Imani radio & tv ministries is proud to celebrate 18 years of unwavering commitment to building Faith in Christ Jesus . From our humble beginnings, we have grown to become a beacon of hope, resilience and inspiration to communities across Kenya.

In the past year alone we have expanded our reach with the launch of Baringo Station , Bringing the transformative power of our programming to even more people in need. At Imani we believe in transforming lives through diverse initiatives that reflects the needs and inspirations of our listeners.

18 Years of Impact:

Building Faith in Christ Jesus through media

As Imani Ministries' celebrates its 18th anniversary, our Sister station in Baringo turns 1 year old and we can't help but marvel at the incredible journey that has brought us this far. From the humble beginnings to greater heights, it is evident that God's faithfulness has been with us every step of the way. With a vision to spread the Gospel of God through media, Imani Ministries was founded by Ptallah Butaki supported by his friends, Scott Beigle and John Cappelen. These three men came together with a common goal to start a radio ministry in Kenya and by extension in the East African region.

Since 2005, we have expanded our coverage to reach marginalized communities, such as the Turkana people, with our positive and family-friendly content. In 2008, Imani Ministries moved to its own land having acquired a 1 acre piece within Kitale town. In 2010, the radio station in the eastern part of Uganda hit the airwaves, which was a great success. In 2012, Imani Radio expanded its coverage to the people of Mt. Elgon, a marginalized community. In 2013, Imani Media expanded and began broadcasting through television via Star Times satellite, channel 117. In 2015, we extended our boundaries to Lodwar, where we launched a new radio station that impacted the lives of the Turkana people positively. And in 2022, we launched three more stations in Kaptama, Baringo, and Tana River, a strategic gateway to the Muslim community, banditry prone areas and where the word of God is not well known with the aim of bringing the good news of salvation and hope for the future. These new frequencies enabled us to reach even more people introducing them to the love of Christ. We are not just about preaching the Gospel; we also believe in educating our communities on issues that promote co-existence, agriculture, education, development, and good morals. Our partnerships with stakeholders at different levels enable us to achieve our mission of providing better services to our partners, listeners, and viewers.

As we celebrate our 18th and 1st anniversary in Baringo, we are grateful to God for His mercies that have enabled us to overcome challenges and provide stable and strong signals that our viewers and listeners enjoy. We also thank our team for their hard work and dedication, and our partners for their unwavering support.

[Rev. Ptallah & Risper Butaki in Tana River studio]

[Baringo launch]

At Imani Ministries, we not only have radio and TV stations but also a beautiful Christian guest house and garden in Kitale with a refreshing and peaceful environment suitable for conferences, weddings, and other celebrations. We also have a Christian bookshop and an ALMS center to cater to the spiritual needs of our community. Indeed, the journey has not been smooth, but we have learned from our challenges and grown better. With God's guidance and our team's commitment to quality and better services, we look forward to achieving even greater heights as we spread the Gospel of God through media.

imani GUEST HOUSES

ONE YEAR ON AIR- BARINGO STATION

Imani Radio & Ministries opened its branch in Baringo County on May 7th last year, and since then, it has been making a tremendous impact in the area. Baringo County, located in the Rift Valley region of Kenya, is known for its pastoralist communities, which have been facing numerous challenges, including drought, famine, and cattle rustling.

Despite these challenges, Imani Radio & TV Ministries has been providing hope and encouragement to the people of Baringo County through its Christian programs, educational content, and messages of Faith. The radio station has become a trusted source of information and entertainment, and it has helped to unite the diverse communities in the region.

One of the ways Imani Radio & TV Ministries has been addressing the challenges faced by the people of Baringo County is through its agricultural programs. The radio station provides information on modern farming techniques, animal husbandry, and crop management, which has helped farmers to increase their yields and improve their livelihoods. Additionally, the station broadcasts messages of peace and reconciliation, which have helped to reduce conflicts and improve relationships among the different communities.

The impact of Imani Radio & TV Ministries in Baringo County can be seen in the many testimonies from listeners. For example, one listener shared how the radio station helped her to improve her farming practices, which led to a significant increase in her harvest. Another listener shared how the station's messages of peace and forgiveness helped him to reconcile with his neighbor, who had been sworn enemies for many years.

Despite the many challenges faced by the people of Baringo County, Imani Radio & TV Ministries has been a beacon of hope and a source of inspiration to many. Through its various programs and initiatives, the radio station has helped to improve the lives of many people in many areas, and it continues to make a positive impact in communities.

Transforming Lives: Our Diverse Initiatives

Imani ministry came to existence as an organization that will spread the gospel of God through media. And we have been achieving that through many activities that enable us spread hope and the word of God. They include;

ADVOCACY THROUGH MEDIA

Empowered citizens, who are networked and speaking with one voice, have the potential to serve as powerful change agents and have an impact on policy making and the enforcement of existing policy while most often associated with our Good Governance work.

Imani ministries advocacy interventions through media help our partners and the entire community identify issues of common concern, plan effective advocacy messages and campaigns, build coalitions and networks that can clearly articulate these messages, identify and target decision-makers who have the power to change policies, and implement successful campaigns on existing and emerging issues specifically on health, early childhood education, peace building and conflict transformation, youth and women empowerment agriculture and local and socio economic development.

PEACE AND CONFLICT TRANSFORMATION

Imani Radio and TV Ministries works to promote peace and coexistence in our target areas. In the past, the program has used bicycle races, peace football tournaments including support to communities' intra and inters generational radio peace episodes as a means of enhancing cohesion and integration among the adversarial communities in

Mount Elgon, Trans-Nzoia and West Pokot. our intervention focuses on: highlighting interdependence, dispelling myths and rumors, engaging the communities in group and individual counseling through a community driven and accepted criteria to address bitterness and negative feelings so as to bring about healing of wounds, avoiding pain transfer to subsequent generations where emotions would fuel fighting, better management of emotional states allowing for preventative methods of conflict reduction, and a multi-pronged educational development approaches targeting young and old that transforms attitudes and builds tolerance of difference and a wholistic socio-economic empowerment.

INTERCESSION

Knowing the power of prayers, Imani incorporated an intercessory live prayers on radio at inception. This is now also happening live on TV where people with prayer needs will call our studios or send text messages and they are prayed for.

Through this ministry of prayer, many signs and wonders have been experienced by God's people and many have had their prayers answered!

We also have a prayer desk with pastors volunteering 1 day a week from 9am to 4pm to take call ins and text messages of prayers and commit them to the Lord while standing in the gap for God's people. Many prayers have been answered and people set free, saved, marriages restored and God's providence has been witnessed. If there is anything that this ministry is known for then it is its firm foundation rooted in PRAYER and FAITH.

IMANI PRISON MISSION

Over the years, the Imani Prison Programme has been visiting the prisons to preach the good news while giving them hope through the love of Christ.

The programme carries out psychosocial counseling services to the inmates. The Programme has also distributed the prisoners with small solar powered radios and TV sets through the prison outreach Ministry, many inmates have confessed Christ as their personal savior. Some have come back to us after their release from prison to testify on their changed lives and to let us know how they were engaged in gainful employment. We have seen many receiving Christ as their savior and they give testimony of how they feel free even though they are behind prison walls they know they are set free from the bondage of sin.

YOUTH EMPOWERMENT PROGRAM

Through its Youth department, Imani Radio and TV ministries has hosted several youth seminars & rallies with topics addressed being Career development, HIV/ AIDS, Vocational Training, skills Transfer and Schools outreach programme and Other youth related issues .

WOMEN EMPOWERMENT PROGRAM

Imani ministries through the Women Of Valor Sister to sister with love provide forums that run several activities on Women empowerment: Live interactive programme that teaches women on general health and nutrition, public health and sanitation, entrepreneurship, leadership and human rights.

Imani ministries also Support women community development and empowerment programs the vulnerable, the program is intended at affected women's ability to create wealth, generate new incomes, and tackle broader issues such domestic abuse and community development, this is to bring about increased financial assets substantiality, while bringing development and social transformation to their communities. The program has remarkably robust and resilient in the hands of poor and social marginalized women who face daunting obstacles.

They also do ground visits to the needy, those in children's home as well as widows. where they had a good time praying together and sharing the word of God while giving them hope in life where they had a session of blessing them with food stuff.

IMANI MINISTRIES RELIEF PROGRAMME

When the lord Jesus said that cloth the naked, feed the hungry and give water to the thirsty, imani radio and TV ministries has continued to make the mission a reality.

On relief programme, Imani Ministries works with other partners in the region and from elsewhere in the world to give support to the suffering and disadvantaged groups of people and communities in Trans-Nzoia, West Pokot and Turkana Regions. The aid by Imani to the communities includes food stuffs, Clothes, medical services among others.

[Rev. Ptallah providing clothing to street kids]

[women of valor after their conference]

STREET CHILDREN

Imani media ministries' concern for the vulnerable in the society pushed for the outreach of street children around kitale town. We were able to get them clothing and put them under children's home care, where they ensure they go to school and are well fed until they are young adults. We also make sure they grow spiritually to give them hope and they become Godly members of the society.

[vulnerable kids receiving help]

CHILDREN ORPHANAGES

In circumstances where kids are not under care of their parents and they get a privilege to be taken in by children home care, these helpers often need support to provide for these kids. Imani media ministries play a huge role in impacting the lives of those kids. We visited a few children in our region and distributed food stuff, clothing, shoes and bibles. By doing this we help them grow spiritually.

RADIO & BIBLE DISTRIBUTIONS

Imani Radio and TV Ministries have been giving out bibles and solar powered radios in its outreach to evangelize and spread the Good News.

For over years

now, we have given out thousands of solar powered radios which are specifically pre-tuned to our frequency with complete Kiswahili audio bible. Many communities who would never have heard the gospel are now able to listen to good Christian music, music with a purpose and the word being preached on Imani radio and TV. Through this outreach program, thousands of people have testified how they have come to Christ or how their faith has been built through the gospel as ministered through Imani Radio and TV.

The Apostle Mathew says in Chapter 10 verse 17 that “Faith comes by hearing and hearing by the word of God” and what a better way of hearing the good news other than through the solar power radios which we have nicknamed as the ‘mini missionaries’. The bibles and solar powered radios are also usually given to new converts so that they can be able to read the word of God and listen to Imani Radio to be spiritually nourished and grow in Faith.

2023 EVENTS

IMANI RADIO & TV MINISTRIES

21 DAYS OF PRAYER AND FASTING

We encounter many difficulties in our day to day life and the most crucial thing we can do in these circumstances is fix our eyes on Jesus. As a result, Imani Radio and TV Ministries dived into fervent prayers for the ministry to stand in the gap and call on God to let His will be done. Together, we prayed for our ministry, the body of Christ, Families, Our missions, Our partners, Financial breakthrough and the entire country. The 21-day fast and prayer period took place from January 23, 2023, to February 12, 2023. After the 21 days we met at the church for a joint service where we shared the word and broke the fast. Even though the days scheduled for prayer and fasting ended you can still pray with us on the following needs: Pray for our leadership, staff, students & the community of Imani Radio & TV Ministries Pray that our partnership with various stakeholders will continue to flourish and grow. Pray that through our ministry many can have an understanding of Jesus Christ & experience His love. Pray for our staff that they may be granted good health and wisdom as they mentor, encourage our audiences. Pray for provision as we continue to grow through projects in Tana River, Baringo, Lodwar, Mt Elgon, Webuye, Eldoret, Kapchorwa-Uganda and Kitale.

"And pray in the Spirit on all occasions with all kinds of prayers and requests. With this in mind, be alert and always keep on praying for all the Lord's people."

Ephesians 6:18

Dedication of children

From the word of God there are important practices Christians do. Child dedication is one of this and in the month of February, at Faith Church Kitale we were able to follow this practice which allows parents to raise their children in a Godly way.

Two children were presented to be dedicated on the 2 nd Sunday of February led by Ptallah Butaki who gave us a little background before the ceremony. Rev. Ptallah explained that Baby dedication is a wonderful moment in which parents make a public statement of faith to raise their children under God's grace and wisdom.

Dedicating your child to God shows that one recognizes the fact that your child is a gift from God and you are giving the child back to God to set him/her apart for his use in the future following the example of Abraham, Joseph & Mary, Elkanah & Hannah in the bible.

Baby dedication does not secure salvation; rather it is a ceremony to consecrate the child to God and the commitment of the parents to raise the child according to the scriptures.

[Rev. Ptallah dedication children before the Lord]

Holy Communion

The Holy Communion, also known as the Lord's Supper, represents the greatest expression of God's love for His people. On the night that He was betrayed, Jesus ate His last supper with His disciples. And knowing what He would accomplish through His sacrifice, He instituted the Holy Communion (Luke 22:19–20, 1 Corinthians 11:24–25). His loving instruction is that we are to remember Him and the finished works of the cross as we partake of the Holy Communion. Jesus wanted us to be conscious of how His body was broken for our wholeness, and His blood was shed for the forgiveness of our sins. And whenever we partake in this consciousness, we “proclaim the Lord's death till He comes” (1 Corinthians 11:26).

As we understand this practice at faith church we did the Holy Communion in remembrance of Christ as we shared the bread and drink the two items are used in the Holy Communion—the bread which represents Jesus' body that was scourged and broken before and during His crucifixion, and the cup which represents His shed blood. When Jesus walked on earth, He was vibrant, and His body was full of life and health. He was never sick. But before Jesus went to the cross, He was badly scourged by the Roman soldiers, and His body was torn as He hung on the cross. At the cross, God also took all our sicknesses and diseases and put them on Jesus' originally perfect and healthy body, so that we can walk in divine health. That is why the Bible says by His stripes, we are healed (Isaiah 53:5, 1 Peter 2:24).

In Luke 22:20, Jesus tells us that the cup is the “new covenant in my blood”, and the apostle Paul tells us that the blood of Jesus brings forgiveness of sins (Colossians 1:14, Ephesians 1:7).

On that day when we partook of the bread, we were declaring that Jesus' health and divine life flows in our mortal bodies. And when we partook of the cup, we were declaring that we are forgiven and have been made righteous. Jesus' blood gives us right standing before God, and we can go boldly into God's presence (Hebrews 4:16). When we pray, we can be sure that God hears us!

[The Lords table]

[Rev.Ptallah praying for the Lords table]

[Congregants taking part in the Lords table]

Lodwar Water Project

Imani Lodwar Campus is in Turkana County which lies within the arid and semi-arid regions of Kenya. It experiences low annual and erratic rainfall, with very high temperatures and high evaporation rates. The water resources in the area are not well developed and as a result, the county faces both physical and economic water scarcity.

The gift of clean water is something that many of us take for granted. However, in some parts of the world, access to clean and safe drinking water is a luxury that is not readily available. That is why the water project initiated by Imani Ministries is such a blessing to the people of Lodwar.

Thanks to the collaboration of Panacea Chocolates of Anne and Brent Thurmond and Faith Radio for their generous donations that has made this project successful. Imani Ministries offered space and implementation of the project at its Lodwar campus. The project began in February, and after months of hard work and dedication, a 50-meter water well was successfully drilled.

The project team conducted geological surveys and obtained the necessary permits from both the central and county governments. Good quality water was found at the depth of 50 meters, and a sample of the water was sent to the government laboratory for testing, which confirmed that it is fit for domestic use.

The team also installed a solar pump and panel kits with a fabricated water tower. Currently, the piping is ongoing, and soon, the water will be available for more than 200 households within the Imani campus.

[Turkana women travelling far in search for water]

As we reflect on the blessings that this project will bring to the people of Lodwar, it's essential to remember that the Bible teaches us the importance of helping those in need, especially during times of drought and famine as it is in Turkana. Isaiah 41:17-18, "When the poor and needy seek water, and there is none, and their tongue is parched with thirst, I the Lord will answer them; I the God of Israel will not forsake them. I will open rivers on the bare heights, and fountains in the midst of the valleys. I will make the wilderness a pool of water, and the dry land springs of water." The Lord has indeed used Imani Ministries and her partners to answer to the needs of the locals around the globe.

The Imani Ministries water project is an excellent example of how we can come together to bless others in practical and life-changing ways. We are grateful for all those who supported this noble cause, and we pray that this water project will be a source of blessing to the people of Lodwar for many years to come and that through this project lives will be transformed.

James 2:14-17 - "What good is it, my brothers and sisters, if someone claims to have faith but has no deeds? Can such faith save them? Suppose a brother or a sister is without clothes and daily food. If one of you says to them, 'Go in peace; keep warm and well fed,' but does nothing about their physical needs, what good is it? In the same way, faith by itself, if it is not accompanied by action, is dead."

We are grateful for the Thurmond's through Panacea Chocolates, Scott through Faith Radio and Imani Ministries in Africa. The linkage and networks has surely born fruits for the glory of God.

FIC SERVICES

In our sister ministry, Faith Interdenominational Church, We had an incredible month of Sunday services in March, with 5 people giving their lives to Christ after hearing powerful sermons from our pastors.

We are thrilled to see so many individuals responding to the call of salvation, and we are excited to see what God has in store for their lives.

As we continue to journey through the year of restoration and abundant increase, we believe that God is going to do great things in our church and in the lives of those who call this place their home.

We are grateful for the opportunity to gather together each week to worship, learn, and grow in our faith.

We invite you to join us for our upcoming services as we continue to seek God's plan for our lives and for our community. Let us come together in unity and in a spirit of expectation, believing that God has great things in store for us. We look forward to seeing you there!

UPCOMING EVENTS TO LOOK OUT FOR

Apart from building your faith in Christ Jesus Imani radio and TV ministries is rooted in helping the needy in the society therefore, we are excited to announce our upcoming mission to help those who are facing starvation due to the long drought season in Kenya for the last 5 years. This mission is a call to action for all members of our community to contribute and pray for the success of this effort.

The mission will run from April to May, and our goal is to provide food and other necessities to those who are in desperate need. We believe that through our efforts, we can make a positive impact on the lives of those who are suffering.

We invite you to join us in this mission by contributing in any way you can. Whether it's through financial donations or by volunteering your time, every contribution makes a difference. We also ask that you join us in prayer as we work towards this important cause.

Let us come together as a community to make a difference in the lives of those who are facing unimaginable hardship. Together, we can make a positive impact and bring hope to those who need it most.

COUPLES RETREAT

[couples dinner set up]

Unlocking the Secrets to a Successful and Productive Marriage: A Recap of Our Couples Dinner Event

Over the Easter weekend, Imani Ministries in partnership with Faith Church hosted a couple's dinner event with the theme of "Unlocking the Secrets to a Successful and Productive Marriage". It was a great success with nearly 100 attendees, all eager to learn more about building a strong and fulfilling marriage.

Our guest speakers for the evening were Rev Kibii Maiyo and his wife Esther Maiyo. They provided insightful teachings and shared their own experiences about the importance of couples growing together spiritually. They emphasized that a strong spiritual foundation is crucial for any successful marriage.

[Guest Speakers: Rev Kibii & Esther Maiyo]

The couple also addressed the common challenges faced in marriage, such as communication issues, lack of intimacy, financial struggles, and conflict resolution. They shared practical solutions to these challenges, stressing the importance of open and honest communication, mutual respect, and the willingness to work through problems together.

[Couples listening keenly]

One of the key takeaways from the event was the importance of investing time and effort into growing spiritually as a couple. Rev Maiyo shared a Bible verse from **Ecclesiastes 4:9-12**, which says, "are better than one, because they have a good return for their labor: If either of them falls down, one can help the other up. But pity anyone who falls and has no one to help them up. Also, if two lie down together, they will keep warm. But how can one keep warm alone? Though one may be overpowered, two can defend themselves. A cord of three strands is not quickly broken."

This verse emphasizes the strength and resilience that comes from a unified, spiritually strong marriage. By working together and relying on each other's strengths, couples can overcome any challenge that comes their way.

In addition to the valuable teachings, the event also featured a delicious feast made by our sister ministry Imani Guest House where couples were able to celebrate Easter and opportunities to fellowship with other couples. We are grateful for the spiritual nourishment provided by Rev and Mrs. Maiyo, and we look forward to hosting similar events in the future.

The Power of Waiting upon the Holy Spirit: A Night Vigil Experience

On the 14th day of April we held a night vigil event that brought together hundreds of people for a powerful worship experience and insightful teachings. The event featured a lineup of talented worship teams, including Nakuru City Band, GPex Praise Team, FIC and Imani Staff. Our guest speaker for the evening was Pastor Isaiah Ngoya of Glory Restoration International Ministries. The theme of the night vigil was "The power of waiting upon the Holy Spirit";, based on the key text from

Acts 1:1-11. Pastor Ngoya provided insightful teachings on the importance of seeking the Holy Spirit and allowing Him to guide our lives. He emphasized that through the Holy Spirit, we can receive strength, comfort, and guidance in all areas of our lives.

Throughout the night, there were powerful moments of worship and intercession, as attendees joined together in prayer and praise. The worship teams led us in songs of praise and adoration, creating an atmosphere of reverence and intimacy with God.

As the night progressed, there were also opportunities for personal reflection and prayer. Many attendees shared testimonies of how God has transformed their lives through the power of the Holy Spirit. Some shared stories of healing, breakthroughs, and spiritual growth, which served as a powerful reminder of God's faithfulness and love.

The night vigil was a truly transformative experience for all who attended. It was a powerful reminder of the importance of seeking God's presence in our lives and relying on His strength and guidance.

MOMENTS OF TOTAL SURRENDER DURING KESHA

2023 VOCATIONAL BIBLE SCHOOL [VBS]

Hosanna, Jesus is Alive: A Recap of Our VBS Bootcamp

From 26th to 29th April, Faith Church-Kitale partnered with Imani Ministries to host a Vocational Bible School camp for our children's ministry. The event kicked off with facilitator training, followed by three days of activities and teachings for the kids. The event saw 60 kids attend on the first day, 70 on the second day, and 75 on the final day, with age groups ranging from 2-6 for beginners, 7-9 for middle class, and 10-14 for upper class. The event had six facilitators who worked tirelessly to ensure a successful experience for the children.

The theme of the Vocational Bible School was "Hosanna, Jesus is", based on Romans 4:25.

The children were excited to learn about the resurrection of Jesus and how it relates to their own lives. The day's activities were carefully planned to include teachings, breaks for meals, and workshops based on teachings from the booklet each child received. The children were also encouraged to participate in memory verses, songs, poems, and even drama skits.

We were delighted to see the enthusiasm of the children, who would arrive as early as 6am to attend the camp. As the days progressed, we witnessed a remarkable growth in their understanding of God's word and how it applies to their daily lives. By the end of the event, we were thrilled to hear that five children had given their lives to Christ.

The Vocational Bible School ended on Sunday with a great presentation during the Sunday service. The children presented memory verses, songs, poems, and drama skits, and one child even gave a sermon.

It was a beautiful sight to see children lead the Sunday service and share the gospel with others. To recognize their hard work, the children were awarded certificates and bibles to the top students in each class. The facilitators were also gifted tokens of appreciation, including bibles and solar radios, for their dedication and hard work.

Proverbs 22:6

Train up a child in the way he should go, and when he is old he will not depart from it.

TESTIMONIES

Healing through prayer

My name is Mark Nyongesa , my mom has been unwell for so long and all my finances were always channeled to her medication leaving us in poverty. I had heard so much about the Imani radio prayers from our neighbor's radio. In the beginning of April I decided to send a message during the prayer session and they prayed with me, a week later we went to the hospital for the normal tests, to our surprise the doctors said her ailment was gone and when asked how she felt she confessed that the past week she had been noticing improvements and by now she is totally healed. We thank God for her healing through the prayer session.

My faith has grown through Imani radio

My name is Philip, but most people call me Sonko, which is a common nickname for boda boda riders. I live in Kitale town and I work as a boda boda rider to provide for my family. One day, I discovered Imani Radio, and since then, my faith has been growing stronger. I have received several blessings, and God opened doors for me to buy my motorbike. I believe that soon, I will be able to fulfill my next vision of owning a car, all in Jesus' name.

Instant Healing during Kesha

My name is Grace, and I have been suffering from headaches for a while now. When I came to the previous kesha, I was feeling very uneasy, but I shared my problems with my friend. During the service, I felt God's presence and healing power, and when I went home, the headache was gone. Through my attendance to the kesha. I want to encourage everyone that God will visit you at the right time, and when your season is ripe, God will visit you. Amen.

Life Improved through the Ministry

My name is Lucy, and ever since I discovered Imani Radio and TV ministries, I have experienced endless prayers. By the grace of God, I have learned from all the teachings broadcasted on the media platform and my faith has immensely grown. I spend so much time reading the bible and praying. I am so blessed, and I thank God for that.

TESTIMONIES

Cecilia Wamboi

Last Kesha I was so excited to attend Imani monthly Kesha and when the day came my child fell so ill, something that could have stopped me from attending the Kesha but because I believed that I was going to encounter Christ, I came with my sick child and he was prayed for and received instant healing.

My other prayer need that I came with to Kesha was my brother went missing but after prayer from Imani Kesha, he came back home 4 days after they interceded for him. I really thank God for everything.

Philis Khaimba

I really thank God for the far he has brought me through Imani radio and TV ministries. I am a widow and a mother of three. The time my husband died through an accident, I felt like the world had come to an end because I could not have the ability to provide for my family.

I am well educated but finding a job was very difficult. I therefore planned to abandon my children then end my own life because I felt so hopeless. When I was just about to give up I happened to have chanced to tune into Imani radio and around that time there was a sermon about not losing hope shared. The first thought that came to me was to make contact with the ministry so that when I ended my life I would be sure that my children would be in safe hands. I took the contacts shared for the prayers and called the ministry and told them about my plans to take away my life.

They prayed with me there and then and encouraged me and taught me of the promises of God. Later on, the Ministry Director, Ptallah Butaki and Pr. Risper Butaki did a follow up and came to visit me and continued to encourage me to stay strong in the Lord. They even sought for a scholarship for my daughter's secondary education fees and have continued to provide for shopping whenever schools open. I really thank God for this support.

I have since been able to attend Church within the ministry every Sunday and I am even serving in the praise and worship ministry. And while I serve, I have been able to grow my faith in Christ Jesus and encounter Him in mighty ways. All Glory to Him!

Also recently my son who had sat for his primary school education performed well but due to the financial constrains I could not afford his high school education and we had opted for him to go back and repeat his primary education. When I presented the issue in church, Pr. Risper Butaki prayed with me and encouraged me. Soon after prayer, God came through for us and my son secured a scholarship which not only caters for the tuition fees but also all his needs. I can only say there is God of 2nd chances and I only met Him through the good work that the Lord is doing in and through Imani Radio & TV ministries. Praise be to God!
