

God's Big Picture

Chapter Seven:

1. How did this chapter help you understand the "last days" (between Jesus' first and second coming) in which we live and God's purpose for this particular time?
2. From page 131, Roberts explains that God "has deliberately delayed the return of the Lord Jesus so that more people have a chance to hear the gospel and repent before it is too late." How does this challenge you in your evangelism?
3. From pages 134-137: How does this section on the work of the Holy Spirit challenge, encourage or inform your understanding of the role of the Spirit in the "last days"?
