Winter 2 class descriptions:

Advanced Bible and Theology - Old Testament Survey with Pastor Paul Spurlock - Just when you thought you knew the Old Testament, in this class, you'll realize that there were many, many more jewels to be mined from these books! From the mysteries of Adam and Eve in the garden, to Abraham, Moses and the formation of Israel, to the adventures of David and Israel and Judah's Kings, to the prophets and their prophecies, if you join us for this class, you will quickly see why it is among the favorites of those in the ABT program. How are we to understand such incredible features of the OT like the creation of the world, "talking snakes," magic-sounding "trees" in the garden, a great flood, the Exodus and encountering God at Mount Sinai, "giants in the land" and all the rest of the great leaders, stories, adventures, battles, and many other wonders? Join us for this eight week class and find out! My Guarantee: you will see the OT like you've never seen it before!

Practicing the Way with Pastor Jim Josselyn - The Practicing the Way Course is an on-ramp to spiritual formation, exploring what it means to follow Jesus and laying the foundation for a life of apprenticeship to him. In eight sessions John Mark and other voices teach onapprenticing under

Jesus, spiritual formation, healing from sin, meeting God in pain, crafting a Rule of Life, living in community, and more.

Choir Class with Sheryl Ayers and Connie Fortunato - Come sing sacred music together with others. We hope to use what we have learned as an outreach to our community, singing for those who cannot come out to hear us. Come and be a blessing with your voice!

End of the World and Beyond with Bruce Clarke - As the world hurtles toward increasingly uncertain days, Christians can be convinced that God is not silent on our concerns about the future or how it impacts our walk with Him today. What does the Bible say about end times events and how our world will end and then what happens next? These topics will comprise the first 8 weeks of this class, then an in-depth look at Heaven will be studied in the last 4 weeks of the class in the spring session.

Guiding families of LGBTQ+ - a support group for parents with George and Susan Hurley: A discussion and support group for family members of LGBTQ+ individuals. This is a comprehensive resource to understand and learn practical insights on how to honor God and radically love LGBTQ+ people in your life.

Relational Skills Workshop with Tina Ratliff: Experience lasting change by learning to see both yourself and your relationships in a new light, understanding your unique relational "template," and gaining the skills that will transform your relationship. This workshop series combines the biblically-based, evidence-backed growth principles of Dr. John Townsend with the relational-health framework of Terry Real. Tina is a Townsend Leadership Director, a certified Relational Life Coach and more importantly, a fellow grower who applies these principles daily to her life & marriage of 43 years.

Recovery Bible Study with Don, Yolanda and Jeff
