Frosty Passage:

Chosen for Courage: Esther 4

The Story So Far:

Esther was the queen of Persia. God had placed her in a very important position, even though she didn't know why yet. Mordecai found out about a plan to destroy God's people, the Jews. He was very upset and told Esther. When Esther learned what was happening, Mordecai asked her to go to the king and ask for help. This was scary because no one could go to the king without being invited. Esther could even be put to death! But Mordecai reminded her that she might have been **chosen** to be queen for this exact moment.

Esther asked all the people to fast and pray for her. Then she bravely went to see the king, ready to do what was right, even if it was dangerous. Even though God's name isn't mentioned, we can see that He was working the whole time. God had a plan, and Esther was **chosen** to be part of it. Just like Esther, **you are chosen by God** and placed where you are for a special purpose.
