Friends Forever

Week 2

Friends Forever

did you know?

The coins that the widow gave to the temple were called "Leptons." This was ALL THE MONEY SHE HAD! It is estimated that she could have bought about 1/3 pound of bread with 2 of those coins. The Denarius coin was what most people received for 1 day's work. You would need 128 Leptons to make just 1 Denarius! What could you buy with just 1 little Lepton? According to researchers, a bath at the bath house!

Denarius

I'm worth 128 times more than you!

Lepton

Whatever.

WHAT MAKES A FRIENDSHIP LAST?

Think about your best buddy...

the one friend you love hanging out with the most. The one friend you hope will be your Friend Forever. What keeps your friendship strong?

Being friends takes work, like talking and listening. In this series, we'll see what it takes to be friends with people and with God!

This week is all about SACRIFICE!

We give things to our friends and we sometimes sacrifice things for them... our time, our stuff, maybe we even share our lunches with them at school. The point is friends give to each other!

Don't forget, Jesus sacrificed His home in Heaven just to be here with us! And then He died for all of us!?! Jesus just never stops giving! I think it's safe to say that Jesus is the perfect friend!

LOOK THEM UP!

Below are scripture references that talk about friends! Look them up and then draw a line to the description of what it says!
