DIGGING DEEPER

EARLY CHILDHOOD

As your family is driving at night, take some time to look at Christmas lights and Christmas displays. Challenge your family to look for displays that celebrate Jesus.

As you gather together for dinner each night, ask a question of the night. For example, What made you think of Jesus today? How did you see Jesus today? How can we celebrate Jesus today?

Each night before bed, take some time to do a family Advent devotional together. Pray as a family and celebrate our Savior together.

Create a family challenge to memorize our Bible verse before Christmas. Post the verse in a place you will see it each day and say the verse each time you see it. Have some fun by creating motions and rhythm to go along with the Bible verse.
