DIGGING DEEPER

EARLY CHILDHOOD

Ask, "Where did you see God at work today?" or "How did God help you today?" Use drive time to review the Bible story, main point, or memory verse together.

Talk about ways God provides for your family. Thank Him not only for your food, but also for His love, care, and the many blessings He gives each day.

Share one thing that was hard and one thing that was good about your day. Pray together, thanking God for His faithfulness and asking Him to help you trust Him tomorrow.

Look for reminders of God's faithfulness throughout your day. When something good happens, take a moment to thank God. When something is difficult, talk about how you can trust God to help and guide you.
