What is in the BiBLE?

The books of history tell us what happened to God's people when they inherited the Promised Land and what happened when they forgot about God. These books are filled with many exciting stories that show how God and His people related. When God's people followed and obeyed Him, they enjoyed His blessings. When they disobeyed God, they experienced the consequences of their own actions.

BiBLE Trivia

God parted the Red Sea for the Israelites when they left Egypt. But did you know that's not the only body of water God helped Israel cross? Once they got to the Jordan River, the priests carrying the Ark of the Covenant stepped into the river and the water ran dry! The Priests stayed in the middle until everyone was across. Once the Priests stepped out, the water came back!
