

Solomon Built the Temple

1 Kings 6–9

Family Discussion Starters:

- What is one thing you remember from this week's Bible story?
- What did King Solomon build for God?
- Why do you think it took so long to build the temple?
- The Israelites knew God was with them. How can we know God is with us?

Family Activities:

- Work together as a family to build a structure using supplies such as graham crackers, icing, O-shaped cereal, and sprinkles. Take a family picture with your creation. Consider eating the structure as you talk about how God kept His promise to David by letting Solomon build the temple and by later sending Jesus.
- Drive by a construction site. Pray for the workers' safety and that they would know, believe, and trust in Jesus. Talk about the materials being used at that building site compared to the materials used to build the temple.
