

*Wes Baker is a Senior Test Engineer at the National Radar Cross-Section Test Facility (NRTF), located on White Sands Missile Range, New Mexico.*

*Prior to the NRTF, Wes served for 24 years in the USAF, and then for 11 years as Director of Information Operations at Las Cruces Public Schools.*

*Wes worked mostly in geospatial sciences and related fields throughout his Air Force career, including ICBM guidance, GPS engineering, Geographic Information Systems, and Remote Sensed Imagery. Many of his positions were in joint intelligence agencies, including two tours as Instructor and Division Chief at the National Geospatial Intelligence College.*

*Wes retired as a Major in 2005. He holds a Bachelor of Science in Military History from the USAF Academy, and a Master of Science in Strategic Intelligence from the National Intelligence University.*

*Wes has been interested in astronomy throughout his life, and been a member of The Albuquerque Astronomical Society, and a board member of the Astronomic Society of Las Cruces. Wes and Carol have travelled extensively to observe total solar eclipses, including to Hawaii in 1991, and Casper, Wyoming in 2017.*
