- We can remember what God has done through Jesus.

## BIBLE STORY FOR TODDLERS:

Joshua led God's people to the edge of the Jordan River. The river was too deep to walk across and too wide to swim across. So God was going to help them. First, some men carrying the ark of God stepped into the river. God made the water stop! All the people walked across on dry ground. Joshua told 12 men to pick up big stones from the middle of the river. They set up the stones to remind them of what God had done for them.
