# Friends Forever

**Week 3**

# FRIENDS FOREVER

## did you know?

The Sea of Galilee is about 13 miles long and 7 miles at its widest.

Because of its location, Galilee is known for sudden and violent storms coming out of nowhere! Seriously! It can be peaceful and calm then...THUNDERSTORM!

It's almost like the storm enjoys sneaking up on you! You don't want to be out in the middle of the lake when a storm hits!

At least it's not Raining.

## WHAT MAKES A FRIENDSHIP LAST?

**Think about your best buddy...**

the one friend you love hanging out with the most. The one friend you hope will be your Friend Forever.

What keeps your friendship strong?

**Being friends takes work, like talking and listening.** In this series, we'll see what it takes to be friends with people and with God!

**This week is all about TRUST!**

It would be pretty difficult to have a friendship without TRUST. Our relationship with Jesus can be like that. But Jesus shows us that HE is TRUSTWORTHY! And He wants to fulfil our trust! Because that's what a friend does!

## bonus fact!

The Sea of Galilee is where Jesus walked on water during another big storm!

## A black and white line drawing of Jesus and his disciples in a stormy sea. Jesus, in the center, has his arms raised in a gesture of calm. The disciples look on with expressions of concern. The sea is turbulent with large waves, and the sky is dark with lightning bolts.

## Mark 4:36-41

[illegible]

# WHAT IS A GOOD FRIEND?

It can be difficult to trust people sometimes... especially when you see people hurt others. Look over these questions and write or draw your answers.

**What does it mean  
to trust someone?**

**How can you be trustworthy?**

**Is there someone you  
don't trust? Why?**

**How does trust help your friendships?**

**What should you do if someone breaks your trust?  
What if they ask for forgiveness?**

don't forget!

**TRUST** is important!
