

MARRIED
PEOPLE

DATE NIGHT

SPRING EDITION

WELCOME TO

date night!

We want to help you have the best date ever by taking out all the guess work so you can do one. thing. **Have fun!**

THIS DATE, LIKE MOST, WILL HAVE THESE ELEMENTS:

GET READY *(dress up, dress down, or just wear what makes you feel good!)*

GO OUT *(pick your favorite restaurant, or stay on-theme by picking a spot that always has flowers on the table.)*

DARE ME *(optional and only for the brave.)*

KEEP IT GOING *(cause date night fun can last all year!)*

GET READY

On the way to the restaurant, search for the [@MarriedPeople](#) profile on Spotify to listen to the Spring playlist! Then discuss the following questions:

- » What's your favorite part about spring?
- » What's your favorite spring memory?
- » What's one thing this spring you definitely don't want to miss?

GO OUT

When you arrive at the restaurant, decide if you're going to be a same-side-of-the-table couple or not (no judgement here) and spring forward into a great conversation about what's next.

1. Tell your spouse something new and awesome you've learned about them recently.
2. You put the spring in my step when you _____.
3. What's one thing you want us to do together this spring?

.....

READY TO WRITE A LOVE LETTER?

CHECK YES ☐ OR NO ☐

No April showers are going to dampen our date tonight. Let's write a love letter! A letter from the heart that shows your deepest, truest feelings. RELAX! If you just choked on your food, don't worry, we've got you covered. On the last couple of pages you've got "His" and "Hers" love letter templates. You'll just need a little help from your significant other to fill it out! Grab a pen and let your spouse give you the words you need to verbalize your love.

DARE
ME

Let's see what happens when your creativity collides!

Dare Level 1: Post a selfie with your love letter creations on social media **#mpspringfever**

Dare Level 2: Read your mad lib love letter out loud in a video and share on social media **#mploveletters**

KEEP IT
GOING

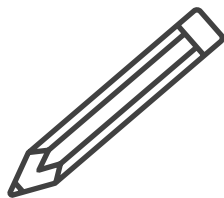

Take a pic
& make it the
wallpaper on
your phone.

GREAT DATING!

You guys really took the time to sit back and smell the flowers together. And that's awesome.

Want more resources? Follow **@married_people** on Instagram to check out what's new (and see if your date is featured).
