

Holy Spirit Vestry
Minutes for Special Meeting Jan. 30, 2026

In a special meeting, the Vestry voted to approve repair work by Independent Roofing Incorporated, with an estimated cost of \$2,060.

Description of the job:

There is evidence of a minor leak in the southeast corner of our church. The wall inside has a small stain that suggests the leak is present. Independent Roofing has caulked the area, but they are not sure that this will take care of the problem. They recommend getting a man lift, cleaning the roof over this area and examining it more closely. Since they would be renting a man lift, they will clean and check out the rest of the roof as well, while also cleaning the gutters.

Respectfully submitted,

Molly Bowler
Senior Warden
