## **Sunday Text Questions**

1 Thessalonians 5:23-28

July 20, 2025

Pastor Jonathan Mills

Read the text aloud and discuss any significant observations or issues needing clarification.

1. What does the word “sanctify” mean?
2. How does the idea of sanctification change how you view your Christian life?
3. Do you ever get frustrated with the speed of your own Christian growth?
4. How does viewing the Christian life as seasonal help us have patience with God’s timing of our growth?
5. Won’t viewing our lives as “God’s Project” lead us to be complacent? Why is this not the case?
6. What are culturally sensitive and appropriate ways that we can show more physical affection to our brothers and sisters in Christ? Why might this be challenging for some of us?

**Further study this week:** Read through the book of Philippians this week (it is only four chapters long!) and meditate on what Paul says about living the Christian life, and God’s work of sanctifying us.
