Light-Years Ahead  
*Matthew 6:19-24*

**May 26, 2024**

Beyond Space  
*Revelation 21:1-7*

## DIGGING DEEPER

## EARLY CHILDHOOD

Talk together about our lesson. What would it be like to go into space? What would everyone want to see or do in space? It might be really fun to go to space and see so many things we can't see here on earth, but living for eternity with Jesus in our forever home will be even better. What do you think it will be like in our forever home with Jesus?

Make it a priority to share at least one meal together as a family. Talk together about how everyone can share the Gospel with others. Who can everyone talk to and tell about Jesus? How can we show Jesus to others by our actions?

Take time to read a Bible story together and pray together with your child. What is our greatest mission? How can they prepare for their *Mission to Eternity*? How can they stay on track and focused on the Mission?

Write down our Bible verse and hang it somewhere where you and your child will see it every day. Challenge your child and your family to memorize our verse by the end of May.
