

The Church: God's Family – Pastor Steve Huffman  
March 1&2, 2025

1. Think of your family for a moment - what picture or image best represents family to you? Why?
2. Read Matthew 12:47-50. How can you take Jesus words and look differently at who your family is? How does this shape the way we relate to others in the church, especially those we may not naturally connect with?
3. We learned in to expect consistent spiritual focus in God's family and that our lives benefit from regular connections. What can you do to increase your regular connections?
4. Acts 2:42-47 describes the church as deeply committed to each other; what are some practical ways you can cultivate this kind of connection? What obstacles may make this difficult?
5. In God's family, expect lots of sharing. How open-handed are you with your stuff?
6. Consider how you're currently engaging with your church family. What is one step you can take this week to strengthen that connection?
