

Jesus: The Only Savior We Can Rely Upon

Matthew 28

Pastor Brad McGuire

Jesus is better than every other functional savior we're tempted to turn to in our broken and sin riddled world.

1. Unlike functional saviors, Jesus is actually able to fix the greatest problem we possess but have no ability to correct.
2. Unlike functional saviors, we don't have to worry if Jesus will keep His word.
3. Unlike functional saviors, Jesus is always active in our lives and is always present with us.
