

CRISIS RESPONSE RESOURCES

COR Team: In the event you encounter an individual in a crisis situation outside normal weekday hours, below are some resources to share. Seek to connect them with a resource such as those listed but refrain from making promises. **If a medical emergency or anyone is in danger dial 911.** As appropriate, ask if it's OK to pray with them. Here are some other possible actions:

- If another type of emergency you feel you are unable to handle, contact the COR emergency line at (301) 926-0967 option #8 and leave a message. Someone will return your call shortly.
- If you feel the person may need Benevolence directly from COR, complete the form at this [link](#).
- Finally, if you interact with someone in a crisis situation, it's important you briefly document the conversation at this [link](#) so the Pastoral Team can follow up as needed.
