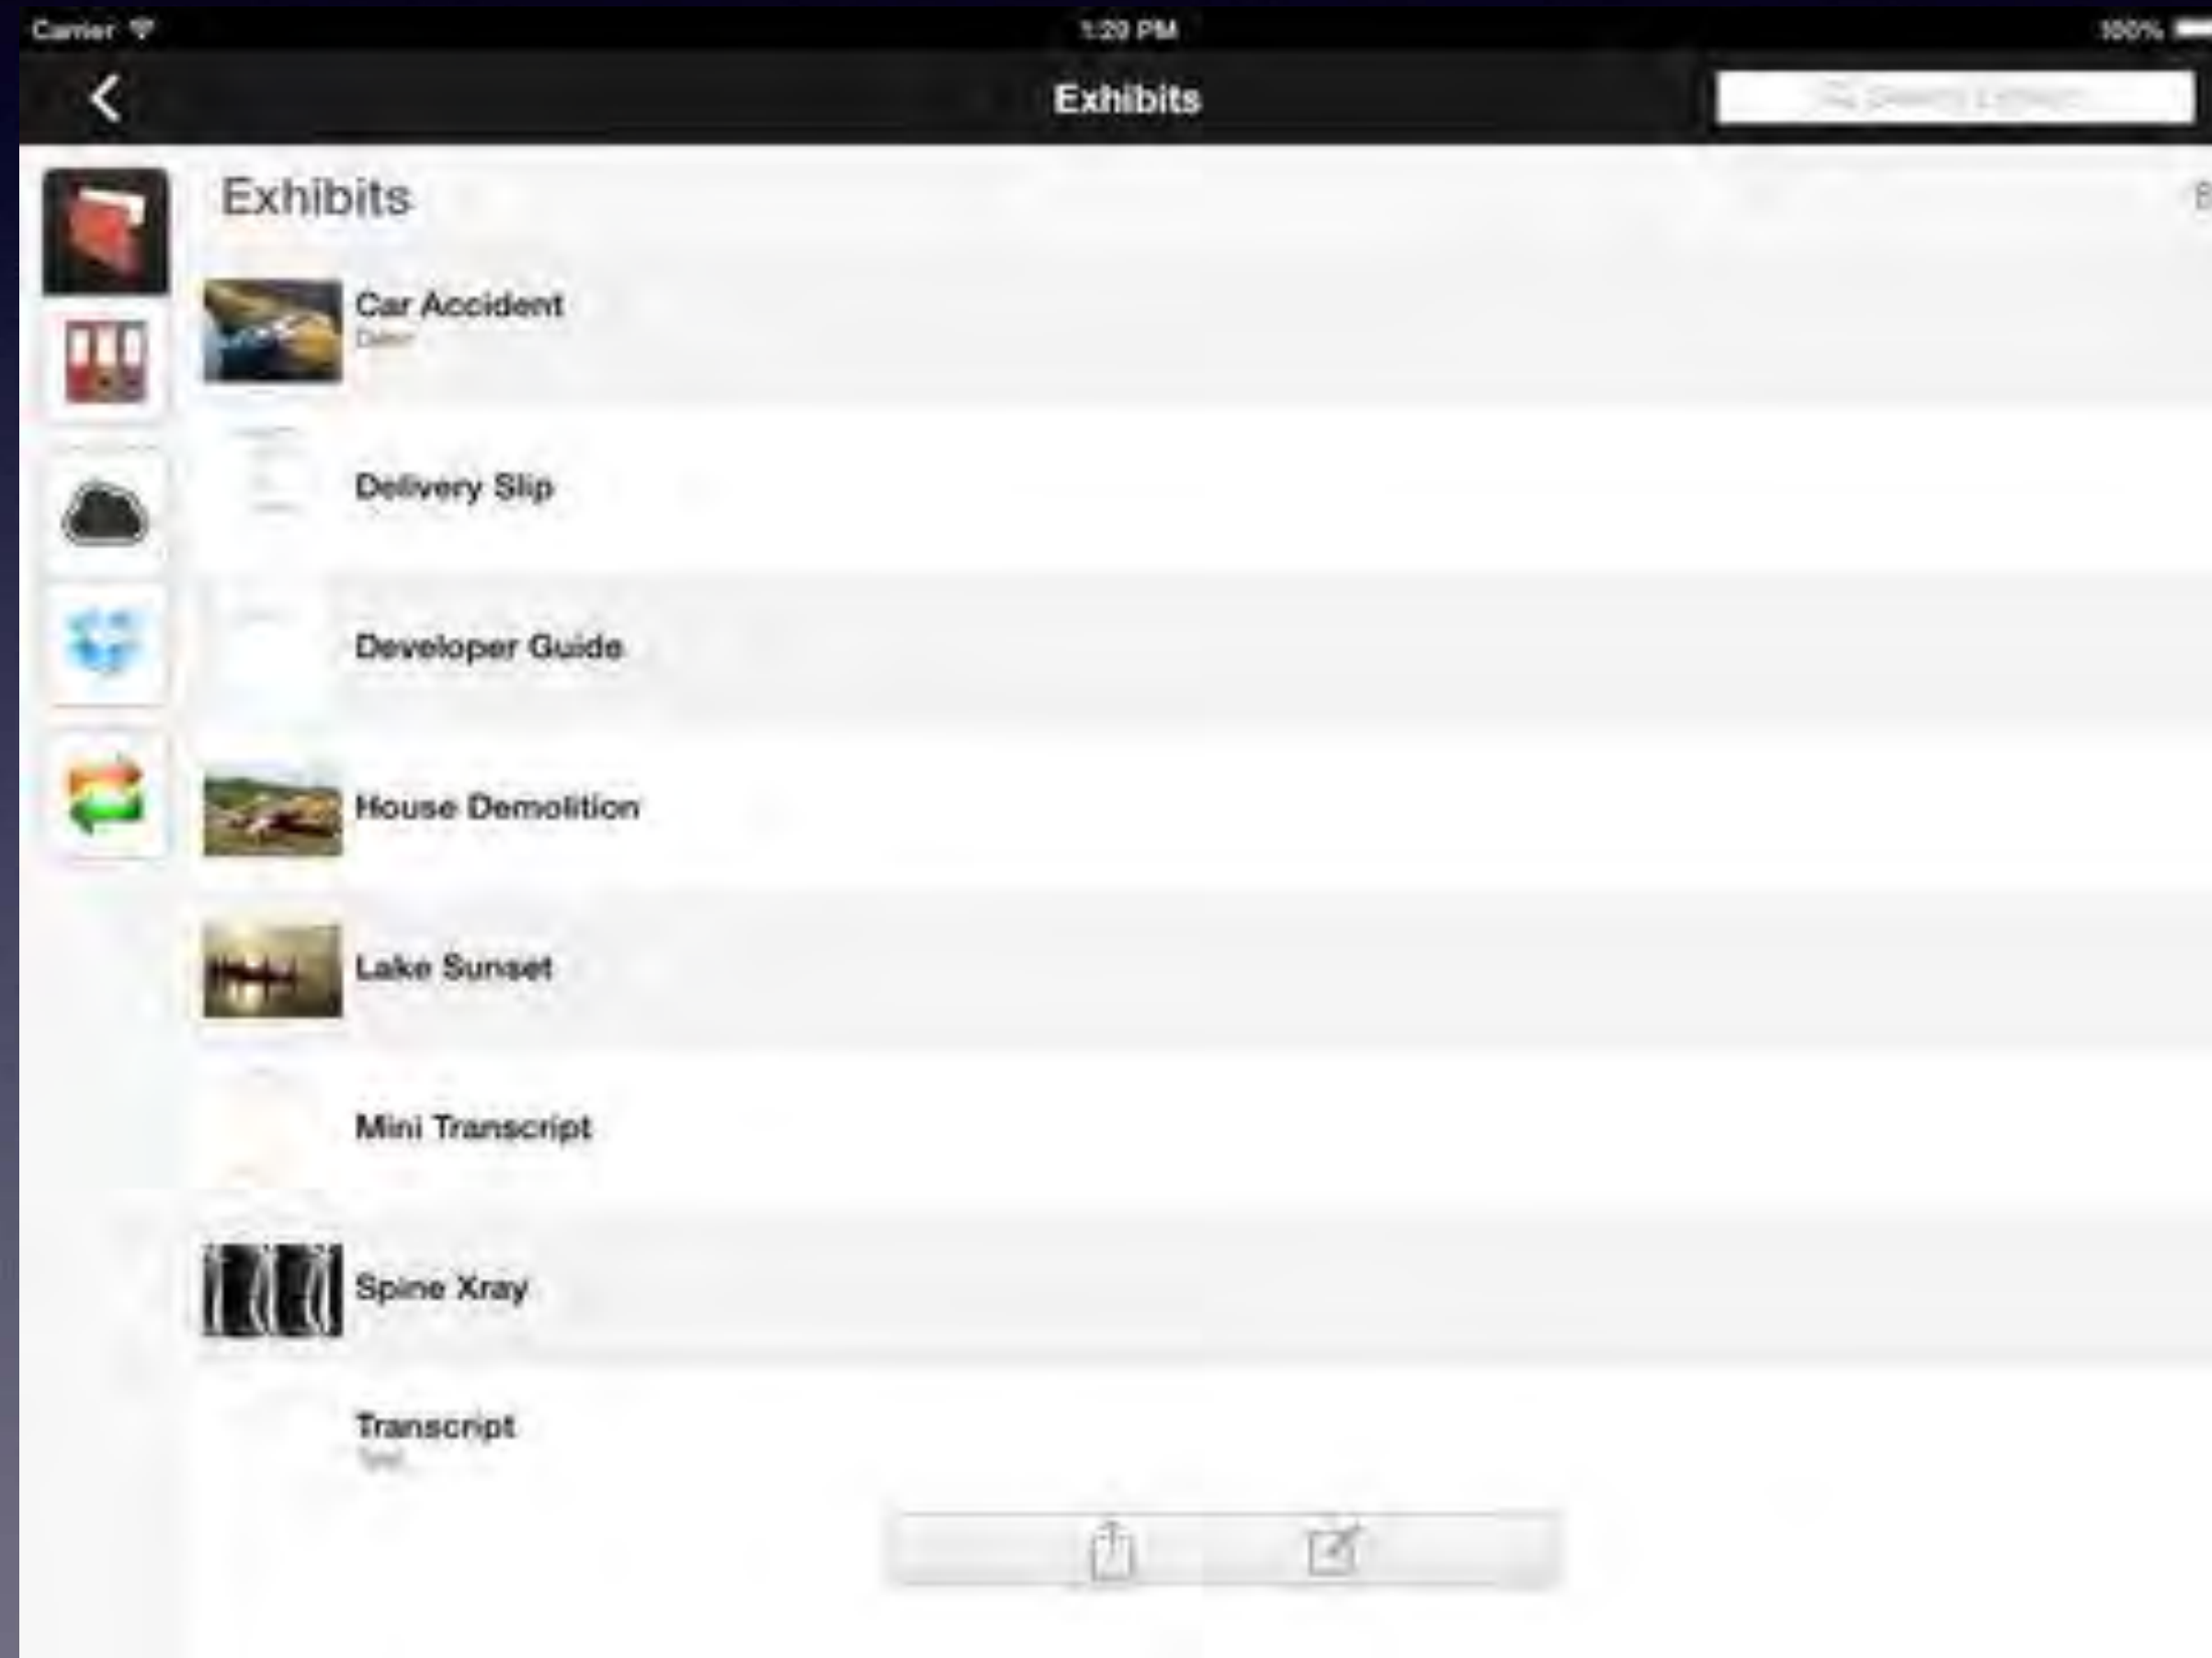

With TrialPad, you can highlight, annotate, redact and zoom in on documents as you present them; view and compare documents side-by-side; view and edit video; mark up an exhibit with annotations and call-outs and then save the mark-ups for your closing; and project wirelessly.

# TrialTouch

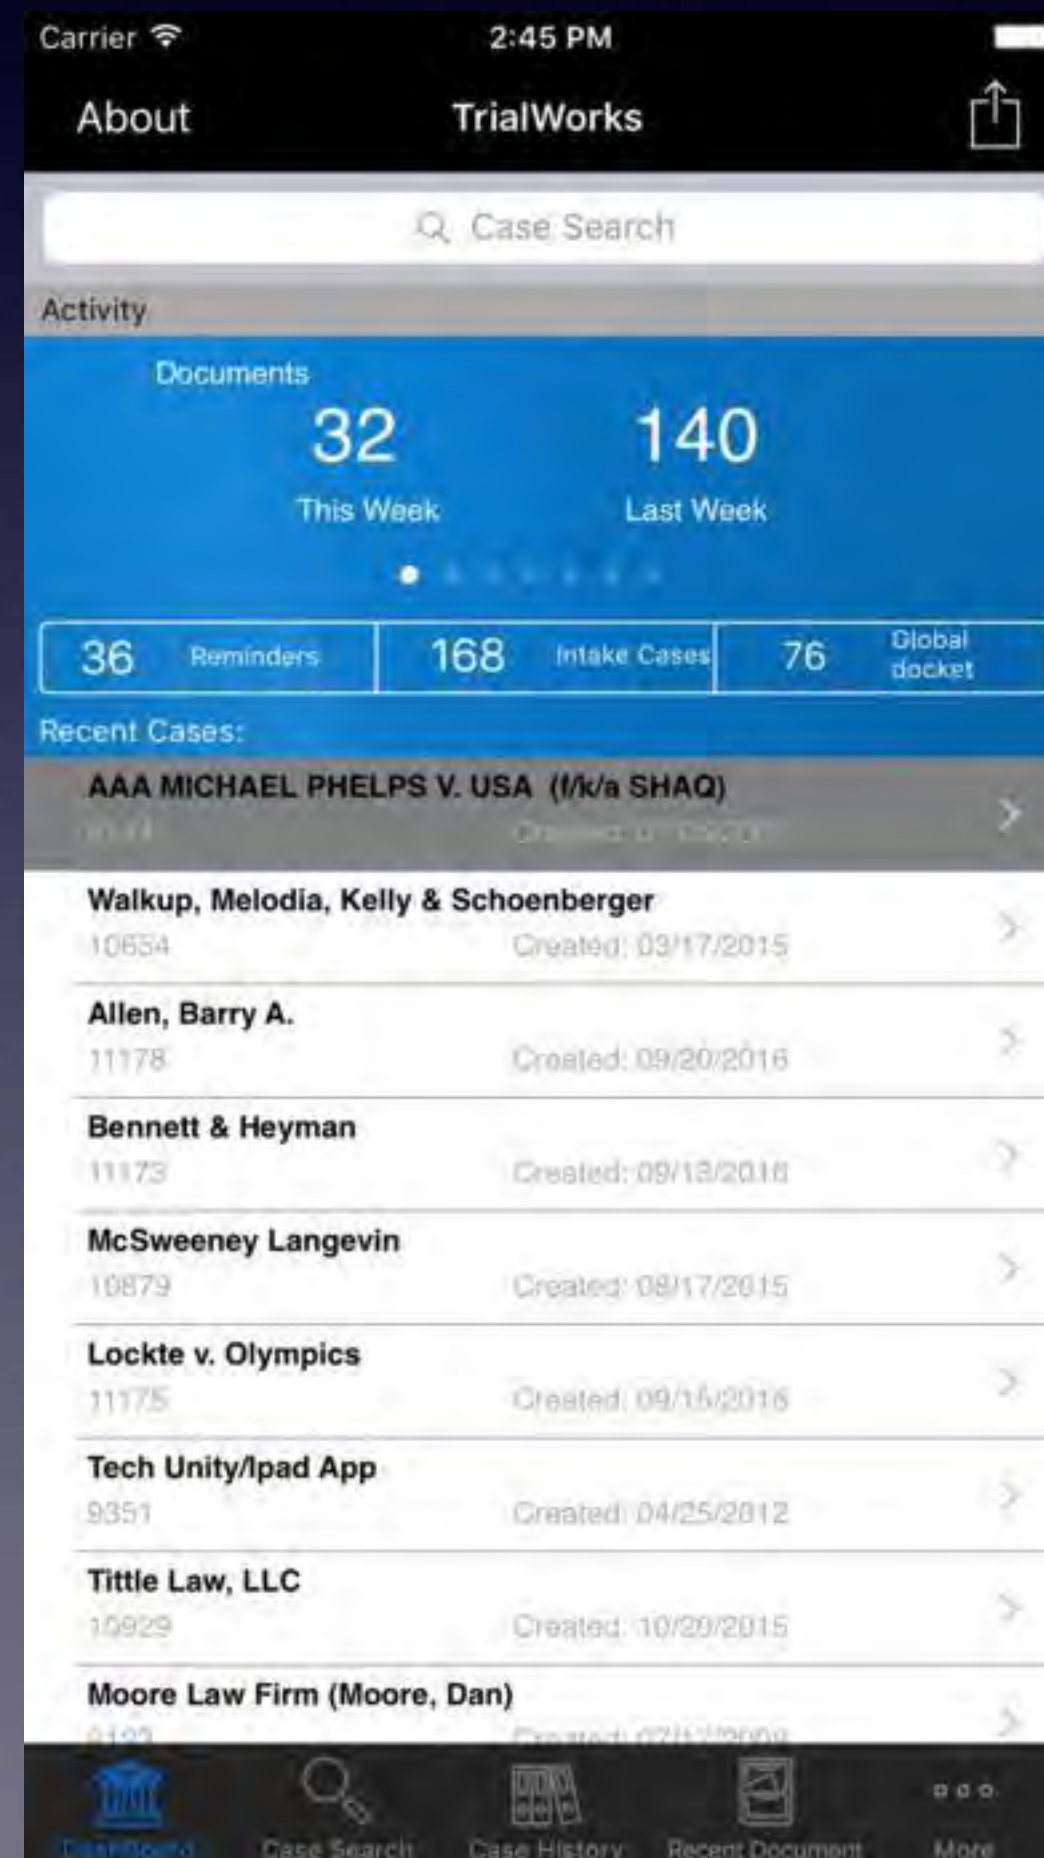

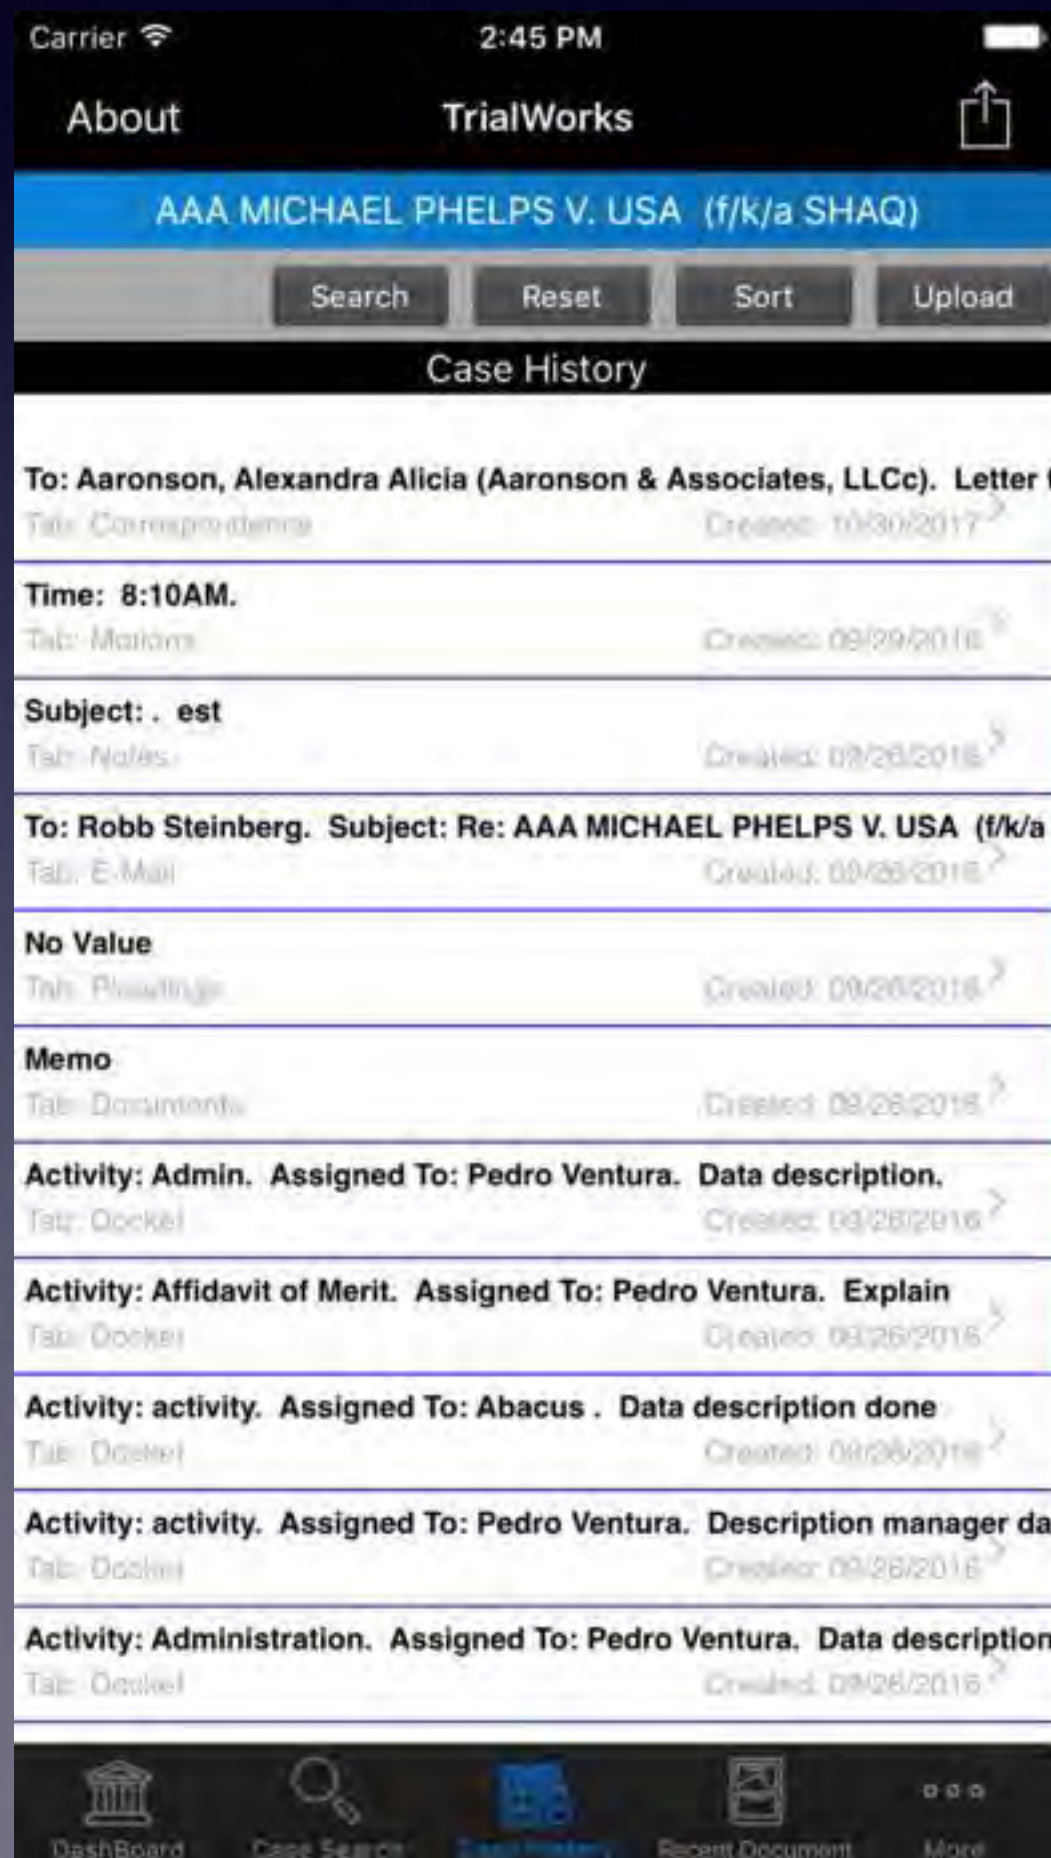

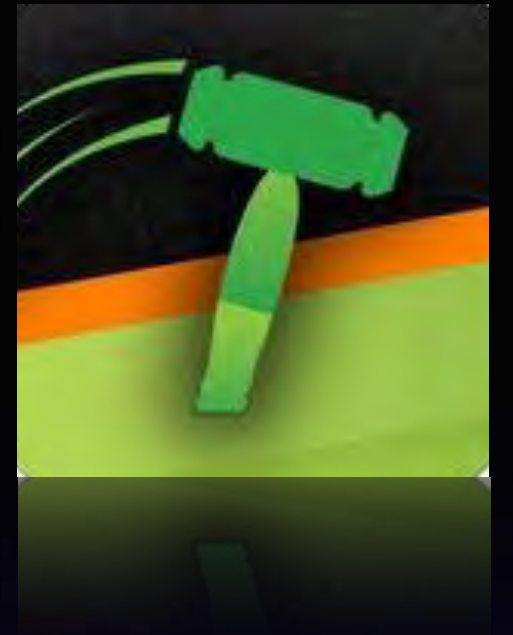

By DK Global, Inc.

TrialTouch provides on-the-go access to case materials, including photographs, illustrations, 3D animations, medical imagery, video and documents. It requires an account with the trial-graphics company DK Global.

# TrialWorks App By TrialWorks

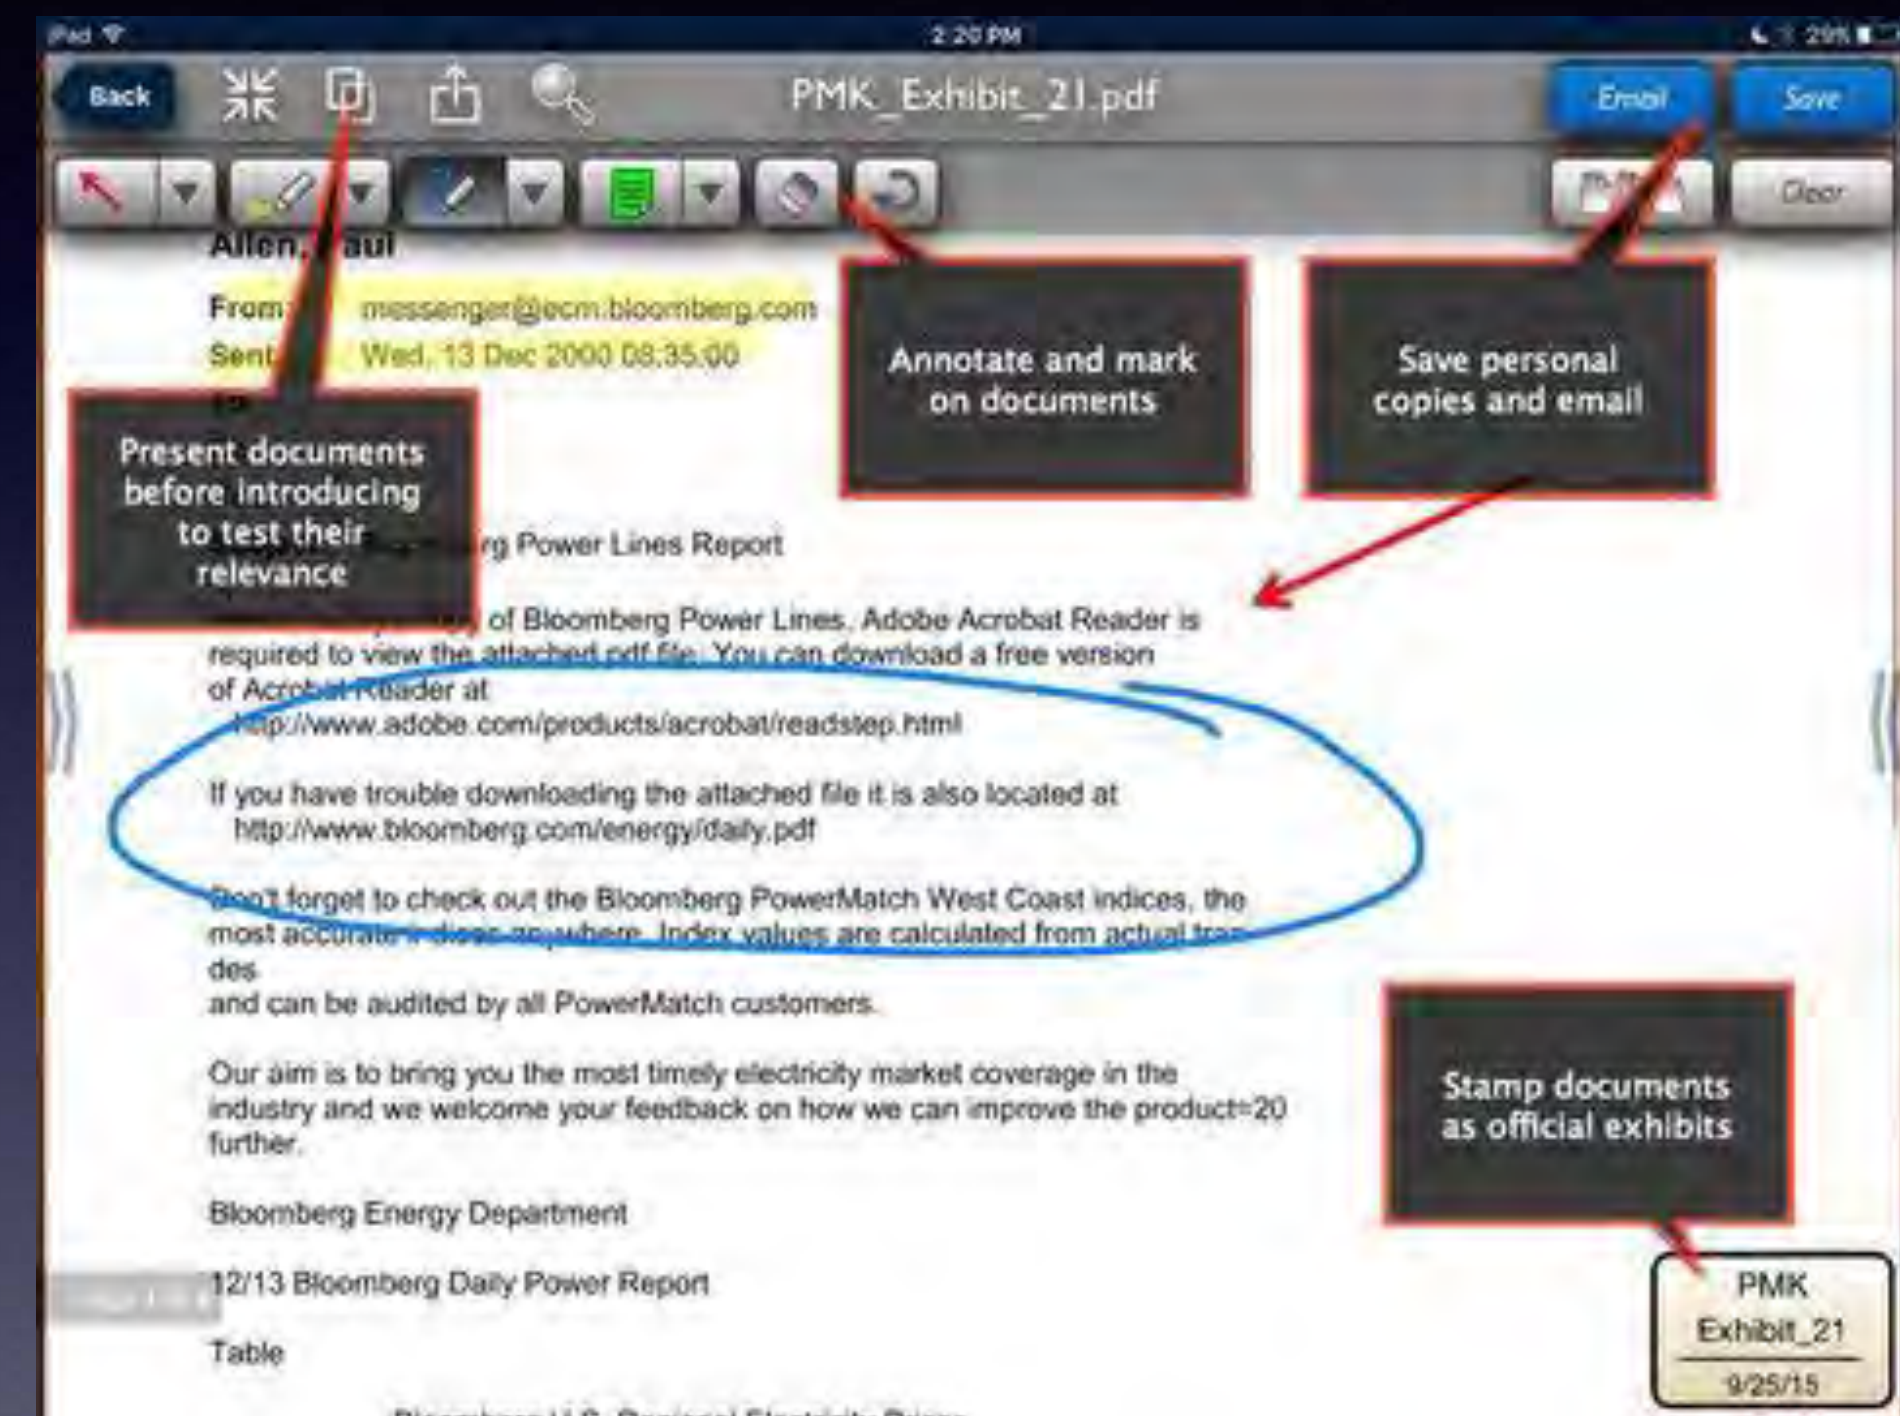

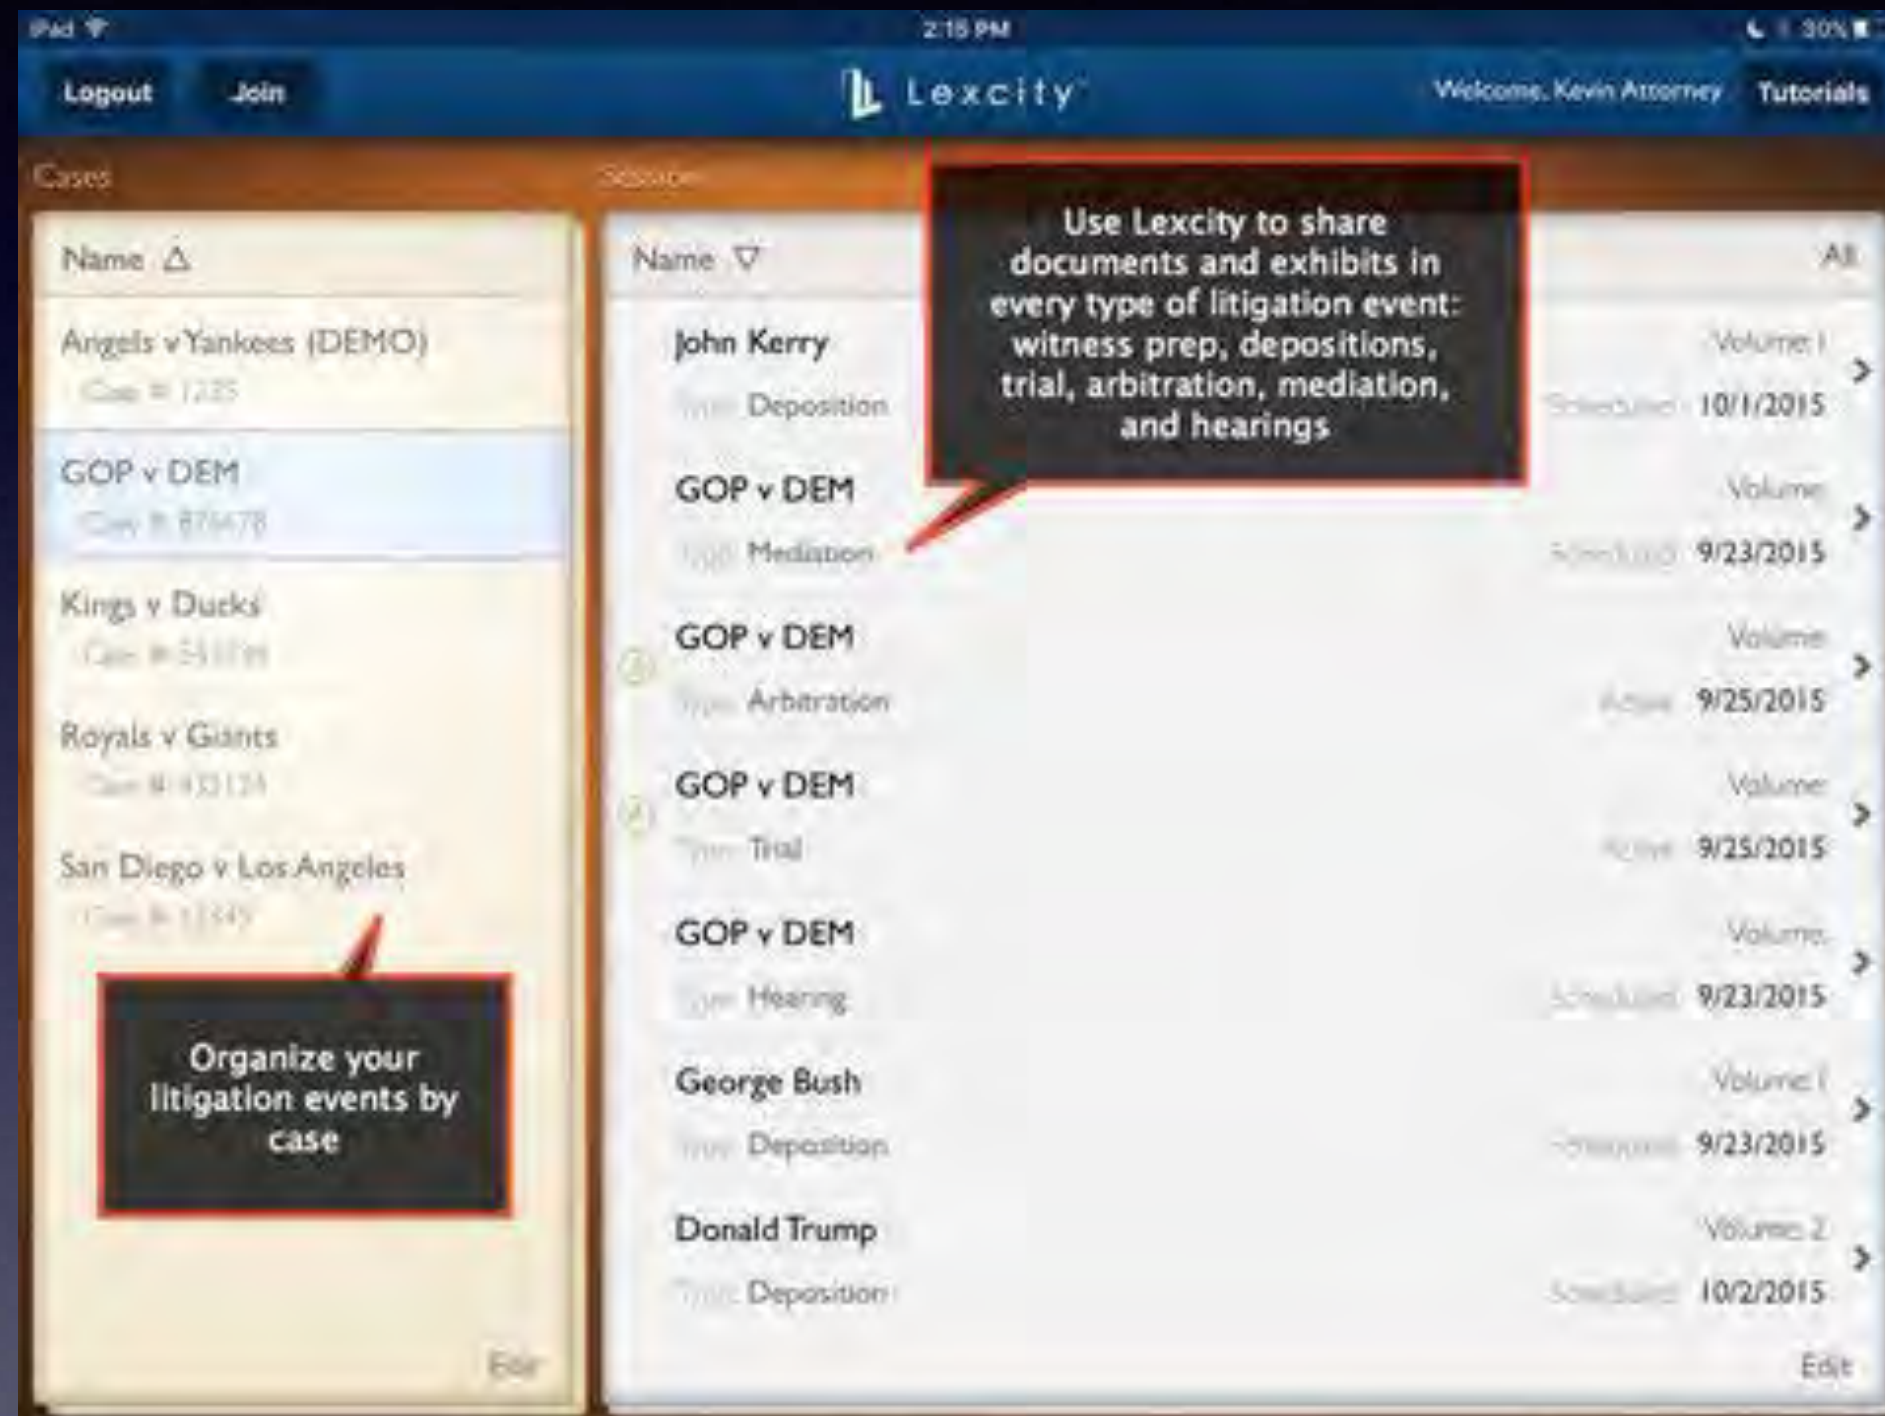

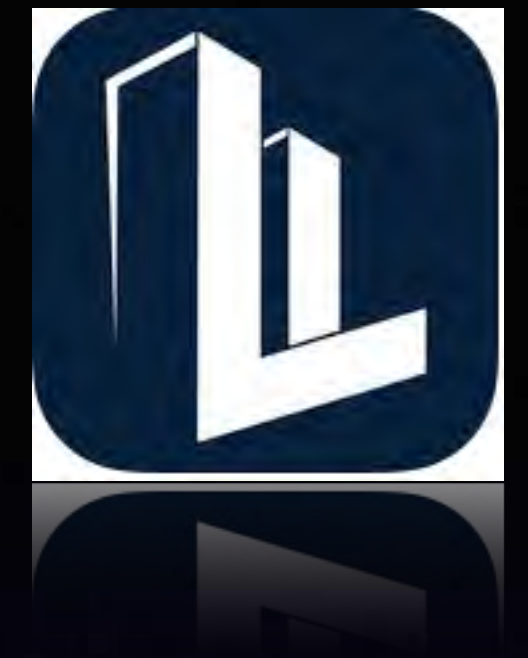

This app is a companion to the TrialWorks case management software. It provides on-the-go access to all matter-related documents, notes, calendar dates and contacts. Use of the app requires a license to the TrialWorks software.

# Lexcity

By eDepoze, LLC

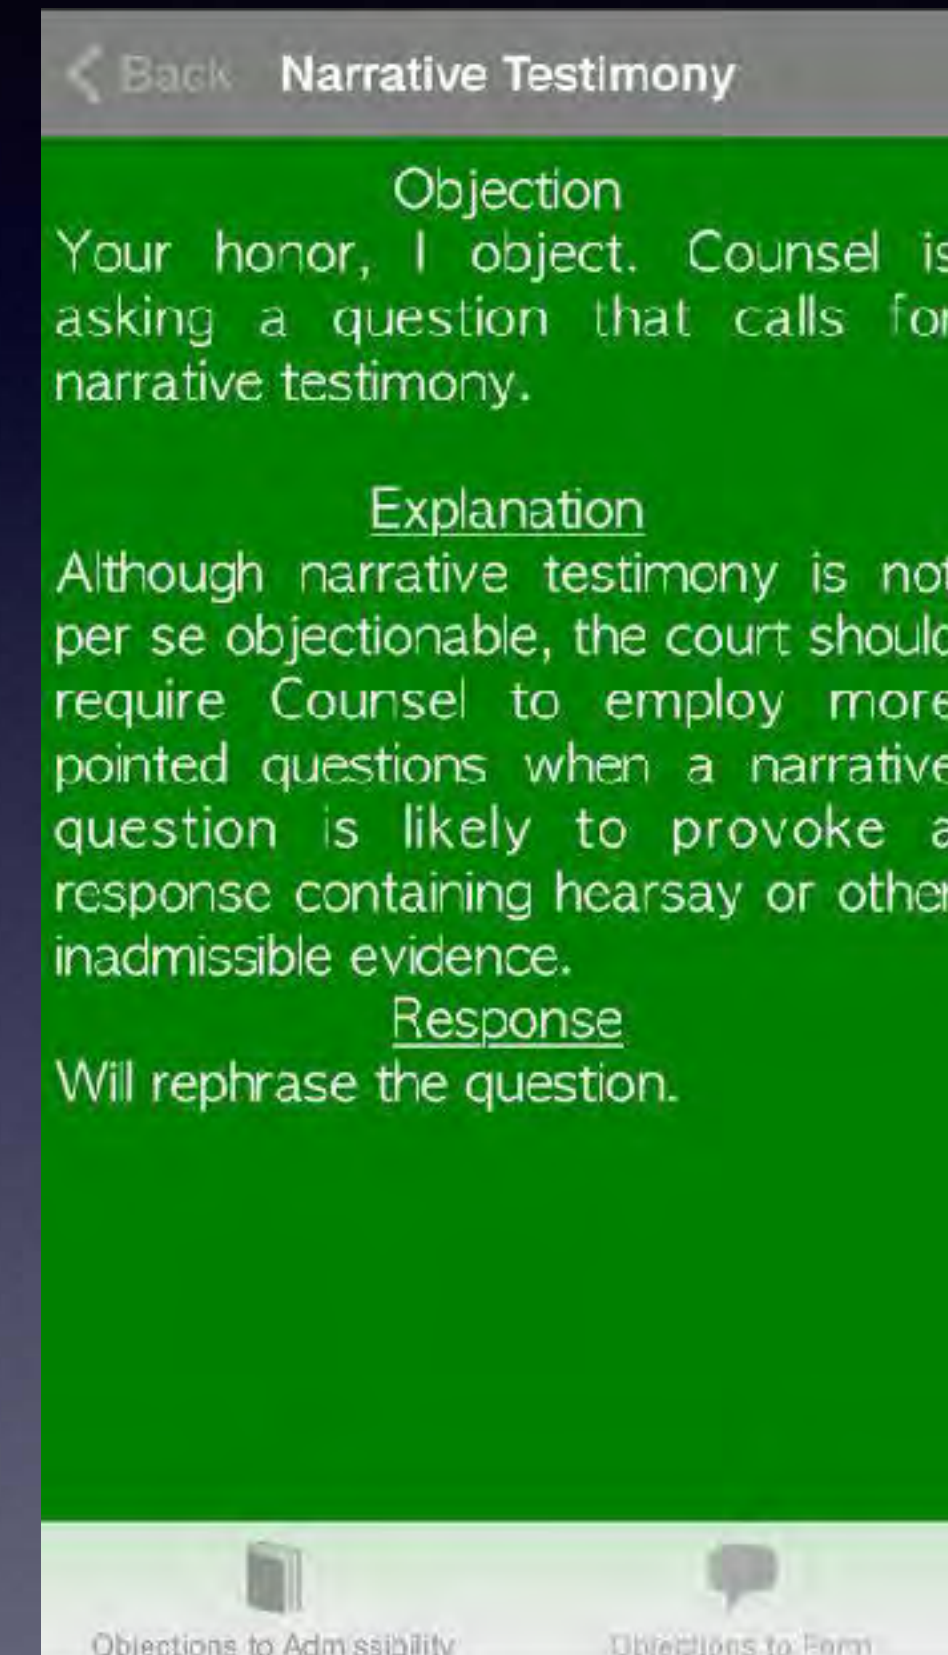

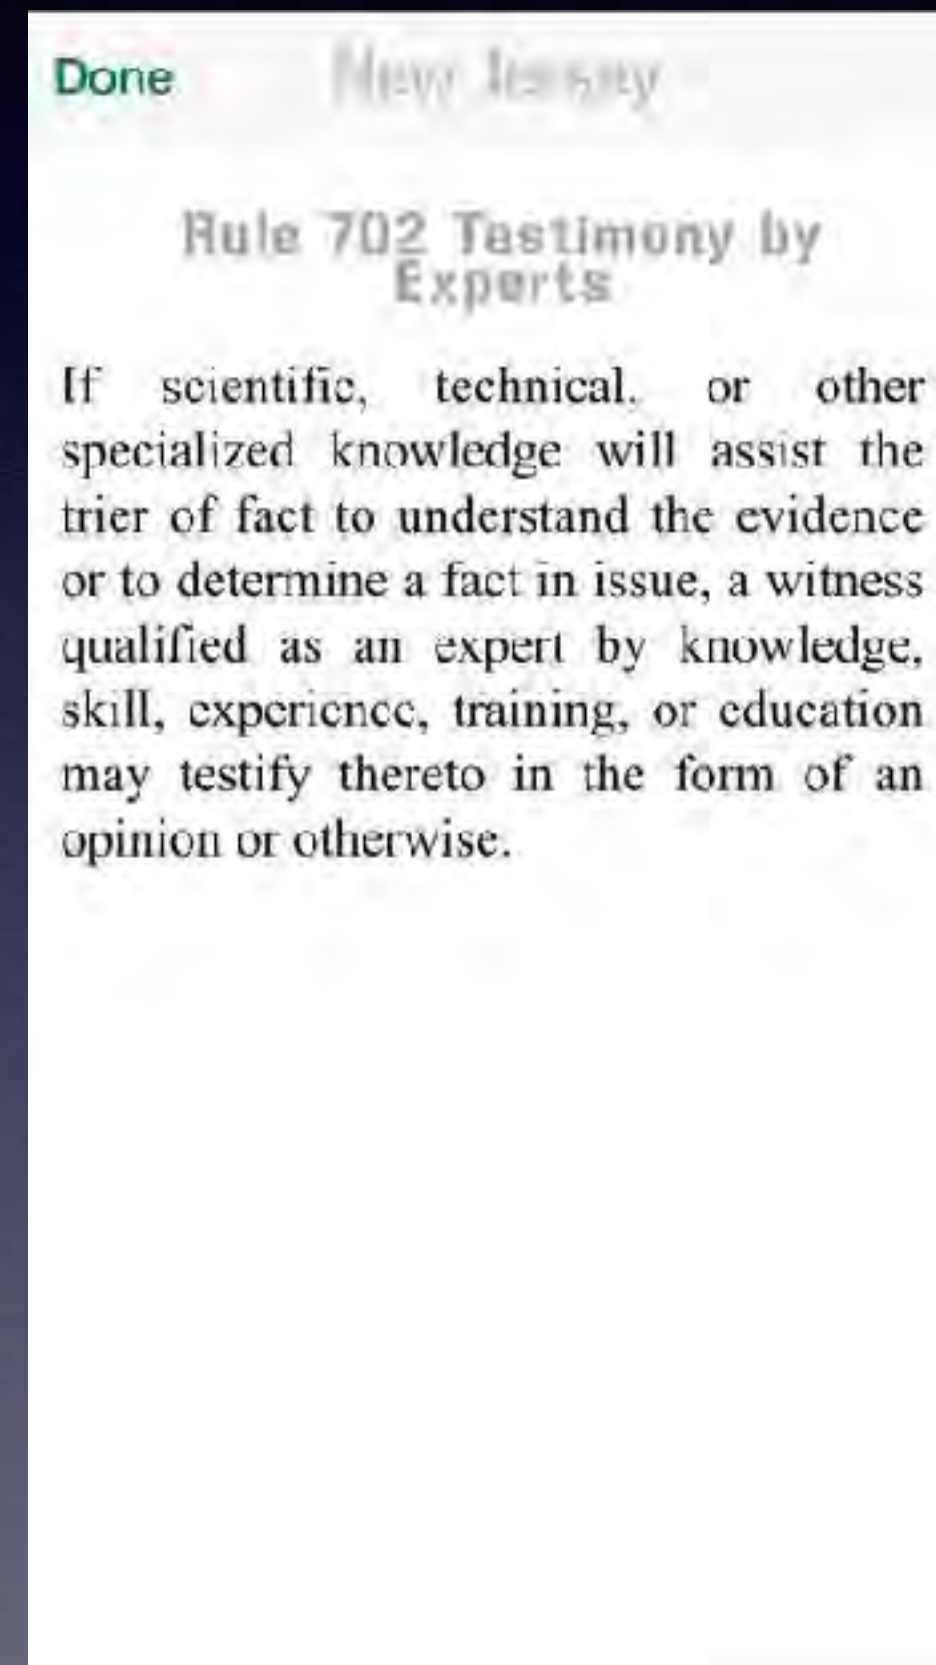

it is a platform to handle electronic documents in all litigation events subsequent to e-discovery – witness prep, depositions, hearings, mediation, & trial or arbitration. Have your witnesses review documents online, then use your iPad to mark, distribute and present your exhibits.

# Courtroom Objections

## By ACS4Law

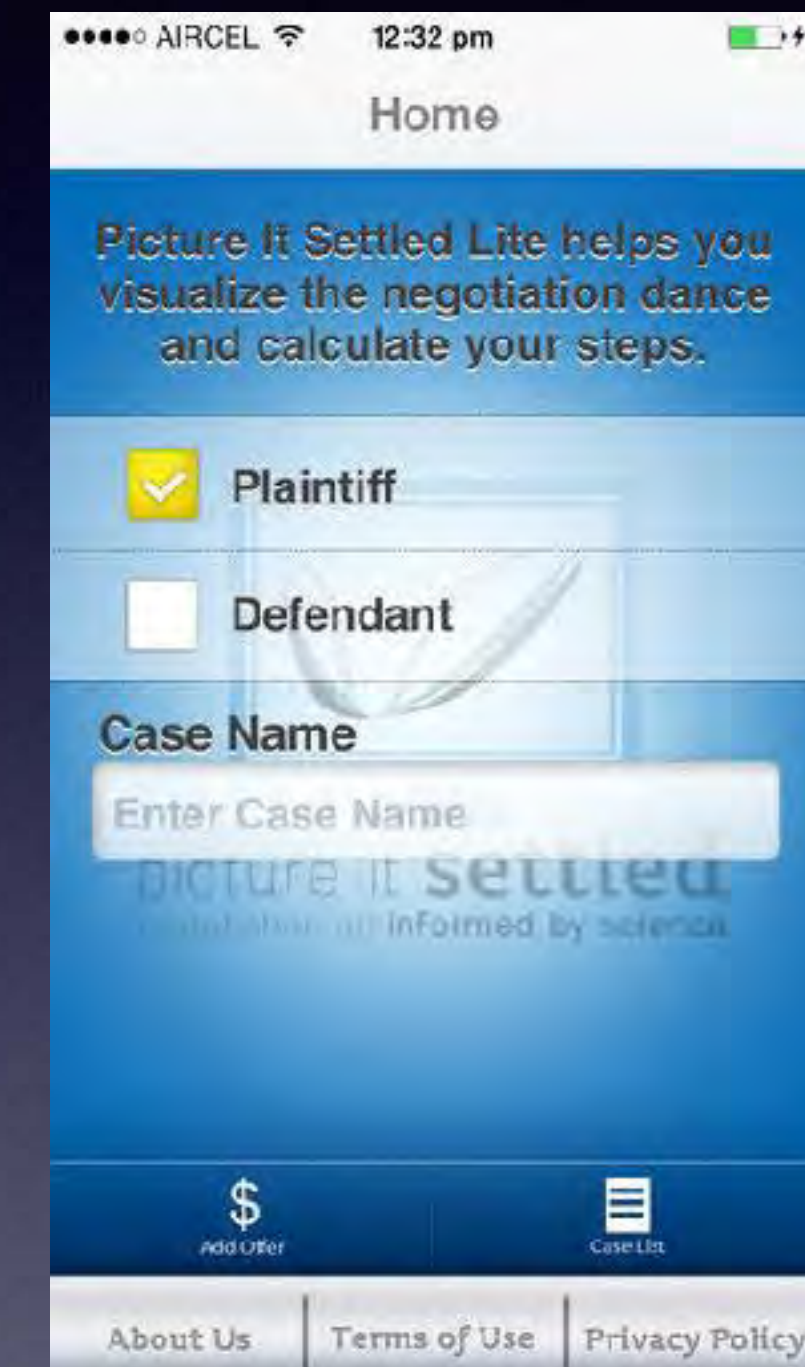

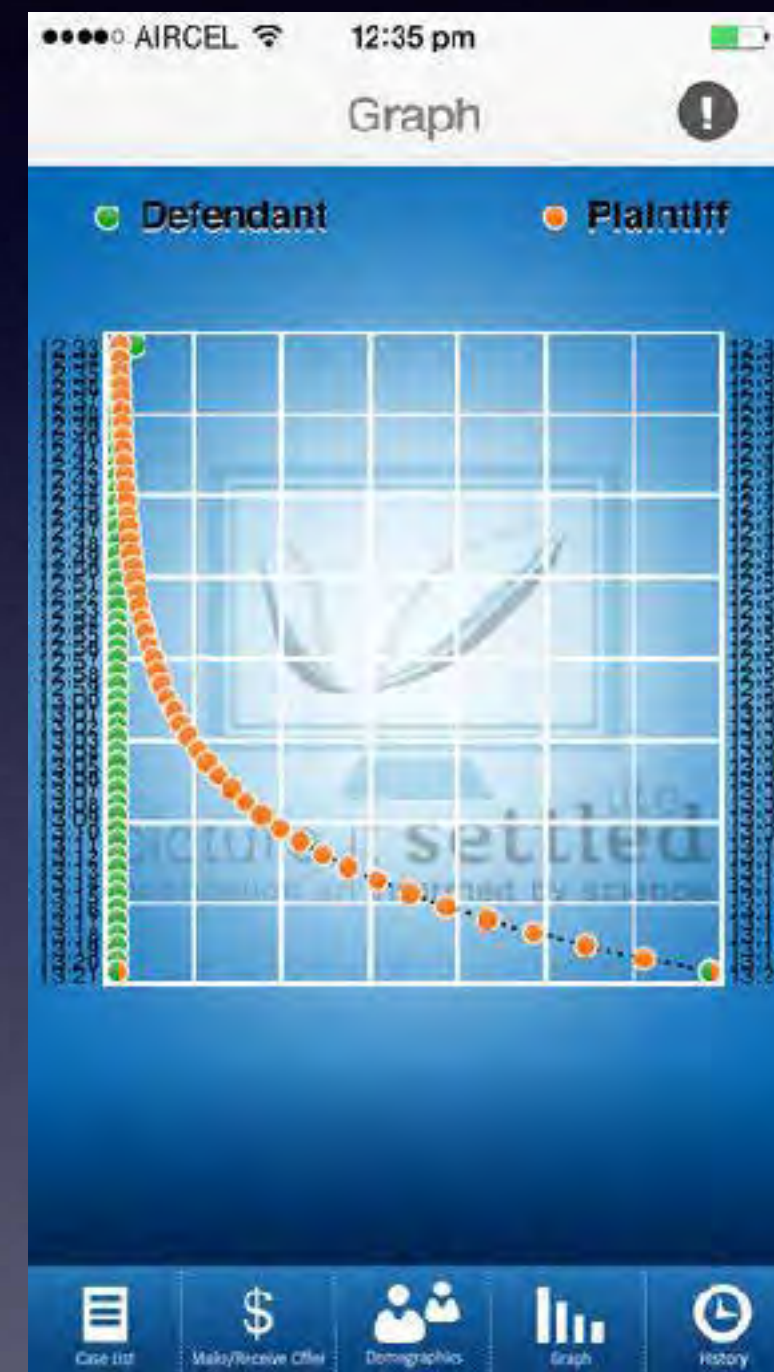

This app is a quick, simple guide to common courtroom objections and responses.

Other Legal Apps...

# Picture It Settled By Picture It Settled, LLC

The app helps litigants analyze their positions and develop a successful negotiation strategy. Using data harvested from thousands of cases, it predicts when you will be able to settle and for what amount.

4. \$ 200	Remaining Gigs	

### In/Out Processing Price

My Project Options Summary About

Carrier 10:02 PM

### Project Summary

**Project:** 5.00 Gigs of E-Mail for Native Processing

**Deduplication / Culling:** Based on reduction rate of 0% final collection size will be 5.00 Gigs.

**Estimate Before Deduplication / Culling:** 35,000 Docs / 500,000 Pages

**Estimate After Deduplication / Culling:** 35,000 Docs / 500,000 Pages

**Straight Processing:** This project will take 0.50 hours using 1 stations. Priced at \$400 per gigabyte this project will cost \$2,000.00. Estimated processing capacity is 10.00 Gigs per hour per station.

**In/Out Processing Price:**  
In: 5.00 Gigs at \$50 per gig = \$250.00  
Out: 5.00 Gigs at \$400 per gig = \$2,000.00  
Reduction rate is estimated at 0%.  
Total project price is \$2,250.00

**Tiered Processing:**  
Tier 1: 5.00 gigs at \$400 /gig = \$2,000.00  
Tier 2: 0.00 gigs at \$350 /gig = \$0.00  
Tier 3: 0.00 gigs at \$250 /gig = \$0.00  
Tier 4: 0.00 gigs at \$200 /gig = \$0.00  
Total: 5.00 gigs = \$2,000.00

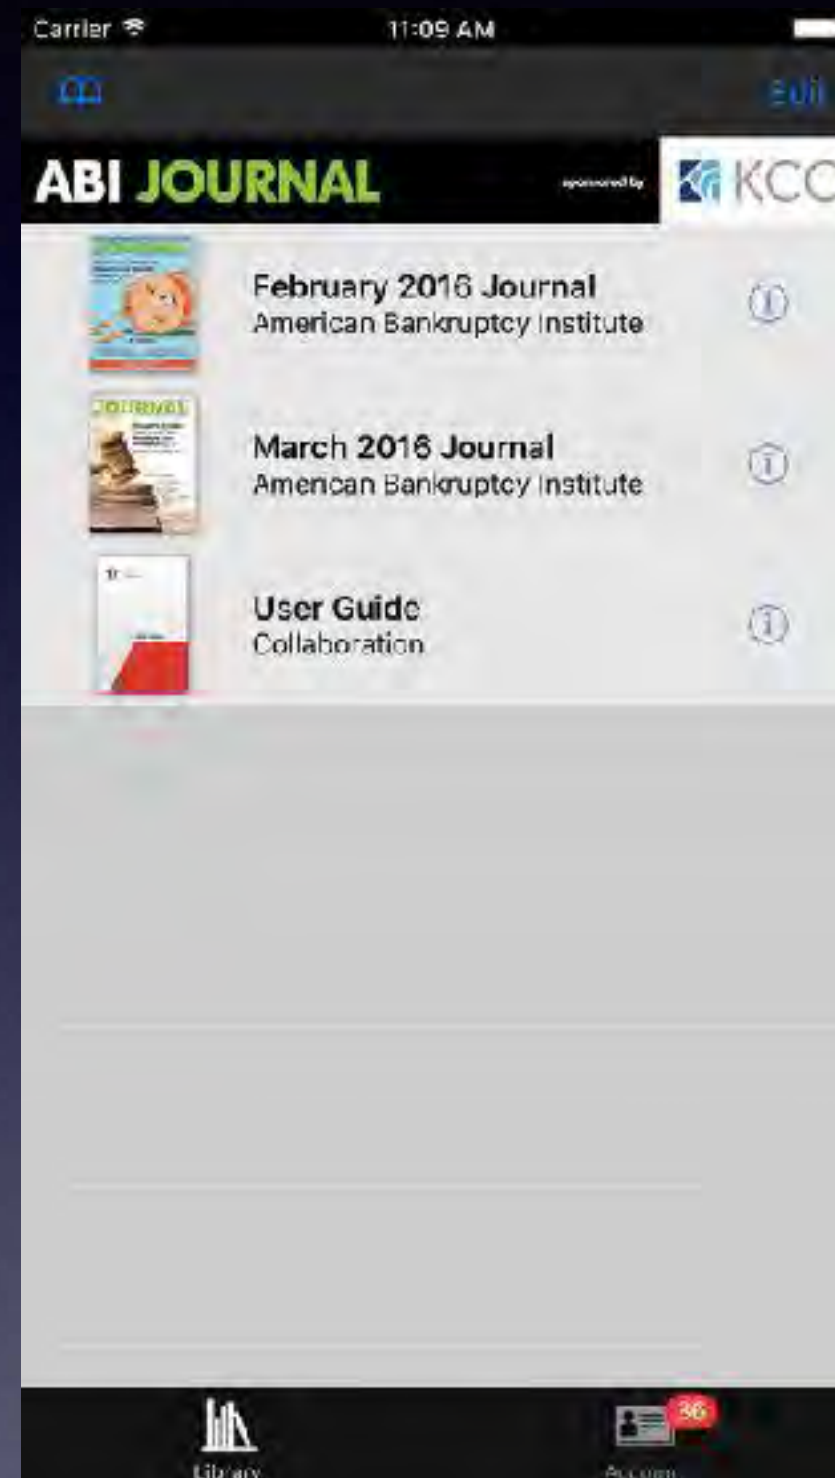

**Tiered Hosting:**  
Tier 1: 5.00 gigs at \$60 /gig = \$300.00  
Tier 2: 0.00 gigs at \$50 /gig = \$0.00

My Project Options Summary About

This free app lets you calculate and estimate the size of your e-discovery project. This tool will estimate document and page count based on size of the job. It will also calculate time and cost required to complete the project.

# ABI Journal By ABI

The ABI Journal is the flagship publication of the ABI.

Access all articles from the current issue & previous archives of the Journal.

Search across the entire library with ability to annotate, bookmark and share

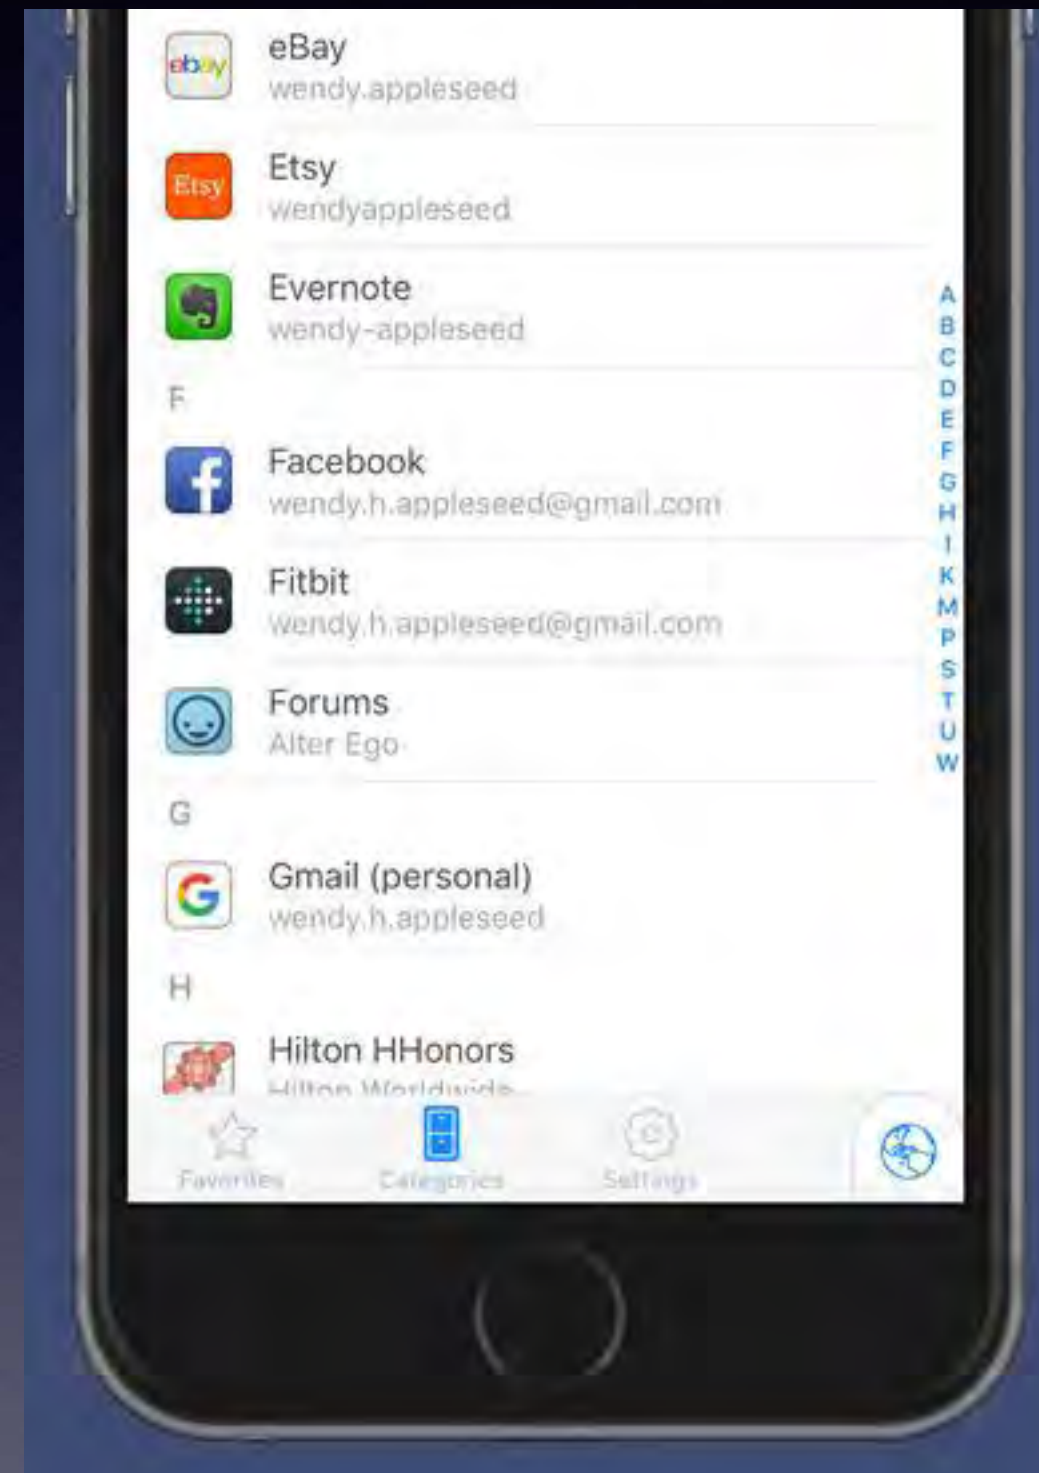

# Security

# 1Password

By AgileBits Inc.

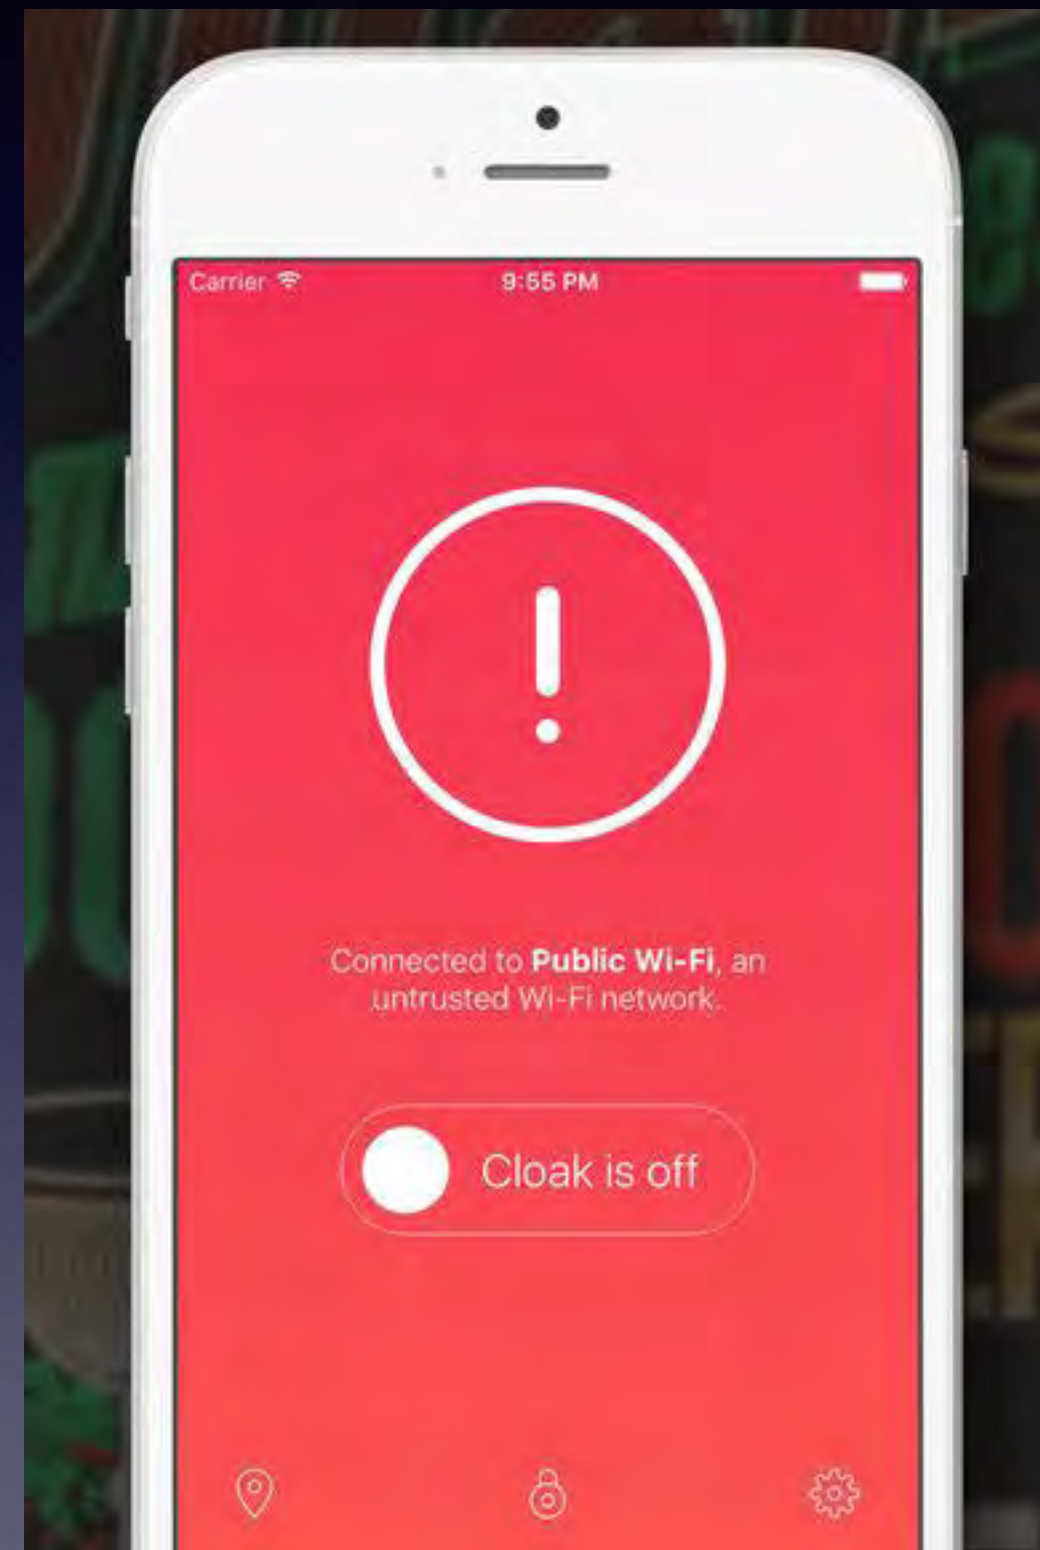

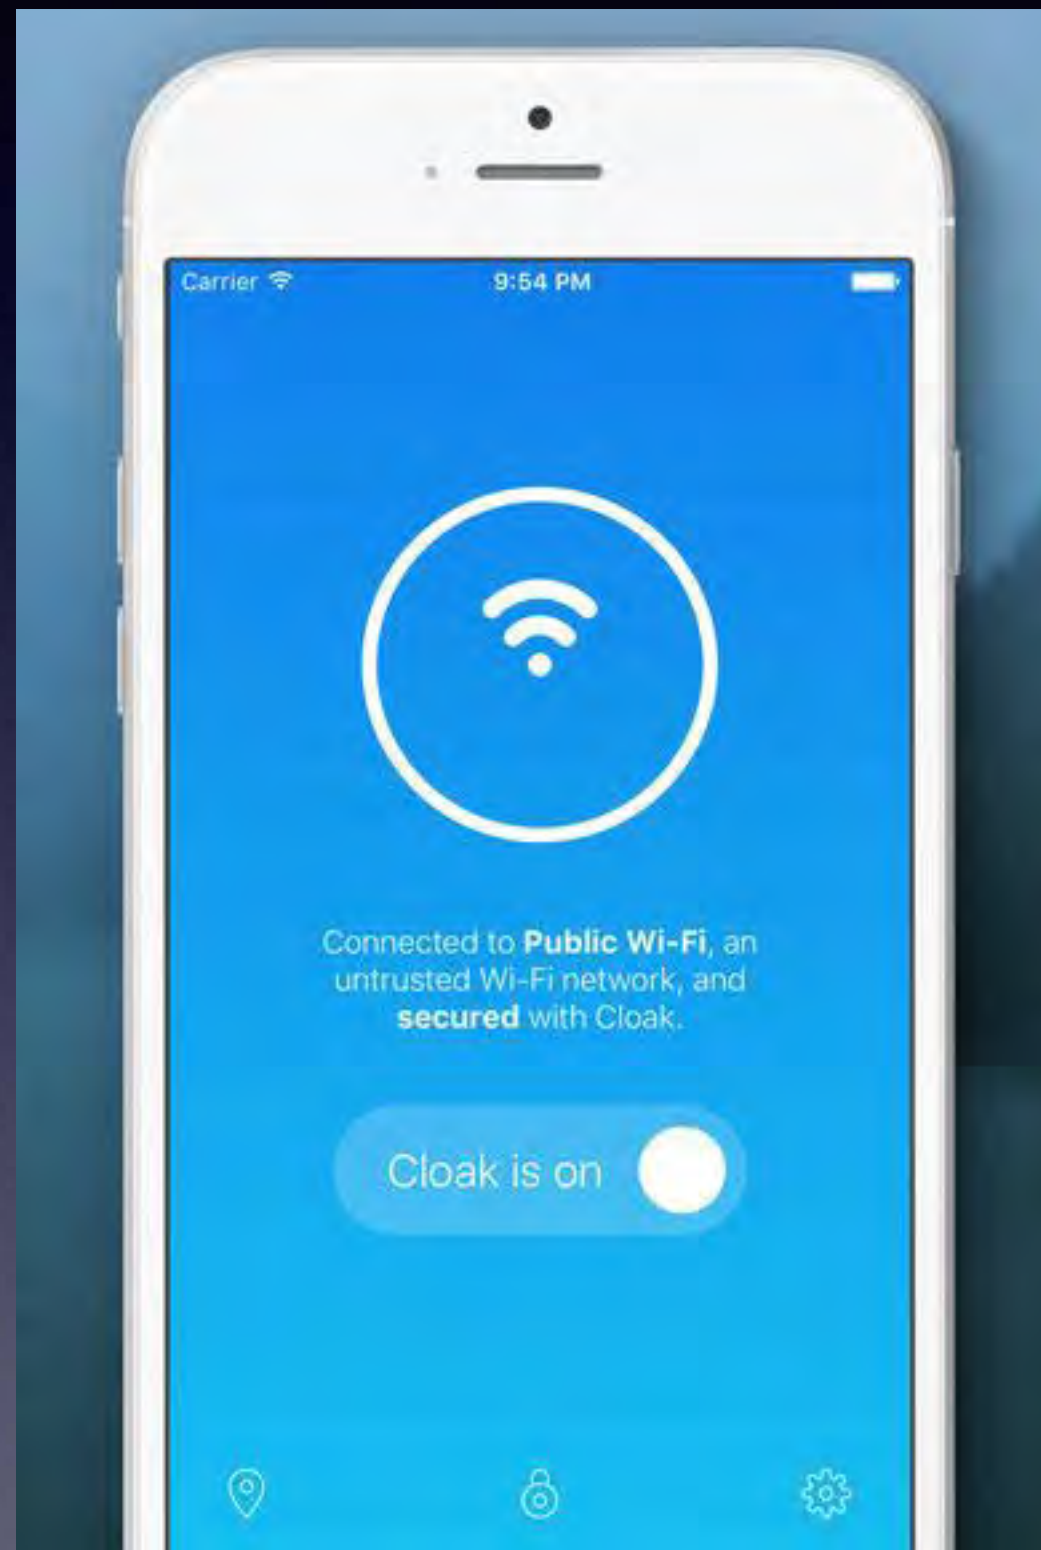

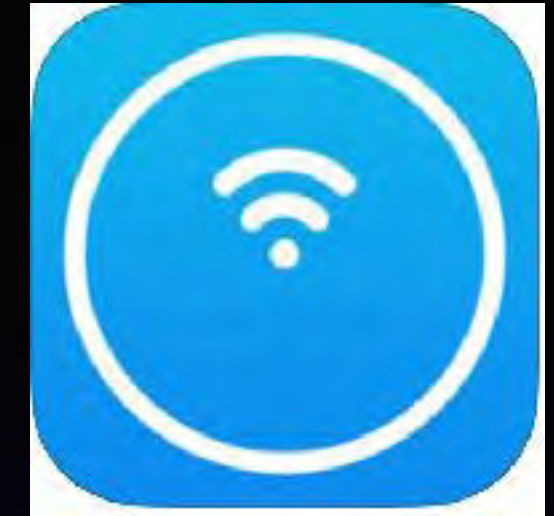

1Password remembers all your passwords and other sensitive information so you don't have to. Keep your digital life secure, always available, and safe behind the one password that only you know.

# Cloak

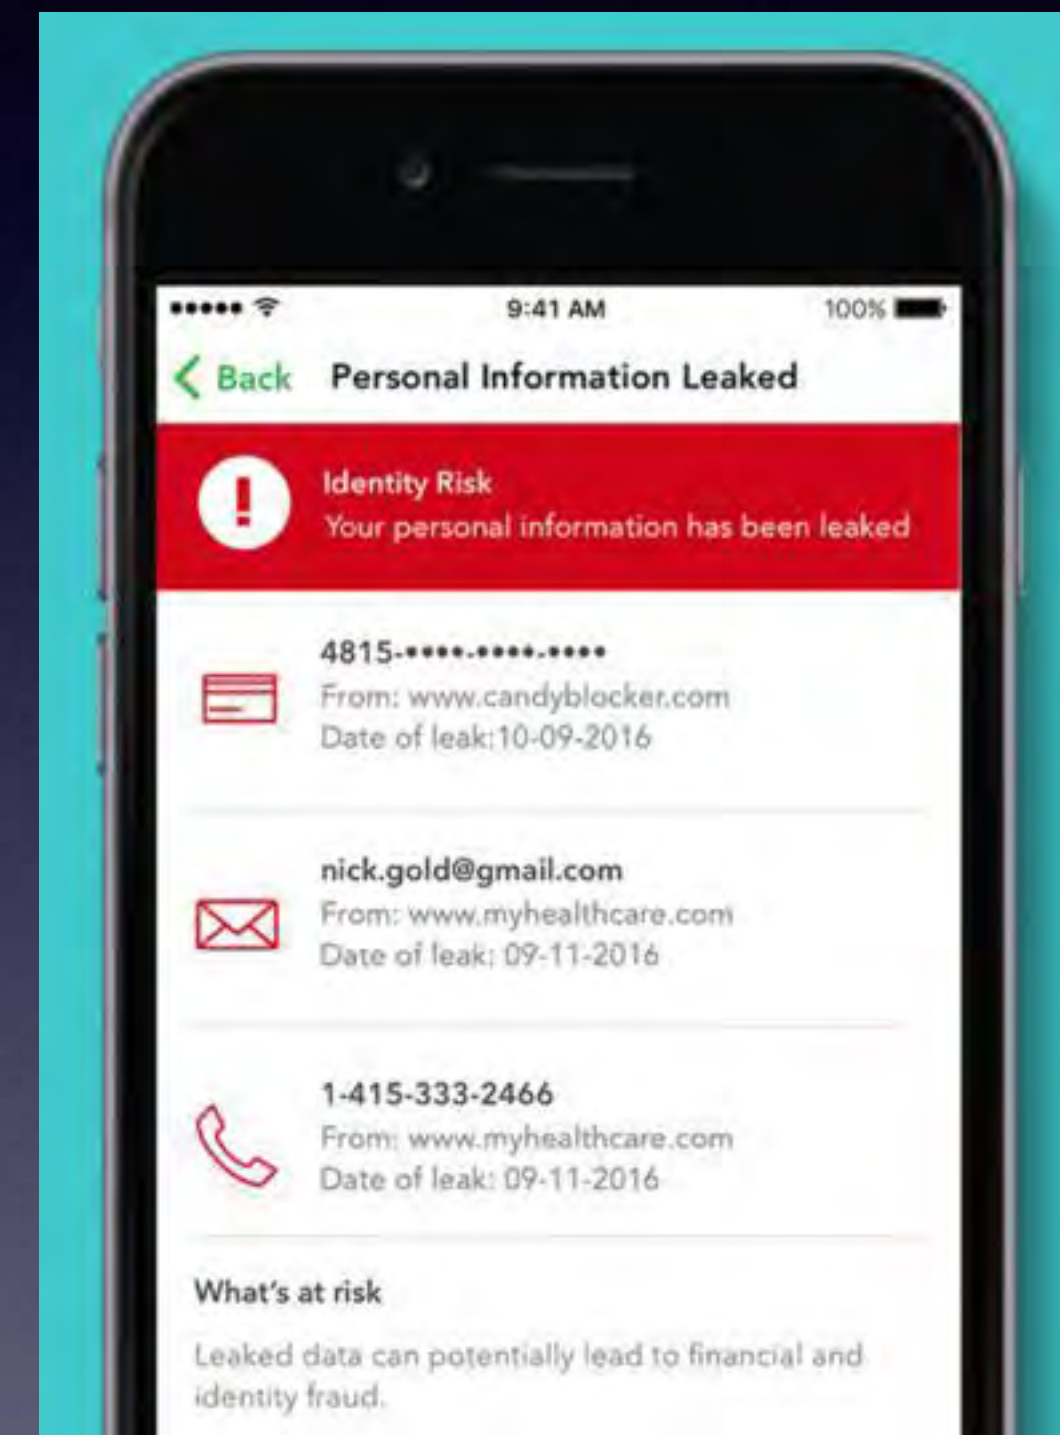

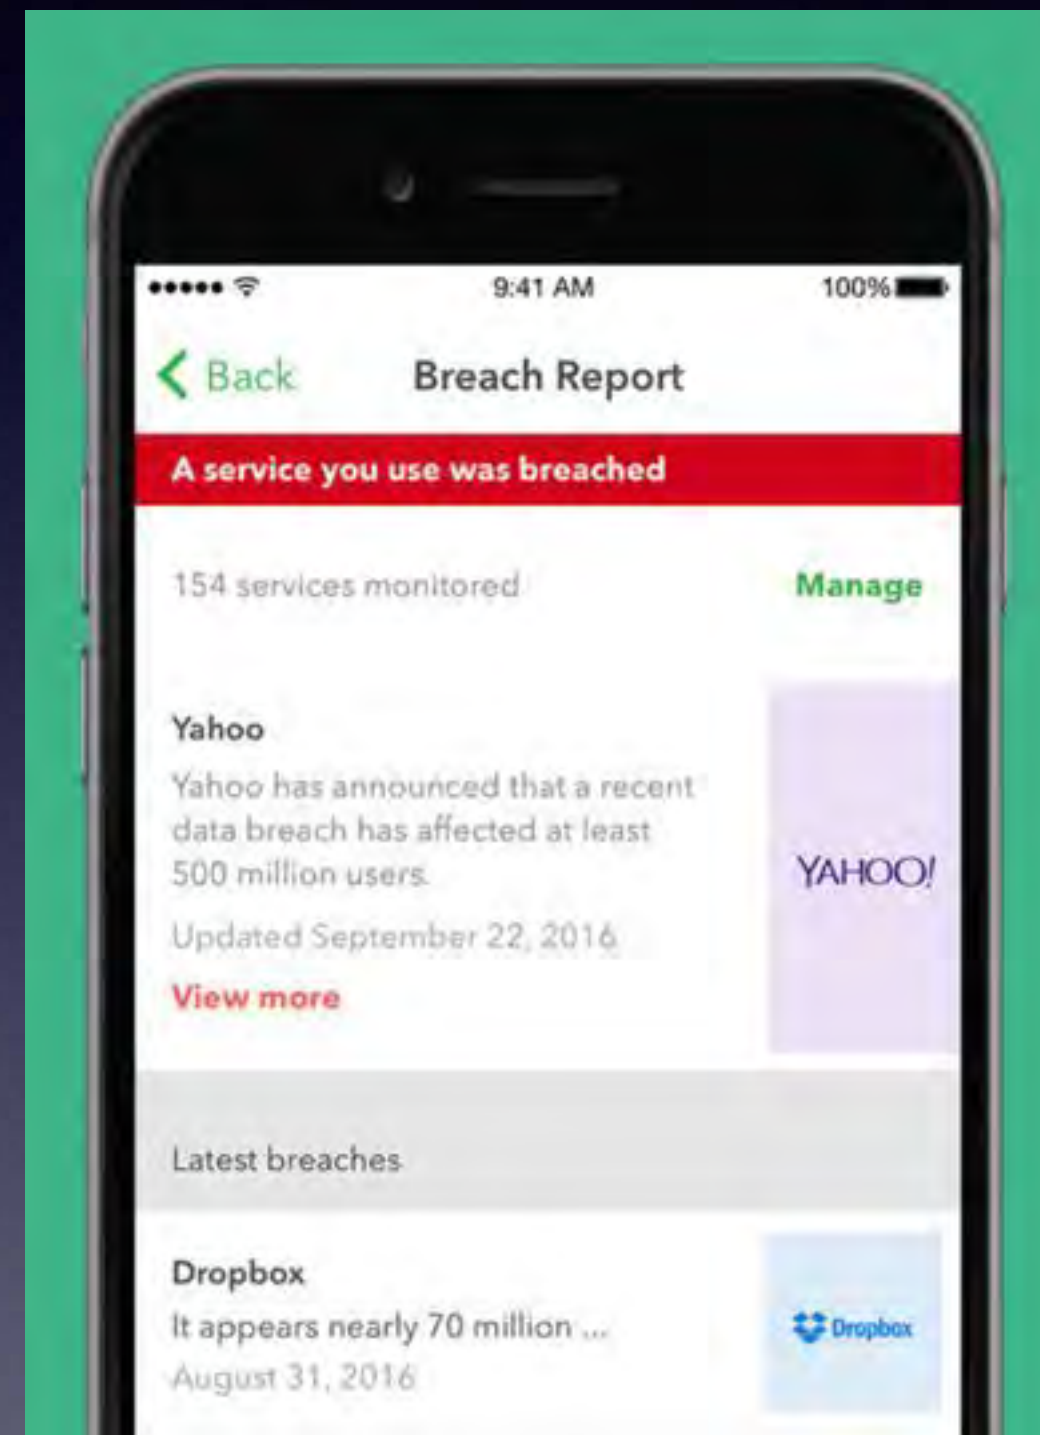

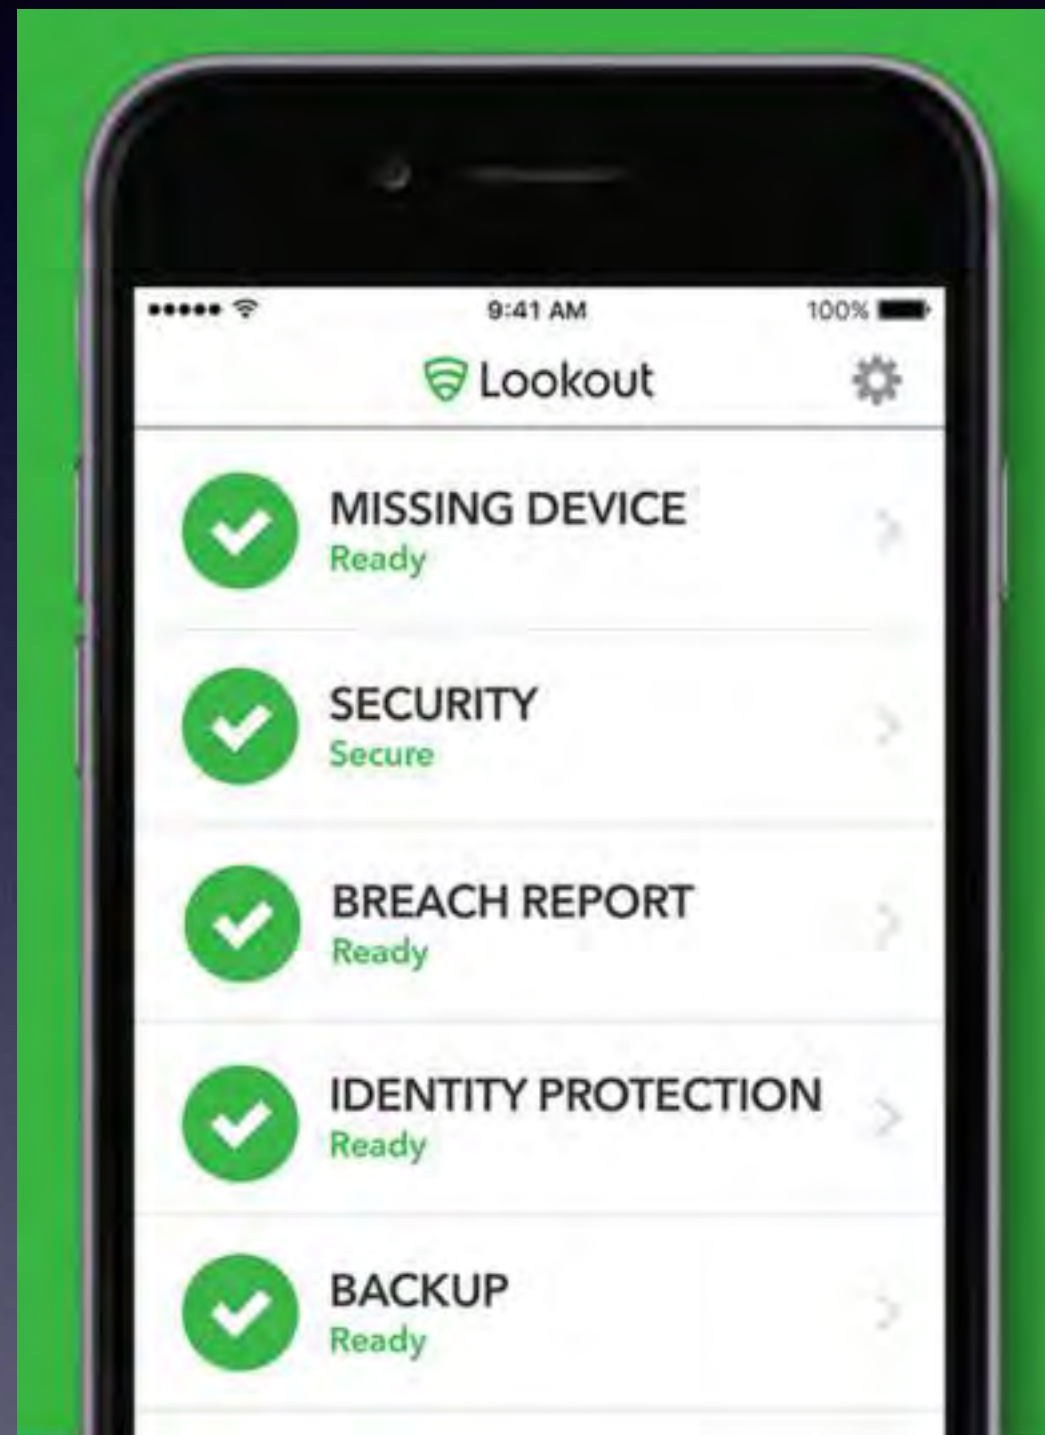

By Bourgeois Bits LLC

Cloak keeps you safe on Public Wi-Fi with no fiddling or fuss.  
Super Simple VPN, it knows which networks you trust, and which you don't

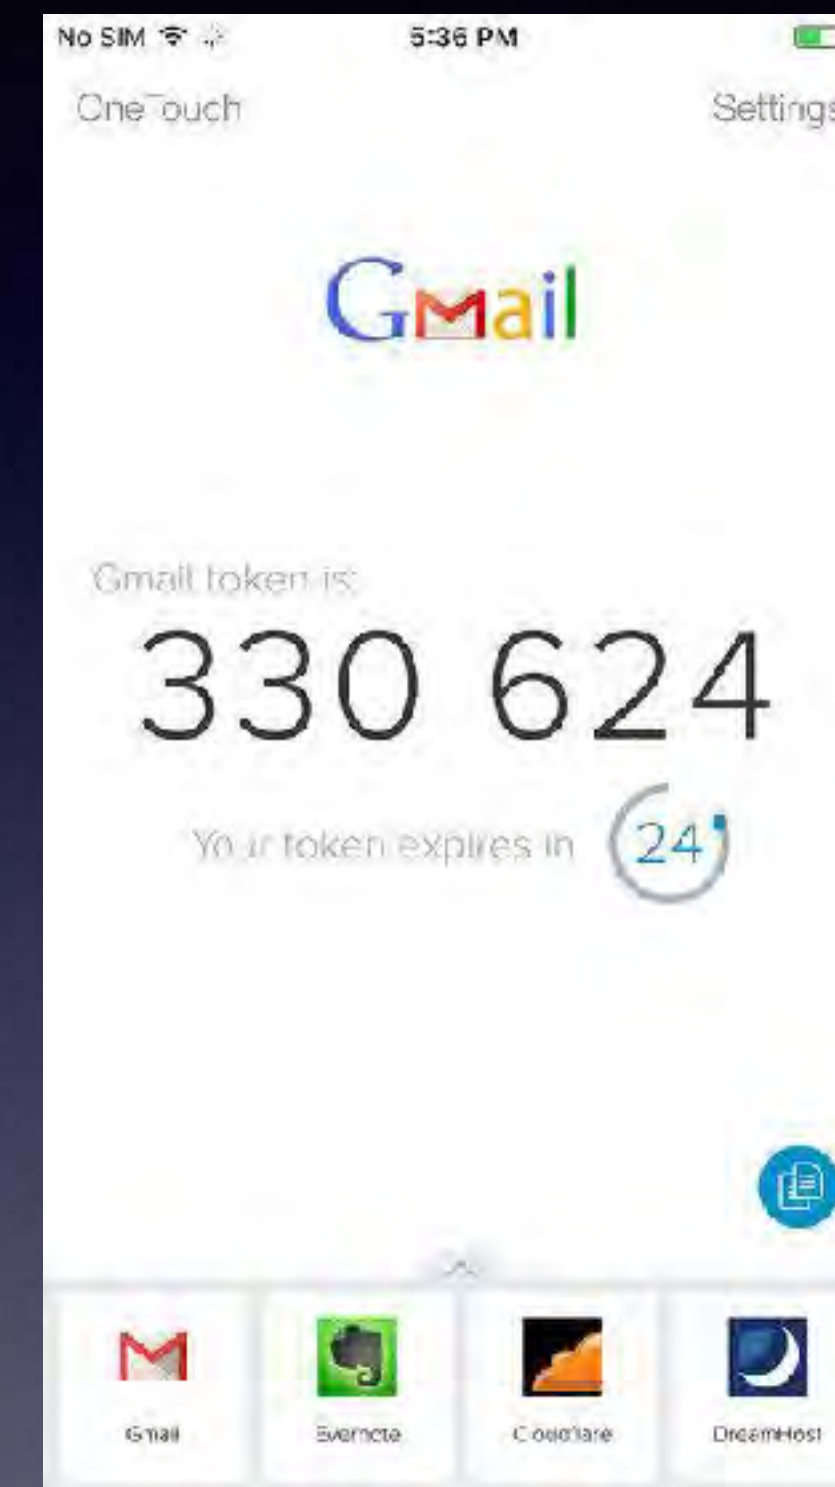

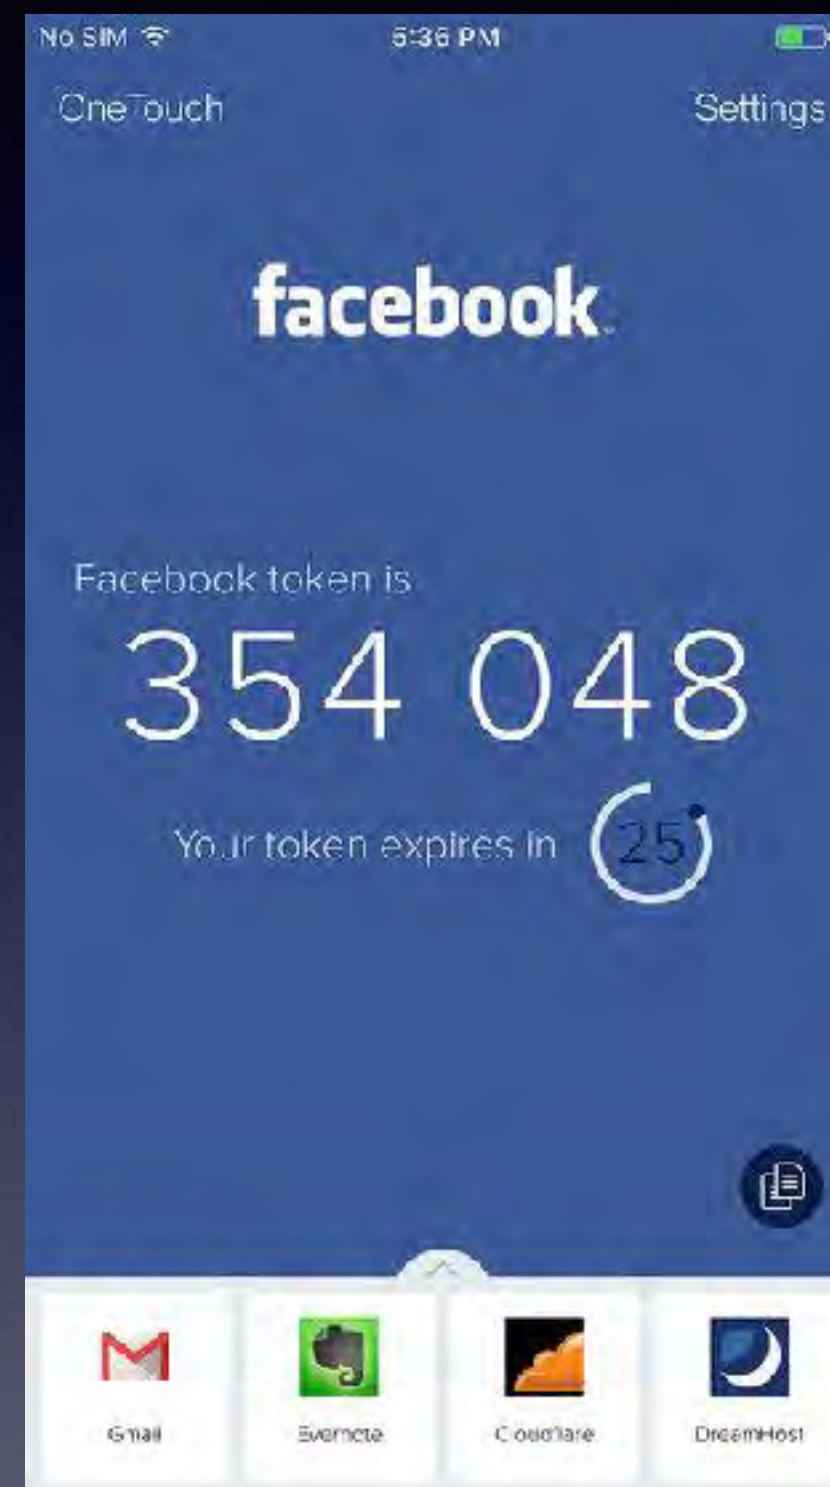

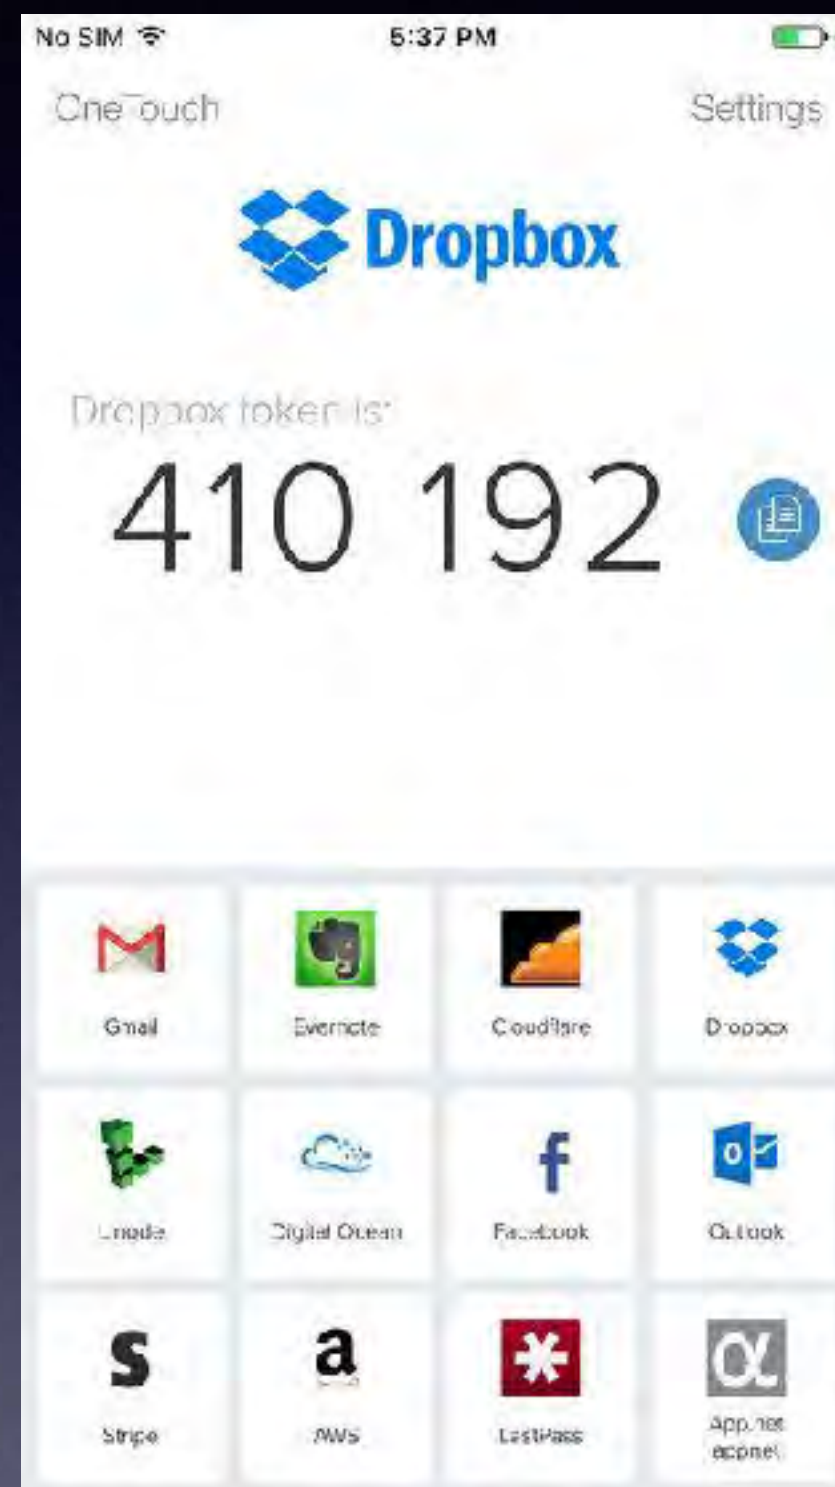

# Lookout By Lookout, Inc.

Get alerted when you're exposed to security vulnerabilities due to out-of-date software and automatically check your apps for malicious or suspicious activity

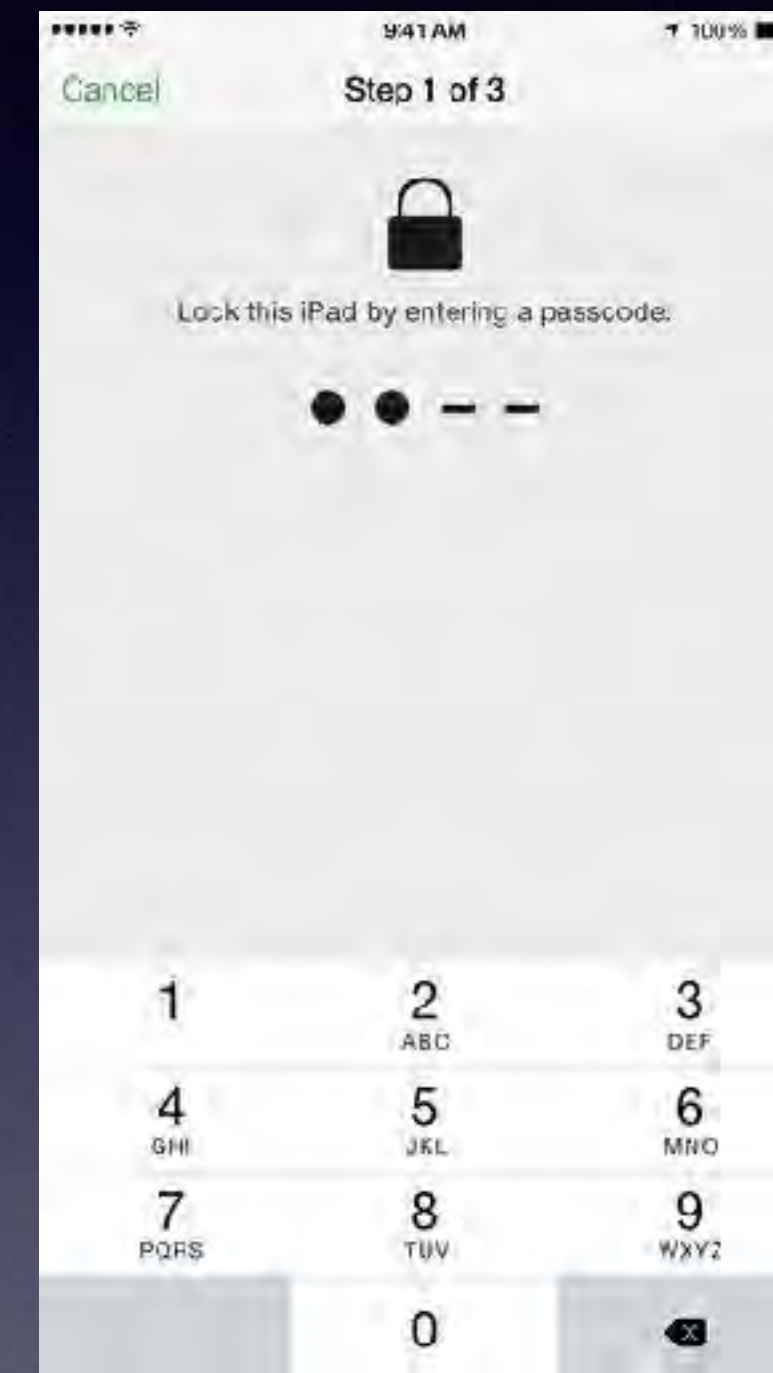

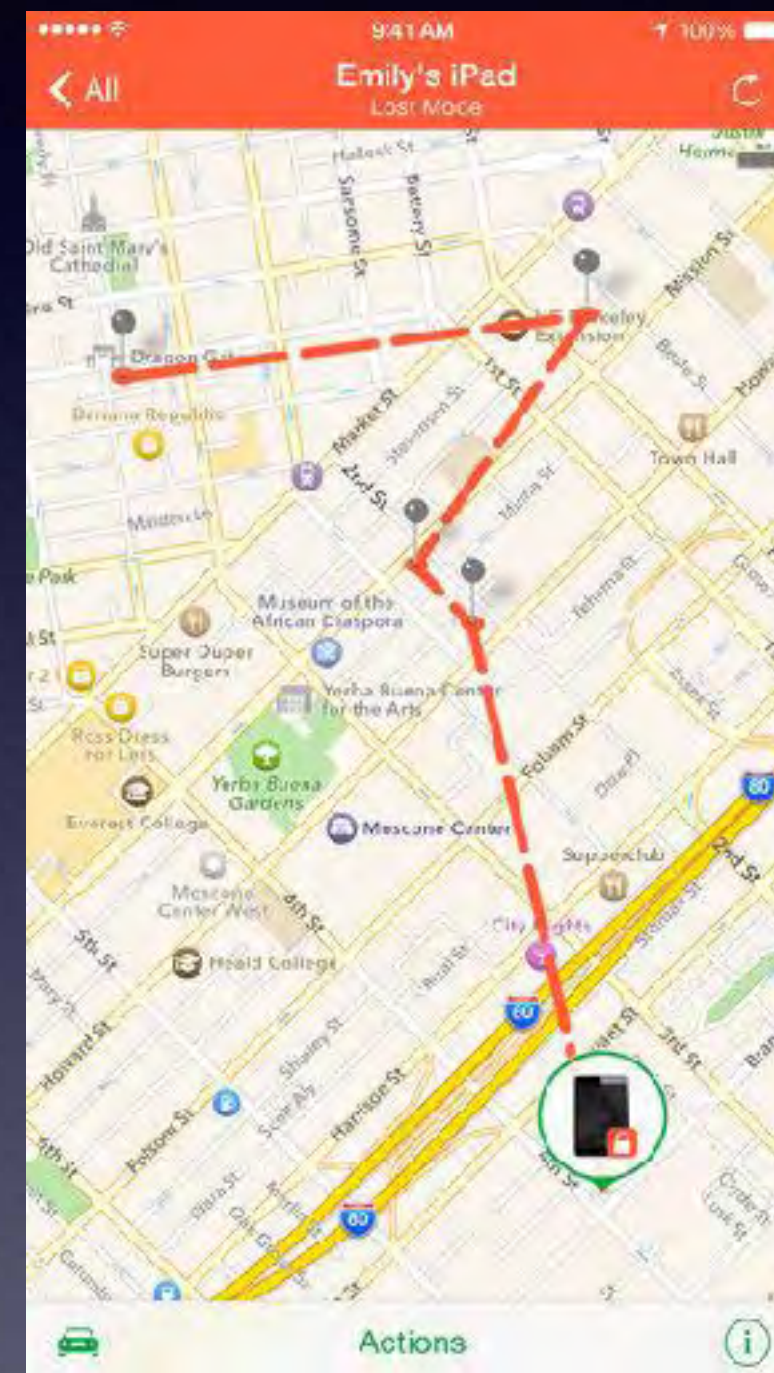

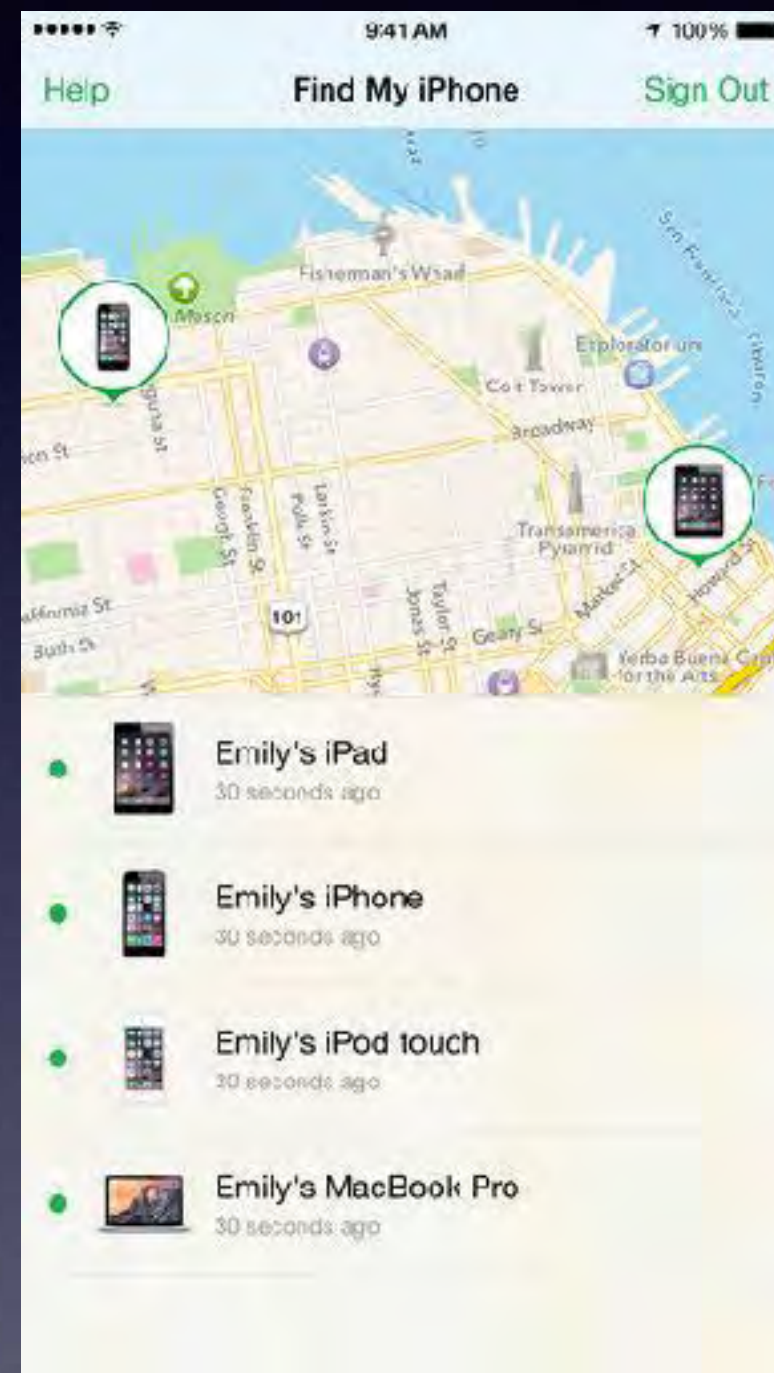

# Authy By Authy Inc

The Authy app generates secure 2 step verification tokens on your device. It help's you protect your account from hackers and hijackers by adding an additional layer of security.

# Find My iPhone By Apple

Find My iPhone will help you locate your missing device on a map, remotely lock it, play a sound, display a message, or erase all the data on it.

# Document Management

# GoodReader By Good.iWare

GoodReader is a true professional tool for reading and managing files

View MS Office, TXT, HTML

Read, annotate, edit and sign PDF documents

View pictures, listen to audio, watch video

A screenshot of the GoodReader app interface on an iPhone. The screen displays a grid of various file icons including PDFs, Word documents, text files, and HTML files. At the bottom, there are icons for viewing pictures, listening to audio (MP3), and watching videos.

View, create and edit PDF annotations

Sign documents and draw pictures with a finger or a stylus

Highlight and markup text

Draw with a finger

Sign documents

A screenshot of the GoodReader app showing a PDF document titled 'Hydrosphere'. The document text is highlighted in green. A red arrow points to a drawing of a question mark made with a finger. Another red arrow points to a signature 'Sung' at the bottom of the page. A third red arrow points to a highlighted section of text.

Access servers & transfer files, use WiFi or USB to exchange files with your computer

Download attachments directly from Email servers

Dropbox, OneDrive, Google Drive, box.com, SugarSync

WebDAV, FTP, SFTP, AFP or SMB servers

A screenshot of the GoodReader app showing a list of various servers and email accounts. The list includes Dropbox, OneDrive, Google Drive, box.com, SugarSync, WebDAV Server, FTP Server, SFTP Server, AFP Server, and SMB Server. Below the list, there are icons for WebDAV, SFTP, SMB, FTP, and AFP servers.

GoodReader® is the super-robust PDF reader for iPad, iPhone and iPod touch.

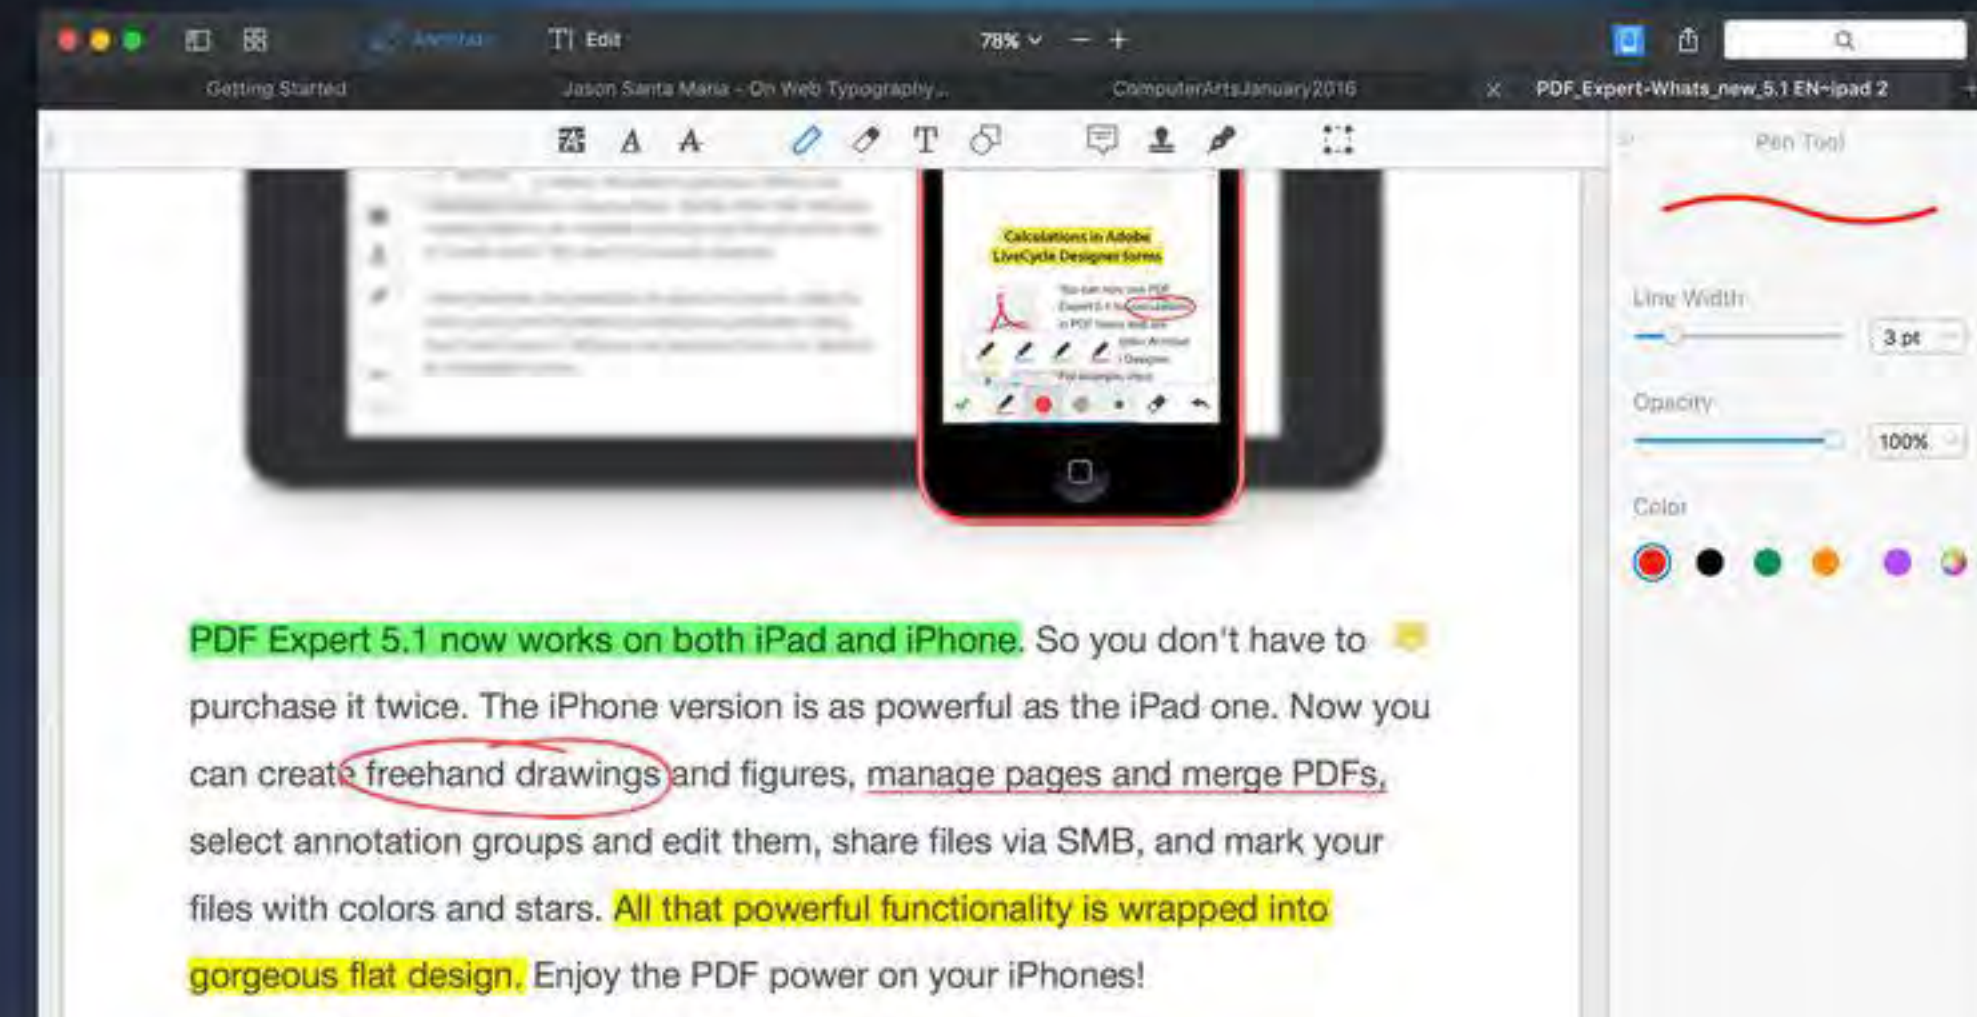

# PDF Expert 2 By Readdle

## Edit Text, Images, Links and Outlines

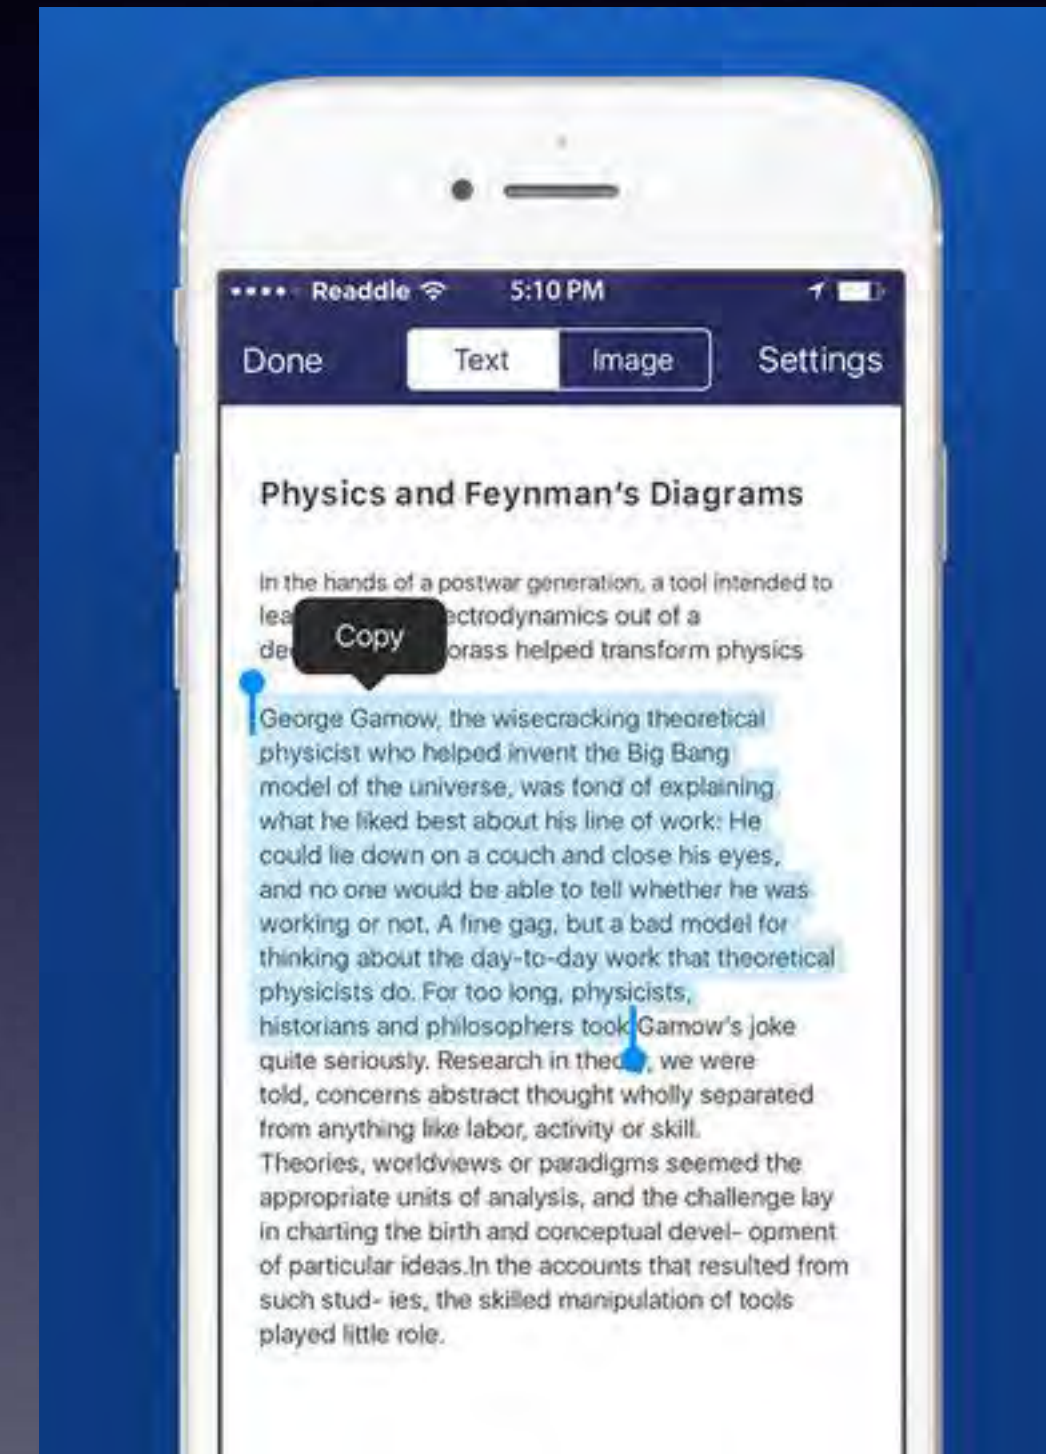

## Great Annotation Tool

PDF Expert is a fast, robust and beautiful PDF editor.

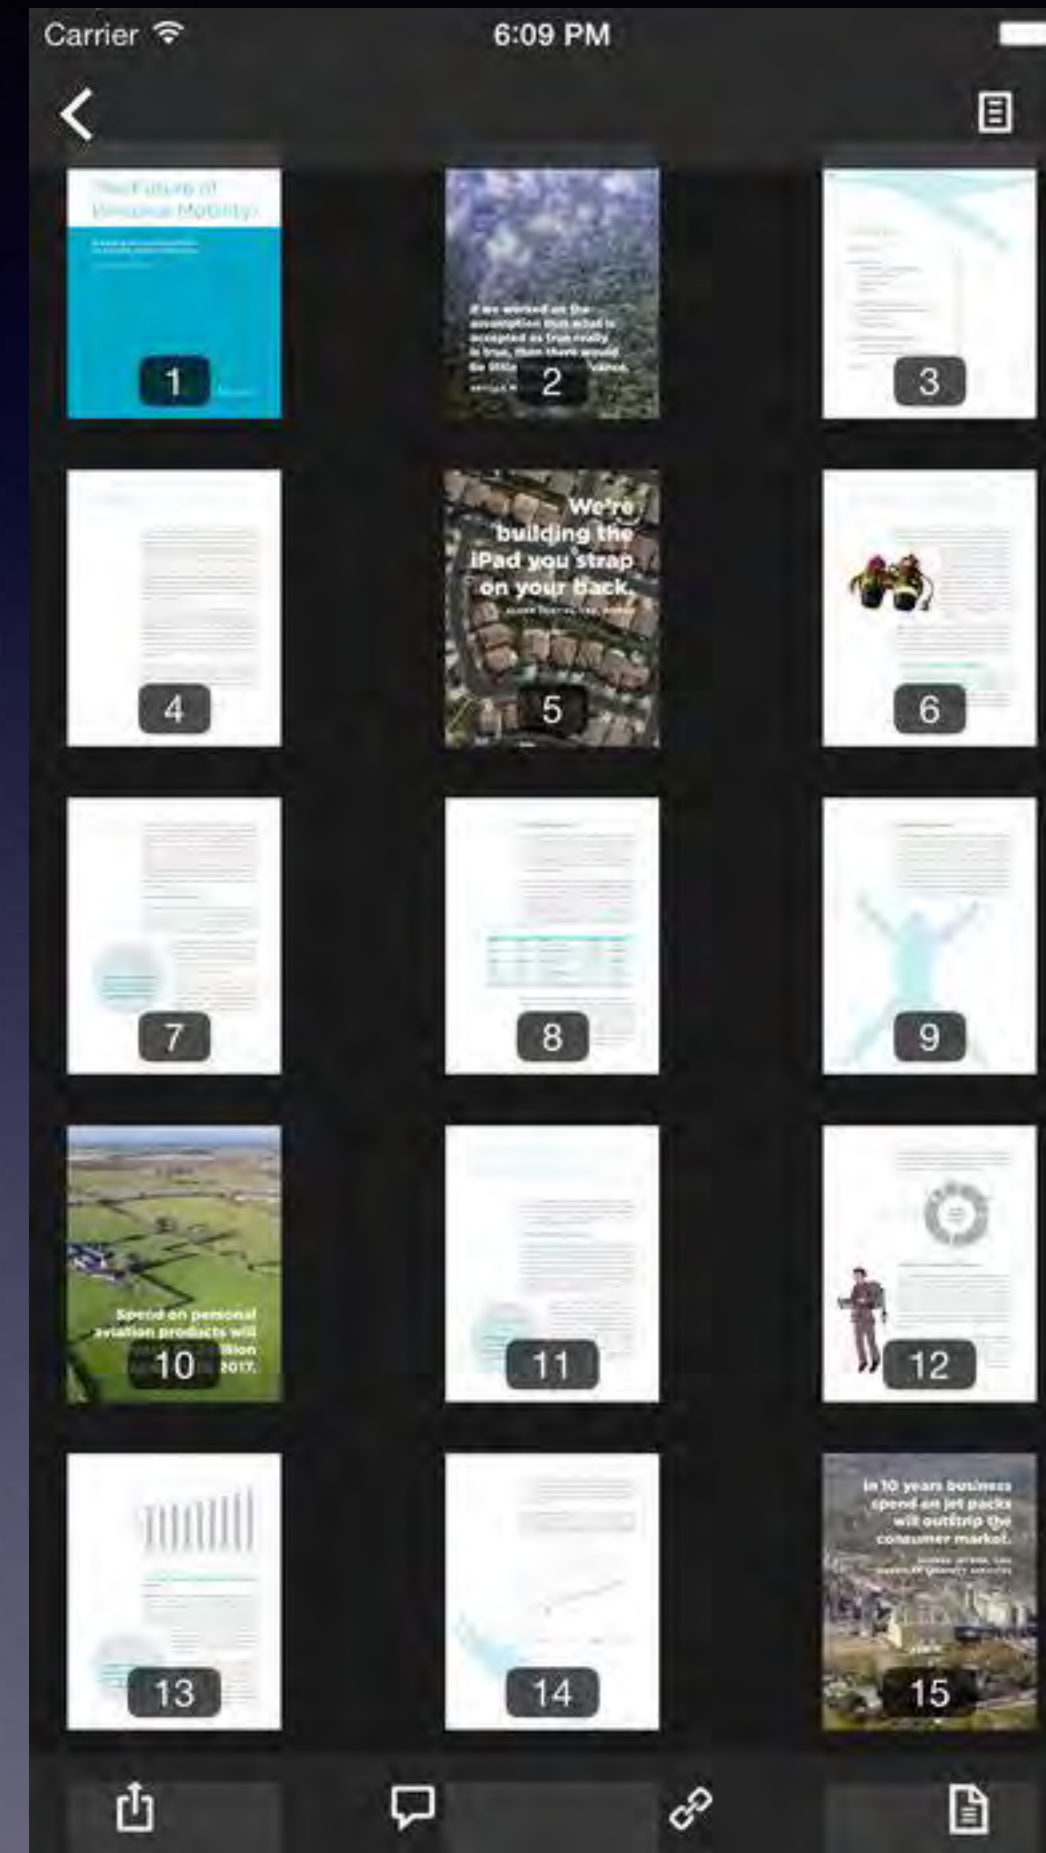

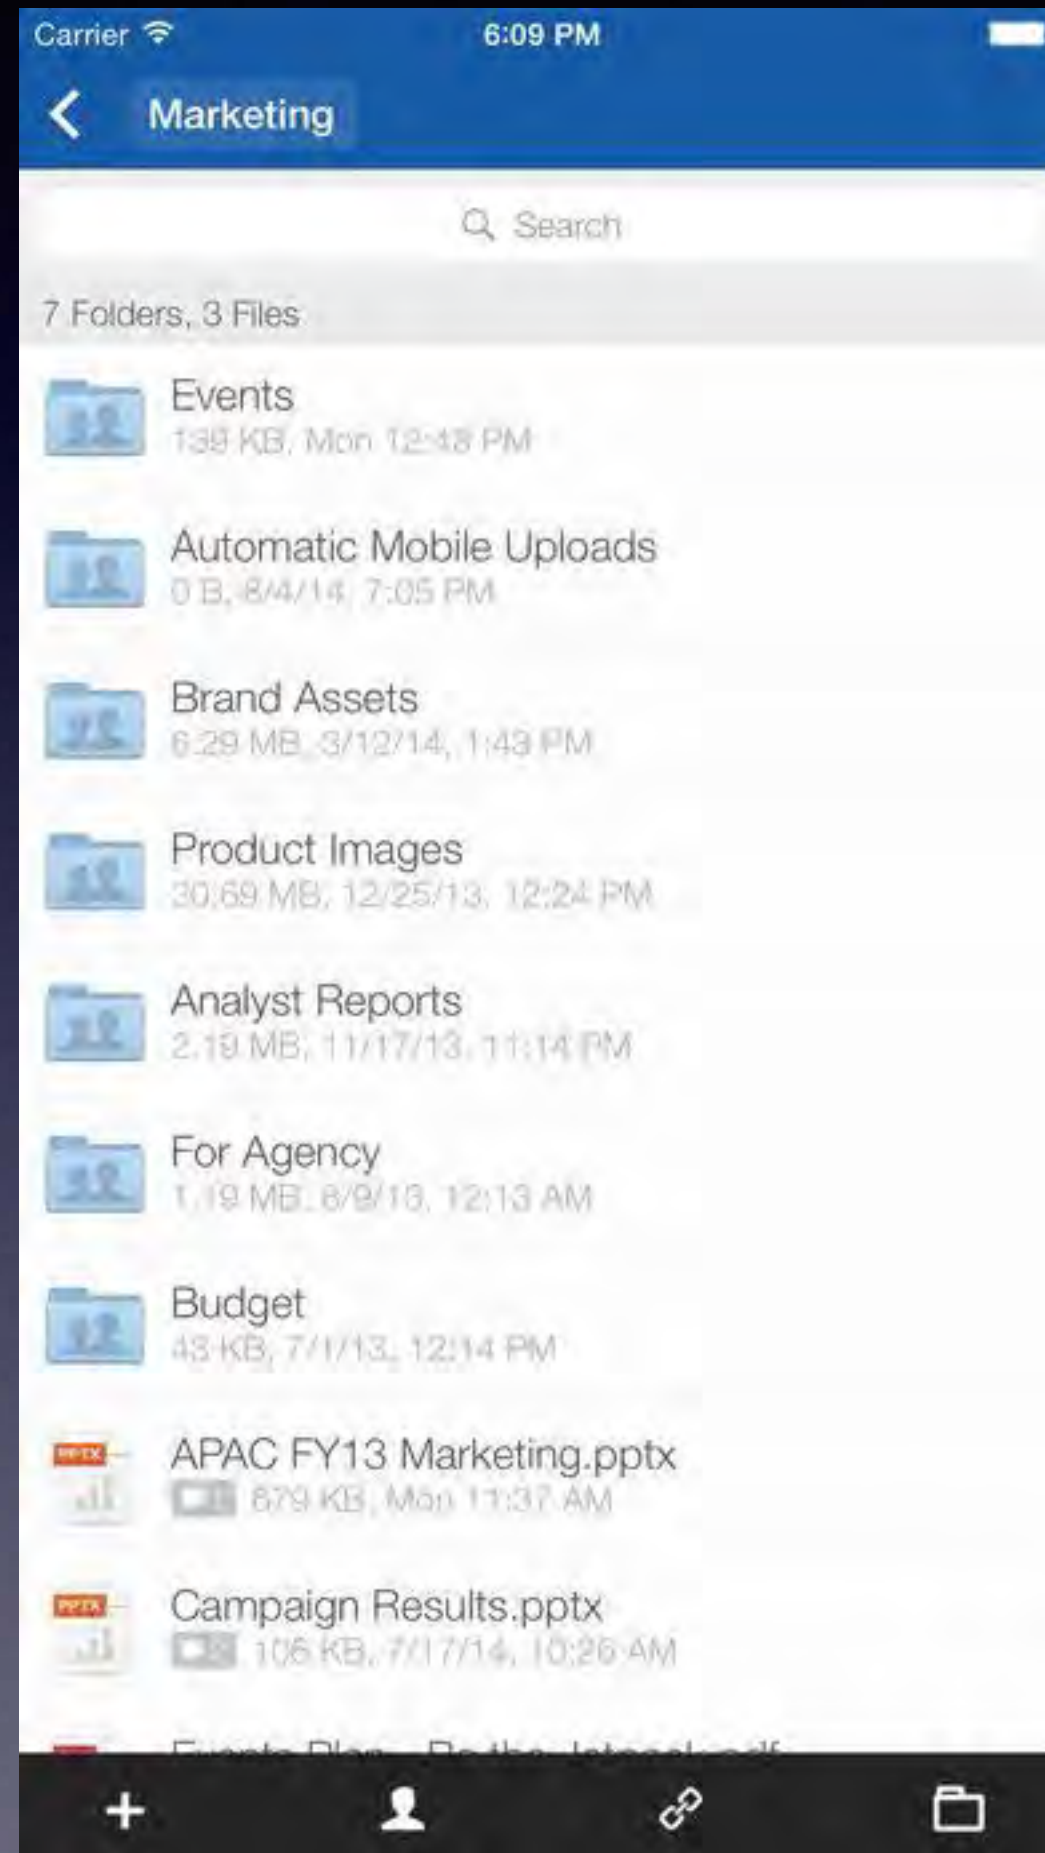

# Scanner Pro By Readle

Turn your iPhone or iPad into a portable scanner. Scanner Pro allows you to scan paper documents into PDFs that look clean and professional.

# Box By Box, Inc.

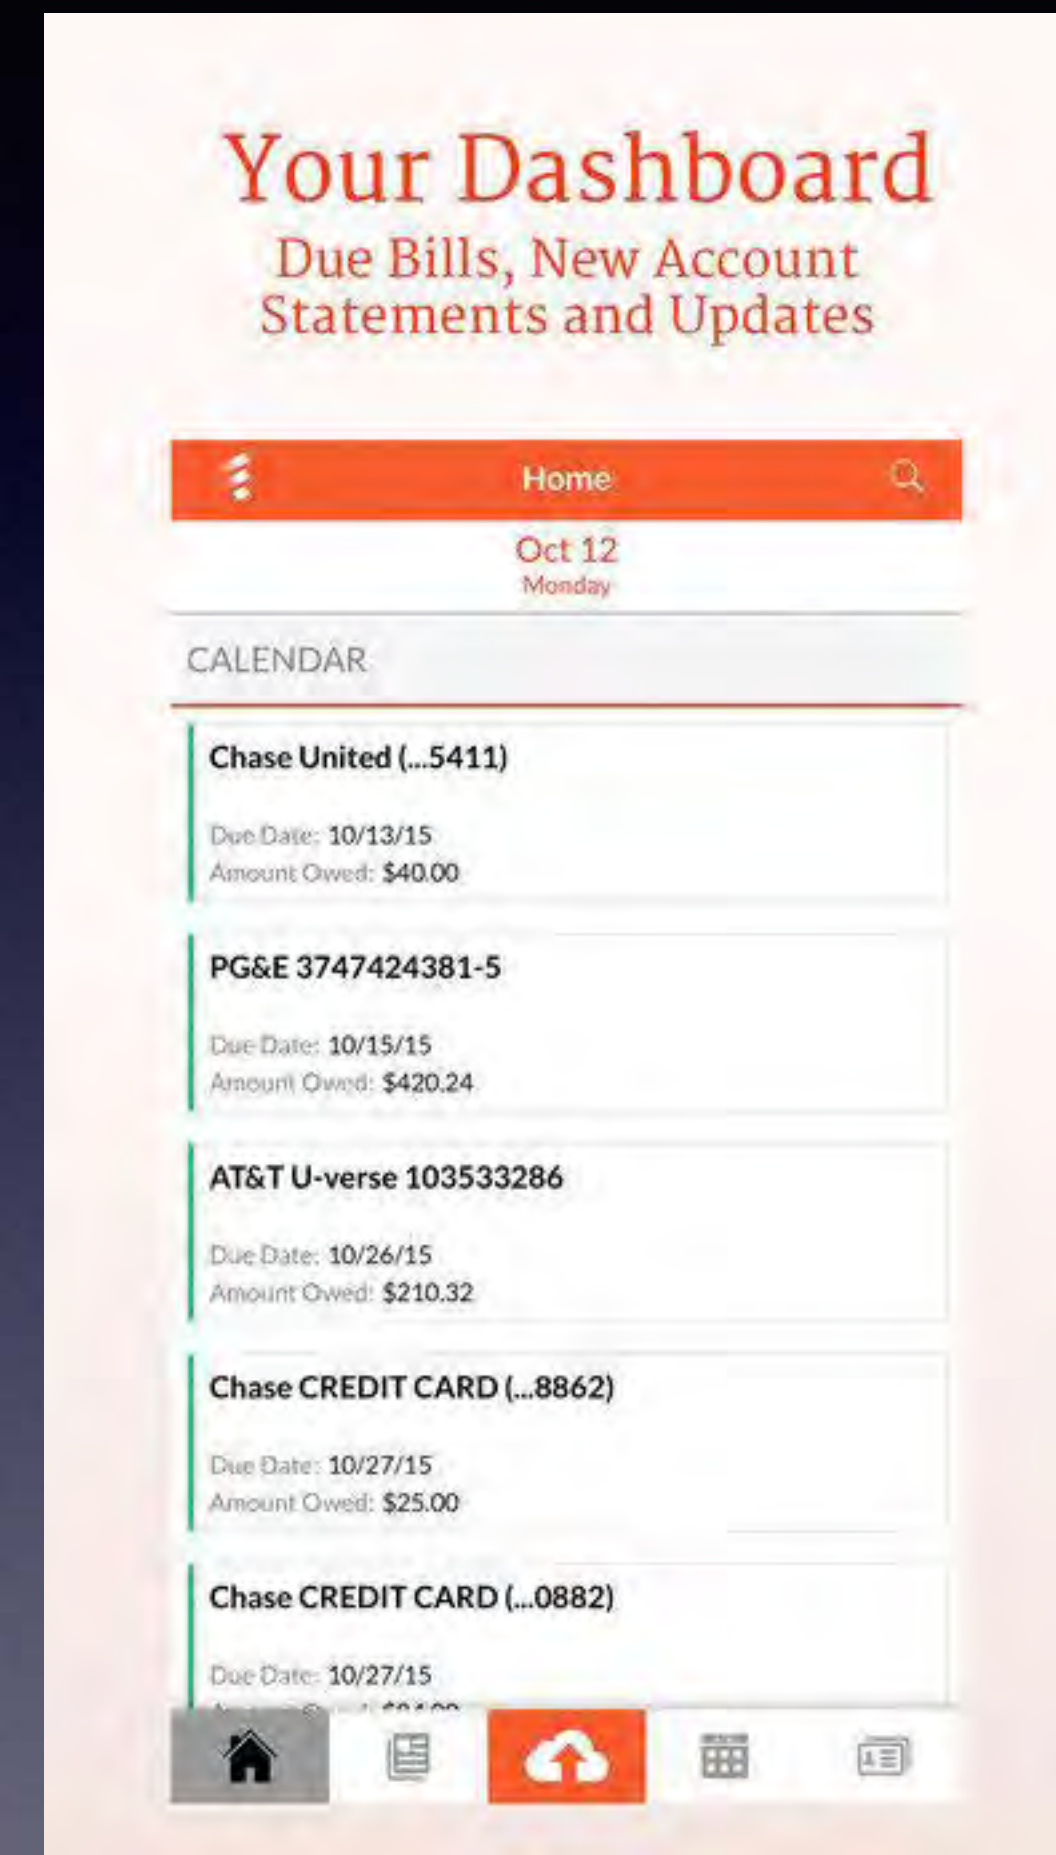

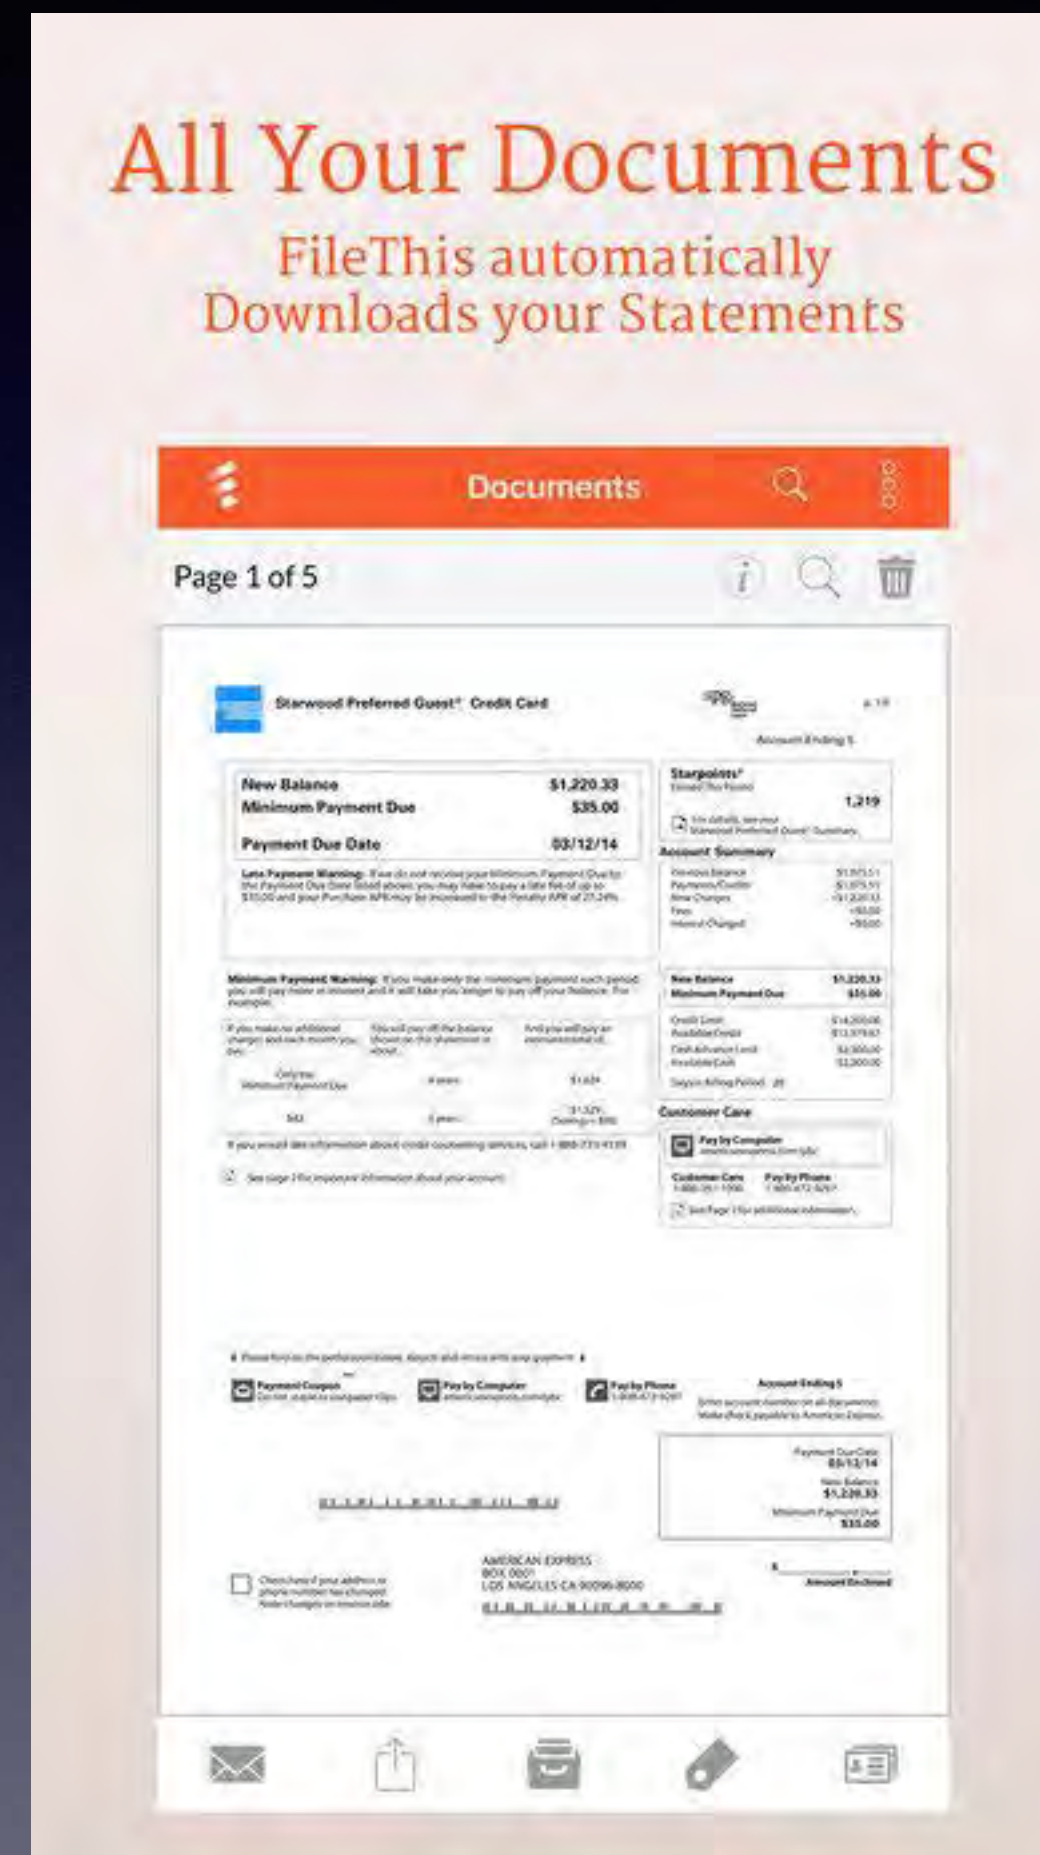

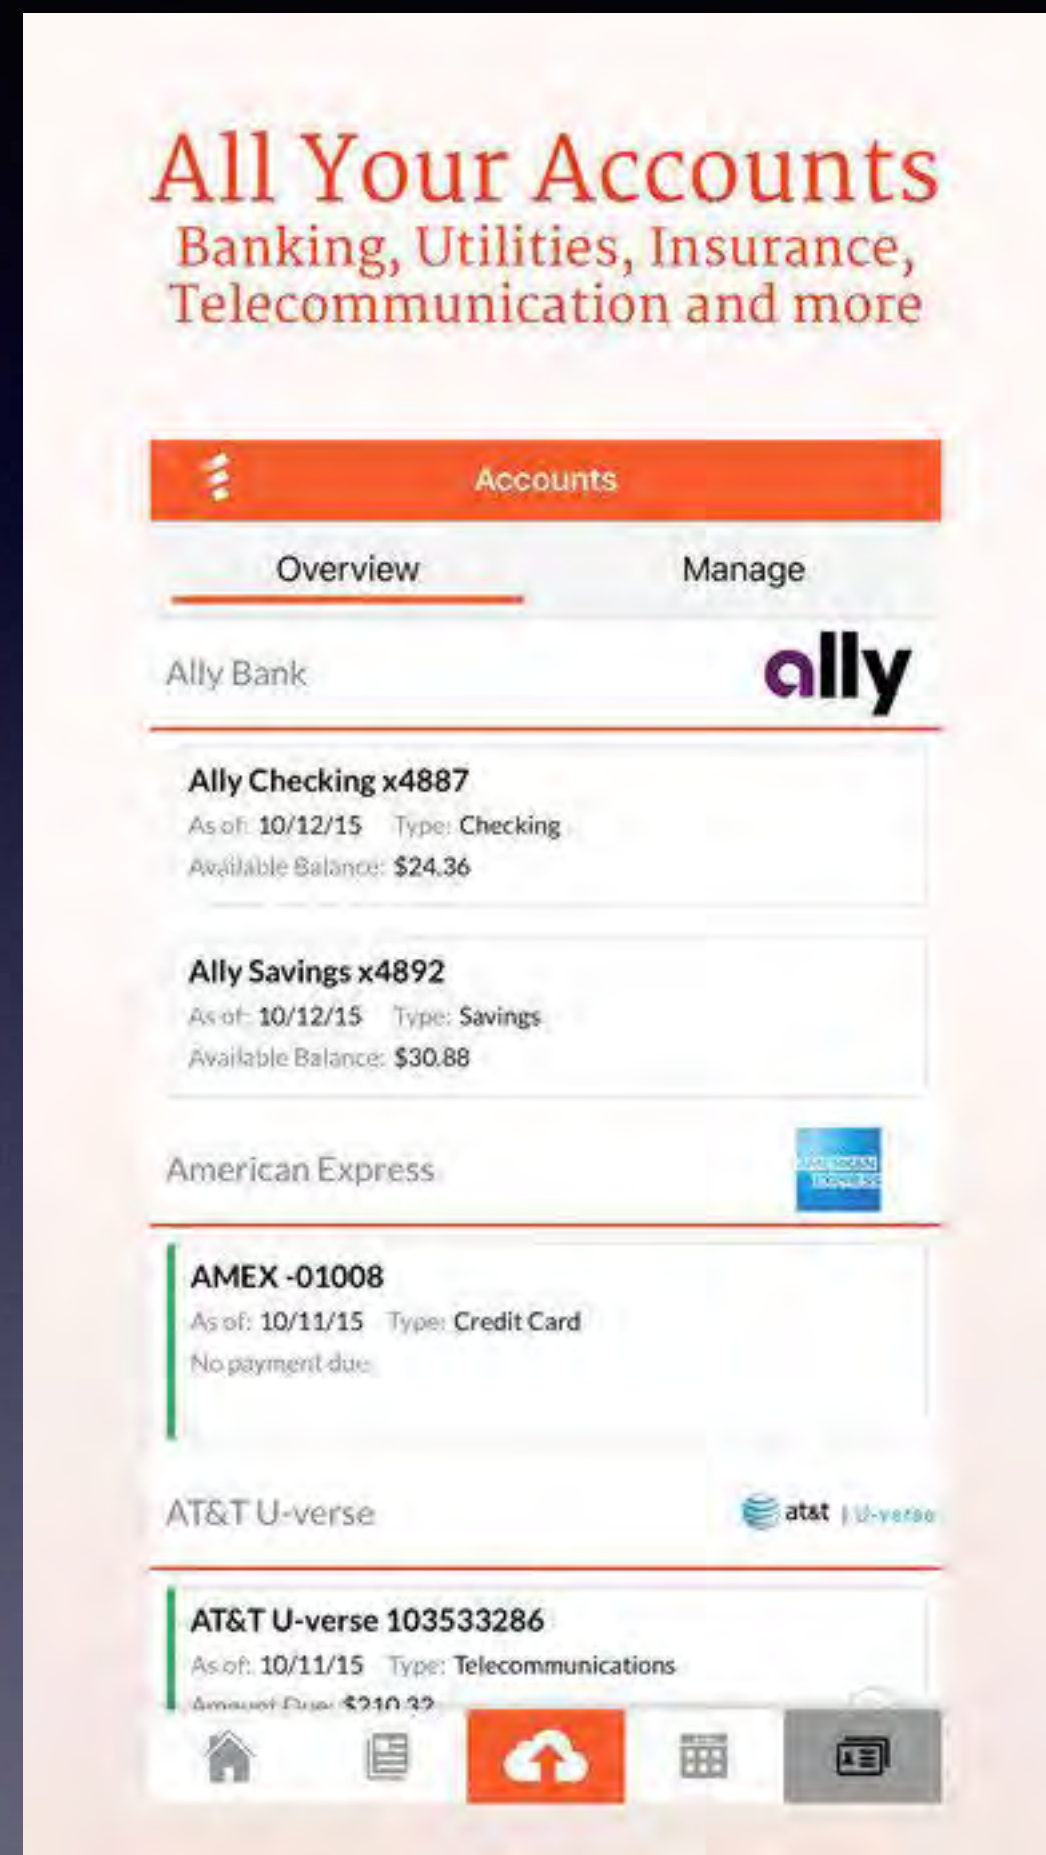

Securely store, manage and share all your files, photos and documents with 10GB of free cloud storage from Box.

# FileThis

By FileThis, Inc.

The Free and Easy Bill Organizer and Money Manager for  
All Your Accounts, Receipts and Your Entire Paperwork.

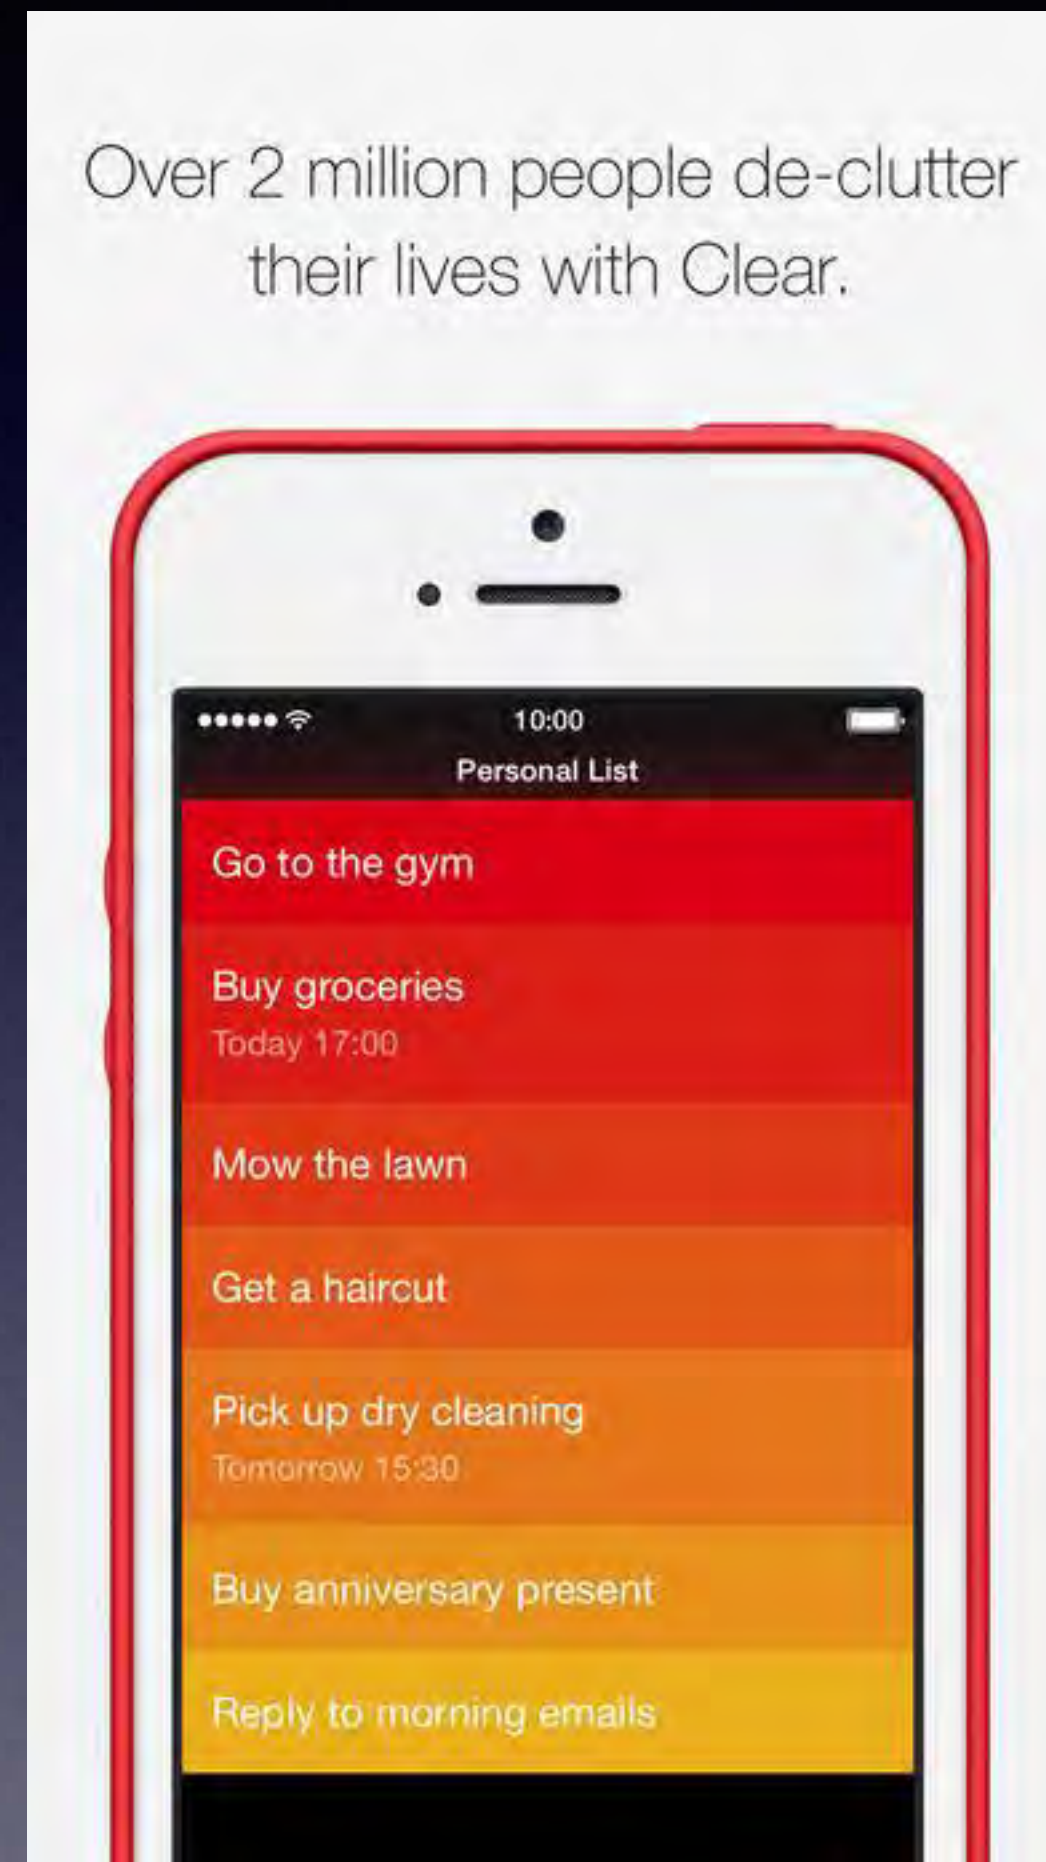

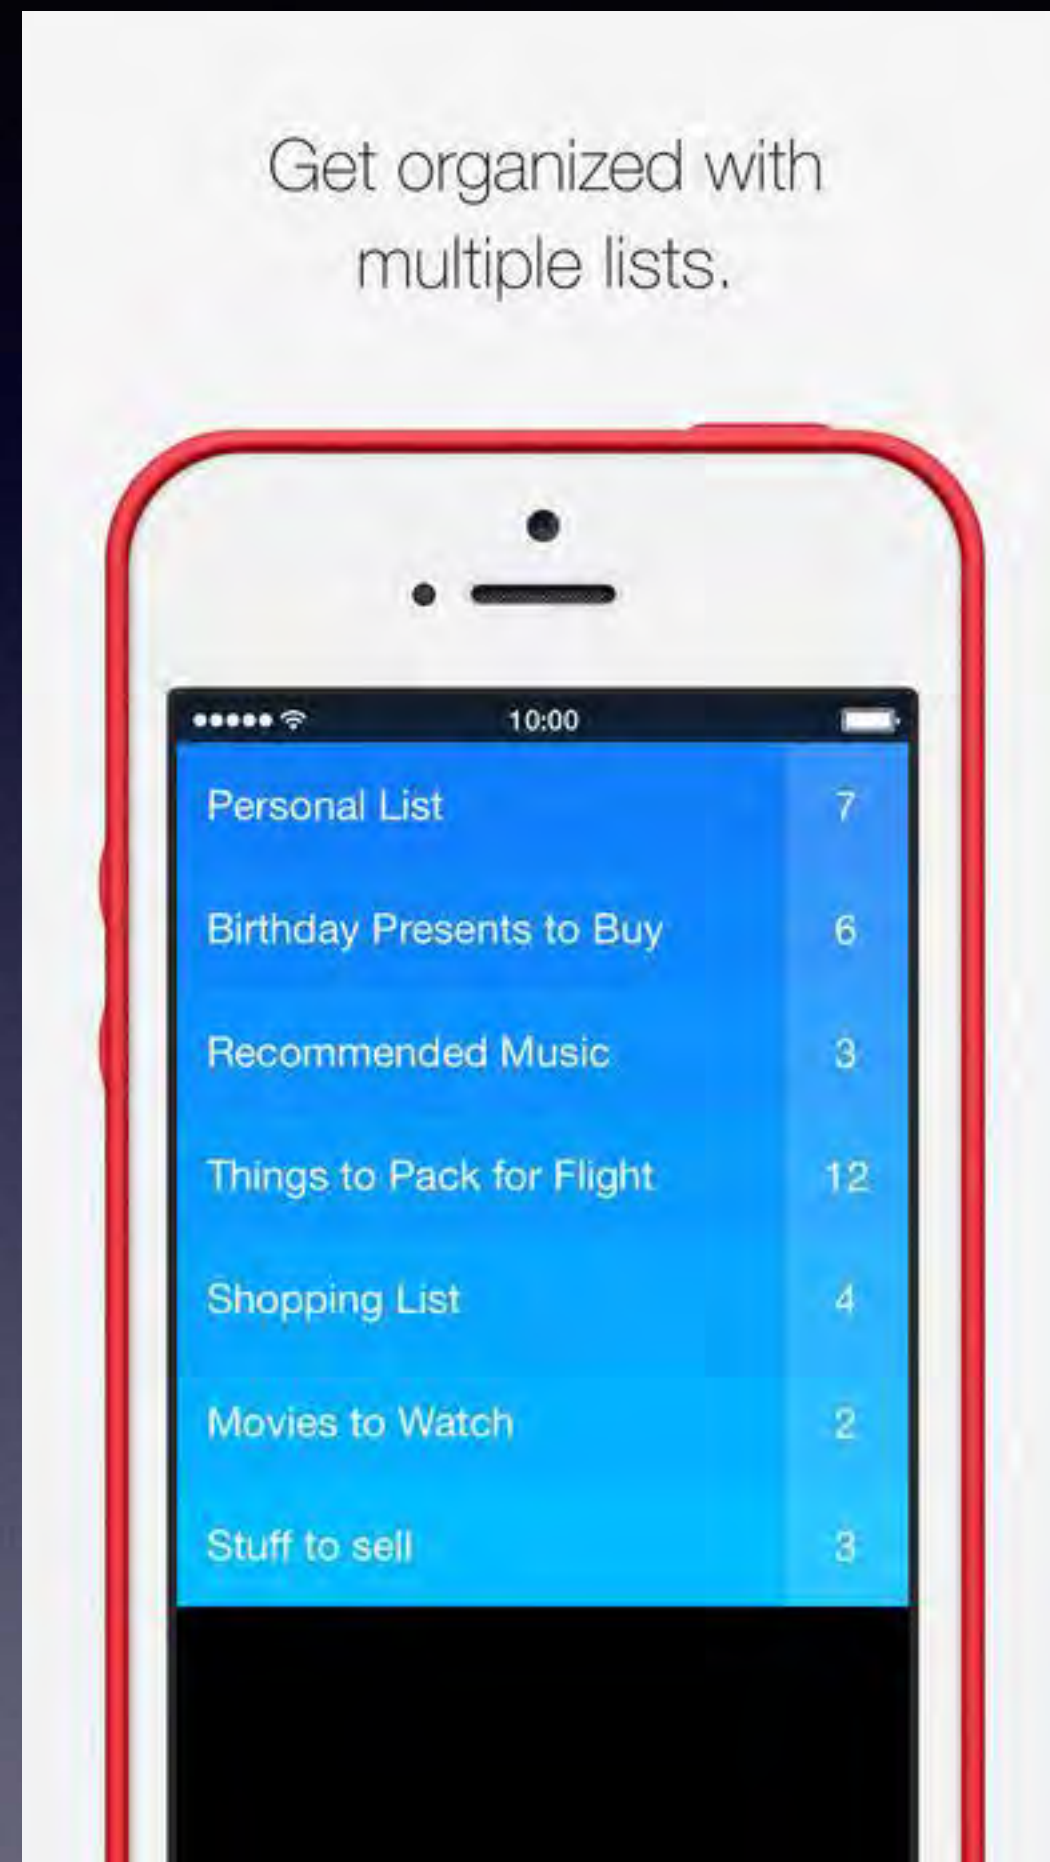

# Productivity

# Clear

## By Realmac Software

Clear is a to-do and reminders app that makes you more productive.  
It's as easy to use as pen and paper.

# Microsoft OneNote

## By Microsoft Corporation

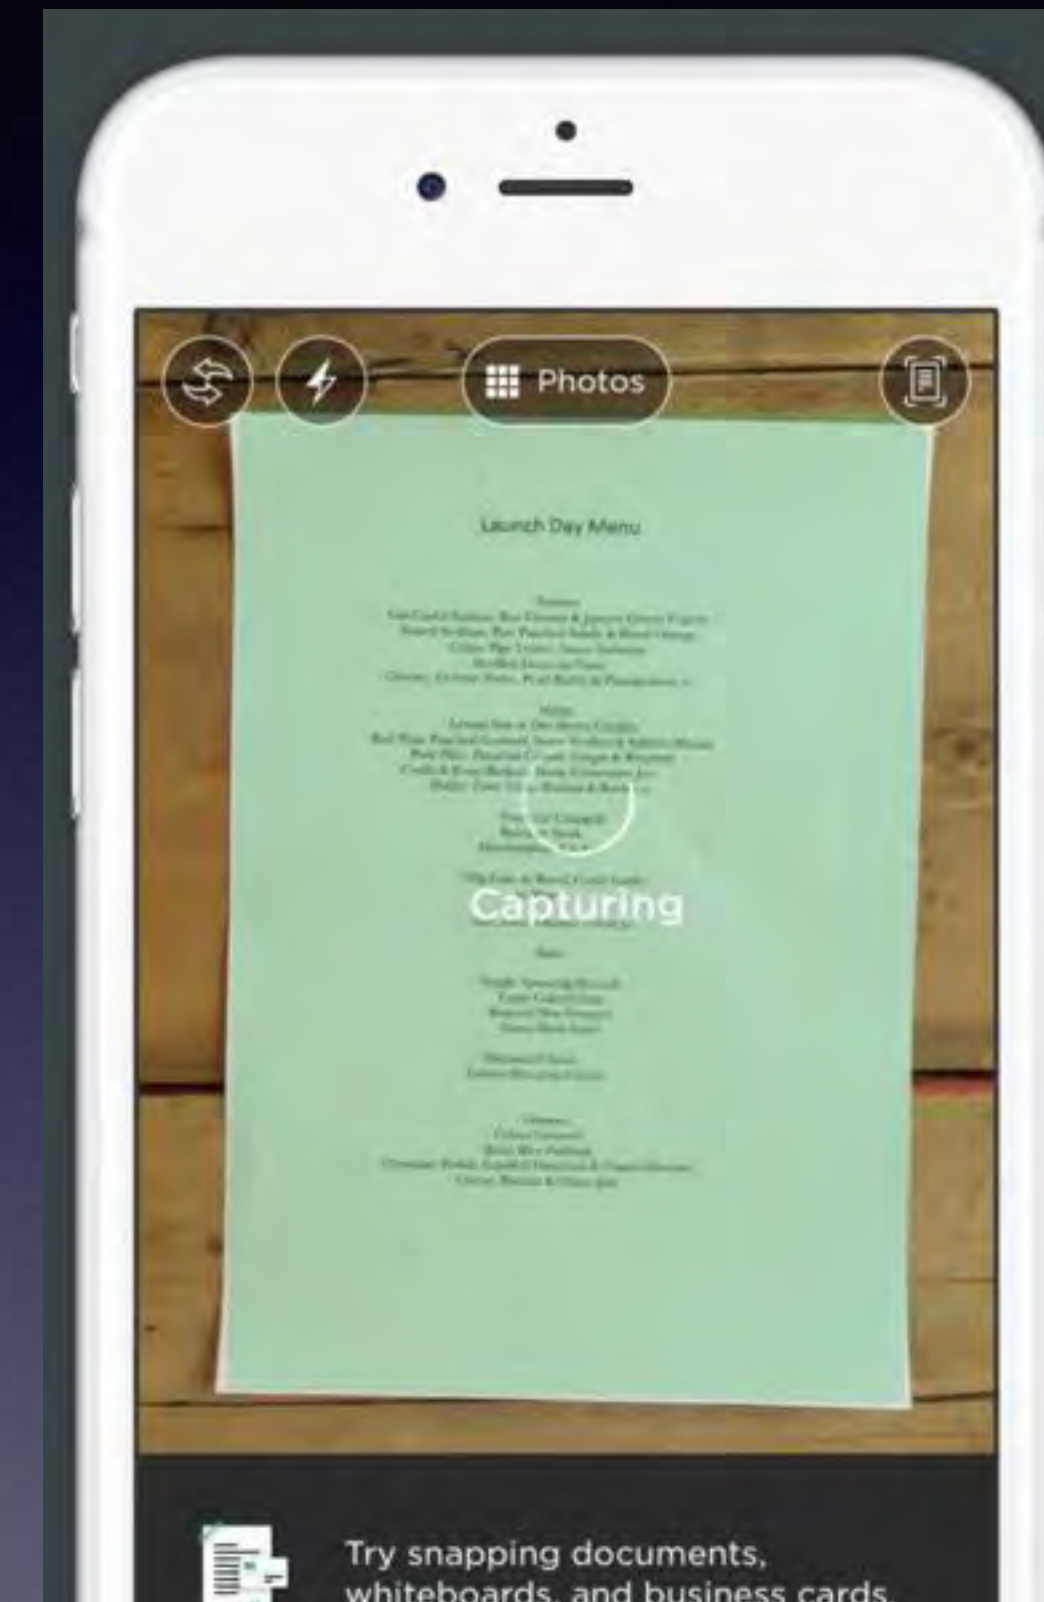

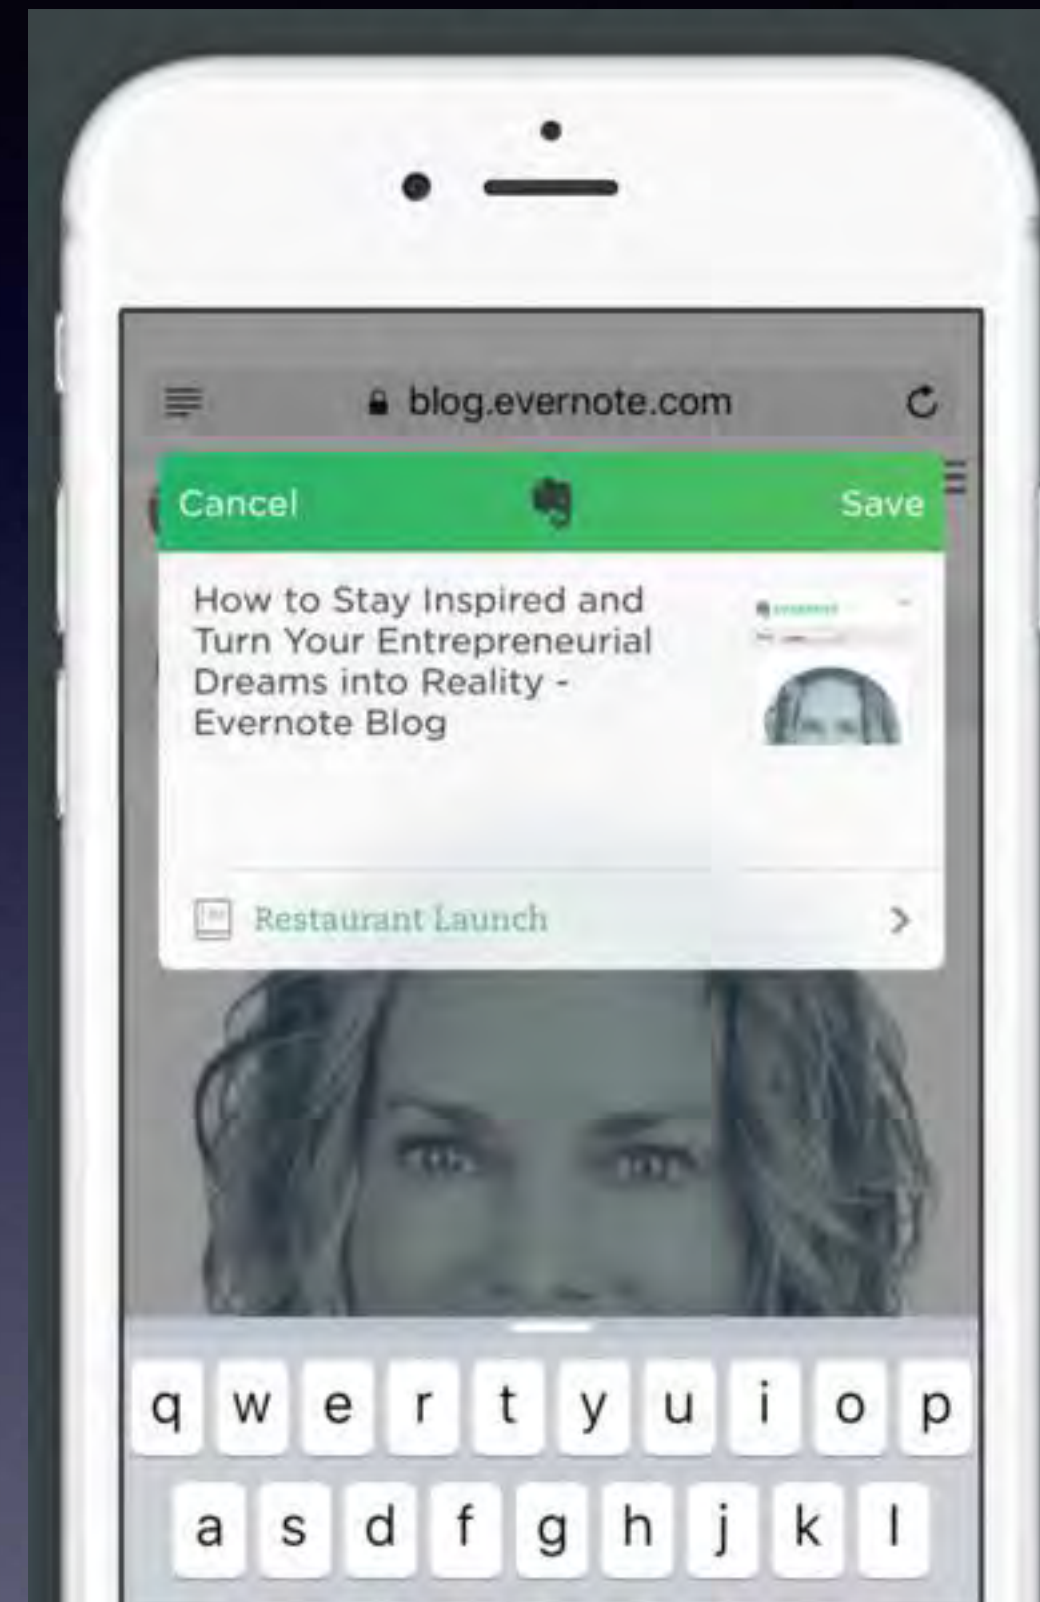

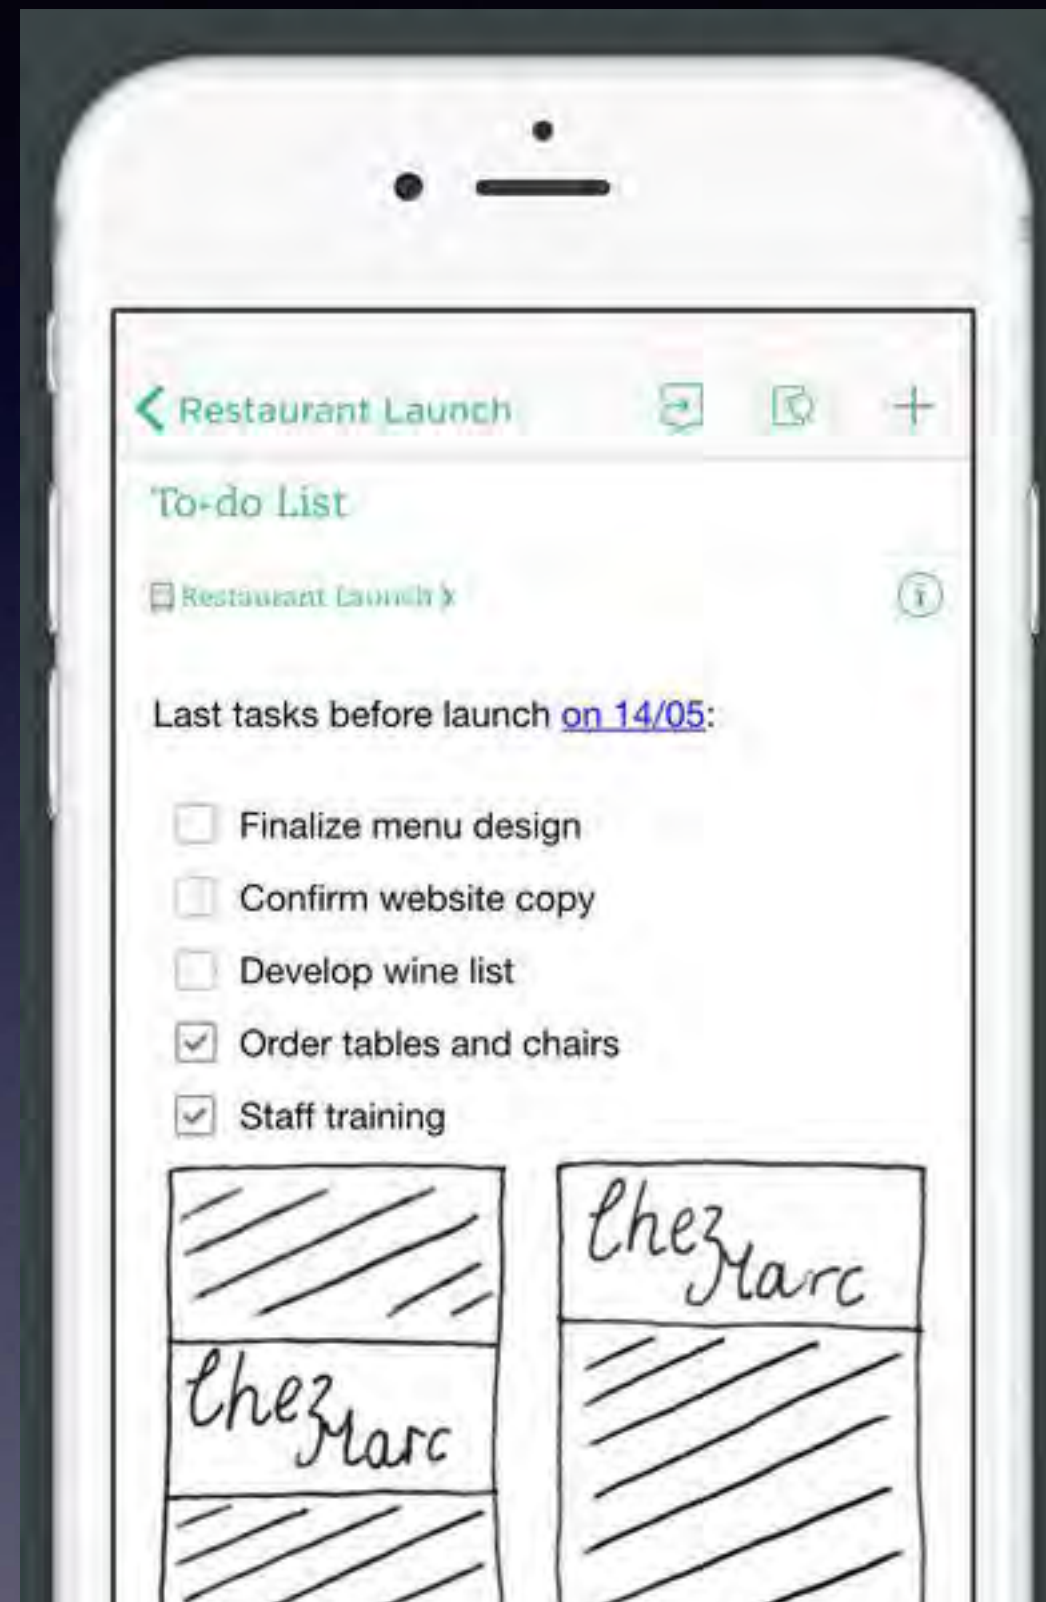

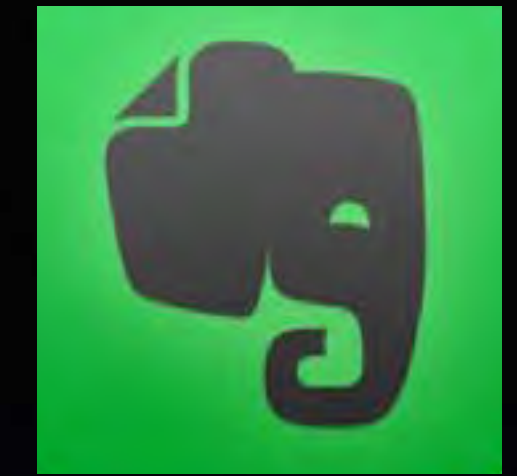

Capture your thoughts, discoveries, and ideas with OneNote, your very own digital notebook. Your notes are available to you on all your devices.

# Evernote

## By Evernote

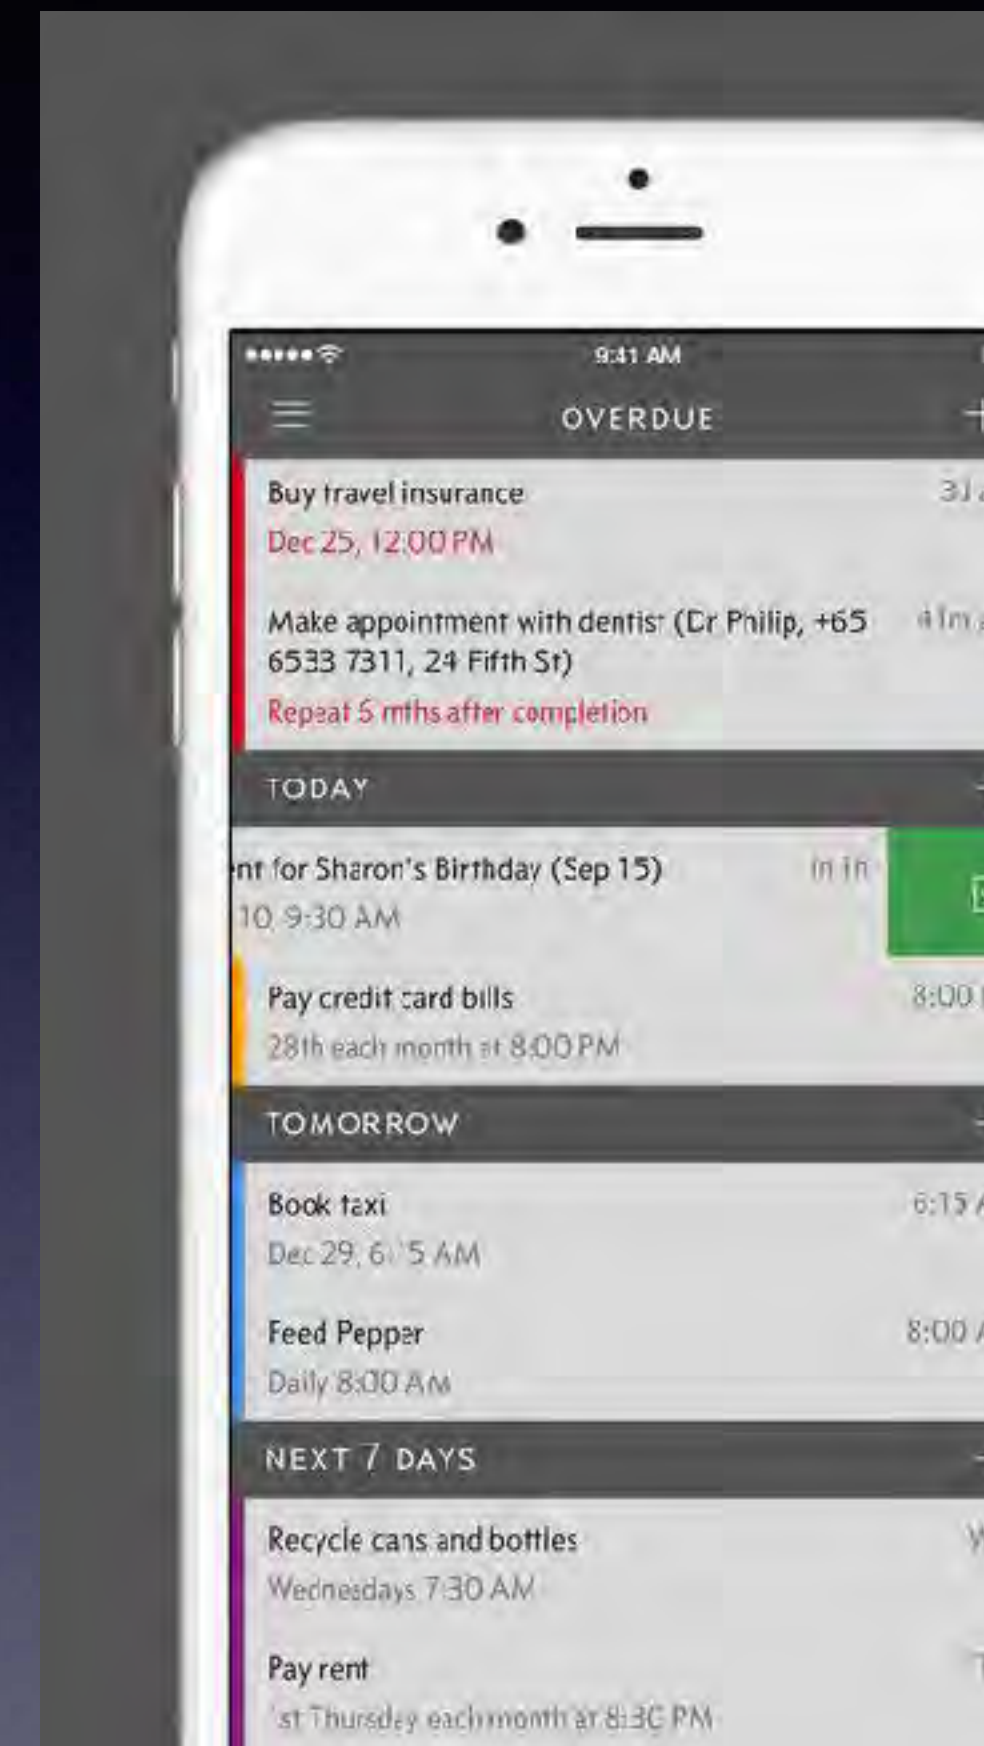

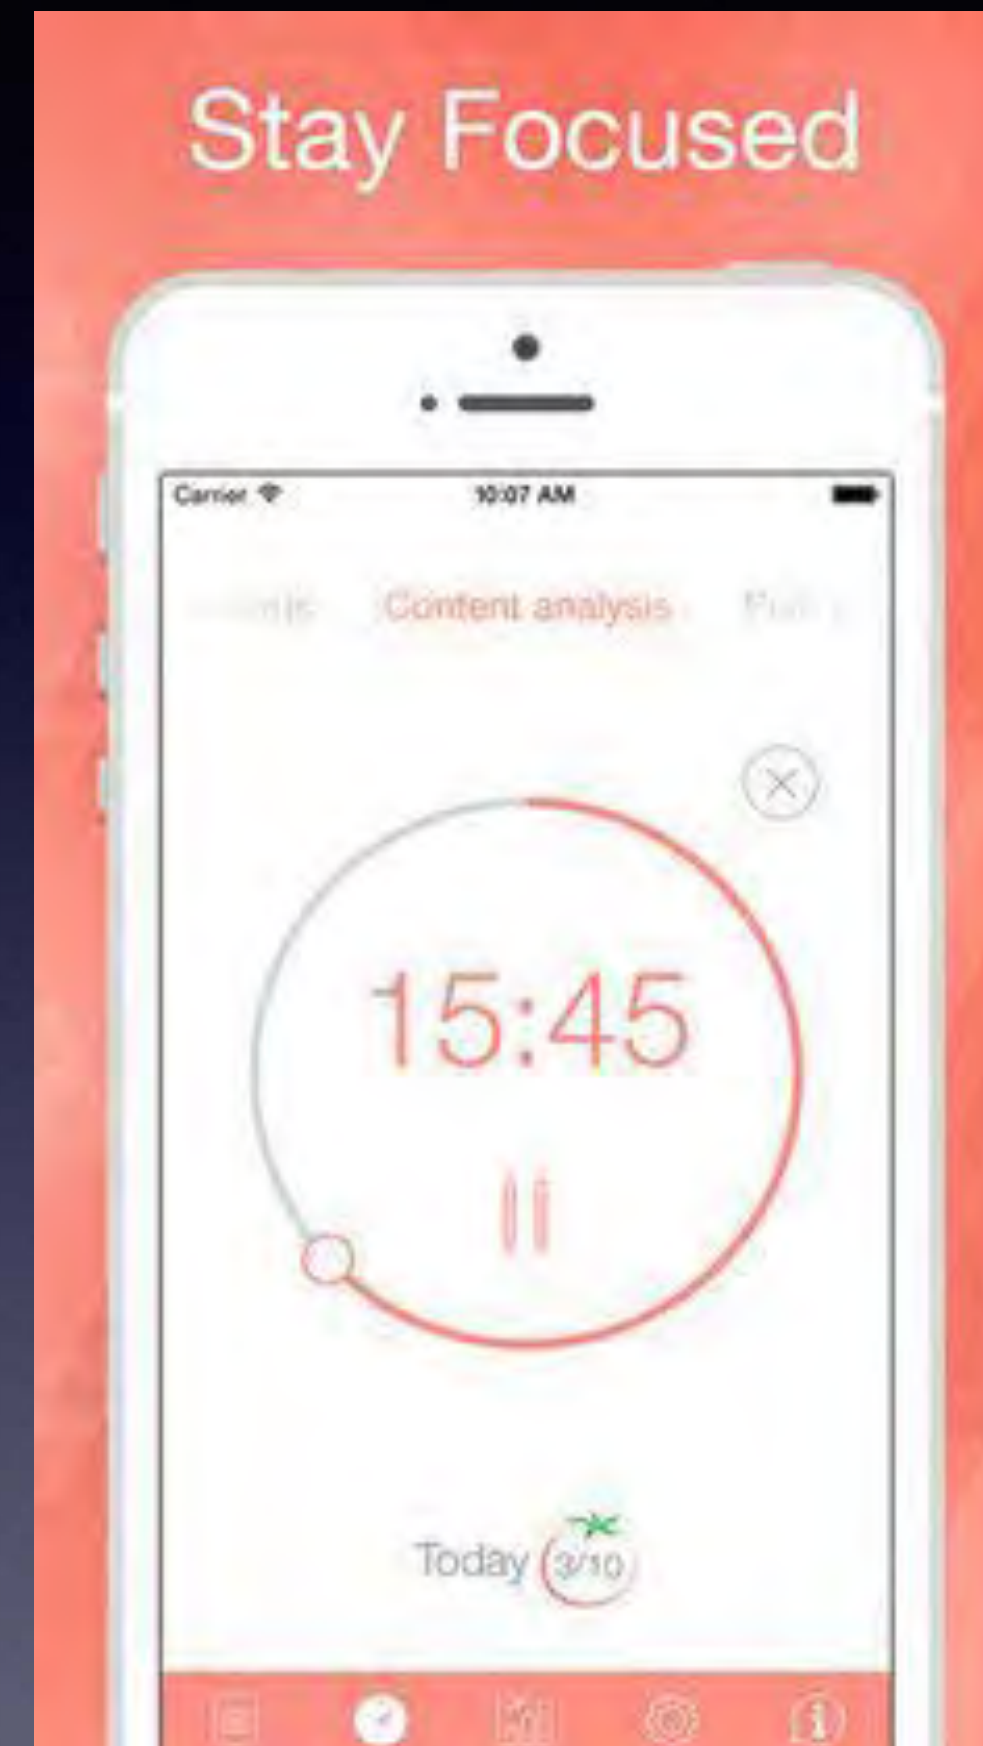

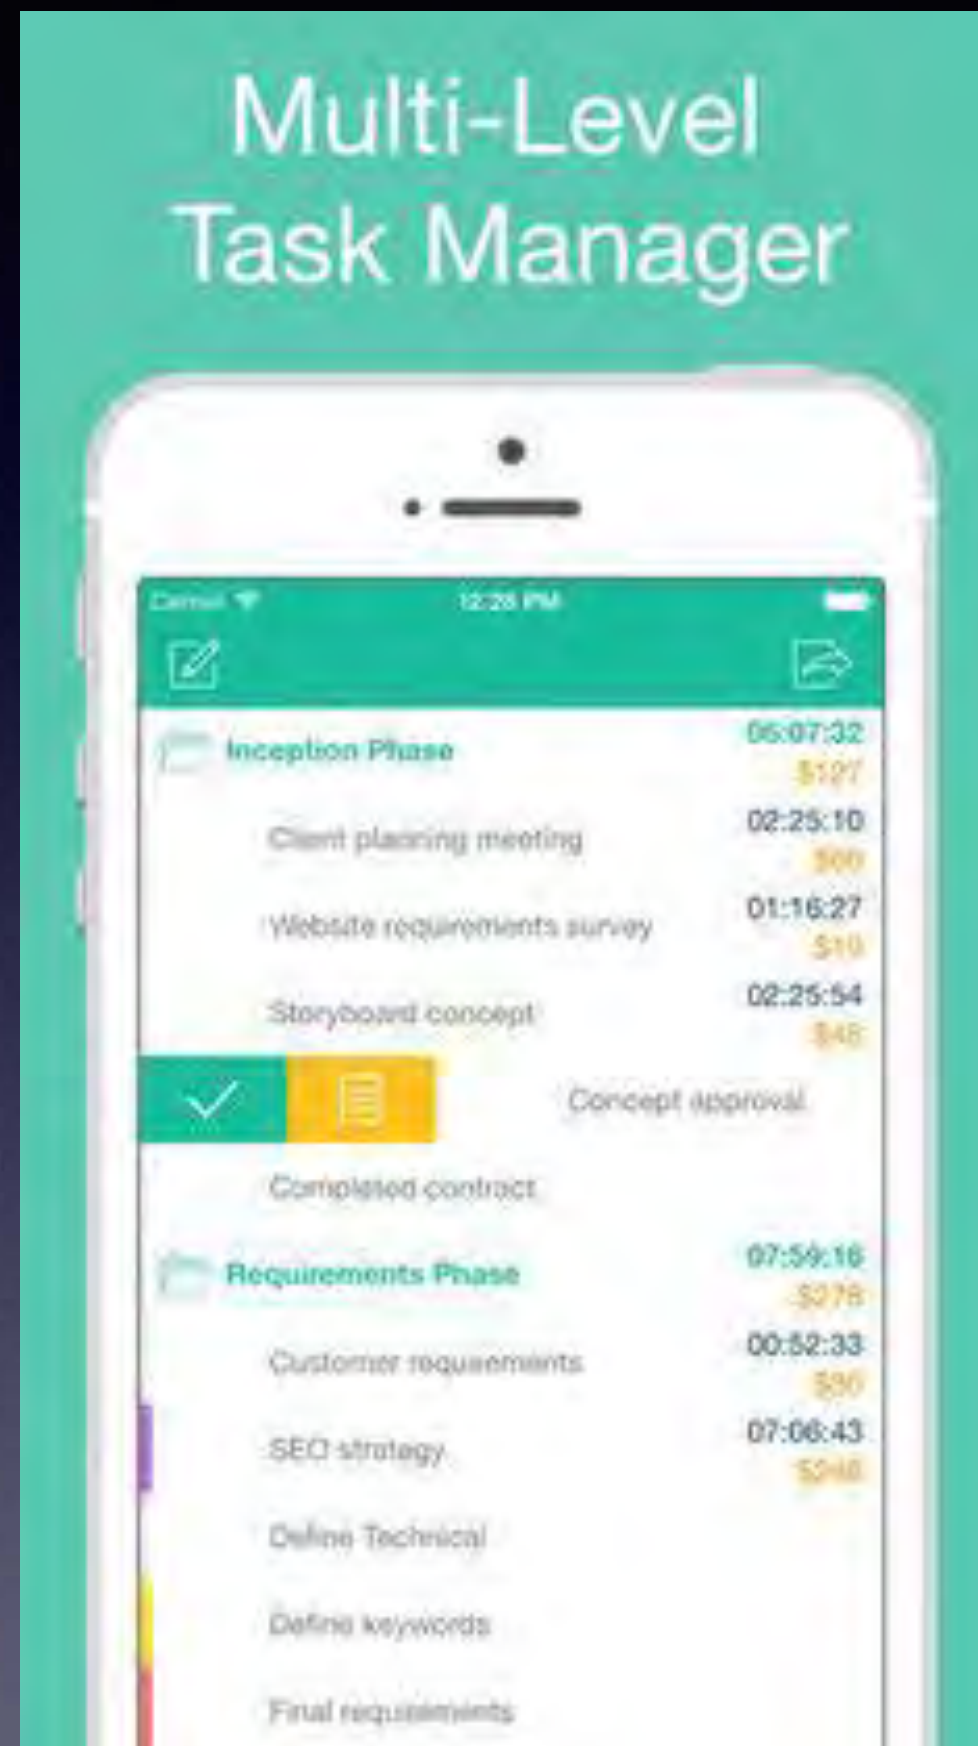

Take notes, create to-do lists, and save things you find online into Evernote. It will sync everything between your phone, tablet, and computer automatically.

# Due

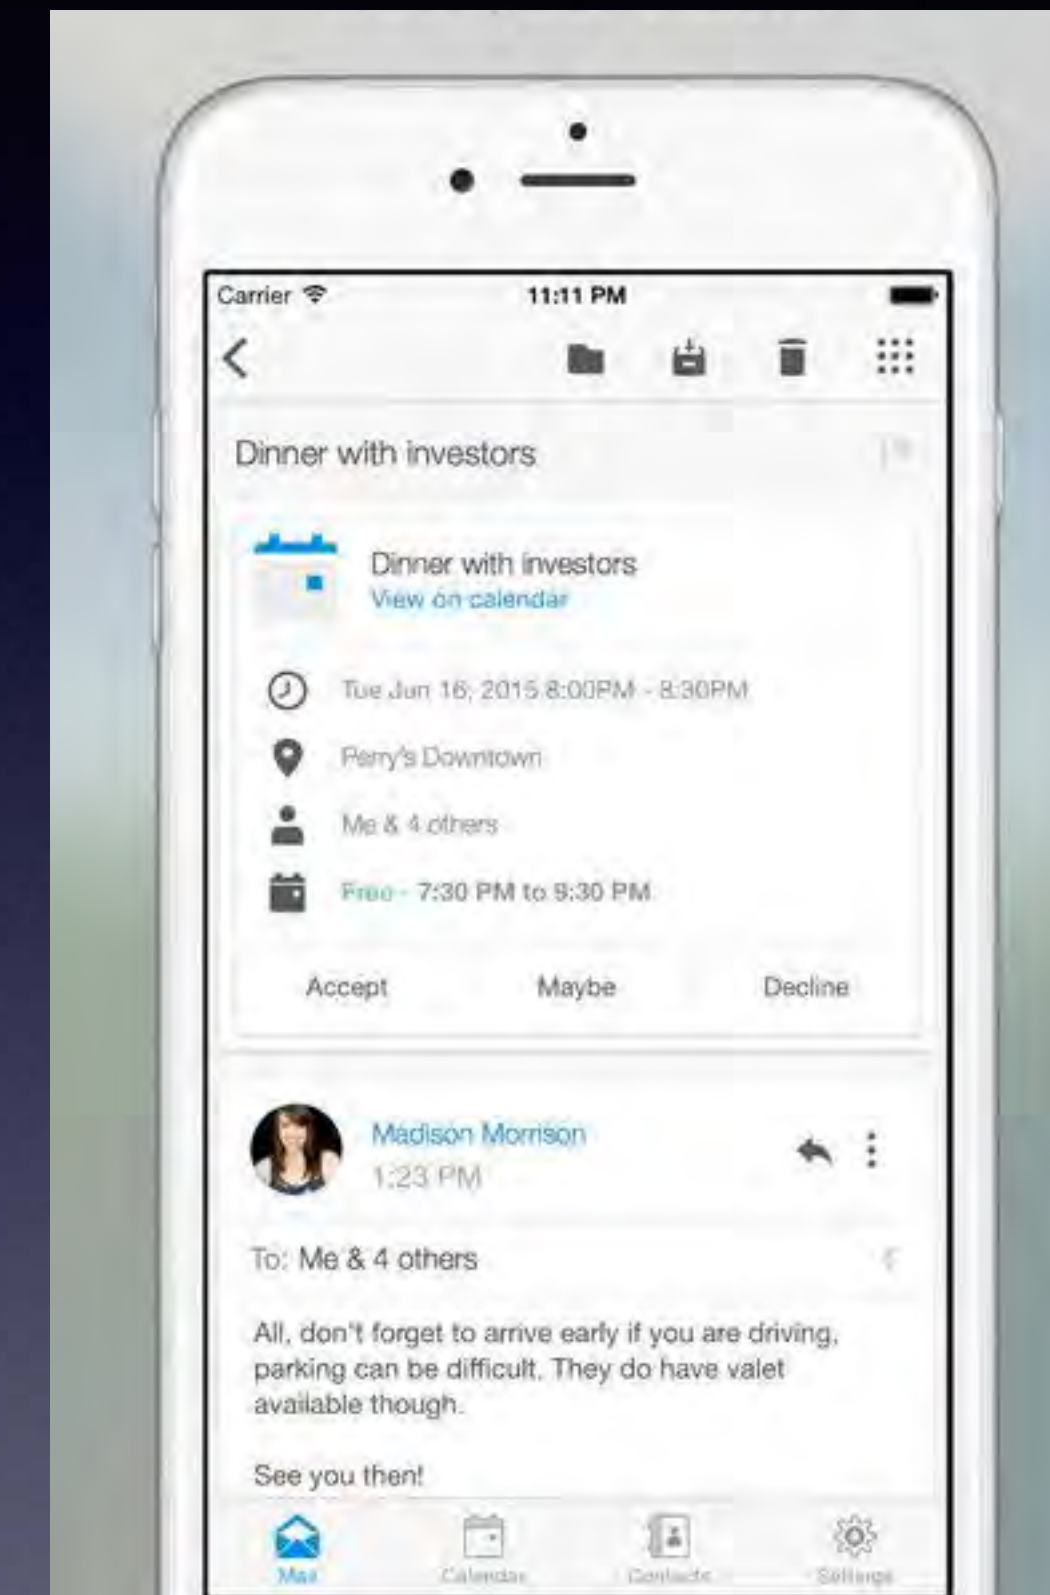

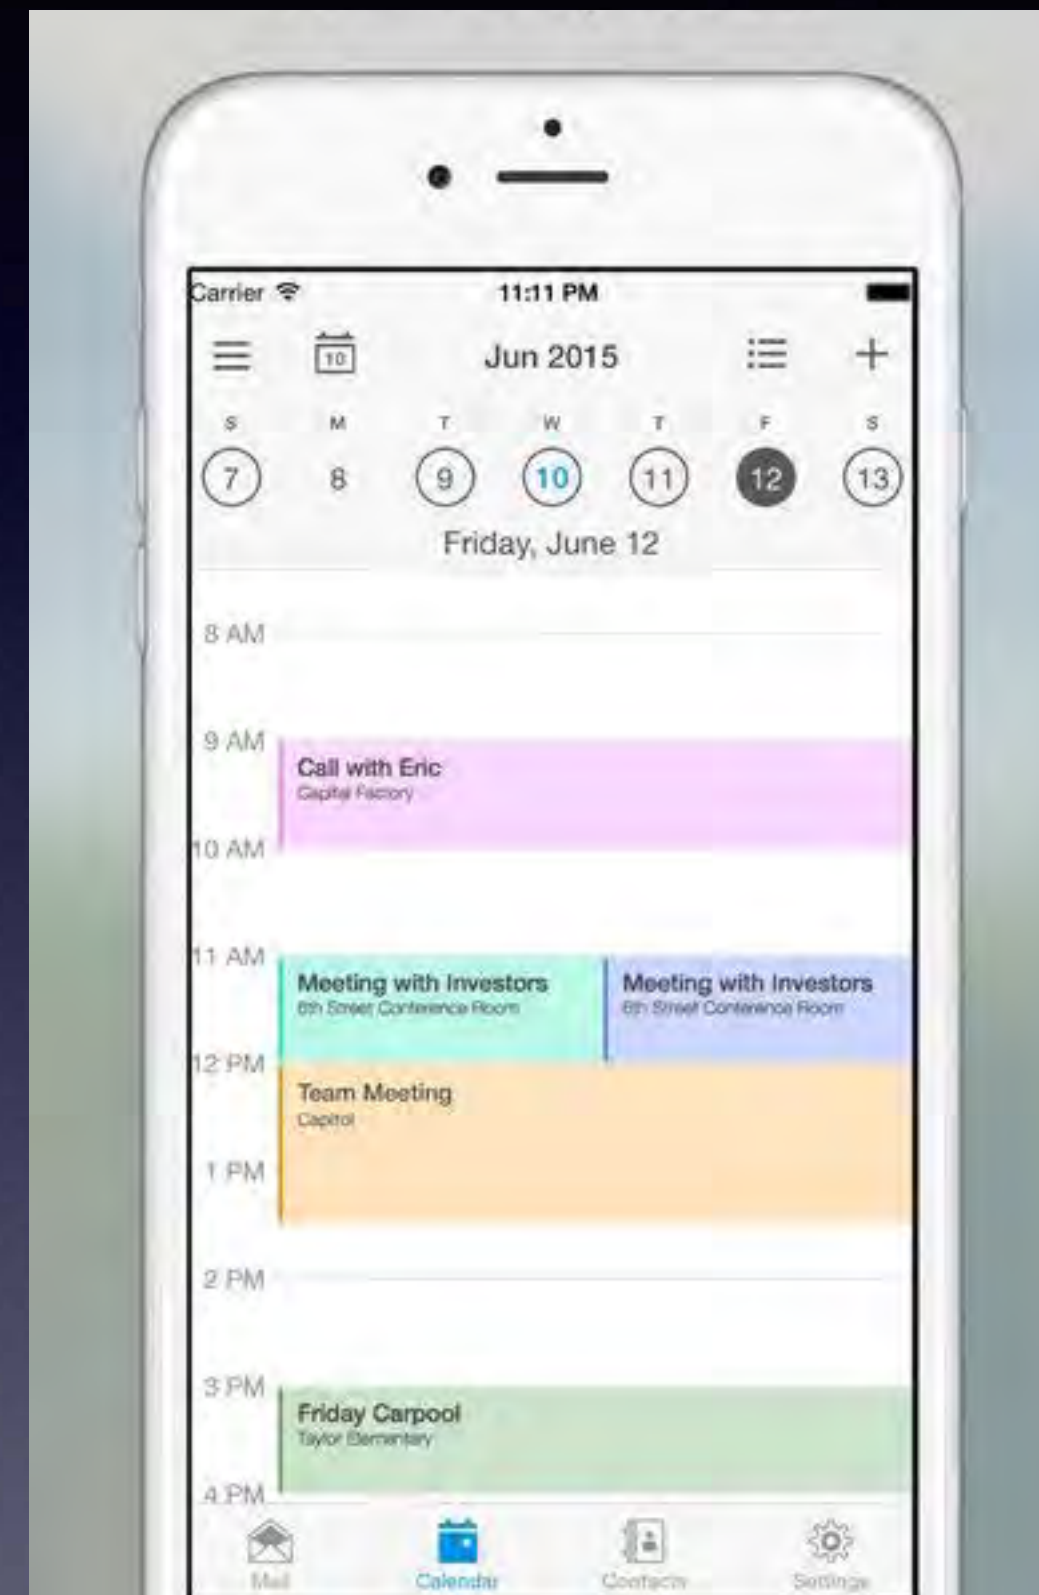

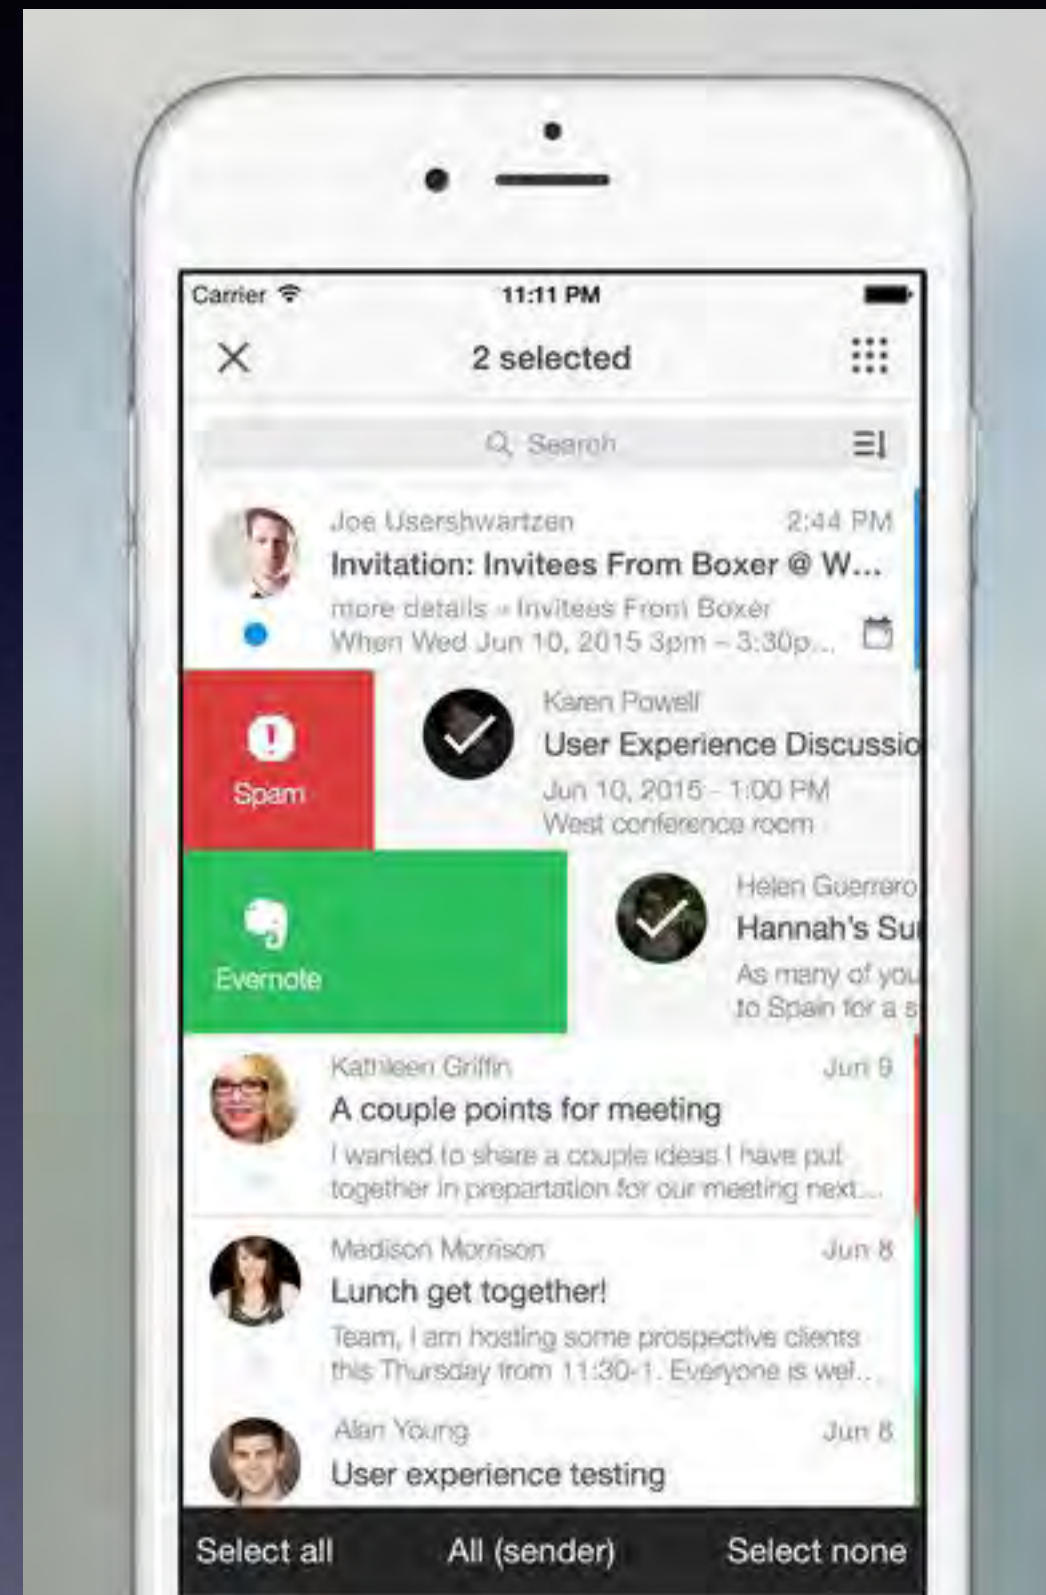

By Due Apps LLP

Due remembers all the things that you need so you don't have to. Because it repeatedly reminds you of items that are due until you act on them, it's impossible to forget anything with Due.

# Boxer Pro By Taskbox

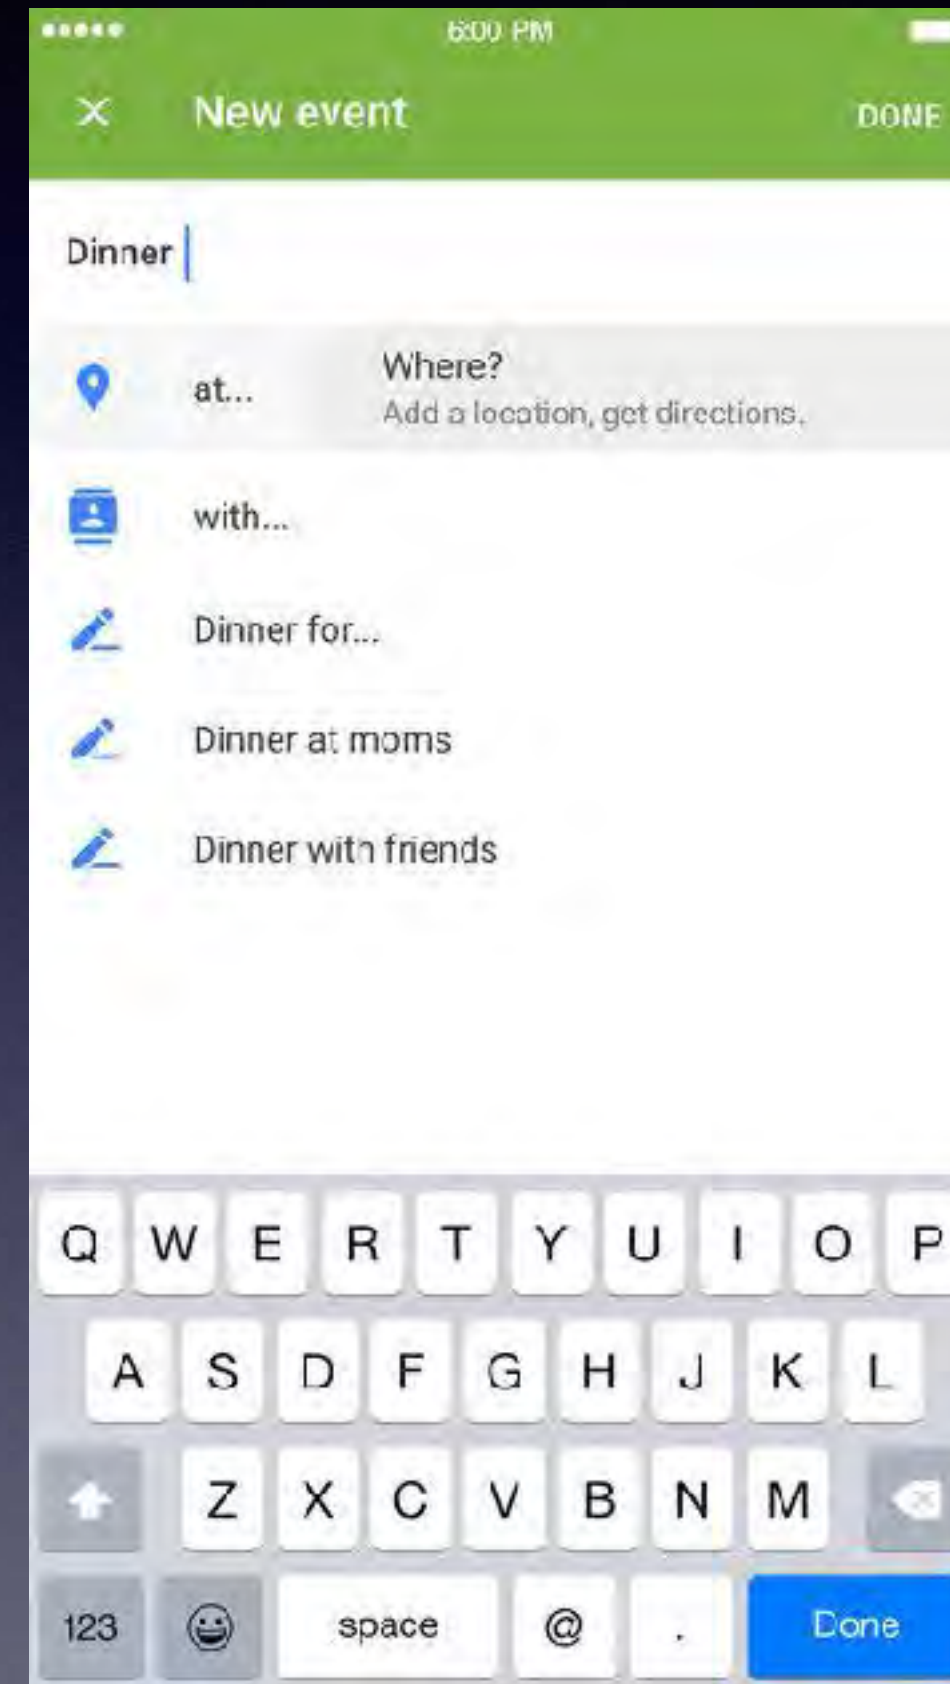

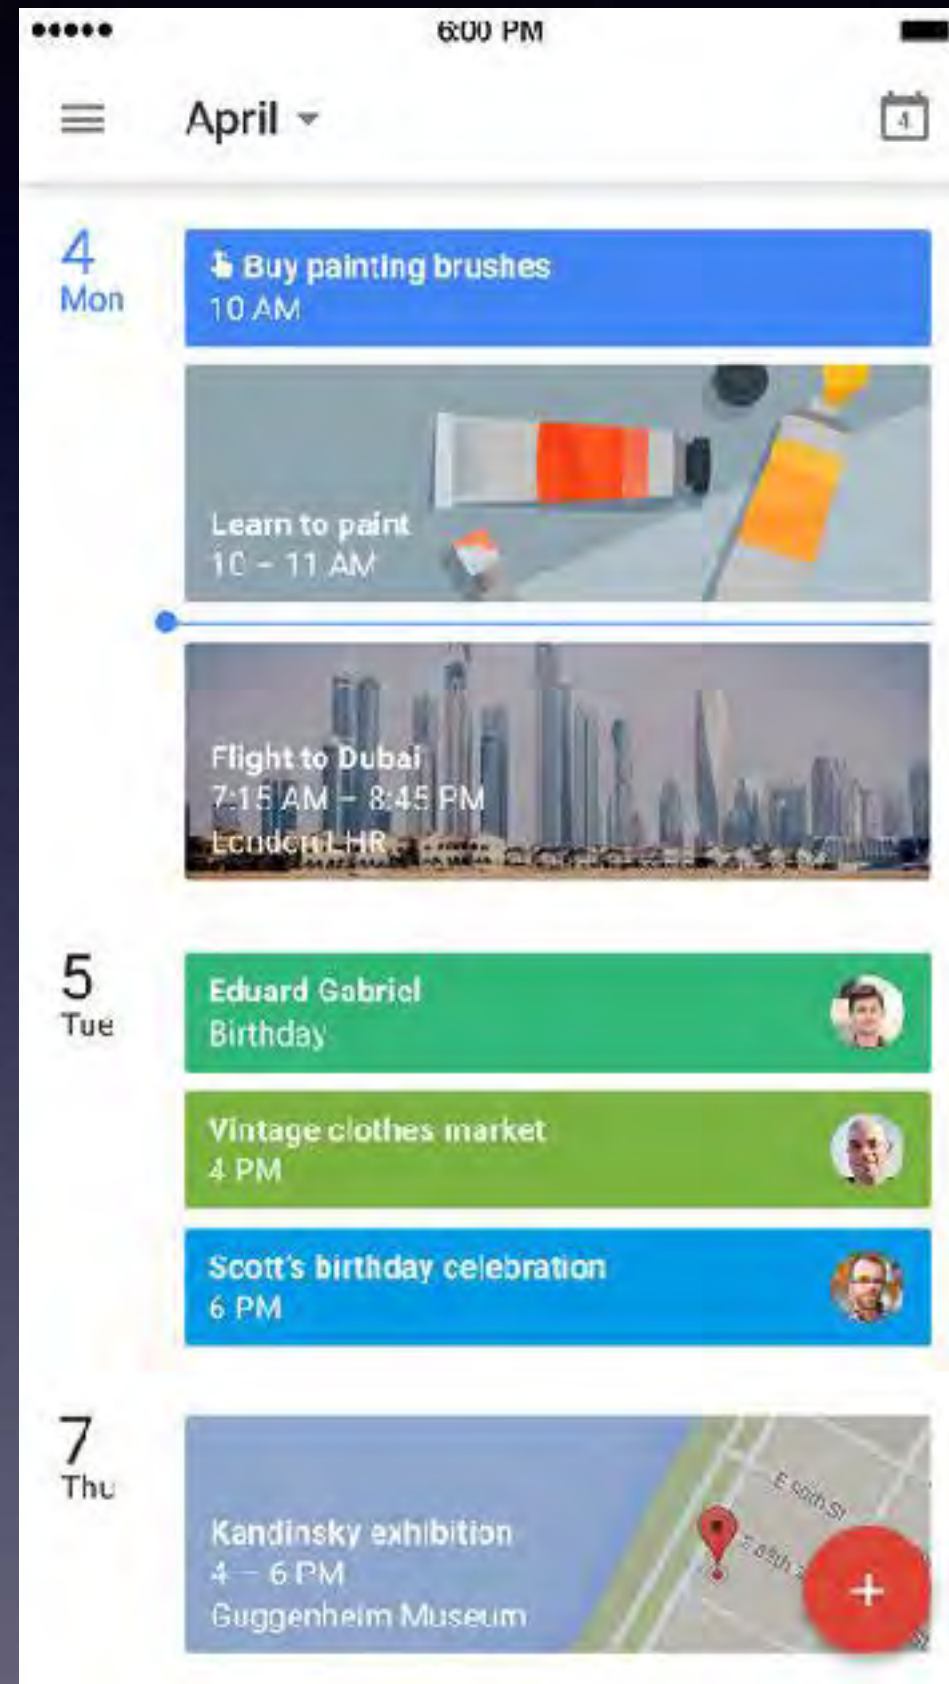

Boxer is a set of tools for dealing with emails. You can archive with a swipe, send instant auto responses, add emails to a to-do list, and 'like' incoming messages so people know you saw it without requiring an actual response."

# Google Calendar

By Google, Inc

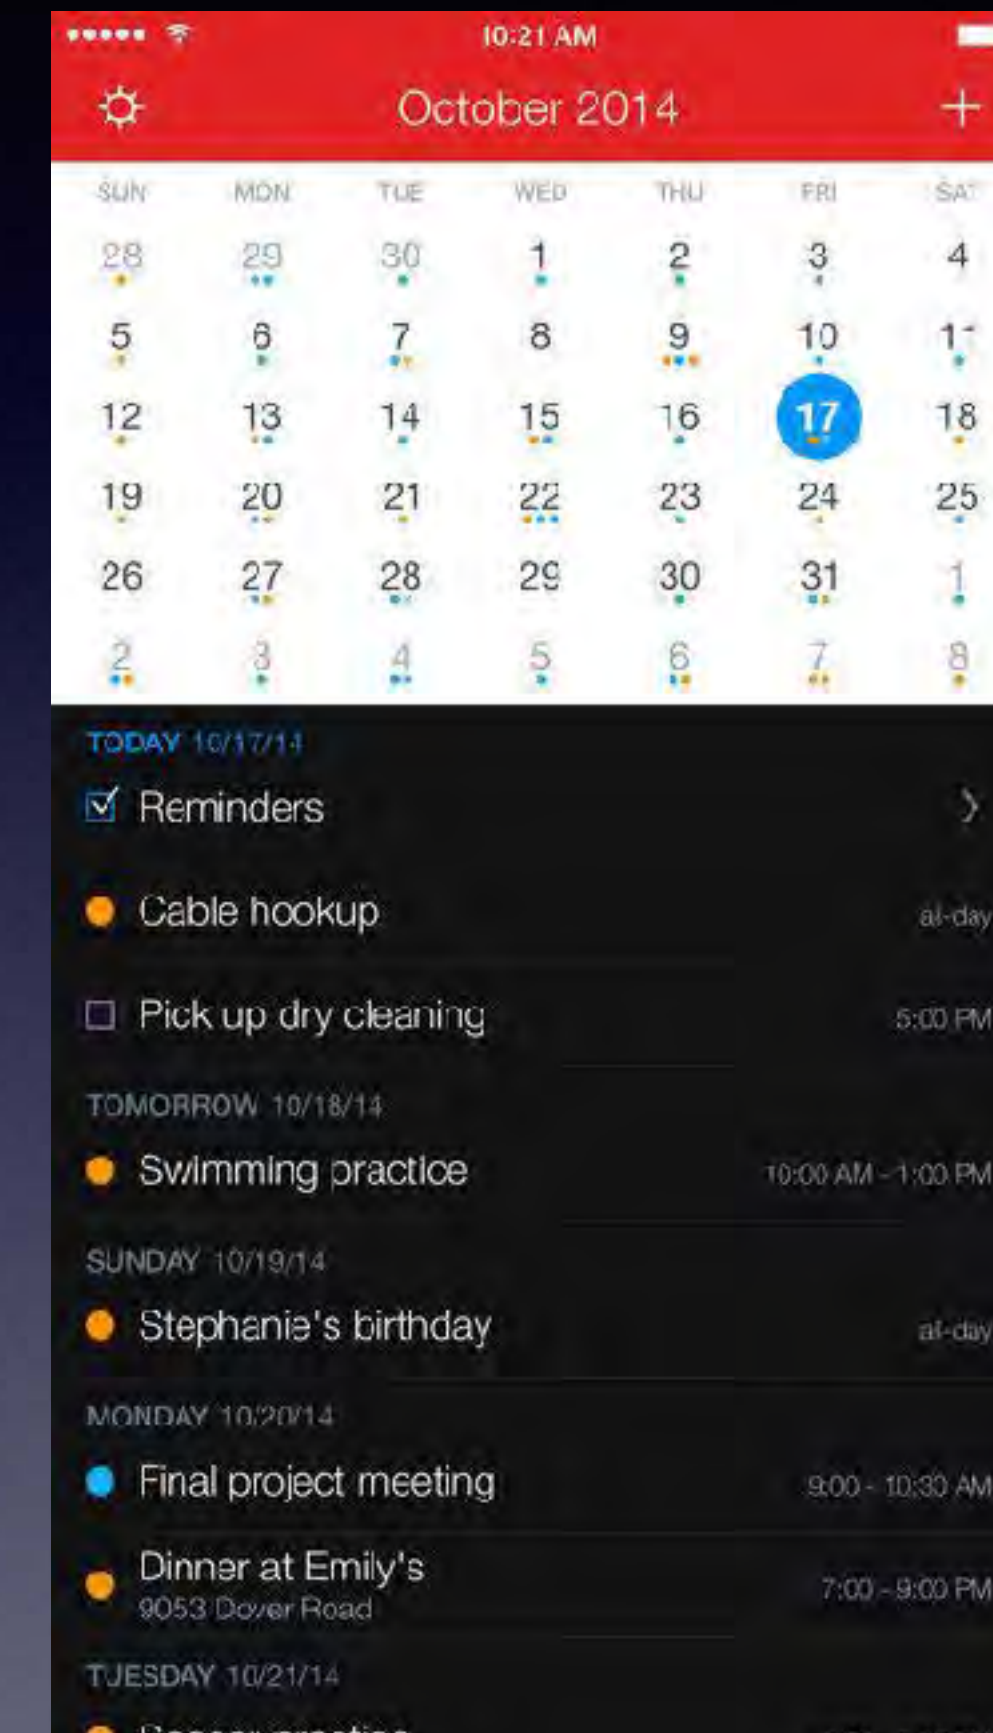

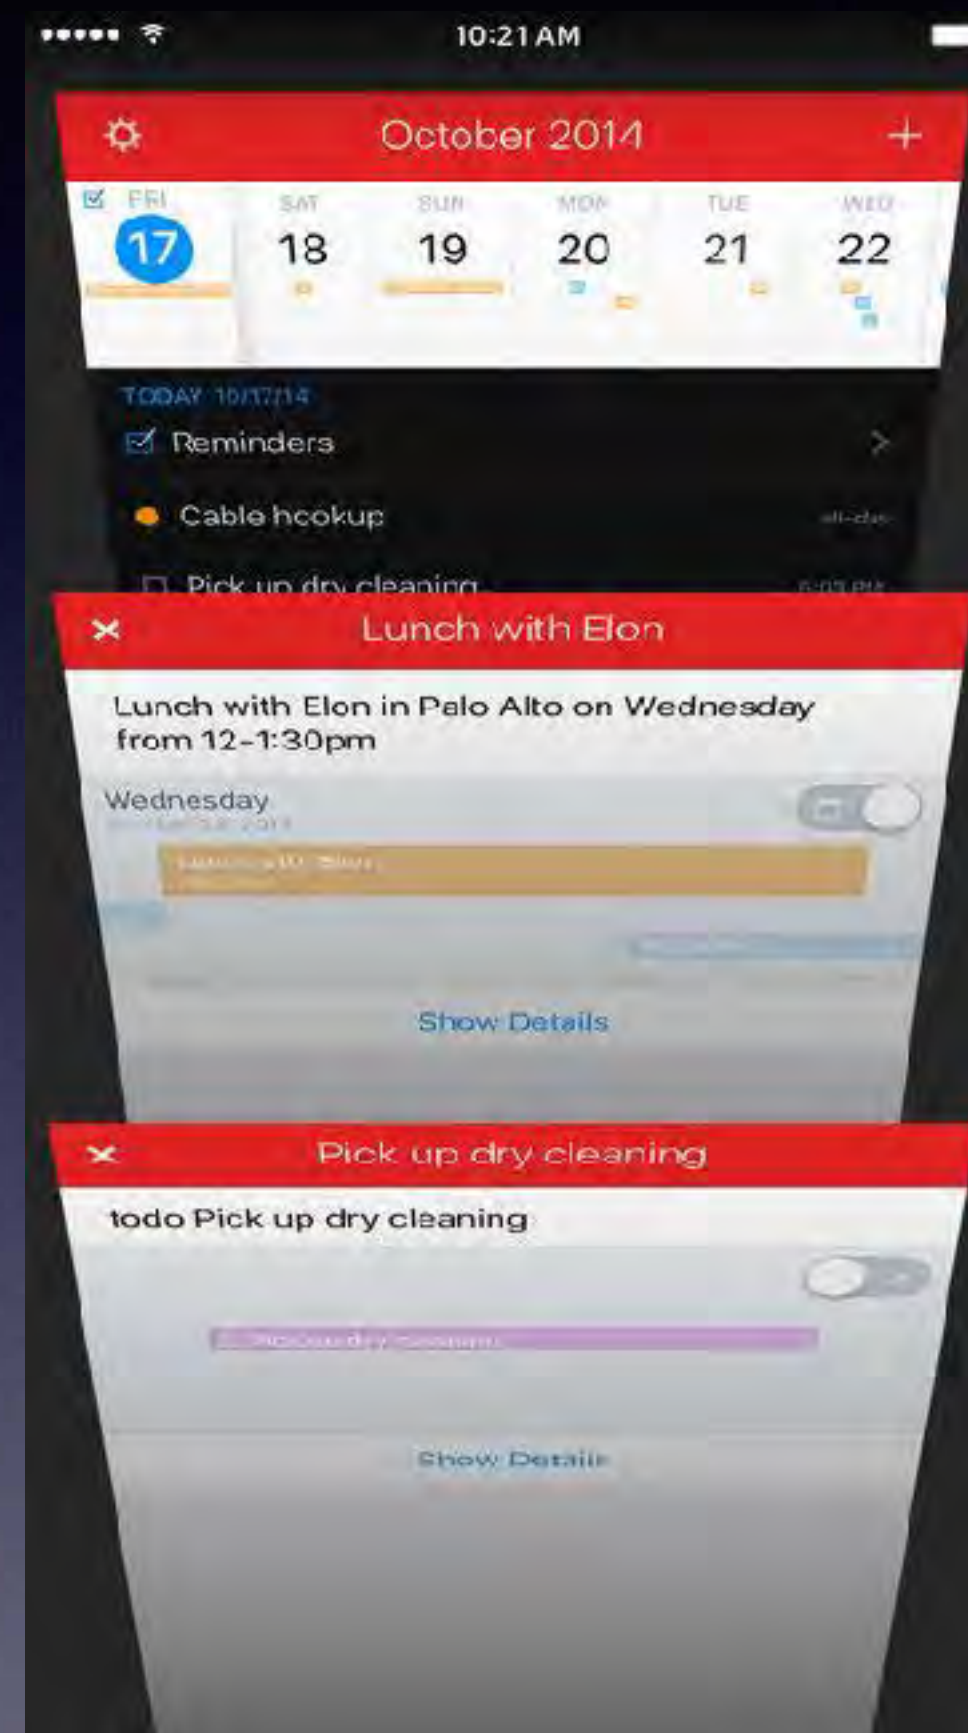

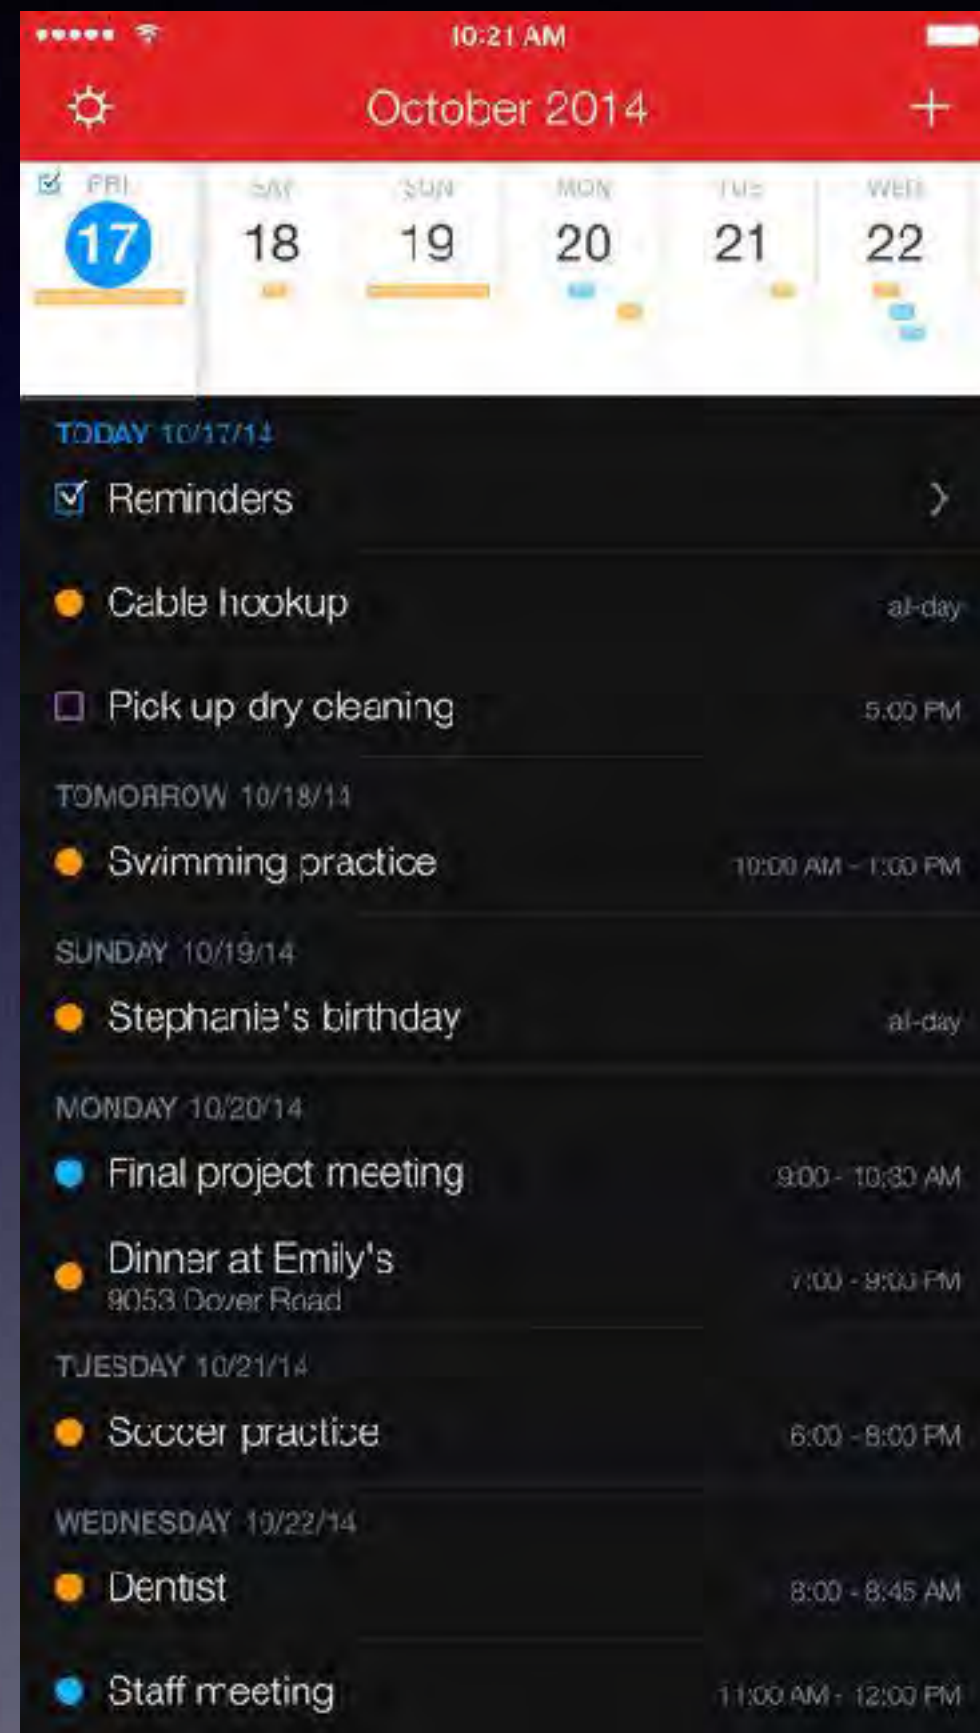

All your calendars in one place - Google Calendar works with all calendars on your phone, including Exchange and iCloud.

# Fantastical 2

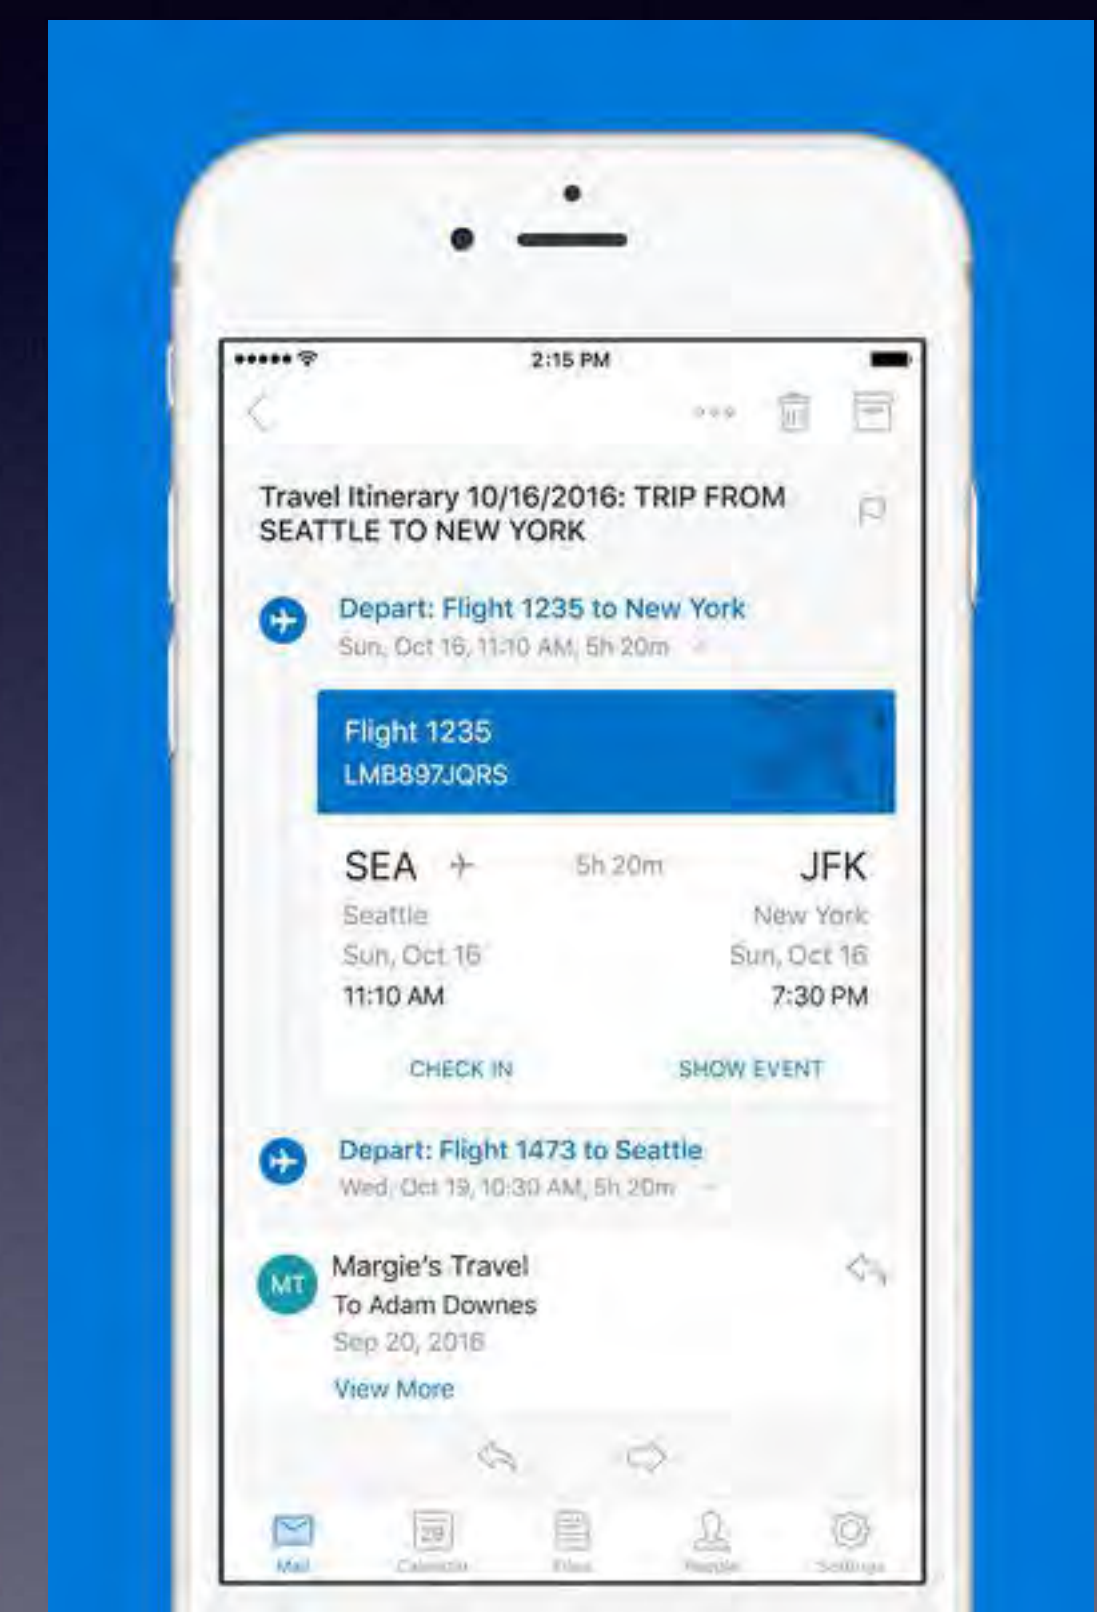

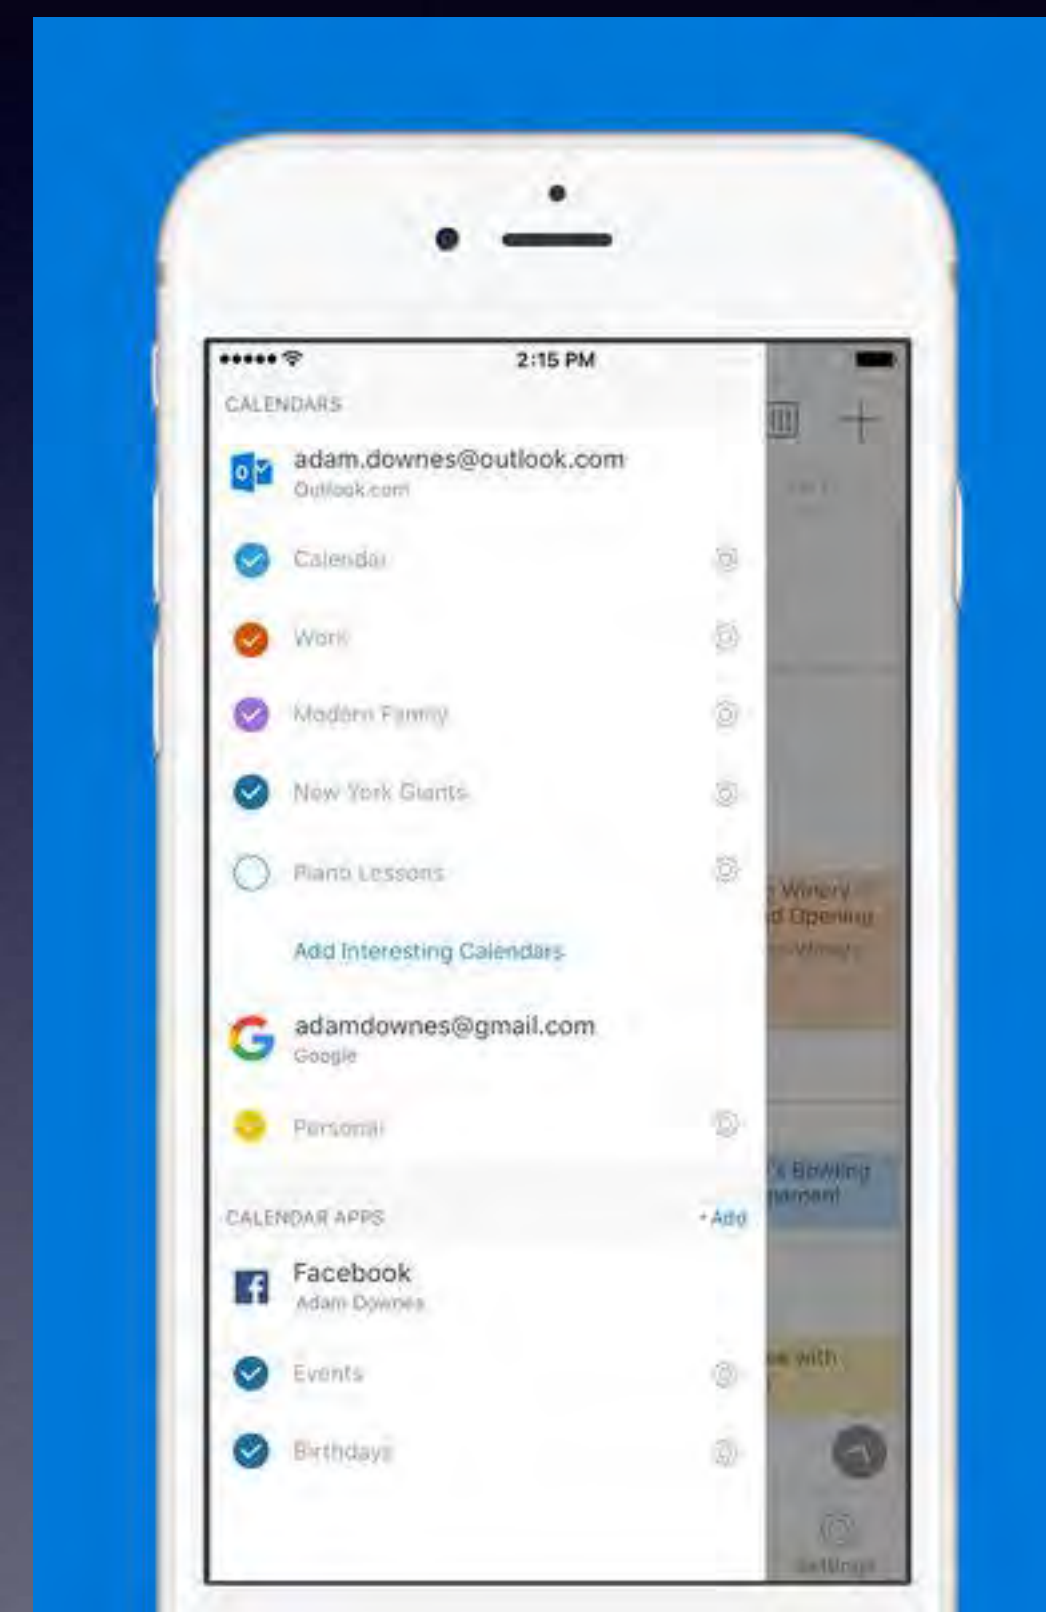

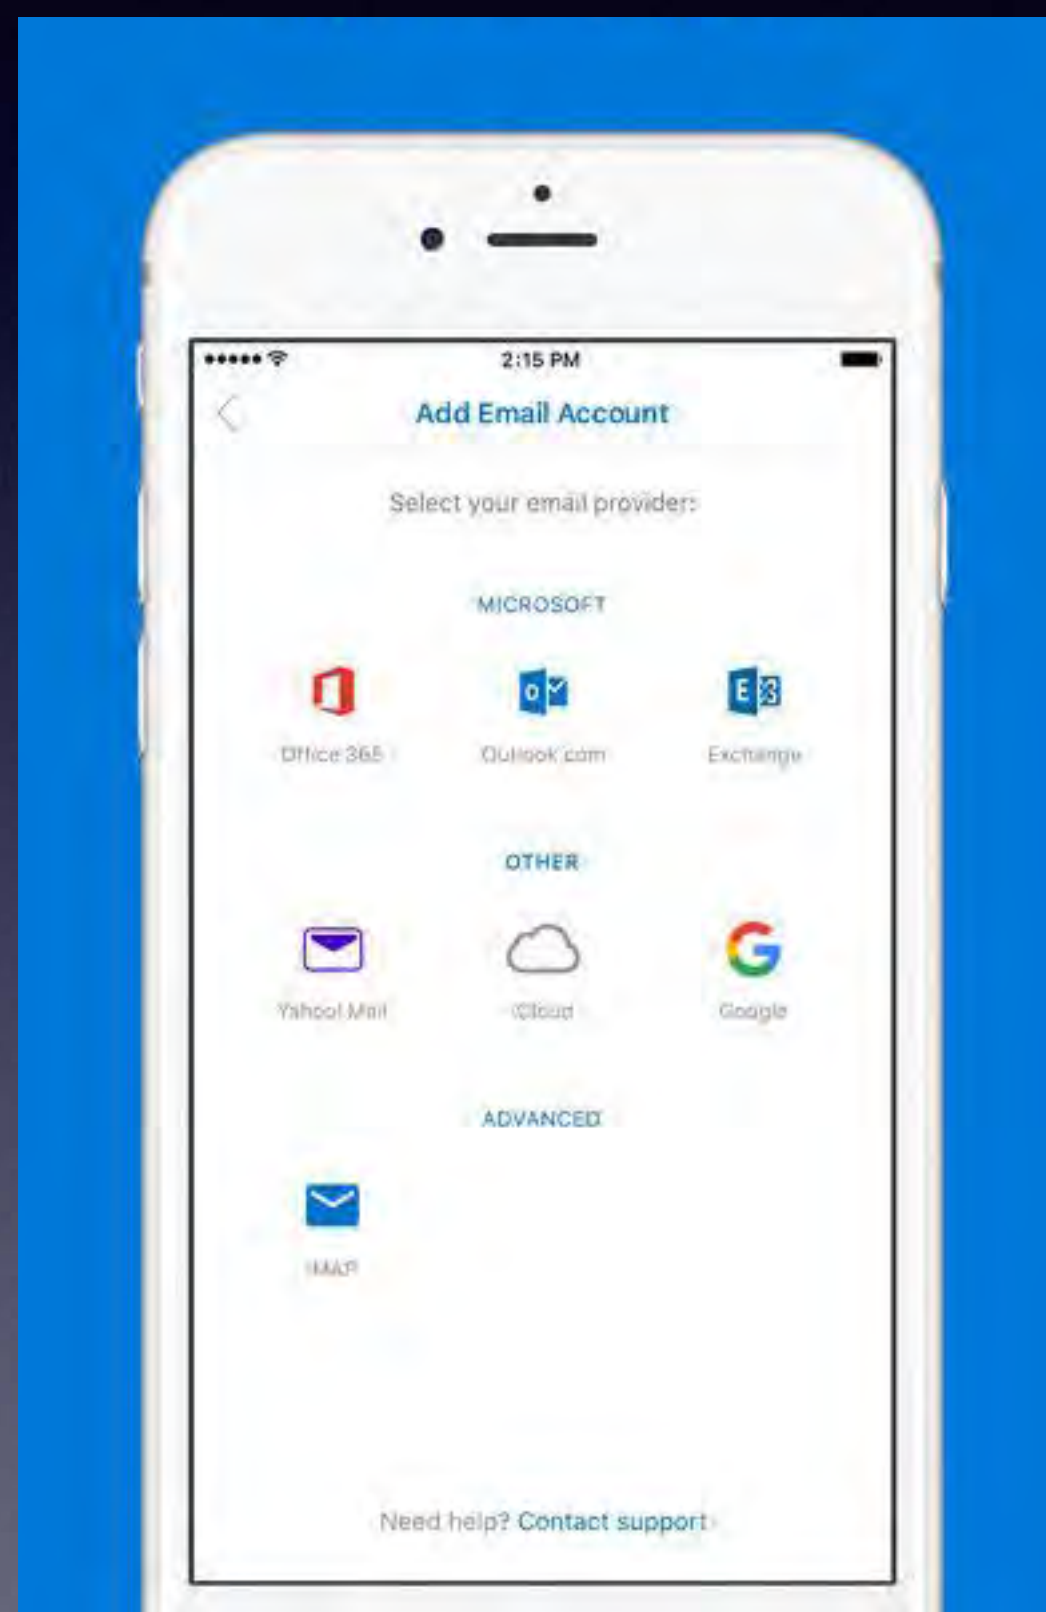

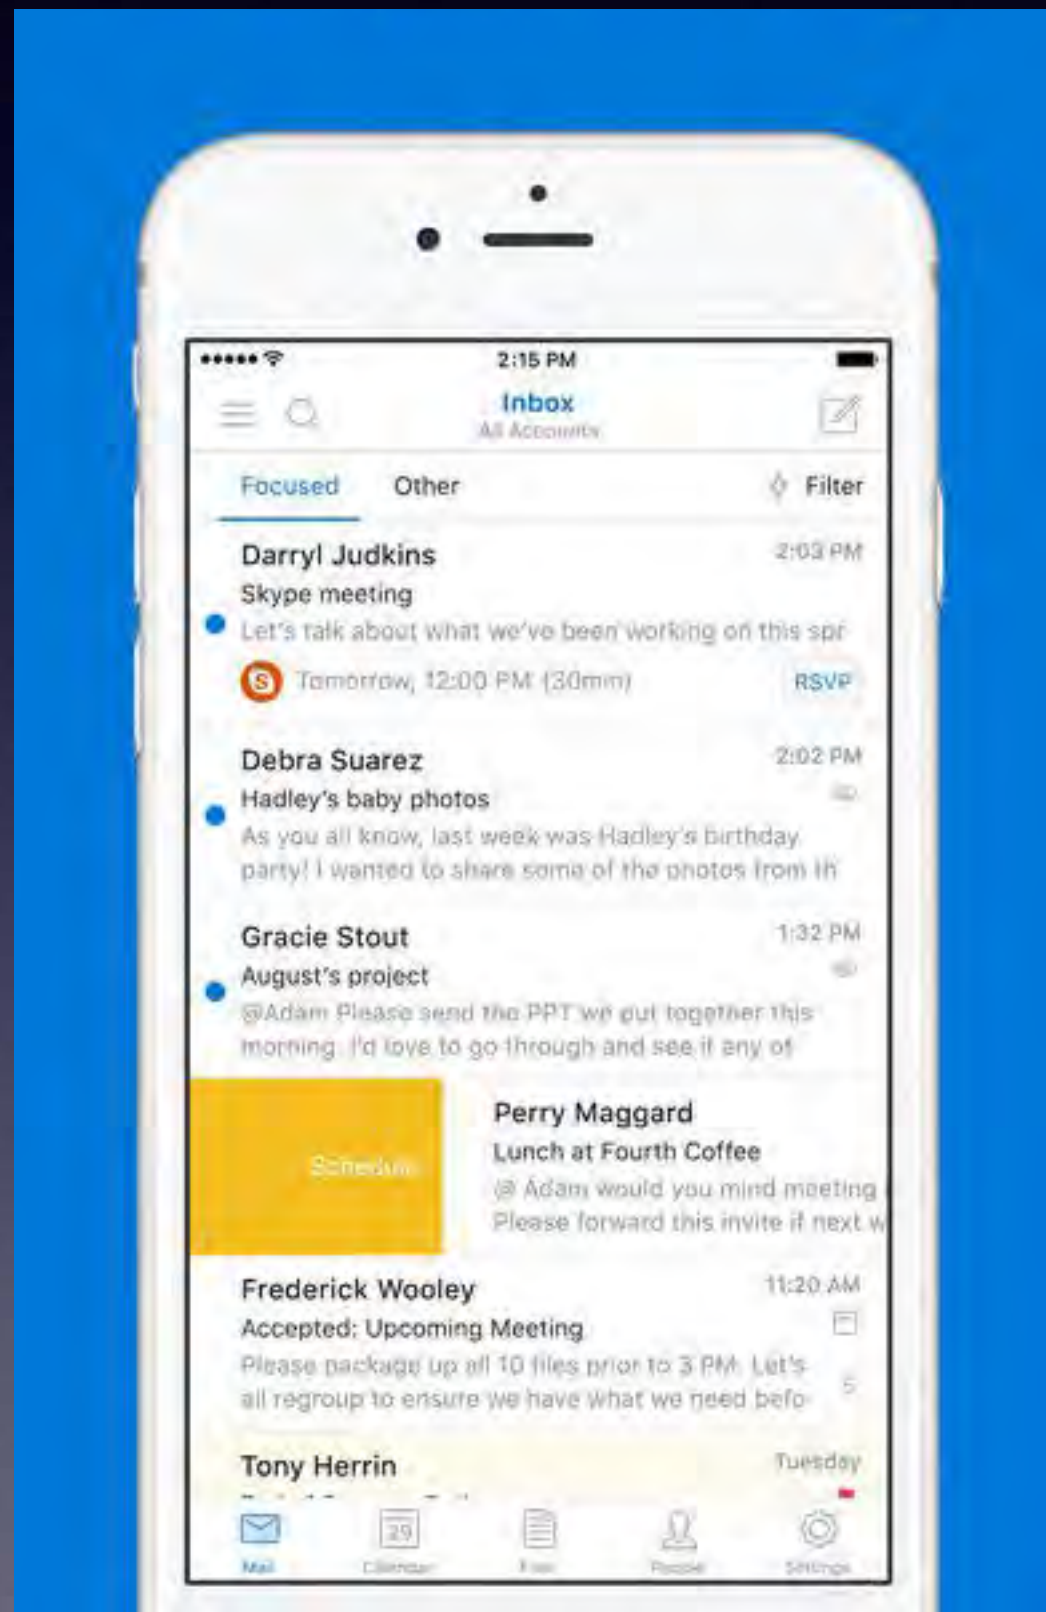

By Flexibits Inc.

Calendar app with features such as natural language parsing, reminders, a beautiful week view, Set dates, times, and geofences.

# Microsoft Outlook By Microsoft Corporation

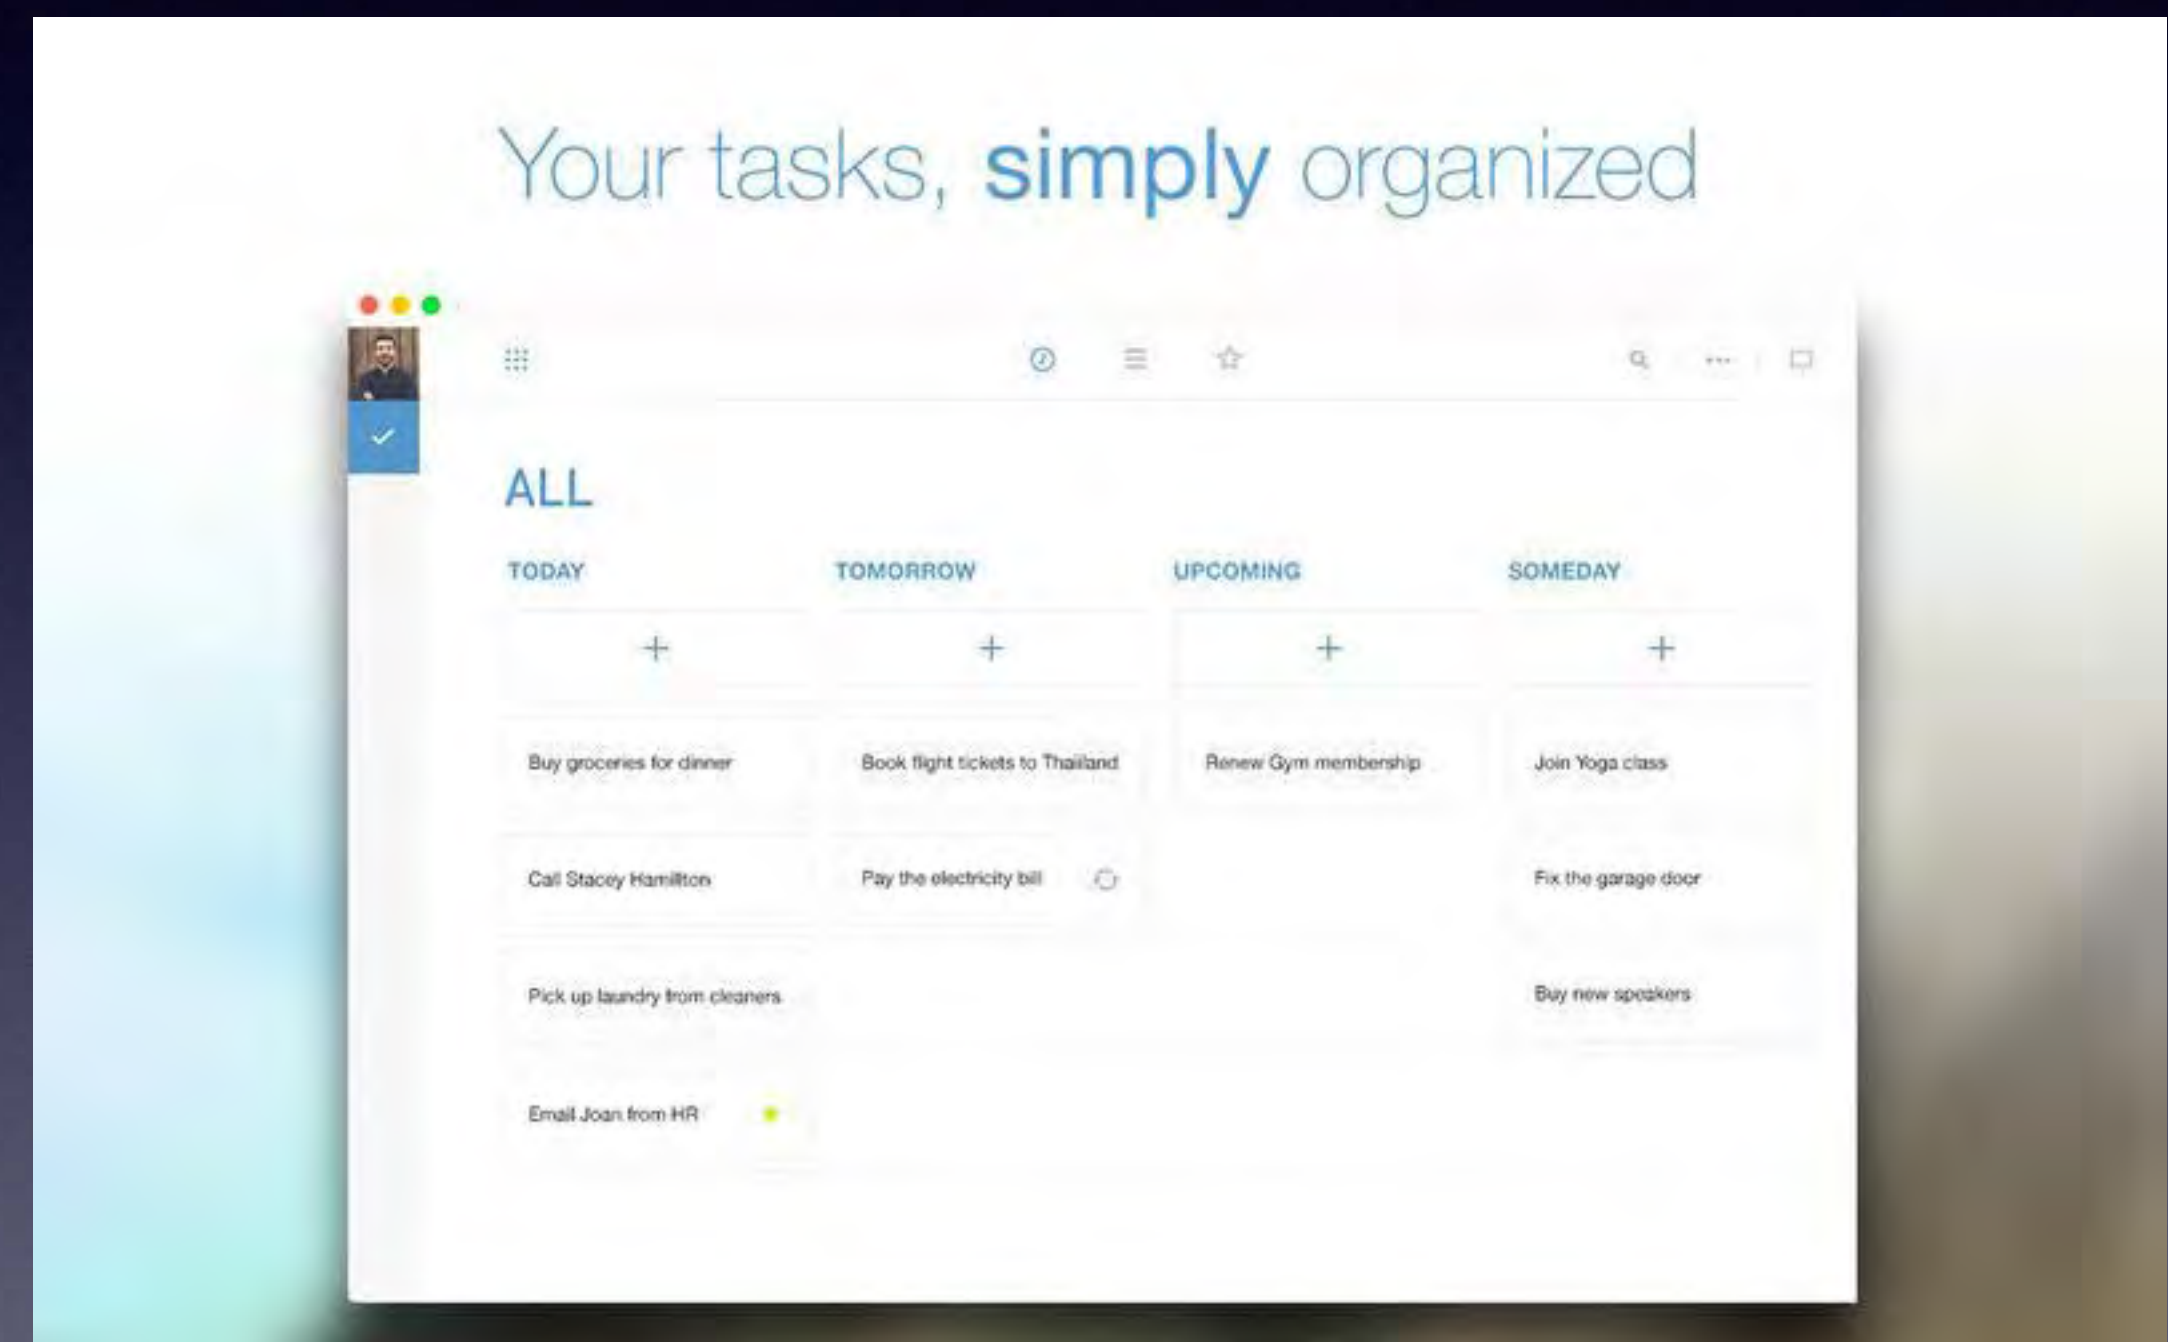

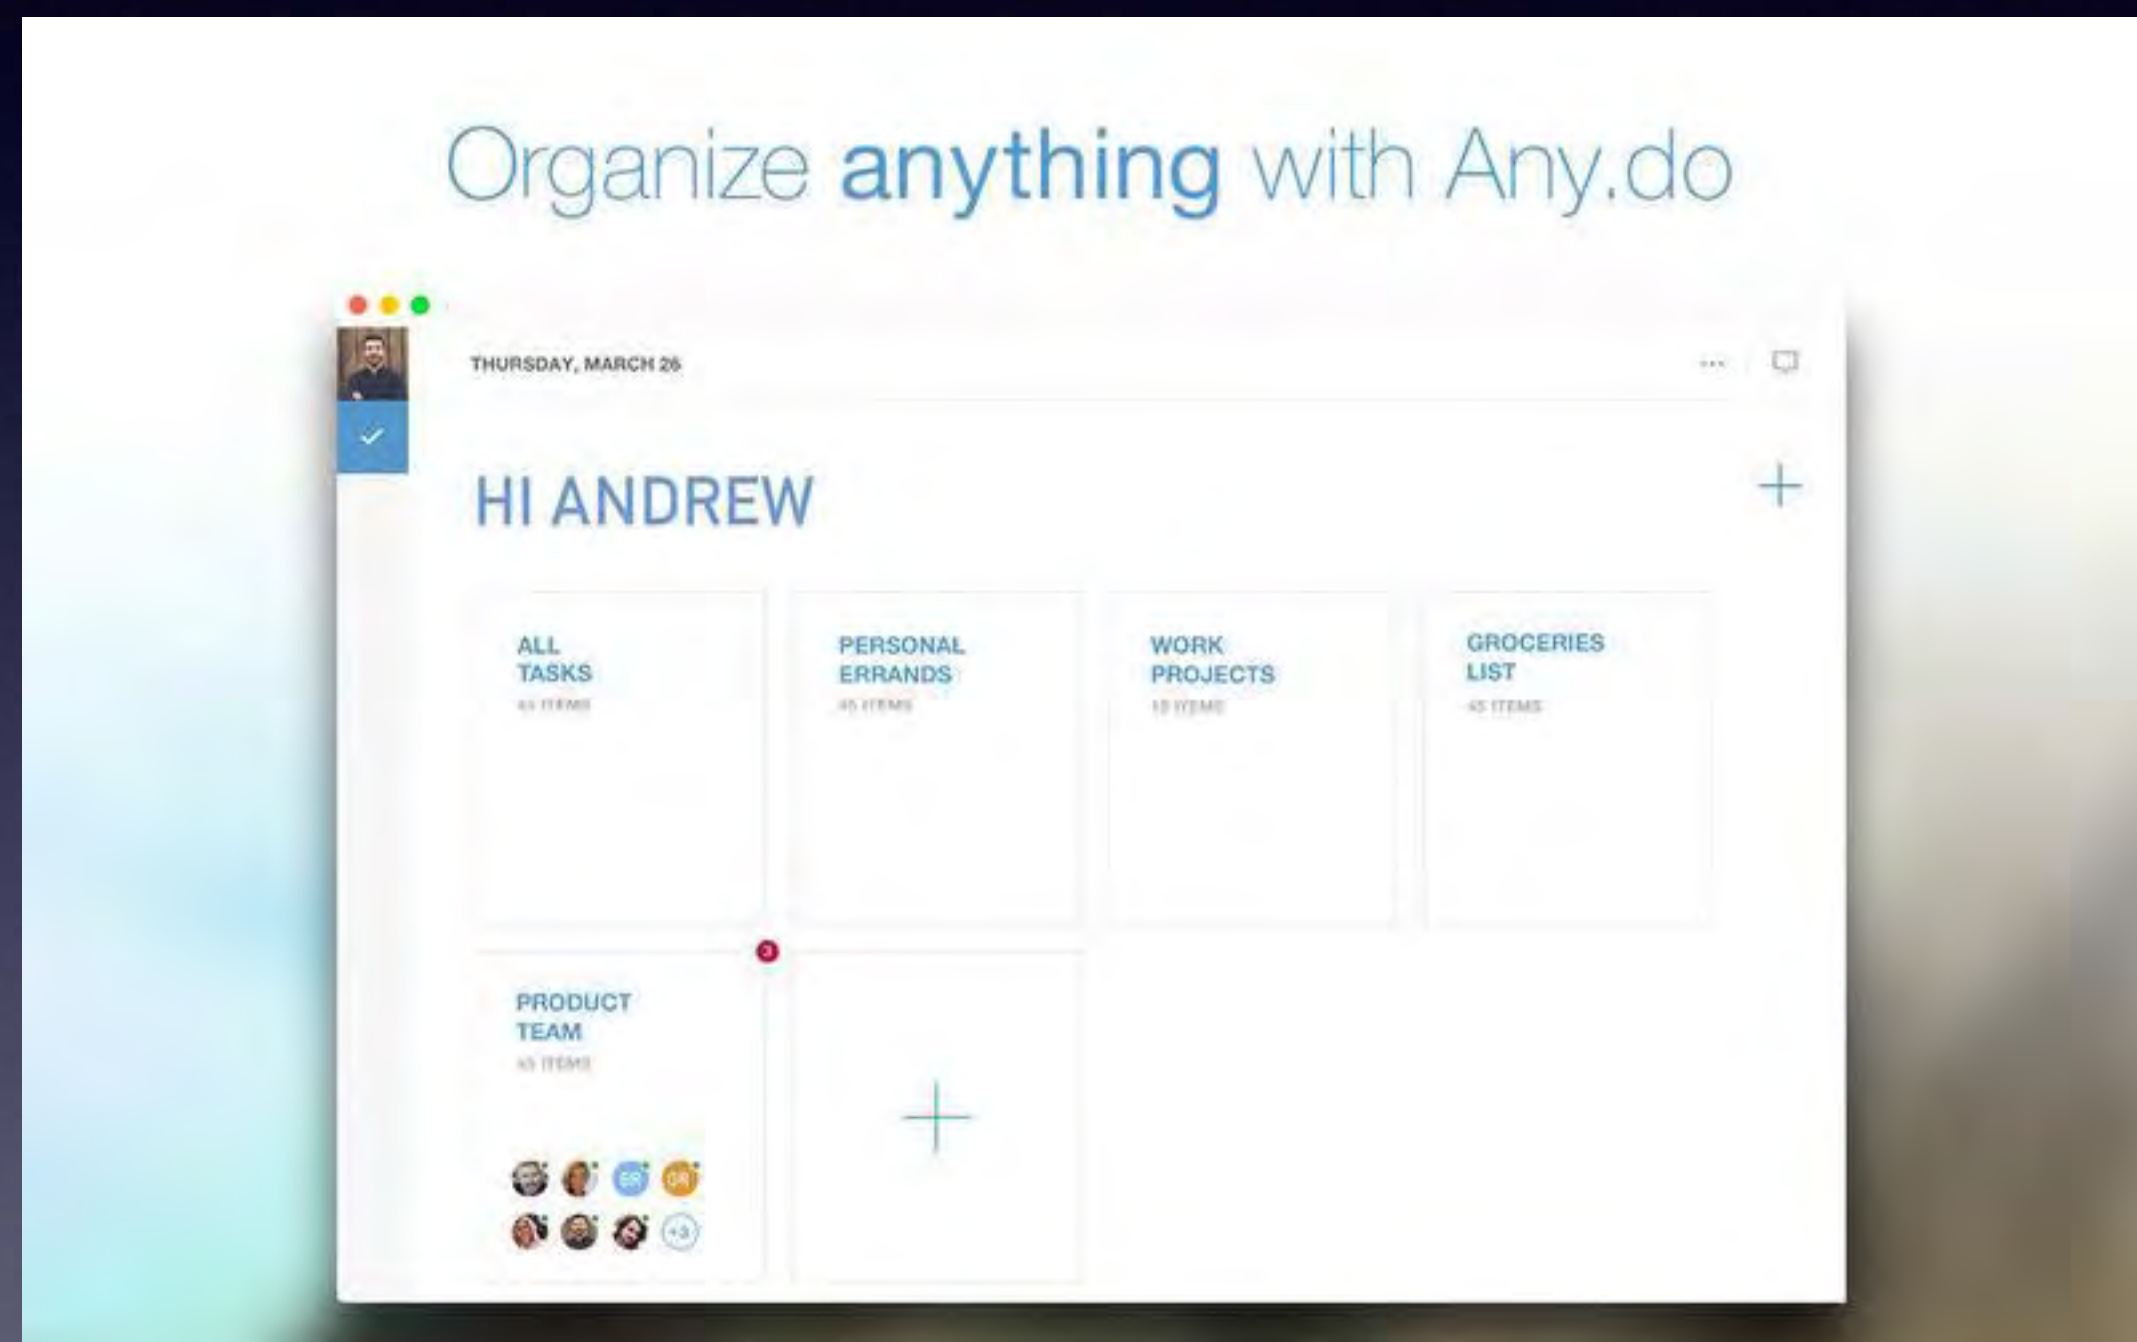

Outlook for iOS helps millions of users connect all their email accounts, calendars and files in one convenient spot.

# Any.do

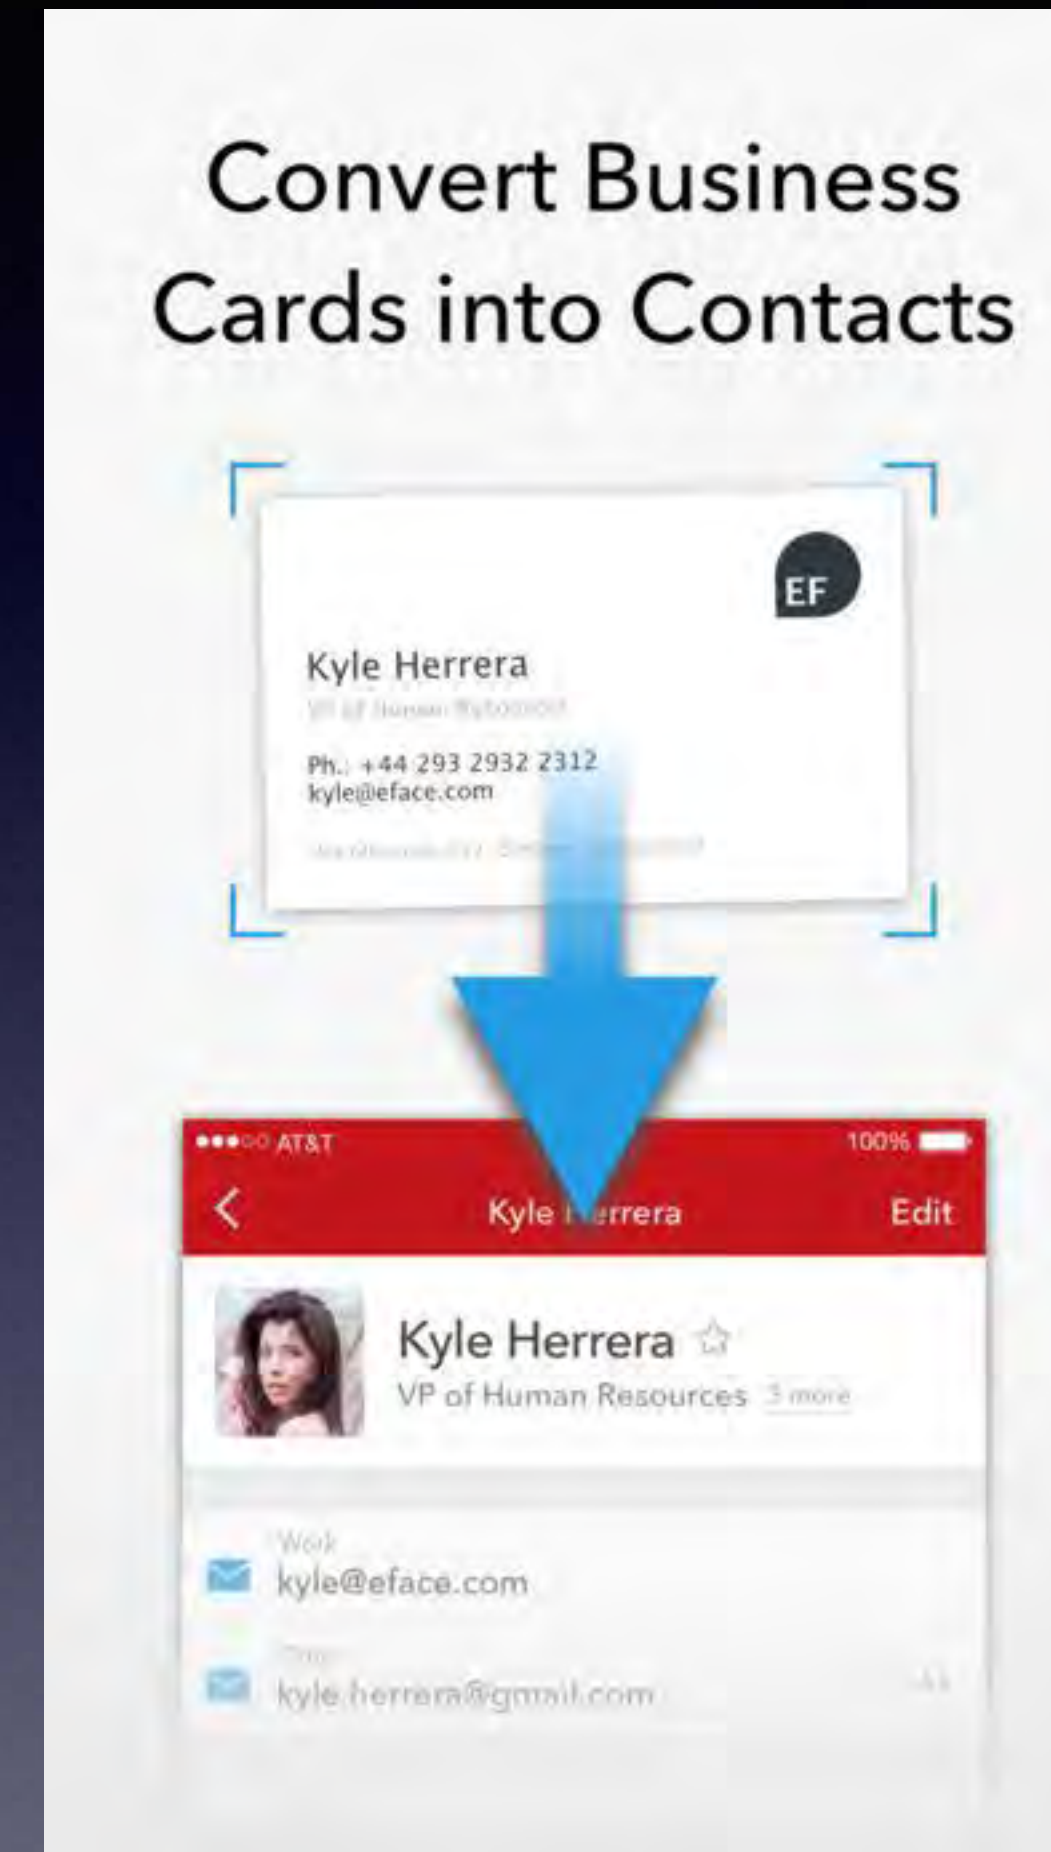

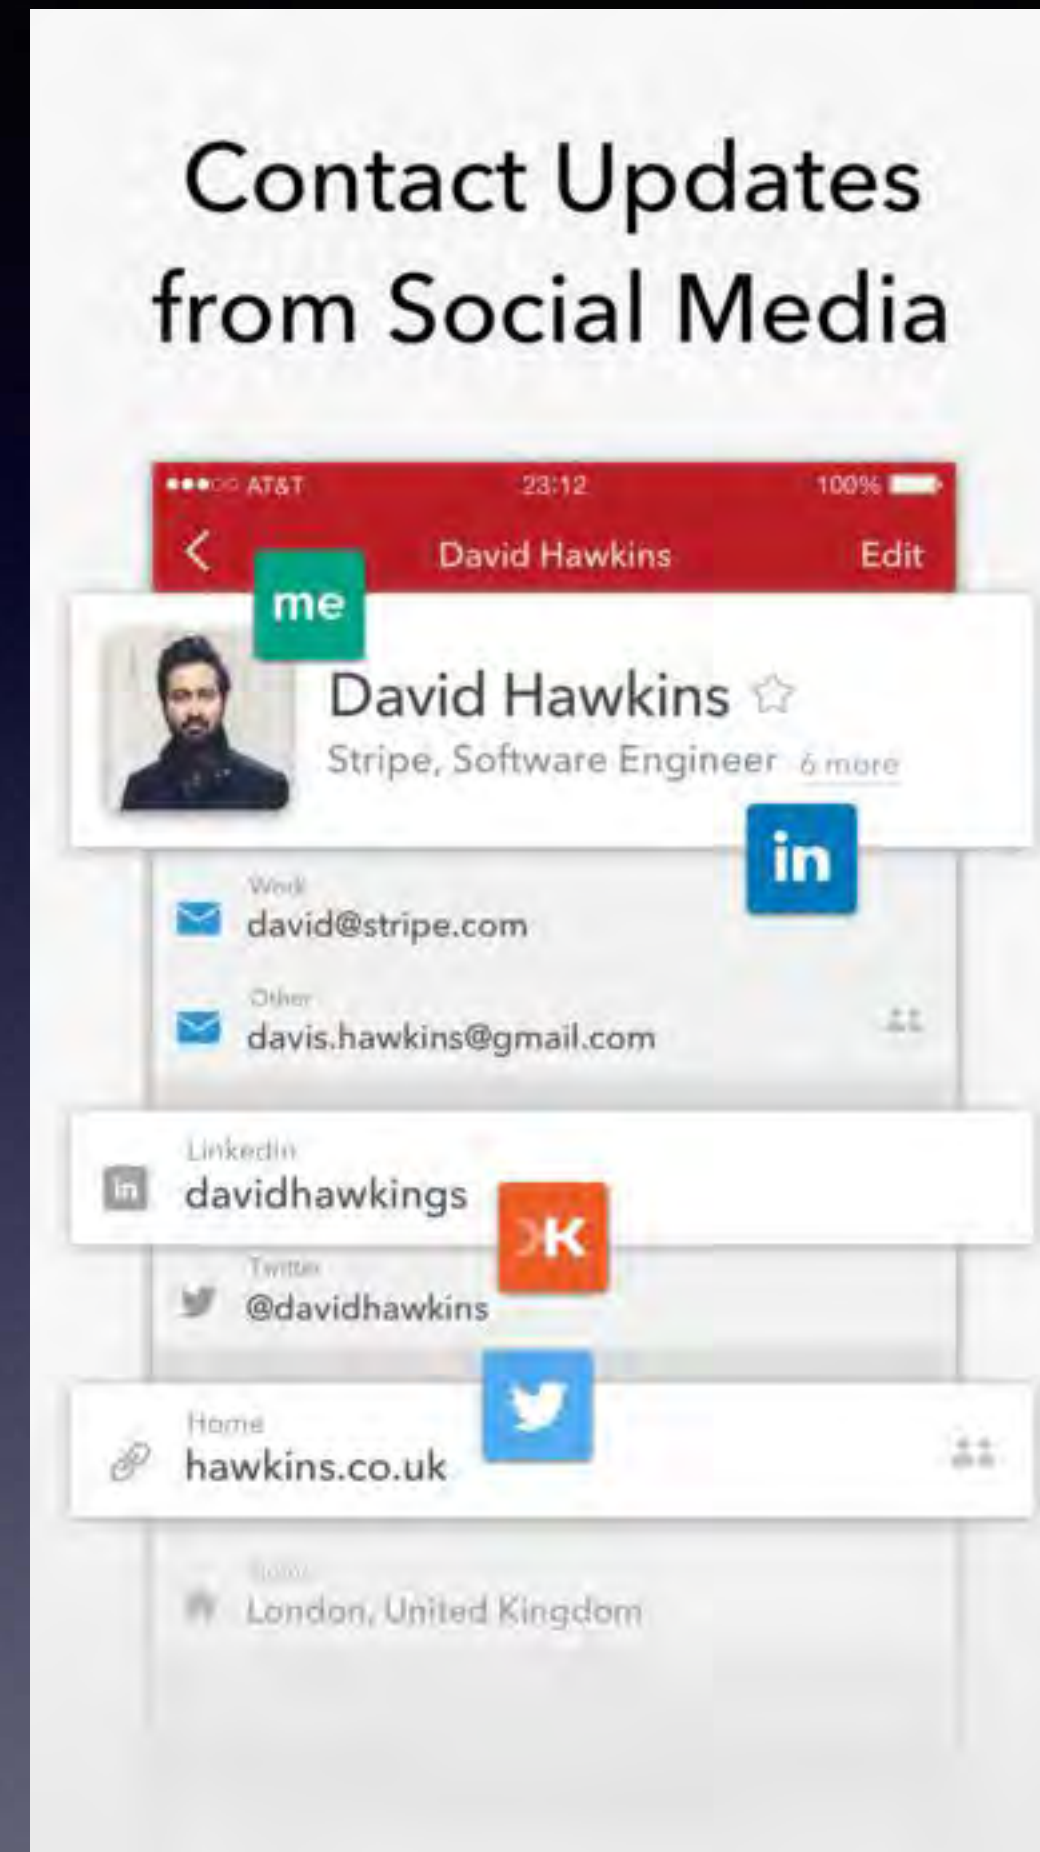

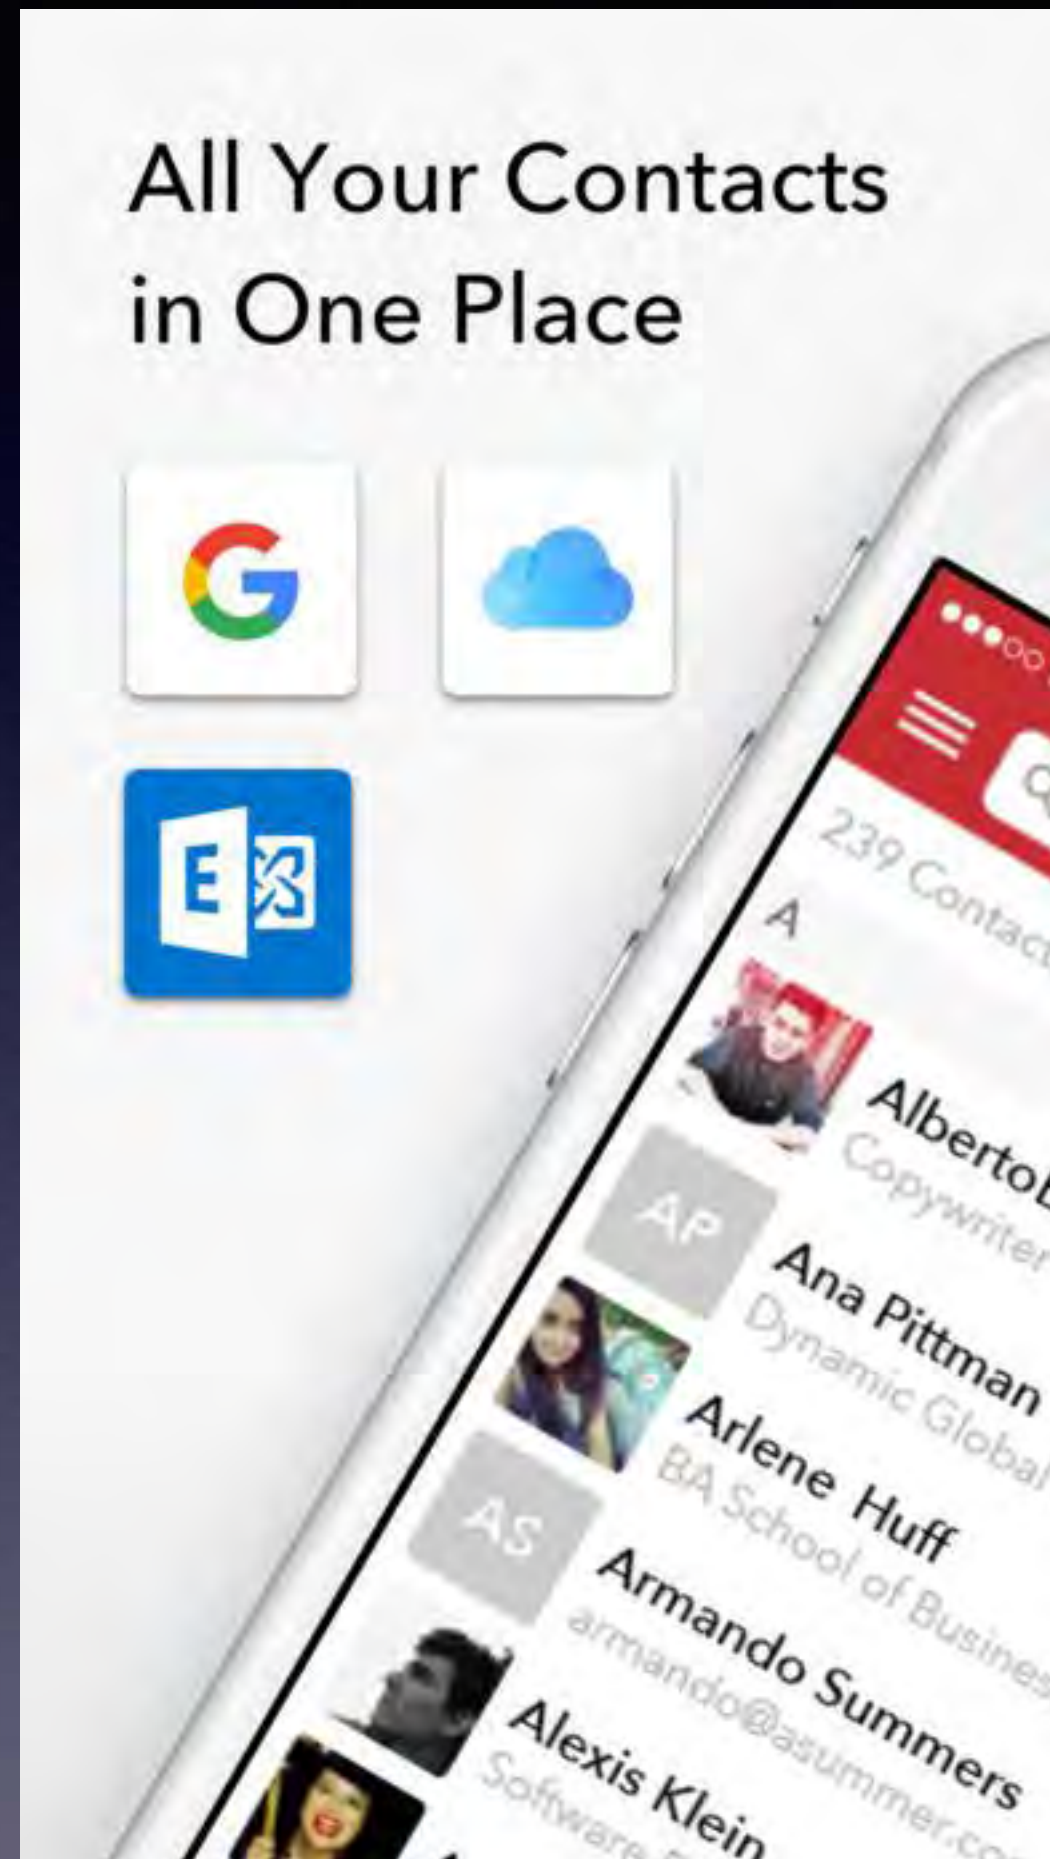

By Any.DO

Any.do is your free mobile and online task manager for Android, iPhone, Web.

# FullContact By FullContact Inc.

FullContact is an address book designed to let you focus on your relationships, not your contact management. Truly multi-platform, it syncs your connections across all your devices, as well as your accounts.

# Duet Display By Duet, Inc.

Use Your iPad as a Display  
For Mac & PC

With Zero Lag

Be Twice as Productive

Duet turns your iPad or iPhone into an extra display for your Mac & PC.

# Camera

# Camera+

FlightBoard lets you check out the boards of your favorite airports and view all the flight information in real-time.

# FlightTrack 5

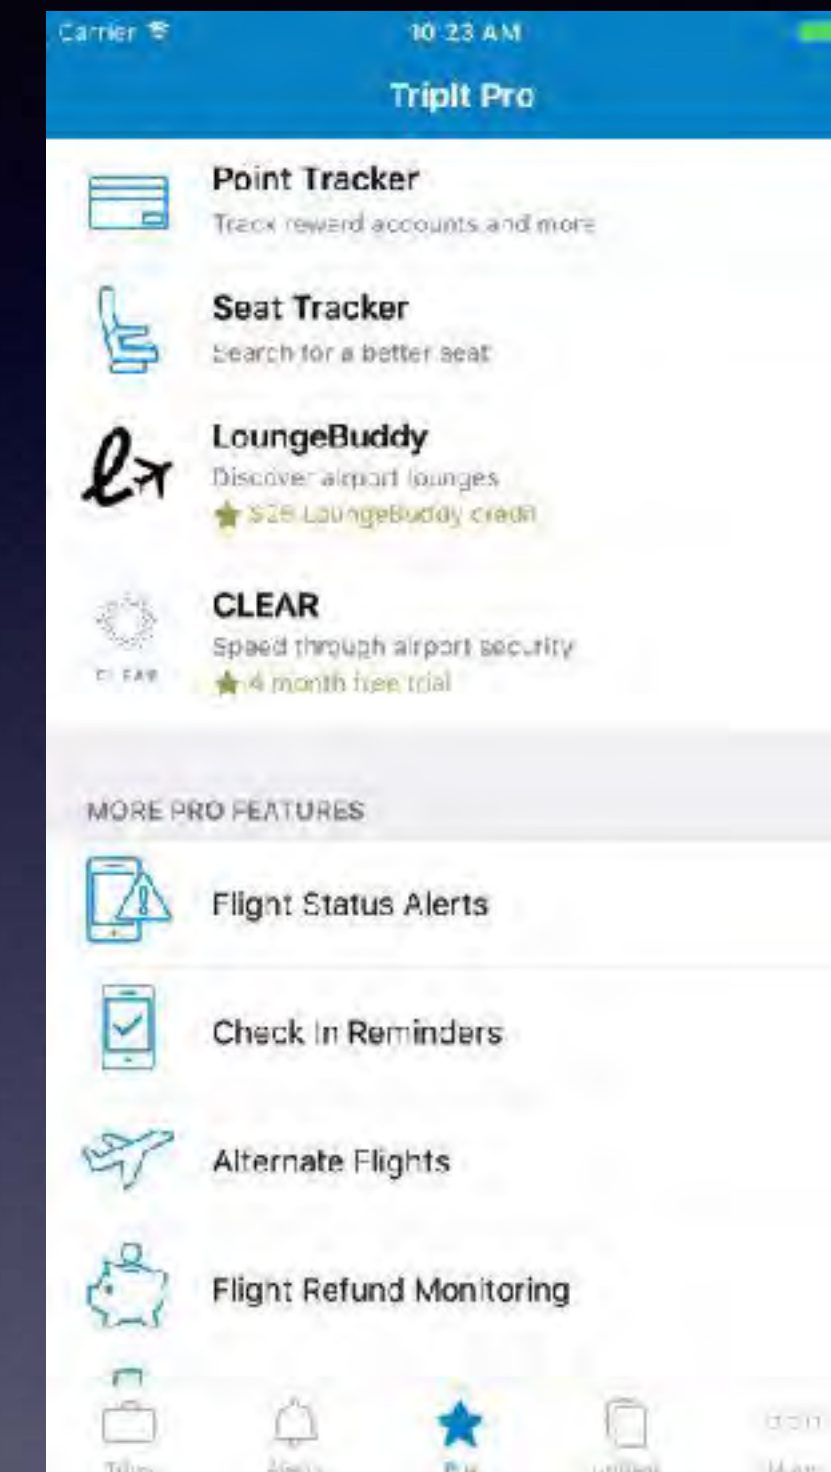

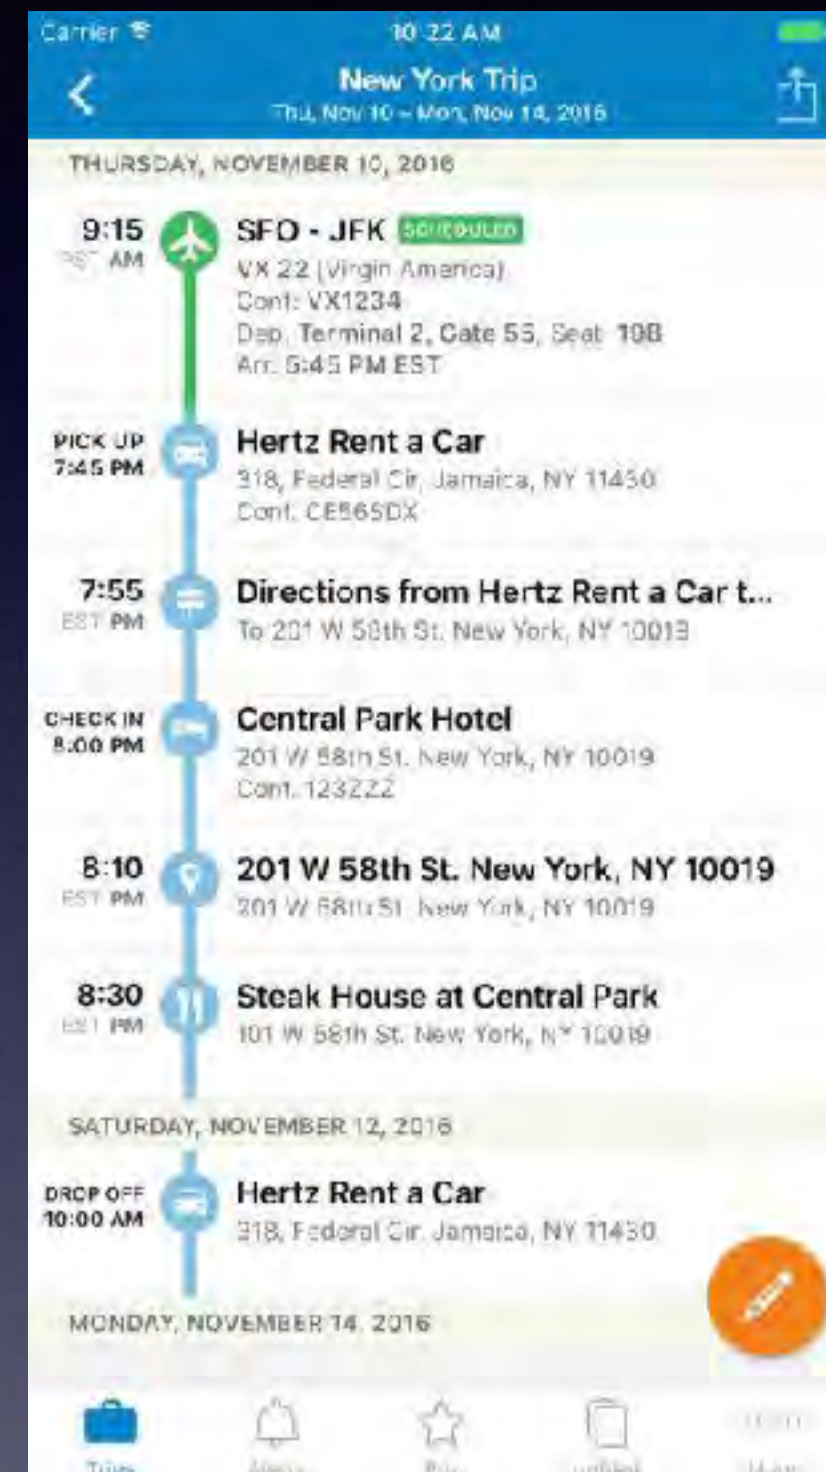

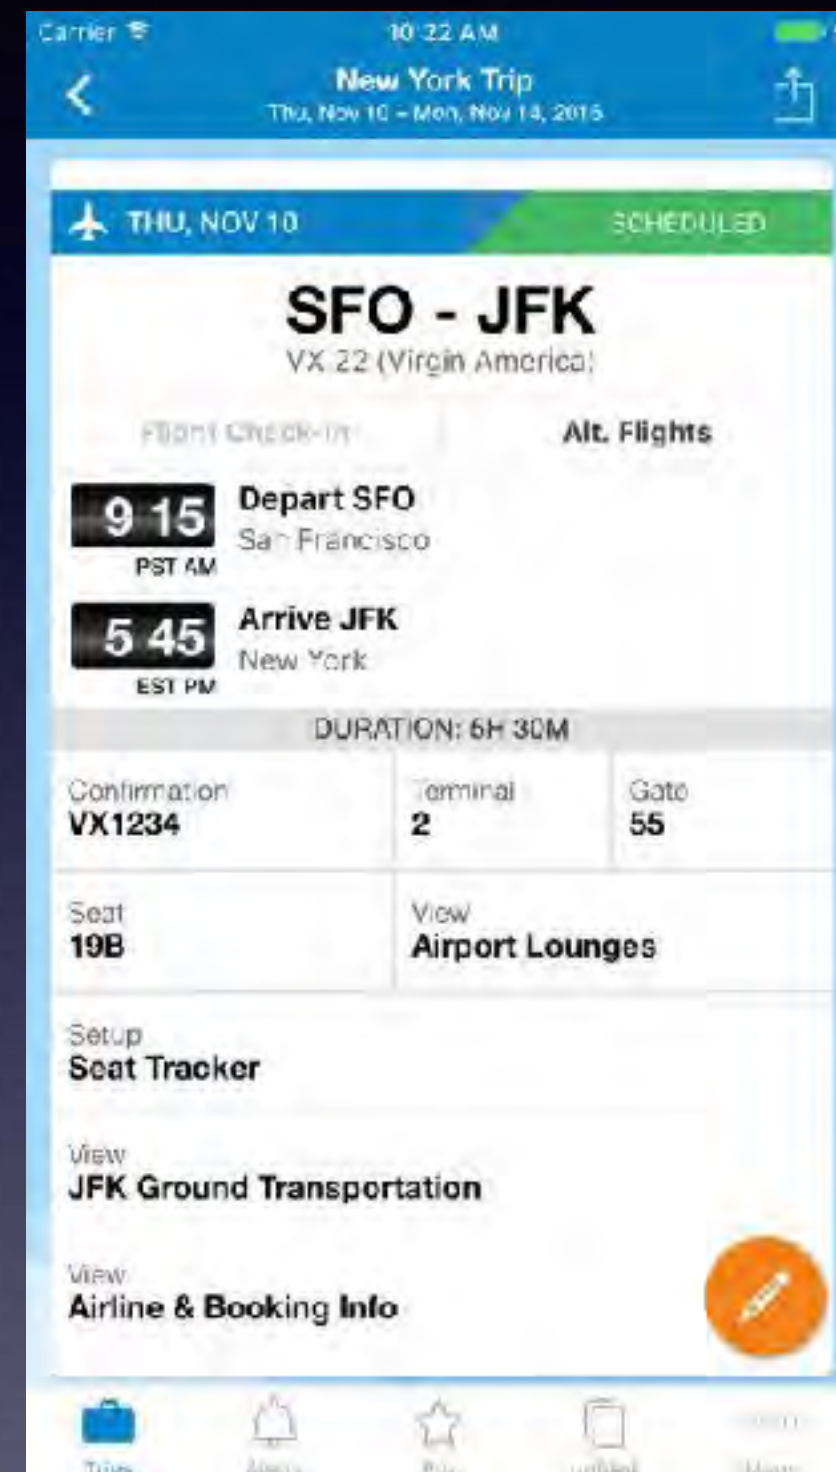

## By Mobiata

FlightTrack provides real-time departure and delay information, timely push notifications with flight updates, and gate numbers. It will even inform you of cancellations and help you find alternate flights.

# Triplt By Triplt

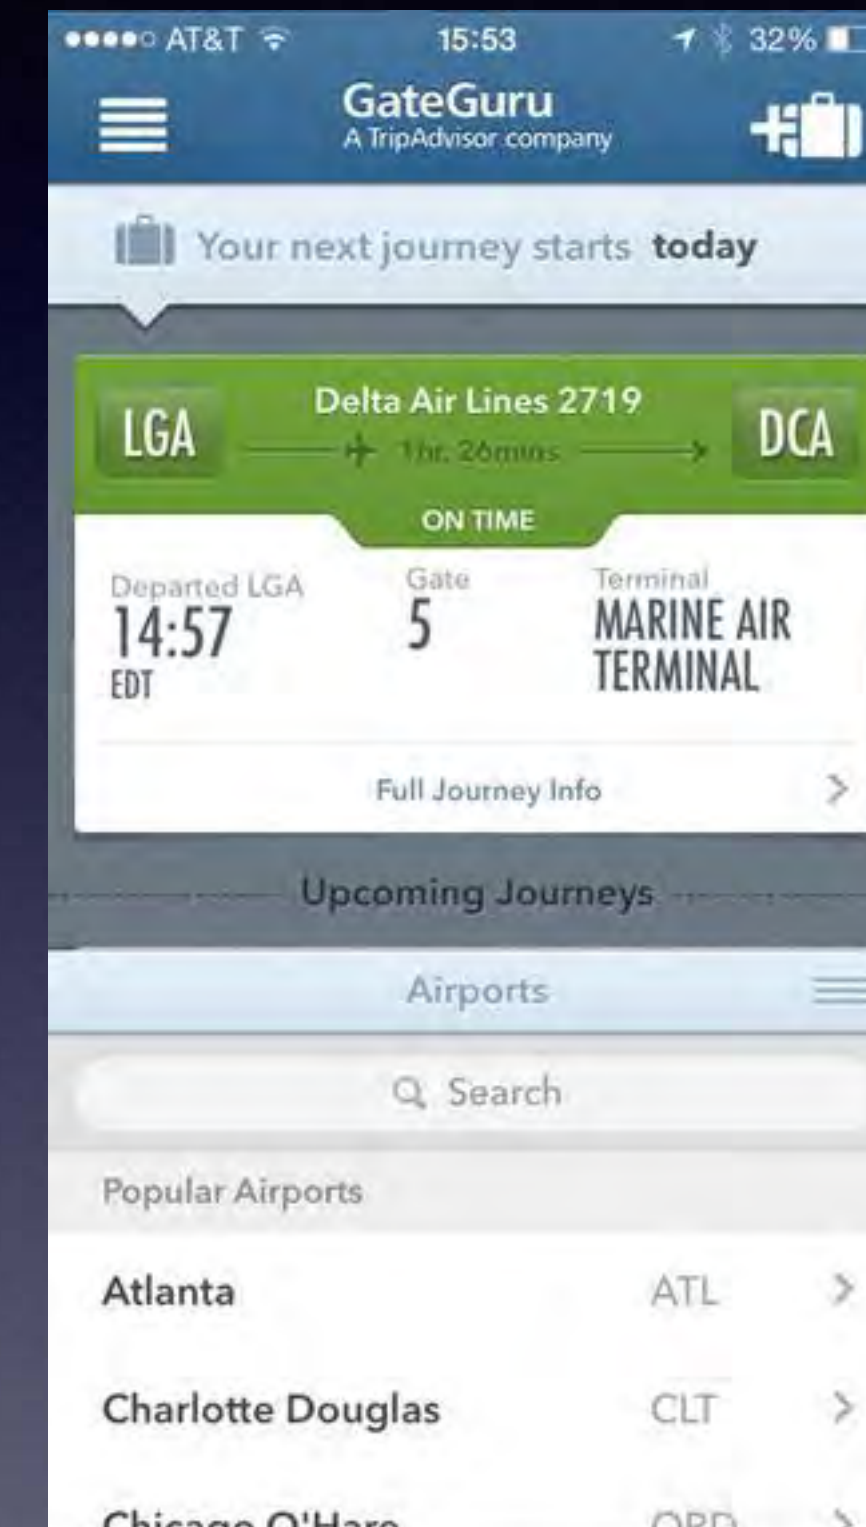

Triplt instantly organizes all your travel plans in one place. Simply forward your confirmation emails to [plans@tripit.com](mailto:plans@tripit.com). Triplt will create a master itinerary for each of your trips with all your travel details in one place.

# GateGuru

By Mobility Apps LLC

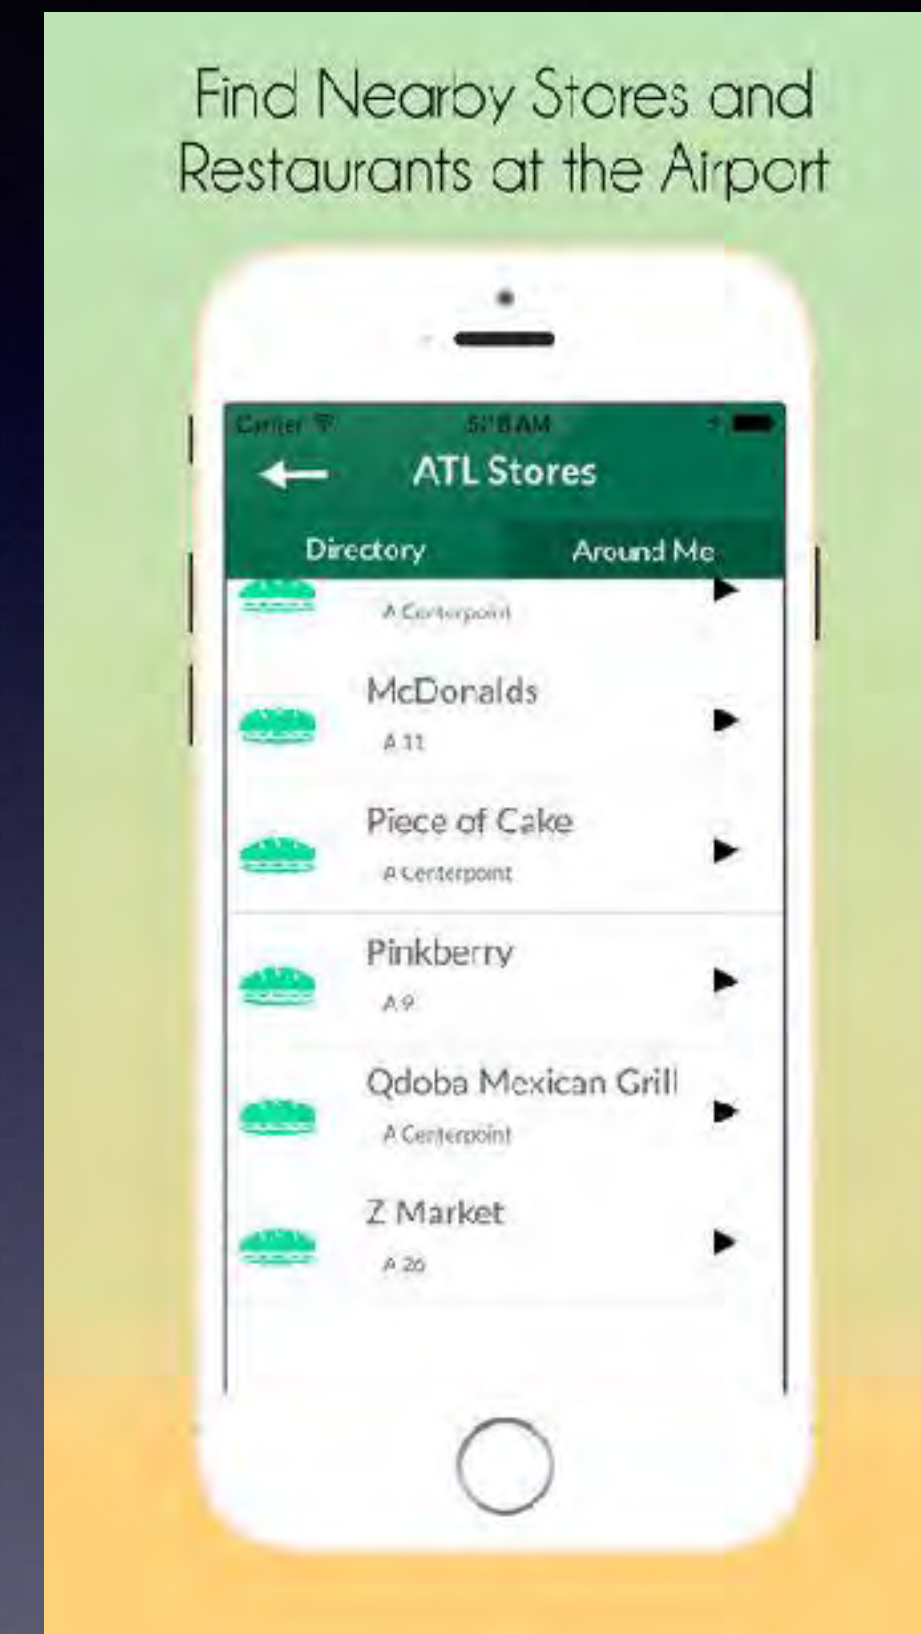

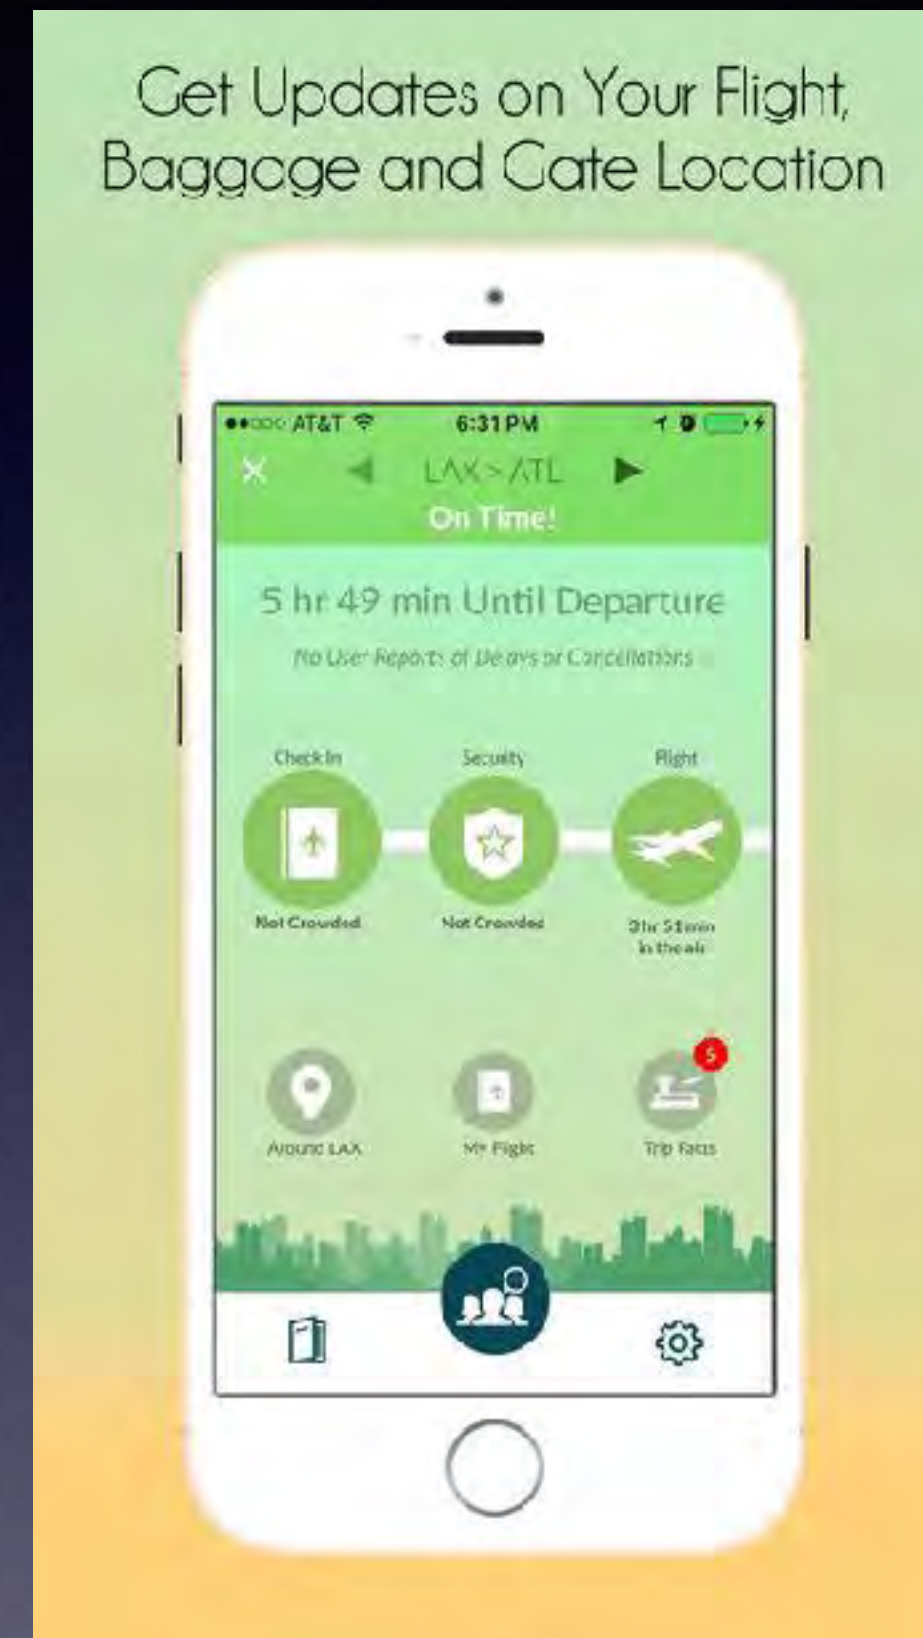

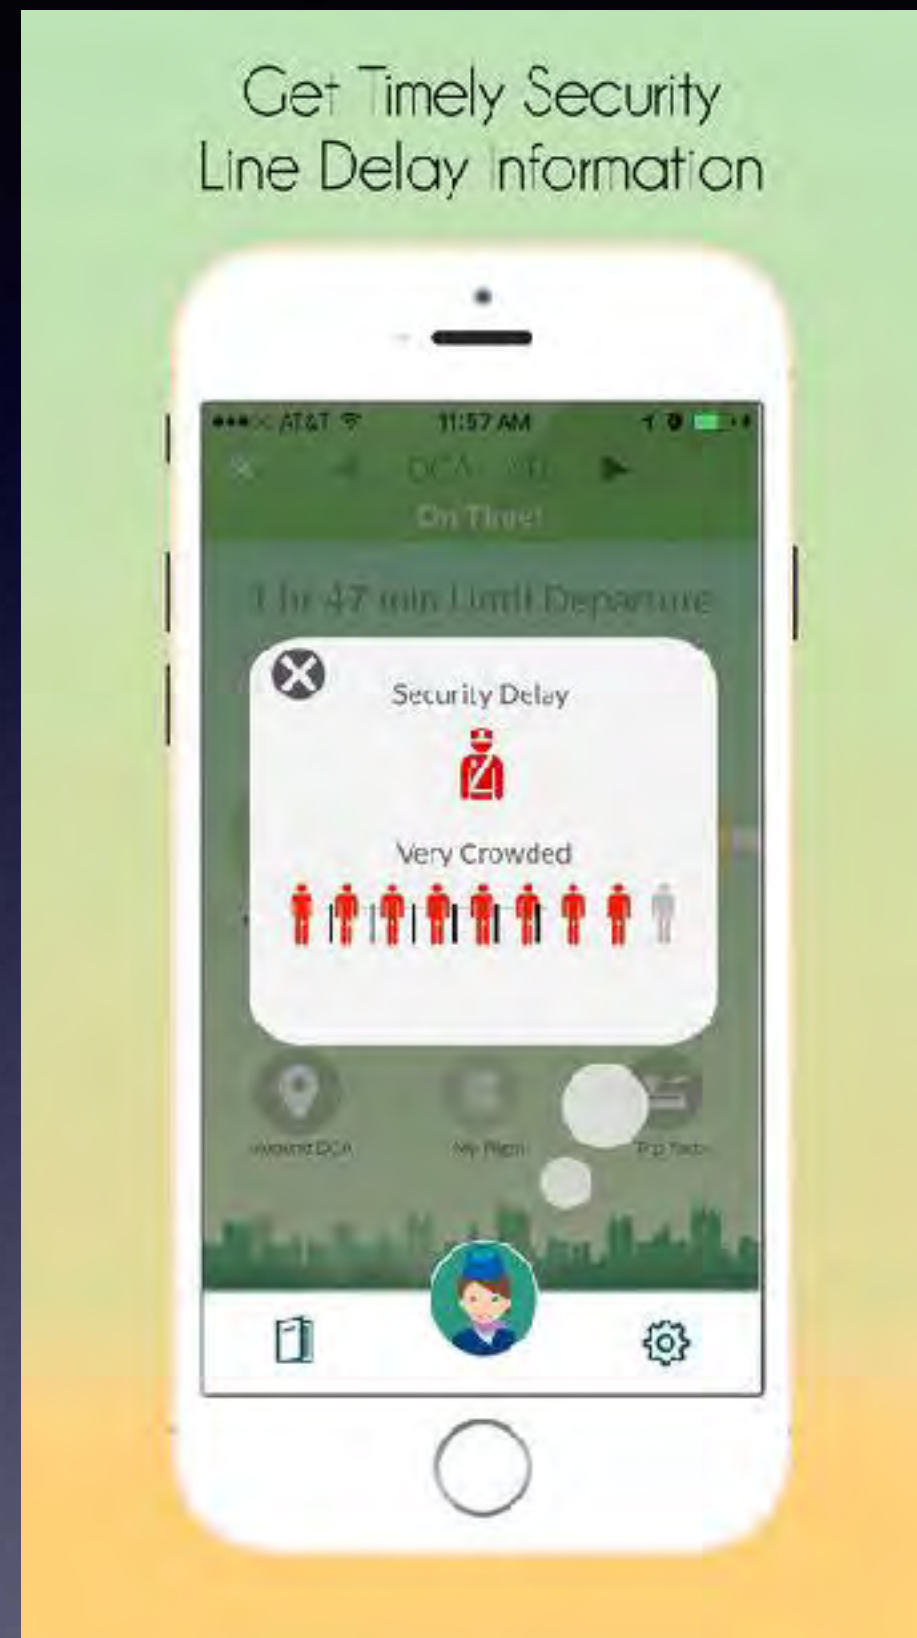

GateGuru is a travel app that provides real-time flight status with push notifications along with a wealth of airport content customized to YOUR itinerary.

# Fleet

By Fly Fleet LLC

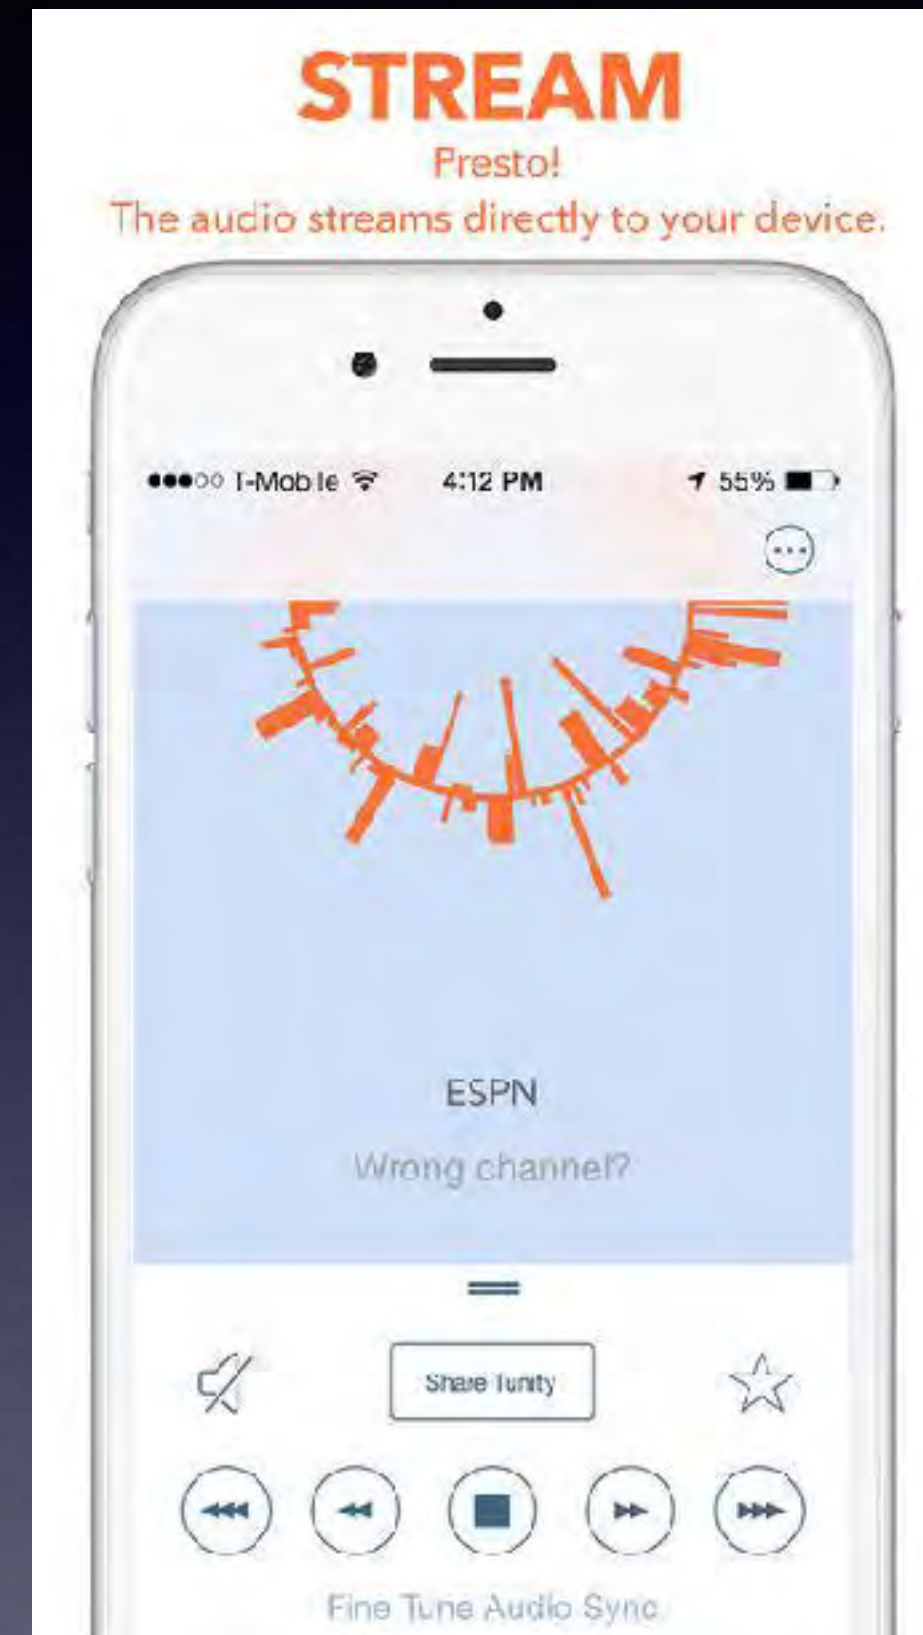

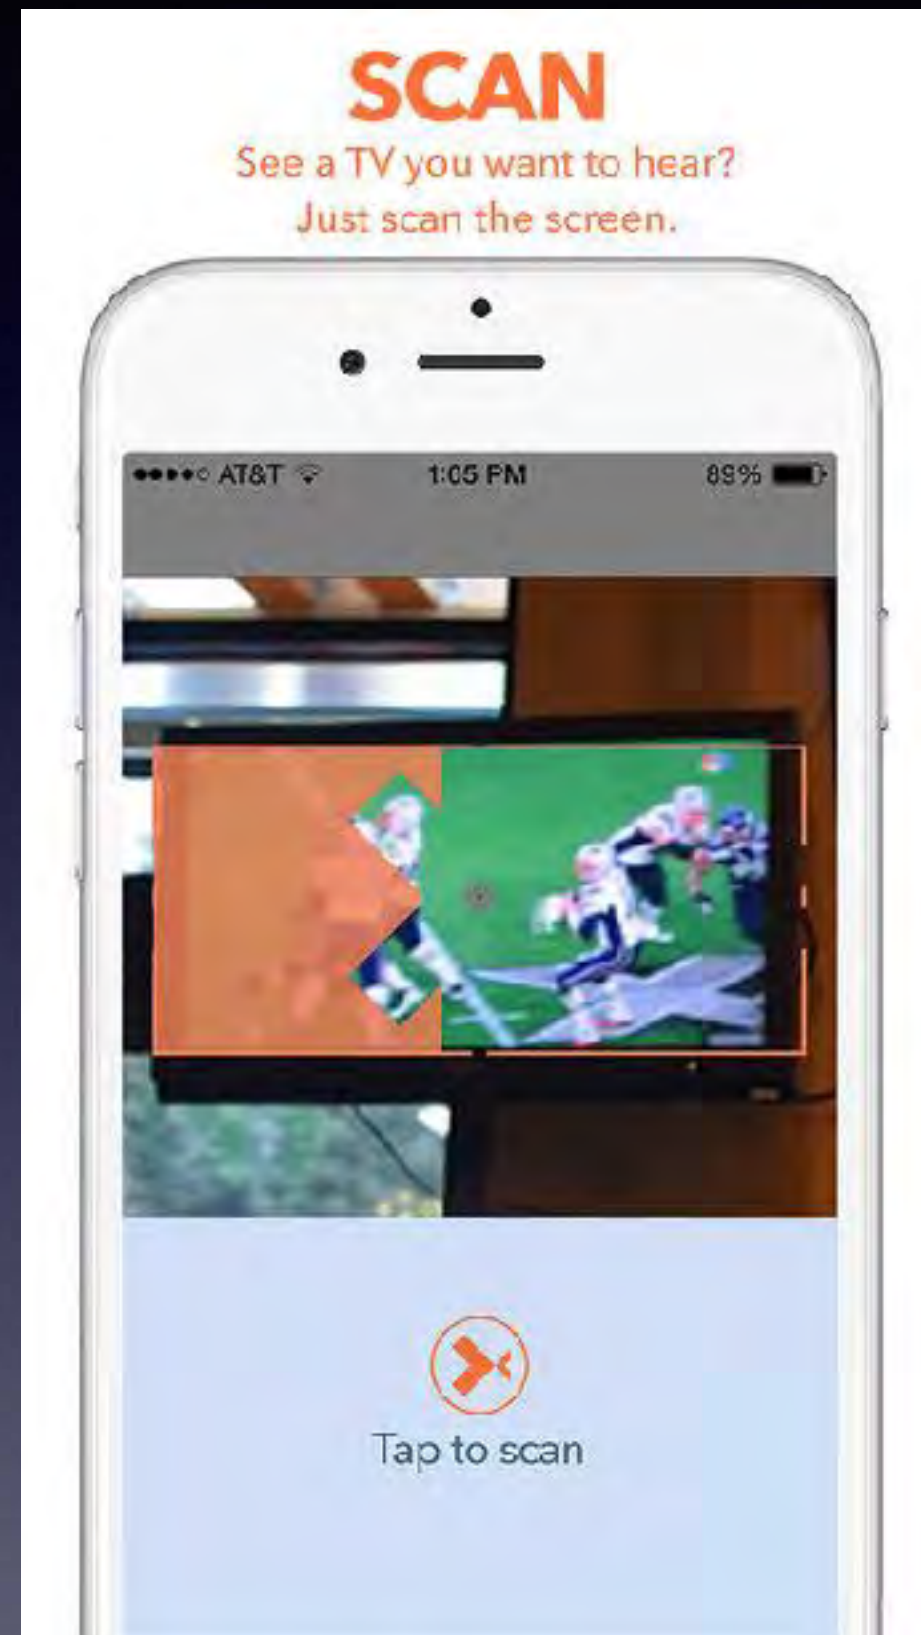

Get flight and security line delays and locate your terminal, gate, and baggage pickup. Find airport restaurants, coffee shops, or stores at every step of your travel.

# Tunity

By AudioStreamTV Inc.

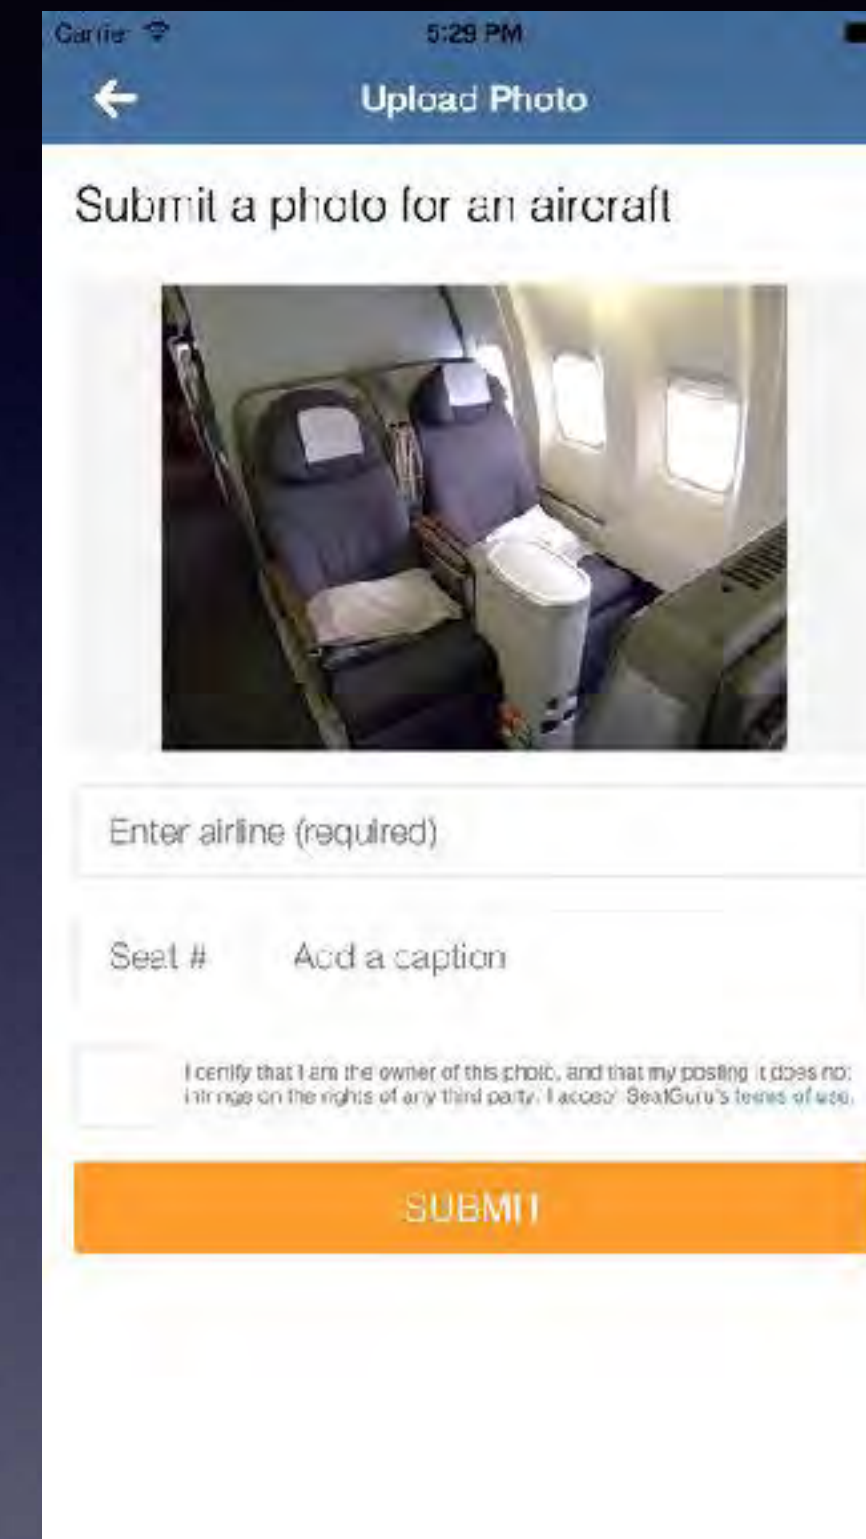

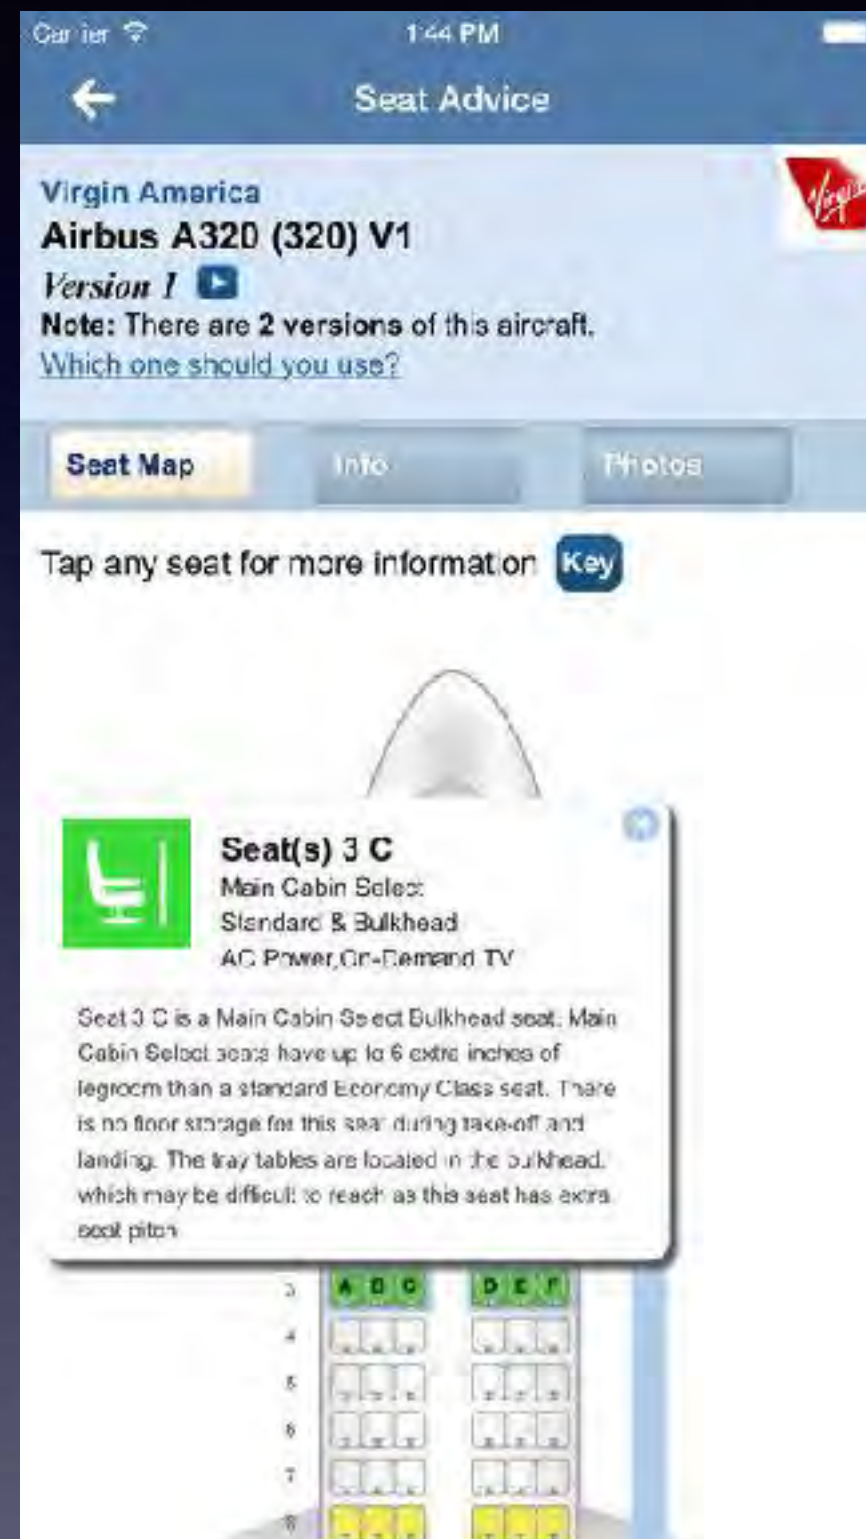

TUNITY is a FREE app that allows you to hear any muted, live TV's audio directly on your mobile device. Simply scan the TV, let Tunity locate the channel and stream the audio through your headphones or bluetooth speaker.

# SeatGuru

By TripAdvisor LLC

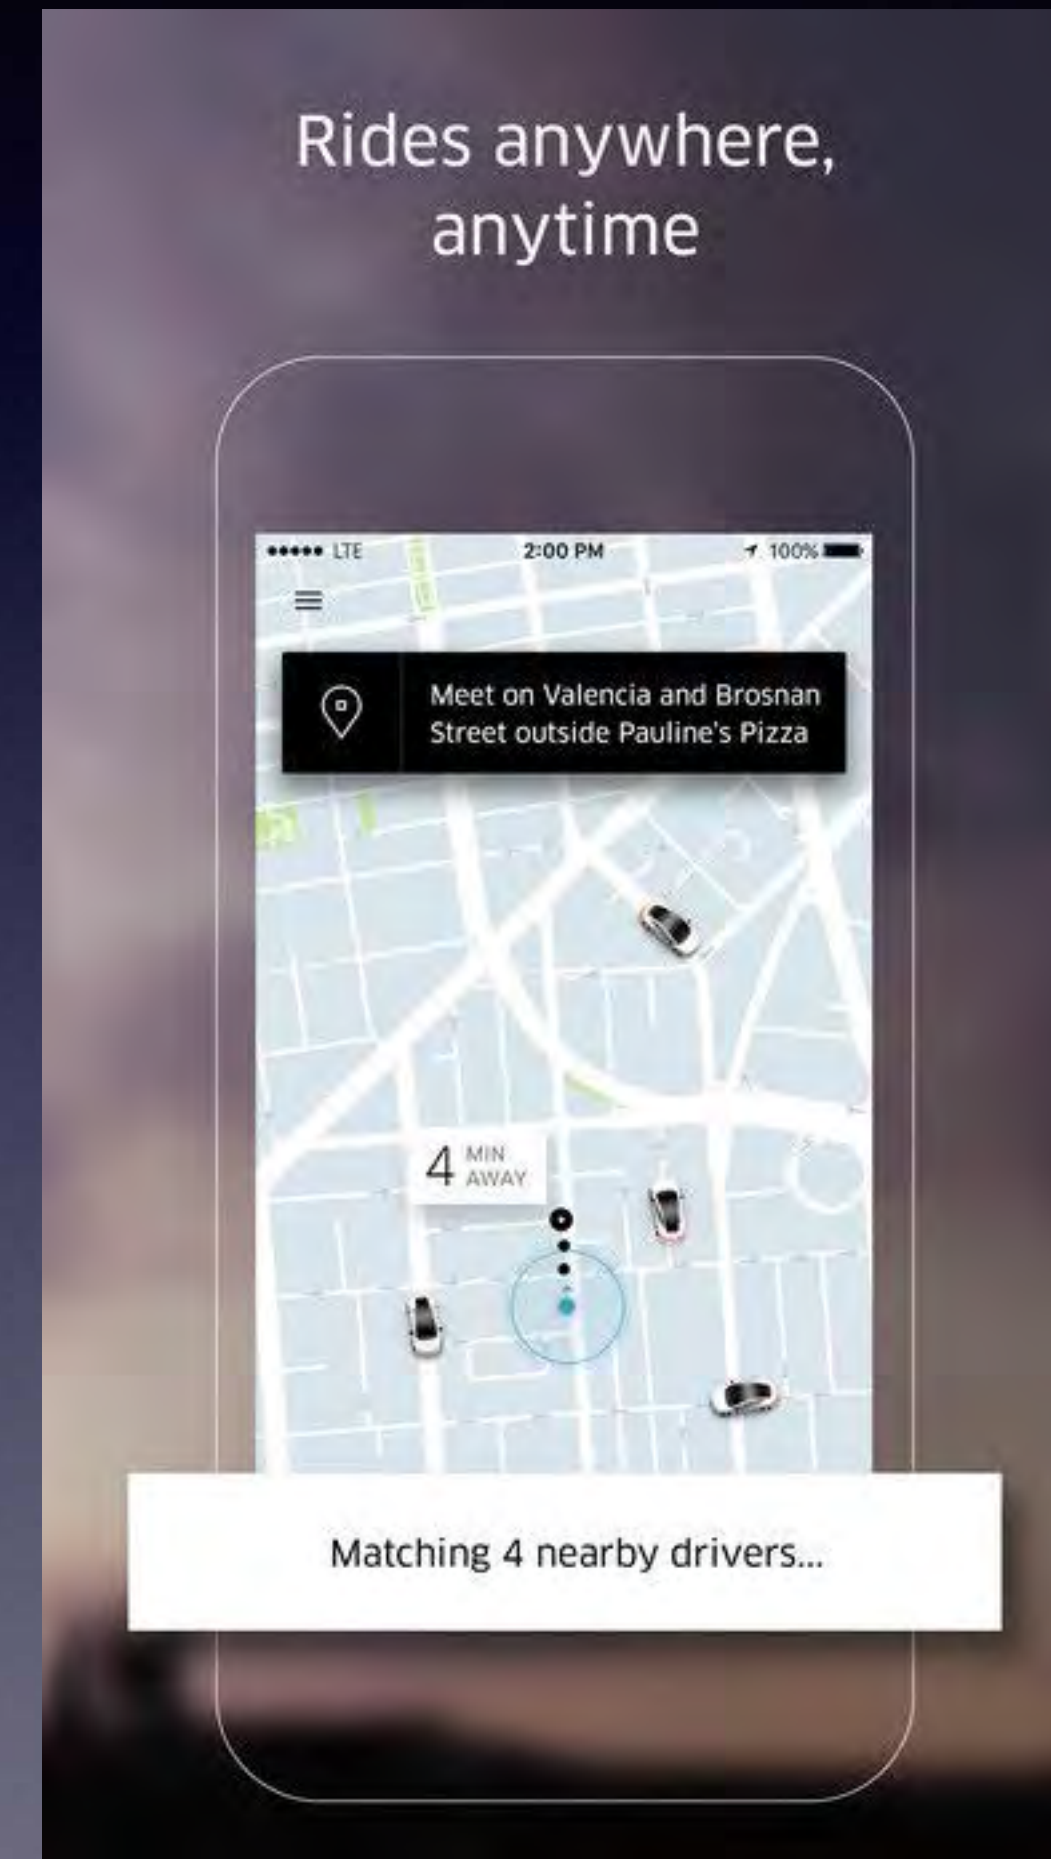

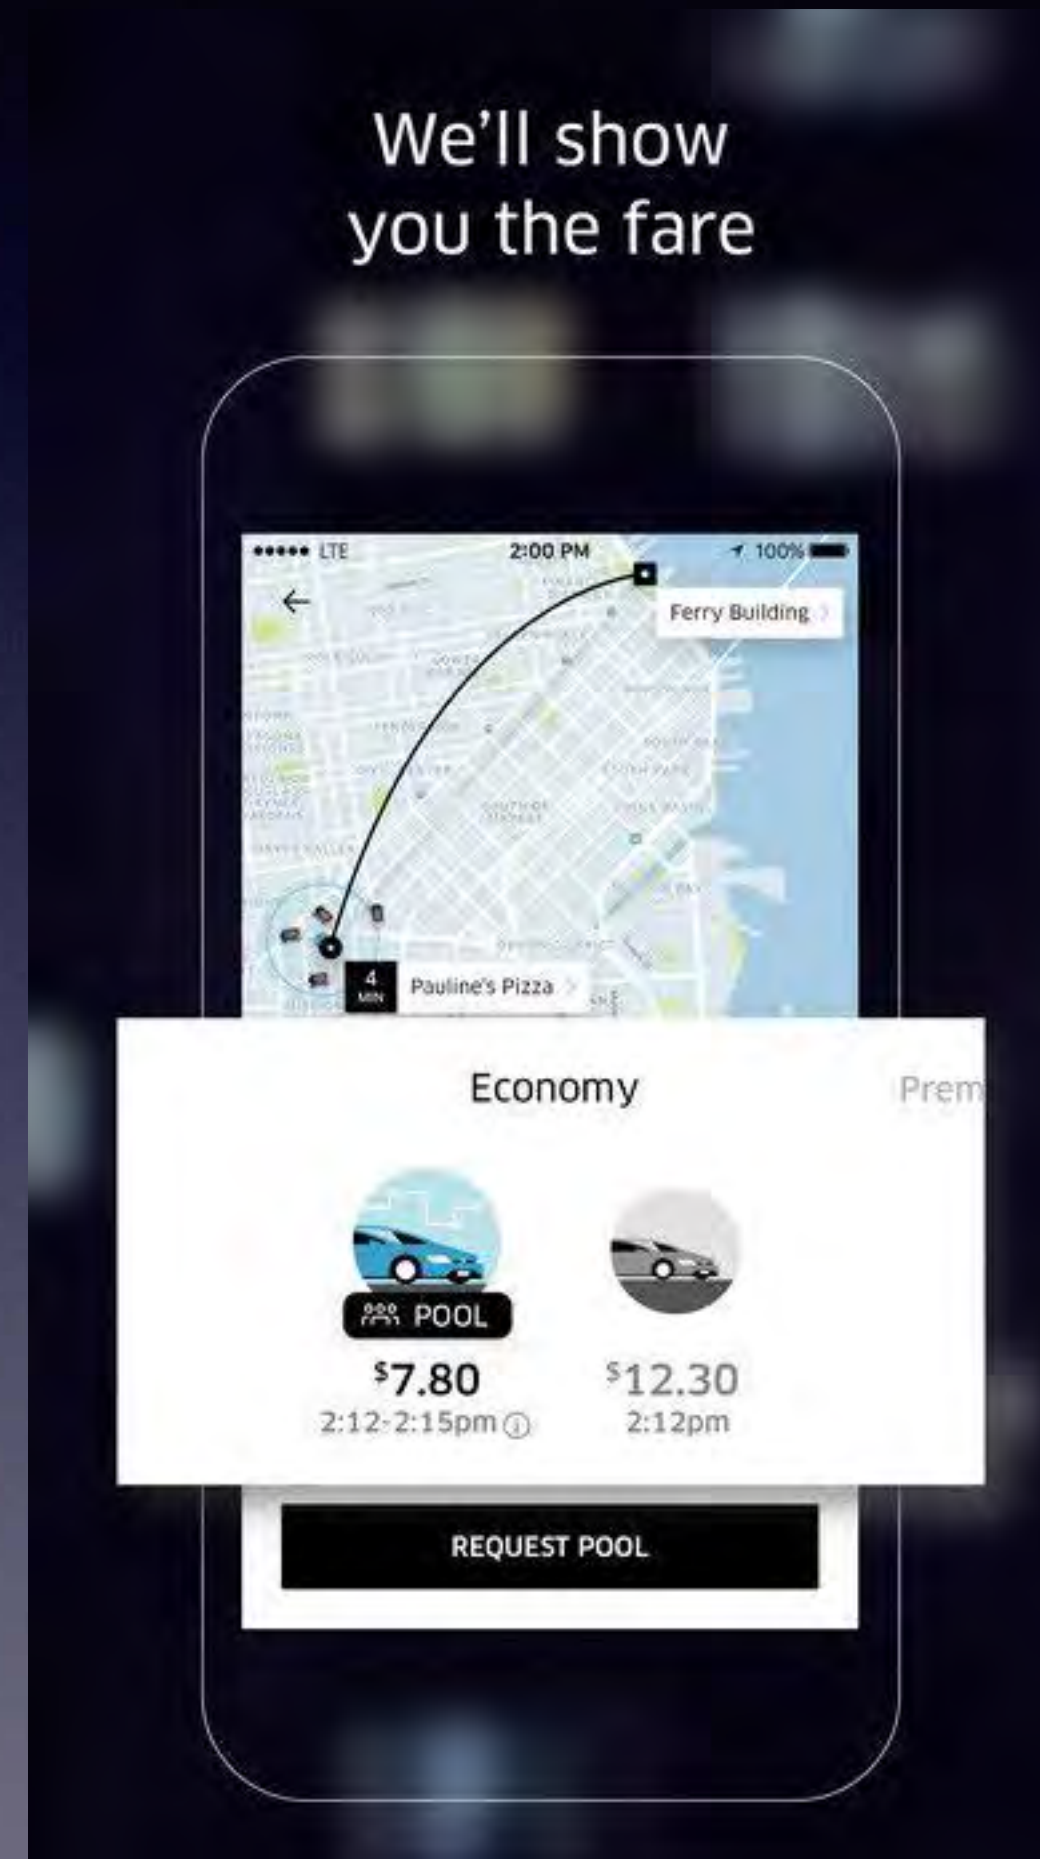

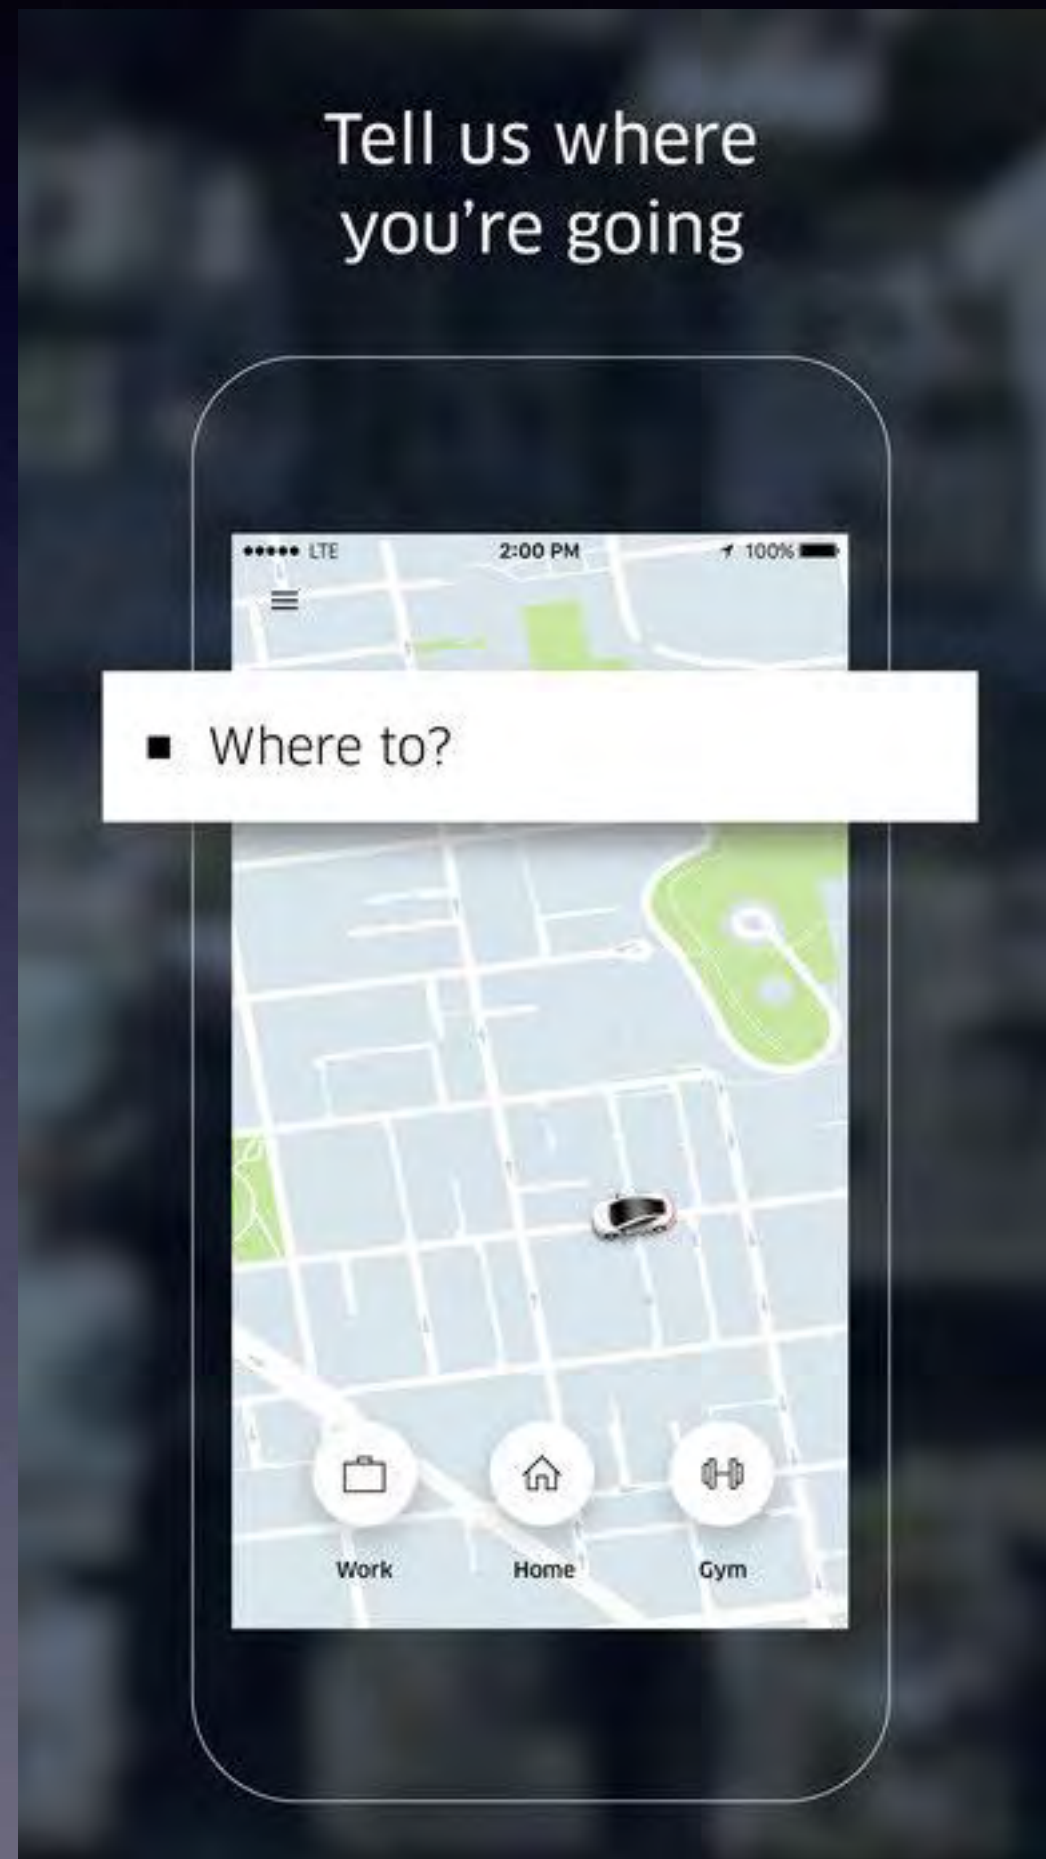

Find low airfares, pick your ideal seat on the plane, and get real-time flight alerts with the free SeatGuru app.

# Uber

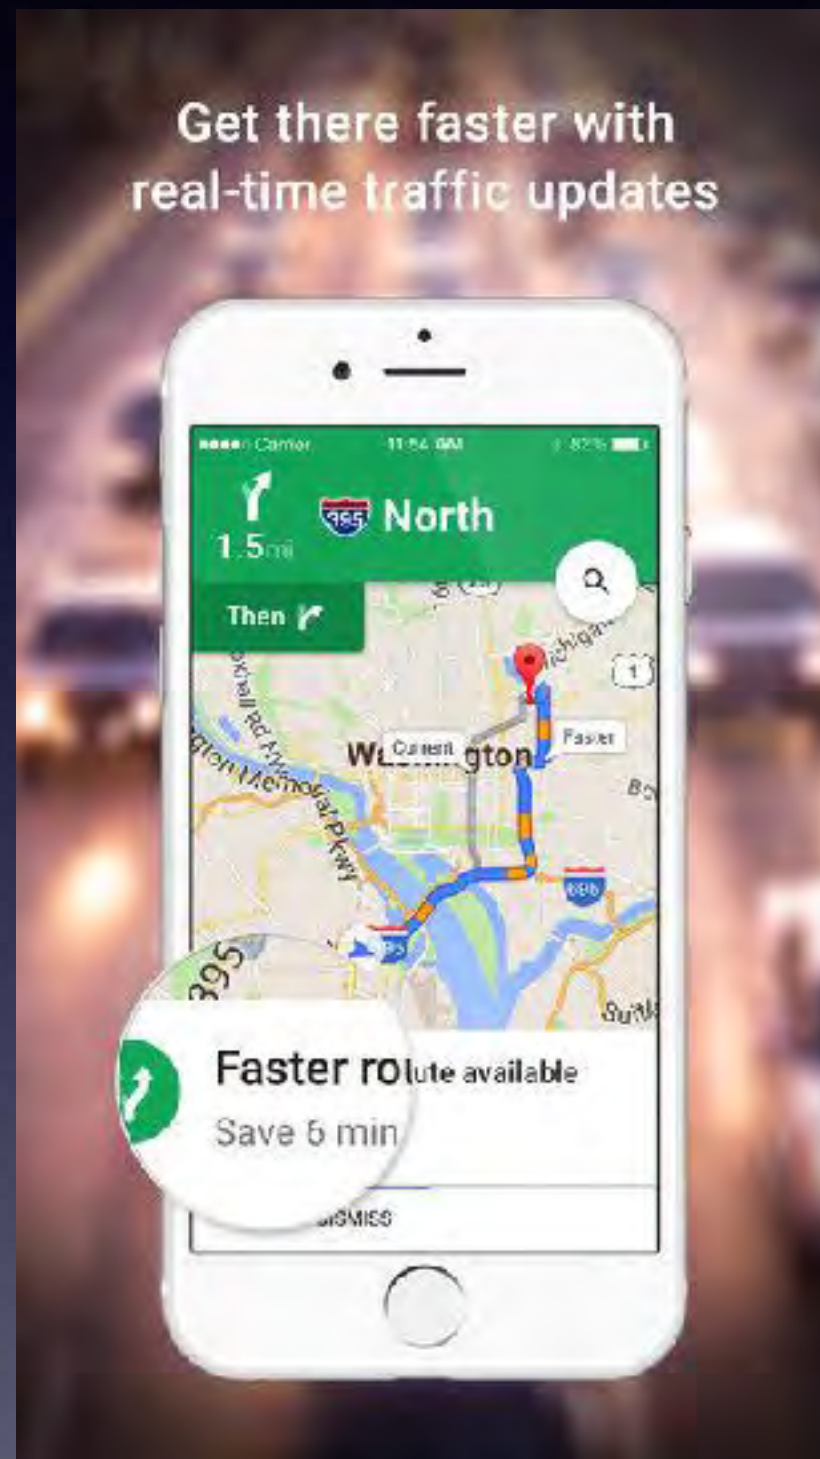

By Uber Technologies, Inc.

# Google Maps

By Google, Inc

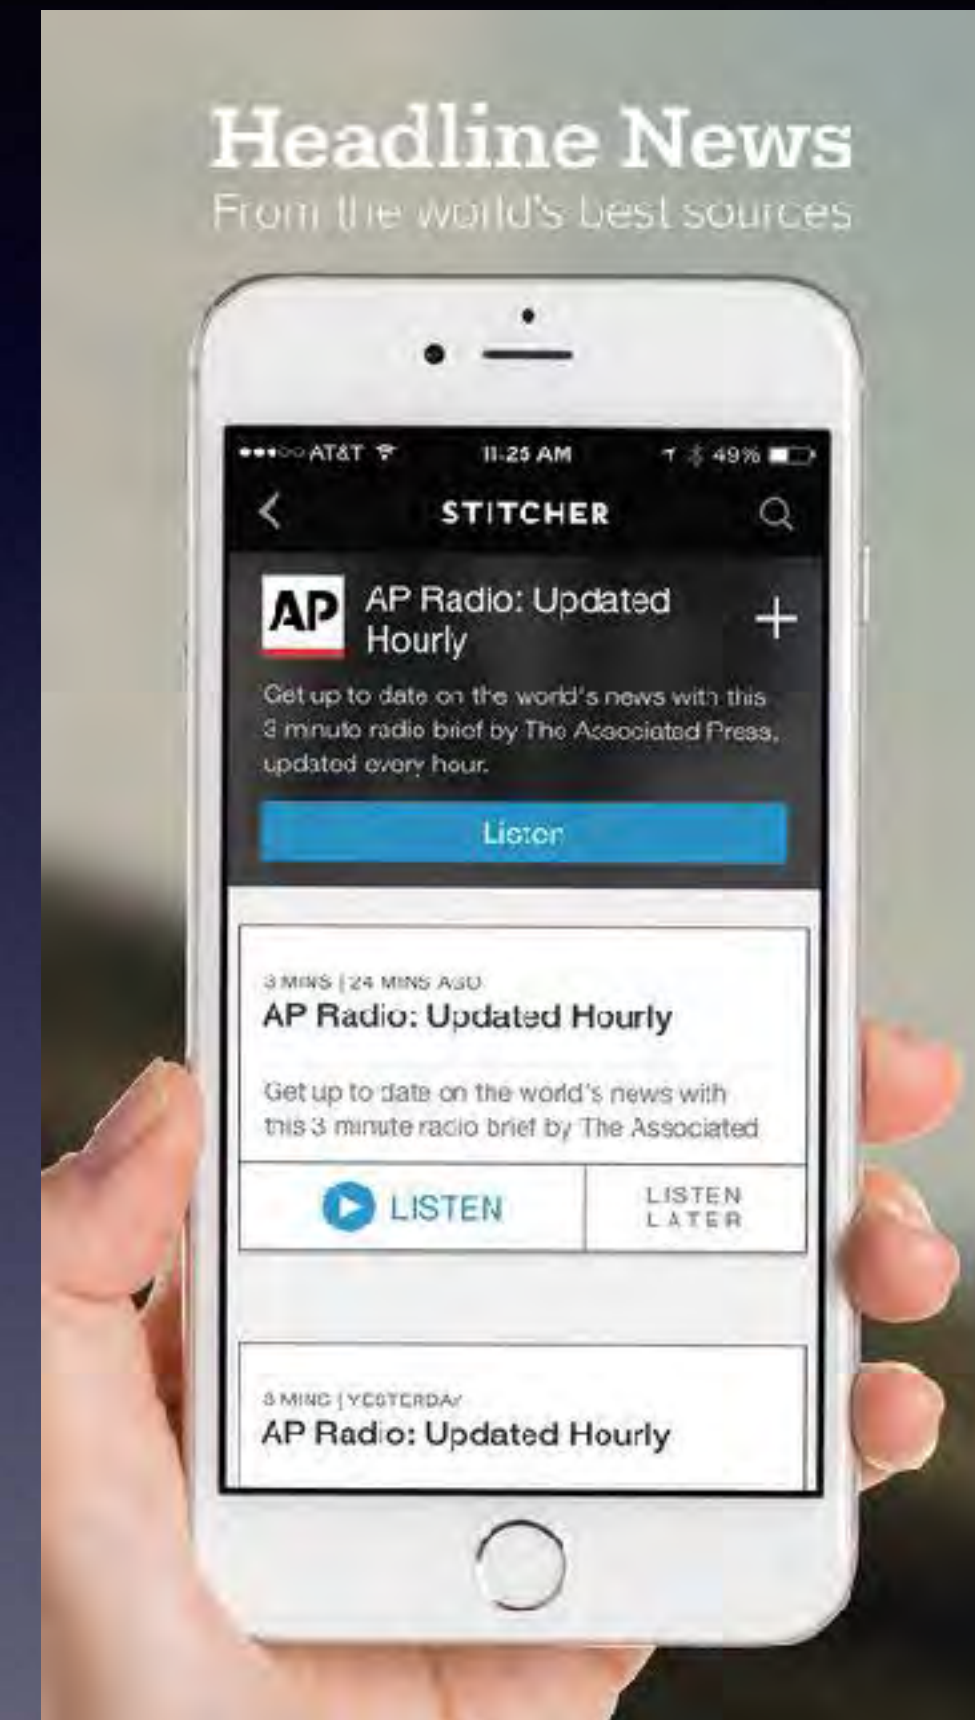

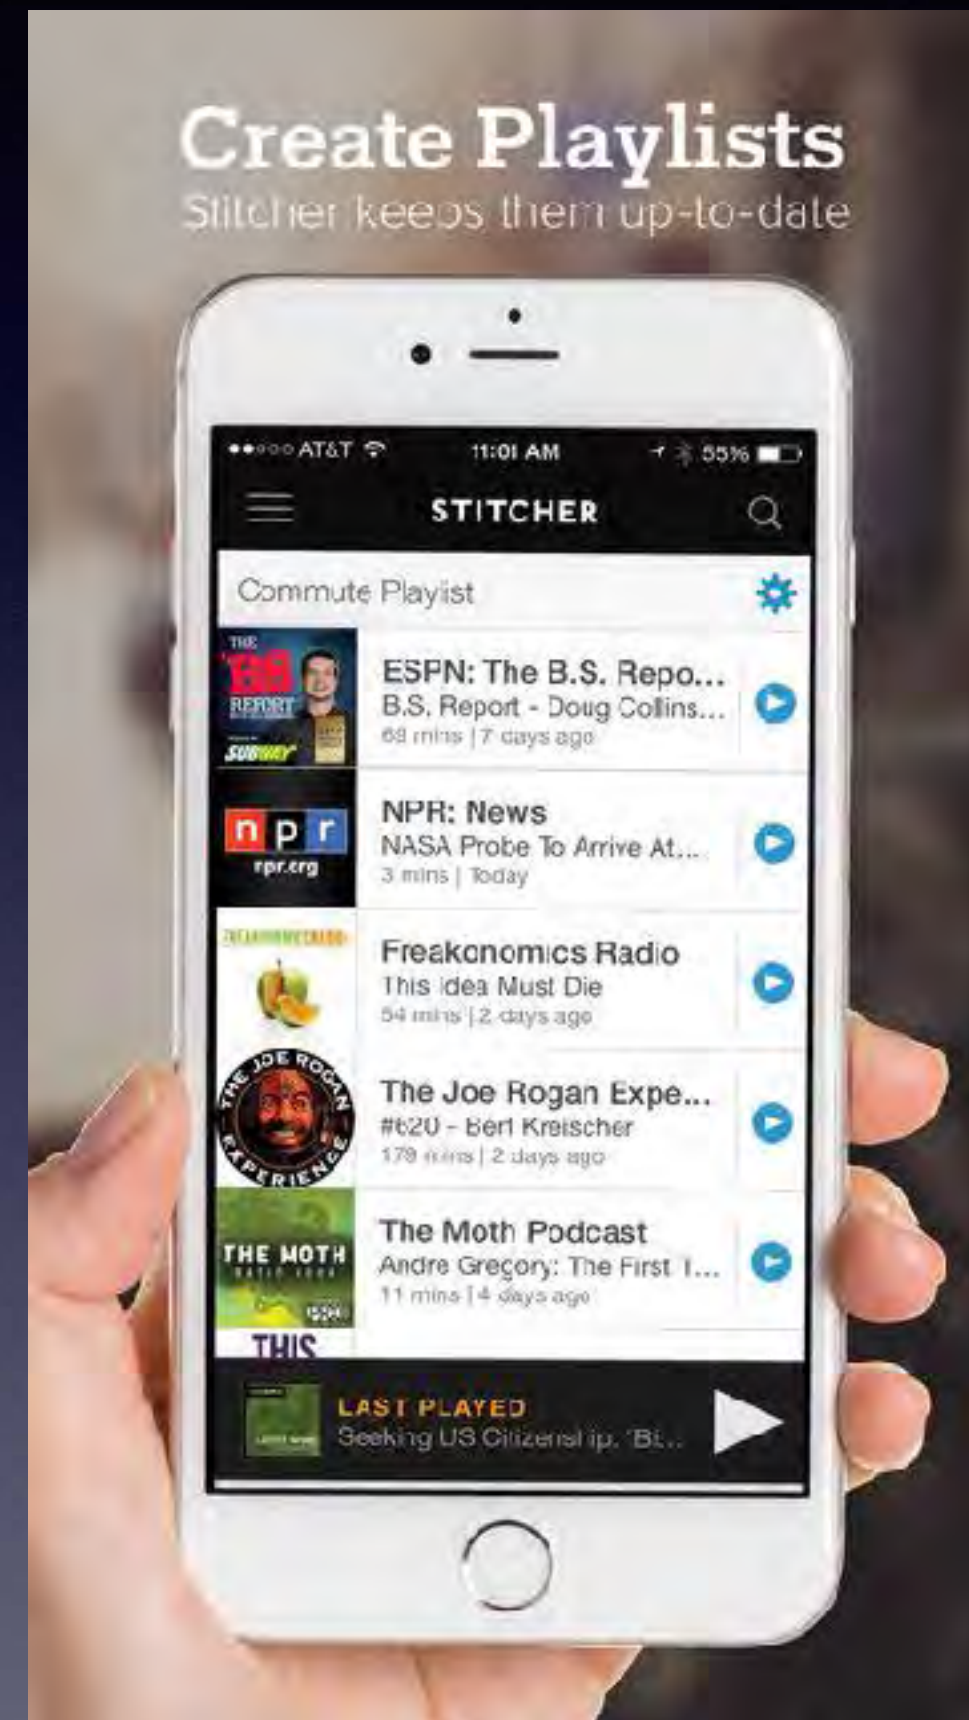

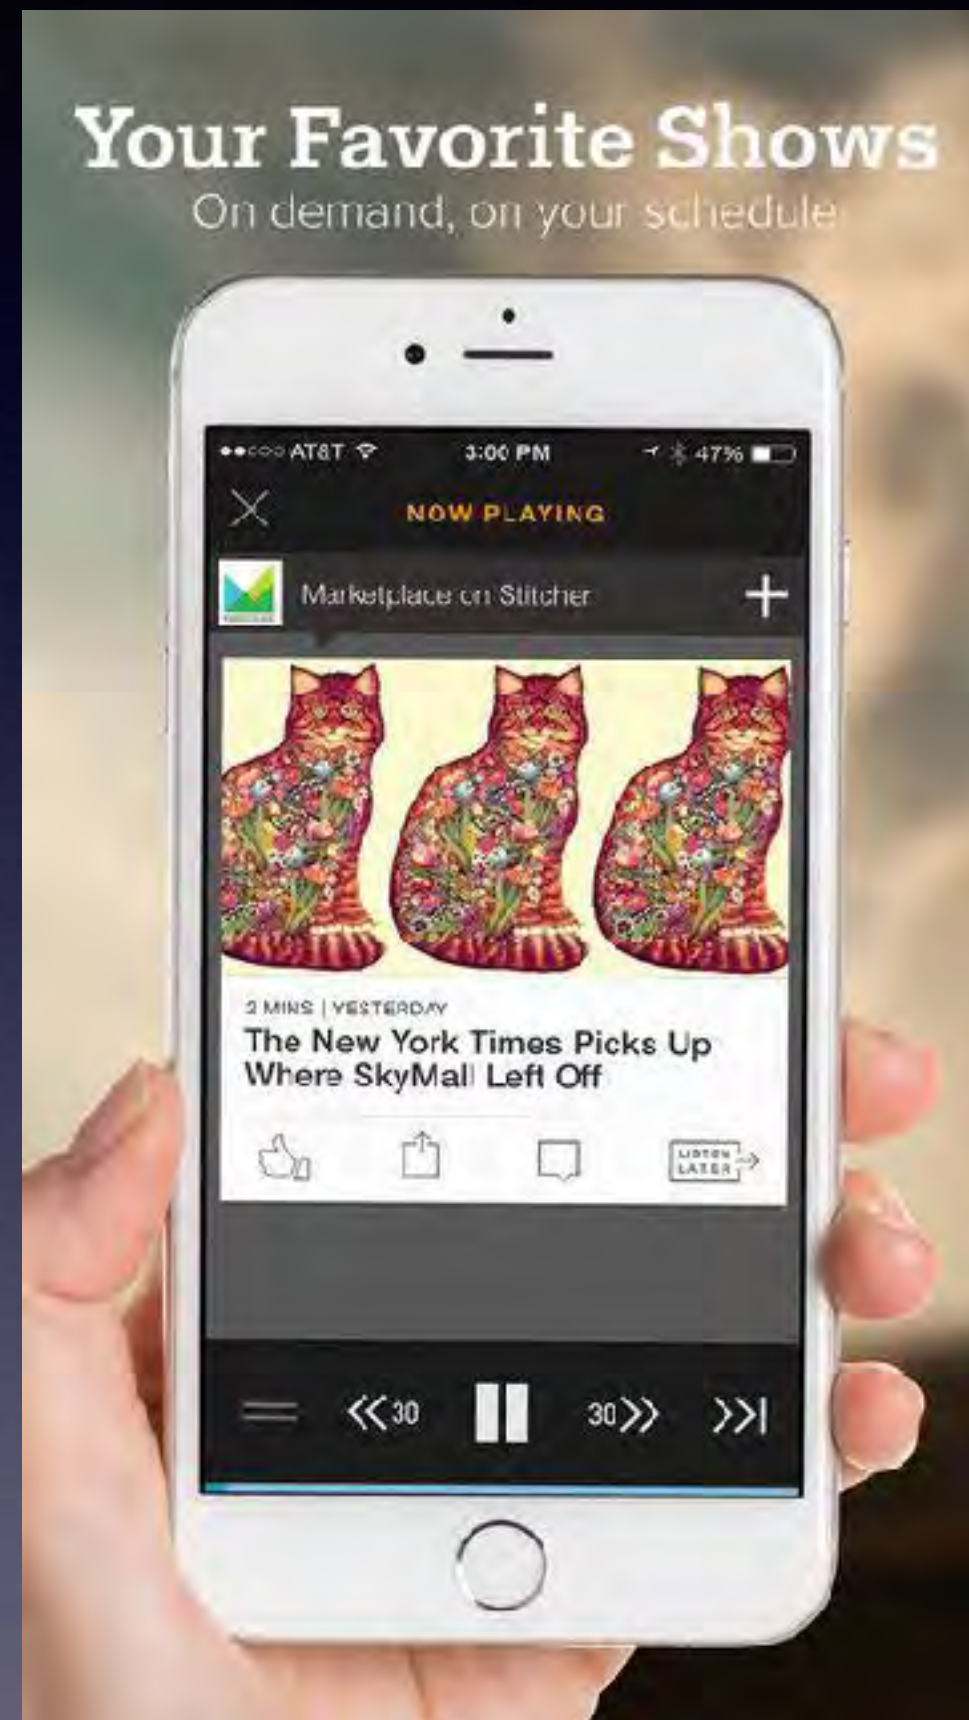

Google Maps makes navigating your world faster and easier. Find the best places in town and the information you need to get there.

# Streaming

# Stitcher Radio for Podcasts By Stitcher, Inc.

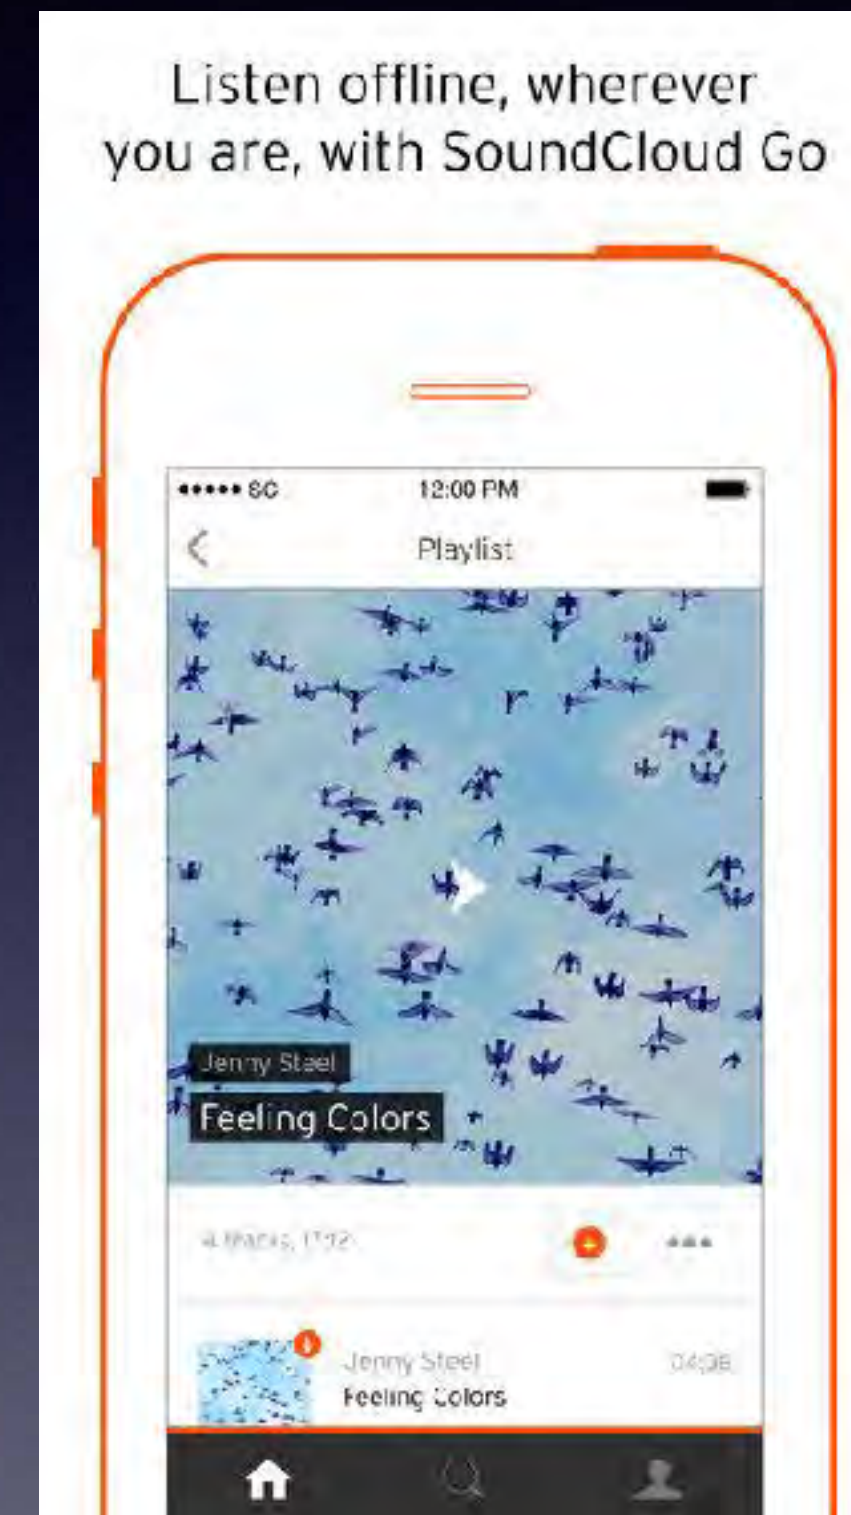

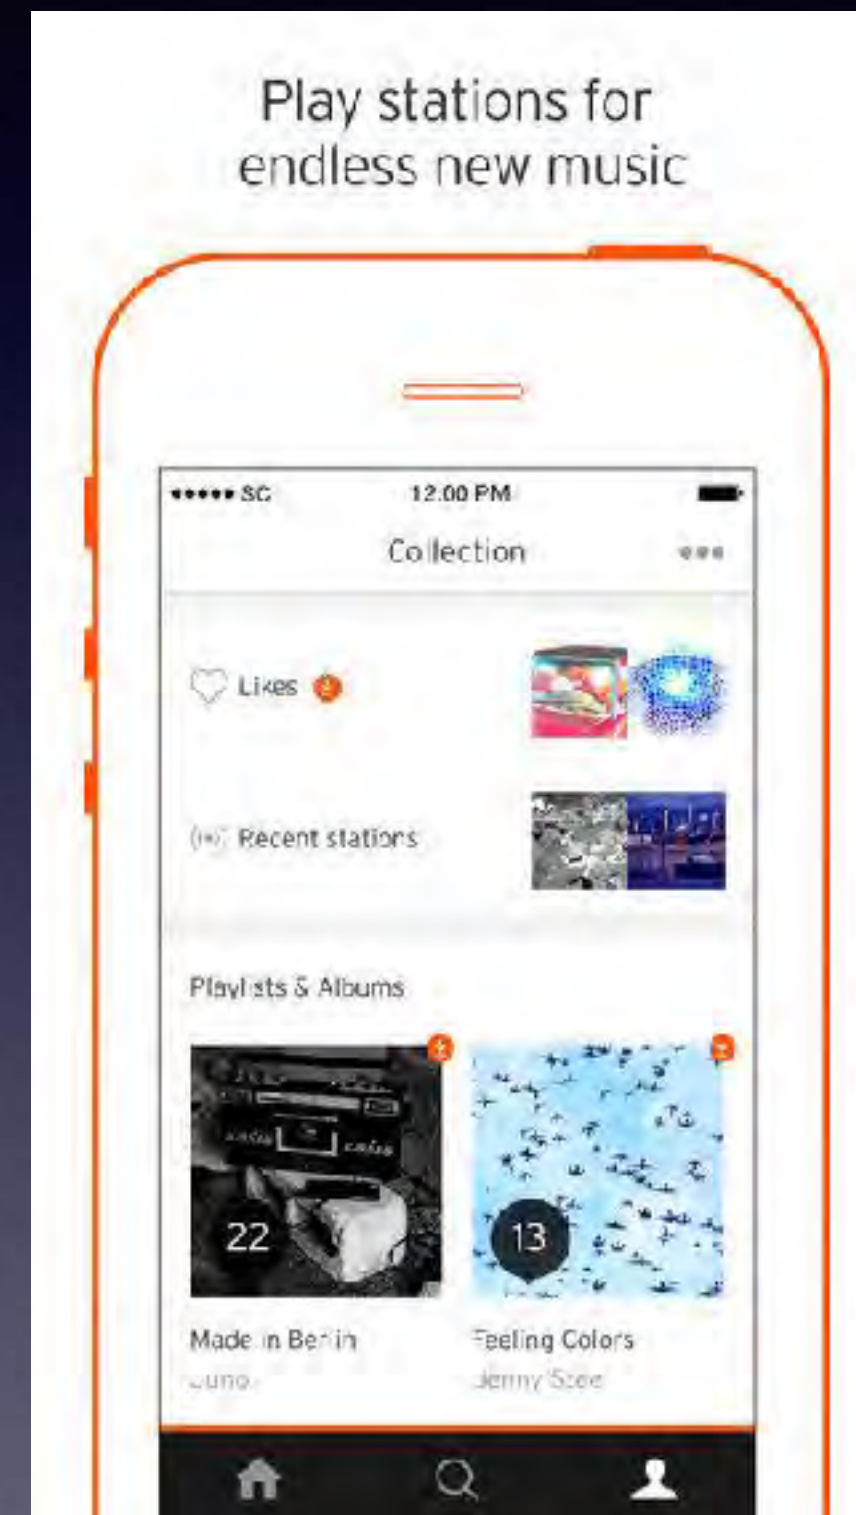

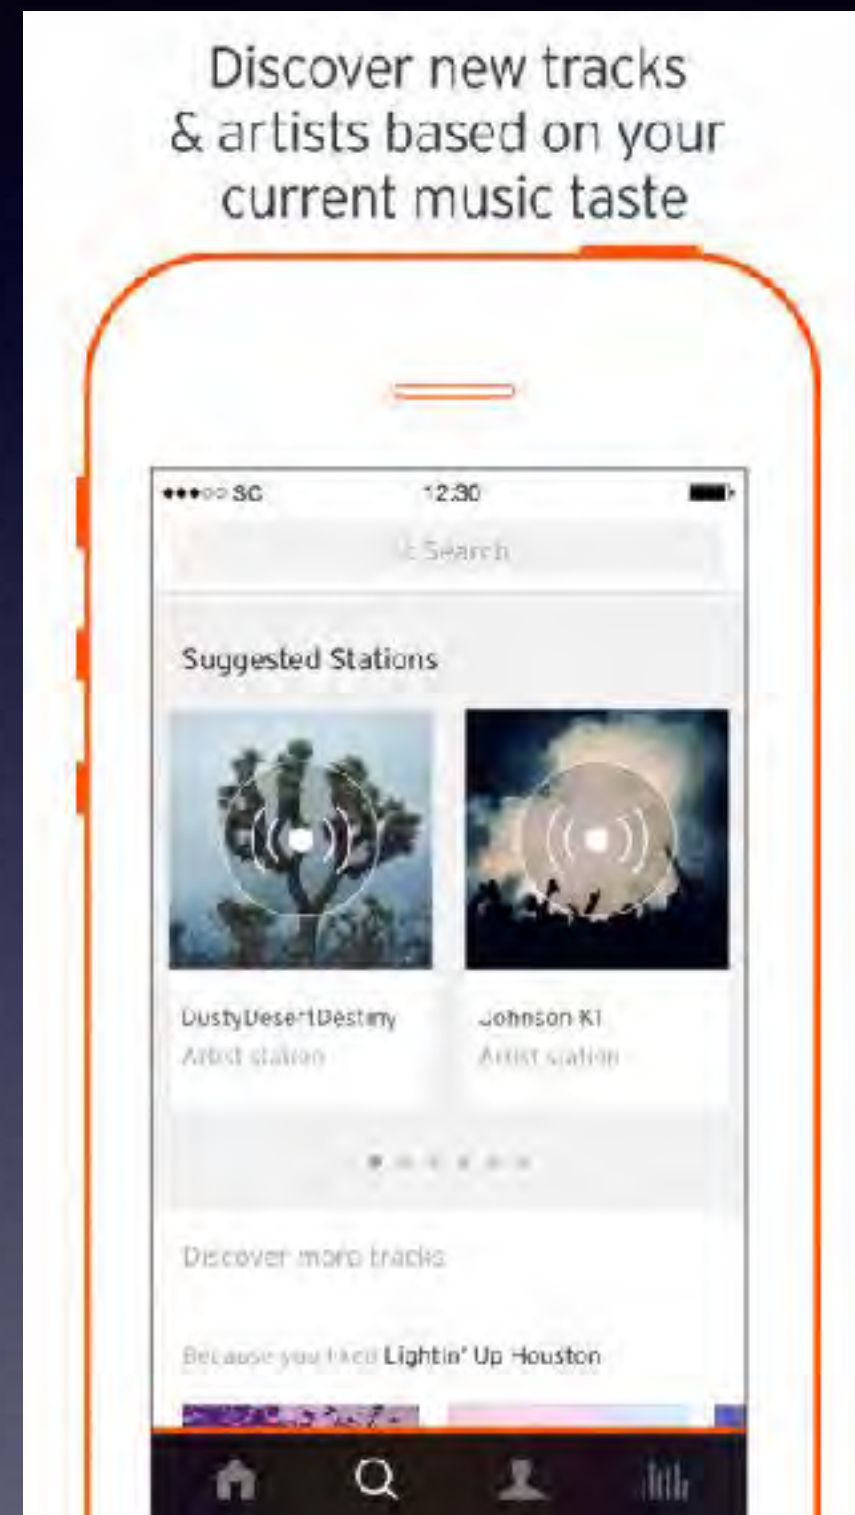

Listen to your favorite news, comedy, sports and talk radio shows and podcasts ON DEMAND from your iPhone or iPad.

# SoundCloud

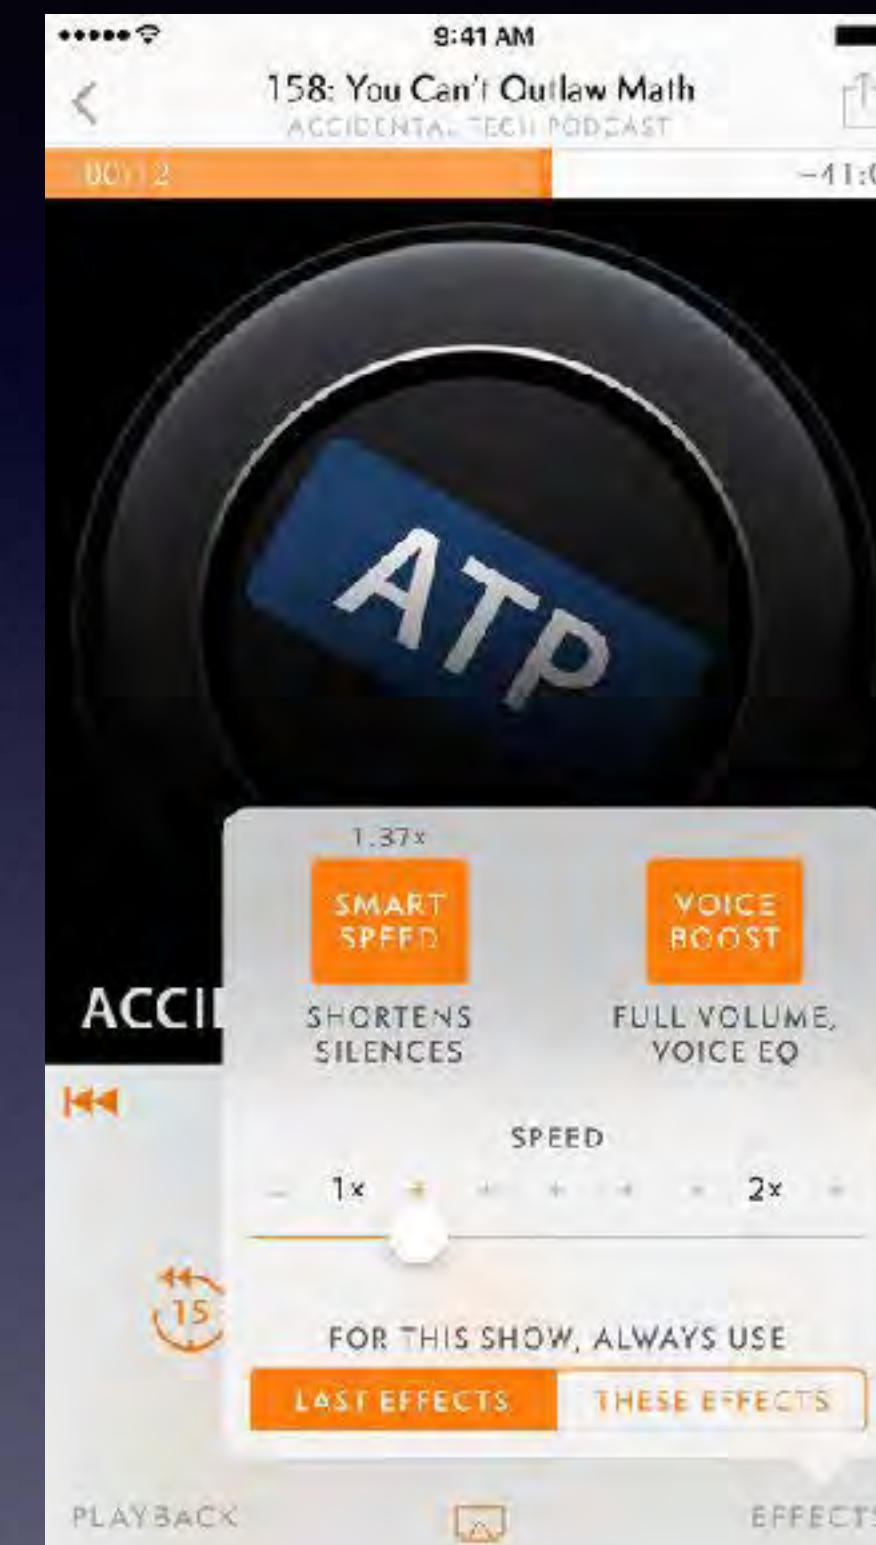

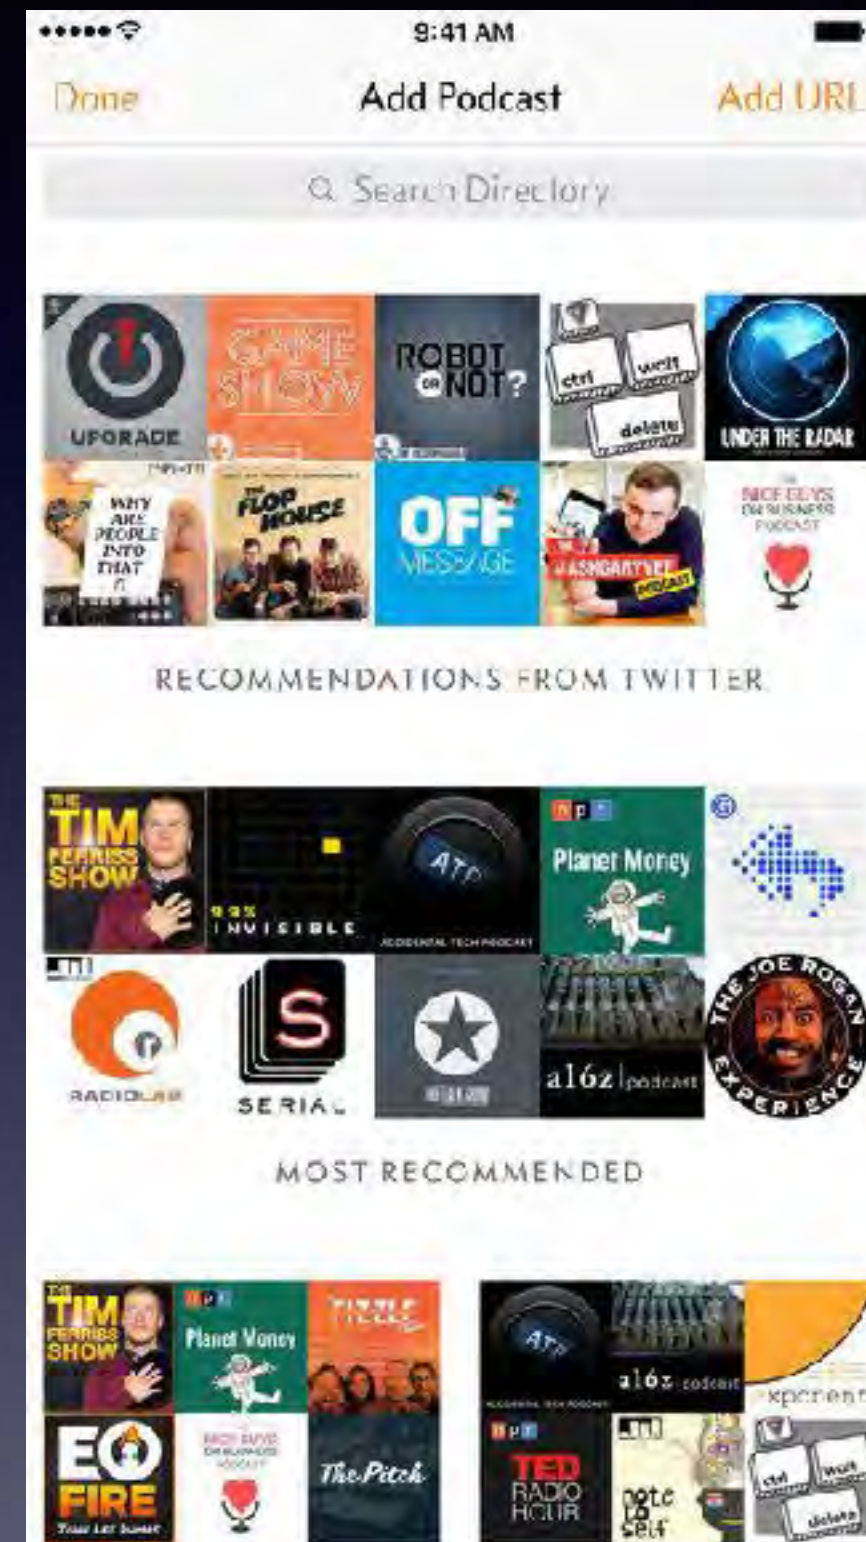

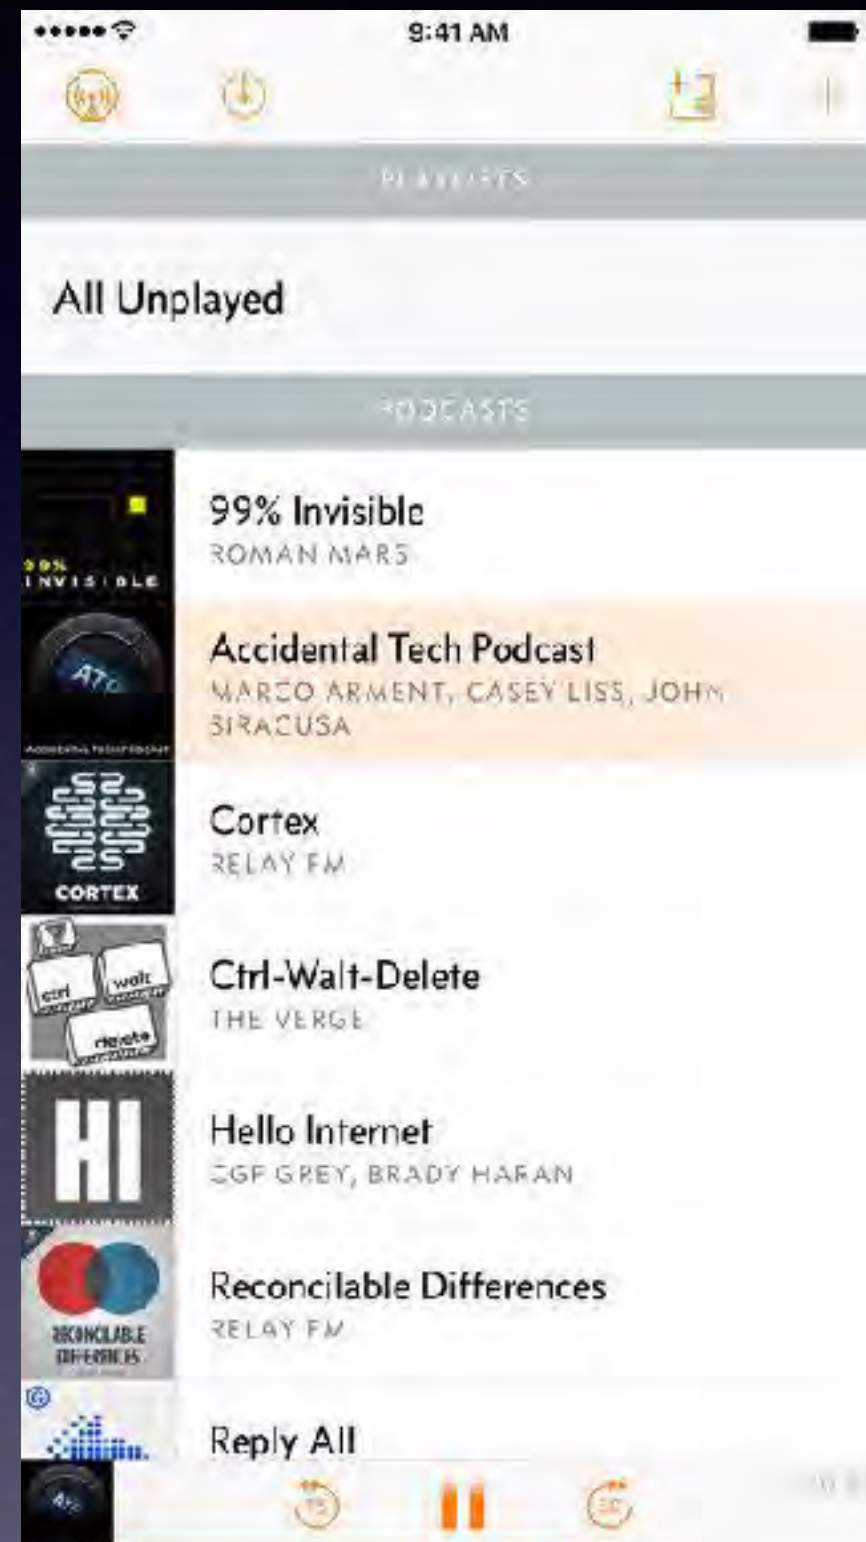

By SoundCloud Ltd.

SoundCloud is the world's largest audio and music streaming platform, with over 135 million tracks.

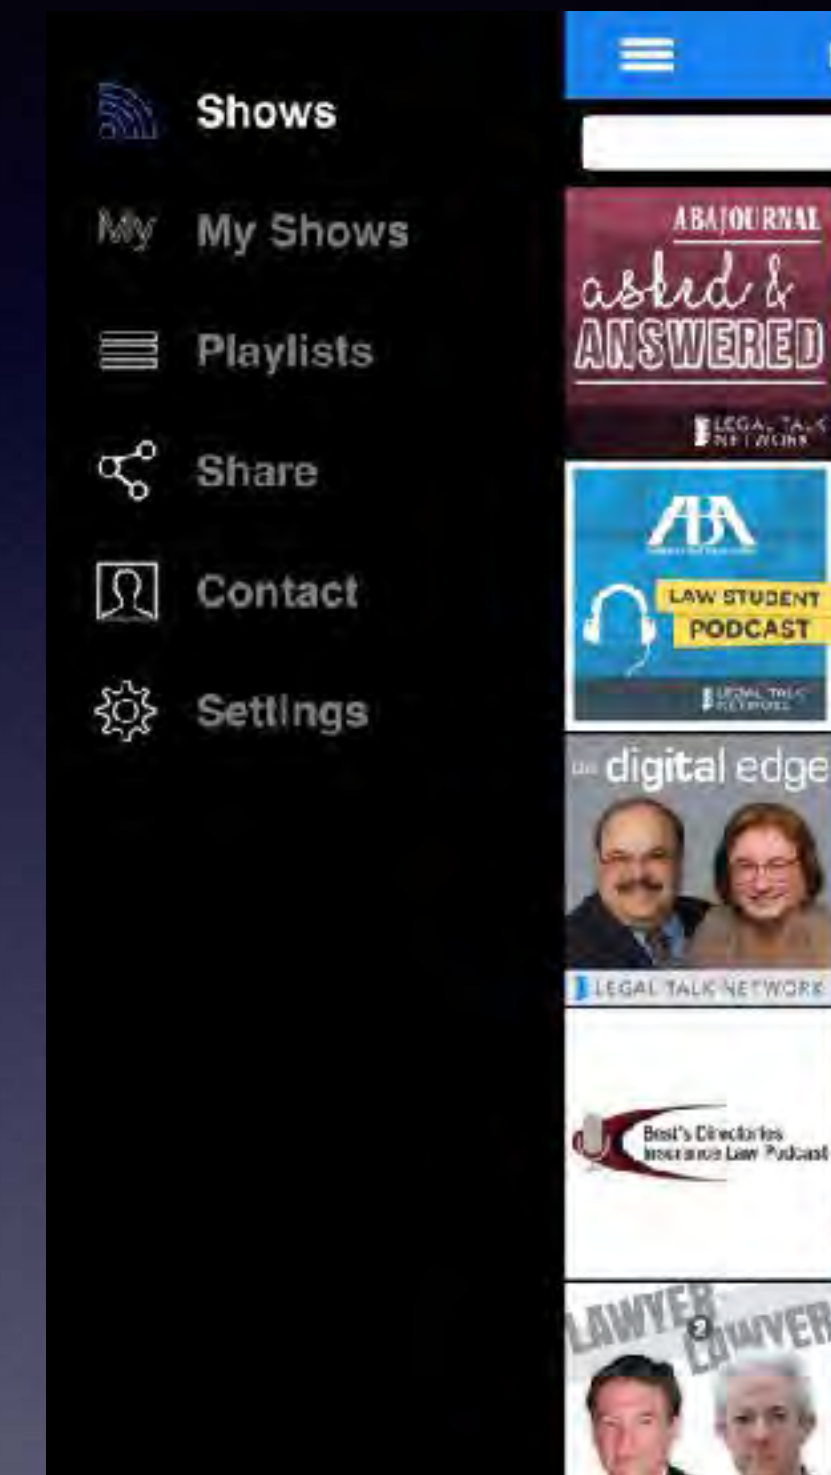

# Overcast: Podcast Player By Overcast Radio, LLC

A powerful yet simple audio podcast player, with features such as Smart Speed, Voice Boost, and Smarter Playlists to help you listen to more podcasts in more places, try new shows, and completely control your experience.

# Legal Talk Network By Legal Talk Network

Legal Talk Network is a podcast network on legal topics featuring the longest running podcasts in the legal industry.

Other Essential Apps...

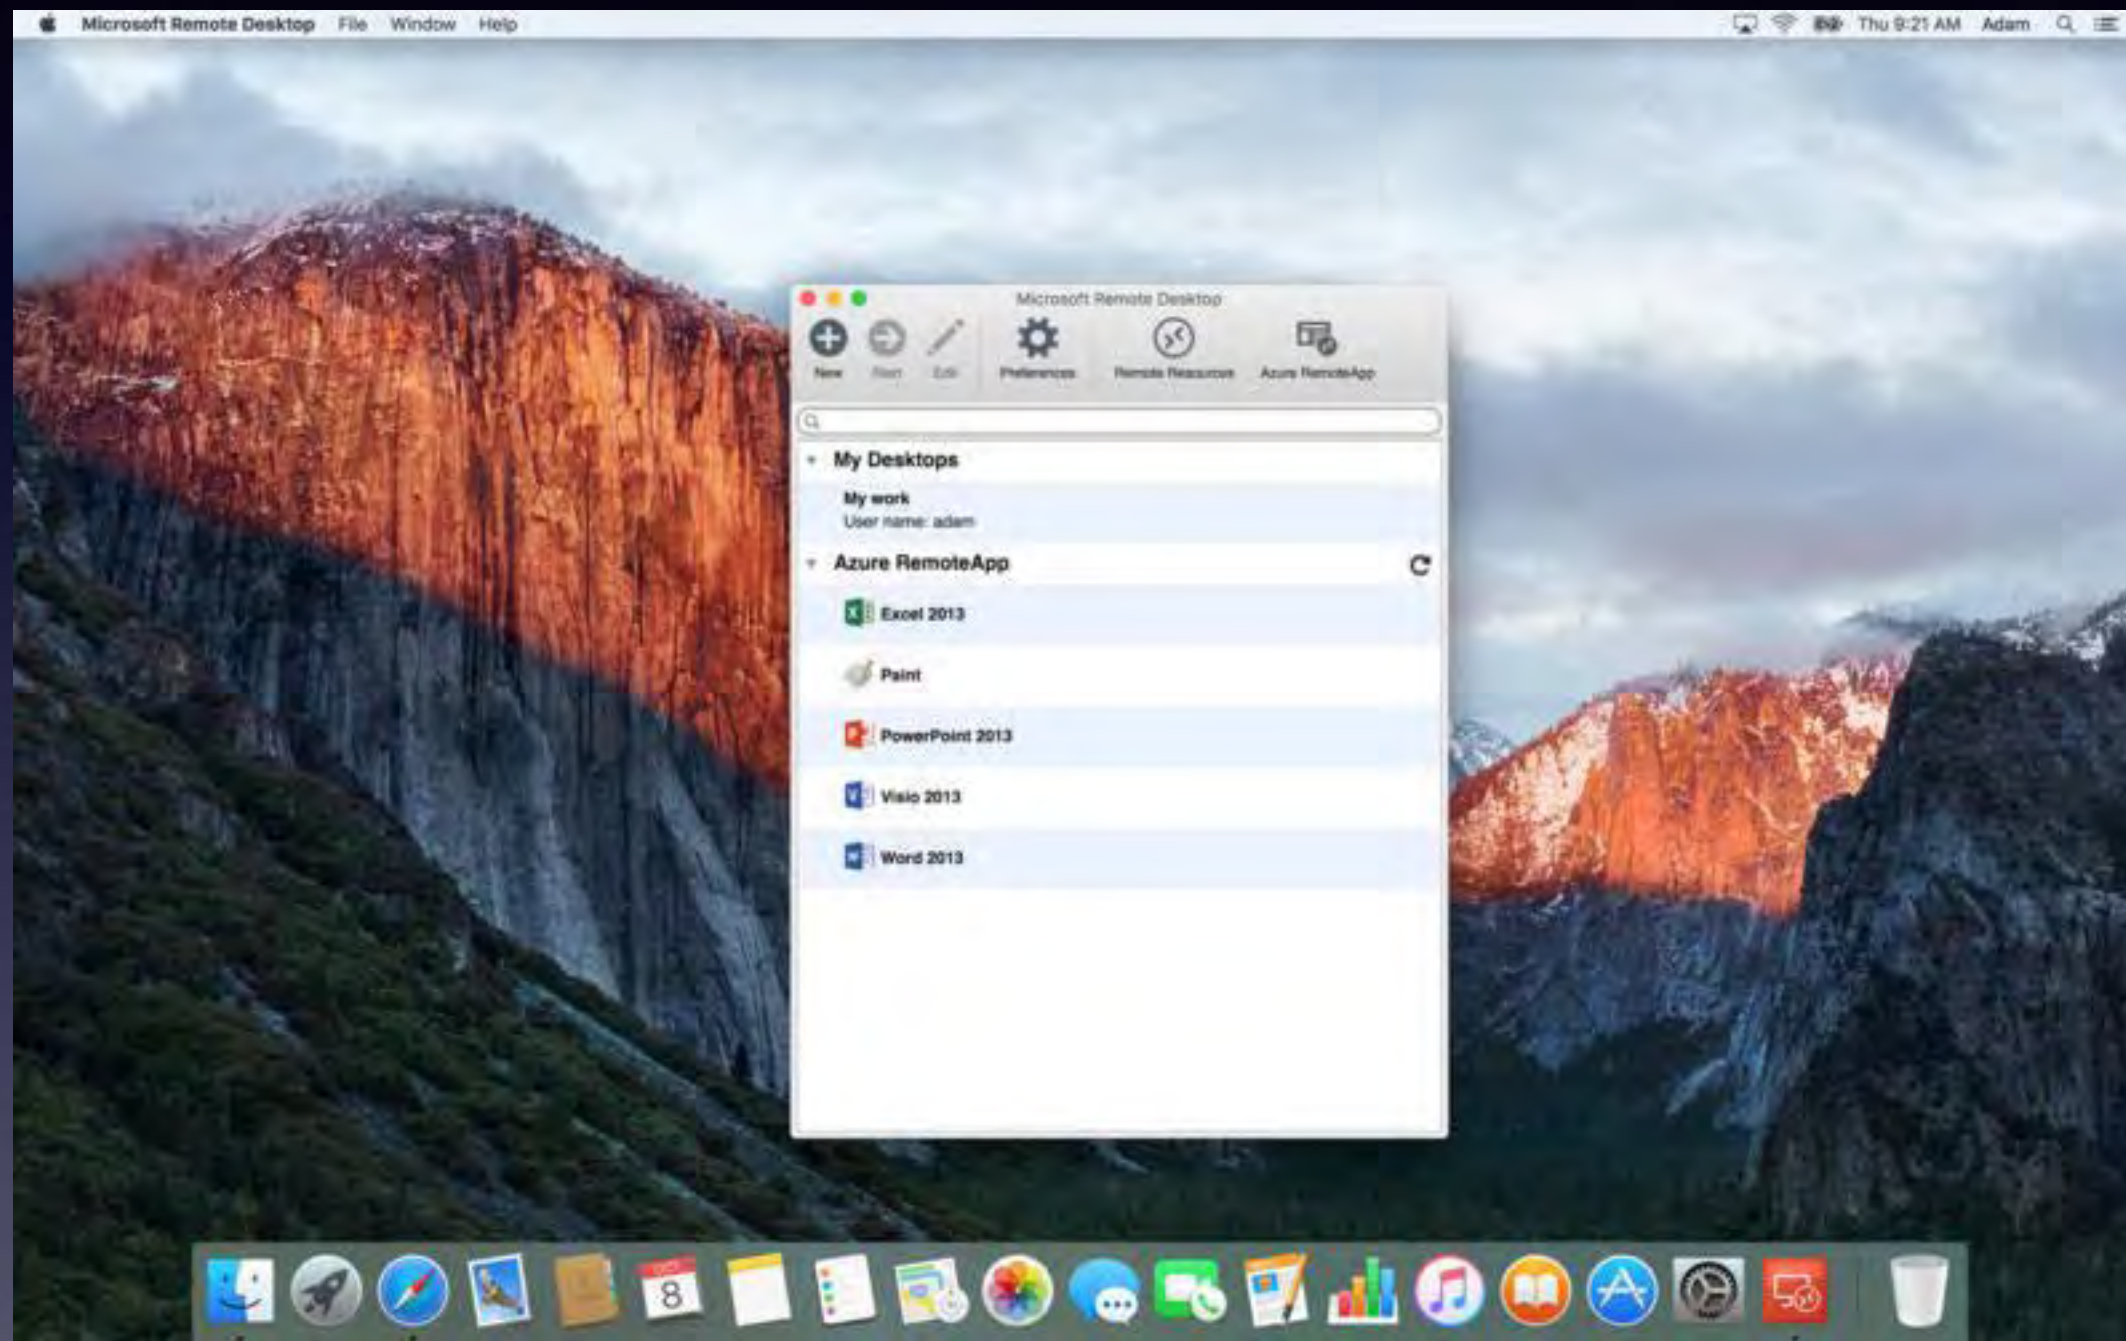

# Google Chrome By Google, Inc.

Google Chrome browser

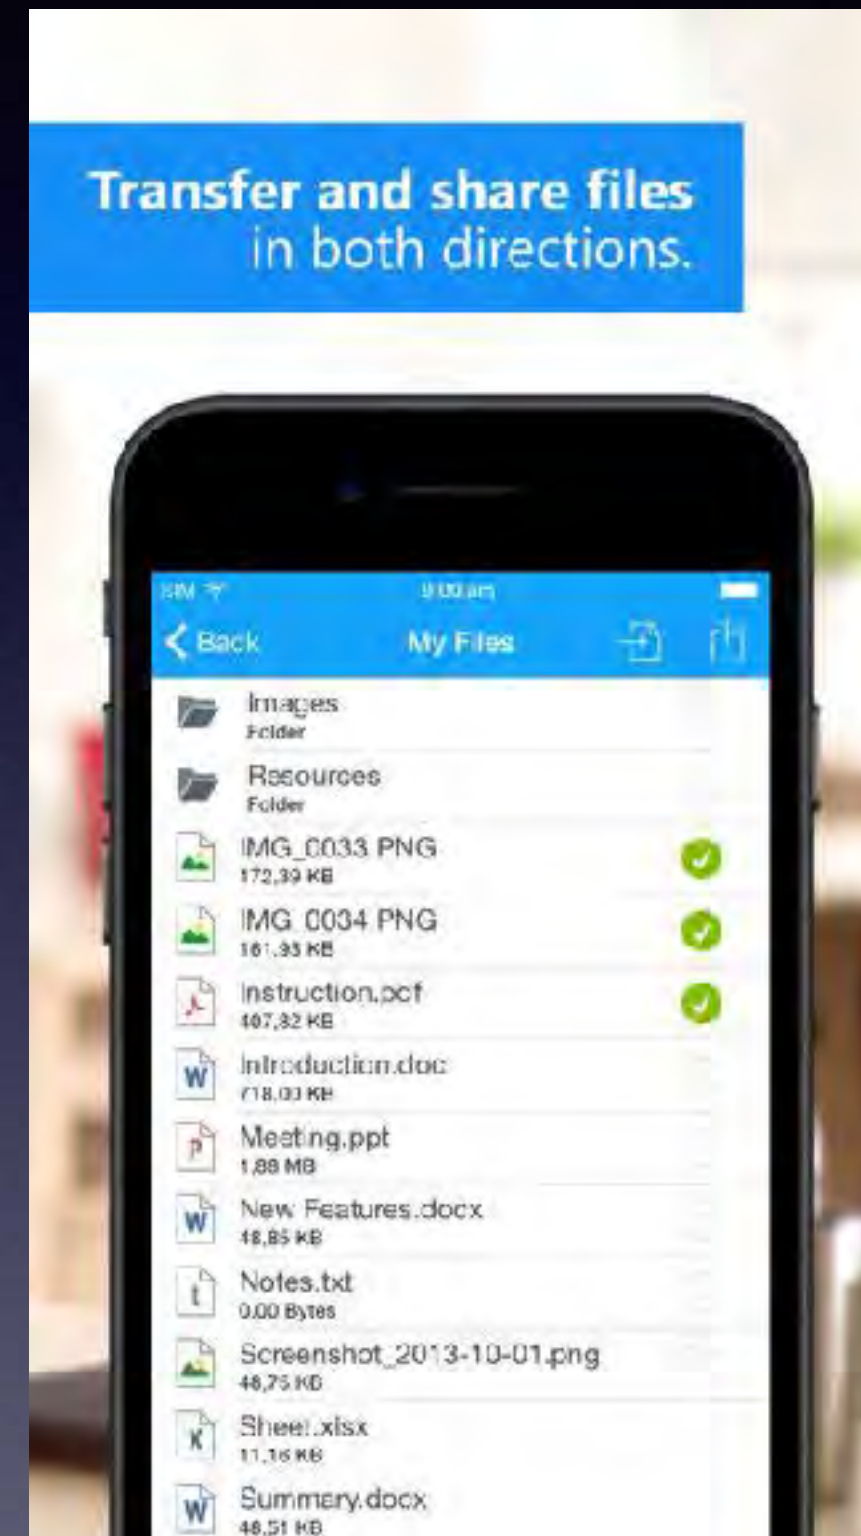

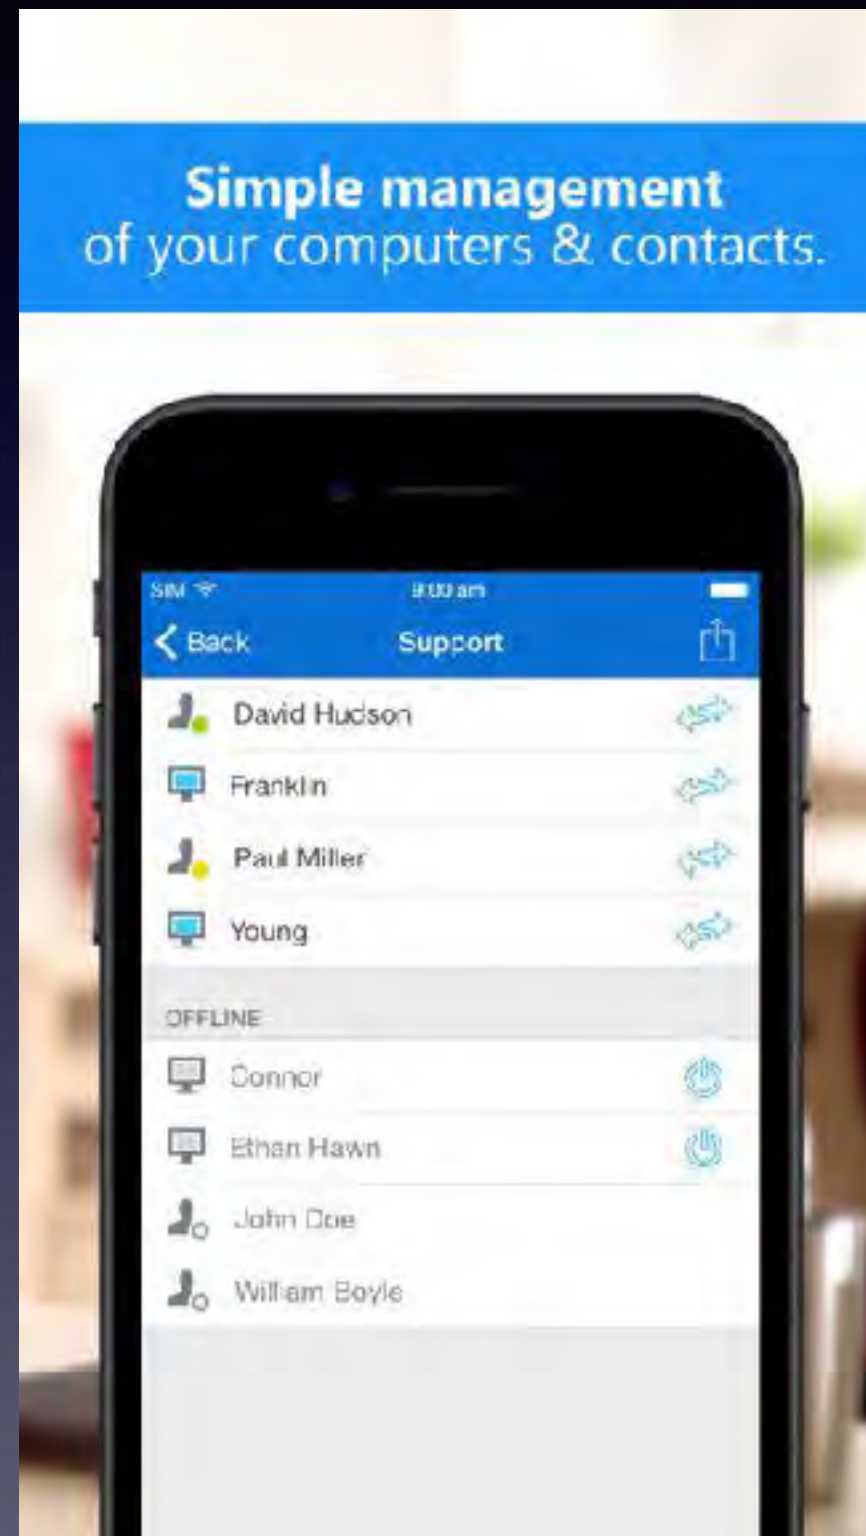

# Microsoft Remote Desktop By Microsoft Corporation

you can connect to a remote PC and your work resources from almost anywhere.  
Experience the power of Windows with RemoteFX in a Remote Desktop client  
designed to help you get your work done wherever you are.

# TeamViewer By TeamViewer

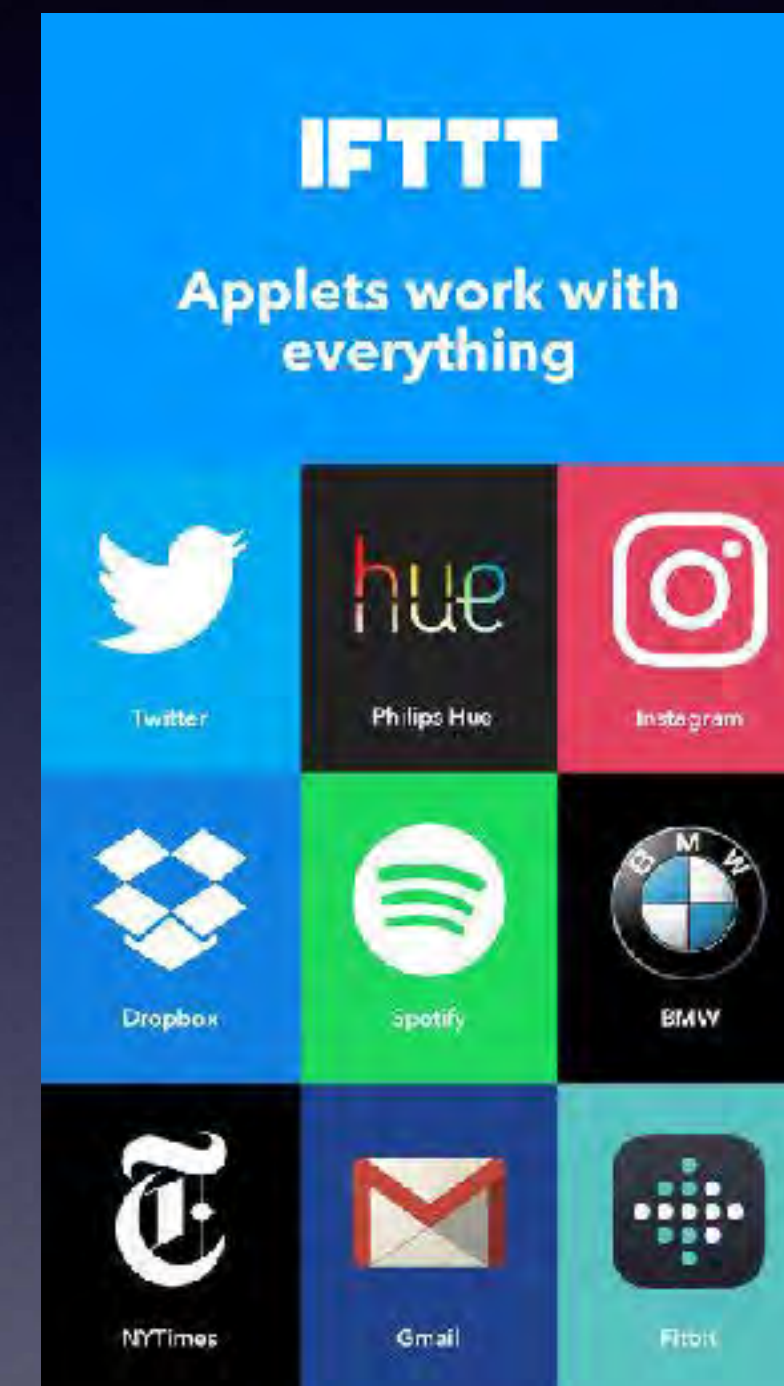

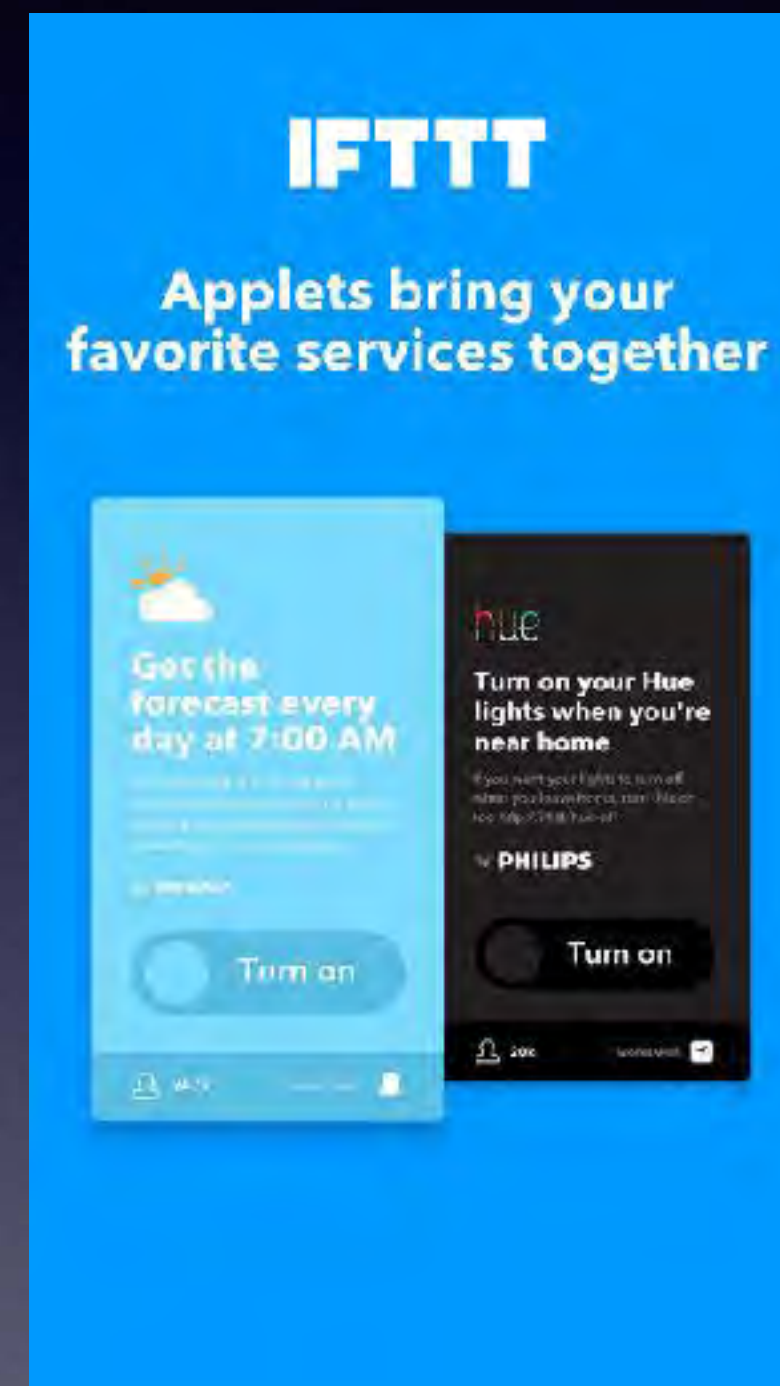

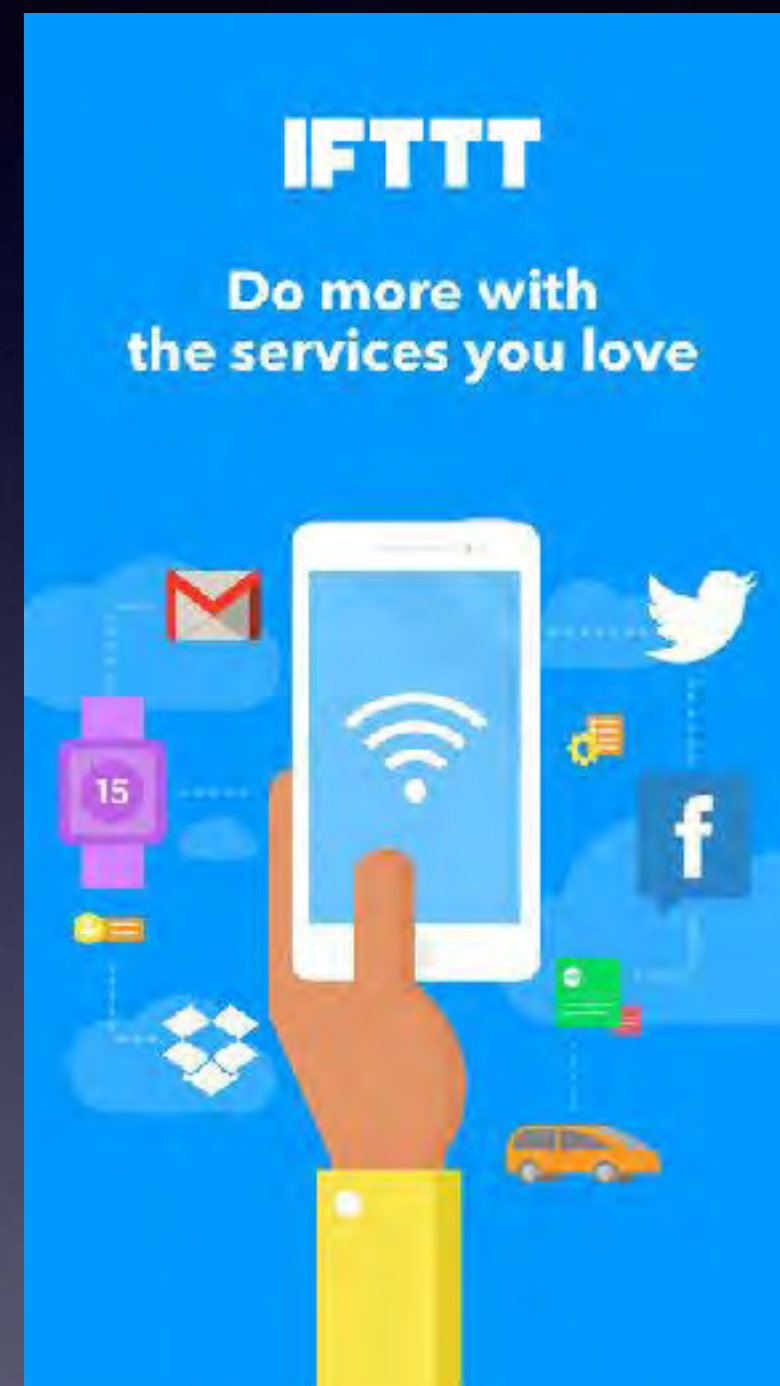

TeamViewer provides easy, fast and secure remote access to Windows, Mac and Linux systems.

# IFTTT

## By IFTTT

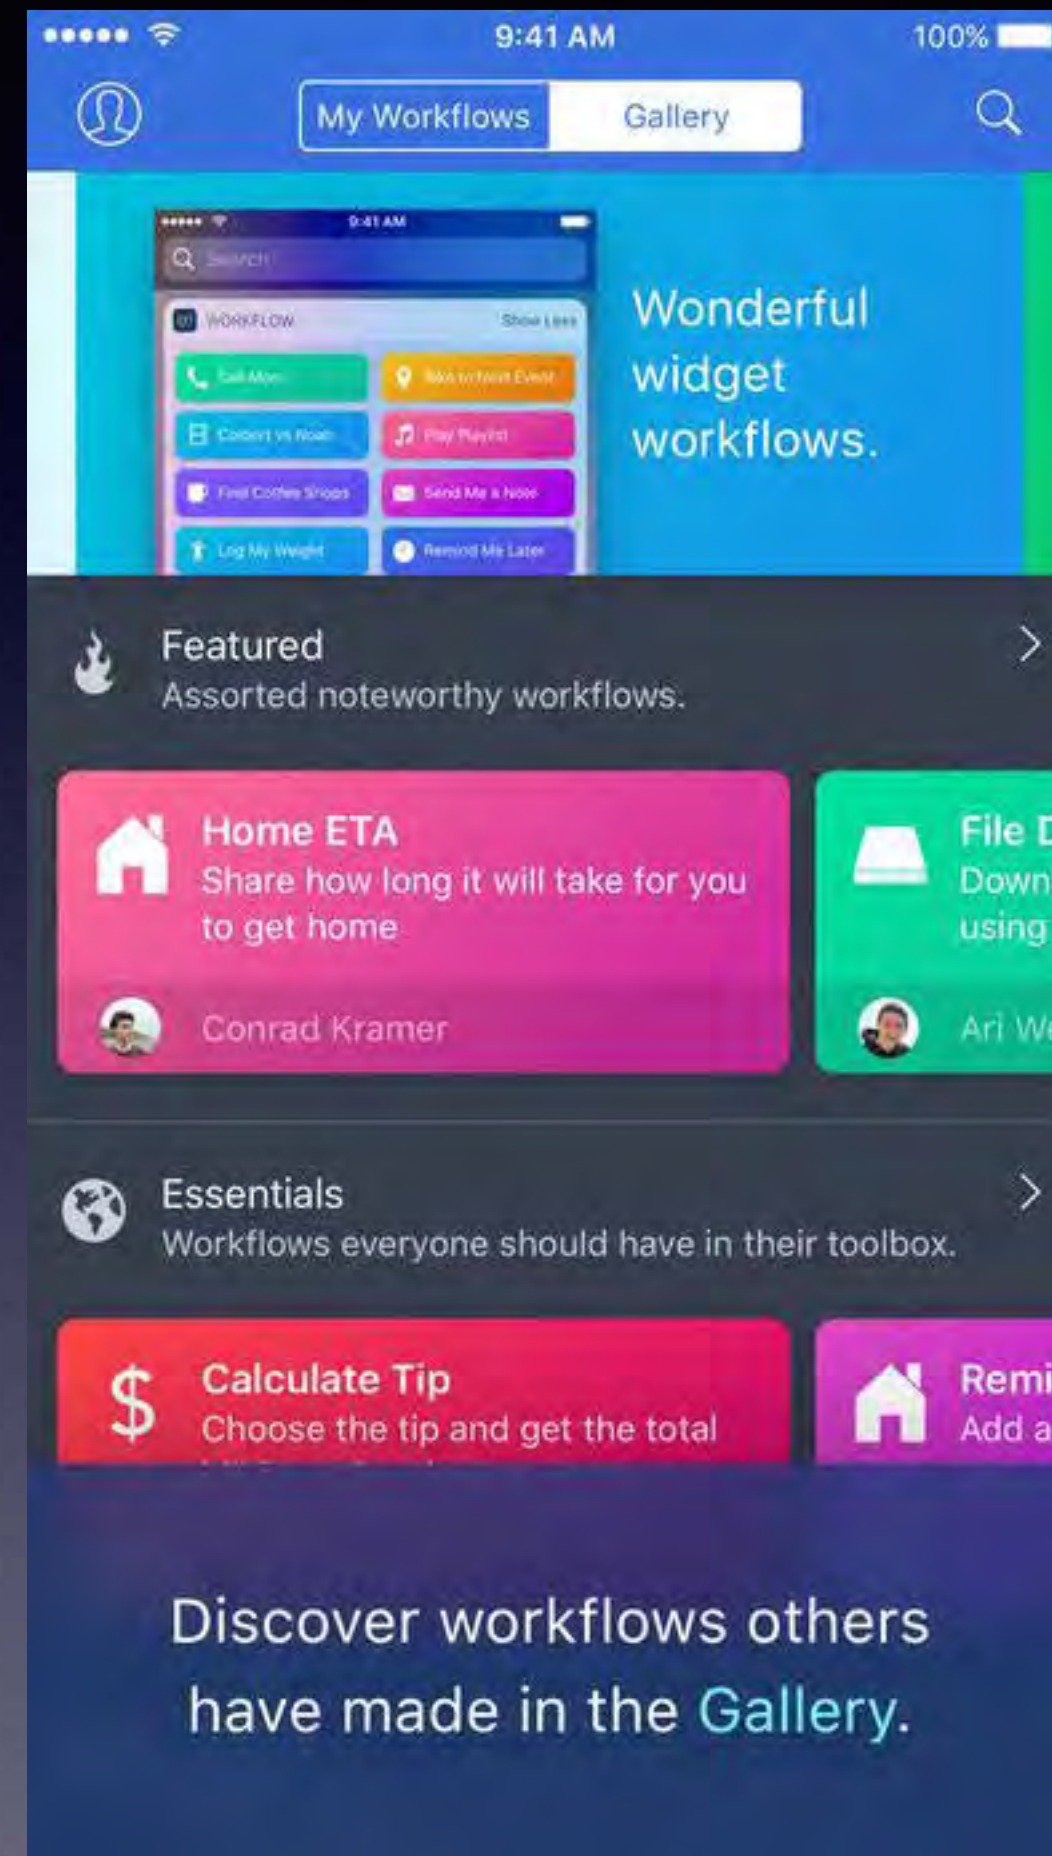

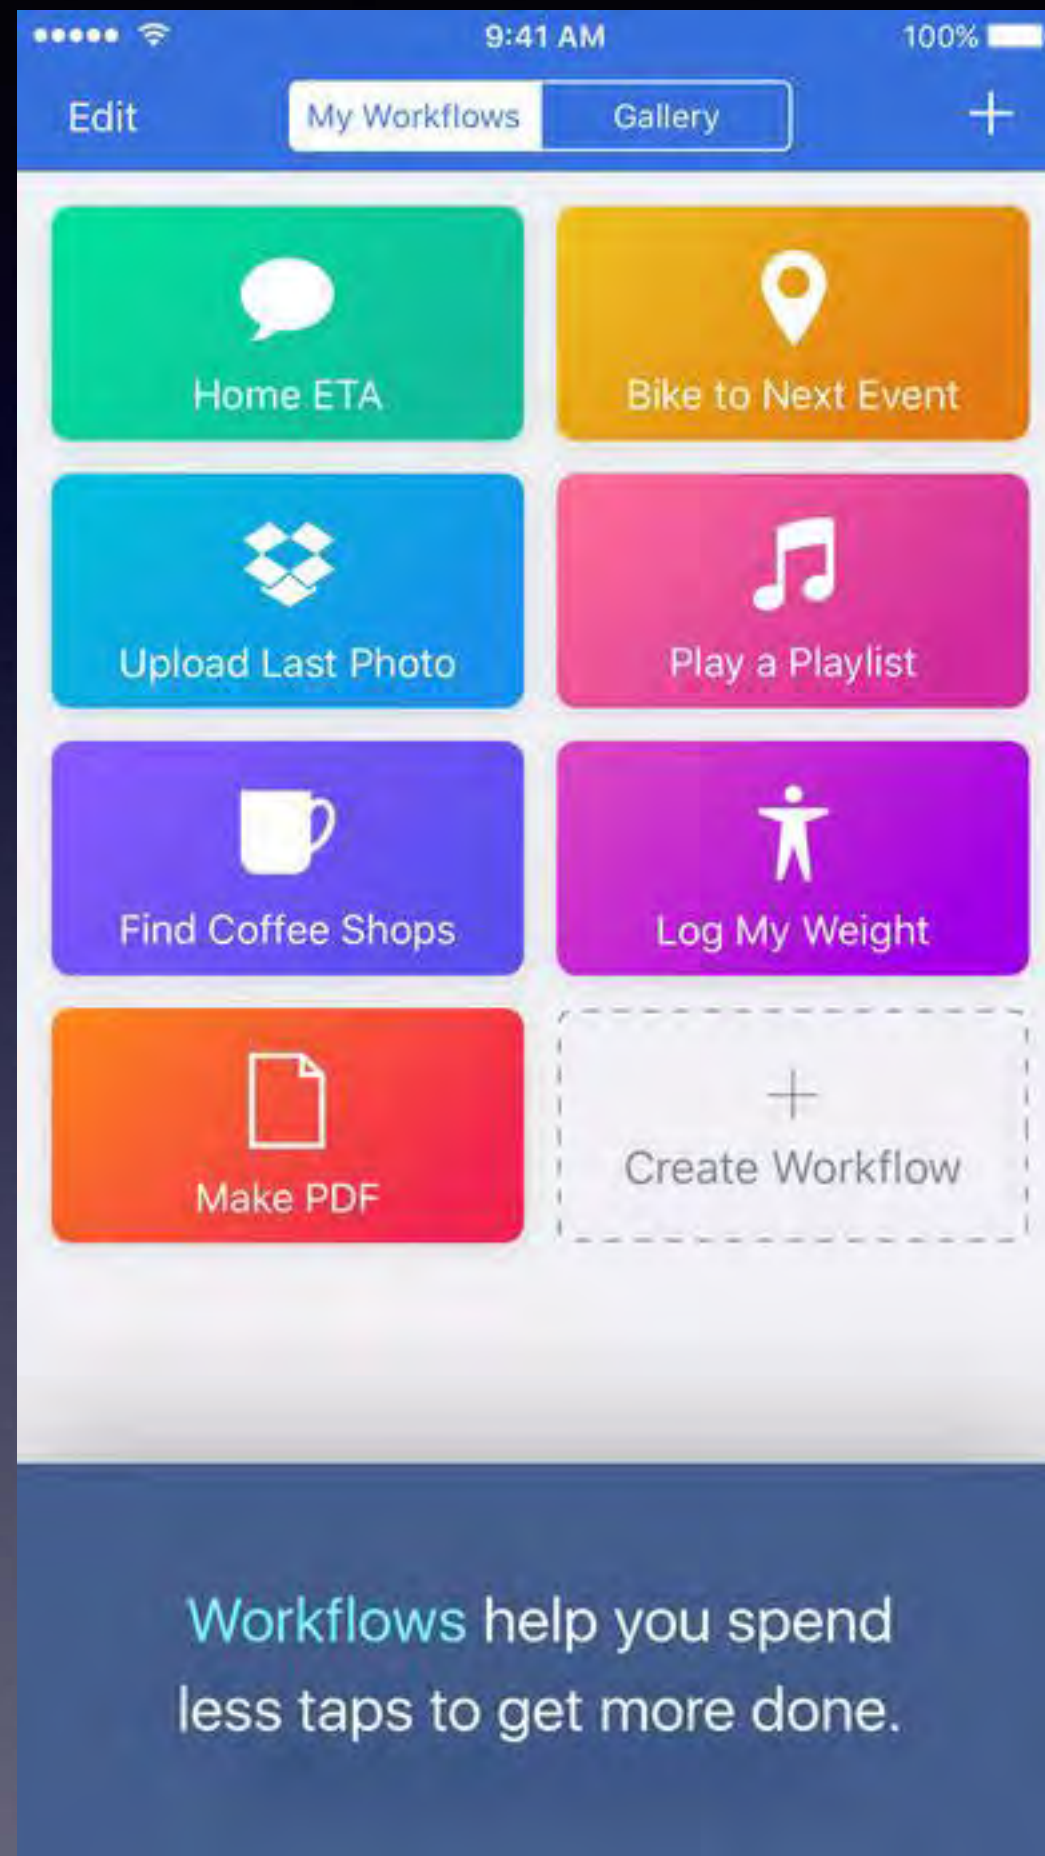

IFTTT is a free web-based service that allows users to create chains of simple conditional statements, called "applets", which are triggered based on changes to other web services

# Workflow

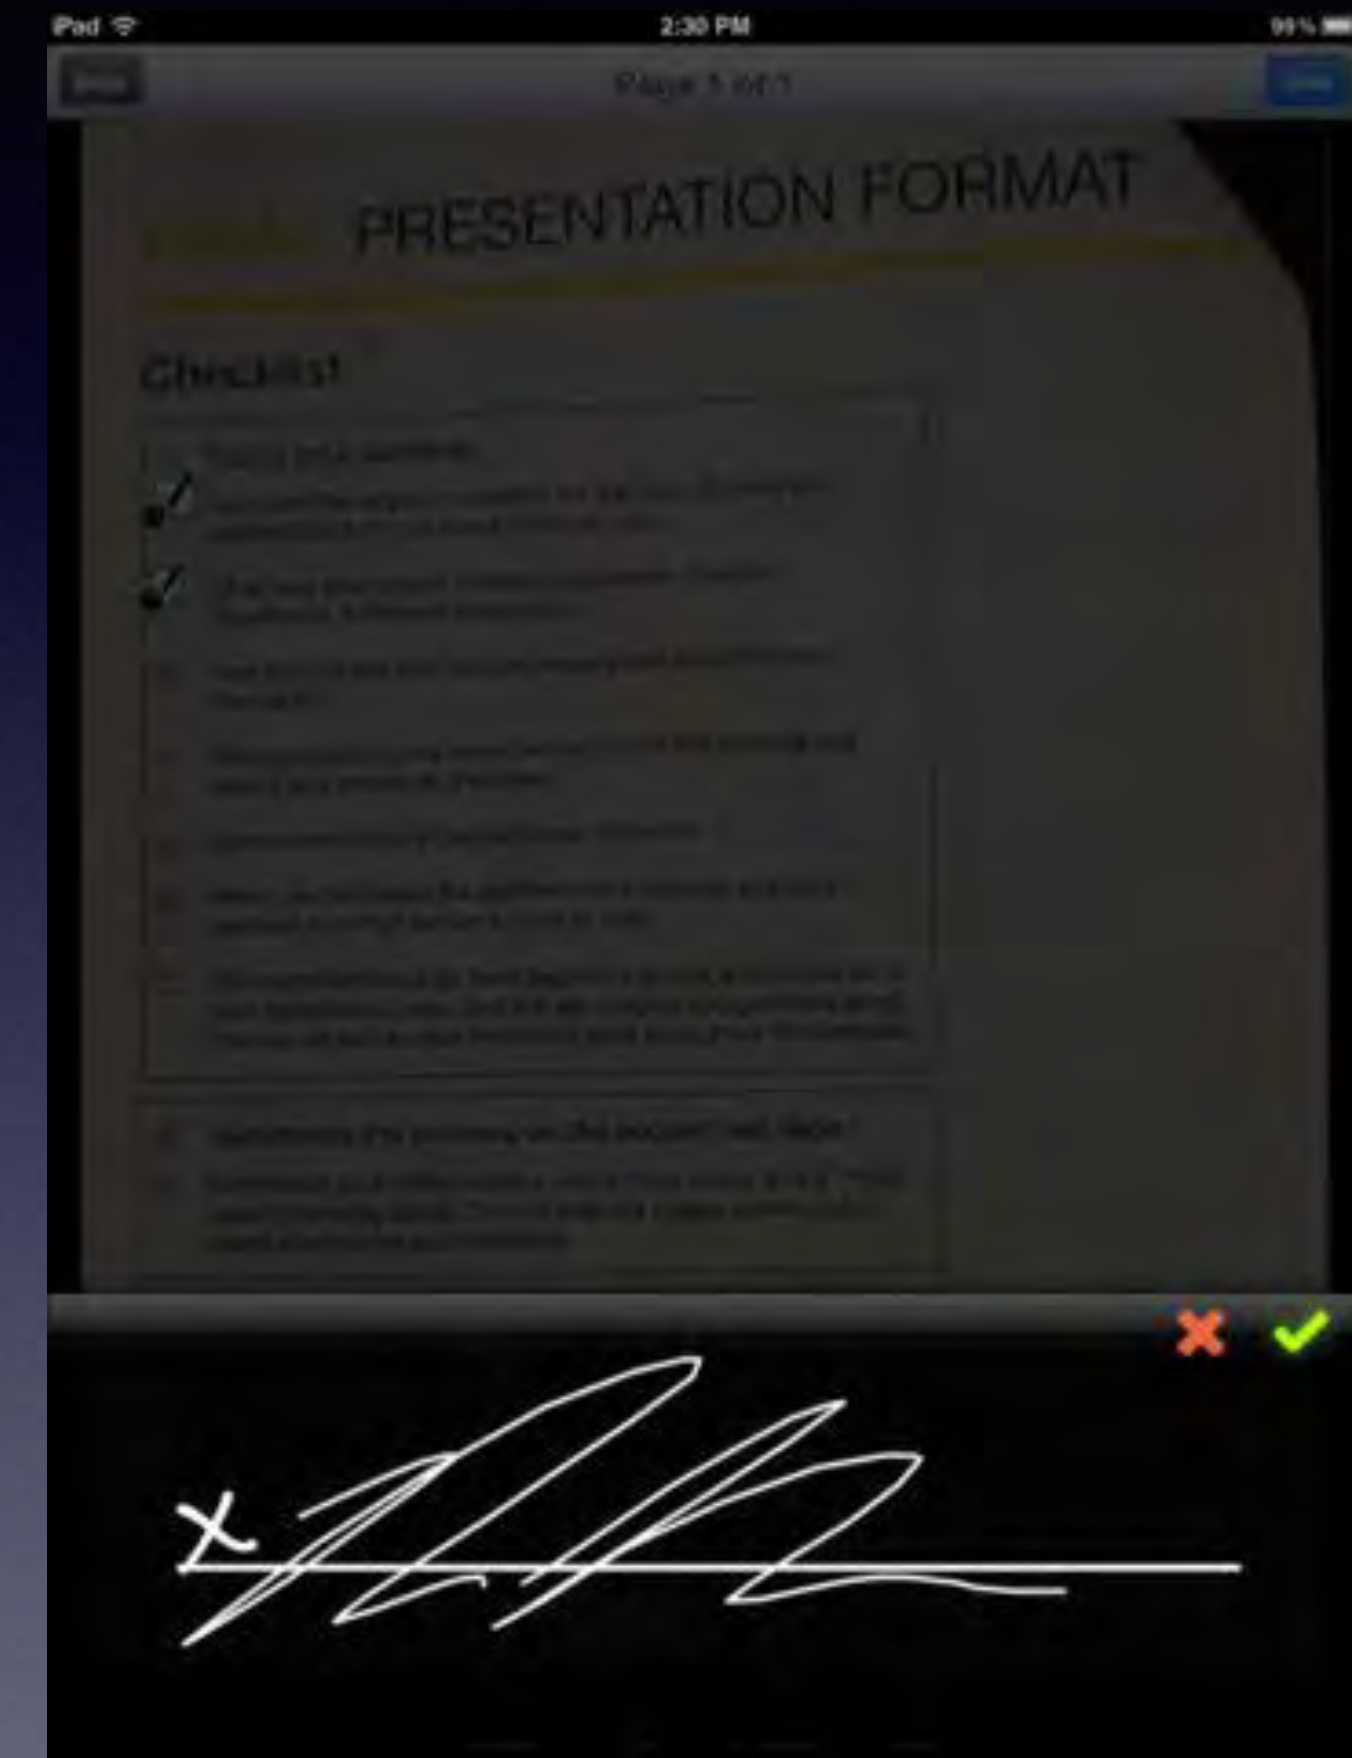

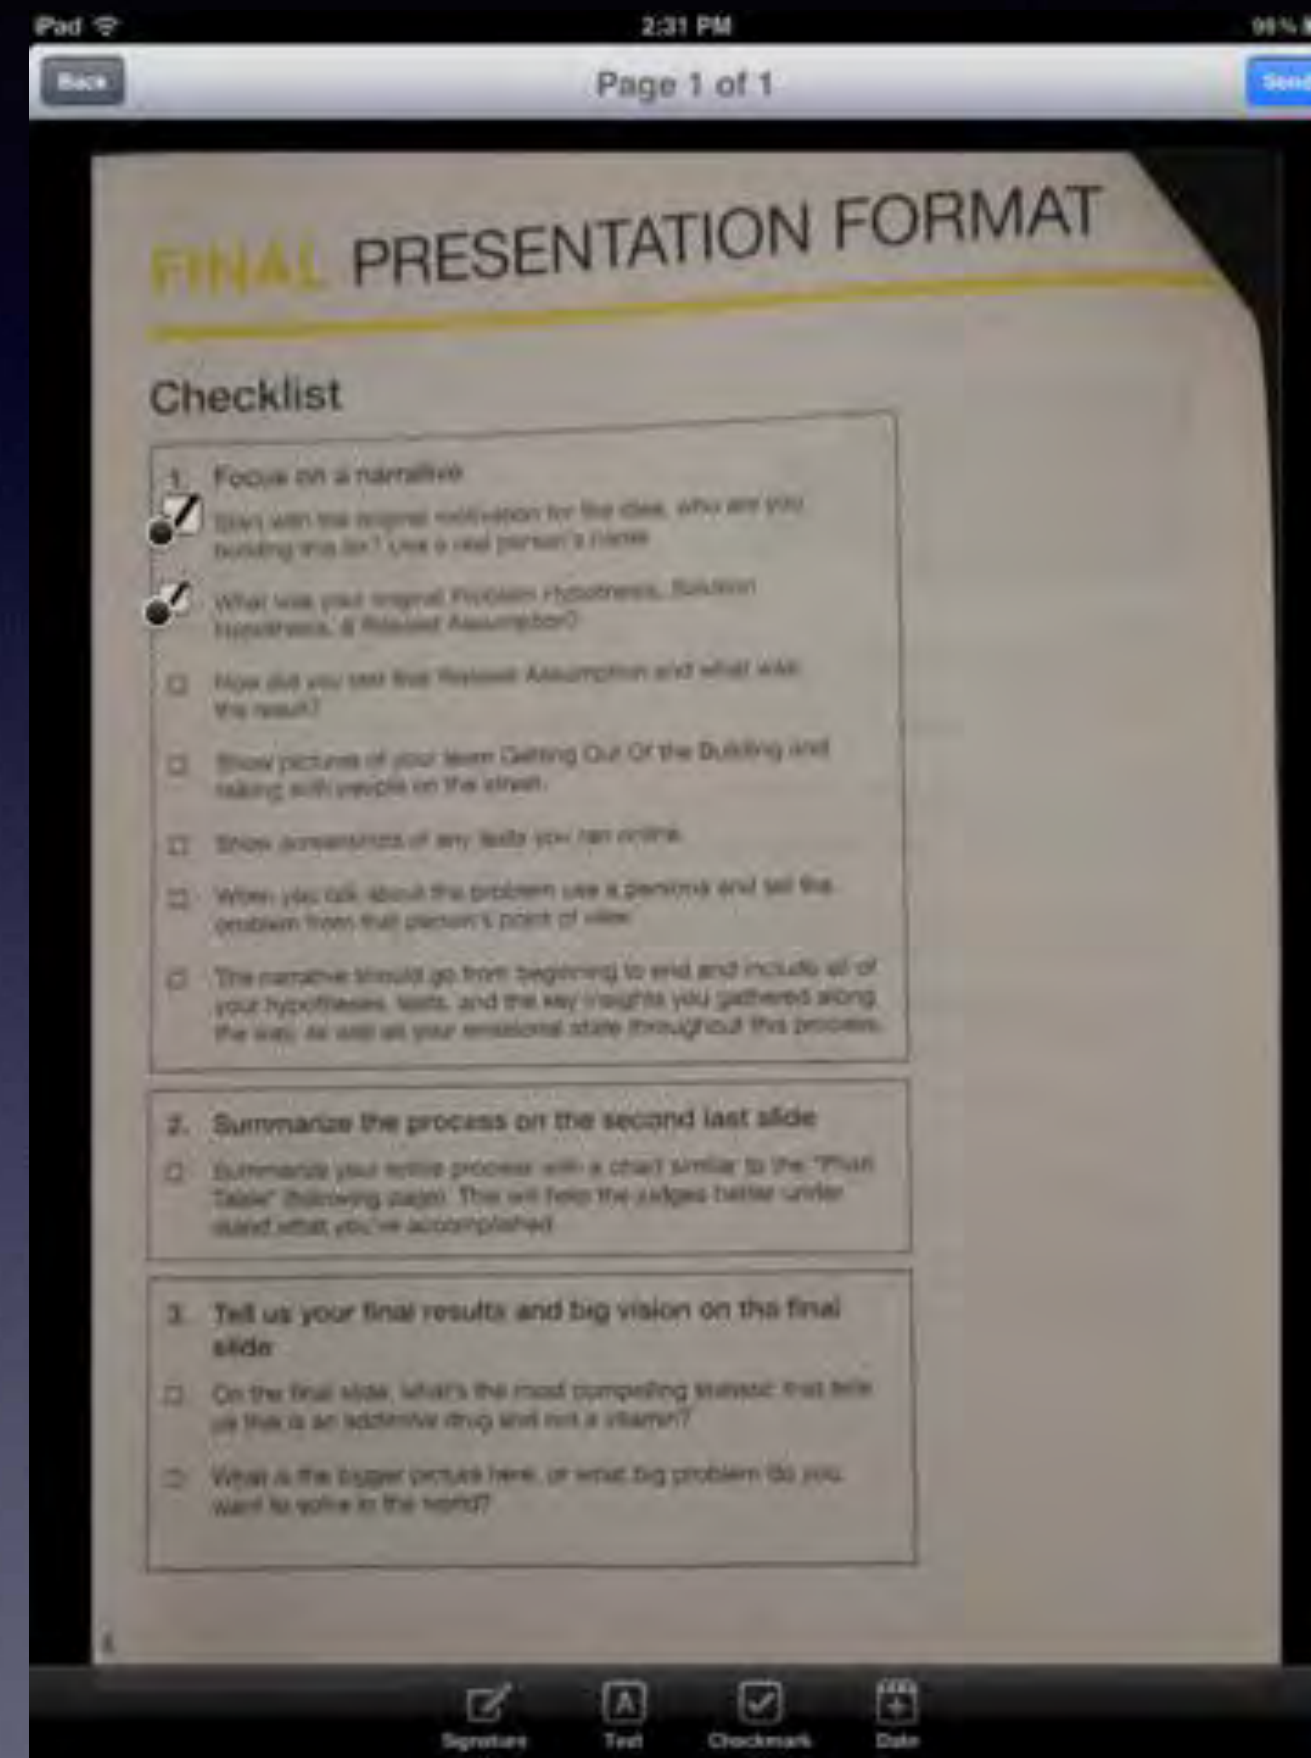

By DeskConnect, Inc

Workflow is your personal automation tool, enabling you to drag and drop any combination of actions to create powerful workflows for your devices

# HelloSign By HelloSign

HelloSign is the simple and elegant way to scan, edit and sign your documents. The app saves you from the laborious process of printing, signing and scanning

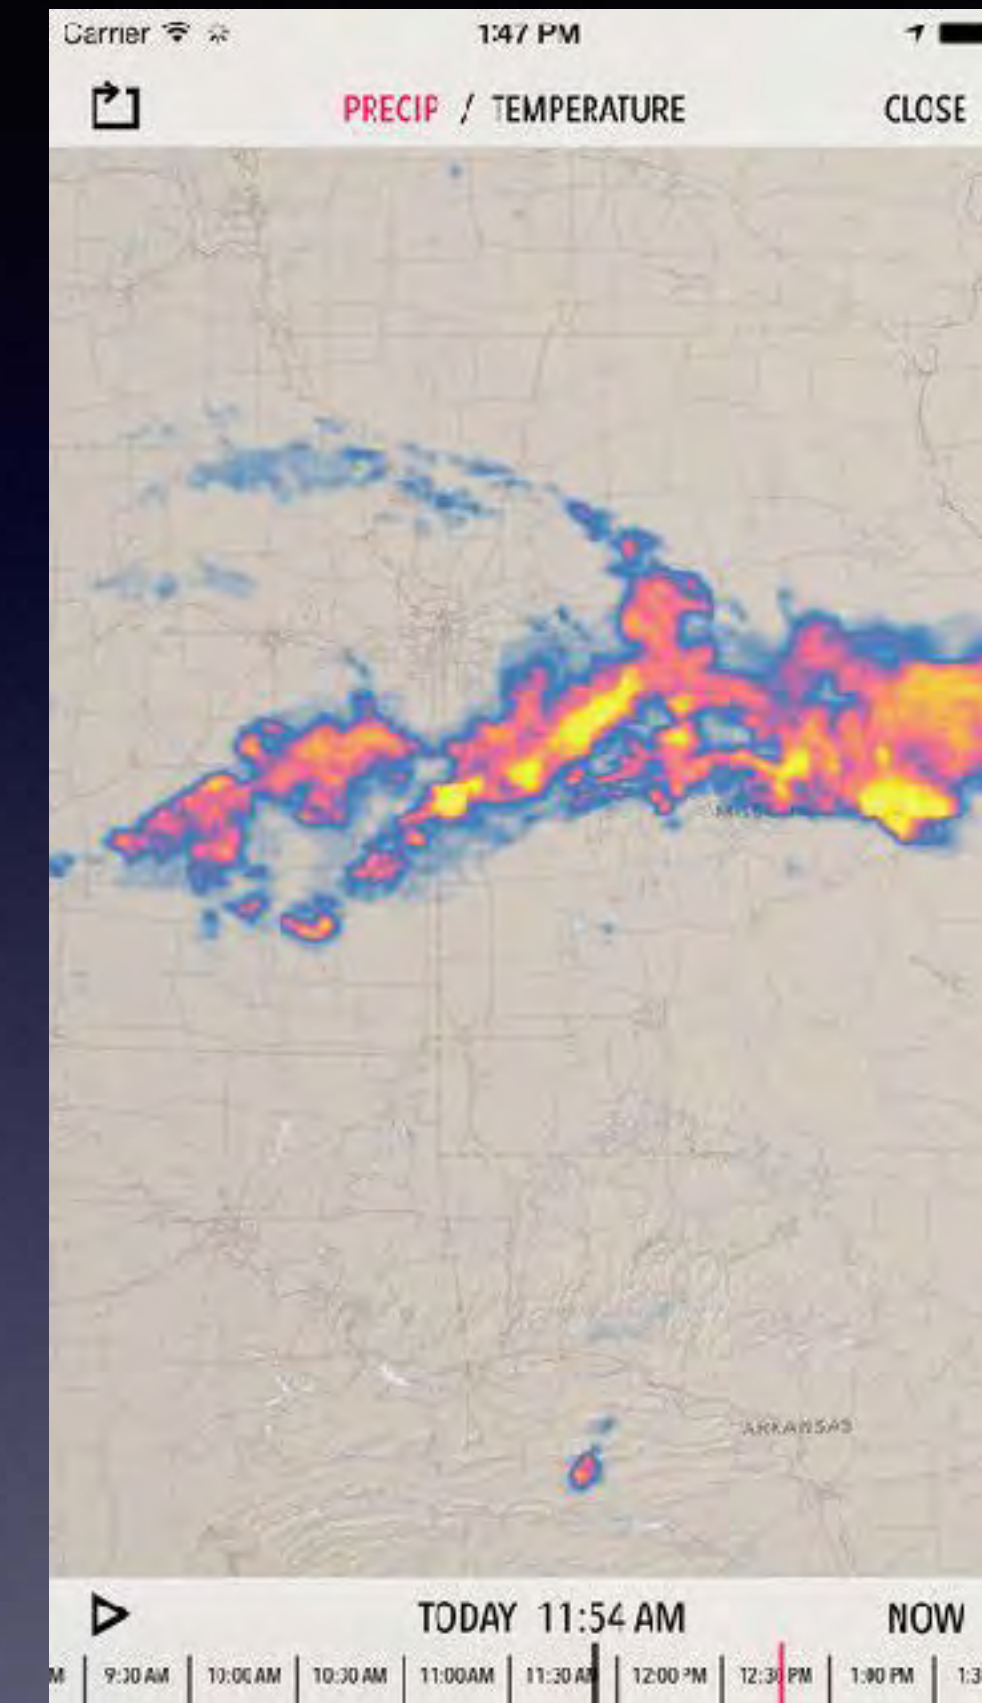

Life

# Dark Sky Weather

## By Jackadam

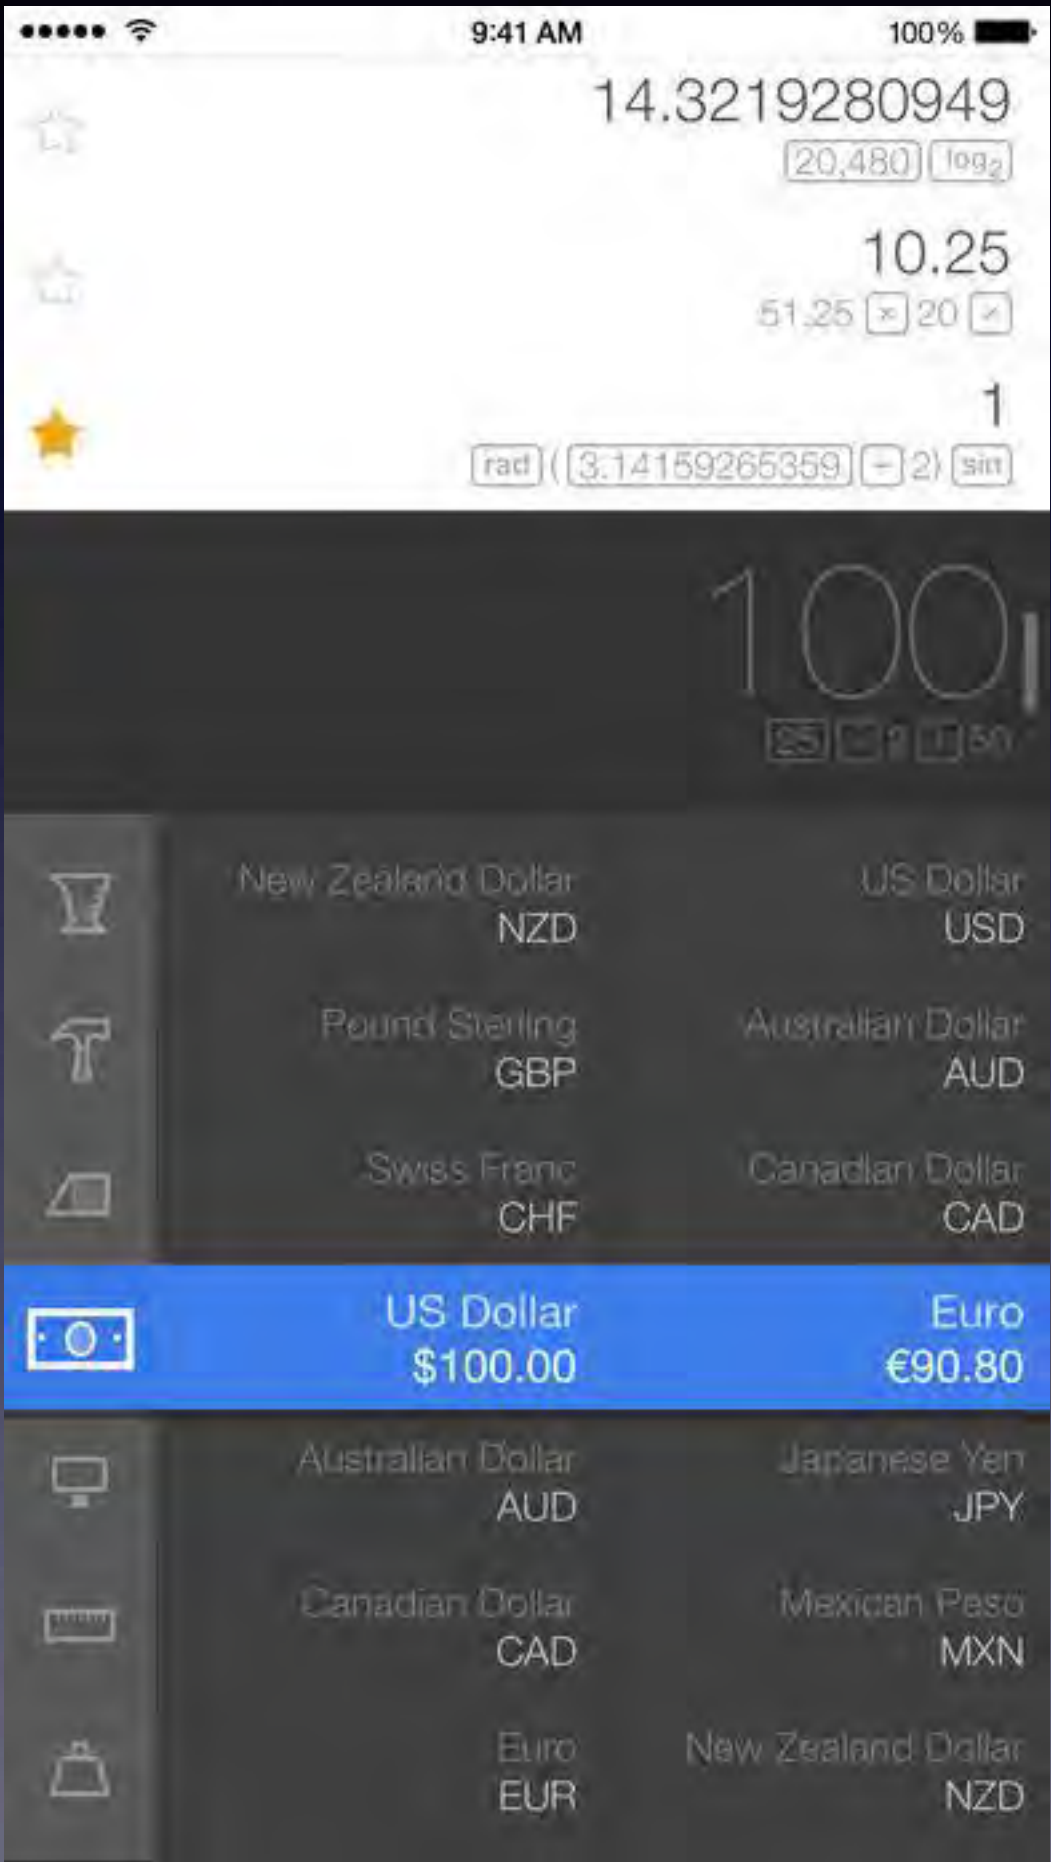

Dark Sky. Dark Sky is the most accurate source of hyperlocal weather information. With down-to-the-minute forecasts, you'll know exactly when the rain will start or stop, right where you're standing.

# Calcbot

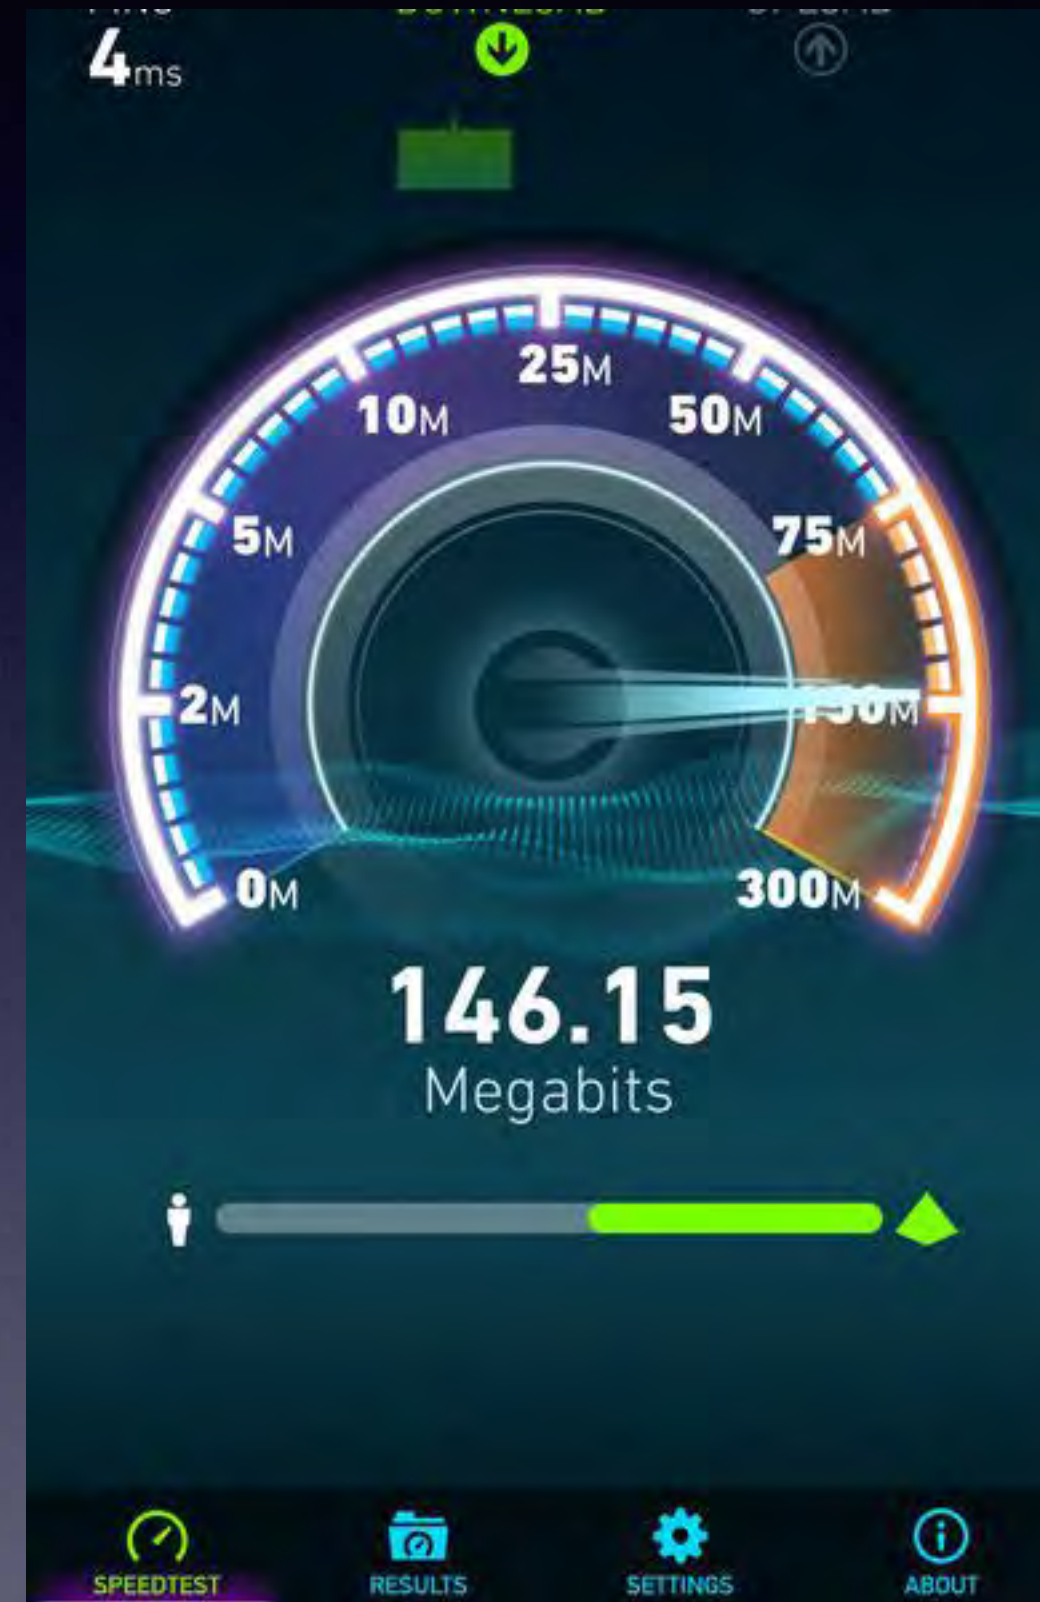

By Tapbots

Calcbot is an intelligent calculator and unit converter

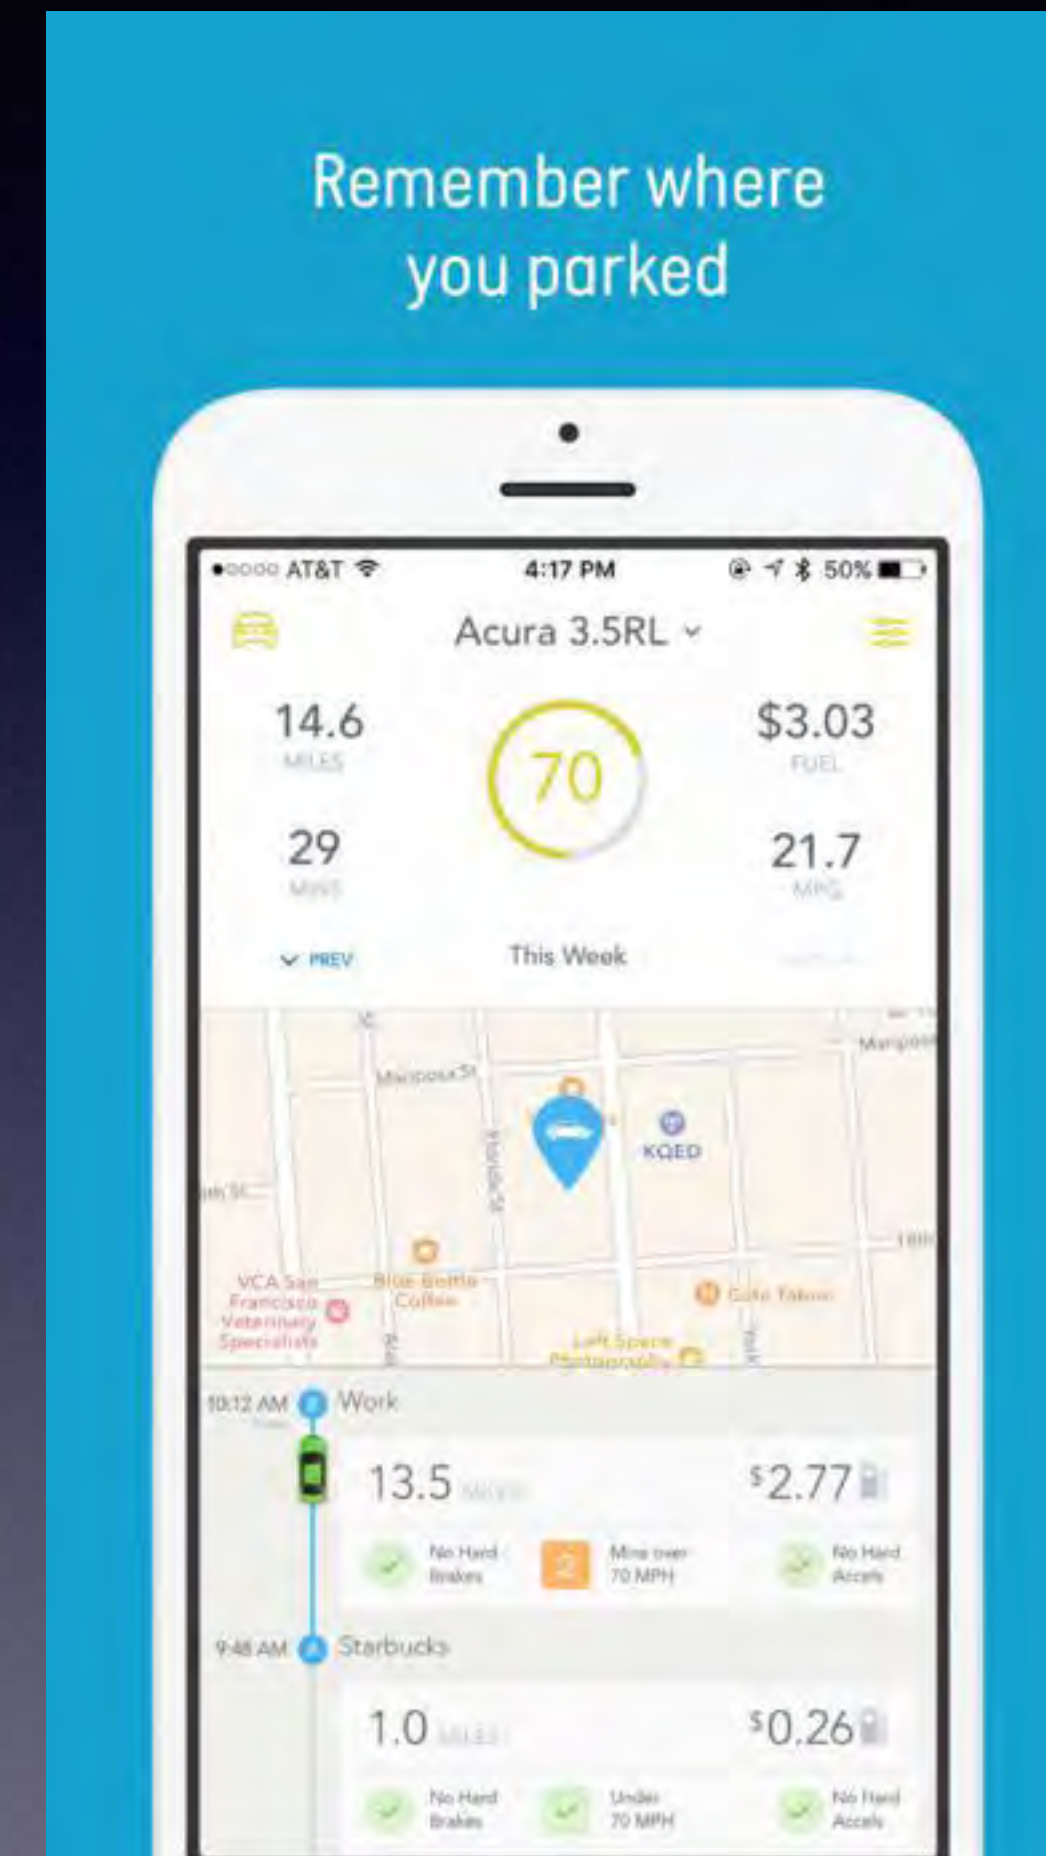

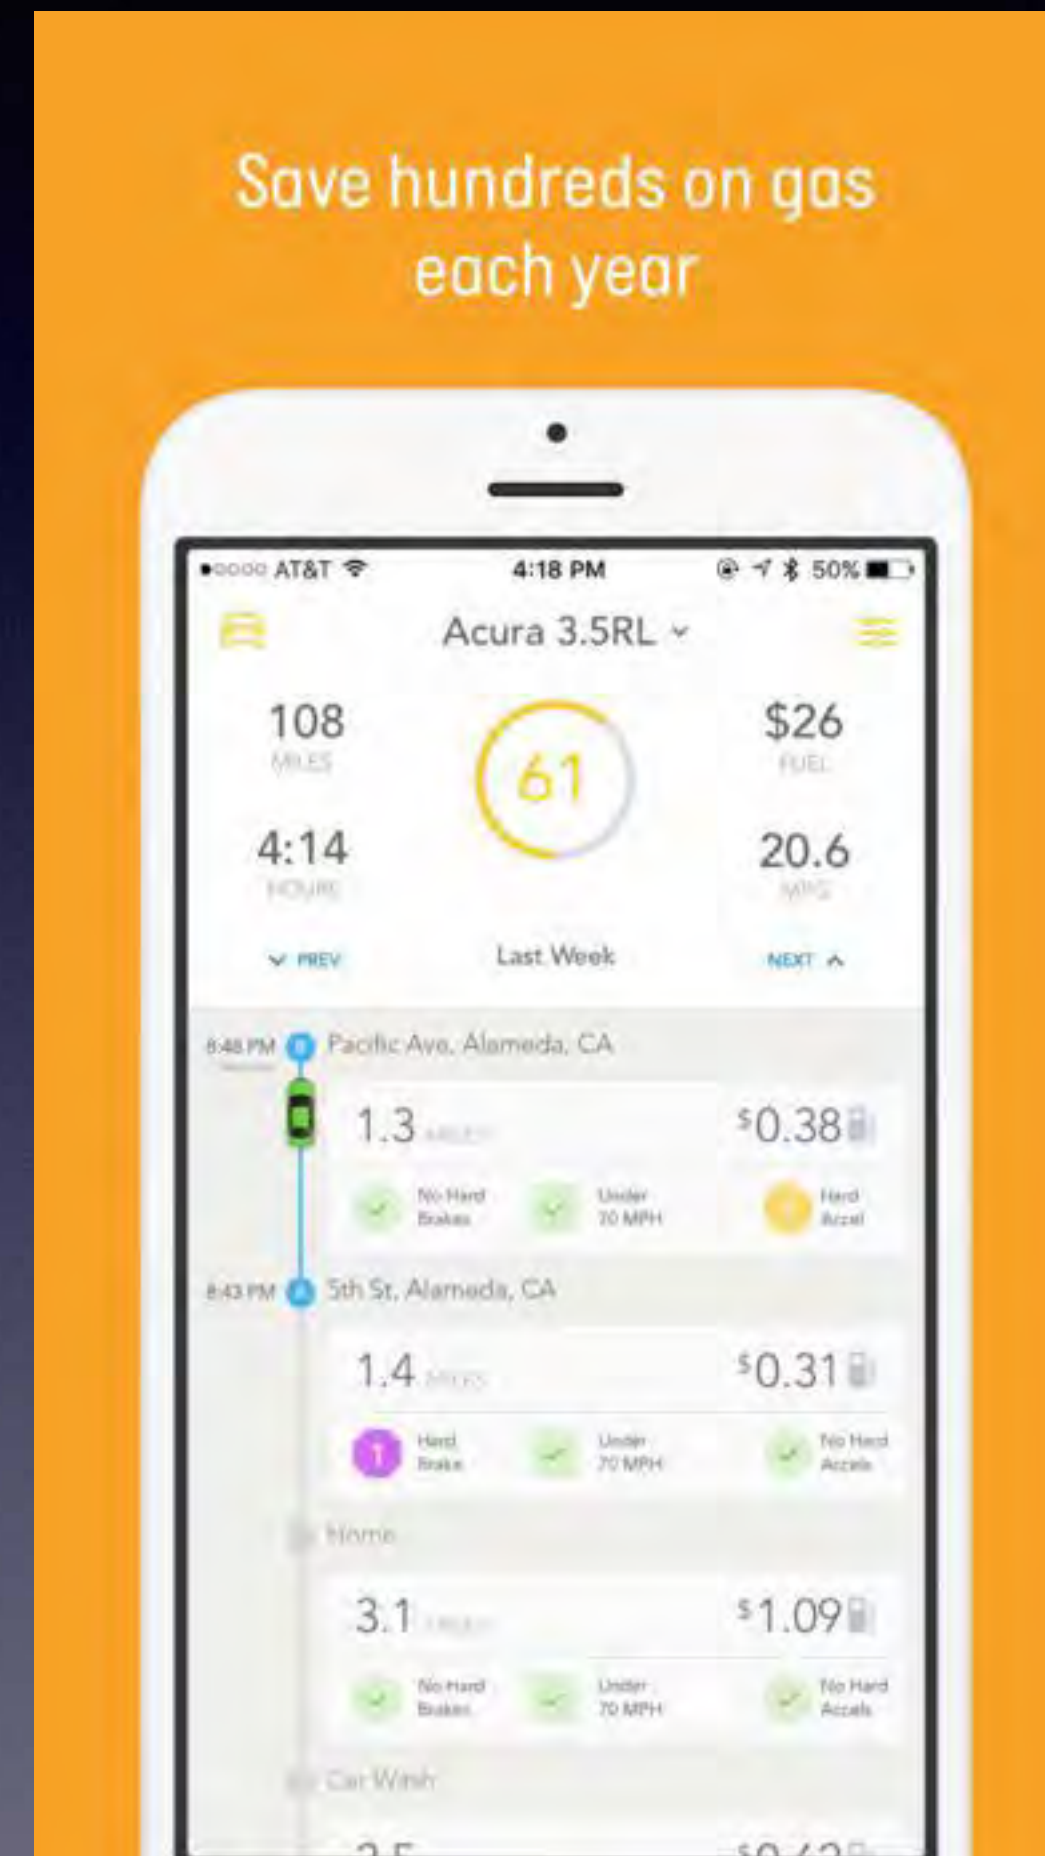

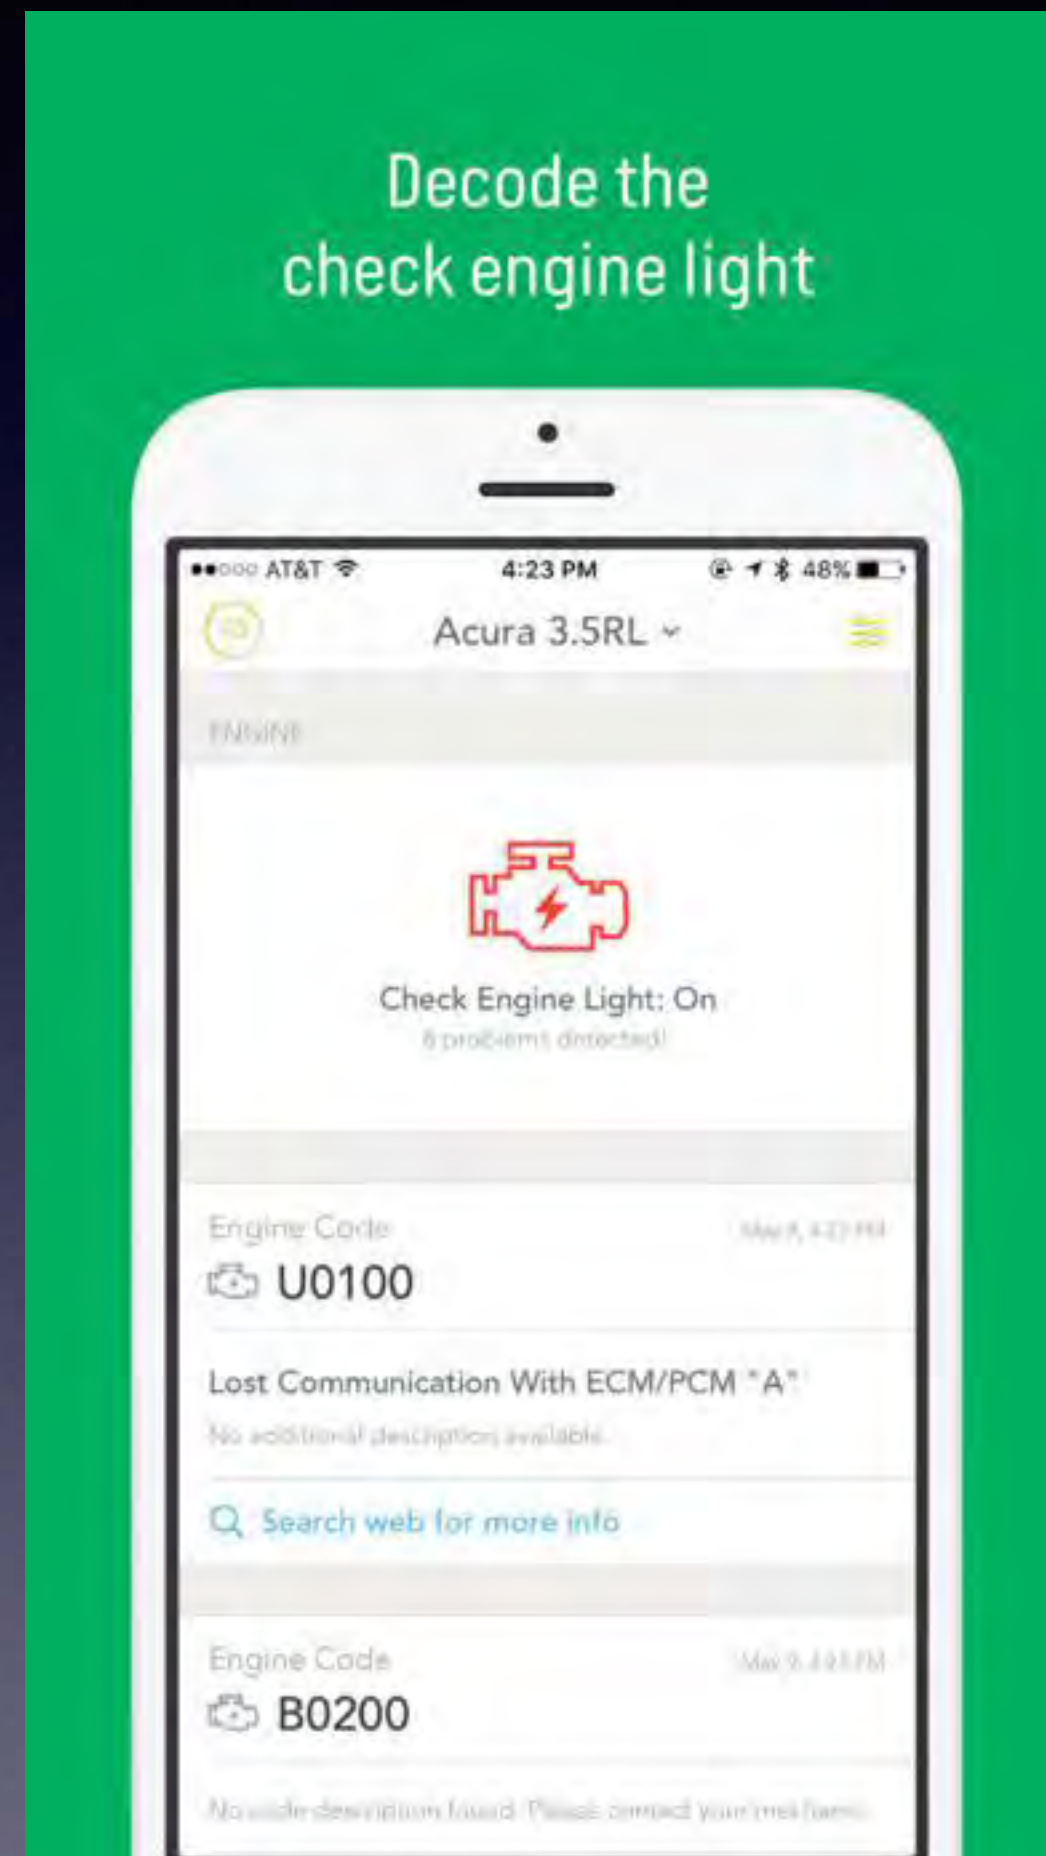

# Speedtest by Ookla

The ultimate speed test utility for evaluating your cellular (3G,4G,LTE) and Wi-Fi connection on all your devices.

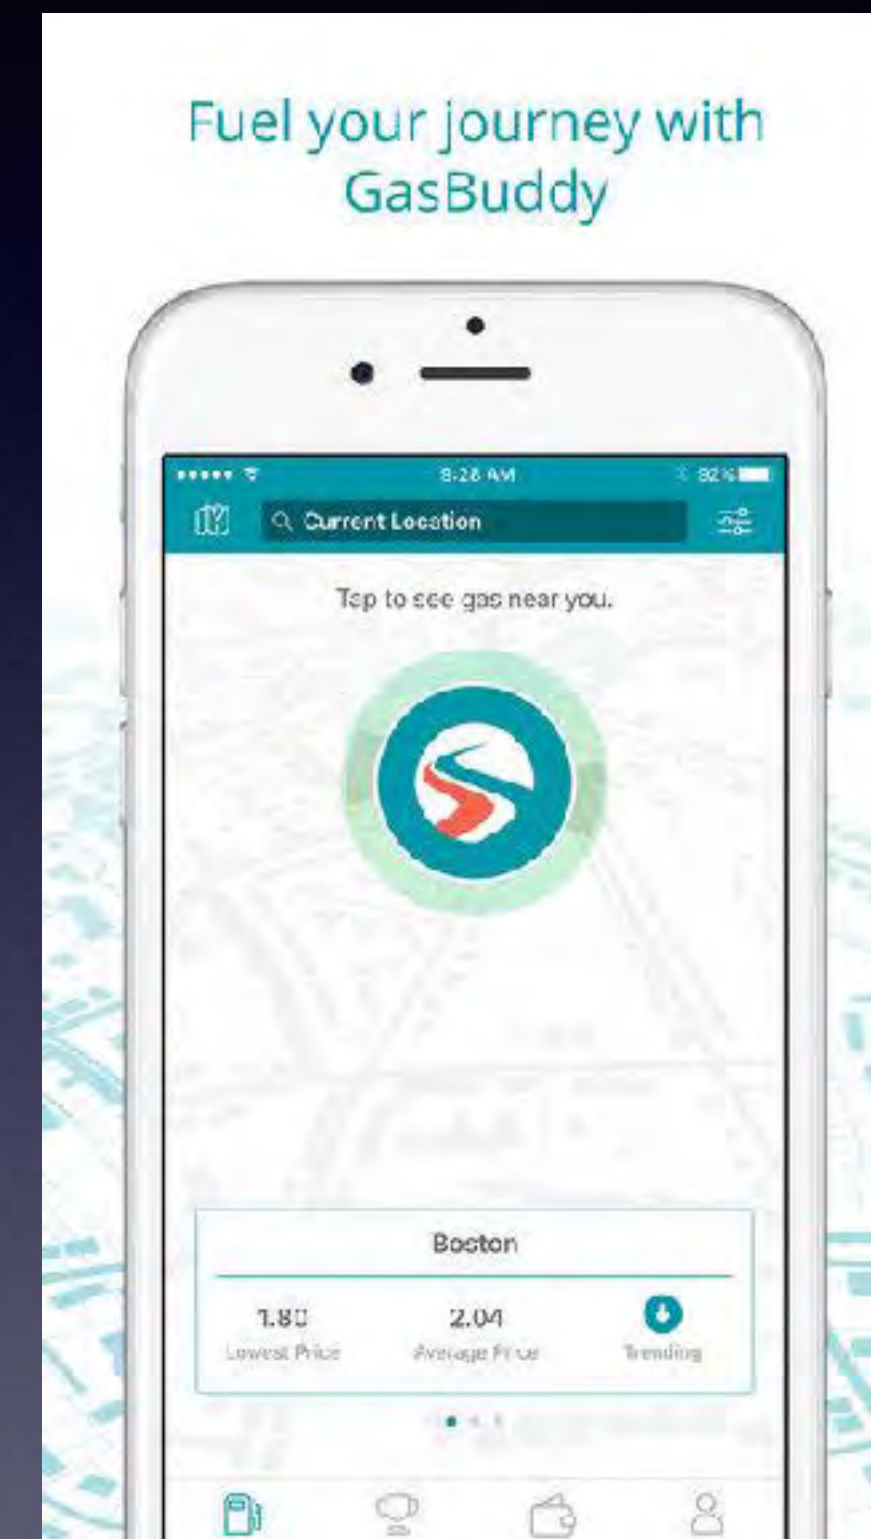

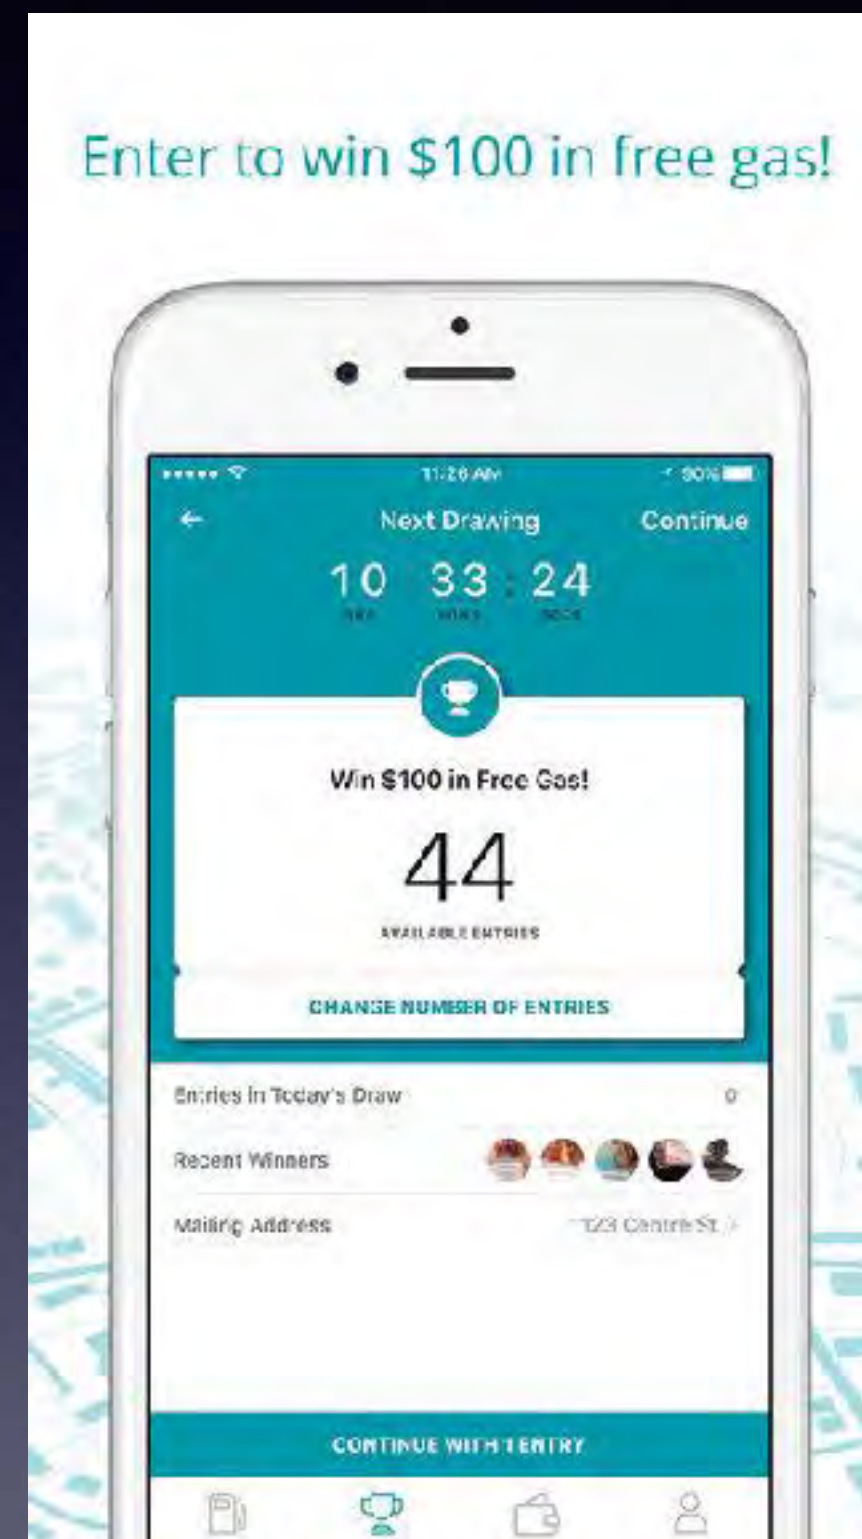

# Automatic Classic By Automatic

Automatic turns just about any car into a connected car.  
Save hundreds on gas, repairs, and even tickets.

# GasBuddy By GasBuddy Organization

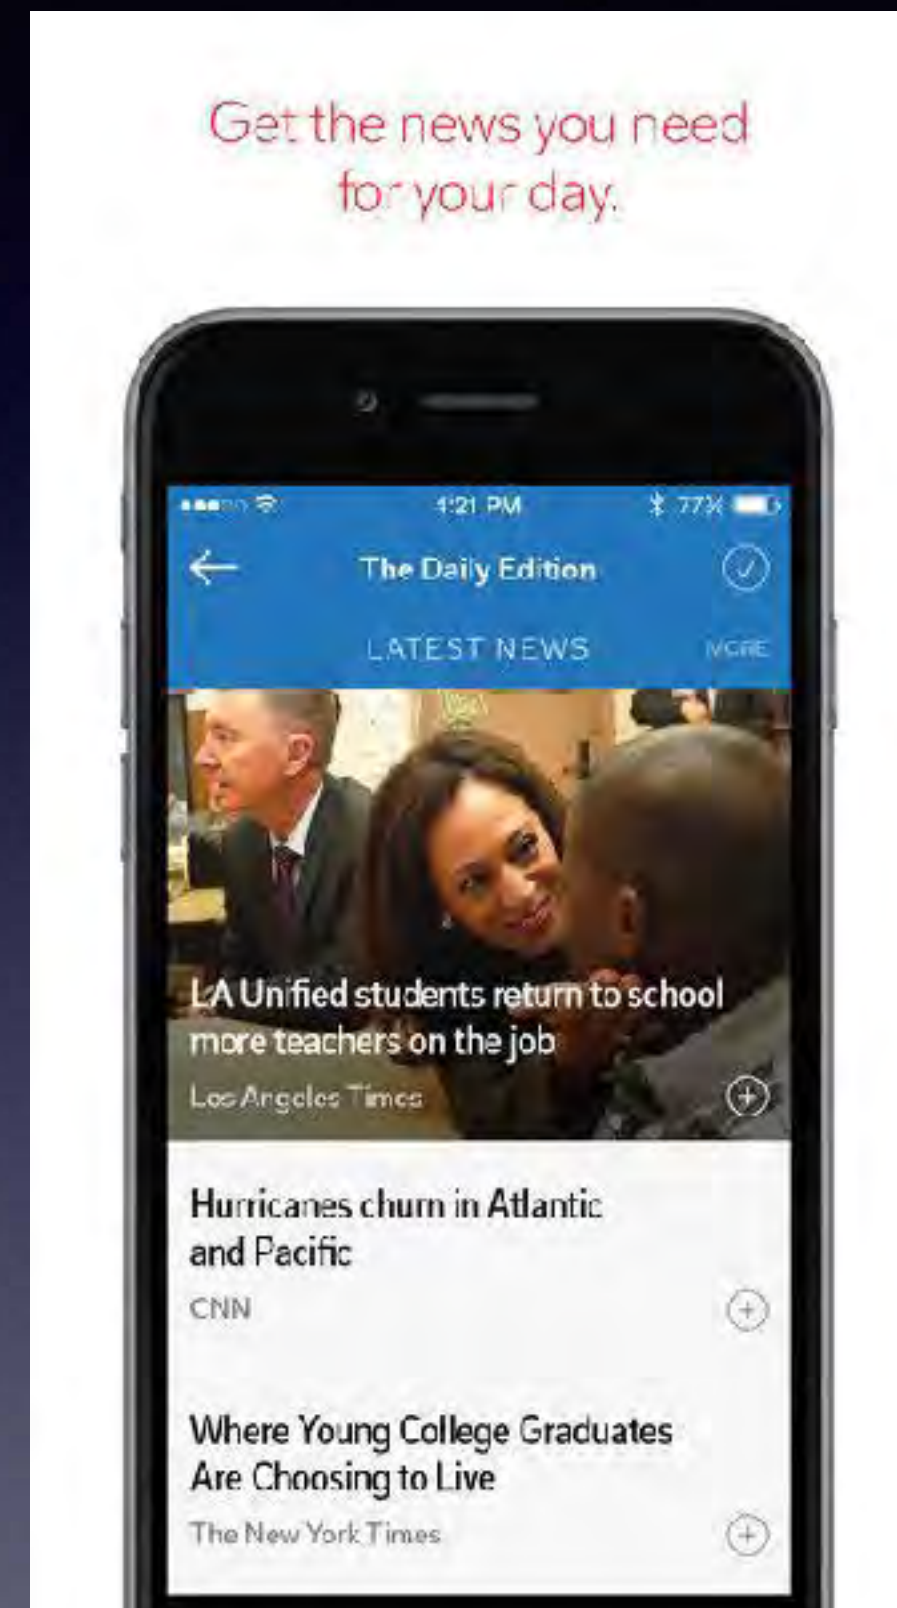

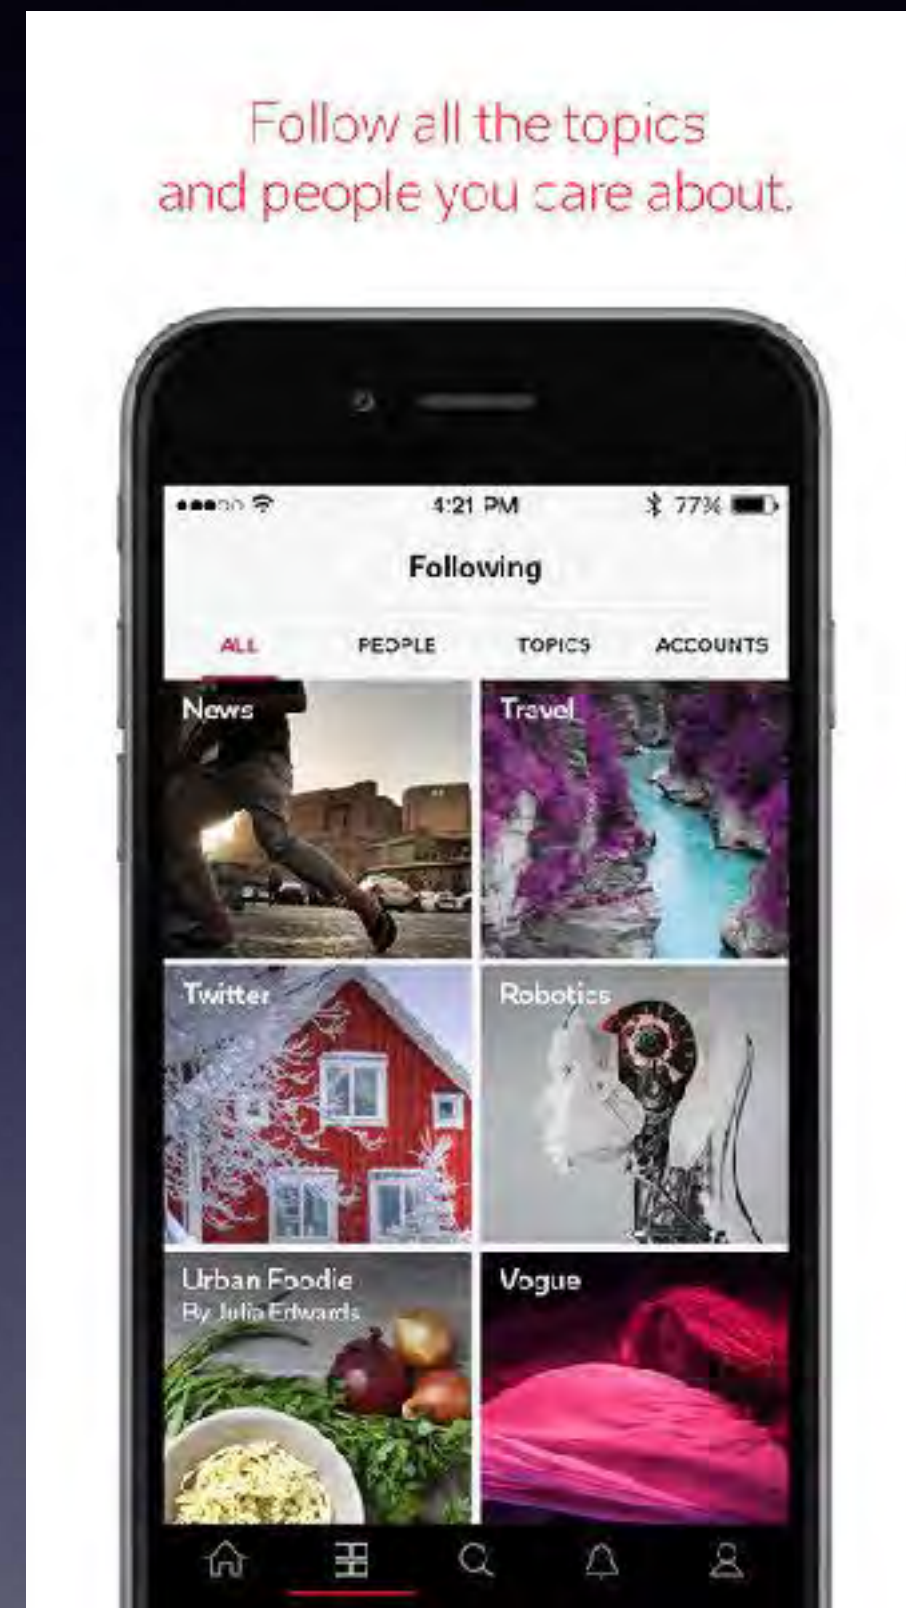

Save money, save time. Find cheap gas with a community of 60 million users.

# Flipboard

By Flipboard Inc.

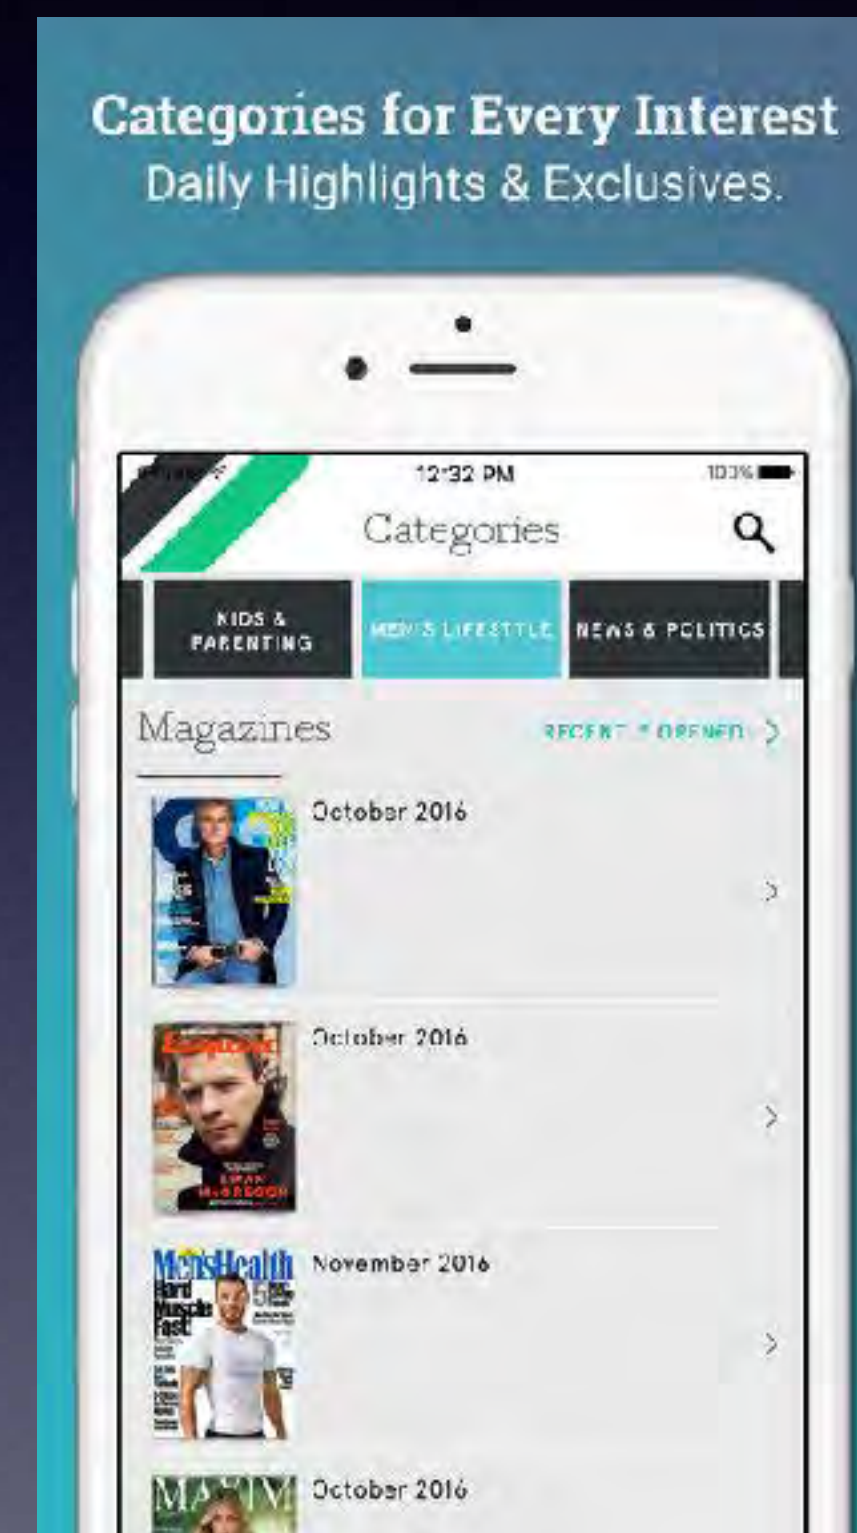

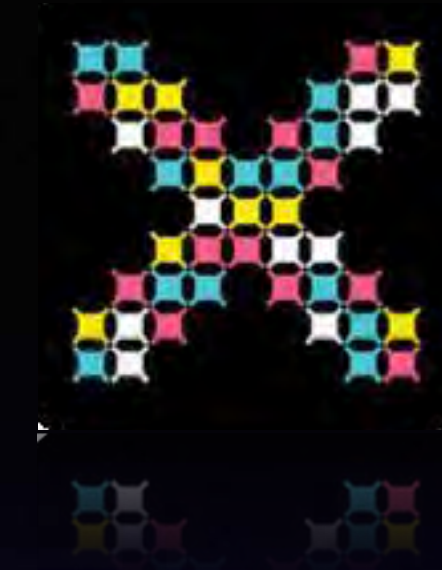

Flipboard is part social app, and part magazine and news app. It gathers content from social networks, news publications and blogs. Then the app displays stories, articles, blog posts, videos and other pieces of content in a magazine-like format.

# Texture

## By Next Issue Media

Get unlimited access to all the best digital magazine subscriptions. Read your favorite magazines anytime, anywhere, including back issues.

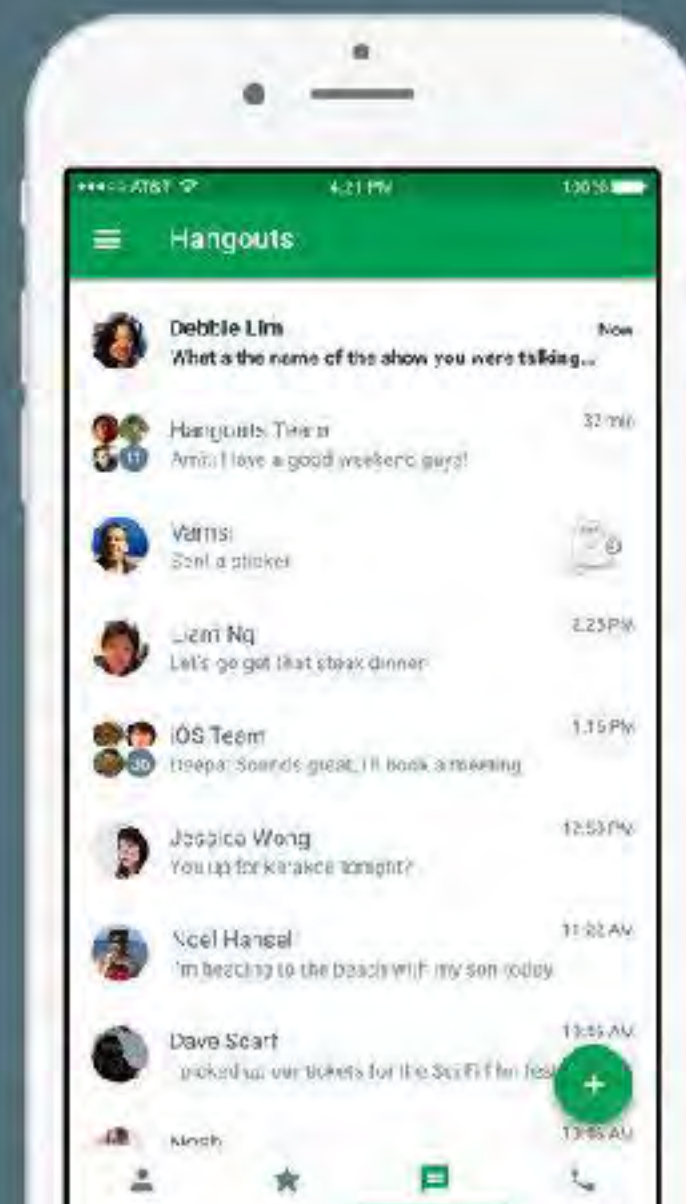

# Hangouts

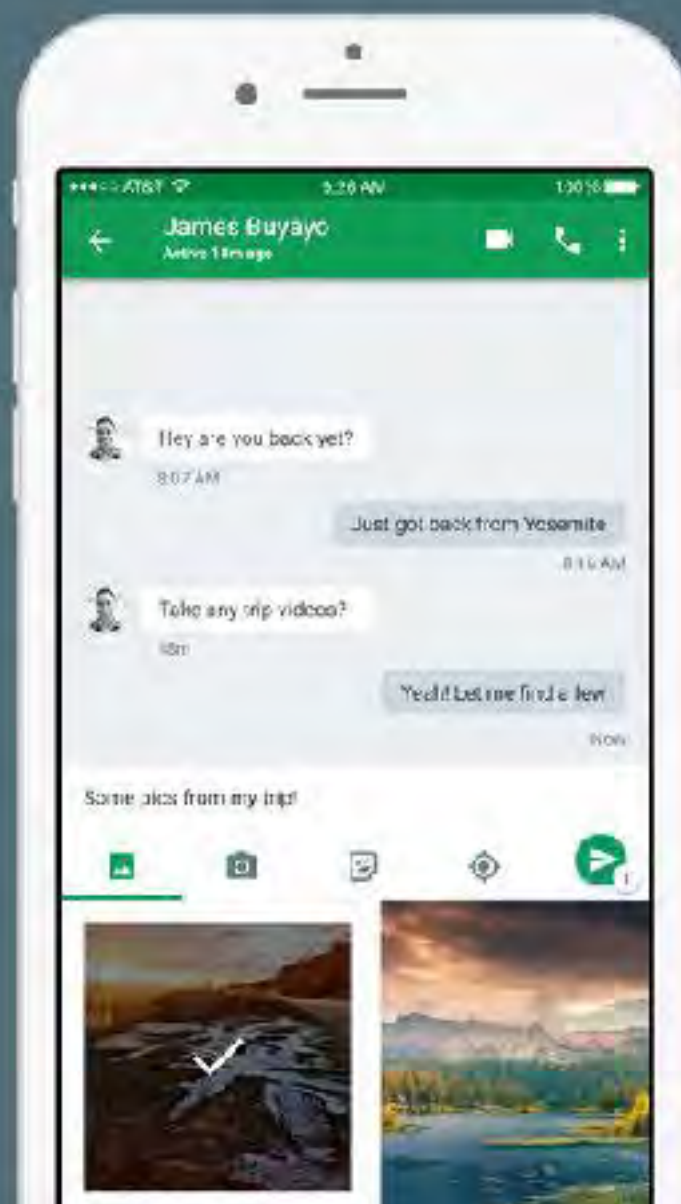

## By Google, Inc

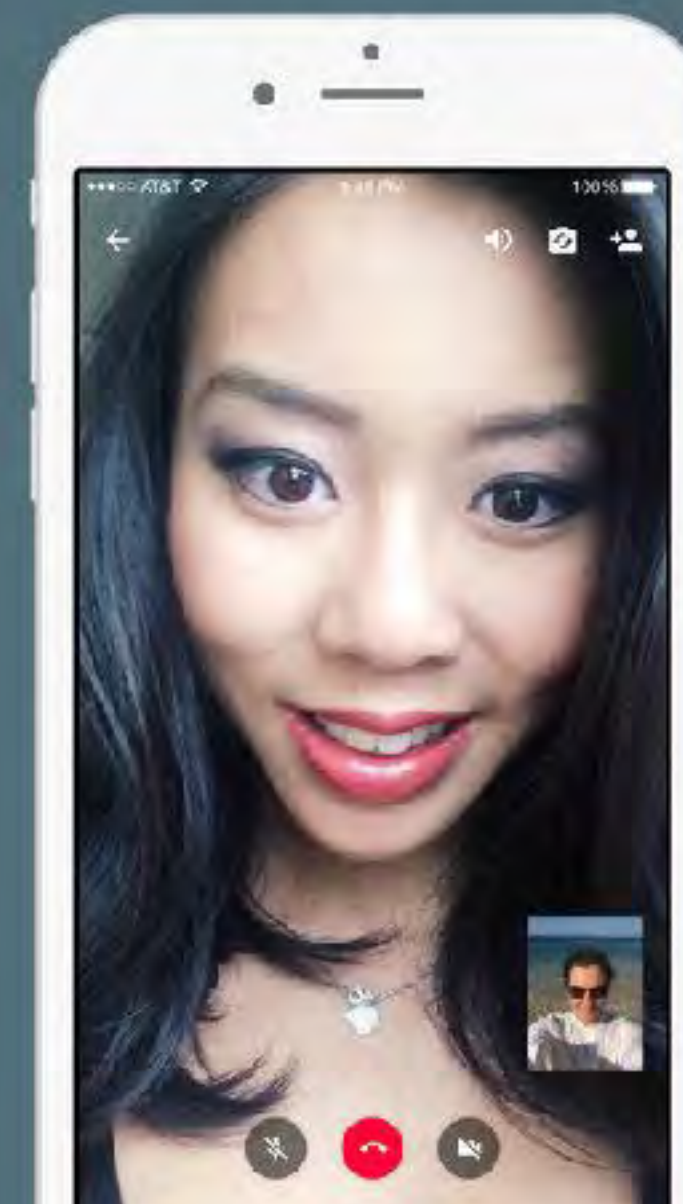

Message a friend or start  
a group conversation

Share your recent photos  
and videos

Connect anytime with free  
voice and video calls

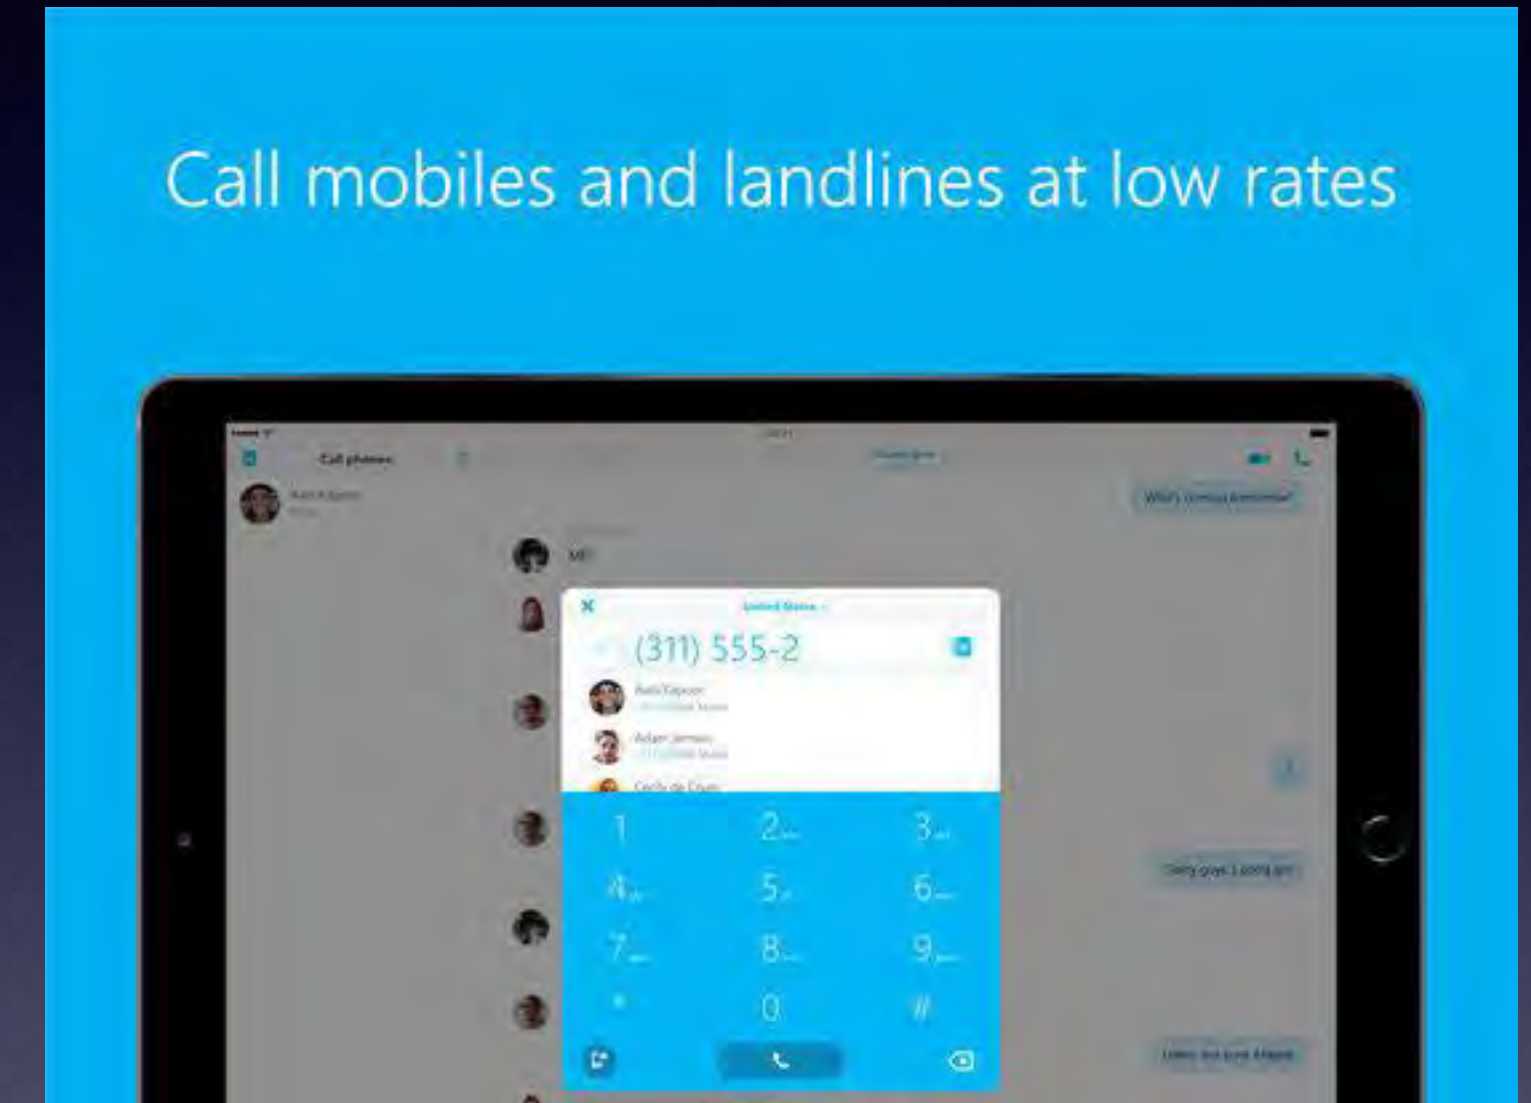

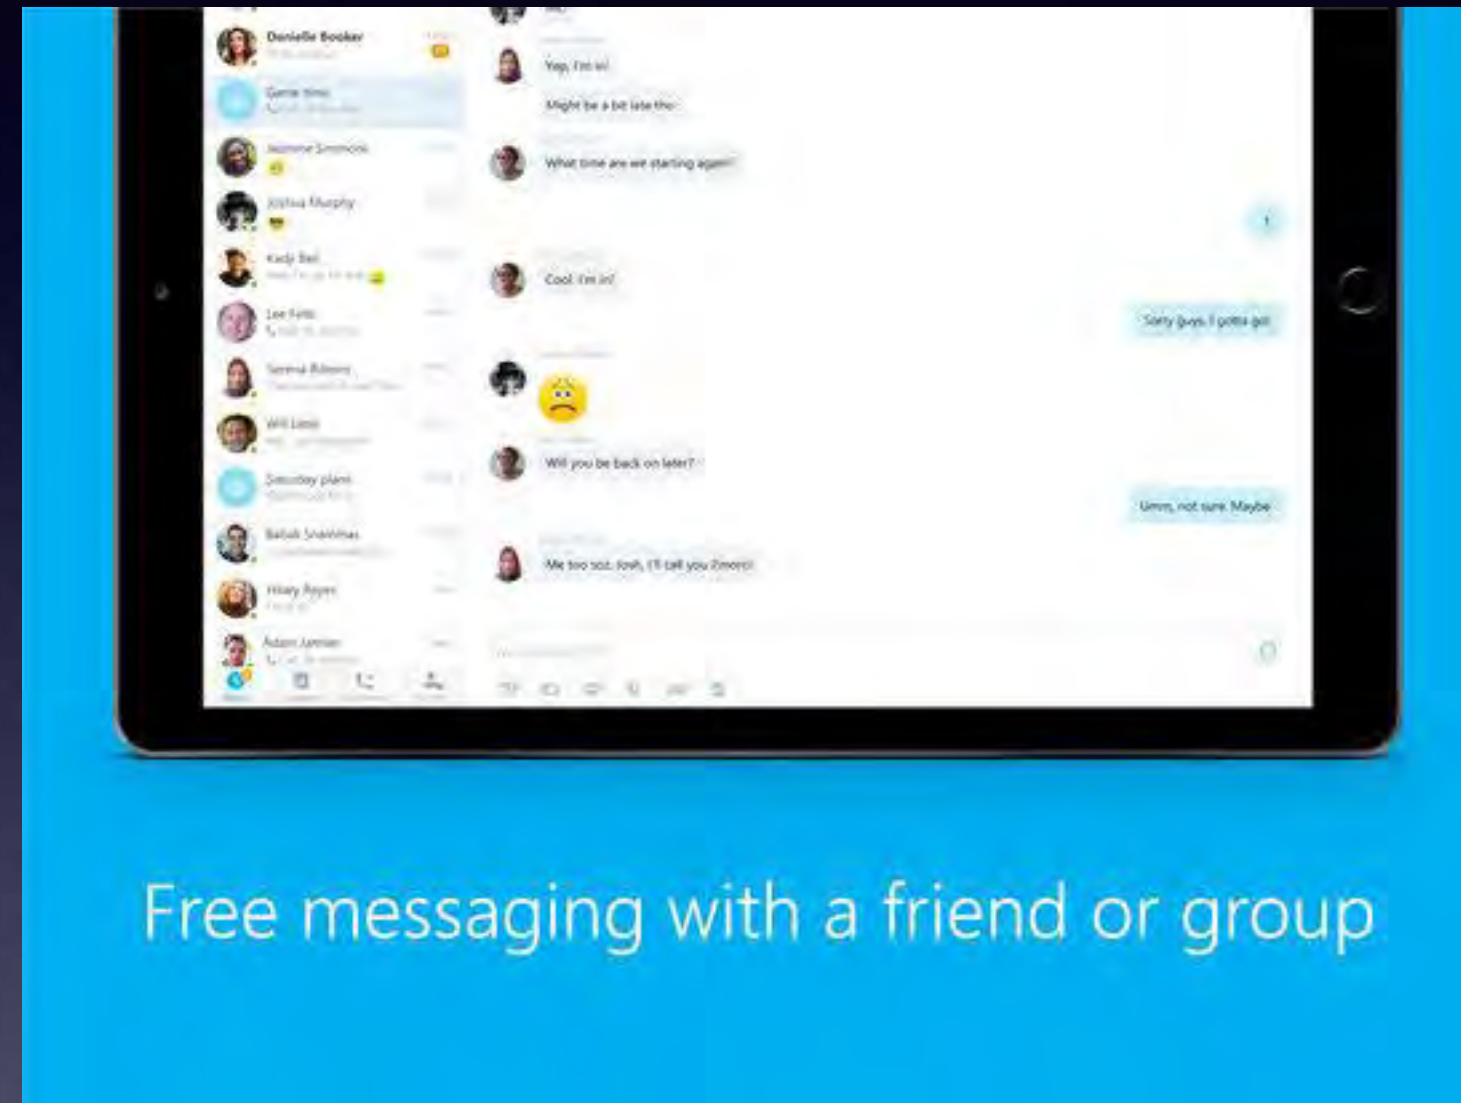

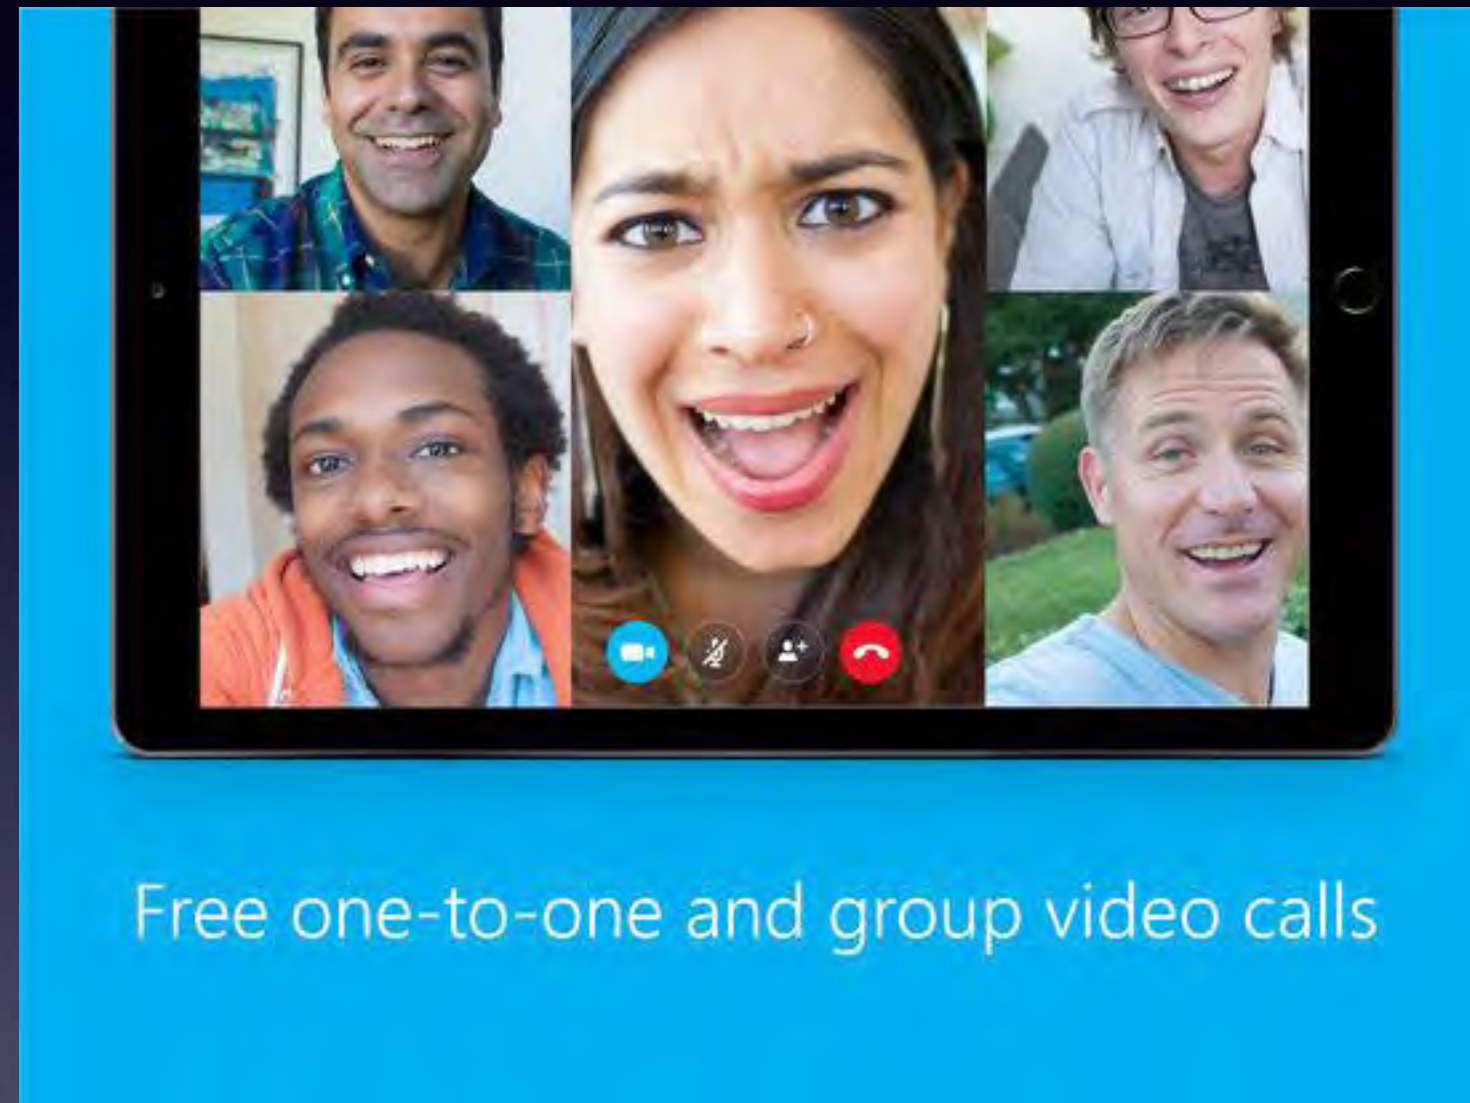

Hangouts bring conversations to life with photos, emoji, and even group video calls for free. Connect with friends across computers, mobile devices.

# Skype

## By Skype Communications

Stay in touch with free video calls, voice calls and messaging on Skype.

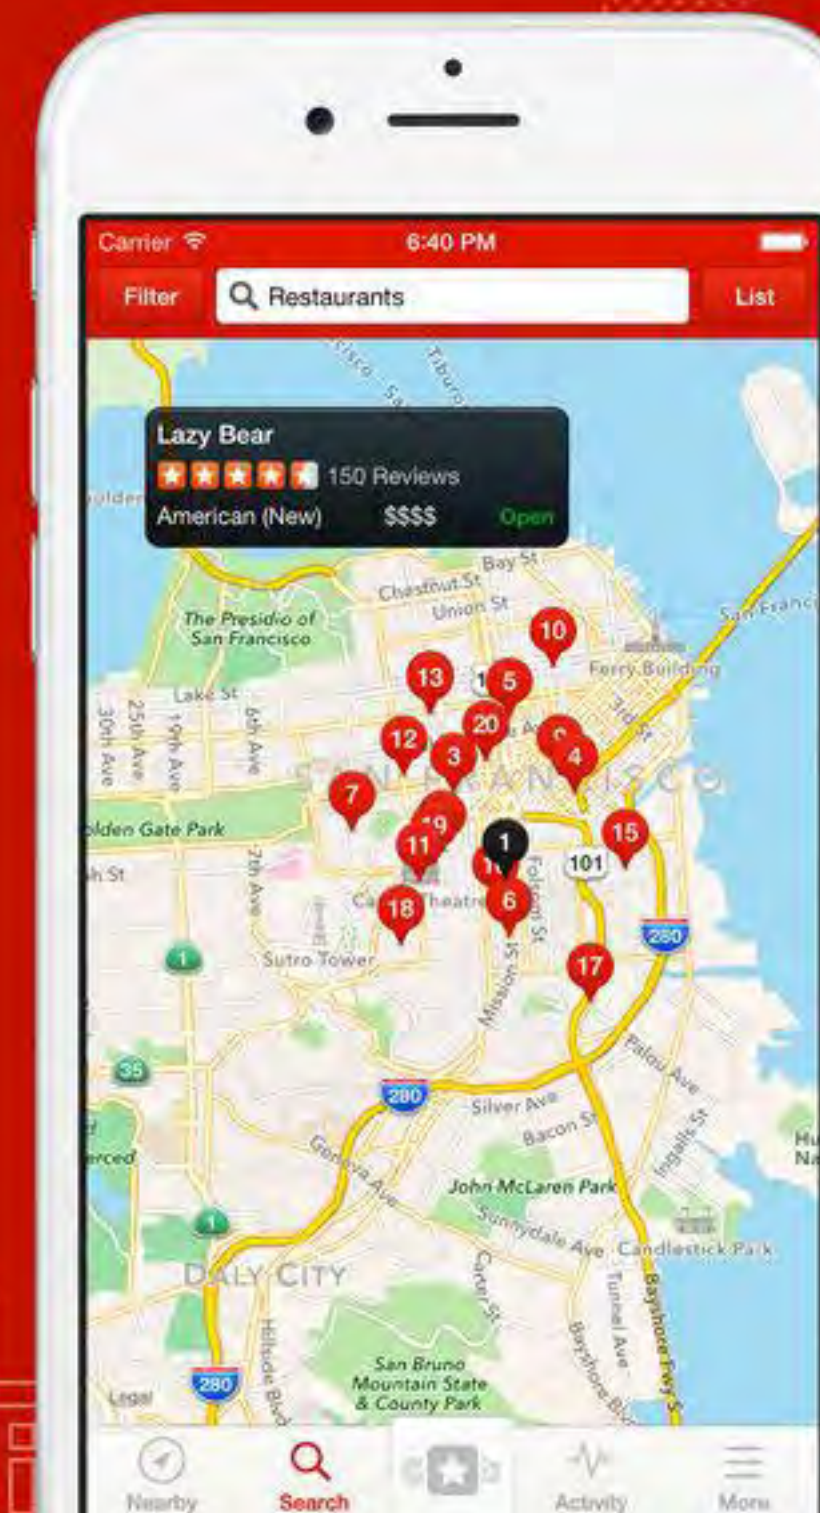

# Yelp By Yelp

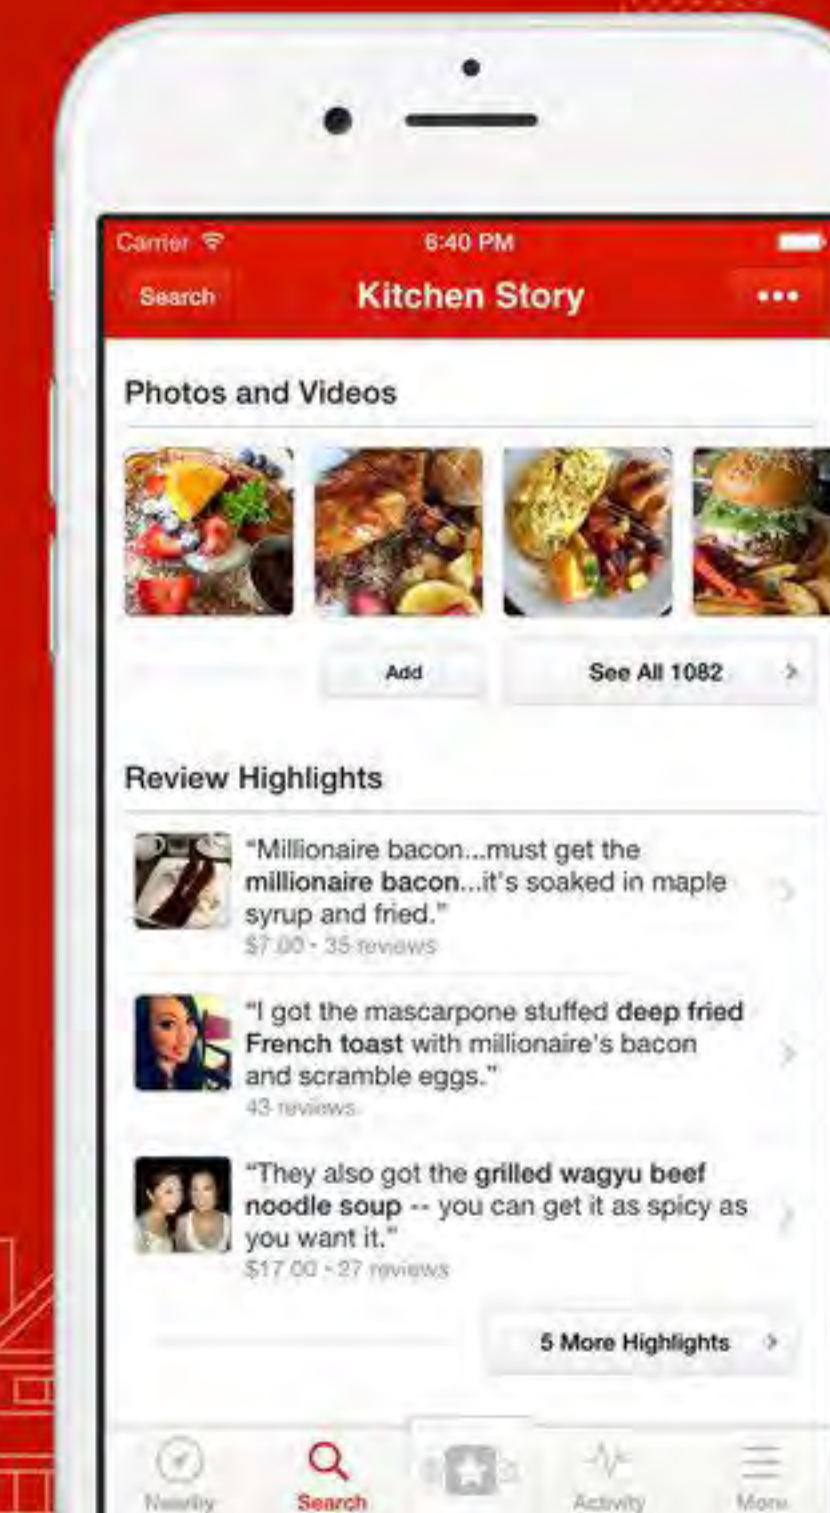

Discover great local  
businesses

Find restaurants, bars and  
shops around you

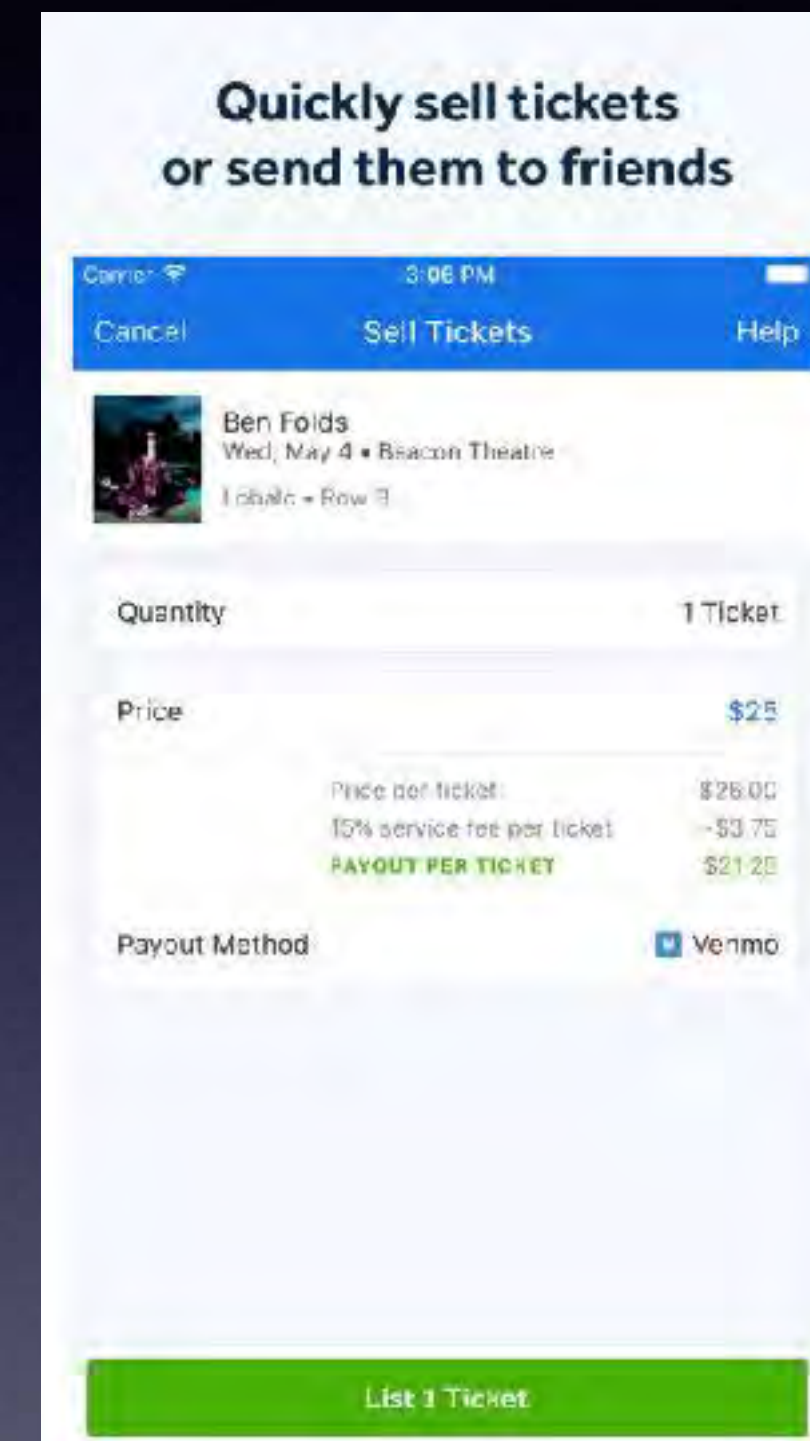

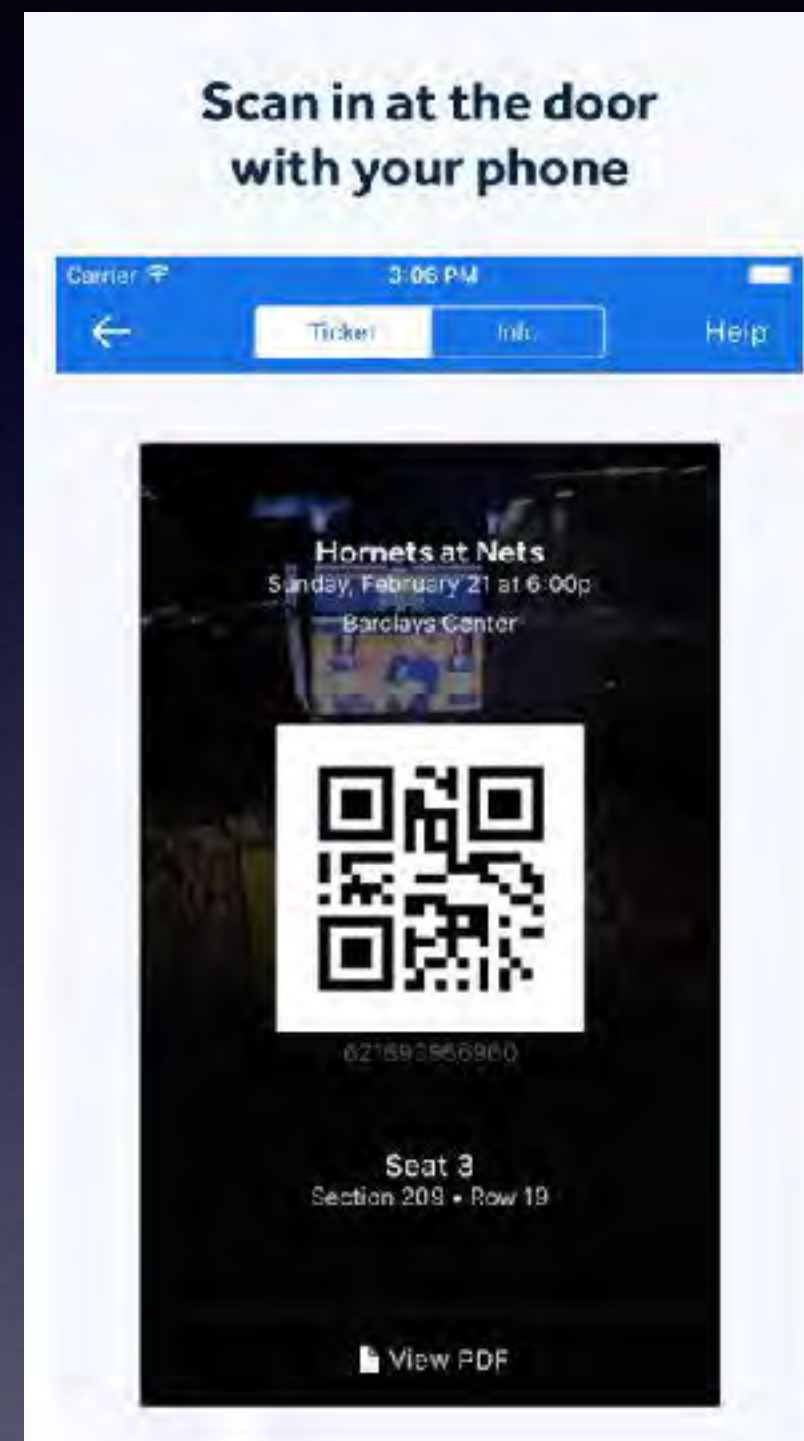

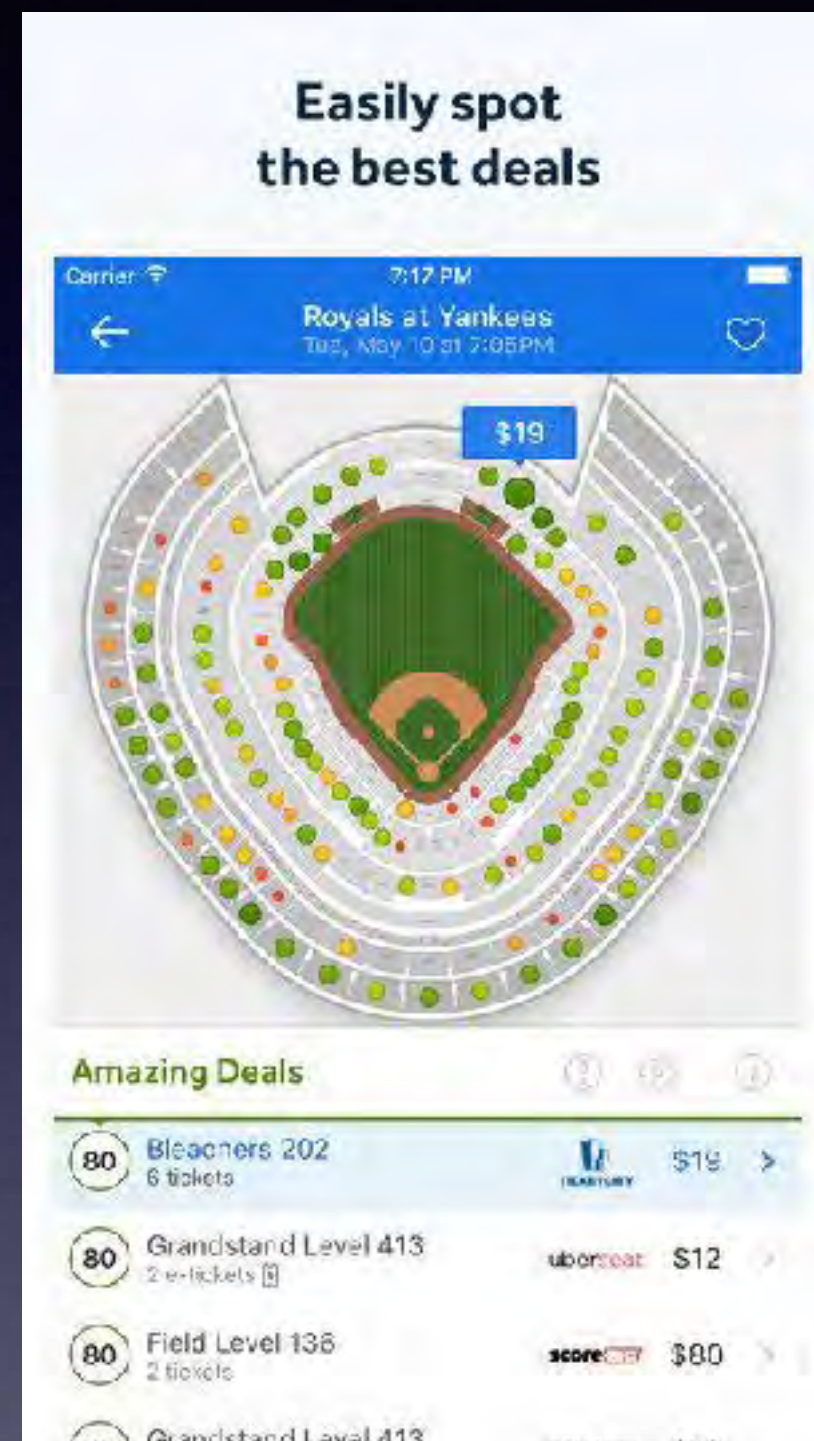

Browse photos and reviews  
from millions of locals

Yelp is your local guide to finding the perfect place to eat, shop, drink, relax and play.

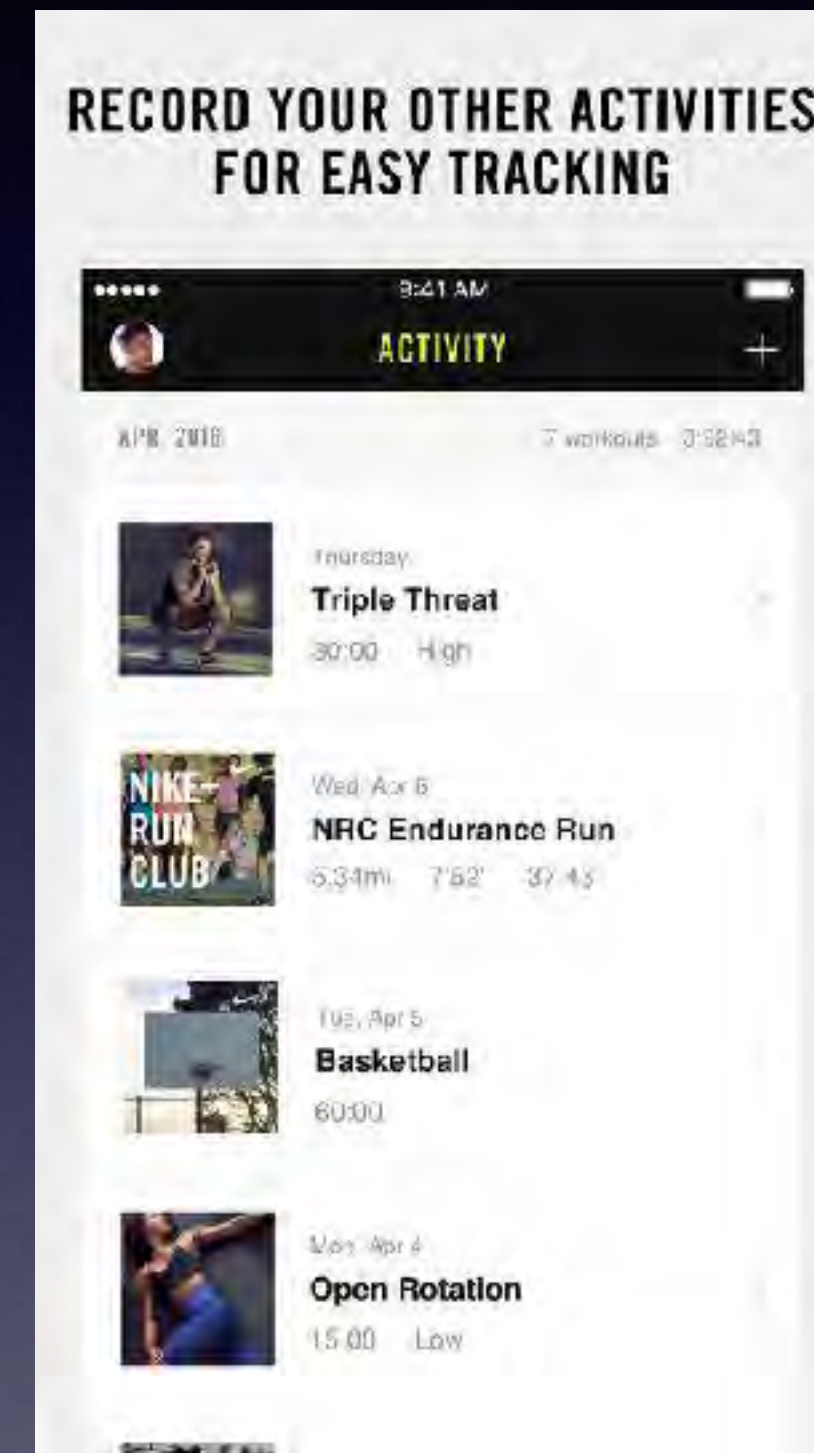

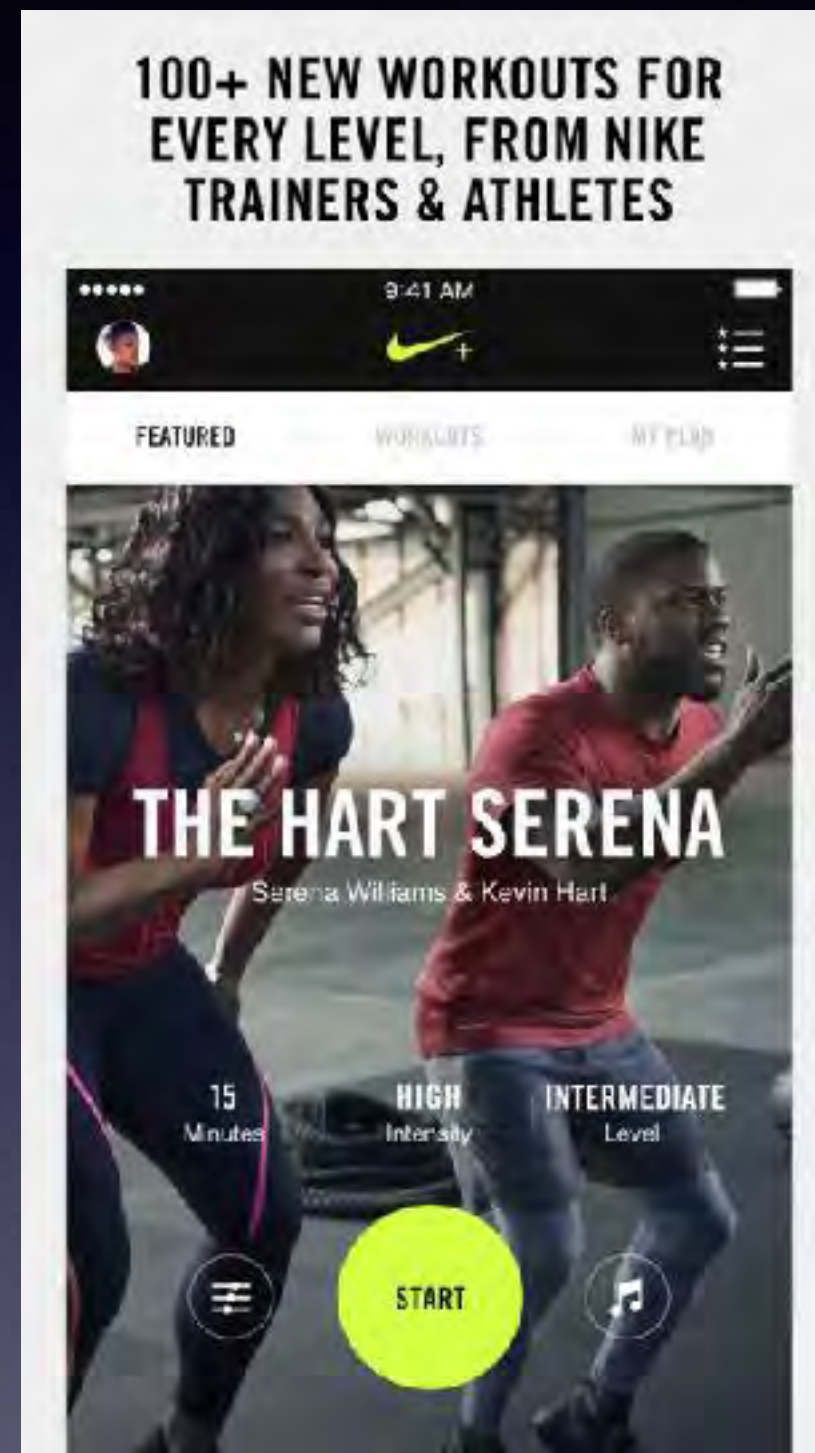

# SeatGeek By SeatGeek

SeatGeek is the easiest way to find great deals on tickets to sporting events, concerts & Broadway shows. Every deal is color-coded from best to worst and mapped on an interactive seating chart with real photographs from every section.

# Nike+ Training Club By Nike, Inc

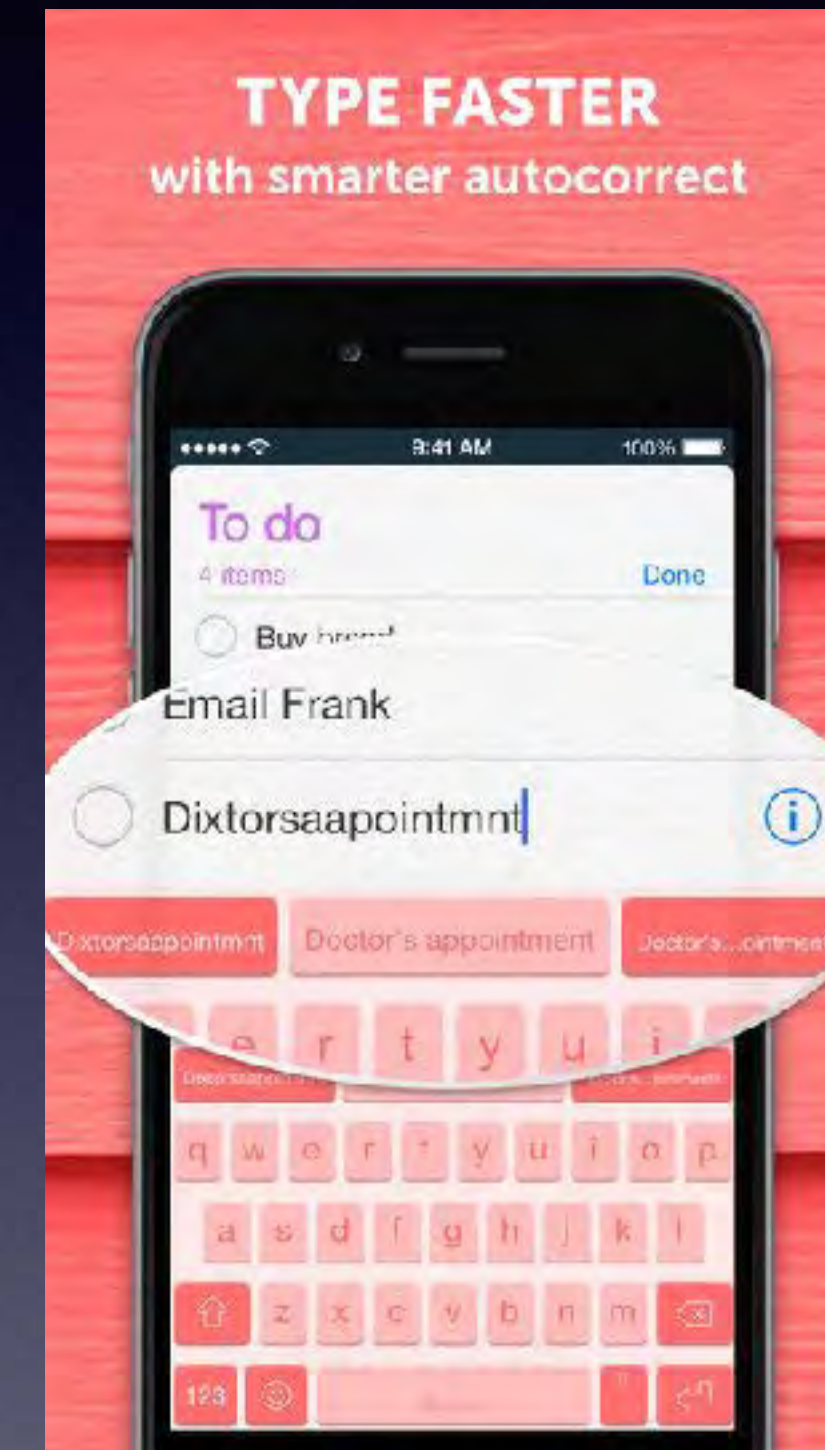

Nike Master Trainers and Athletes delivering both the expertise you want and the motivation you need to get fit. Get easy-to-follow guidance through every drill, every workout and each personalized training plan.

# Data Entry

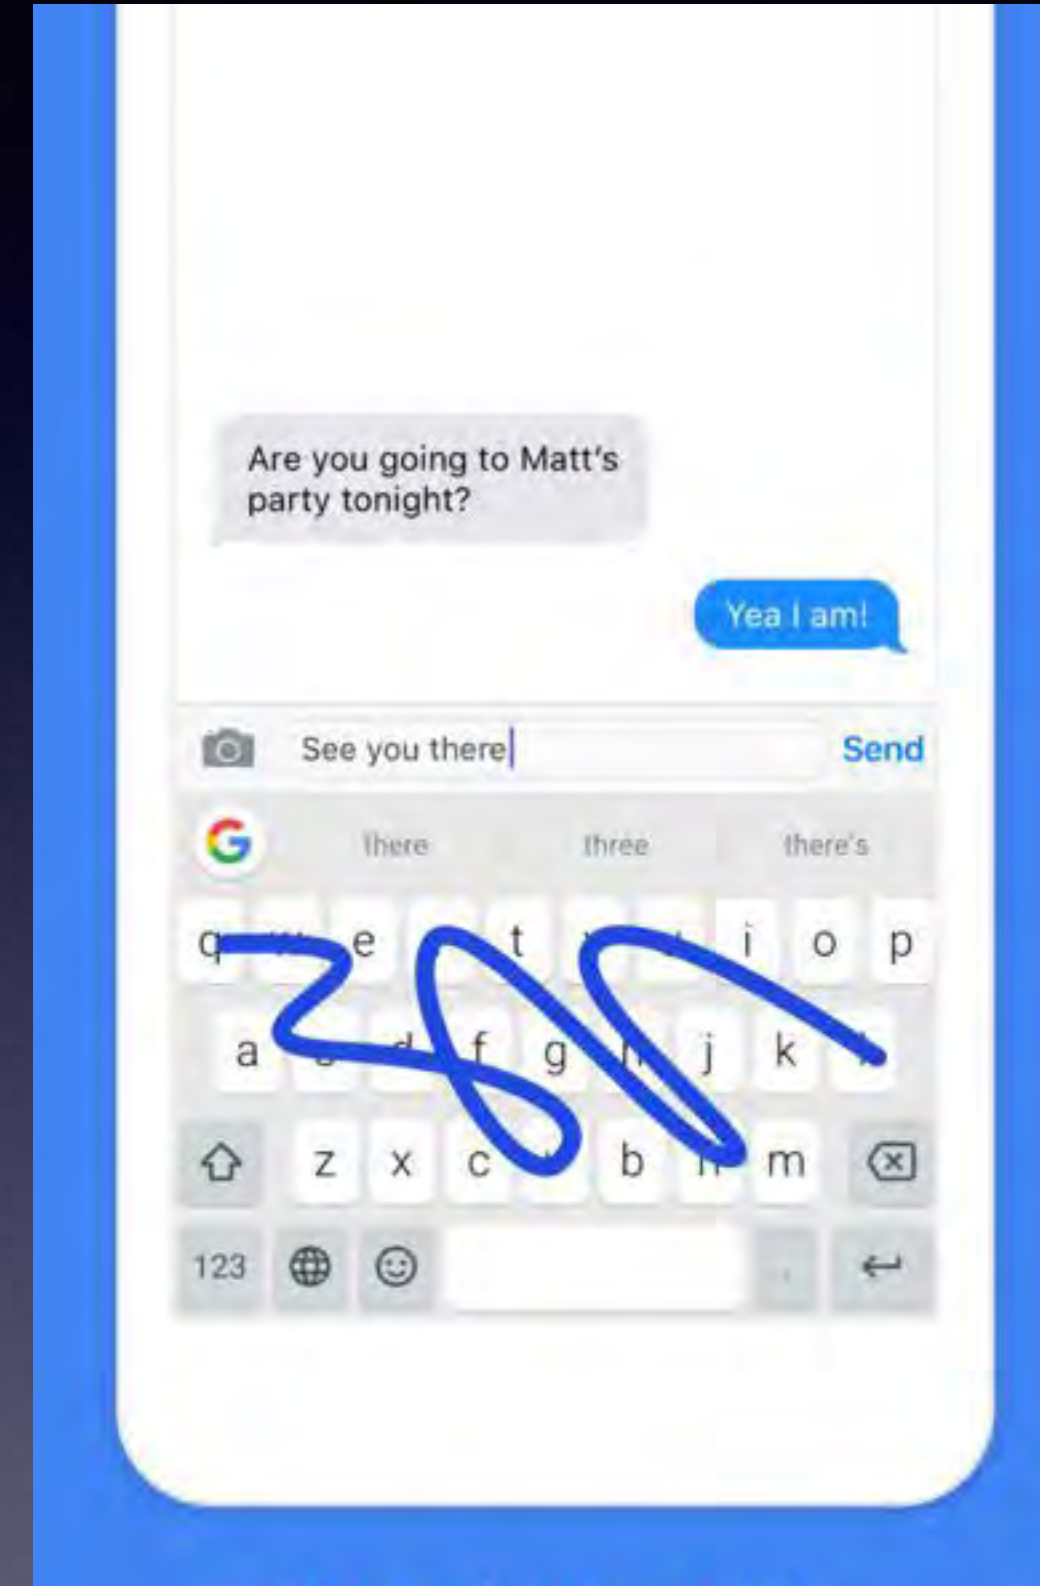

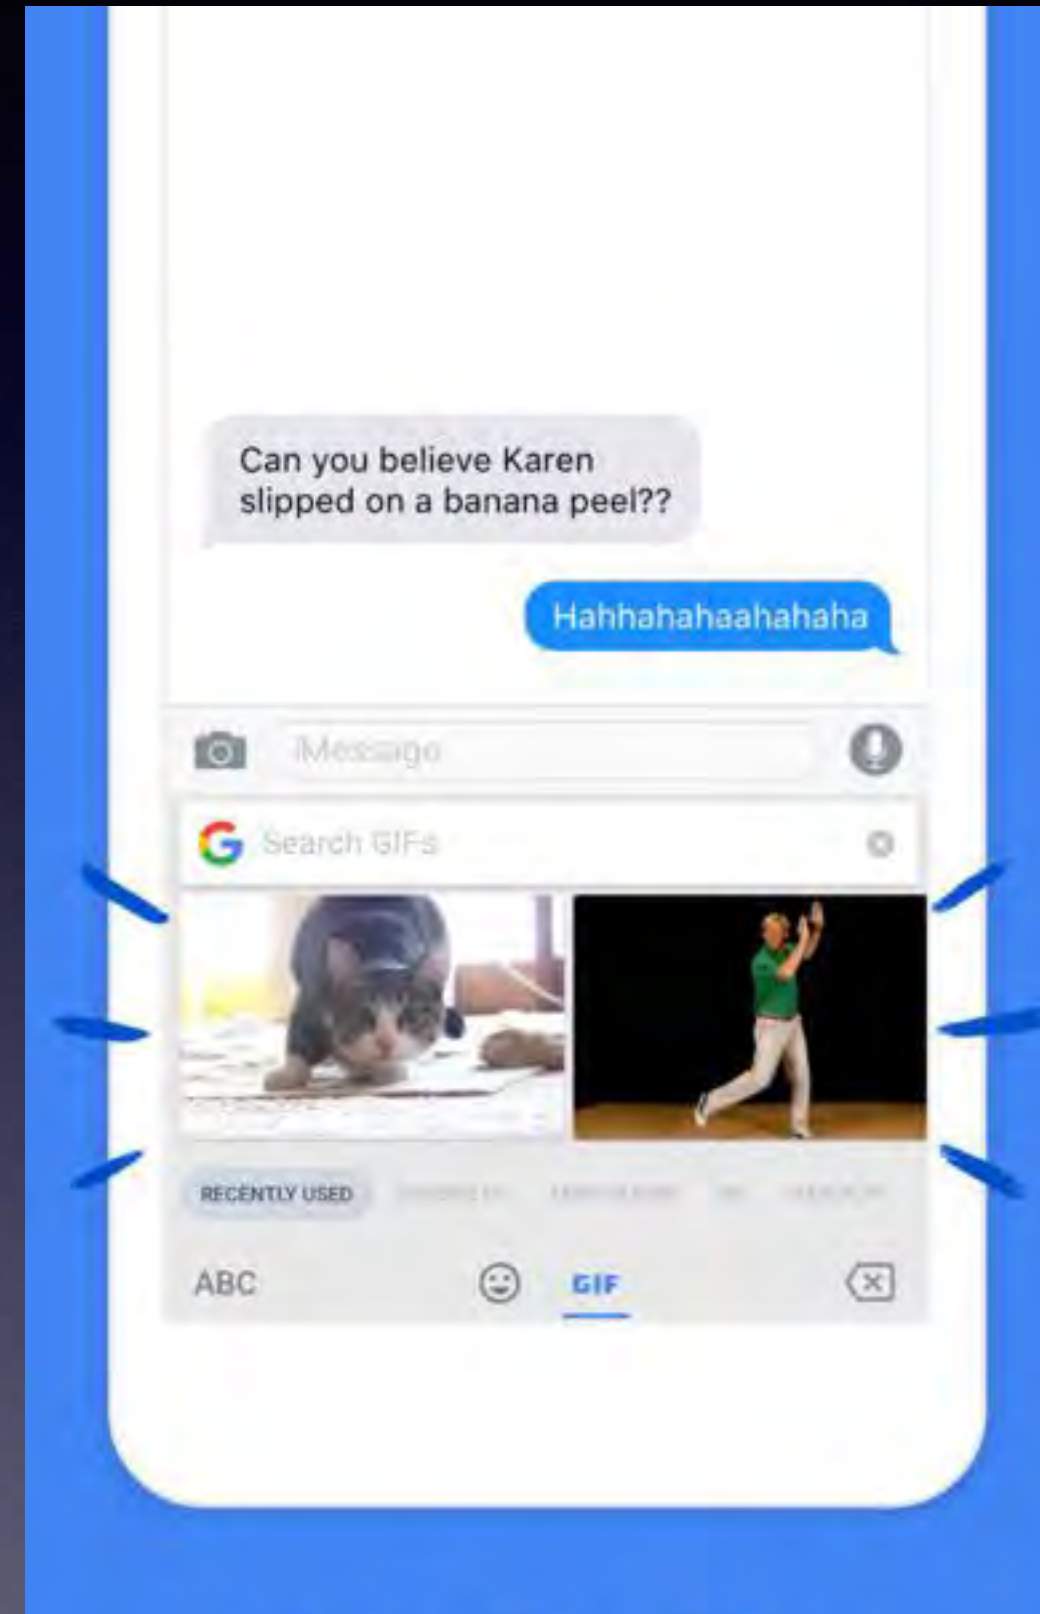

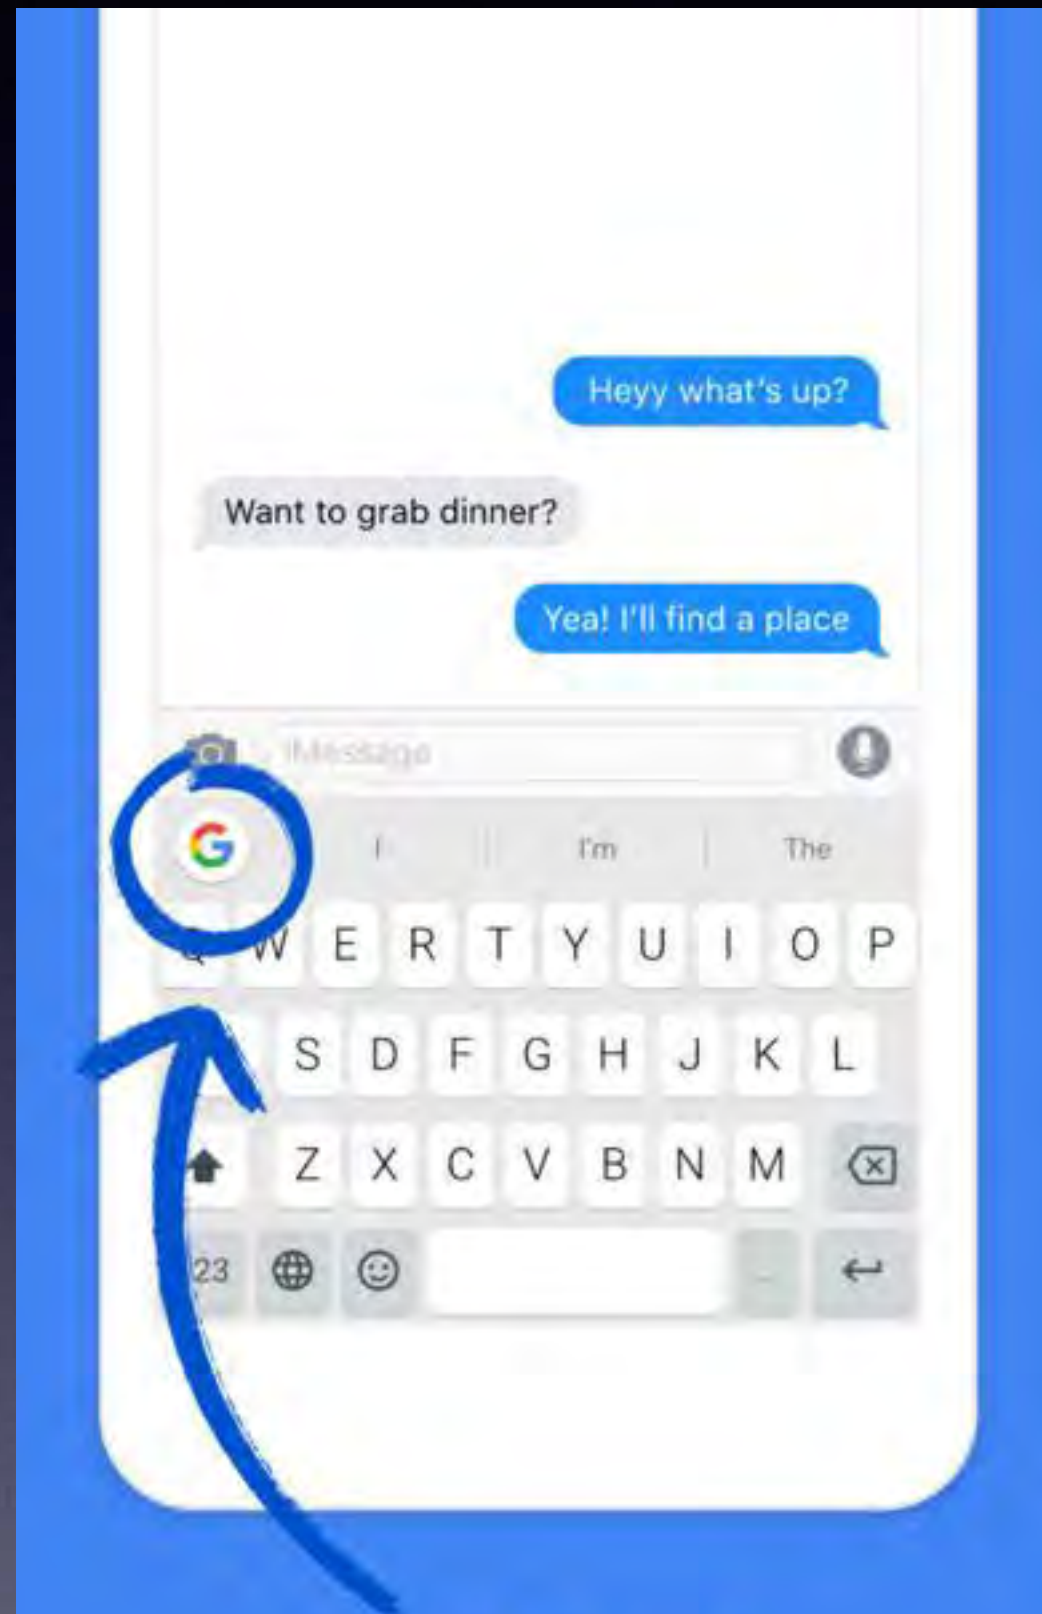

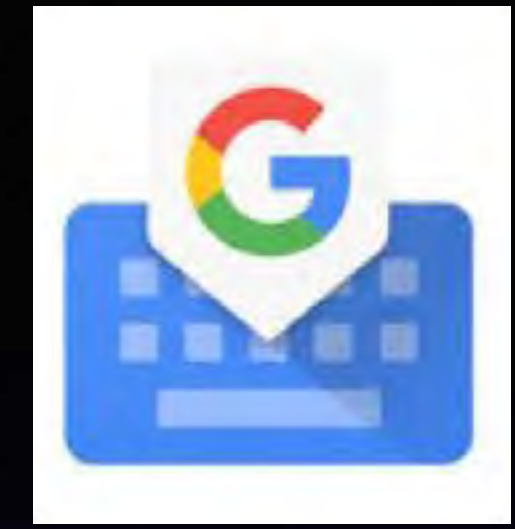

# SwiftKey Keyboard By SwiftKey

SwiftKey is a smart keyboard that learns from you, replacing your device's built-in keyboard with one that adapts to the way you type.

# Gboard By Google

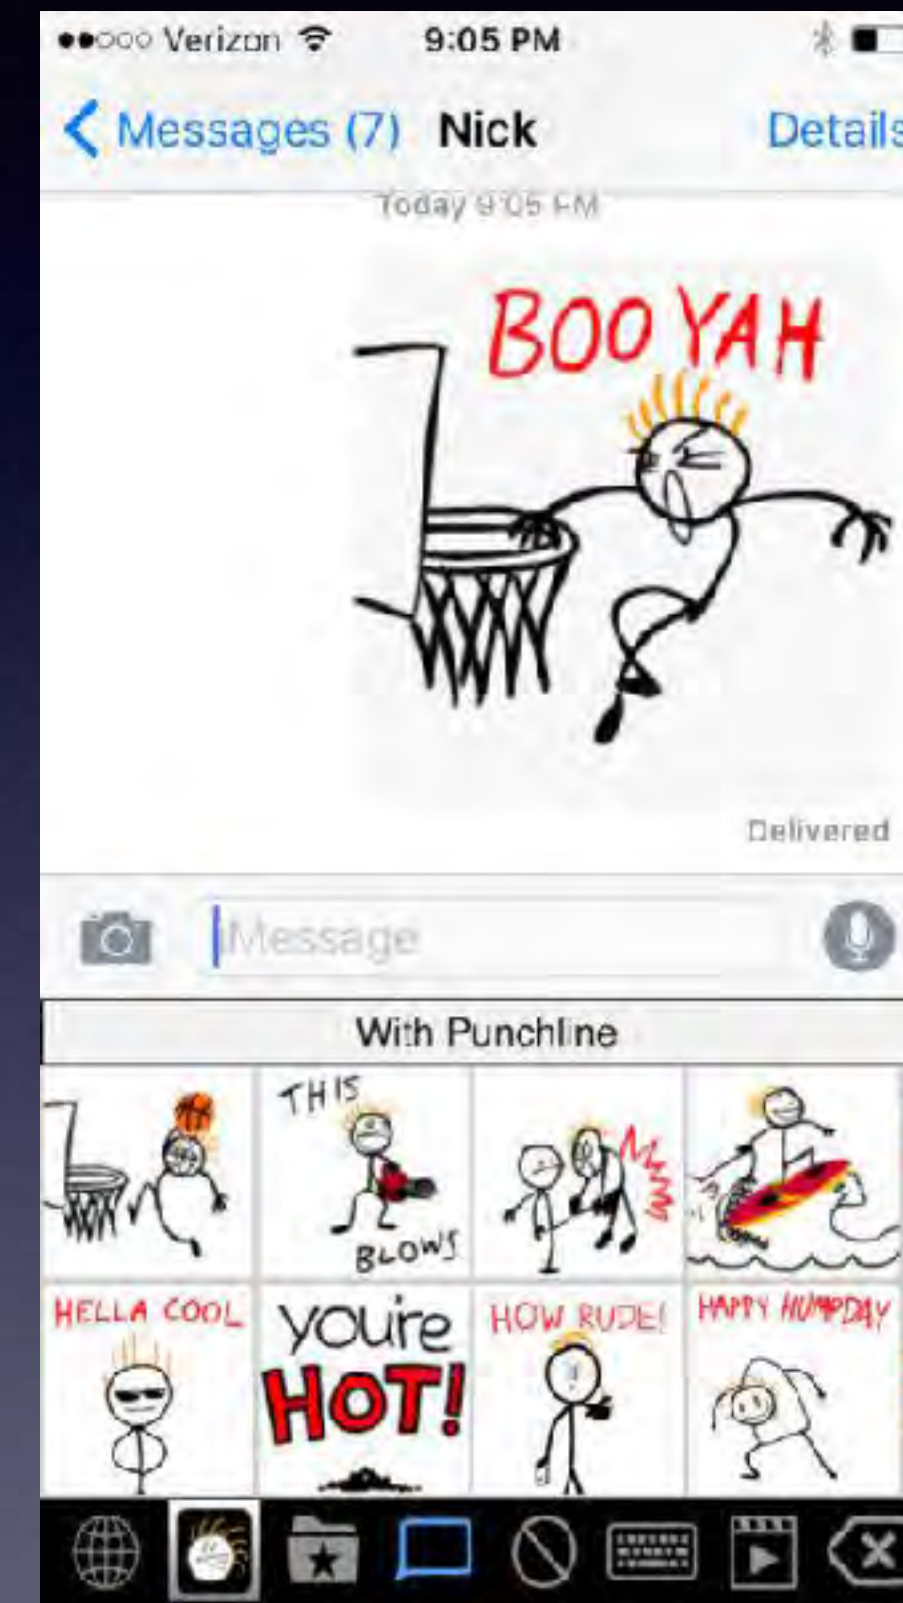

It has all the things you would expect from a great keyboard — GIFs, emojis, and Glide Typing — plus Google Search built in. No more app switching; just search and send, right from your keyboard.

# Stick Texting Emoji Emoticons Killer

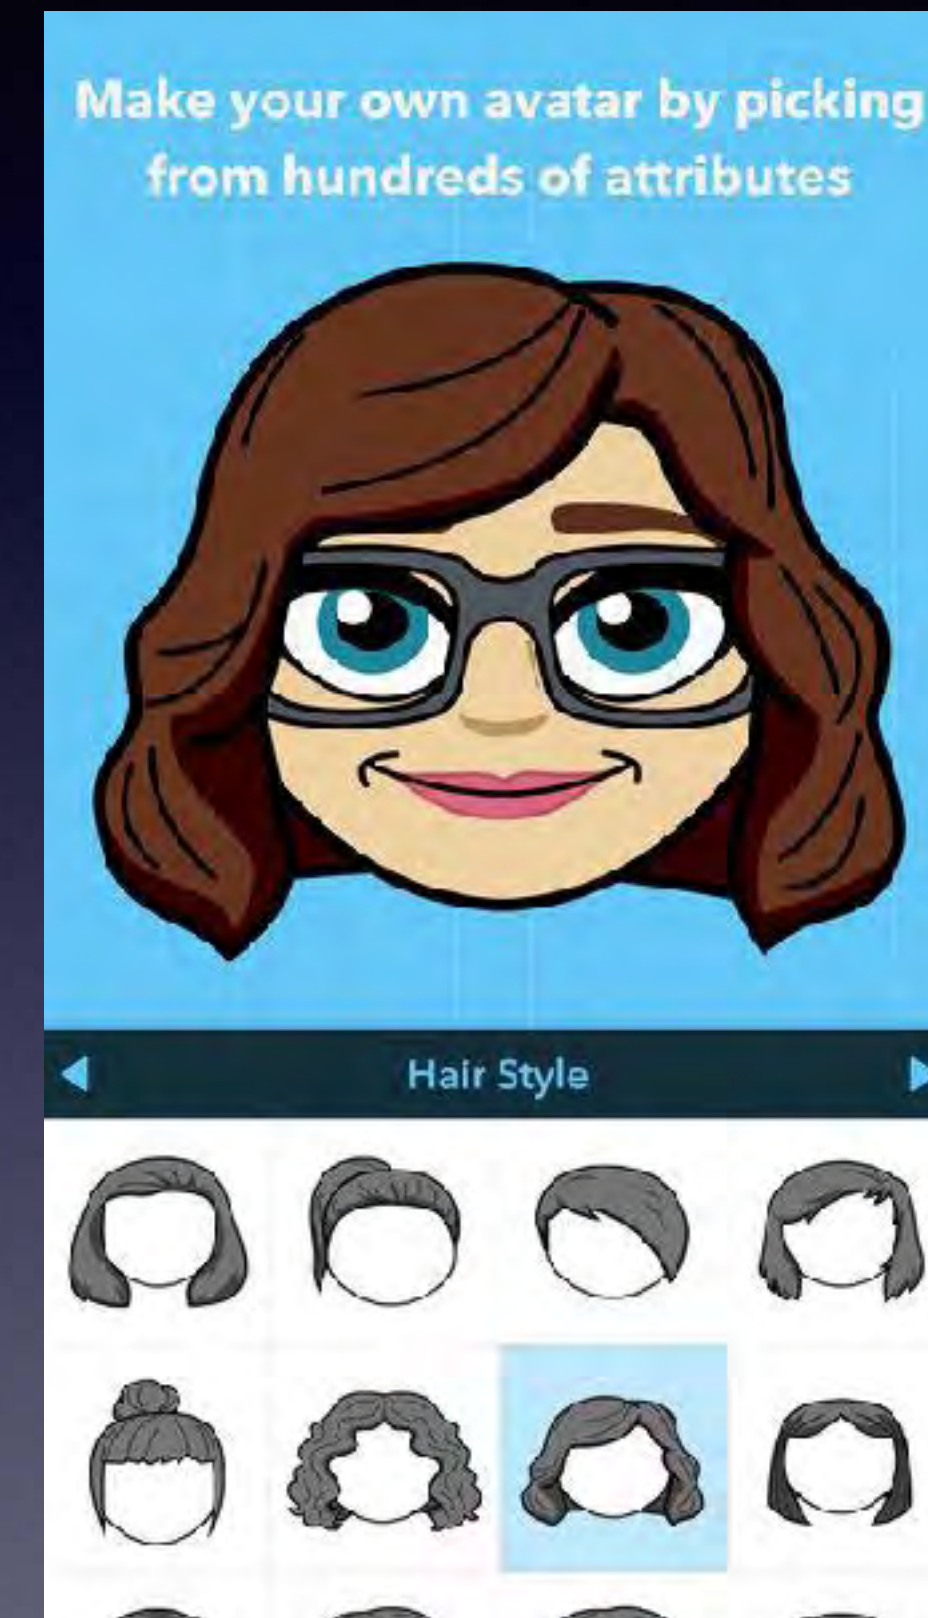

## By Mitchell Robiner

These are fully animated stick figure text scenes better than any emojis or emoticons. Awesome stick art for your iPhone, iPod Touch and iPad!

# Bitmoji By Bitstrips

Your own personal emoji
