

Advent Countdown Craft

See how it's made [HERE](#). We will have it partially assembled for you ahead of time. You and your kids will be able to make the Baby Jesus clothes pin and the star for the top!

Mini Gingerbread House

We will provide a supply of different candies to decorate the house. The house is assembled and hot glued together ahead of time, to ensure it stays together for decoration. So these are NOT edible.

Build a Manger

We provide the wood pieces and hardware, along with detailed instructions for you to follow as a family! We will have some hammers available, but you can avoid having to wait for one if you bring your own!
