Students in grades 5-8 are invited to participate in our upcoming Idita-Read Challenge!

This fun reading activity takes place during the month of March and coincides with the Iditarod dog sled race in Alaska. Just as the sled dogs race nearly 1,000 miles across Alaska, our student teams will work together to "travel" 1,000 pages through reading!

Students may form teams of 1-4 participants. Each team's goal is to read a combined total of at least 1,000 pages during the challenge. The Idita-Read is a great way to encourage teamwork, build reading stamina, and celebrate the excitement of this famous race.

The Idita-Read will take place March 1-20.

Our school goal is to read over 100,000 pages.
