A Bold Vision: Let's Go Change the World!

Background and Scope

In the fall of 2022, the elders of ACP prayed for God to give us a vision for fulfilling the mission of Christ in Chicagoland. Having come out of a global pandemic, installed a new governing team, and experienced much transition, the elders felt it was time for a **bold new vision**. Pastor Ryan invited the church to pray for a clear vision. The elders also completed a "360-church health assessment." This strategic plan emerged from these efforts.

OUT THERE...

**We are reaching half a million people with the Gospel
In 40 cities
Over the next 1,000 days
For the glory of Christ!**

Anchor Church Palos plans to give 500,000 people an opportunity to hear the Gospel over the next 1,000 days. We are a regional church reaching about a 7-mile radius. About half a million people live within this area. Our region has over 40 cities. We are boldly going to share the Gospel with them. All of them.

IN HERE...

We are building a HOLY, HEALTHY, HUMBLE spiritual community.

The 3 biggest problems in the church today are worldliness, conflict, and pride. We will become a beacon of light by inviting God to make us **holy**, **healthy**, and **humble** as a spiritual community. This is what we find in Acts, and this is what people are longing to plug into.

Every member of Anchor church is essential to completing this mission. God's people must understand He placed them strategically in their city for His purpose. We are sending all our people to GO and TELL others about Jesus Christ. We are inviting all our people to COME and BUILD a holy, healthy, humble spiritual community.

**This BOLD VISION is meant to cause "WOW" in the hearts of all who hear it.
Everyone should learn to share our vision in a way that creates excitement in the hearts of others.
The STRATEGIC PLAN that follows is meant to answer the question "HOW will this happen?"**
