Part I: Introduction

¶001. Vision Statement
Transformed Lives Transform Lives

¶002. Mission Statement
The Baltimore-Washington Conference inspires and equips local faith communities to develop disciples of Jesus Christ for the transformation of the world so that transformed lives transform lives.

¶003. Guidelines
The following policies and operating procedures guide the Baltimore-Washington Conference as it pursues its task of inspiring and equipping local faith communities to develop disciples of Jesus Christ for the transformation of the world. This document will be updated after each Annual Conference as resolutions are voted on and as various leadership agencies do their work. As such, this is a living document that is available at http://www.bwcumc.org/administration/conference-policies-and-procedures/ for all to see.

The Conference Employee Manual was included in the last Manual on Policies and Procedures, but is NOT included in this manual per the decision of the Discipleship Council (2016 Journal).

The manual is organized into seven parts. Within each part, the information is organized into relevant sections. Within each section, information is organized into paragraphs, each with a distinct purpose and each assigned a number between ¶3000 and ¶9999 to eliminate confusion with Book of Discipline paragraph numbers. The paragraph numbering syntax is as follows:

1. ¶3000’s = Part Two: Rules of the Annual Conference Session
2. ¶4000’s = Part Three: Clergy and Local Church Business
3. ¶5000’s = Part Four: Stewardship
4. ¶6000’s = Part Five: Ministries
5. ¶7000’s = Part Six: Global Partnerships, Missions and Missionaries
6. ¶8000’s = Part Seven: Disaster Response
7. ¶9000’s= Part Eight: Acronyms and Definitions

Care has been taken to clarify who manages and cares for the policies and procedures outlined in each section. Footnotes are used to indicate sources and other clarifications around the information to which they refer.

¶004. Connections
The Baltimore-Washington Conference of The United Methodist Church connects 603 churches from Maryland’s Chesapeake Bay, through the national halls of power in Washington, D.C., amid Baltimore’s vibrant streets, and up among the Allegheny Mountains in Western Maryland and the panhandle of West Virginia. The Conference’s 1,025 clergy and 155,261 lay members, led by Bishop LaTrelle Easterling, live out their faith, certain of the vision that “transformed lives transform lives.” Each Sunday, more than 51,383 United Methodists gather in this region for worship. Throughout the week, these people participate in ministries that focus on young people, advocacy and action, wellness and missions, leadership, and new expressions of faith. Statistics indicate that 1,351,410 people are served annually by local United Methodist ministries of outreach, justice, and mercy. As a connectional church, the Baltimore-Washington Conference joins in ministry with 12 million United Methodists in churches around the world.

The Baltimore-Washington Conference is organized in a manner that supports the mission and vision of the United Methodist Church to make disciples of Jesus Christ for the transformation of the world. Furthermore, it is built upon the mission and vision of the Baltimore-Washington Conference: Transformed Lives Transform Lives: The Baltimore-Washington Conference inspires and equips local faith communities to develop disciples of Jesus Christ for the transformation of the world. The following chart depicts that organizational structure:

- The Annual Conference Session is like a local Church Conference in that the whole church is engaged in approving budgets, receiving reports, and making needed decisions.
- The Connectional Table is somewhat like the local church practice of calling together church leaders twice a year first to gear up for the coming year and then to prepare for the pending Church/Charge Conference.
- The Discipleship Council is like a local church’s unified board (a combination of Church/Admin Council and Council on Ministries) in that it is tasked with making progress and decisions between annual church or charge conferences and ensuring the vision, mission, strategic priorities and goals are aligned and being pursued according to shared values.

   a) Points of Order -

   The Presiding Officer shall decide points of order raised by a member and shall rule on points of order not raised by the members, as the Presiding Officer deems necessary, to conform to these Rules of Order, subject in both cases to an appeal to the Conference by any member without debate, except that the Presiding Officer and the appellant, in the order here named, shall each have three minutes for a statement in support of their respective positions. A tie vote in the case of appeal shall sustain the Presiding Officer. Any member who raised a point of order shall cite by number the rule adjudged to have been violated.

   b) Recess a Session of the Annual Conference -

   The Presiding Officer shall have the right to recess a session of the Annual Conference at any time at the Presiding Officer’s discretion and to reconvene at such time as the Presiding Officer shall announce. The Presiding Officer shall also have the right to stipulate that the session shall reconvene with only members, authorized personnel and authorized guests permitted to attend such a session following recess.

3. Quorum-

   A quorum shall consist of those members present and voting at any session of the Conference.

4. Order of Business -

   The order of business of the daily sessions shall be prepared by the Conference Sessions Committee and published in the Pre-Conference Reports Booklet. Conference Chancellor(s) before the CC is presented to the Conference for adoption. A list of all reports assigned to the CC shall be provided at the front of the Pre-Conference Reports Booklet, with the letters “CC” printed in bold type beside the titles of the reports. No action item, resolution or petition shall be included on the consent calendar.

6. Voting Area of Conference -

The Conference Secretary shall declare the voting area of the Conference at the opening business session. Voting on matters by members entitled to vote shall take place within that area.

7. Attendance of All Members and Seating of Alternate Lay Members -

No clergy or lay members, unless hindered by sickness or otherwise, shall be absent from the sessions of the Conference without reporting to the Secretary and their District Superintendent. An alternate lay member, in the absence of the lay member, may be seated with all the privileges and duties of the lay member. At no time shall the lay member and alternate lay member be seated at the same time during business sessions.

8. Persons Without Right to Make or Second Motions -

A person seated in the Conference with the right to speak, but without vote, does not have the right to make a motion or second motions.

9. Directions for Securing the Floor -

A member desiring to speak to the Conference shall go to a microphone and will not speak until recognized by the Presiding Officer. On recognition, the member will first announce his/her name and charge or Conference relationship. The Presiding Officer shall recognize members in order and in various sections of the voting area in rotation.

10. Interrupting the Speaker -

No member who has the floor may be interrupted except for a point of order, a misrepresentation, a parliamentary inquiry, a point of information or to call attention that the time has arrived for a special order.

11. Speaking More than Once; Length of Speech.

a) No member shall speak:
   
   (1) longer than three minutes, unless the time shall be extended or reduced by the Conference.
   
   (2) a second time on the same question if a member who has not spoken desires the floor.
   
   (3) more than twice on the same subject under the same motion.

b) Any extension or reduction of time shall be by motion and second and passed by a majority vote of the Conference members present and voting.
12. Speaking For and Against-

When a motion is under consideration, the Presiding Officer shall ascertain, when recognizing a member of the Conference, on which side the member proposes to speak. The Presiding Officer shall not assign the floor to any member proposing to speak on the same side of the pending question as the speaker immediately preceding, if any member desires to speak on the other side thereof. Except for undebatable motions, no question shall be decided without opportunity being given for at least two speeches for and against such question. After three speeches for and against, the question shall be put automatically.

13. Point of Order-

A member wishing to raise a point of order shall arise and address the Presiding Officer and say, “I rise to a point of order.” The Presiding Officer shall interrupt the proceeding; if a member is speaking, that one shall immediately yield the floor. The Presiding Officer shall then direct the member raising the point of order to briefly state the point, citing by number the rule adjudged to have been violated. The member shall not presume to decide the question or argue the point. The Presiding Officer shall decide a point of order without debate. At the discretion of the Presiding Officer, the Presiding Officer may submit the question to the Conference for advice or decision. When the Presiding Officer rules on the point, debate is closed, but the decision may be appealed to the body of the Conference.

14. Motions and Amendments in Writing -

Any motion or amendment of five words or more shall be submitted to the Secretary in writing on the official duplicate forms.

15. Voting Procedure -

Voting shall be by such method as announced at the beginning of the session and may include vote by a show of cards or hands (if cards have not been distributed) and voice, by standing, or by secret ballot. Secret ballots may be taken by written or electronic means. If the vote is in doubt after a show of cards (or hands) and voice, the Presiding Officer may order a standing vote. A standing vote count may be ordered on call of any member supported by one-third of the members present and voting. A vote by secret ballot may be ordered on call of any member, supported by one-third of the members present and voting. No other business shall be in order when a vote is being taken until the process is completed, except such as relates to the vote itself or such business as the Presiding Officer may deem appropriate. All vote counts shall be made by the Tellers, as appointed and assigned by the Secretary.

16. Division of Question -

Before a vote is taken, any member shall have the right to a call for a division of the question, if it is subject to such division as the member indicates. If no member objects, the division shall be made; but if there is objection, the Presiding Officer shall put the question of division to vote, not waiting for a second.
17. **Motion for Adoption of Reports Unnecessary** -

Whenever a report of a board, committee, commission or council is printed in the Pre-Conference Reports Booklet, it shall be deemed in proper order for consideration by the Conference without the formality of a motion to adopt and a second thereto.

18. **Undebatable Motions** -

The following motions shall be acted upon without debate:

a) To adjourn, when unqualified, except to adjourn the Conference finally.
b) To suspend the rules.
c) To lay upon the table.
d) To take from the table.
e) To call for the previous question.
f) To reconsider a non-debatable motion.
g) To limit or extend the limits of debate.

19. **Rights of the Main Question** -

The main motion may be opened to debate under the following motions: to adopt, to commit or refer, to substitute, to postpone, and to reconsider. No new motion, resolution or subject shall be entertained until the one under consideration shall have been disposed of as provided in ¶3009.15 of this manual. The foregoing does not apply to secondary motions, if otherwise allowable in the existing parliamentary situation.

20. **Precedence of Secondary Motions** -

If any one or more of the following motions shall be made when one or more other motions are pending, the order of their precedence in relation to one another shall be the same as the order of their listing below:

a) To fix the time when the Conference shall adjourn. (This motion is subject to amendment, or it may be laid upon the table.)
b) To adjourn.
c) To take recess.
d) To lay upon the table.
e) To order the previous question.
f) To limit or extend the limits of debate.
g) To postpone to a given time.
h) To commit or refer.
i) To amend or to amend by substitution (see ¶3009.21. and ¶3009.22. in this manual)
j) To postpone indefinitely.
21. Amendments -

Every original main motion may be amended. The amendment may also be amended, but the “amendment to an amendment” (an amendment of the second degree) cannot be amended. A substitute shall be considered an amendment.

22. Procedure for Amending by Substitution -

When a resolution or committee report is properly before the Conference for consideration and action, even if amendments thereto are pending, a substitute may be offered by any member moving that the same be substituted for the report, resolution or amendment under consideration. This substitute shall be an alternative to what is before the Conference. The Conference shall then proceed first to perfect the original report or resolution, including consideration and action upon any amendments which may be offered to it. The same perfecting process shall then be followed with respect to the substitute. The question shall then be put first on the motion to substitute, which if it prevails becomes the main motion. If the substitute fails, the main motion is before the Conference. The motion for the previous question shall not be in order on the adoption of the main motion or the substitute until opportunity has been given for at least two speeches on each side of the main motion or the substitute.

23. Tabling Related Motions -

No motion that has another motion adhering to it can be laid upon the table by itself. If laid upon the table, it carries with it everything that adheres to it.

24. Referring Reports -

It shall be in order for the Conference to refer a part of a report or resolution that is before the Conference or any amendment offered thereto.

25. Previous Question -

Any member who moves the previous question (that is, that debate cease and the vote be now taken on the motion or motions pending) shall also indicate to what it is intended to apply, if any secondary motion or motions are also pending. If said member does not so indicate, it shall be regarded as applying only to the immediately pending question. This motion shall be taken without debate and shall require a two-thirds vote of members present and voting for its adoption; if it is adopted, the vote shall be taken on the motion or motions to which it applies without further debate except as provided in §3009.12. and §3009.18. of this manual (see also §3009.29.).

26. Improper Motion After Speech -

It shall not be in order for a member immediately after debating a pending question and before relinquishing the floor to make a motion whose adoption would limit or stop debate.
27. Reconsideration -

A motion to reconsider an action of the Conference shall be in order at any time if offered by a member who voted with the prevailing side. If the motion proposed to reconsider is undebatable, the motion to reconsider may not be debated.

28. Minority Report -

A minority report shall be considered as a substitute for the report of any board, commission, committee, or council, provided that the minority report shall have been published in the Pre-Conference Reports Booklet, or distributed at least one day prior to its consideration. A minority report shall be signed by at least one-fifth of the members of said board, commission, committee or council. A minority report shall be considered as a substitute for the majority report pursuant to ¶3009.22., as would any other substitute. A member selected by the signers of the minority report to present the same shall have the same rights and privileges in relation thereto which belong to the presenter of the majority report. In closing debate on the minority report, the member presenting the minority report shall speak first and the majority presenter last.

29. Exceptions to Majority Vote -

A majority of members present and voting shall decide all questions with the following exceptions:

a) One-third of members present and voting shall suffice to sustain a call for:
   (1) A vote count in the event the decision of the Presiding Officer is doubted.

b) Two-thirds of members present and voting shall be required to:
   (1) Sustain a motion to suspend the rules

   (5) Consider a special order before the time set therefore

30. Proposals Requiring Funding -

Recommendations and motions which come before the Council on Finance and Administration shall carry reasonable cost estimates of the total cost of the project, plus a statement as to the source of funds, in addition to the proposed benefits. Rationale: The Council on Finance and Administration presents a bottom-line budget. If there are any additions, there must be corresponding deletions.
31. Effective Date of Legislation -

All legislation of the Conference shall become effective on January 1 following the session of the Conference at which it was enacted, except:

a) Persons elected by the report of the Nominating Committee shall take office on July 1 following the Conference session.

32. Suspension of Rules -

The operation of any of the provisions of the Rules of the Session may be suspended at any time by two-thirds of the members present and voting.

33. Amending Rules, Procedures, and Guidelines -

Amendments to the Rules of the Session shall first be referred to the Rules Committee for a recommendation of concurrence or non-concurrence to the Conference. Rules may be changed or amended by a two-thirds vote of the Conference members present and voting, provided the suggested change or amendment shall be presented in writing and lay over one day; however, amendments to the Rules of the Session may be considered immediately when presented to plenary session, provided such amendments have been printed in the Pre-Conference Reports Booklet.

   b) Write-in candidates shall result in an invalid ballot.

   c) Any nominee who receives sixty-six percent (66%) or more of all valid ballots cast shall receive the endorsement of the Annual Conference to be an episcopal candidate at NEJ.

   d) If no nominee is elected after four ballots, balloting shall cease and there shall be no endorsement of an Episcopal candidate from the Conference.

   e) If a nominee is elected within four ballots, the Annual Conference shall decide whether to continue balloting for additional Episcopal candidates. A decision to continue balloting shall require a motion and second, and be approved by 66% of the Conference. It is recommended that the motion include a specific number of additional ballots.
f) Any nominee who wishes to withdraw his or her name from balloting may make a brief statement but shall make no reference for or against the election of other nominees.  

6. Campaigning

a) There shall be no campaigning for or by a nominee before or during the Annual Conference.

b) No letters, buttons, or other publicity materials that advocate or oppose the election of any nominee shall be distributed by the nominee, or by any delegation, caucus, or support group of that nominee.

c) If requested, a nominee may provide information and engage in conversation with other individuals about his or her candidacy.

41 2016 NEJ Rules of Order, Part B, Art. VI, Rule 39
Part III: Clergy and Local Church Business

Section I. Board of Ordained Ministry Policies and Procedures

The following was adopted June 21, 2012 unless otherwise noted.

¶4000. Introduction

The Board of Ordained Ministry is charged with the awesome responsibility of caring for the people of God and the church of Jesus Christ by supporting, caring for and holding accountable those who are called to be spiritual leaders in The United Methodist Church. Working as the whole Board as well as through the eight District Committees, the Board of Ordained Ministry is directed according to ¶635 of the 2016 Book of Discipline of The United Methodist Church to:

1. Recruit candidates for ordained and licensed ministry
2. Support, guide and mentor candidates in the process towards ordination
3. Inquire into the fitness, readiness and effectiveness of candidates
4. Care for those seeking transition from one clergy status to another
5. Assist candidates and clergy with professional development

¶4001. Covenant

Members of the Board of Ordained Ministry are in covenant with each other and with the Annual Conference. They are expected to examine candidates objectively relative to readiness and effectiveness for ordained ministry; and to consider all matters that come before them with integrity, honesty and fairness. To that end, at the beginning of each year, the Board members agree to abide by and then sign a covenant. This covenant emphasizes the importance of their work and the need for absolute confidentiality. According to their annual covenant, Board members may not discuss matters or decisions of the Board outside of the called meetings. Prepared statements will be issued when appropriate by the Chair of the Board, with input from members of the Executive Committee. The Executive Committee of the Board has responsibilities mandated by the Book of Discipline and also carries out executive functions between meetings of the full Board.

¶4002. Laity Participation

The full Board of Ordained Ministry (BOOM) is composed of equal representation of clergy from each of the eight districts (four regions) of the Baltimore-Washington Conference (BWC). One-fifth of the Board shall be composed of laity. The Board does much of its work through standing committees. Each Board member is assigned to a committee. Each person is committed to full participation in the work of the committee. Lay members of the Board are members, with all rights including the right to vote. In addition, lay members of the Board have the right to attend the Executive (Clergy) Session of Annual Conference and to vote on issues related to the business of the Board. Laity have an important additional role in the evaluation of our full-member candidates. A lay person visits the church of the candidate to worship in a service led by the candidate. The lay person then meets with key leaders of the congregation to listen to their assessment of the candidate. This information becomes a vital part of the evaluation of candidates for ordination.
¶4003. Registrars

The BOOM has several registrars with separate responsibilities.

1. The registrar for Full Membership cares for all clergy who have been commissioned, both Provisional Member Deacons and Elders, but not yet ordained and handles candidate materials for Full-membership Evaluation.

2. The registrar for Provisional Membership cares for candidates for commissioning who have been recommended to the Board by the DCOMs. Once candidates have been commissioned, they move into the care of the FM Registrar. Candidates who are not commissioned remain in the care of the DCOMs.

3. The Registrar for Local Pastors keeps records of all Local Pastors, including records on course of study, and works with the Fellowship of Local Pastors and Associate Members.

4. The Candidacy Registrar duties are entrusted to the BOOM Staff position (Executive Minister of Call and Clergy Care), who ensures that all certified candidates are registered through the General Board of Higher Education and Ministry and that all guides and mentors are trained and registered as appropriate.

¶4004. District Committees on Ordained Ministry (DCOMs)

Initial work with candidates for ordained ministry is carried out by the District Committees on Ordained Ministry (DCOMs). Their work is described in ¶ 666 of the 2016 Book of Discipline. The DCOMs are accountable to the Annual Conference through the Board of Ordained Ministry, and as such serve as an extension of the Board. Every DCOM has at least one member who is also a member of BOOM. It is the responsibility of the DCOMs to:

1. Guide, encourage and support persons who feel called by God to become spiritual leaders in The United Methodist Church.

2. Examine candidates for fitness for ministry.

3. Recommend to the Board those persons they believe are fit to become licensed or commissioned for ministry.

4. Interview annually those persons seeking continuance as Licensed Local Pastors.

5. Examine those who are seeking to become recommended or recertified as certified lay ministers.

6. All requirements beyond those of the current Discipline placed by the District Committees upon

7. candidates shall be first approved by the Board and then required by the Board to be implemented

8. by all District Committees.

In the Baltimore-Washington Conference, we ask the DCOMs to interview annually all commissioned clergy serving in their district. These reports are to be sent in writing to the Full-member Registrar and shared verbally with the Board at a regularly scheduled, announced meeting.
¶4005. Candidacy Requirements

The Board and District Committees support the practice of grounding the call of candidates in the local church setting whenever possible, or in the campus ministry where a young adult may be living away from home.

1. The first step in the candidacy process is to discuss The Christian as Minister with one’s home pastor or campus minister. Following that initial discernment, it is appropriate to write a letter to the District Committee and then prepare for other initial steps, including contact with the DCOM, an initial interview and background check.

2. Psychological Testing: The candidate will initiate contact to enter the psychological examination process. These tests must be completed and reviewed by the DCOM before Certified Candidate status can be offered. The cost of this process is shared between the Board and the local church (see ¶ 303.4, ¶ 310.2d, ¶ 247.8 and ¶ 313.2 where nurture by the local church and financial support for the candidate are repeatedly encouraged. Indeed, “Candidates are required to provide a report each year that details how their local church is supporting them spiritually and financially.”)

   a) Psychological testing shall be completed within five years preceding a District Committee’s recommendation of a candidate for the Examination Retreat.

   b) Upon the recommendation of a District Committee, the Board shall require a candidate to undergo additional psychological testing; the Board will assist with the cost of such testing.

3. Provision for Non-Native English Speakers: Please note that the 2016 Book of Discipline makes provision for those candidates for whom English is not their first language: ¶ 310.2b)(2) – “The DCOM through the BOOM shall seek ways to consider cultural and ethnic/racial realities and language translations as candidates meet these requirements, including interviews, psychological assessment, criminal background and credit checks” (see ¶ 666.4).

4. Candidacy Mentoring: These mentors are trained by the BOOM Candidacy Registrar (or designee) and are assigned by the DCOMs.

¶4006. Ministerial Education Fund (MEF)

1. The Board handles funds allotted to the BWC from the General Church through the Ministerial Education Fund (MEF) for the purpose of its programs of enlistment, basic professional educational aid, continuing formation, ethnic ministry and language training and professional growth of ordained ministers. Priority shall be given to scholarships for seminary students preparing for ordination (see 2016 Book of Discipline ¶ 635.2.w). This is a loan/service program of The United Methodist Church which provides financial support for candidates for ministry.

2. At the present time, MEF funds are granted primarily to Certified Candidates who are enrolled either in Course of Study (receiving $200 per course) or a Masters-level degree program (receiving $250 per credit hour).

3. Candidates may also apply to receive MEF monies toward courses required for their ordination track. All those seeking ordination in the BWC should plan to complete the 27 credits of Basic Graduate Theological Studies (BGTS) in a school approved by the University Senate prior to commissioning. Special exception is made for those who transfer into the BWC from other denominations to complete these requirements during their provisional period. Please note that, in addition to the BGTS, the BWC requires a course in Christian Ethics.
Policies & Procedures of the Baltimore-Washington Conference

4. If the recipient serves 5 years in full-time ministry under episcopal appointment after commissioning/ordination, the loan is forgiven. Otherwise, the loan is repaid with interest. Candidates who transfer to another conference shall have record of their indebtedness reported to that conference at time of transfer, with the understanding that the receiving conference assumes both the responsibility for and the benefit of the repayment in years of service.

5. With regard to persons required to take seminary class/Clinical Pastoral Education as a result of Elders or Deacons Examination Retreat, not including individual/group therapy or counseling, the rate for payout will be based on same rate as payout for seminary students.

6. Additionally, one-time gifts made available from the MEF for scholarship to License to Preach School, Certification Courses, or other purposes aligned with the purpose of that fund shall be governed by the availability of funds.

¶4007. “Lay Hire” Clarification

The category of “Lay Hire” is not mentioned in the Book of Discipline. Though the Board recognizes the long history and the value of laity serving in the pulpit, we uphold the intent of the Book of Discipline (¶ 205.4) – “If a layperson’s assignment to a pastoral charge will last longer than one year, within that year the layperson will begin the process of becoming either a certified lay minister or a certified candidate, thus coming under the care of the DCOM.”

¶4008. License to Preach School (LTPS)

The Board shall conduct an annual License to Preach School, according to the GBHEM curriculum of 80 hours of instruction taught by qualified leaders in the Conference. Please note that Certified Candidate status is a prerequisite for receiving a Local Pastor’s License, though a District Superintendent may waive this prerequisite for attendance at the LTPS, for the purpose of providing educational training. Attendance at LTPS is not a guarantee of a License or of an appointment. Those who have not completed one third of their Master of Divinity degree seminary requirements (see 2016 Book of Discipline ¶ 315.2.c), may be granted equivalence to LTPS attendance, based on the correlation between their completed courses and the LTPS required curriculum. Scholarships for attendance shall be made available from MEF monies, upon written request to the Board.

¶4009. Evaluation Process

It is the Board’s task to evaluate fitness for, readiness for and effectiveness in ministry. It is not the Board’s task to appoint. However, candidates that are fit, ready and effective should be appointable, provided they are willing to accept a full-time appointment. It is critically important that any Board member who has information about a candidate’s fitness, readiness or effectiveness share this information with the Board.

The Registrars for Full Members and Provisional Members shall work in concert with the Candidacy Registrar (BOOM Staff) to clearly communicate deadlines, grading rubrics and expectations to each and every candidate with equitably, using available technology.

1. Evaluation of Prospective Provisional Members

   a) Following all interviews, the Board may vote to approve, approve with conditions, have the candidate remain with the District Committee or discontinue a candidate.

   b) Candidates who are approved (with or without conditions) will be presented to the Executive Session of the Annual Conference for Conference membership and recommended for commissioning. [Note: the conditions are not disclosed to the Executive Session unless there is a specific request from a clergy member.]
c) When a candidate is “approved with conditions”, it means that in the Board’s judgment, the candidate is ready for ministry but has some areas that need attention. The Board sets the conditions that must be met before the candidate can be considered for full membership. Unless the Board says otherwise, the candidate has the full residency period to complete these requirements. In all cases, the requirements must be satisfied before the candidate can attend the full-member evaluation.

d) Candidates may remain with their DCOM with or without specific recommendations or requirements from the Board. In every case, the DCOM will be told about any issues that concern the Board. The DCOM determines when the candidate is eligible to attend the Provisional Retreat. DCOMs also have the authority to discontinue a candidate who is in their care.

e) Candidates who are discontinued are out of the process for commissioning/ordination.

f) Provisional Time Period of Three Years - According to the Book of Discipline of The United Methodist Church, 2016, ¶ 326, Provincial Members of the Annual Conference are to serve under Episcopal appointment for at least two (2) Annual Conference years before they are eligible for Ordination. The Bishop, Cabinet and Board of Ordained Ministry (BOOM) of the Baltimore-Washington Conference have agreed that the time of service in this Annual Conference shall continue to be 3 years, which has been our practice for some time.

g) The Book of Discipline gives to the Board of Ordained Ministry the authority to recommend to the Annual Conference that less than full-time or, for Deacons, nonsalaried service meet the requirement of provisional membership (¶330.1 for Deacons, ¶ 335 for Elders). The BOOM is to examine the totality of the work done by a Provisional Member in deciding whether the service requirement has been fulfilled. The BOOM is also to consider the quality of the service, the maturity of the individual and any other such factors that the BOOM may deem relevant. The Annual Conference decides whether this service is sufficient.

h) The Board of Ordained Ministry (BOOM) shall have the authority to determine when and how the service requirement for Provisional Members has been met. The BOOM will evaluate the quality of the service in accordance with the provisions of the guiding paragraphs of The Book of Discipline in effect at the time the decision is made. The BOOM will report to the Annual Conference the names of all Provisional Members who, in the Board’s judgment, have fulfilled their service requirement through less than full-time or unsalaried positions.

i) Residency in Ministry. After being commissioned, Clergy in the Baltimore-Washington Conference are enrolled in a three-year process defined by the Book of Discipline in ¶ 326. Provisional clergy are assigned to small mentoring groups with a leader and meet monthly to discuss issues related to growth in ministry. Attendance at these monthly gatherings and also the annual Residency in Ministry retreats shall be considered a factor in gauging fulfillment of required provisional mentoring requirements.

j) On occasion, the Board will require or recommend that a candidate work with a clergy mentor on issues that arose during the evaluation process. For example, the Board may require a candidate to work with a theological mentor to develop a greater understanding of the theology of sacraments. These mentors are frequently appointed by the Board; in any case, they must be approved by either the Executive Committee of the Board or the Chair.
2. Evaluation of Candidates for Full Membership:
   a) Following all interviews, the Board may vote to approve, continue or discontinue a candidate.
   b) Approved candidates will be presented to the Executive Session of the Annual Conference for Conference membership and recommended for ordination. (The bishop has the authority to determine who is ordained or commissioned.)
   c) Candidates who are continued remain eligible for appointment. The Board may impose requirements or make recommendations for the candidate. In general, a candidate who is continued may attend the following year’s evaluation retreat, if all the issues can be satisfactorily addressed by then. If a candidate is continued for a second time, it is the Board’s policy that the candidate wait two (2) years before returning. After a third time, the candidate must petition the Executive Committee of BOOM to request permission to attend another evaluation retreat.
   d) Candidates who are discontinued are no longer eligible for full membership or ordination.

¶4010. Plagiarism Guidelines
1. Materials prepared and presented by candidates for ordination in the Baltimore-Washington Conference of The United Methodist Church in connection with their Examinations are solemn documents that warrant careful preparation reflecting the faithfulness, inspiration, scholarship and integrity that our congregations anticipate from their clergy. As such, these Examination Documents must reflect the work of the candidates submitting them and must properly recognize the work of others that contribute to them. Examination Documents that present the work of others without attribution raise serious questions regarding a Candidate’s fitness for ministry that must be addressed by the Board of Ordained Ministry in addition to the other processes used by the Board to evaluate a Candidate.

2. The Board of Ordained Ministry has identified three areas of concern relating to Examination Documents of candidates for Probationary or Full Membership in the Order of Deacons or the Order of Elders.
   a) Candidates must not violate the copyrights of other persons. Extensive quotation from copyrighted sources without the permission of the copyright holders violates their rights. Ordinarily, the Board would not expect copyright violation issues to arise in connection with Examination Documents because
      (1) The fair use doctrine permits reasonable quotation or excerpting with attribution.
      (2) Candidates’ papers are expected to reflect substantial original work.
   b) Candidates must not knowingly present the work of other persons as their own. Examples of improper conduct would include
      (1) Excerpting material from written sources without attribution.
      (2) Presenting material prepared by a fellow student or candidate as if it were one’s own.
      (3) Using an analysis, presentation format or similar material taken from notes or recordings of a class, sermon, or lecture presented by another.
Candidates must demonstrate the ability to engage the candidacy process substantively, to think independently and to maintain good academic discipline. When a candidate unknowingly presents the work of another as their own, regardless of the reason, it raises serious concern for whether the candidate has engaged in the struggle with his or her written work that is expected of candidates.

Consequences of Copyright Violation or Plagiarism

1. When it finds that a Candidate has violated copyright, presented another’s ideas as his or her own, or otherwise failed to credit another’s work, the Board of Ordained Ministry (acting through the Executive Committee) shall take appropriate remedial or disciplinary action. Generally, in balancing the violation and the consequences thereof, the Board may distinguish between
   a) Conduct that constitutes a failure to meet high standards of personal integrity expected of those set apart for ordained ministry,
   b) Conduct that suggests poor academic or intellectual understanding or an unengaged attitude toward the material and
   c) Conduct that reflects low standards of care in preparing material, and poor academic discipline.

2. Upon discovery of any materials in Examination Documents that raise plagiarism issues, the Board Members discovering them shall promptly bring them to the attention of the Executive Committee which shall consider and act upon the concerns as soon as reasonably practical. The Executive Committee will review any alleged violations in consultation with such additional Board Members as the Chair may designate for that purpose. If the Executive Committee decides that an allegation does not warrant disciplinary or remedial action, then the matter shall be considered fully resolved. Otherwise, the Executive Committee may take any of the actions described below at any time before, during, or after the Examination for which the Examination Documents in question were prepared.

3. With respect to candidates for Probationary Membership,
   a) Leave the Candidate with the District Committee (by rejecting the Examination Documents or otherwise),
   b) Impose conditions to be met before attending the full member exam.
   c) With the concurrence of three-fourths of the Board attending at any meeting of the Board, leave the candidate in the care of the District Committee with recommendation that the District Committee and candidate seek alternative paths to ministry.

4. With respect to Probationary Members seeking Full Member Ordination,
   a) Continue the Candidate (by rejecting the Examination Documents or otherwise) to a subsequent year without participation in, or completion of, the Examination.
   b) Continue the Candidate following Full Member Examination.
   c) With the concurrence of three-fourths of the Board attending at any meeting of the Board, discontinue the Candidate, or
   d) Imposition of a condition that coaching on plagiarism issues by an individual (to be approved by BOOM Executive Committee) be completed prior to ordination.
¶4012. **Task Force on Human Sexuality Proposal**

At the Board’s May 2017 meeting, in light of Judicial Council decisions 1343 and 1344, the Board made a decision to review our policy. The Task Force on Human Sexuality, after prayerful discernment and discussion, brings forward the following policy to the full Board for their discussion and potential adoption.

1. One of the primary purposes of the Board of Ordained Ministry is “to examine applicants and assess their fitness for ministry.” We understand the Judicial Council’s most recent rulings to encourage a full and thoughtful inquiry of all persons who come before us, using the range of questions and standards found in ¶ 310, ¶ 324, ¶ 330 and ¶ 335 of the *Book of Discipline* for Provisional membership, Deacon or Elder respectively. We write in response to these rulings’ specific mandate to not ignore in the inquiry a candidate’s self-disclosure of sexual orientation. We respectfully disagree with these rulings, acknowledging that the following policy may not comply with the *Book of Discipline*.

2. The Board of Ordained Ministry will examine and assess all candidates who come before us. Knowing each of us is a child of God, made in God’s image, and a recipient and vehicle of God’s grace, we do not view race, ethnicity, gender, sexual orientation, marital status, or age as a barrier to ministry. We will not consider or evaluate sexual orientation or gender identity nor see them to be sufficient reasons to deny a candidate’s ability to live up to our United Methodist standards. We will utilize our denomination’s expectation of faithfulness in marriage and celibacy in singleness within our examination and expect not only high moral standards but also a strong sense of self-awareness about one’s relational life. Our aim is to promote well-grounded, Spirit-led, equipped ministers of the Gospel who live up to the highest standards for fitness, readiness, and effectiveness in ministry.

3. We acknowledge that The United Methodist Church is not of one mind around issues of human sexuality, and affirm the ongoing work of the Commission on a Way Forward. We believe this policy upholds the expectation of a full inquiry and highest moral standards of all candidates. It also reflects some of our core values as Board, including openness to the Holy Spirit, deep listening to one another and a commitment to justice for all. We affirm the right and responsibility of all Board members to engage in holy conferencing during deliberations and to vote their conscience following a fair examination of all candidates.

4. We believe this policy fully embraces God’s welcome and work in every person. In our love and commitment to The United Methodist Church, we offer this policy as our contribution to moving the church forward to that day when all are welcomed into the ministry of the ordained, and into the fullest possible life in Christ’s body.

¶4013. **Continuing Education and Spiritual Growth Policy**

1. Every Conference member, full or associate, whether serving full, part-time or ABLC, shall complete a minimum of eight (8) Continuing Education Units (CEUs) each quadrennium. There will be no carry-over of CEUs from one quadrennium to another.

   a) One Continuing Education credit is equivalent to 10 contact hours of participation in an organized continuing education experience under responsible sponsorship, capable direction, and qualified instruction.

---

Approved June 1, 2022 by Annual Conference
b) The basic formula for equating regular credit college or seminary courses is one semester hour equals one and one-half CEUs. Therefore, 1 semester hour equals 1.5 CEUs; 2 semester hours equals 3.0 CEUs.

c) Continuing education events given CEU credit by National Boards and Agencies of The United Methodist Church and courses related to Ministry from accredited Theological Seminaries, Universities, Colleges, and Community Colleges are automatically acceptable to the registrar for CEU credit.

d) Pre-approval by the Continuing Education Committee of BOOM is required of non-certified CEU events. Requests should be submitted through the CEU form in your Arena account. Such approval requires the following information:

(1) Date and title of the course;
(2) Substantive course outline;
(3) A time schedule that isolates the number of contact hours;
(4) The credentials of the instructor or institution.

e) The following special programs also qualify for CEU credits:

(1) Residence in Ministry Program sponsored by the Board of Ordained Ministry qualify for 2.0 CEU’s for each year that a Provisional Member is in the program;
(2) Overseas Pastoral Exchange Programs sponsored by The United Methodist Church qualify for .5 CEUs per day of overseas duty.
(3) Volunteers in Mission sponsored by the General Board of Global Ministries qualify for .5 CEUs per day of service;
(4) Teaching a Certified Course will earn a one time per course per quadrennium granting of CEUs. The number of CEUs granted will be the number of classroom hours for the course (for example, 12 classroom hours of teaching equals 1.2 CEUs);
(5) Travel experience related to the practice of ministry and originally designed as continuing education events is eligible, but it must be sponsored by a responsible, capable agency with qualified instruction. Such events require advanced approval from the Continuing Education Committee and qualify for .5 CEUs per day.
(6) Participation in or presentations to professional associations, when approved in advance, may receive continuing education credit. Such associations include, but are not limited to: Society of Biblical Literature, American Academy of Religion, The Society of the Scientific Study of Religion, American Association of Pastoral Counselors, Christian Educators’ Fellowship;
(7) A book published that is related to the practice of ministry qualifies for 4 CEUs.
(8) Serving as a director, instructor, or volunteer at any United Methodist camp, event or workshop can qualify for up to three CEUs.
(9) Continuing education classes/workshops for maintaining of licensing for pastoral counseling.

f) Self-directed studies are not acceptable for CEUs unless a qualified mentor/instructor takes formal responsibility for supervision and certification of contact hours between the mentor and mentee. As in other courses, prior approval of the CEU committee is required.
2. All CEU certificates must be postmarked no later than December 31 of the last year of the quadrennium to count for the quadrennium.
   a) In the event that the transcript or certificate is not available by December 31, the individual will submit verification no later than December 31, indicating participation and expected CEU credit to be given.
   b) In the event that a dissertation or other academic paper is not eligible for Semester Hour credit within the quadrennium, although the work is done during the quadrennium, a letter will be submitted from the registrar indicating enrollment in such a course. CEU credit given for such work will be subtracted from the Semester Hour credit granted in the next quadrennium.

3. Full and associate members entering the Conference during the quadrennium will be required to complete the continuing education requirements on a pro-rated basis of 2 CEUs per year. For example, those entering the Conference in July of the third year of the quadrennium would require only 3 CEUs. Those entering in July of the fourth year would be exempt from the requirement for the quadrennium ending that year. Persons transferring into the Conference may submit previously earned CEUs for the current quadrennium.

4. Those on Leave of Absence are exempt from the CEU requirements for the duration of the leave. When the leave of absence is terminated then CEU credits are required based on the number of years under active service in ministry during the quadrennium, prorated on a basis of 2 CEUs per year.

5. Medical/personal exemptions excusing an individual from earning CEUs for the period of time requested by the individual may be granted by the Executive Committee of the Board of Ordained Ministry on recommendation from the Continuing Education Committee. Medical/personal exemptions will be confirmed at the next Executive Session of the Annual Conference. Medical exemptions require a physician’s statement detailing the need for and the duration of the exemption and a statement from the Pastor-Parish Relations Committee or supervisor. Personal exemptions require documentation of extraordinary circumstances and a statement from the Pastor-Parish Relations Committee or supervisor. The individual will not be required to make up CEUs for the time period of the medical/personal exemption (CEUs will be prorated for the quadrennium), but the individual will submit to the Continuing Education Committee of the Board of Ordained Ministry a plan outlining how he/she will meet the remainder of his/her CEU requirements for the quadrennium.

6. Application for continuing education financial assistance requires advanced approval of the event for CEU credit and should be directed to the chairperson of the Ministerial Education Fund. Funds are subject to availability.

7. Each individual is responsible for emailing a PDF copy of the certificate of completion of the CEU event (this may be a certificate or a letter from the instructor or other authorized official of the sponsoring organization) to the registrar.

8. Continuing Education records will be accessible through Arena to the Bishop, Cabinet, and the Board of Ordained Ministry. Individuals in non-compliance will be in conversation with their District Superintendent regarding action steps necessary to come into compliance. Failure to comply could result in disciplinary action and affect ability to be appointed.
¶4014. Returning to a Previous Appointment - Clergy Transition Policy

1. As of the effective date of a new appointment, a pastor shall immediately cease all pastoral counseling and pastoral visitation with members or member families in the previous appointment. Since appointments are generally announced several weeks in advance, each pastor has adequate time in which to effect closure and make appropriate referral to another for the pastoral care of members.

2. Pastors shall have a clear understanding with former congregations that they will not return to officiate at baptisms, weddings and funerals, or do pastoral counseling or pastoral visitation in that parish. Pastors, active or retired, shall respectfully decline to participate in such duties when invited by members of a former congregation. Declining all such invitations is the responsibility of the previous pastor. The present pastor, at his or her discretion, may invite the previous pastor to return for pastoral functions. However, the present pastor should never be under any pressure to invite the previous pastor. This policy is ongoing and doesn’t have an expiration date.

3. Several weeks prior to concluding a pastoral appointment, a pastor shall inform all members of the church of this policy by printing sections one and two verbatim in either a pastoral letter to be sent to each member or a church newsletter to be sent to each member and encourage them to support the policy by their prayers and actions.

¶4015. Change of Status

1. Every clergy member of the Annual Conference has a status. This includes active, retired, on leave, honorable or administrative location, etc. In addition, some clergy serve in extension ministry, that is, in settings other than a local church. All of these issues are under the purview of the Board acting on behalf of the Annual Conference.

2. Issues around status are initially handled by the Board’s Conference Relations Committee. Recommendations from this committee are made to the full Board, who then decides whether to approve the CRC recommendation. The Board’s recommendations are then presented to the Executive Session of the Annual Conference for final approval. The CRC also investigate requests for extension ministry and determines if the proposed setting is appropriate for clergy service.

3. The Executive Committee of the Board is given specific responsibilities around the issues of clergy conduct and effectiveness. The Executive Committee also serves as the first level of appeal for adverse decisions about clergy. In carrying out this duty, the Executive Committee works closely with the Bishop and Cabinet. The Board also sponsors an annual Pre-Retirement Seminar to help with smooth transitions.

¶4016. Change of Status Protocol

1. For purposes of this document, the Board of Ordained Ministry, its officers, the Conference Relations Committee and its Chair are referred to collectively as the BOOM. The Bishop, Superintendents and Guides are referred to collectively as the Superintendency.

2. This protocol is established with respect to Changes in Conference Relationship under Book of Discipline ¶ 353 (Voluntary Leave of Absence), ¶ 354 (Involuntary Leave of Absence) or ¶ 356 (Medical Leave Due to Medical and Disabling Conditions That Prevent Performance of Ministerial Duties) to support members of the Annual Conference, and to assist the BOOM and
Policies & Procedures of the Baltimore-Washington Conference

the Superintendency in discharging their responsibilities under these sections. This protocol will be administered so as to be consistent with all procedures, requirements and clergy rights specified in the Book of Discipline.

3. Procedure upon receiving a request for change of status. Book of Discipline ¶ 352 stipulates that requests for changes in conference relationships (Change in Status) be submitted in writing to the Board of Ordained Ministry.

   a) To assure that the Change of Status request and protocol is effectively communicated to all concerned parties, the BOOM and the Superintendency agree that upon receiving a verbal or written request for a change of status from a provisional, associate, or full member, the individual receiving the request will send the standardized letter, Steps for Requesting Change of Status, to the member.

      (1) Written confirmation of the receipt of the letter is to be obtained.

      (2) Per instructions in the Steps for Requesting Change of Status letter, the petitioner will send a completed and signed Change of Status form to the Chair of the Board of Ordained Ministry (¶ 352, 2016 Book of Discipline). This form is available on the GBHEM website at http://www.bomlibrary.org/forms/candidacy-and-conference-relations-forms/.

      (3) Upon receiving a completed and signed Change of Status form, the Chair of the Board of Ordained Ministry shall forward copies of the request to the Chair of the Conference Relations Committee (CRC), the petitioner’s superintendent and the bishop’s office.

4. The Conference Relations Committee is the body responsible for processing a Change of Status. CRC has the authority, but not the mandate, to conduct personal interviews (Book of Discipline ¶352) with the exception of provisions for Involuntary Status Change where such interviews are required (see Book of Discipline¶363).

5. The Chair of the CRC will endeavor to confirm that the District Superintendent and Bishop’s office have been notified of the Change in Status Request before scheduling any interview or deliberations thereon.

6. In the case of a request to begin or end a Voluntary Leave of Absence under Book of Discipline ¶ 353.11, the requesting member of Annual Conference also is to send a copy of the Change in Status request to the Bishop and their District Superintendent,

7. Requests by the Superintendency to place a clergy member on Involuntary Leave of Absence will follow the procedures detailed in Book of Discipline ¶ 355. Change of Status resulting from complaint will comply with the complaint procedures as outlined in the Discipline and conference policy.

8. Between sessions of the Annual Conference the Bishop may grant Medical Leave Due to Medical and Disabling Conditions (Book of Discipline ¶356) with the approval of the majority of superintendents and after consultation with the executive committee of the conference Board of Ordained Ministry and the executive committee of the conference board of pensions. (Book of Discipline ¶ 356.2).

9. Termination of Medical Leave Due to Medical and Disabling Conditions (Book of Discipline ¶356) occurs either by expiration of the period for which it was granted (absent an extension) or by the Bishop’s appointment of the clergy member to ministry upon receipt of medical evidence that they have recovered to resume ministerial work. (Book of Discipline ¶ 357.3)
¶4017. **Conference Relations Committee Processes**

1. The Chair of the CRC will discuss committee agenda items with a representative of the Superintendency in advance of CRC meetings. When possible, this discussion should occur at least two weeks before any scheduled meeting. This discussion is for the purpose of clarifying:
   a) What actions are before the committee,
   b) Who is to be interviewed,
   c) Whether all necessary paperwork has been completed and
   d) Which other individuals need to be present for portions of the CRC meeting.

2. At all times both the clergy member whose status is being discussed and appropriate representatives of the Superintendency shall be afforded the opportunity to be heard. When a change of status is connected to a complaint procedure all due process safeguards provided in *Book of Discipline* ¶ 361.2 shall be afforded all parties involved.

3. When the CRC concludes that it is appropriate to do so and subject to the provisions of *Book of Discipline* ¶ 361.2, it may interview the affected clergy member or other persons that it believes could provide helpful information or insight outside of the presence of the Superintendency.

4. Once the CRC is ready to receive a motion from one of its members respecting action on a proposed change in status request or otherwise determines that it should go into an Executive Session, any other persons, including any representatives of the Superintendency, shall be excused from its meeting.

5. Following action by the CRC, the chair of the committee will secure dated signatures from the petitioner and the district superintendent on the Change of Status form. If the original request form has been amended, for instance, the adding, subtracting, or changing of conditions or recommendations provided by the Superintendency or added by the CRC, the amended form must be signed by the petitioner, District Superintendent and the Chair of the CRC.

6. The effective date of the change of status must be included on the form.

7. A signed form constitutes agreement. The chair will explain alternative options and actions to petitioners who disagree and do not sign.

8. The CRC will report its recommendations to the full Board of Ordained Ministry for action and to the cabinet.

9. The completed and signed Change of Status form or another documented decision is placed in the clergyperson’s file following approval by the BOOM.

10. Voluntary retirements fall outside the purview of this protocol. The person desiring to retire is to send a dated and signed letter to the bishop, with copies to their District Superintendent, and the Chair of the CRC requesting retirement and specifying an effective date. The Cabinet approves retirements and forwards the requests to the Board of Ordained Ministry for Board approval.

¶4018. **Upon the Death of a Clergy Person While Serving as the Appointed Pastor of a Local Church**

1. As soon as possible after the death of pastor appointed to a local church, the District Superintendent shall be notified, and he or she shall then immediately notify the Bishop.
Notification of the District Superintendent shall be the responsibility of (a) each other clergy person (if any) serving the same local church under appointment by the Bishop, or (b) if no other clergy person is under appointment to that local church, by the Chair of the Staff Parish Relations Committee (“SPRC”) of the local church.

2. Also soon as possible after the death of pastor appointed to a local church, the Chairs of the SPRC and Board of Trustees for that local church shall secure the pastor’s office in the local church (with possible office lock change), and shall further identify and secure any and all of the pastor’s files, documents, and belongings of any description, including electronic devices (such as, without limitation, mobile phones, computers, iPads or other tablets, and thumb drives, disks or other electronic storage devices) that may be located elsewhere on the church premises, for subsequent review and delivery to the appropriate persons. The same persons will undertake to identify and retrieve any church records and other church property that the pastor may have kept in his or her home (whether a parsonage or otherwise), with care being exercised to involve and obtain any necessary consents from the pastor’s surviving family members or other persons who may occupy the same premises.

3. As soon as practical, but not more than 10 days after notification of the pastor’s death, the District Superintendent (or his or her designee, who must be an Elder in Full Connection), together with the Chair of the local church’s Board of Trustees (or his or her designee, who must be a local church trustee or a member of the local church’s SPRC or Finance Committee), shall review the contents of the Pastor’s office, along with the files, documents, devices and belongings that have been gathered from other locations in the church building(s) pursuant to ¶ 2, above, and determine which files, documents, devices and belongings constitute records or other property of the local church, and which files, documents, devices and belongings constitute the property of the pastor. To preserve the confidentiality of any privileged communications, the contents of any files or devices that are reasonably likely to contain such communications (e.g., files relating to particular parishioners, pastoral counseling records) shall for purposes of this process be reviewed solely by the District Superintendent or his or her designated Elder in Full Connection, and then only to the extent necessary to determine whether the material constitutes the property of the local church or of the pastor. All files, documents, devices and belongings that the District Superintendent and the Chair of the local church’s Board of Trustees (or their designees) agree are records or other property of the local church shall be retained for safekeeping by the Chair of the local church’s Trustees (or his or her designee). All files, documents, devices and belongings that the District Superintendent and the Chair of the local church’s Board of Trustees (or their designees) agree are not records or other property of the local church, but belonged to the pastor, shall be provided to the District Superintendent and retained by him or her for safekeeping, pending transmission, as appropriate, to the pastor’s family, to the successor pastor appointed to serve that local church, to the files the Conference maintains on clergy members, or otherwise. All local church financial records, in whatever form, shall remain in the possession of the local church, but an inventory of all such records shall be made under the supervision of the District Superintendent and the Chair of the local church’s Board of Trustees (or their designees), and copies of such records shall be provided to the District Superintendent upon request.

4. The Conference, through the personnel identified below, shall take the following steps:

a) The District Superintendent, in consultation with the Bishop, the Cabinet and the SPRC, shall arrange full pastoral coverage at existing level for the local church until an interim pastor is appointed.

b) The District Superintendent, in consultation with the Conference’s Executive Minister of Call and Clergy Care and the Chair of the SPRC, shall provide or ensure support for grief
Policies & Procedures of the Baltimore-Washington Conference
and transition issues for the local church congregation, the pastor’s family, and the newly appointed pastor.

c) In the process of providing near-term pastoral coverage and appointing a new pastor to the local church, the Cabinet will identify whether the deceased pastor’s family is living in a church-owned parsonage and/or may need assistance with relocation, and otherwise take into account the needs of the deceased pastor’s family but also the best interests of the congregation and newly appointed pastor.

d) Pay the moving expenses for the surviving spouse/family, on par with those allowed for pastors under existing conference moving policies, provided the surviving spouse/family is living in the church owned parsonage and the parsonage is needed for the use of the local church’s new pastor;

e) The District Superintendent, with support from the Conference’s Director of Human Resources & Benefits, shall inform the surviving spouse/family about all benefits to which they are entitled.

5. In connection with Item # 4(c), above, it is the sense of the annual conference that, whenever possible, all reasonable efforts and arrangements should be made to allow the surviving spouse/family to remain in the parsonage or continue to pay a housing allowance for up to 120 days after the pastor’s death.

¶4019. Clergy Marital Separation and Divorce

1. The United Methodist Social Principles, grounded in grace and pastoral caring, include both a deep commitment to the marriage covenant and a recognition that in regrettable and exceptional circumstances marital separation or divorce may be advisable. All members of the church, laity and clergy alike, live in the same society, subject to the same pressures. Avoiding judgment, the church is called to give primary attention to nurturing the love that undergirds the commitments and covenants of marriage in the face of these pressures and to be supportive of clergy families and their churches when the stresses seem unmanageable.

2. Separation and divorce are understood to be measures of last resort, after preventive steps, including prayerful reflection on God’s will for the marriage, have been undertaken in good faith. When communication begins to break down or outside stresses on the partners become unmanageable, clergy and their spouses are asked to seek counsel with a qualified marriage and family counselor, preferably a pastoral counselor. Counseling is also available through the Conference Commission on Pastoral Care and Counseling. If the clergy spouse refuses to seek counsel, the clergyperson should seek individual counseling.

3. When a period of separation or divorce appears unavoidable, clergy members should inform their District Superintendent or the Bishop concerning the circumstances. Clergy serving in appointments beyond the local church (extension ministries) should also discuss the situation and future possibilities with an appropriate person in the employing agency. The Bishop, District Superintendents, and responsible extension ministry supervisors should extend pastoral support and wise counsel—helping to preserve the marriage, if in their judgment this is advisable, and in any event bring the servants of God’s grace to this troubled situation. These general guidelines should be observed:

a) The bishop, District Superintendent, or responsible extension ministry supervisor should make contact with the non-clergy spouse and offer pastoral care and support for the clergyperson, spouse and other family members.
b) The pastor and District Superintendent should contact the Staff-Parish Relations Committee chairperson (or responsible extension ministry supervisor) to discuss the impending separation/divorce and develop a plan for informing the congregation or agency involved.

c) The pastor, District Superintendent and chairperson (or responsible supervisor) should inform the Pastor-Parish Relations Committee (or extension ministry comparable body) and establish ongoing consultation.

d) The pastor, with the support of the District Superintendent and SPR Committee, (or comparable extension ministry body) should inform the local congregation (or extension ministry agency). All parties should be aware of how deeply separation and divorce affects the community of faith. There will be feelings of grief and guilt, anger and hurt. All parties need to be sensitive to these and other feelings. Support and counseling needs to be offered, and where appropriate, additional resources may be recommended to both the couple and the congregation (or extension ministry agency).

e) The District Superintendent and pastor should meet to discuss the pastor’s proposed plan of action and to consider options of the pastor’s relationship to the charge (or extension ministry agency) and the Annual Conference. These options maybe:

   (1) retaining current appointment;
   (2) reappointment to another parish; special appointment;
   (3) leave of absence;
   (4) transfer to another Conference;
   (5) sabbatical leave;
   (6) honorable location;
   (7) retirement;
   (8) withdrawal;
   (9) termination.

f) A report of these discussions will be made to the cabinet, and when appropriate to the Conference Board of Ordained Ministry, who by the Book of Discipline have authority in matters of fitness for appointment and Conference relationship.

g) Upon determination and implementation of decisions on appointment and Conference relations, the District Superintendent should again inquire into the needs of the clergy family. When the member moves to another charge and the spouse relocates in a separate community, the Cabinet should remain in contact with the family until they are settled and their basic needs are met and assisting with whatever resources are available.

h) The Board and Cabinet will do everything possible to protect the future in the Baltimore-Washington Conference of any clergyperson who becomes involved in separation and divorce and seeks help in that process.

¶4020. Substance Abuse Among Clergy Families

1. The Board shall offer help and referrals for treatment for all members of chemically dependent clergy and families. The nature of substance abuse is such that all members of the family are affected, and that support and treatment need to be offered to all in order that the family may function effectively.
2. A Committee on Substance Abuse shall be established by the Board which shall include: a chairperson familiar with the issues of substance abuse; two members of the Board of Ordained Ministry; a representative of the Board of Pensions; a Pastoral Counselor or other qualified person with expertise in drug and alcohol rehabilitation.

3. The purpose of the committee shall be to provide support for the individual and his/her family and to provide referrals to those persons or agencies where it is deemed most beneficial for the individual and family. In cases where intervention may be necessary, persons trained in intervention will be sought and their services utilized.

4. Referrals may be made to the Committee on Substance Abuse by any concerned individual. The person must identify him/herself and provide substantial evidence of substance abuse. This is to minimize the risk of vindictive or capricious calls, but the individual’s anonymity will be assured. The committee will then consult with the pastor to establish the proper treatment and support.

5. The Board and Cabinet will do everything possible to protect the future in the Baltimore-Washington Conference of any clergyperson who becomes involved in substance abuse, acknowledges an addiction problem and seeks help in this process.

¶4021. Keeping Our Sacred Trust: Professional and Sexual Misconduct Policy for Ministry Professionals in the Baltimore-Washington Conference of The United Methodist Church

I. Purpose:

A church ministry professional is in a position of power and authority, which entails a sacred trust to maintain an environment that is safe for people to live and grow in God’s love. Church ministry professionals sometimes violate the trust given them. Professional and sexual misconduct within ministerial relationships inhibits the full and joyful participation of all in the community of God, hinders the mission of Jesus Christ, harms individuals, families, and churches, and is a betrayal of that sacred trust.

Each ministry leader has the responsibility to avoid actions and words that hurt others, and also to protect the vulnerable against actions or words that cause harm. It is both the ethical and the legal responsibility of the Annual Conference to ensure that there are procedures in place for making and responding to complaints of professional or sexual misconduct. The Baltimore-Washington Conference does not condone or tolerate instances of professional or sexual misconduct. As a conference we are committed to procedural integrity and pastoral care through a fair process of justice-making for victims and survivors, accountability for abusers, and healing for all parties.

This policy seeks to mitigate instances of sexual misconduct among or by those assigned or appointed to serve in positions of pastoral leadership by providing resources for clarity, accountability, and training on issues of sexual misconduct; along with guidelines for responding to incidents of misconduct, should they occur. This policy does not supplant the formal complaint process and its attendant fair process protection as found in the 2016 Book of Discipline. Rather the policy stands alongside it, to ensure the deepest clarity of definitions, expectations, and processes.

II. Theological Foundation:

Every human being is created in the image of God and therefore possesses sacred worth, which must be respected in all relationships. We are one connected body, and when one part of the body is injured physically, emotionally, or spiritually, the whole body suffers. (I Corinthians 12:12-26)
Galatians 3:26-29 reminds us that we are all God’s children. United Methodists “support equity among persons without regard to ethnicity, situation, gender,” or age. (¶ 2044, 2016 Book of Resolutions) We further seek to create environments of hospitality in which persons are shown and schooled in respect, equality and the kinship of Jesus Christ while also protected from misconduct.

Professional and sexual misconduct are abuses of power and authority. Such abuses are not only an act against one person, but an act against fellow ministry professionals, members in the local congregation, the church at large, and God.

III. Definitions:
A. Ministry Leaders: Ministry leaders are defined in our context as those persons who have been entrusted with authority within a congregation or faith community and its facilities by virtue of being appointed or assigned by the Baltimore-Washington Conference, or being employed or elected by the local church or faith community. (¶ 2044, 2016 Book of Resolutions).

B. Sexual Misconduct: “Sexual misconduct within ministerial relationships is a betrayal or sacred trust. It is a continuum of sexual or gender-directed behaviors by either a lay or clergy person within a ministerial relationship (paid or unpaid). It can include child abuse, adult sexual abuse, harassment, rape or sexual assault, sexualized verbal comments or visuals, unwelcome touching and advances, the use of sexualized materials including pornography, stalking, sexual abuse of youth or those without the capacity to consent, or the misuse of the pastoral or ministerial position using sexualized conduct to take advantage of the vulnerability of another” (¶2044, 2016 Book of Resolutions).

C. Sexual Harassment: We define sexual harassment as any unwanted sexual comment, advance, or demand, either verbal or physical, that is reasonably perceived by the recipient as demeaning, intimidating, or coercive. Sexual harassment must be understood as an exploitation of a power relationship rather than as an exclusively sexual issue” (¶161.J, 2016 Book of Discipline) Sexual harassment “can create a hostile, offensive environment that can include unwanted sexual jokes, repeated advances, touching, or comments that insult, degrade or sexually exploit women, men, elders, children, or youth” which “alters the conditions of employment or volunteer work or unreasonably interferes with the employee or volunteer’s performance” (¶ 2-45, 2016 Book of Resolutions).

D. Complaint: complaint is a written, signed, and dated report claiming misconduct, as defined in ¶2702.1 (clergy) or ¶2702.3 (laity) of the 2016 Book of Discipline, received by the Bishop (¶362).

E. Complainant: A complainant is a person who submits a written, signed, and dated complaint regarding an alleged incident of sexual or professional misconduct.

F. Respondent: A respondent is a person against whom a complaint is made.

G. Just Resolution: The complaint procedures in ¶362 “may include a process that seeks a just resolution.” “A just resolution is one that focuses on repairing any harm to people and communities, achieving real accountability by making things right in so far as possible and bringing healing to all the parties.” (¶362, 2016 Book of Discipline).

IV. Procedures for Reporting and Responding to Complaints of Misconduct
A. Anyone who desires to discuss a concern regarding sexual or professional misconduct may contact their pastor, another United Methodist clergy person or, a District Superintendent. The contact information for District Superintendents may be found at www.bwcumc.org.

B. Persons may contact a confidential hotline staffed by the General Commission on the Status and Role of Women for additional information or support. COSROW hotline: 1- 800-523- 8390.
C. The two aforementioned processes are first steps toward making a formal complaint. The Report of Ministry Leader Sexual or Professional Misconduct Form is a standardized form that can be used for reporting concerns to the Bishop about misconduct in writing. The form can be obtained by contacting a District Superintendent or downloaded from the conference website at bwcumc.org.

D. When an allegation of misconduct is subject to mandatory reporting requirements by the state (as can be the case with a minor or an adult incapable of self-reporting), it shall be reported to the Bishop and to the appropriate authorities and agencies. All persons serving as pastoral leaders are responsible for knowing the reporting requirements in the area where they serve.

E. The provisions of ¶361, 362, 363, and 2701-2719 of the 2016 Book of Discipline (as well as any other relevant paragraphs) shall determine the procedure for responding to the complaint.

F. Legitimate complaints are encouraged and will be taken seriously. Retaliation against anyone who in good faith reports an act of ministerial misconduct will not be tolerated and will be handled through appropriate discipline. However, individuals who make false, frivolous, or malicious complaints will be held accountable. Immunity from prosecution of participants in administrative or judicial processes is described in ¶361.3 and ¶2701.4d of the 2016 Book of Discipline.

G. Upon receiving a written, signed and dated complaint, immediate action will be taken in accordance with the provisions of the current Book of Discipline for just resolution, real accountability, and healing for all parties.

H. The Bishop or any District Superintendent may receive or initiate complaints about the performance or character of a ministry leader (¶362.a, 2016 Book of Discipline). Confidentiality will be preserved, and general information will only be shared on a need-to-know basis. However, a certain degree of transparency is essential for the process of just resolution, real accountability, and healing for all parties.

V. Cyberspace and Social Media Guidelines:

   Social Media is comprised of a variety of online activities and anything posted remains accessible, even if it has been deleted. Sexual and professional boundaries can be violated in cyberspace. Messages that contain threatening, obscene, offensive, vulgar, profane, pornographic, racist, sexist, hurtful, tactless, demeaning, libelous, defamatory, sexually explicit, sex-ual innuendo, and the like, even though no harm or hurt is intended, are inappropriate. Anyone who participates in this form of misconduct is subject to discipline. Care should be taken to be wisely selective about sites visited, and messages that are posted online.

VI. Dating Between Clergy and Parishioners:

   The Judicial Council asserts that dating, romantic or sexual relationships between clergy and their parishioners “are never appropriate because of the imbalance of power” (Decision 1228). Therefore, dating between clergy and their parishioners cannot be considered a situation of two consenting adults entering into a relationship, and it is an act of misconduct for a clergyperson to enter into a dating relationship with a parishioner. For the sake of maintaining healthy boundaries and preventing a betrayal of sacred trust, a clergyperson who has a genuine desire to date a parishioner must contact their District Superintendent and, in consultation with the District Superintendent, determine a reasonable course of action for discontinuing the pastor/parishioner relationship before beginning a dating relationship.

VII. Sexual and Professional Misconduct Response Teams:

   Bishops or their designees may deploy a Response Team whenever a congregation experiences a trauma. Response Team ministry provides a way for judicatory leaders to enable effective assessment, intervention, training and resourcing of congregations experiencing events affecting congregational health by enlisting a group of persons with training, expertise, and resources in specific areas of ministry. A Response Team is implemented to support and facilitate the healing of all parties. The Response Team is not called to any judicial or Disciplinary processes for legal resolution of a situation.
VIII. Training and Other Requirements

A. Per the Book of Resolutions, all United Methodist clergy are required to receive up-to-date ethics training regularly (¶2044, 2016 Book of Resolutions). The Baltimore-Washington Conference requires all appointed ministerial professionals to complete official/approved training on professional boundaries and sexual ethics every appointive year, covering topics which may include identifying sexual misconduct, techniques for maintaining appropriate boundaries, and ways to keep one’s self and congregation safe. At least one training during the quadrennium must be completed in an interactive model either in-person or via an interactive platform such as Zoom. The others may be completed through a self-led online course. A current list of possible trainings will be maintained and available at www.bwucumc.org/resources/safe-sanctuaries. All transfers and candidates for ministry are required to complete these trainings prior to commissioning, appointment, or assignment, whichever comes first. Compliance with these trainings is a condition of employment or ministerial appointment.

B. In order to ensure equitable access to trainings for all ministry leaders, funding for training may be made available through the Ministerial Education Funds (MEF) up to $100 per year.

C. The well-being of ministry leaders is of upmost importance. To care wholistically for leaders in a manner that seeks to be supportive and restorative, a ministry leader shall complete a background check every five (5) years that includes a federal criminal background check. Any concerns arising from a background report are to be sent to the Episcopal Office to determine a course of action. In addition, it is understood that any programs or activities within any ministry site that engage with vulnerable populations shall comply with all state and local standards for criminal background checks.

D. Reporting of completed trainings will be required on an annual basis through church conference forms.

This policy will be readily available for all those in ministerial positions in the Baltimore-Washington Conference at www.bwcumc.org.

b. Clergy Ethics: https://congregationu.com/course-clergy-ministerial-ethics/ (2 hours) - this course covers a broader range of ethics than only sexual ethics, but sexual ethics is included - $22

¶4022. Pedophilia

Anyone confessing or proven to be guilty of pedophilia, through either ecclesiastical or civil procedures, shall be deemed unacceptable for ordained, diaconal, or licensed ministry in the Baltimore-Washington Conference and, therefore, shall surrender their credentials.
¶4023. Administrative Complaint—Protocol and Procedures

The following is extracted directly or summarized from the 2016 Book of Discipline ¶ 359. See the page following the last item in this paragraph for the process map outlining this policy.

1. Clergypersons are evaluated on their ability to minister in the areas of Word, Sacrament, Order and Service, as defined by the responsibilities and duties outlined in ¶ 340 of the 2016 Book of Discipline. “When an associate or full member clergyperson’s effectiveness is in question, the bishop shall begin the procedure for determining the need for Administrative Location.”

2. “If the process [defined by ¶ 359 of the Book of Discipline] has been completed and has failed to produce sufficient improvement, the District Superintendents may request that an associate or full member be placed on Administrative Location without the consent of the clergy member.”

They shall provide the clergy member and the Board of Ordained Ministry, in writing, specific reasons for the request.

3. The Conference Relations Committee of the Board of Ordained Ministry shall conduct a fair process hearing as set forth in ¶ 361.2 of the 2016 Book of Discipline. The committee shall report the result of the hearing to the full Board of Ordained Ministry for its action. Any recommendation for Administrative Location shall be presented from the Board of Ordained Ministry at the next following meeting of the clergy session for final action.

4. An associate or full member may be placed on Administrative Location between sessions by the Board of Ordained Ministry on an interim basis. The interim action would then be subject to approval of the clergy session of members in full connection with the Annual Conference at its next session.

5. Administratively located clergy shall not continue to hold membership in the Annual Conference, and they shall surrender their certification of conference membership for deposit with the Conference Secretary.

6. Clergypersons that have been placed on Administrative Location by the Baltimore-Washington Conference shall designate a charge conference within the bounds of the Annual Conference. The clergyperson must first consult with and acquire written consent of the District Superintendent, pastor of the charge, and the Staff-Parish Relations Committee of the local church chosen for designation. Ministerial service shall be limited to that charge and must be preceded by written consent of the pastor of the charge and the District Superintendent with the approval of the bishop and the Staff-Parish Relations Committee. The clergyperson must submit to the charge conference an annual report of all ministerial actions performed including marriages, baptisms and funerals. Failure to submit this report to the Board of Ordained Ministry for two (2) consecutive years, “may result in the termination of orders upon recommendation of the Board of Ordained Ministry and vote of the clergy session”.

7. Ordained ministers on Administrative Location may request, in writing, to the bishop, cabinet, and Registrar of the Board of Ordained Ministry, that the Annual conference grant them the status of administrative location-retired requests must be made at least 90 days prior to the annual conference session. If approved, the clergyperson remains accountable to the charge conference in which they hold membership as per #6 above.

      ii. Retiring pastors moving beyond the conference boundaries have the option of requesting that the committee make their arrangements or making their own arrangements. In either case,

          1. For retiring pastors moving outside the conference boundaries, the average cost of professional moves for the previous year is the limit of conference coverage for these moves.

          2. Moving arrangements and costs for retired pastors are only covered for their move into the retirement home.

1. Conference Members in full connection who are appointed to attend school. This shall apply only to the first move within or outside the Conference boundaries, up to the dollar limit of the Conference Moving Policy.

5. Upon recommendation of the Cabinet, in consideration for past service, the Committee shall be responsible for arranging and paying for the moves of:
   a) Conference Members in full connection, Provisional Members, Associate Members and Pastors placed on Leave of Absence or Involuntary Location. This shall apply only to the first move.
   b) Local Pastors who are discontinued.
   c) Pastors who withdraw from the Conference, not to exceed $500

6. The Committee shall have no responsibility for:
   a) Conference Members in full connection who transfer out of the Conference.

   d) Those going to or returning from an Extension Ministry as a non-conference employee.

7. The Policies and Procedures of the Committee are as follows:
   a) The committee will request that the
      (1) Cabinet provide a list of all moves.
      (2) Conference Board of Pensions and the Cabinet provide a list of all retirements and disability leaves.
     b) In accordance with its responsibilities as outlined above, the Committee shall determine the move schedule, establish the specific moving date for each move and assign the move to an authorized moving company.
     c) The Committee will inform the Pastor to be moved, the moving company, the District Superintendent (where the move originates) and the SPRC chairperson (of the originating church), of the date, time and moving company.
     d) The Committee will negotiate all unresolved damage claims with the moving company, provided such claims were presented in writing to both the moving company and the initiating District Coordinator, no later than (10) days following the move.
     e) All moves shall originate from the primary residence with one allowable stop at the church office for unloading. Additional stops and/or storage are the responsibility and expense of the pastor.
     f) The Committee shall receive an Evaluation Report from each moving pastor concerning satisfaction with the move. This will be used in planning and fulfilling the committee’s work for the next year.

8. The Conference, through the Committee, is financially responsible for:
   a) The cost of the move up to 15,000 pounds. When a clergy couple each moves to a new appointment, the weight limit will be negotiated between the committee and the clergy spouses.
Policies & Procedures of the Baltimore-Washington Conference

b) The cost of packing mirrors and large pictures only. The clergy family will obtain or arrange for all other packaging materials themselves.

c) Insurance coverage is set at $3.50 per hundred pounds, for a maximum liability of $52,500.

This provision shall be carried out by reimbursement to the pastor(s) only after receipts for the paid bills have been submitted to the Conference Treasurer. An exception shall be granted to students going to an appointment who shall be paid the monies necessary for the appropriate items upon proper presentation of the unpaid bills. All aspects of this provision shall be completed within six (6) months of the appointment and/or change of status. No claims shall be honored or considered after this six-month period has expired.

9. Due to the tax liability incurred by covered moving costs, active and retired pastors whose expenses are covered under this policy shall be provided with a tax liability allowance equal to 30 percent of the Conference financial liability for the move. A 1099-NEC will be issued by the Finance Office to impacted pastors at yearend to document the full amount of the moving benefit plus the tax liability allowance.

10. The Conference, through the Committee, shall be responsible for reimbursement of move expenses originating or locating outside of Conference boundaries. The moving pastor is responsible for arranging and paying for these moves. Reimbursement shall not exceed the average cost of conference moves by moving companies in the preceding year. Retiring pastors, however, may request that the Committee arrange their move. [Anyone mentioned in this Policy whose moving expenses are not the Conference’s responsibility may ask the Committee to use its contracts with authorized movers to achieve for themselves the best available estimate.]

11. All moves shall be completed within six (6) months of the fixed date of the appointment and/or change of status. No claims shall be honored or considered after this six-month period has expired. (After 6 months ¶4028.6.c applies.)

12. Large bulky items such as trailers, boats, autos, or any other heavy non-household/office items adding weight and time to the move are not authorized by the Conference. 14. Clergy should contact the Committee through their District Moving Coordinator, if and when they have been confirmed for a new appointment.

15. District Superintendents should refer to or explain the Conference Moving Policy and Procedures to the clergy person as soon as a new appointment is arranged. District Superintendents should also notify the District Coordinators and the Conference Coordinator about all moves that need to be arranged outside the normal calendar of the appointment process as soon as they are confirmed.

16. All funding for the above provisions shall come from the Conference budget line item assigned for Pastors Moving Expenses. Moving bills are to be identified with the name of the pastor and sent to the Conference Treasurer, and a copy also sent to the pastor. The Conference Treasurer shall be authorized to pay the individual moving company directly on behalf of the pastor up to the maximum as defined in this policy.

Section II. Commission on Equitable Compensation

The Commission on Equitable Compensation (CEC) is responsible for the policies and procedures in this section.

¶4028. Equitable Compensation

1. The Conference Equitable Compensation Base shall be increased annually at the rate of increase determined by a labor market survey conducted by the CEC.

2. A full-time pastor appointed to a local charge shall receive a salary not less than his/her Individual Equitable Compensation Base (the Conference Equitable Compensation Base plus the appropriate service increment). Equitable Compensation funds may be made available to fund second pastors on a particular church staff only in circumstances which require special pastoral leadership. Need and potential must be substantiated with supporting data at an appearance by the administrative leaders of the local church and the District Superintendent before CEC. On the Charge Conference Salary form which carries the minimum salary figure, the average conference salary (based on 100 percent of the conference churches) shall also appear.

3. Full-time pastors shall receive service increments above the Conference Equitable Compensation Base. After the first calendar year (January 1 - December 31) of full-time service a pastor shall receive a service increment for each year of service up to a limit of 15 years of service in the United Methodist ministry. This includes years served in the former EUB Church, the former Methodist Church, and other Conferences of the United Methodist Church. Only those years when full pension credit was granted may be used in this computation. Credit for part-time service is calculated on the number of years a pastor served 1/4, 1/2, or 3/4 time; for example, four years at 3/4 time equals three service years. Fractional remainders are omitted from this computation.

4. Salaries of part-time pastors appointed to a local charge shall be negotiated between the pastor, the District Superintendent and the local charge. Claims upon the Equitable
Compensation Fund for the salaries of any part-time pastors will be given specific consideration by CEC upon the recommendation of the District Superintendent.

5. The chairperson and/or the vice chair of CEC shall have the authority to act between meetings, reporting any actions taken at the next meeting.

6. The Commission affirms the action of the Conference that fair and equal compensation programs be established for Diaconal ministers as follows:
   a) Basic compensation shall be comparable with the starting salaries of ordained ministers in the Conference;
   b) Increases in salary shall be linked with increases in job description responsibilities and years of experience;
   c) The total compensation package shall include appropriate provision for medical and pension plans; and
   d) All travel, professional and business expenses shall be paid by reimbursement. Full payment of reimbursable professional expenses shall be paid to each diaconal minister following Internal Revenue Service codes in line with the budget of local church and employing agency.
   e) Each church or agency employing a diaconal minister shall make possible earning Continuing Education Units (CEUs) opportunities through allocation of funds and time. Continuing education expenses shall be reimbursed at the level set by the Conference. Up to two weeks leave shall be provided for continuing education, in addition to the vacation period.

7. That any church presently receiving Equitable Compensation Fund support shall have that support phased out over a five-year period. The phase out will be at 20 percent per year. Any charges receiving support shall be limited to five years with a phase out of 20 percent per year from whatever is the amount paid in the base year.

8. Maximum Assistance: The maximum assistance available to a local charge shall not exceed 35 percent of the Individual Equitable Compensation Base (IECB) (the total of the Conference Equitable Compensation Base and that pastor's service increment). Exceptions to this 35 percent limitation may be granted to ethnic minority churches and to churches with specific ministries to persons with handicapping conditions. Salary support for these churches shall be determined by CFA on recommendation of the appropriate District Superintendent but shall not exceed what would otherwise be payable by 10 percent. No Equitable Compensation funds shall be used to supplement a pastor's salary when the salary from all sources is in excess of that pastor's Individual Equitable Compensation Base. Equitable Compensation Funds shall not be used for any pastor receiving a salary higher than his/her Individual Equitable Compensation Base. All income from any Conference agency must be included when determining the pastor's salary. Special ministries and missional situations that involve salary support above the IECB shall use other funding sources. The Greater Ministry Fund is administered by and used solely at the discretion of the cabinet in managing unusual and complicated pastoral appointments which exceed the limitations of other salary funding sources. The Equitable Compensation Fund cannot be used for any housing allowance expense; this property belongs to the churches. The Equitable Compensation Fund shall be used solely to guarantee every full time pastor his/her IECB. Equitable Compensation funds may be available to pay salary in excess of that pastor's IECB in circumstances which require strategic
pastoral leadership. Need and potential must be substantiated with supporting data at an appearance before the CEC by administrative leaders of the local church and the District Superintendent.

9. **Evaluation Requirement:** Any church that wishes to undertake a major building program which will cost 10 percent or more of the present value of the property and also continue to receive Equitable Compensation assistance must participate in an evaluation by the cabinet.

10. **Annual Budget:** Funds will be allocated in the Conference budget for the work of the CEC. All funds shall be disbursed by the Conference Treasurer, based on prior approval of an application for Equitable Compensation support. Checks will be mailed quarterly by the Conference Treasurer to the charge or church treasurer, who will remit promptly and at least monthly to the pastor the appropriate amount along with the payment from the church.

11. **Application Approval:** Before any claim can be approved, the District Superintendents shall be required to submit the required CEC application form by January 10th of each year for those appointments effective January 1, and by July 10 for mid-year appointments. Necessary adjustments and changes at the beginning of a new appointment shall promptly be made when the District Superintendents have submitted the application forms to the cabinet and CFA. Emergency applications may be submitted at anytime.

12. **Cabinet Cooperation:** The District Superintendents are requested to explain the philosophy and intent of the Equitable Compensation program to charge Conferences receiving Equitable Compensation support. The District Superintendents should also encourage each charge to provide the maximum salary, accountable professional expense reimbursements and other benefits for their pastor(s).

13. **Necessary Rules and Regulations:** The CEC shall have the authority to make such rules, regulations and exceptions as are necessary for the performance of its function within the framework of the provisions of these policies and the provisions of the current *Book of Discipline*. The CEC shall continue to seek avenues and means of assisting the local church in the salary and compensation setting process for their pastor(s).

¶4029. **Expense Reimbursements**

In the course of ministerial service, personal out-of-pocket expenses fall into three general categories:

1. **Automobile Expenses.** The automobile reimbursement is to enable the pastor to purchase or lease an automobile and to pay all operating expenses to a percent level commensurate with the usage of the car for ministerial responsibilities as well as those usages that normally fall within the role of a pastor in the community. Conference, district, chaplaincy, educational, civic and/or charitable organization participation are examples but are not meant to be an all-inclusive list. All charges are encouraged to analyze the automobile expenses of their pastor(s) and make appropriate reimbursement arrangements in keeping with mileage allowances permitted and record keeping requirements under appropriate Internal Revenue Service (IRS) guidelines.

2. **Professional and/or Business Expenses:** Miscellaneous out-of-pocket expenses that occur as a direct result of the performance of ministerial responsibilities should be a subject of consultation and a memorandum of understanding between the Staff-Parish Relations Committee and the pastor so as to eliminate any controversy about whether or not incurrence
of such expenses are authorized. The CEC continues to encourage each church to follow a program of direct reimbursement of all business expenses incurred by the pastor(s). When travel is required by the local church, it may include mileage, rail, bus or air fares, lodging, meals, taxi and other direct expenses incurred in the course of such travel when not reimbursed by any other agency. The Commission believes the pastor should have access to current appropriate professional journals, periodicals, newsletters and books. Providing access to such publications should be recognized in the church budget as professional and business expenses and should not be considered income to the pastor.

3. Continuing Education: Each charge shall assume responsibility for making possible continuing education opportunities for their pastor(s) through the allocation of funds and time. Each charge shall provide a continuing education expense reimbursement at the level set by the Annual Conference and shall allow up to two weeks leave, which may include two Sundays, for continuing education in addition to the vacation period. This time and money shall be used as needed to help meet the continuing education requirement of the Conference.

¶4030. Utilities

All utility costs for the parsonage are to be paid by the charge. Essential utilities are defined as: heat, electricity, gas, water, sewerage, trash collection, telephone (except for personal toll charges) and basic television cable service where needed.

¶4031. Parsonage Standards and Other Housing Items

1. Parsonage Standards: All charges in the Conference are expected to provide a place of residence for each appointed pastor. In those instances where a housing allowance is paid in lieu of providing a parsonage, such allowances shall be a matter for negotiation between the District Superintendent, the pastor and the charge involved. The following standards should be followed whenever they can be achieved without undue hardship, economic or otherwise, to the congregation, and in all cases when building codes for that particular parsonage location require such equipment and/or amenities.

a) Decisions on location of parsonages are the responsibility of the local churches and the District Board on Church Locations and Buildings, but wherever feasible, parsonages should be located in suitable residential areas in the community being served.

b) The size and cost of the parsonage shall be in keeping with the community where it is located. It should be noted that some of the parsonages in older residential areas may not comply with some of the standards being set forth due to limitations of space and local building codes. In situations where these conditions exist, every effort should be made to comply with other standards, particularly the health and safety standards. In acquisition of new parsonages or major renovations of existing parsonages, attention should be given to providing accommodations for the differently abled.

c) The following list shall serve as a guideline for parsonage standards:

(1) Health and Safety Standards

(a) Battery operated smoke detectors and carbon monoxide detectors shall be provided on each level of the parsonage.

(d) Safe and adequate water supply. Water from private wells shall be tested for contaminants and excessive minerals as needed.
(e) Adequate residential electrical power with sufficient outlets designed for modern appliances.
(f) Adequate modern bathroom facilities.
(g) Stationary laundry tubs with proper valves for washing machine hook-up.
(h) Hot water heater, minimum of forty (40) gallons of gas; higher capacity if electric. High efficiency and quick recovery units are suggested.
(i) Sewerage systems shall meet the requirements of local jurisdictions. Private septic systems shall be properly maintained and inspected on a regular basis.
(j) Central heating system properly maintained for adequate heat distribution and high efficiency.
(k) Storm doors and windows with screens.
(l) Adequate insulation.
(m) Sufficient air conditioning for needs of location and parsonage family.
(n) In areas where radon contamination has occurred, parsonages shall be tested for radon contamination within 90 days of learning of the problem, unless the house has been previously tested and certified as radon-free. If radon contamination is detected in a parsonage, steps to correct the problem shall be initiated within six months, in order to bring the radon level within the dwelling into compliance with local health codes.
(o) Older homes shall be inspected for the presence of asbestos material, and lead-based paint that may have been used in construction and on heating units.
(p) Adequate security shall include a secure locking system for the parsonage with appropriate lighting for security.
(q) Parsonages shall be provided with a safety cut-off for electricity, water and gas sources when feasible.

(2) Room Standards - All parsonages should have the following minimum number of rooms:
(a) Living room of suitable size for families.
(b) Dining room with minimum seating space for eight (8) people.
(c) Kitchen with ample storage space, working counter space and durable floor covering. Family eating area is desirable.
(d) Bedrooms, a minimum of three (3) adequate size bedrooms is required; four (4) is preferable.
(e) Bathrooms, a minimum of one and a half (1-1/2) modern baths.
(f) Utility room or area in basement or on ground level.
(g) Closet space in each bedroom and a guest closet on the first floor.
Policies & Procedures of the Baltimore-Washington Conference

(h) If a study for the pastor is not available at the church and is located in the parsonage it should have a private entrance and it should be equipped with suitable office furniture.

(i) A family or recreation room should be considered as a feature of the parsonage if a new parsonage is being built or purchased.

3. All parsonages should have the following appliances and furnishings:

(a) Kitchen
   (i) Refrigerator with adequate freezing compartment
   (ii) Cooking range with oven or counter-top range and oven
   (iii) Garbage disposal (where county code allows)
   (iv) Installed automatic dishwasher
   (v) Exhaust fan
   (vi) The following items should be considered for the kitchen:
       - Microwave oven
       - Freezer

(b) Utility area
   (i) Automatic Washing Machine
   (ii) Automatic Dryer

(c) Window and Floor Coverings
   (i) Curtains or draperies for all rooms. These items should be of a neutral color
   (ii) Carpeting or floor coverings, whichever is appropriate, for all rooms

(d) All parsonages shall have, where applicable or feasible:
   (i) Garage with ample space for lawn and garden equipment
   (ii) Hard surface driveways and walks
   (iii) Lawn mower and hedge trimmers if needed
   (iv) Outside TV antenna or cable hook-up where needed
   (v) Outdoor living space suitable for recreation and beautification

(e) Each member of the clergy residing in a church-owned parsonage shall carry homeowners tenant insurance for property damage and liability coverage.

2. Inspections

a) In each local church there shall be an annual inspection of the parsonage using the Charge Conference form provided by the District Superintendent.

b) At the time of a change in pastoral appointment, it shall be the responsibility of the outgoing pastor and the local church committee responsible for the parsonage jointly to inspect the condition of the parsonage. The outgoing pastor shall reimburse the local church for damages to the parsonage beyond normal wear and tear. It shall be the
responsibility of the local church to see that the parsonage is in good repair and condition for the incoming pastor.

c) There may be a District Committee on Local Church Parsonages. This committee shall be elected by the district and consist of five (5) laypersons and five (5) clergy. The committee's responsibilities may include:

(1) A visit to each local church parsonage in the district at least once per quadrennium.

(2) To verify the status of that parsonage in relationship to the parsonage guidelines as stated in the "Conference Policy Journal" for the prior session.

(3) To respond to special appeals concerning problems from the parsonage family and/or the congregation.

(4) To negotiate with the pastor and the local church/charge Staff-Parish Relations Committee with respect to compliance with the Conference recommended standards for parsonages. In the event the parsonage does not conform to these guidelines, we encourage the pastor to refer the matter to the District Superintendent for appropriate action.

3. Record Book: It shall be the responsibility of the charge committee related to the parsonage to maintain in every parsonage a parish book or file in which the following shall be recorded and/or filed:

a) List of appliances with date and place of purchase of each.

b) Maintenance agreements for each appliance purchased by the church and identification of whom to call for service for each appliance.

c) Instructions for use of and warranties for parsonage equipment.

d) Location of properly labeled electrical panel or fuse box.

4. Furnishings, Furniture and Furniture Allowances. Within the framework of ¶ 4032.1 charges are to provide an unfurnished parsonage for each pastor.

a) An unfurnished parsonage is defined as one containing the major appliances listed in the parsonage standards, floor and window coverings. Carpeting, draperies and sheer curtains shall be neutral in color.

b) Charges served by part-time pastors shall negotiate parsonage and living arrangements with the charge, the pastor and the District Superintendents.

c) When setting pastors' salaries, churches shall continue to consider that pastors are meeting the additional costs of replacing and maintaining furniture for the parsonage, costs formerly borne by the churches. In those charges without adequate meeting space in the church and where, as a result, the parsonage becomes the center of much activity and many meetings, special consideration be given to furniture wear and tear.

d) When recommending the Conference Equitable Compensation Base, the CEC shall consider that pastors purchase and maintain their own furniture. Further, each local church that provides a parsonage may designate a portion of the pastor's base salary as a furniture expense reimbursement in accordance with the guidelines of the IRS.

e) Churches shall not relinquish ownership of genuine heritage items available for use in parsonages. However, these items should remain in the parsonage only if the pastor in residence wishes to use them. If the pastor does not wish to use the items in the parsonage, the appropriate local church committee shall arrange for proper use or
Policies & Procedures of the Baltimore-Washington Conference

storage of the items. Such heritage items shall appear on an inventory record in the parsonage book or file.

5. Mutual Responsibility

a) The churches of the Baltimore-Washington Conference and its clergy members commit to mutual responsibility in the maintenance of parsonages as housing for clergy. Those responsibilities include:

1) Inspection of parsonage at the time there is a change of appointment, both as the outgoing pastor is moving, and as the incoming pastor arrives. A "Parsonage Report" (as submitted at the Charge Conference meeting) shall be submitted to the District Superintendent upon the completion of each inspection. The outgoing pastor shall arrange for inspection within two weeks of the announcement to the congregation of an appointment change.

2) Maintaining uninterrupted utility service (where applicable) for the incoming pastor when a change of appointment is made.

3) Maintenance of parsonages in reasonable condition, with the parsonage left in clean and move-in condition when clergy move to another appointment.

4) The parsonage family will assume financial responsibility for any structures or equipment provided especially for the convenience of their family (i.e., fences, swing-sets, housing for pets, etc.).

5) Dispensation of items in #4 d shall be the responsibility of the parsonage family, before moving to a new appointment, unless written permission is secured from the local church to leave it intact.

6) Major renovations to a parsonage shall be accomplished in an ongoing and timely manner and arranged so as to cause the least disruption to the parsonage family. The limited time period available at the time of moving will not ordinarily allow major renovations to take place at that time.

7) Any damage beyond normal wear and tear to carpets, flooring, drapes, doors, lawn, etc., will be the responsibility of the parsonage family. If the parsonage sustains damage, the Trustees, the SPRC and the outgoing pastor shall attempt to negotiate an amicable resolution. Any issue that cannot be resolved by the Trustees, the SPRC and the pastor shall be submitted to the District Superintendent, who will make a final determination. The District Superintendent shall retain the option to bill the outgoing pastor for the expenses involved.

8) The parsonage family shall sign an agreement to "hold harmless" the local church, the Annual Conference, the Bishop and Cabinet and The United Methodist Church from negative consequences of action by any pet. Further, it shall be agreed that the parsonage family will remove any pet that becomes a threat either to persons or property.

¶4032. Housing Allowances

1. Each local church/charge has the choice of providing either a parsonage or housing allowance as deemed best for the church/charge in its present circumstances.

2. When a housing allowance is provided, the clergy family is expected to secure housing within the immediate area of the church/charge not to exceed a 25-mile radius of the church/charge.
to which the pastor is appointed (effective with new appointments beginning after January 1993). This shall not affect pastors who have purchased their housing prior to January 1993, except as negotiated with the District Superintendent.

3. The amount of housing allowance provided for full-time pastors shall be negotiated with the District Superintendent, pastors and SPRC and shall be adequate to provide housing comparable to what a parsonage would have provided including utility costs.

4. For equitable compensation purposes, housing allowances in excess of the limit set for conference staff shall be considered salary.

¶4033. Vacation

The date(s) of the vacation period(s) shall be mutually agreed upon to serve both the desire of the pastor(s) and the needs of the charge. This agreement shall be worked out by the Staff-Parish Relations Committee in close consultation with the pastor(s). Although charges may grant time off in excess of, but not less than, the applicable figure, the following vacations are recommended as minimum benefits for pastors in these stated categories:

1. Full-time pastors. Every full-time appointed pastor is entitled to four weeks vacation per year, including four Sundays. A pastor serving the first year of a first appointment shall negotiate the vacation schedule with the Staff-Parish Relations Committee.

2. Part-time or supply pastors. Vacation time as negotiated between the District Superintendent, the pastor and the charge served.

3. Exceptions
   a) Pastors who serve as chaplains in reserve units of the armed forces and who are required to serve two weeks annually on active duty shall be granted such time off in addition to their regular vacations.
   b) Pastors who serve on the volunteer staff in Conference camping activity shall be permitted one week of such service during each appointment year without affecting salary or vacation time.
   c) Local pastors who attend an approved United Methodist Course of Study School shall have the requisite vacation time in addition to the time spent at school.
   d) Pastors who serve as members of district, Conference, jurisdictional and/or general church agencies shall be granted time for such participation without impact on the vacation entitlement.

4. Pulpit supply for vacations, illness, emergencies or Conference professional obligations shall be paid for by the local church.

¶4034. Sabbath Leave

The Baltimore-Washington Conference approves in principle the concept of Sabbath Leave for clergy to help restore perspective on God-given tasks, to bring a sense of appreciation for themselves and their church and to assist in the restoration of effectiveness and balance in ministry. Such Sabbath Leave would:

1. Be with the encouragement and approval of the District Superintendent and the cooperation of the local church.
2. Be for a period of three months, available every seventh year to those under full-time appointment.

3. Include a reflective report on its value and effects to the District Superintendent and Board of Ordained Ministry's Mid-Career Committee.

4. Encourage pastoral duties during the period of the leave to be fulfilled by supply ministers, Certified Lay Ministers and neighboring clergy, with arrangements made by the local church and the District Superintendent.

¶4035. Sick and Maternity/Paternity Leave

1. It is expected that sick leave will be available as needed, and such leave shall not be charged to vacation leave. Sick leave shall be defined as that period of time when the pastor, because of illness, is unable to perform the normal duties of his or her appointment.

2. Family Leave and Maternity/Paternity Leave provisions are stated in the Book of Discipline.

3. During both sick or maternity/paternity leave, the pastor's full salary shall be maintained for no less than the first two months of leave, and for no less than eight (8) weeks of paternity leave. After the second month of sick or maternity/paternity leave, or after the first eight (8) weeks of paternity leave, and following consultation between the pastor, the charge Staff-Parish Relations Committee and the District Superintendent, the pastor's salary may be reduced up to 25 percent in order to provide assistance for pastoral supply. Recommendations exceeding the maximum 25 percent reduction, due to special circumstances, shall require approval by a majority vote of the Cabinet.

4. Sick Leave Policy. A pastor under full-time appointment shall continue to receive salary, benefits and housing during a period of illness or disability as further defined in this document. When a pastor becomes physically or emotionally ill, or injured and unable to perform his/her normal responsibilities, the local church Staff Parish Relation Committee, the District Superintendent, the pastor and the cabinet shall work together to carry out the responsibilities that will:

   a) provide the pastor with the required salary, benefits and housing;
   b) provide pastoral coverage for the local charge during the period of illness;
   c) provide the pastor with the necessary support to return to fulltime ministry;
   d) when the illness is long term (six months or longer) and the pastor is unable to perform his/her normal pastoral responsibilities, the responsible authorities will provide the necessary support for the pastor’s welfare by implementing the Medical Leave Due to Medical and Disabling Conditions under the 2016 Book of Discipline, ¶ 356.

¶4036. Disability Leave (Book of Discipline ¶357)

Disability leave may start at any time during the illness when medical requirements are met. When Disability Leave is taken, the provisions of the Book of Discipline take precedence over the provisions of this Sick Leave Policy.

1. Pastoral Responsibilities

   a) When a pastor is ill for more than three days, the pastor shall notify the Staff-Parish Relations Committee Chairperson or his/her designee.
Policies & Procedures of the Baltimore-Washington Conference

b) When the pastor's illness extends to ten days, the pastor shall notify the District Superintendent and provide a doctor's certificate of illness.

c) Should the pastor's illness extend beyond thirty days the pastor shall provide the SPRC Chairperson and the District Superintendent with a written statement from a physician which identifies when the pastor will be able to resume their pastoral responsibilities.

d) Should the physicians report state that the pastor should not return to work in the next thirty days, the pastor, the SPRC Chairperson and the District Superintendent shall meet to review the options relative to pastoral welfare and pastoral coverage.

e) Should the physician's report state that the pastor may return to work in the next thirty days, the pastor, the District Superintendent, and the SPRC Chairperson shall meet and decide the date for the pastor's return to full-time duty. When the pastor has performed their responsibilities for a period of ninety days, the sick leave for that illness is ended. Any future illness will be treated as a separate illness and will reinstate the sick leave policy.

2. Local Church Responsibilities

a) The local church shall be responsible for payment of salary, benefits and housing for the first sixty days of illness.

b) The local church SPRC shall be responsible for pulpit supply for the first thirty days of illness.

c) Should the illness extend beyond thirty days, the SPRC Chairperson shall be in consultation with the District Superintendent to arrange for interim pastoral coverage.

d) After sixty days the District Superintendent and the SPRC will determine responsibility for continuation of salary, benefits and housing.

e) The local church may use monies budgeted for vouchered professional reimbursable expenses to cover pulpit supply as required under this policy as prorated by the District Superintendent in consultation with the SPRC.

3. Conference Responsibilities

a) Should the period of illness extend beyond sixty days, the District Superintendent may apply for pastoral support from the Conference Sustentation Fund.

b) Should the period of illness be projected to be three months or more with little or no chance of returning full-time pastoral responsibilities, the pastor or the cabinet shall apply for Disability Leave under the provision specified in the Book of Discipline. This action shall be taken in consultation with the Conference Joint Committee on Disability Concerns, the Conference Board of Ordained Ministry and the Conference Board of Pensions and Health Benefits.

c) Should the pastor at some future date provide medical evidence that he/she has recovered sufficiently to return to active status, he/she may request an appointment.

¶4037. Clergy Compensation and Gifts

Charging of Fees for the Performance of Pastoral Duties.

1. The local church, in relation to the Annual Conference, accepts the responsibility of compensating the pastor. By providing a salary (at or above the minimum set by the Conference), housing and utilities, pension and health benefits, the local church makes it
Policies & Procedures of the Baltimore-Washington Conference

Possible for the clergy not to be otherwise employed and to be available for full time service as detailed by the Discipline. Because this compensation is given for services rendered it is generally inappropriate to charge fees for these services.

2. The Discipline clearly states that pastors are to preach, teach, administer the sacraments, perform marriage ceremonies, conduct funerals, visit and counsel. Indeed, counseling is specifically mentioned. Members and participants in the community of faith should not be charged for these services. The church has already compensated for them. In no case should these services be denied a person because of lesser contributions or an inability to pay.

3. There may be occasions when the pastor is requested to offer services extraneous to the life of the church and secondary to the prescribed duties of a pastor. On those occasions an agreed upon honorarium may be appropriate. On other occasions unsolicited gifts may be offered. Pastors may accept these gifts, using their ethically guided discretion.

4. Questions about when fees might be appropriate are best answered in consultation with the Staff-Parish Relations Committee or with the District Superintendent.

5. See Equitable Compensation section for additional information about clergy compensation.

¶4038. Other Financial Benefits

Whenever possible, local charges through their Staff-Parish Relations Committees are encouraged to provide their pastor(s) with special assistance to help cover such items as social security taxes, medical insurance coverage for dependents and voluntary pension contributions. These and all other additional benefits paid to or on behalf of any pastor are to be reported as salary when required by the Internal Revenue Service. When a pastor is receiving Equitable Compensation support, all such benefits shall be included in tabulating the amount of the local charge’s contribution toward salary. When setting a pastor’s salary local churches should keep in mind that the pastor must pay into Social Security at the self-employment rate on the salary, professional income and the fair rental value of parsonage and utilities or the housing allowance.

¶4039. Criteria for Full-time Station Appointments

1. The average attendance at worship for the preceding three years has grown or remained stable.

2. Full payment of all pastoral support (salary and benefits), Conference apportionments and other financial obligations for the preceding three years, with the projection that this will continue in the ensuing year.

3. Pastoral support, which includes the following: Salary, housing, pension, medical benefits, travel and continuing education allowances, does not exceed 50 percent of total church expenditures.

4. A Christian Education program which provides classes for all age groups within the congregation and community.

5. A Mission program which provides at least one form of outreach to the local community, either as a congregation, or in cooperation with nearby United Methodist churches, or through some ecumenical network.
A determination by the Cabinet that a church's missional presence in the community is as important as the above criteria and requires a full-time appointment.

¶4040. Criteria for Additional Full-Time Appointments

6. A determination by the Cabinet that a charge's missional presence in the community is as important as the above criteria and requires a full-time appointment.

¶4042. Guideline for Alternatives to Full-time Appointment

1. Where churches and charges do not meet the criteria in ¶4040-¶4042 above, the Cabinet shall first pursue parish alignments which will fall within those guidelines.

2. When parish alignment is not a viable option the Cabinet shall then consider appointment options which will provide pastoral leadership for the congregation(s) such as:

Currently the HRAs are administered by Via Benefits (formerly OneExchange), through Wespath.
   b) The Benefit varies according to credited years of service under appointment. No benefit accrues to the first 10 years of credited service. A full benefit is provided for 30 or more

¶4052. **Social Security**

The Board strongly recommends that all clergy of the Conference participate in Social Security, and not exercise any conscience clauses to opt out of Social Security. Eligibility for medical benefits in retirement and disability benefits through the CPP program, are both dependent on participation in Social Security and Medicare. Thus, one’s irrevocable decision to opt out of Social Security is a decision to be excluded from these Conference programs.

All requests should be written and will be reviewed by the Board of Pensions.    c) To be eligible for the 1% match, clergy must contribute at least 1% of their plan compensation into their United Methodist Personal Investment Plan (UMPIP) monthly.

3. Types of Pension Plans

The Pension plan in effect in a given year affects the plan in which clergy participate.

   a) Pre-82 Plan

   Pre-82 was the pension plan in place prior to 1982. ¶ 1506.7 (2016 Book of Discipline) grants authority to the Annual Conference to review the annuity rate each year for Pre-82 service and to adjust the PSR rate as appropriate, taking into consideration the changes in the economy. Such annuity rate may remain the same or be increased without restriction upon recommendation of the Board of Pensions and approval at Annual Conference.

   b) Ministerial Pension Plan (MPP)

4. Pension Non-Taxable Per IRS Statute

The resolution relating to Rental/Housing Allowances for retired and disabled ministers of the Annual Conference, the full text conforming with IRS and Social Security statues, will appear in the Board's report in the Annual Conference Journal and reads as follows:

a) Rental/Housing Allowances for retired or disabled ministers of the Conference

(1) Whereas, the religious denomination known as The United Methodist Church has and functions through Ministers of the Gospel who are duly ordained or licensed; and

(2) Whereas, the practice of The United Methodist Church is to provide a parsonage or a rental/housing allowance as part of the gross compensation for each of its active ordained or licensed; and

(3) Whereas, pensions paid to retired ordained or licensed ministers of The United Methodist Church are considered a deferred compensation and are paid to said retired ordained or licensed ministers in consideration of previous active service, and disability benefits are considered payments in lieu of compensation for activeservice; and

(4) Whereas, the Internal Revenue Service has recognized that the Conference is the appropriate organization to designate a housing/rental allowance for the retried ordained or licensed ministers who are members of this Conference; and

(5) Whereas, the disabled minister has the same legal relationship to a Conference as does the retired minister and, thus, this Conference is also the appropriate organization to designate a rental/housing allowance for a disabled ordained or licensed minister who is a member of this Conference;

b) Now therefore be it resolved that:

(1) An amount equal to 100% of the pension or disability payments received from plans authorized under the Book of Discipline of The United Methodist Church (the Discipline), which includes all such payments from the General Board of Pension and Health Benefits (“GBOPHB”), during the years 2017-2018 by each active, retired, or disabled Clergyperson who is or was a member of the Conference, or its predecessors, be and hereby is designated as a rental/housing allowance for each such Clergyperson; and

(2) the pension or disability payments to which this rental/housing allowance applies will be any pension or disability payments from plans, annuities or funds authorized under the Discipline, including such payments from the GBOPHB and from a commercial annuity company that provides an annuity arising from benefits accrued under a GBOPHB plan, annuity or fund authorized under the Discipline, that result from any service a Clergyperson rendered to this Conference or that an active, retired or disabled Clergyperson of this Conference rendered to any local church, annual conference of the Church, general agency of the Church, other institution of the Church, former denomination that is now a part of the Church, or any other employer that employed the Clergyperson to perform services related to the ministry of the Church or its predecessors, and that elected to make contributions to, or accrue a benefit under, such a plan, annuity or fund for such active, retired, or disabled Clergyperson’s pension or disability as part of his or her gross compensation.
[NOTE: The rental/housing allowance which may be excluded from a minister’s gross income is limited to the lesser of (1) the amount of the rental/housing allowance designated by the employer or other appropriate body, (2) the amount actually expended by the minister to prove his or her housing or (3) the legally determined fair rental value of the parsonage or other housing provided. As specified in Rev. Rule 71-280, 1971 C.B. 92, “the only amount that will qualify for exclusion under section 107(2) of the Code as a ‘rental allowance’ is an amount equal to the fair rental value of the home, including furnishings and appurtenances such as a garage, plus the cost of utilities.” Beginning in 1984, there is no longer a sick pay or disability income exclusion available with respect to disability benefit payments, Therefore, the full amount of disability benefit payments will be taxable income to the recipient beginning in 1984.]

¶4056. Disability and Related Benefits

¶4057. Delinquent Accounts and Arrearages

1. Responsibility

Payment for pastor’s health care and pension premiums are obligations of the local churches. Churches which have not met their obligations under the plans in this section for 90 days or more are considered to be in arrears. When a church is in arrears, it is very often a symptom of larger problems which the church is encountering in meeting its financial and missional obligations.

Therefore, addressing the circumstances of churches which are in arrears is first and foremost a management responsibility of the District Superintendents.

2. Forbearance Program

The Board of Pensions and Health Benefits and Conference Cabinet have initiated a Forbearance program in which churches that are more than 90 days in arrears may be offered a lien against church property in forbearance of the arrearage debt. The forbearance will come with the following conditions:

a) Representatives from the Board of Pensions and the DS will meet with the Administrative Council or equivalent structure to explain the conditions of the forbearance and share the importance of paying benefits for our pastors.

b) The Administrative Council or equivalent structure will work with the Director of Leadership and Congregational Development and the DS to develop a ministry plan with measurable milestones. That plan may include the development of new ministries, training events, development of alternative streams of revenue and/or goals for apportionment payments. Congregations will be encouraged to be creative and innovative in their plans.

c) The members of the church’s Finance Committee will participate in stewardship training events sponsored by the BWC and the Mid-Atlantic Foundation. The Mid-Atlantic Foundation and BWC may also provide training regarding bookkeeping and overall financial development. Registration fees for these events will be paid through funds made available by the cabinet.
For the next three years the church’s leadership will participate in School of Congregational Development events planned and sponsored by the Department of Leadership and Congregational Development of the BWC. Registration fees for these events will be paid through funds made available by the cabinet and the Department of Leadership and Congregational Development.

For the next three years the pastor will participate in group coaching sponsored by the Department of Leadership and Congregational Development.

If at the end of the three-year period the milestones have consistently not been met, the DS will conduct a formal assessment of the potential of the church and, in consultation with the District Committee on Location and Buildings, may begin a process of repurposing the church to enhance ministry within the district.

Churches more than 90 days in arrears who do not accept the conditions of forbearance will be asked to provide the DS with a plan for how the arrearages will be paid within 12 months. If that plan is not reasonable or at any time is not followed, the DS will conduct a formal assessment of the potential of the church in accordance with ¶213.

Section IV. Local Church Stewardship and Finances

¶4058. Assess Gifts
Every church/charge in the Annual Conference shall conduct an annual assessment of the congregation’s “gifts and graces” (e.g., time and talent survey) with the purpose of cataloguing these gifts and graces and encouraging persons to practice holistic stewardship within the life of the congregation.

¶4059. Focus on Abundance
Every church/charge in the Annual Conference shall conduct — at least — an annual stewardship emphasis to fund the local church’s current expense budget; this emphasis shall be based on a strong Biblical and theological foundation; whenever possible, this emphasis shall be conducted with positive motivation based in the promise of God’s amazing abundance, rather than in guilt, pessimism, or mere survival.

¶4060. Communicate Mission & Ministry
Every church/charge in the Annual Conference shall communicate annually its “Mission & Ministry” to its members.

¶4061. Maintain Financial Commitment Records
As a part of the annual stewardship emphasis, every church/charge in the Annual Conference is encouraged to solicit financial commitments (pledges, estimates of giving, etc.) toward the annual current expense budget by both members and non-members, and shall maintain records of such commitments within the church office.
Policies & Procedures of the Baltimore-Washington Conference

1. It is the policy of the Baltimore-Washington Conference that all pastors, and other persons determined by the local Finance & Stewardship Committees, shall have access to the above commitments and to all giving records of members and non-members.

All pastors in the Baltimore-Washington Conference shall communicate at least annually to his/her congregation, or his/her Charge Conference, the specific nature of his/her annual tithe or proportionate giving commitment to the local church’s annual current expense budget; and this communication shall be made through sermons, newsletter articles and other ways appropriate to the particular congregation; all pastors shall preach stewardship sermons regularly throughout the year which make connections between lifestyle issues and the care of God’s creation.

3. All church/charges shall provide statements to members and non-members of their giving records; these statements shall be provided at least annually with the optimum goal of providing them on a bi-monthly basis.

¶4062. District Superintendent Review of Church Vitality at Pastoral Transitions

1. Recognizing that a change in pastoral appointment is an ideal opportunity for a church to do a substantial review of its financial and membership reporting, District Superintendents shall advise pastors who will be leaving their churches to ensure that all the church’s financial and other records are current.

2. For clergy being appointed to a new charge, the church’s audit report, Profit and Loss Statements, balance sheets and budget shall be gathered by the outgoing pastor and shared at the out-take meeting with the District Superintendent and later shared with the new pastor.

3. An overview form, providing details of a church’s finances, shall be included with the other forms churches must complete at the time of a pastoral transition. The bishop’s office and District Superintendents shall ensure that this new form is created, introduced, filled out and made available to the incoming pastor.

4. Best practices in how District Superintendents and pastors can ensure smooth clergy transitions, including items that concern a church’s finances, shall be discussed at the Baltimore-Washington Conference’s annual Transitions Workshop.

¶4063. District Superintendent Review of Church Vitality at Retirement

For those clergy who are retiring, within 30 days after they announce their retirement, they shall ensure that copies of the church’s audit report for at least the last three years, three years of the end-of-year Profit and Loss statements, balance sheets and budget are compiled into a format to be shared with the incoming pastor, and upon request, with the District Superintendent

   a) clearly defined interest rate ceilings or caps (pegged to inflation, unemployment, and other factors);
   b) reasonable and fully transparent limits on credit card fees and charges;
   c) no involvement, direct or indirect, in the pay-day-lending industry;
   d) no involvement, direct or indirect, in the predatory lending industry; and

1. Gives the pastor or other fund administrator authority to distribute the fund only for a specified purpose or purposes, consistent with the church’s mission, ministry and tax exempt purposes;

2. Provides for a method to consistently enforce the limits on the pastor’s or other fund administrator’s authority to distribute the fund;

3. Sets forth the exclusive purpose(s) of the fund with specificity and clarity, consistent with the mission, program and budget of the church, e.g., is the discretionary fund to be used only for providing assistance to the needy, may the pastor or other fund administrator use it for any other purposes and, if so, for what specific purposes, consistent with the program and budget of the church;

4. Requires the pastor or other fund administrator to document and record distributions from the fund and authorizes the church to request additional documentation showing the types of assistance provided during any given year, e.g., $100 was used to purchase groceries for a needy family; $500 was paid for emergency room treatment for a needy family with a seriously ill child; $150 was used to purchase transportation vouchers to a kidney dialysis center for a needy elderly woman; $100 was used to purchase bus tickets and a new pair of shoes and slacks for a homeless person who had a job interview;

12. Requires that discretionary fund cash be maintained in a secure location.

¶4068. Local Church Discretionary Fund: Finance Committee Responsibilities

   a) Ensure that all pastors, or other fund administrator treasurers, financial secretaries, or any other person designated to handle any aspect of discretionary fund monies are aware of and understand the policy, guidelines and reporting requirements regarding the local church discretionary fund, as well as the potential income tax implications if the church’s policy is not followed carefully. (For example, make sure that everyone understands the specific purposes for which the fund can be used; the documentation
Policies & Procedures of the Baltimore-Washington Conference

and reporting required by the policy; and that the funds can never be used personally or for any family member or for staff or any staff family member without consultation with the SPRC, for any purpose, including but not limited to college tuition, health care expenses, or emergency cash for the pastor or fund administrator or family members, etc.);

¶5021. **Purpose**

The Investment Working Group was formed by a recommendation of the 2014/2015 Divestment Working Group (chaired by Jackson Day) as published in the 2015 Baltimore-Washington Annual Conference. That group’s finding included the observation that both WesPath and Mid-Atlantic Funds, our primary investment managers, use Socially Responsible Investment screens (SRI) that screens out about 400 companies based on religious and moral guidance (e.g., alcohol, “adult entertainment,” tobacco, weapons, gambling and operating private prisons). These guidelines are meant for all Baltimore-Washington Annual Conference investment committees, agencies, and local churches.

¶5022. **Responsibilities**

The Investment Working Group to be made into a standing Committee called the Board of Investments of the Council on Finance and Administration that has the following list of responsibilities:

1. Disseminate information on Socially Responsible Investing (SRI) to Baltimore Washington Conference Committees, Boards, and local churches.
Policies & Procedures of the Baltimore-Washington Conference

2. Be the focal point and advisor for investment guidelines and alternatives for the Conference Board of Trustees, Conference Board of Pension and Benefits, and Conference Finance and Administration.

4. To form a standing committee consisting in membership drawn from:

5. Baltimore-Washington Conference Board of Pensions and Benefits

   d) Baltimore-Washington Conference financial staff

6. This committee shall NOT make any investment decisions; those will be made independently by its constituent investment committees.

¶5023. Information Dissemination

CFA’s Board of Investments will disseminate information on Socially Responsible Investing (SRI) to Baltimore-Washington Conference Committees, Boards, and local churches and review investment performance of funds managed by the Baltimore-Washington Conference at least semi-annually.

¶5024. Theological Statement

All that is, was, and will be belongs to God. God has entrusted us to be good stewards of the resources God has entrusted to us. We further need to be mindful that all our financial resources start from a single person giving of his or her substance into the offering plate in our local churches. To be good stewards of what is entrusted to us we must be wise as serpents and harmless as doves (Matthew 10:16b) in our investment practices. We must emulate the servants in the parable of the talents (Matthew 25:18-29) while remembering always to work to do no harm in the work that we do. Likewise, we must remember, 2 Corinthians 9:6 which says: “The point is this: whoever sows sparingly will also reap sparingly, and whoever sows bountifully will also reap bountifully.” In short, we must work to get the greatest benefit from the dollars entrusted to us while making certain that we do not harm people or the environment all the while holding true to our core values and principles.

1. While lust of money may be the root of all evil (1 Timothy 6:10), the proper use of money is as John Wesley expressed in his Sermon 50 On the Use of Money “…it is an excellent gift of God, answering the noblest ends. In the hands of his children, it is food for the hungry, drink for the thirsty, raiment for the naked: It gives to the traveler and the stranger where to lay his head. By it we may supply the place of a husband to the widow, and of a father to the fatherless. We maybe a defense for the oppressed, a means of health to the sick, of ease to them that are in pain; it may be as eyes to the blind, as feet to the lame; yea, a lifter up from the gates of death!”

2. In short “Gain all you can, save all you can, and give all you can.” (John Wesley)

¶5025. Social Responsibility Statement

In Matthew 7:12 we are commanded to treat others as we would want them to treat us. In Wesley’s Sermon 50 On the Use of Money, he told us to refrain from the buying and selling of spirituous liquors, jobs that
Policies & Procedures of the Baltimore-Washington Conference

exposed us to lead or mercury, and even jobs that required “long hours of sitting.” This is the basis for our policies on Socially Responsible Investment. We want our investments to be in socially aware companies that provide healthy and quality products while also treating their employees with dignity, respect and a livable wage. As well, we want to influence all companies through or investments to work towards becoming places where these values are championed and upheld. Investments shall be guided by the following ethical norms according to the Social Principles of The United Methodist Church.

1. An ecologically just world and a better quality of life for all creation;
2. Social justice and the sacred worth of all persons;
3. Sound fiscal policies that protect the economic life of all individuals;
4. Political and governmental responsibility for protection of basic rights;
5. The unity of the world community.

¶5026. Investment Policy Statement

The Board will be guided by its theological statement, which says, in part, that God has entrusted us to be good stewards of the resources God has entrusted to us,” following John Wesley’s admonition to “Gain all you can, save all you can, and give all you can.” It will also adhere to the denomination’s policies for investment, avoiding investments that appear likely, directly or indirectly, to support racial discrimination, violation of human rights, sweatshop or forced labor, gambling, or the production of nuclear armaments, alcoholic beverages or tobacco, or companies dealing in pornography.” They will also give careful consideration to shareholder advocacy, including advocacy of corporate disinvestment.”

¶5027. The General Conference Investment Policy

The General Conference has a policy for investment (¶ 717 of the 2016 Book of Discipline): “In the investment of money, it shall be the policy of The United Methodist Church that all general boards and agencies, including the General Board of Pension and Health Benefits, and all administrative agencies and institutions, including hospitals, homes, educational institutions, annual conferences, foundations, and local churches, make a conscious effort to invest in institutions, companies, corporations, or funds with policies and practices that are socially responsible, consistent with the goals outlined in the Social Principles. All United Methodist institutions shall endeavor to seek investments in institutions, companies, corporations, or funds that promote racial and gender justice, protect human rights, prevent the use of sweatshop or forced labor, avoid human suffering, and preserve the natural world, including mitigating the effects of climate change. In addition, United Methodist institutions shall endeavor to avoid investments in companies engaged in core business activities that are not aligned with the Social Principles through their direct or indirect involvement with the production of anti-personnel weapons and armaments (both nuclear and conventional weapons), alcoholic beverages or tobacco; or that are involved in privately operated correctional facilities, gambling, pornography or other forms of exploitative adult entertainment. The boards and agencies are to give careful consideration to environmental, social, and governance factors when making investment decisions and actively exercise their responsibility as owners of the companies in which they invest. This includes engaging with companies to create positive change and hold them accountable for their actions, while also considering exclusion if companies fail to act responsibly.”

¶5028. Standard of Care

To use the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims.
1. The Uniform Prudent Investor Act (UPIA) was approved for use in all states at the 1994 annual Conference of Commissioners on Uniform State Law and by the American Bar Association in 1995. The act provides excellent guidance key provisions of the UPIA include:

   a) No investment is inherently prudent or imprudent, except in how its inclusion or exclusion impacts the portfolio as a whole;

   b) Trustees/Committees are expected to use all reasonably available strategies to improve the risk/reward relationship of the portfolio;

   c) Under most circumstances, the assets of the trust/portfolio must be diversified;

   d) Trustees/Committees are obliged to spread portfolio investments across asset classes to enhance performance and reduce risk;

   e) The possible effect of inflation must be considered as part of the investment strategy. As a result, use of equities is encouraged to allow the possibility that the portfolio’s growth will outpace inflation;

   f) Fiduciaries have a duty to either demonstrate investment skill in managing trust assets or to delegate investment management to another more qualified party.

¶5029. Fiduciary Responsibility

It is important that we remember that the funds we see are not personal but institutional funds. We are trusted as fiduciaries to ensure the perpetual health of the assets under our management. Our fiduciary responsibility supersedes any personal bias and must be maintained as the highest guiding principle at all times. Fiduciary responsibility comes with several duties as listed below:

1. Duty of Care as described in Uniform Prudent Management of Institutional Funds Act (UPMIFA) requires that a fiduciary act at all times in good faith and in a manner, which is in the best interest of the beneficiaries. Fiduciaries are to be adequately informed about alternatives available at the time of decision. They are to act with the same care that responsible persons would exercise in the management of their own affairs. Where specific instructions are left with regard to legacies, they must be followed unless changed by court order.

2. Duty of Care includes prudence in the investment context (including diligence in attending meetings), efforts to ascertain relevant information prior to decision making, balanced judgment, adequate assessment and balancing of potential investment risks and returns and adequate diversification of investments.

3. Duty to Minimize costs is described in UPMIFA section 3(c)(1). "In managing and investing an institutional fund, an institution, may incur only costs that are appropriate and reasonable in relation to the assets, the purposes of the institution, and the skills available to the institution. In devising and implementing strategies for the investment and management of trust assets, trustees are obliged to minimize costs."

4. Duty to Investigate is described in UPMIFA section 3(c)(2). "An institution shall make a reasonable effort to verify facts relevant to the management and investment of the fund." UMMIFA requires persons who make investment and management decisions to investigate the accuracy of the information used in making decisions; a fiduciary has a responsibility "to examine information likely to bear importantly on the value or the security of an investment."
5. Duty of Loyalty prohibits self-dealing by persons who are fiduciaries. They are not permitted to take part in investment decisions that would create a conflict of interest. All investment decisions are to be made with a view to the interest of the beneficiaries rather than to the personal interests of the fiduciary. When conflicts do arise, they should be disclosed to the governing board immediately. Failure to do so will subject the fiduciary to potential liability for any losses suffered due to the breach of the duty of loyalty. Advance disclosure in writing will provide evidence of the disclosure in the event the issue of conflict of interest is raised. Any fiduciary with a conflict involving an investment decision should abstain from any participation in that decision and document the abstention in the minutes of the meeting.

6. It is important to remember that fiduciary responsibility cannot be delegated. The decision of a board to engage investment adviser(s) will not absolve the board from its ultimate responsibility for the care of the funds. In order to discharge adequately the duties of care and loyalty, the fiduciary will need to demonstrate that appropriate procedures were used for selecting the adviser(s) and for monitoring the results of the advice received. The adviser(s) should be trustworthy and competent to perform the work as outlined by the board. The loyalties of the adviser(s) must run to the beneficiaries, not to individual members of the board.

7. Fiduciaries are permitted to accept the advice of an adviser where they can demonstrate that their initial decision to engage the adviser was well-founded and where subsequent developments do not give rise to a basis for suspending that reliance. A fiduciary that has knowledge that reliance on an adviser or other financial agent is no longer well-founded may become personally responsible for any loss sustained by the fund as a result of the inappropriate reliance. Therefore, fiduciaries are required to make known any and all misgivings about any investment advisors formally and in a timely manner.

8. Fiduciaries are responsible for prudently investing funds held in trust and are encouraged to seek expert counsel, often in the form of an investment consultant and portfolio managers, to assist in this process. They need to use sound judgment when making investment decisions. They are expected to avoid reckless speculation while also obtaining an adequate return on the assets entrusted to their care. Inevitably, this means walking a line between excessive caution and excessive risk. Finding that line may not be easy.

9. Any conflicts of values shall be resolved with discretion, fiduciary responsibility and appropriate consultation.

¶5030. Portfolio Management

1. Permitted Asset Classes. All conference, agency, and local church investment committees must consider investment objectives when considering appropriate assets for investment. This Committee believes long-term investment performance, in large part, is primarily a function of asset-class mix. This Committee has reviewed the long-term performance characteristics of the broad asset classes, focusing on balancing risks and rewards. We advise all conference-based committees to take this approach as appropriate to their particular investment objectives.

2. The following are asset classes in order of risk (from least to most) that are currently considered appropriate for conference investment: Cash and cash equivalents, Bonds, Stocks, Real Estate (REIT). Within the approved asset classes, the following are permitted and restricted security types for investment:
a) Permitted Security Types
   (1) Mutual Funds – Equity, Debt, Money Market
   (2) Collective Trust Investments
   (3) Sub-Advised and Separate Account Investments
   (4) Individual Stocks, as long as they are traded on the New York Stock Exchange, American Stock Exchange, NASDAQ, or other major U.S. Exchange
   (5) Individual Bonds, as long as they are rated A or better and traded on a major U.S. Exchange and have a duration of 10 years or
   (6) Bank Certificates of Deposit
b) Limited “Restricted” Security Types – Require Case by Case Committee Pre-Approval and Evaluation
   (1) Private Equity
   (2) Individual Bonds, currently held, that are downgraded to BBB or lower – may equal a maximum 10 percent of position
   (3) Closed-End Funds
   (4) Unit Investment Trusts
   (5) Collateralized Mortgage Obligations (CMOs)
   (6) Real Estate Investment Trusts (REITs)
c) Excluded Investment Categories. The following investment categories are not permissible:
   (1) Precious Metals
   (2) Short Sales
   (3) High Yield Bonds – Individually, Mutual Fund, or other
   (4) Purchase of Letter Stock, Private Placements, or Direct Payments
   (5) Leveraged Transactions
   (6) Commodities Transactions
   (7) Puts, Calls, Straddles, or other Option Strategies

ALL INVESTMENTS OF THIS TYPE MUST BE APPROVED BY THE BALTIMORE-WASHINGTON CONFERENCE COUNCIL ON FINANCE AND ADMINISTRATION, NO EXCEPTIONS.

3. Other Investment Considerations. No individual security, except diversified funds, shall make up more than 5 percent of any individual portfolio.

4. Additional Investment Quality Standards
   a) Cash Equivalent Vehicles. All cash equivalent investments shall be pooled investment vehicles, such as money market funds, where the funds’ share price is intended to remain constant and the fund’s yield is comparable with the current risk-free rate of return. Also permitted in this category shall be United States agency-guaranteed bank
certificates of deposit (purchased directly from banks or indirectly through brokerage accounts), short-term U.S. government securities, or bank savings and money market accounts.

b) Bonds and Other Fixed Income Funds

(1) Bonds. Individual Bonds may be used as long as they are rated BBB or better, are traded on a major U.S. Exchange and have a duration of 10 years or less; investments in high yield bonds and certain convertible bonds should be limited to the use of mutual funds.

(2) Bond Funds. Any selected diversified bond fund shall be pooled investment vehicles, such as a publicly traded mutual fund, providing net asset valuations published on a daily basis.

c) Common Stocks and Other Stock Funds

(1) Common Stocks. The following criteria will be used for the selection and retention of common stock vehicles:

(a) Investments shall not knowingly be made in any company producing, as its core business, alcoholic beverages (beer, wine or distilled liquor) or:

(i) receiving 10 percent or more of gross revenues from selling, distributing or marketing alcoholic beverages; or

(ii) receiving 10 percent or more of gross revenues from supplying key elements for alcoholic beverage production.

(b) Investments shall not knowingly be made in any company manufacturing, as its core business, cigarettes, cigars, chewing tobacco or smokeless tobacco or:

(i) receiving 10 percent or more of gross revenues from selling, distributing or marketing tobacco-related products; or

(ii) receiving 10 percent or more of gross revenues from supplying key elements to the tobacco industry (cigarette papers, flavorings, adhesives, etc.).

(c) Investments shall not knowingly be made in any company owning or managing, as its core business, casinos, racetracks or off-track betting parlors or receiving 10 percent or more of gross revenues from the production of goods and services related to the gaming or lottery industries.

(d) Investments shall not knowingly be made in any company receiving 10 percent or more of gross revenues from the production, sale or distribution of products or services that are considered pornographic or meet the legal definition of “obscene” or “harmful to minors.”

(e) Investments shall not knowingly be made in companies that receive 10 percent or more of their gross revenues in for-profit privately-run prisons, correctional facilities, jails, penitentiaries, detention centers and transfer centers. http://www.gbophb.org/news/release/pr20120103/
(f) Investments shall not knowingly be made in any company:

(i) Receiving 10 percent or more of gross revenues from the manufacture, sale or distribution of personnel weapons (landmines, “assault-type” automatic and semiautomatic weapons, firearms, etc.), armaments, ammunition or weapons-related systems provided for commercial and private markets (exceptions may be made for weapons and ammunition provided for sporting or law enforcement purposes); or

(ii) Whose identifiable ratio of nuclear weapons contract awards from the U.S Department of Defense or comparable agency or department of any foreign government to gross revenues is greater than or equal to 3 percent.

(g) Investments will not be made in corporations in which 10 percent or more of gross revenues are derived from a combination of the above (1-5).

(h) Companies not falling into any of the above categories still may be ineligible for purchase because of reputation, public image or any specific business practices determined to be a gross violation of the Social Principles of the United Methodist Church (such as human rights violations; abusive labor practices, including the exploitation of child labor; flagrant or egregious damage to the environment; and unethical business practices).

(i) Emerging markets commingled equity pools are exempt from the above restrictions if specifically authorized and the aggregate exposure of companies otherwise prohibited does not exceed 10 percent of the total value of the fund.

(2) Common Stock Funds. Any selected common stock funds shall be pooled investment vehicles, such as a publicly traded open or closed-end mutual fund, providing daily asset valuations. Such investments may include focus on any size domestic or non-U.S. stock.

¶5032. Investment Manager Selection and Evaluation

1. All Baltimore-Washington Annual Conference investment committees will consider the following criteria when considering each money manager or mutual fund:
   a) Regulatory Oversight: Each investment manager should be a regulated bank, an insurance company, a mutual fund organization (Registered Investment Company), or a registered investment adviser.
   b) Correlation to Style or Peer Group: The investment management product (whether a fund or segregated account) should be highly correlated to the determined asset class.
   c) Performance Relative to a Peer Group: The product’s performance should be evaluated against the peer group’s median manager return for 1-, 3- and 5-year time weighted and/or cumulative periods.
   d) Performance Relative to Assumed Risk: The product’s risk-adjusted performance (Alpha and/or Sharpe Ratio) should be evaluated against the peer group’s median manager’s risk-adjusted performance.
   e) Minimum Track Record: The product’s management team should be managing the specific product or style for at least 5 years. A shorter time period may be used for styles that are oversubscribed, available capacity is limited and when the “Investment Manager” deems it prudent to utilize a specific investment based on detailed criteria that meets the guidelines of this policy.
   f) Assets Under Management: The product or manager should have at least $200 million under management.
   g) Holdings Consistent with Style: The screened product should have no more than 20 percent of the portfolio invested in “unrelated” asset-class securities. For example, a Large-Cap Growth product should not hold more than 15 percent in cash, fixed-income and/or international securities.
   h) Expense Ratios / Fees: The product’s fees should not be in the bottom quartile (most expensive) of their peer group.
Policies & Procedures of the Baltimore-Washington Conference

i) Stability of the Organization: There should be no perceived organizational problems; the same portfolio management team should have been in place for at least 5 years.

2. All committees acknowledge fluctuating rates of return characterize the securities markets, particularly during short-term time periods. Recognizing that short-term fluctuations may cause variations in performance; the committees intend to evaluate manager performance from a long-term perspective.

3. All committees remain aware that ongoing review and analysis of the investment managers is just as important as the due diligence implemented during the manager selection process. The performance of the investment manager will be monitored on an ongoing basis and it is at the committee’s discretion to take corrective action by replacing a manager if they deem it appropriate at any time.

4. On a timely basis, but not less than quarterly, the investment committees will meet to review whether each manager continues to conform to the search criteria outlined in the previous section, specifically:
   a) The manager’s adherence to the Portfolio’s investment guidelines;
   b) Material changes in the manager’s organization, investment philosophy and/or personnel;
   c) Any legal, SEC, and/or other regulatory agency proceedings affecting the manager.

5. All committees in the best interest of their Portfolios shall set performance objectives for each investment manager. Each manager will be measured against the following four key criteria:
   a) 3-year index measurement
   b) 5-year index measurement
   c) 3-year comparative universe measurement
   d) 5-year comparative universe measurement

6. To satisfy Investment Policy criteria, an investment fund need only to meet one of the above listed criteria. Although satisfying only one (and even two) of the above criteria meets Investment Policy guidelines, such a result would warrant watch list consideration and further review by the Committee. Meeting three of four of the above stated criteria would meet Policy criteria by a comfortable margin.

7. Watch List Considerations
   a) An investment option performs below median for their peer group over a 1-, 3- and/or 5-year cumulative period;
   b) A manager’s 3-year risk adjusted return (Alpha and/or Sharpe) falls below the peer group’s median risk adjusted return;
   c) There is a change in the professionals managing the portfolio;
   d) There is a significant decrease in the product’s assets;
   e) There is an indication the manager is deviating from his/her stated style and/or strategy (style drift);
   f) There is a material increase in the product’s fees and expenses;
Policies & Procedures of the Baltimore-Washington Conference

8. The decision to retain or terminate a manager cannot be made by a formula. It is the Committee’s confidence in the manager’s ability to perform in the future that ultimately determines the retention of the manager. Always remember, personal comfort with a manager does not exempt committees from their fiduciary responsibility for fund performance and manager oversight.

9. Managers/Funds may be selected which do not meet performance benchmarks, but fit or maintain a particular investment philosophy.

¶5033. Investment Manager De-Selection

1. At its discretion, the Committee may decide to de-select a fund/manager by identifying a replacement fund/manager in the same asset class and style. If circumstances exist where the Committee cannot find a replacement fund/manager within a reasonable time period following a decision to de-select a fund/manager, the Committee may decide to freeze the fund/manager to further investments until such time a replacement can be found.

2. The decision to retain or terminate a fund/manager cannot be made by a formula. It is the Committee’s confidence in the fund/manager’s ability to perform in the future that ultimately determines the retention of the manager. When considering terminating a fund/manager when possible the committee should begin their search for new funds/managers at least one quarter in advance of manager termination. Always remember, personal comfort with a manager does not exempt committees from their fiduciary responsibility for fund performance and manager oversight.

¶5034. Controlling and Accounting for Investment Expenses

1. All committees must take into account investment expenses as a crucial part of their investment evaluations. High performance by a manager may be offset by exorbitant fees, depressing overall return on investment. When evaluating management cost committees should take the following into consideration:

2. Investment management costs and expenses fall into four categories:
   a) Money-manager fees and/or the annual expenses of mutual funds;
   b) Trading costs, including commission charges and execution expenses;
   c) Custodial charges, including custodial fees, transaction charges, and cash management;
   d) Consulting and administrative costs and fees.

3. At least annually, the committees will review all costs associated with the management of the Portfolio’s investment program, including:
   a) Expense ratios of each investment options against the appropriate peer group;
   b) Custody fees: The holding of assets, collection of income, and disbursement of payments;
   c) Whether the manager is demonstrating attention to “best execution” in trading securities;
Policies & Procedures of the Baltimore-Washington Conference

d) Administrative fees: Costs to administer the Portfolio, including recordkeeping, account settlement (participant balance with that of fund), allocation of assets and earnings, and (when applicable) the proper use of 12b-1 and Sub-TA fees to offset these fees.

4. Investment Policy Review and Amendment. These guidelines shall guide committees in their overall investment management. Every committee should also have an individual Investment Policy Statement (IPS). Every committee will review this it’s IPS annually to ensure that it is in compliance with the guidelines set forth within this document. Furthermore, every IPS shall be reviewed at least annually to determine whether stated investment objectives are still relevant to the institution and the continued feasibility of achieving the objectives through the current asset mix. It is not anticipated that the IPS will change frequently. In particular, short-term changes in the financial markets should not require adjustments to the IPS.

¶5035. Loans to Pastors, Church Staff and Volunteers

1. Local churches in the Baltimore-Washington Conference shall not loan or create any sort of legal entity, “i.e. Partnership Agreement,” that could be construed as offering a financial or other arrangement that may be defined as an “excess benefit” by the Internal Revenue Code, to any appointed pastor, hired church, or volunteer.

2. All local churches that currently are, or may be, in such a good faith arrangement shall report this to their District Superintendent and immediately begin work to resolve and end this arrangement as soon as possible, so as not to jeopardize the tax-exempt status of any local church.

Furthermore, the group will be denied any future use of the Conference Mission Center.

   c) Groups using the AV system outside of business hours must be courteous to other meetings in adjoining spaces. Furthermore, the group will be denied any future use of the Conference Mission Center.

3. Food Service and Kitchen Use. Clear guidelines are necessary to ensure the safety of groups making use of the Conference Mission Center, and to maintain the Conference Mission Center’s food service facilities. Groups serving food must follow these guidelines:

a) The Main Entrance will be open 30 minutes prior to any event or meeting unless alternate arrangements are made at least one week prior to the scheduled event.

b) All outside entrances other than the main entrance will remain locked at all times. These are intended for emergency use only and may not be opened otherwise.

c) An Emergency Evacuation plan will be furnished by the Conference Mission Center to the designated contact present at the event or meeting. This person will be the liaison to the Conference Mission Center for all safety and security concerns for the group.

d) All medical emergencies must be reported to the Hospitality Desk Attendant so that appropriate action can be taken. A First-Aid Kit is available for minor incidences.

e) The Baltimore-Washington Conference is not liable for any injuries that occur on its premises.

f) If your group feels threatened by anyone on Conference Mission Center premises, or if you witness any suspicious activities, report these concerns to the Hospitality Desk attendant. The Conference Mission Center staff will be responsible for taking appropriate action.

5. Minors and Safe Sanctuaries. The Baltimore-Washington Conference wishes to provide the safest and most child-friendly environment for all groups and individuals who use the Conference Mission Center. In that spirit, it is necessary to have explicit policies in place for safety of minors who are present on Conference Mission Center Premises.

Furthermore, the group will be denied any future use of the Conference Mission Center.

c) As mentioned above, any group which includes children wishing to use the facility must have a policy in place which meets the United Methodist Church’s “Safe Sanctuaries” policy. If the group does not have a policy, then a designated contact that will be
present at the event must undergo “Safe Sanctuaries” training. This training will be provided by the Conference Mission Center staff.

6. General Facility and Cleaning. To ensure the longevity of the Conference Mission Center and to maintain the cost effectiveness of the facility overall, there is a need for a clear understanding of what aspects of the facility groups will have access to and what responsibility each group has to the upkeep of the reserved space.

a) Environmental controls are to be adjusted by Conference Mission Center staff only. If the meeting space you are in is uncomfortable for any reason, please alert the Hospitality Desk Attendant and they will make adjustments accordingly.

b) All restrooms are to be treated as public spaces and they are to be used solely for their intended purpose. If there are supplies that need to be replaced in the restrooms, please alert the Hospitality Desk Attendant.

d) Use of outside eating area is available by request only.

e) The configuration for a meeting will be determined no less than 48 hours prior to a meeting. It is to be understood that additions or changes made on the day of a scheduled event or meeting may not be honored.

f) The event coordinator and designated contact for the event or meeting are responsible for any damages to equipment or facilities that occur during the course of an event. Repair costs will be deducted from the security deposit. Depending on the nature of the damage, the aforementioned individuals may be subject to additional fees.

g) Candles and other potential fire hazards are prohibited except with explicit, written permission from the Facilities Manager and the Coordinator of Radical Hospitality.

h) The Baltimore-Washington Conference is not responsible for any lost, stolen, or damaged items belonging to event attendees.

i) The event coordinator and designated contact person are responsible for ensuring the Conference Mission Center room is returned to the state in which it was found. This includes cleaning all messes from floors and tables, removing all food-service items, and removing all trash from the reserved room to the dumpsters located in the northwest parking lot, outside the employee (rear) entrance. 2. Discipleship Ministries includes ministries related to youth, campuses, congregational excellence and strategic partnerships, information resources, Hispanic/Latinos, Koreans, Asian Americans, the deaf community, lay leaders, clergy excellence, camps, United Methodist Men, United Methodist Women and archives/history.

3. Rooted in the mission of the church, to make disciples of Jesus Christ for the transformation of the world, Discipleship Ministries focuses on inspiring and equipping local faith communities, including camps and campuses, via the model described in Ephesians 4 from The Message.

4. Discipleship Ministries lives its mission and vision through the organization and support of five ministry networks, outlined within the following paragraphs.

¶6003. Leader Development

Purpose:

To develop mature Jesus followers who know their purpose and use their gifts to build up the body of Christ for the transformation of the world. Leadership development is rooted in Discipleship development. It is our expectation that every leader across the Annual Conference is maturing in their discipleship and as such has spiritual fruit to show for it. An interim Board of Leader Development is being formed to help define and synchronize expectations of what it means and takes to develop leaders – lay and clergy – across a continuum of leadership impact from novice to mastery that helps inspire and equip local faith expressions to do the same.

1. Faith Community Development is a Priority

a) The Conference shall establish new faith expressions and revitalization as a priority.

b) The Conference and local congregations shall each adopt and annually review a vision statement that aligns making disciples of Jesus Christ for the transformation of the world with a discipleship plan for maturing and growing disciples whose work and witness result in congregational and community transformation.

c) The Conference shall encourage a variety of expressions of faith communities: multi-site congregations, cooperative parish development, vital mergers, church within a church, discontinuance, the sale of church property or other means of addressing the planting and placement of disciples in areas where there is a high likelihood of faith community growth and development. This shall include monitoring of significantly underutilized
Policies & Procedures of the Baltimore-Washington Conference

facilities and congregations with limited evangelization, ministry and mission after all reasonable means of revitalization have been exhausted.

d) The Conference shall encourage its congregations, in cooperation with the Cabinet and District Boards of Church Locations and Buildings, to initiate the formation of new faith expressions or mission projects after sharing, from the Conference/District research, where a United Methodist presence is needed.

e) The Conference shall require a clear vision statement for every Conference facility.

f) The Conference shall prioritize grant and loan applications based on new faith expressions and local church revitalization and transformation. Grants and Loans are to be used primarily for proactive projects rather than emergencies.

2. Local Church Transformation

a) The Conference shall recommend models for local church transformation which fit the needs of a variety of congregational settings.

b) The Conference models of transformation of local churches shall be grounded in and guided by biblical studies, contextual assessment tools and demographic analysis.

c) The Conference models for local church transformation shall include possible collaborative ministries among local congregations and other community partnerships.

d) The Conference shall encourage and provide training in local church transformation for Conference and local church leadership, both lay and clergy.

e) The Conference recommends, during the first year following a change in pastoral appointment, that the congregation shall participate in a biblically-based study of itself, its community and its mission.

3. The Office of Leadership and Congregational Development.

a) Oversees and nurtures new church starts in creating new places for new people and assists in the renewal and revitalizing of faith communities. Our primary purpose is to resource new and existing congregations to reach more people with the Good News of the Gospel, to grow more people as gifted and called disciples of Jesus, and to send more people into the world to love and serve God. We provide tools, resources, workshops, events and training to help congregations and leaders effectively make disciples for the transformation of the world.

b) The role of the Office of Leadership and Congregational Development is to be a resource for equipping new faith expressions and providing guidance for strategic leadership development, congregational development, continued education, coaching and strategies for strategic growth.

c) This office manages in partnership with the Unified Funding Taskforce financial resources to equip churches through leadership and congregational development, continuing education, coaching, strategic growth initiatives, new faith ministries/new faith expressions and new church starts.

d) The office resources clergy and congregational leaders by recommending tools, strategies, models and systems that have been proven to effectively impact development and growth.
¶6004. New Faith Expressions

Purpose:
To encourage evangelism and the creation of diverse, multicultural “third places” with and for people who aren’t currently connected to any faith community. Home and work are first and second spaces, “third spaces” are the gathering places in between. In a post-Christendom society, the church building isn’t viewed as the natural third space it once was. Instead coffee shops, gyms and studios have emerged and persons being the church need to be intentional about showing up in those. New faith expressions are not tied to a physical building (or even to keeping a church alive) but to a building of community for a purpose: to engage people in a life-giving relationship with Jesus.

1. New Faith Expressions and Congregations
   a) The Conference shall pursue new faith expressions and not primarily the construction of new facilities.
   b) New Church Starts, New Faith Ministry, and Fresh Expressions are some of the terms that will be used to define new communities of faith.
   c) The Conference shall continually explore those areas where there is no United Methodist presence and seek to encourage new faith expression in those places where there is also a leader called to those places.

¶6005. Young People’s Ministry and Safe Sanctuaries

   (2) Purchasing the Safe Sanctuaries book is the first step to implementing a safe sanctuaries policy and procedure in the local church.
3. Local Church Responsibilities

   b) Adopt screening procedures (including background screening and reference checks) for paid and unpaid workers directly involved in the care of children and youth;

   b) The Five-Years-Older Rule

   c) Assistant Positions
      (1) Youth helpers under the age of 18 and adult helpers who have not completed the volunteer application process will be clearly identified and will not be allowed to supervise youth, be left alone with youth or be part of the two adult rule listed above.
   d) Open Door Counseling
      (1) At any counseling session with youth, the door of the room used should remain open for the entire session or counseling is to be conducted in an open space visible by other adults.
   e) Annual Orientation for Workers/Volunteers
      (1) All adults who work with our youth, whether paid, volunteer or clergy, are required to complete annual safe sanctuaries refresher training which will include:
         (a) The Safe Sanctuaries Policy for the prevention of child abuse

6. Traveling with Youth
   a) Participation Covenant for All Participants and Leaders
      (1) Covenants will be used for retreats and trips establishing behavior standards for
          everyone. The Covenant will be provided to all leaders and youth participants for
          their signature before traveling or attending the retreat. The Covenant is a
          statement in which the participant and leaders agree to:
          (a) Take part in the ministry
          (b) Give their best efforts to the ministry
          (c) Respect the other participants
          (d) Treat others with kindness and respect
   b) Before the event
      (1) Each adult traveling with youth must go through their church and/or the annual
          conference background check and abuse prevention training.
      (2) Each youth will provide a signed medical form and permission slip from their
          parents/guardians including contact information for the youth and guardians,
          medical insurance information, a listing of on-going medical conditions.
      (3) Emergency contact numbers for the facility at which the youth group will be staying

          relationship).
      (3) If there are “dormitory” sleeping arrangements, two non-related adults should be
          in the room.
      (4) Dormitory rooms should house only one gender.
Policies & Procedures of the Baltimore-Washington Conference

(5) There should be a process in place for nightly check-in and assurance that all youth are in their assigned rooms for the night. This process should be done in person and not via text message or electronic communication.

(6) Youth should always sign in on an attendance sheet upon arriving to an event and sign out when they leave the event.

d) Supervision ratios for teens should be one adult for every 10 youth and increases with younger ages. A general procedure to report accidents and/or incidents and lines of communications should be developed before any gathering of youth.

¶6007. Advocacy and Action

Section IV. Communications

This section outlines policies, procedures and guidelines around Communications to include distribution of media, use of photos, etc.

¶6009. Guidelines for Reader/User Engagement

1. The UMConnection, the newspaper of the Baltimore-Washington Conference, is published monthly and sent to clergy and nine key leaders in every local church. These key leaders include:

a) Lay Member to Annual Conference
b) Church Council/Board Chair
c) Staff-Parish Relations Chairs
d) Communications or Church Administrator
e) Finance Committee Chair
f) Trustee President

Policies & Procedures of the Baltimore-Washington Conference

2. The pastor, or a person from the church with access to the Arena database, is expected to enter home addresses and e-mails for each person. (Church Conference is a good time to update this information.) The key leaders also receive the e-Connection, a weekly electronic newsletter. Pastors may revise the list of people/positions receiving these publications.

3. Subscriptions to the UMConnection are available to others for $15 a year. The e-Connection is a free electronic newsletter, which anyone can sign up to receive.

4. The UMConnection offers the opportunity for readers to submit Letters to the Editor. These letters must include the writer’s name and church and be 250 words or fewer. The letters will be included in the paper, or on the BWC website, at the editor’s discretion.

5. Classified ads submitted to the BWC website, or ads that appear in the UMConnection or e-Connection, cannot promote events, products or material that contradict the denomination’s Book of Discipline. The determination about whether a promotional item is in keeping with the Discipline will be made by the Director of Communications.

6. No free copies of the Conference Journal are provided.

¶6010. Policies for Editorial Content

1. In creating content for the BWC website, UMConnection and other media, the Communications Staff follows the Code of Ethics of the Society of Professional Journalists. (See https://www.spj.org/ethicscode.asp).

   a) Truth-telling is foundational to religious communications. Be accurate and fair.

   b) Take responsibility for accuracy, verify information before releasing it and use original sources whenever possible.

   c) Boldly tell the story of the diversity and magnitude of the human experience, avoiding stereotyping and bias.

   d) Never plagiarize, always attribute, never deliberately distort facts or context, including visual information. Clearly label illustrations.

   e) When dealing with sources, show respect and compassion.

   f) Avoid conflicts of interest, real or perceived. Disclose unavoidable conflicts.

   g) Respond quickly to questions about accuracy, clarity and fairness.

   h) Acknowledge mistakes and correct them promptly and prominently.

2. Photos taken in churches or other public settings do not require the subject’s permission to be published. However, the photographer/editor will make efforts to respect people’s wishes about being photographed. Photographs of children that are in any way provocative or sexually suggestive will not be published in BWC media. As a practice, photographs that diminish a person’s dignity are also not published.
Policies & Procedures of the Baltimore-Washington Conference

¶6011. **Policies for Social Media**

1. The Baltimore-Washington Conference utilizes social media to increase its outreach, witness, evangelism and storytelling capabilities to a world wide audience. As such, our audience demands – and we will maintain – strict professional standards in posting to social media.

2. Every post reflects upon and represents the Baltimore-Washington Conference. Thus, no post will knowingly violate the *Book of Discipline of The United Methodist Church*. The determination about whether an item is in keeping with the *Discipline* will be made by the Director of Communications.

3. The social media administrator will post at least three times per week to Facebook, and daily to Twitter. Facebook posts are generally articles that have been curated by the social media administrator to appeal to our audience, specifically focusing on news and information United Methodists need and want to know. Twitter posts are most often re-tweets from organizations the BWC follows. Original tweets are most often to promote events or new resources posted on the BWC website.

4. Our “voice” for social media will not be preachy, but friendly, humorous (when appropriate) and timely. Our posts will always reflect our Christian faith as a loving and welcoming place. The administrator of BWC social media shall not post her/his personal opinions, thoughts or views on BWC social media.

5. Our social media posts will never bear false witness and always adhere to the highest standards of journalistic principles.

6. Comments to posts on Facebook will be screened for profanity, libel and other inappropriate content. The social media administrator will remember that any and all comments on BWC social media are viewed as coming “from the conference.” Thus, any response to a comment or post is always to be considered a “public” comment.

¶6012. **Brand Guidelines for Local Faith Communities**

1. Cross and Flame.
   
   The Cross and Flame is highly recognizable. When people notice our Cross and Flame logo, they connect it with The United Methodist Church. This is a positive linkage, as the people in your neighborhood can immediately recognize The United Methodist Church.

¶6013. **Communications Strategy Around Controversial Issues**

Communications is intent on telling God’s story as it unfolds in the Baltimore-Washington Conference.

1. As we cover controversial topics, we commit to these guiding actions:

   a) Provide information and resources that will allow conference members to be knowledgeable and faithful as they cast their votes and interpret the events and actions of Conference leaders to the people in their congregations. We acknowledge that the
best course of action is for the Conference and its leadership to tell its own story, rather than have our narrative shaped by outside entities.

b) Increase the understanding of the complexity and variety of issues facing the Baltimore-Washington Conference and The United Methodist Church.

c) Encourage respectful and gracious conversation among the people of the Baltimore-Washington Conference.

2. To accomplish these actions, we will:

   a) Create, aggregate and share information and resources to equip the BWC’s spiritual leaders with the tools they need to guide their churches through this challenging time in the denomination.

   b) Report the facts and implications of actions taken by church leaders on the General, Annual-Conference, and local-church levels.

   c) Ensure that the messaging and storytelling of the presiding bishop and other leaders are available and relevant to the people of the Baltimore-Washington Conference.

Section V. Our Social Justice Witness

¶6014. Recent Social Justice Resolutions

Since 2011, the BWC has approved social justice measures to support numerous causes. Those measures may be found in the Journal for the years noted:

The boards and agencies, conference offices, local congregations, campus ministries, and individual United Methodists in the Baltimore-Washington Conference will refrain from purchasing HP products until this company ends its involvement with the Israeli occupation and human rights abuses.

¶6016. **The Baltimore-Washington Conference is an Inclusive Conference**[^62]

1. The Baltimore-Washington Conference shall commit itself to work for the full civil and ecclesiastical rights and privileges of all persons, including LGBT persons. The BWC acknowledges that there are provisions of the Book of Discipline that may do harm and injustice by discriminating against, diminishing, or demeaning our LGBT brothers and sisters, and places us in an impossible situation of following the Gospels and the Wesley Quadrilateral of Scripture, Tradition, Reason and Experience or the Book of Discipline.

2. The BWC shall work together to build a fully inclusive church by committing to be in ministry with all people, regardless of economic status, race, age, ethnicity, gender identity or expression, sexual orientation, disability or immigration status.

¶6017. **Common Table**[^63]

Every Baltimore-Washington Annual Conference, regional, and district event that offers Communion shall offer only gluten-free, egg-free, dairy-free, nut-free bread so that all may share in a common loaf without fear of cross contamination from allergens.

### Section VI. Commission on Disability Concerns

¶6018. **BWC Commitment to Full Inclusion of Persons with Disabilities**

The annual conference will:

1. Be aware of, and advocate for, the role of people with disabilities in ministry, including ordained and diaconal ministries and local church and annual conference leadership positions.

2. Advocate for and help develop programs within the annual conference that meet the needs of people with disabilities.

3. Be informed about current ministries within the annual conference that are related to people with disabilities.

4. Develop ways to sensitize people in leadership positions on issues that affect people with disabilities and therefore the entire Church.

5. Foster cooperation among ministries within the annual conference that focus on specific disabilities (deaf, late-deafened, hard of hearing, intellectual disabilities, psychiatric disorders, mental illness, behavioral health, visual impairment, physical disabilities, etc.).

8. Participate in jurisdictional accessibility associations in the sharing of knowledge and resources.

Section VII. Grants and Awards

¶6019. Rationale

The Baltimore-Washington Conference is doing this by providing assistance for new congregations and by supporting existing congregations that are initiating new faith expressions. Seed grants for mission innovation, programmatic support in mission-critical areas and Peace with Justice grants are given to encourage testing of ideas and garnering best practices and learning from inevitable failure along the way.

¶6020. Standards

1. The Baltimore-Washington Conference provides short term financial assistance through grants and loans. 2. Short-term grants that promote the development of new church starts, new faith ministries or strategic growth initiatives are reviewed by the District Superintendent and the Director of Leadership and Congregational Development then presented to the UFTF of the Baltimore-Washington Conference for review and action. The UFTF reviews the applications to ensure the grant request aligns with the vision, mission and strategic goals of the Baltimore-Washington Conference for new church starts, new faith ministries and strategic growth initiatives. These grants are short term and reviewed semi-annually to ensure benchmarks have been established and are being used to evaluate and measure the overall effectiveness, performance, discipleship, engagement and self-sufficiency/self-sustainability goals and objectives.

3. Grants for equitable compensation support are provided to a church or charge once all avenues of support have been explored to meet the base compensation as a short-term grant. The church or charge will need to complete an Equitable Compensation Grant application which is submitted to the district superintendent and presented to the UFTF for action.

4. Building grants and loans are available for congregations seeking financial assistance for facilities that enable them to grow disciples for the transformation of the world. The Conference Board of Trustees can also assist congregations with grants and loans for emergency repairs, building assistance and small renovations.    c) Applications received after the due date will not be considered for the current funding cycle. Each application must be complete with signatures before submittal to the district superintendent and the Unified Funding Task Force. Incomplete applications will be returned and may miss the deadline forcing the application to be held until the next cycle.
¶6023. **Process for Awarding Grants**

Final grant awards are based on the availability of funds and on the following guidelines (also outlined on the BWC Grant Guidelines webpage: [http://www.bwcumc.org/ministries/bwc-grant-guidelines/](http://www.bwcumc.org/ministries/bwc-grant-guidelines/))

1. **Criteria for Applicants** - Applicant(s) must be a United Methodist Church member in good-standing. All applications must have the support of the Senior Pastor (by signature) and ¾ vote of the Administrative/Board Council (as supported by Board minutes).

2. **Criteria for Events Receiving Grant Funding.**
   
a) **Mission central:** The event supports the cultivating of disciples of Jesus Christ for the transformation of the world through:
   
   (1) developing principled Christian leaders,*
   
   (2) creating new faith expressions,*
   
   (3) growing young people’s ministry
   
   (4) engaging in advocacy and action
   
   (5) fostering abundant health for all
   
   * All events need to include at least numbers (1) or (2) as a focus.

b) **Stewardship sensitive:** A comprehensive, actual and prudent event budget is provided BEFORE apportionment dollars are committed to it. We expect that budgets will have multiple streams of income in addition to apportionment dollars (e.g., event fees, love offering, sale of food, partnerships, etc.). In order for expenses to be actual and not estimates, event leaders must include written proposals and agreements with providers of services.

c) **Advertised well:** While word of mouth is the most effective way to get people to an event, there needs to be something to share! We expect that all marketing pieces (graphics, information, registration) have been developed and deployed at least 3 months in advance (including being featured on the bwcumc.org calendar). At this point, all contracts for space, food and talent should have been signed.

d) **Executed with Excellence:** From radical hospitality to event flow to the quality of the program, participants rate the event at least a 4.5 out of 5.

e) **Evaluated Thoughtfully** (and if a recurring event, improved based upon that evaluation): At the conclusion of the event, the sponsoring entities and DCM receives event feedback from participants and planners within one month after the event.

3. **Where we are seeking to invest, ideal funding requests demonstrate:**
   
a) The ability to further the mission of the United Methodist Church of making disciples of Jesus Christ by supporting one or more of our five strategic areas:
   
   (1) Spiritual Leader Development
   
   (2) New Faith Expressions
   
   (3) Young People’s Ministry
   
   (4) Advocacy and Action
(5) Abundant Health (Locally and Globally)
b) New and innovative (larger grants are tested ideas, seed grants are not)
c) Designed to be self-sustaining overtime
d) Needs-based
e) Collaborative with other congregations and/or community partners
f) Funding may be requested for, but is not limited to, the following:
   (1) Faith community ministry initiatives
   (1) Collaborative ministry initiatives
   (2) Team member training that helps them better serve the conference in their current role
   (3) Training leaders from within the Annual Conference for the benefit of the church

Section I. Global Partnerships
Global Partnerships are established in partnership with the Episcopal Office.

¶7000. Eurasia

In November 2008, leaders of the Baltimore-Washington Conference and the Eurasia Area signed a covenant for “mutual learning, support and mission development.”

The covenant links the 641 area American churches with the 17 churches of the Black Soil District, which lies 350 miles south of Moscow, spans 400 miles and represents “the heartland of Russian Methodism.”

The Black Soil District is one of two large districts in the Southern Russia Conference. The district is the size of Texas and includes major cities like Voronezh, with 1.2 million residents, and Volgograd, formerly Stalingrad.

¶7001. Korea

1. As two communities of faith with a common Wesleyan history and theology, we will reach across denominations, languages and cultures and covenant to:
   a) Grow in understanding of and appreciation for one another’s uniqueness — culture, history, and spirituality — in making disciples.
   b) Build on the common Wesleyan traditions to spread scriptural holiness (personal and social) through evangelism and ministries of justice and mercy.
   c) Strengthen the ability to make disciples of Jesus Christ around the world by learning from each other and developing common discipleship and mission strategies within our conferences and around the world.

2. Both conferences will endeavor to:
   a) Foster youth, young adult, laity and clergy leadership exchanges to develop deeper understanding of and appreciation for one another’s culture and ministry within our own conferences and around the world.
   b) Exchange visits and participation at annual conference sessions held in Korea and USA to deepen each other’s learning of the church today in our respective cultures.
   c) Identify specific areas of ministry and mission for each conference to focus on for the benefit of the other conference.
   d) Discuss the possibility of partnering in a ministry and/or mission in one or both countries or in a third country.
   e) Discuss the possibility of disciple training, teaching, and equipping together in a third location (China, Mongolia, Zimbabwe, Russia, etc.)
   f) Co-sponsor seminars, workshops, and/or retreats in both countries to focus on best learning practices for growing and strengthening disciples and building the church in our respective cultures.
Attend a church growth or mission education event together and discuss learnings and implications.

\[7002. \quad \text{Puerto Rico}\]

1. Whereas, the autonomous Methodist Church of Puerto Rico was once an annual conference of The United Methodist Church until 2004;

2. Whereas, the Baltimore-Washington Conference is an annual conference of The United Methodist Church;

3. Whereas, both communities cherish their unique histories and ministries and a common calling to make disciples of Jesus Christ for the transformation of the world;

4. And whereas, the two communities of faith share a common Wesleyan history and theology;

5. Therefore, the Methodist Church of Puerto Rico and the Baltimore-Washington Conference of The United Methodist Church agree to reach across physical distances, languages and cultures to covenant as follows:

   a) Grow in our understanding of and appreciation for one another’s uniqueness, culture, history and spirituality in making disciples.

   b) Build on our common Wesleyan traditions to spread scriptural holiness (personal and social) through evangelism and ministries of justice and mercy.

   c) Join efforts in working with the poor.

   d) Strengthen our ability to make disciples of Jesus Christ around the world by learning from each other and developing common discipleship and mission strategies within our communities and around the world.

6. Both communities of faith will endeavor to:

   a) Foster youth, young adult, laity, and clergy leadership exchanges to develop deeper understanding of and appreciation for one another’s culture and ministry within our own conferences and around the world.

   b) Exchange visits and participation at Annual Conference Sessions to deepen each other’s learning of the church today in our respective cultures.

   c) Identify specific areas of ministry and mission for mutual benefit.

      (1) Discuss the possibility of partnering in a ministry and/or mission together in a third location in Latin America/Caribbean area.

      (2) Co-Sponsor seminars, workshops, and/or retreats in both communities of faith to focus best learning practices for growing and strengthening disciples and building the church in our respective cultures.

\[7003. \quad \text{Zimbabwe}\]

In 2007, the Baltimore-Washington Conference joined in a partnership with United Methodists in the Zimbabwe Episcopal Area. The vision for the partnership focuses on working together in a spirit of *chabodza* to promote education, health, the training of pastors, and leadership and spiritual development. One of the cornerstones of the partnership is the Pastors’ School, held every two years at
Africa University, with BWC leaders providing most of the support in resources and instructors. Trips to Zimbabwe are planned for odd numbered years.

Since the start of the partnership, the BWC has also helped to build more than 20 parsonages and sanctuaries, along with schools and clinics, by providing $600,000 through the Hope Fund and sending many Volunteer in Mission teams to Zimbabwe.

Section II. Missionaries

¶7004. Background

There are more than 300 United Methodist Board of Global Ministries missionaries serving in more than 60 countries that are available for support through a Covenant Relationship. Individuals and churches can partner with a missionary and provide financial, spiritual, and emotional support.

¶7005. Covenant Relationships

1. A church can begin a Covenant Relationship by establishing a financial goal of $5 per church member per year. Individuals can Covenant with a missionary for $500 per year.

2. This partnership is much more than a financial commitment. It is a dynamic relationship where the church and missionary pray for one another and communicate regularly.

3. When these missionaries “itinerate,” visiting the United States, they will make efforts to visit with covenant partners.

4. For a Covenant Relation application, visit https://www.umcmission.org/forms/Covenant-Relationship/The-Advance-Covenant-Relationship. For more information, e-mail covenant@umcmission.org or call 404-460-7945.

¶7006. Missionaries in Covenant with BWC

A record of the missionaries with whom the Baltimore-Washington Conference have covenant relationships is maintained by the Conference Mission Secretary and published annually in the Conference Journal and on our website.

Section III. The Ministry Relationship Oversight Committee (MROC)

Part VII: Disaster Response

Section I. Preparation Needed to Respond to a Disaster

¶ 8000. Introduction

1. In the event of a disaster, resources available to the local church are sometimes limited. This is where the connectional system of the United Methodist Church can provide support and resources to respond effectively and appropriately. When the resources of a local church are overwhelmed, the church needs to seek help from the District and the Region. When those resources are overwhelmed, the Baltimore Washington Conference Disaster Response Plan needs to be put into practice. Each Region has a Disaster Response/Volunteers in Mission Coordinator and the Conference has a Disaster Response Coordinator. Contact information can be found on the Disaster and Mission page on the BWC website.

3. Contact the BWC Disaster Response Coordinator at disasterresponse@bwcumc.org.

¶ 8001. Resources Available to Develop & Support a Local Church Disaster Preparedness & Response Plan

1. This policy is to serve as an immediate resource when preparing for and responding to any type of disaster. The most effective way to deal with a disaster is to have a “plan” that gives specific tips and instructions on what to do first, second and third. This plan will provide that information.

2. In a disaster, the church is much more than four walls and a roof. People may never attend church, but in a disaster or time of loss, they immediately turn to the church for help. In a disaster situation the church can become not only a spiritual, but also a resource hub of the community. The United Methodist Church will deliver aid to people without regard to race, religion, political beliefs or gender. Through preparedness and planning, disaster response can be effective and organized. BUT, planning is part of an ongoing process, which serves to remind us that caring for persons affected by a disaster is continuous – even when the immediate crisis has subsided.

3. Our Annual Conference goal is to address the physical, social, spiritual and emotional needs of individuals and families through caring ministries. This means that every local congregation, clergy member, District Superintendents, and the Bishop all have a part to play in bringing relief.

4. Our Annual Conference shares in a partnership with United Methodist Committee on Relief (UMCOR). UMCOR responds to natural or civil disasters that are interruptions of such magnitude that they overwhelm a community’s ability to recover on its own. UMCOR’s work on behalf of the United Methodists is global and not only serves in long term disaster recovery in the US, but also in countries throughout the world. The mission of UMCOR – grounded in the teachings of Jesus Christ, is to alleviate human suffering – whether caused by war, conflict or natural disaster – with open minds and hearts to all people.
5. The availability and familiarity with a Disaster Response Plan is the first step to recovery when a disaster strikes—regardless of the severity of the disaster or the number of people affected. We all must be prepared to respond in an organized and effective manner to a disaster. This plan is an attempt to provide the means for United Methodists to respond to human suffering in the most appropriate way. A template for creating your Local Church Disaster Preparedness Plan may be found at: http://www.bwcumc.org/ministries/disaster-response-and-volunteers-in-mission/

¶8002. Definition of a Disaster

1. According to UMCOR, a disaster is a severe disruption of personal and community life, involving a significant number of people and causing spiritual, emotional and social crises to which the church can respond with God’s love and help. A disaster is an event, which in a matter of seconds, minutes, hours, or days damages the ability to sustain life without assistance. Each organization defines disaster differently. ¶7017 includes the definition used within the Statement of Understanding between UMCOR and the American Red Cross.

2. Examples of a Disaster:
   a) Tornados and Hurricanes
   b) Floods, fires and earthquakes
   c) Explosions and toxic spills
   d) Nuclear accidents and civil unrest
   e) Man-made Terrorism

3. Levels of Disasters:
   a) Level I – Small disaster affecting up to 30 homes, which the local church can respond without or very little assistance from the conference and UMCOR.
   b) Level II – Medium disaster affecting up to 150 homes, assistance is needed from conference resources and UMCOR
   c) Level III – Large Disaster covering a geographic area, usually eligible for presidential declaration with government help. Conference, UMCOR, and other organizations assist with resources.
   d) Level IV – Catastrophic Disaster – large number of deaths, may overwhelm local and state resources, impacting economic livelihood, and Martial law may be implemented.

¶8003. The Four Stages of a Disaster

2. Rescue: This is the time for first responders to do what they do best: please stay out of the way of public responders: Red Cross, FEMA, Police and Fire Departments. The Conference
Disaster Response Ministries will not be active during this stage. Local Churches should focus on staying safe and not being a hero.

3. Relief: Includes crisis intervention, emergency assistance, shelter and housing. This is the stage the call will come from the Annual Conference in the disaster area for Early Response Teams (ERT) to be deployed to remove debris, remove standing water with flood buckets and provide health kits. **ERTs are not authorized to deploy until they contact the Conference Disaster Response Coordinator:** disasterresponse@bwcumc.org.

4. Recovery: Rehabilitate and rebuild structures and lives. Helping to adjust to the ‘new normal’. This is the stage UM Volunteers in Mission teams are scheduled. Their work includes construction and renewing of mission facilities, teaching, witnessing, conducting medical clinics, conducting Bible study or Bible School for children and serving in disaster relief efforts at home and around the world. To find the latest UMVIM opportunities, to go: http://missiontrips.bwcumc.org/.

¶8004. **The Emergency Operation**

The police, fire and rescue units are responsible for locating and saving survivors. The American Red Cross has been mandated to be the first voluntary unit on site (UMCOR has an agreement with the Red Cross that is in Section IV). The Red Cross will arrange for temporary shelters, feeding stations, damage assessment, etc. A role for the local church may be to be used for temporary shelter, feeding station, working facility for the Red Cross, etc. A good first step is for the local disaster response coordinator to get acquainted with the local Red Cross. Red Cross provides emergency training courses at little or no charge.

¶8005. **After the Emergency**

1. While the emergency phase may last for only several days, the relief and rebuilding efforts may take months and years to accomplish. In the relief phase debris needs to be cleaned up, temporary repairs made, and property protected. In the rebuilding phase, permanent repairs are made, and complete houses may be replaced.

2. City/county, state, and federal governments have agencies that can help with these phases. Also, private insurance companies will play a role. Much depends on the severity of the disaster. The local disaster coordinator needs to identify the governmental agencies. The local phone book will give a starting point in the governmental section.

3. Where does the UMC fit in? There is always much to do. Pastoral counseling by both clergy and laypersons is needed. The survivors need friendly words and assurances that we care. Children especially need support. Volunteers are always needed to help with cleanup. If you identify yourself as church related volunteers, the police will usually let you into the disaster area. Finally, there are those people who do not have insurance or qualify for governmental assistance to make repairs. Here is a place for the UM Volunteer in Missions (UMVIM) teams to operate.

¶8006. **Volunteers Needed**

The time to prepare is now. Each district and congregation should have at least one person who is identified as a Disaster Response Coordinator. The person identified should study the part of the enclosed plan that
pertains to them. Local church volunteer names should be passed to the District Superintendents and to the Conference Coordinators.

¶8007. **Maryland VOAD**

Maryland Voluntary Organizations Active in Disaster (VOAD) is a nonprofit, nonpartisan, membership based organization that serves as the forum where organizations share knowledge and resources throughout the disaster cycle—preparation, response and recovery—to help disaster survivors and their communities. The Baltimore-Washington Conference is a member of the Maryland VOAD and encourages its churches to get connected to this resource before, during and after a local disaster: https://mdvoad.communityos.org/cms/home.

   b) Human resources and skills

3. Be encouraged to contact the Chapter Manager (or other designee) for their nearest American Red Cross Chapter to determine the areas where the local congregation can be of help in the event of a disaster.

¶8011. UMCOR’s Role

1. What UMCOR Can Do:

   a) Provide pre-disaster training and counsel to annual conference and district Disaster Response Committees, and others who might work in your disaster operations. This training includes information on what to expect in the relief and long-term recovery phases, and how you might organize an effective United Methodist response. Emphasis is on special long-term needs of children, youth, and adults; organizing for relief and recovery; management of volunteers and donated goods, as well as casework management.

   b) Provide cash grants.

   c) During disaster response, provide consulting services to your committee and response personnel. Upon your request and at UMCOR’s expense, volunteer mentors and advisors can be sent following a disaster. These persons have special skills in response management, ministry of caring, case management, logistical support, donations and distribution center management, public relations and communications, and coordination of volunteers. They can provide computer advice as well as technical consultation on rebuilding.

   d) The UMCOR specialists remain on site only a brief time, on average a few days, at most a week or two. They are there to share experience and insight on disaster management. In a pinch, they can work in some functional area to provide an "extra pair of hands" to
buy you time to recruit workers from within your conference for those tasks. However, our volunteers will not take the place of local workers.

e) After departure, all UMCOR staff and volunteers are always available for telephone consultation. They can return to the site, should it be necessary, if approval is given by the UMCOR Network Manager.

f) Lend power washers and generators. (chain saws are not available to loan). Borrowed equipment must be returned to the UMCOR Sager-Brown Center in Baldwin, Louisiana, when no longer needed. This includes equipment you may purchase locally, if the invoice is sent to UMCOR for reimbursement.

g) Use its Depot (or other warehouse space UMCOR might rent) for receiving, processing, and shipping donated items from across the church sent in response to a disaster.

h) Provide a long-term loan of personnel with skills in case management, rebuilding, and coordination of volunteers to work under the direction of a community-based recovery organization.

i) In conjunction with other participating denominations, assist with the formation of a community-based interfaith recovery organization. United Methodists are asked to participate in an interfaith context whenever possible.

j) Make its nationwide toll-free numbers available for information, and the registration of volunteers and donations.

k) Send UMCOR’s volunteer disaster management specialists, for a maximum of 28 days to run some or all response functions in the relief phase. This service will only be provided for Level III or IV disasters (see ¶7003, #3) where members of the conference disaster response leadership are immobilized by the scope of the disaster and/or are themselves survivors of the tragedy. An invitation by the resident bishop is required. The conference is expected to assume full responsibility for the relief and recovery operation as soon as possible within the 28 days.

2. What UMCOR Cannot Do:

   a) Send personnel without an invitation from the bishop.

   b) Send funds or material resources without a request from the bishop.

   c) Administer or perform the work of a disaster-recovery operation. This responsibility rests with the annual conference (except as described above).

   d) Allow its funds to be used for the repair of damaged church property. There is a Churchwide Appeal, which clearly states that the money is to be used for property repair along with the relief of human need.

3. The designation "UMCOR" is exclusive reserved for its staff and volunteers. A conference response team should identify itself as being from the affected conference or by the more generic term: "United Methodists in Disaster Response." The general population probably knows of The United Methodist Church and wants to see it working among them. The public has no knowledge of and little interest in the acronym "UMCOR. " It tells them nothing. Don't use it to describe our Conference work.
¶8012. Suggested Order to Follow After a Disaster Strikes

1. Questions to ask:
   a) What is the disaster response plan of:
      (1) The conference.
      (2) Interdenominational and interfaith organizations?
      (3) Governmental organizations?
   b) What happened?
   c) What was the scope of the damage?
   d) Are the relief agencies in place, and what does the church need to do to supplement their work?

2. Things to Do:
   a) Contact the district superintendent, the Disaster Response Coordinator, and the bishop.
   b) Once the above are notified, begin to assess the potential resourcing needs for the emergency stage.
   c) Inform the people in item 1 of this assessment.
   d) Get the information necessary for relief and rehabilitation:
      (1) Has the site been declared a disaster area by the President?
      (2) Which other relief agencies are responding and what are their resources?
      (3) What information needs to be publicized to encourage survivors to apply for available aid?
      (4) How best can the spiritual and emotional needs of survivors and relief workers be met during this time?
   e) Pull together the disaster response committee and the district superintendents of the affected areas to adjust existing plans for handling this disaster.
   f) Determine how United Methodists can work together with interfaith/ecumenical organizations.
   g) Investigate whether there are disaster-related needs not being met (e.g., pastoral care or long-term recovery with children and youth) that can be addressed by United Methodists.
   h) Find out what resources are needed from the United Methodists (UMCOR) beyond the annual conference.
   i) Maintain a constant flow of information with the district superintendent, the Disaster Response Coordinator, the bishop, the UMCOR disaster network manager, and the UMCOR Office for Disaster Response.

Section IV. Statement of Understanding Between UMCOR and the American Red Cross

The Statement of Understanding between the United Methodist Committee on Relief (UMCOR) of the General Board of Global Ministries of the United Methodist Church and The American National Red Cross was signed on April 3, 1992.

¶8015. Purpose.

The purpose of this Statement of Understanding is to continue the working relationship between the United Methodist Committee on Relief of the United Methodist Church and The American National Red Cross in
preparing for and dealing with disaster relief situations. The agreement provides the broad framework for cooperation between the two organizations in rendering assistance and service to victims of disaster.

¶8016. Definition of Disaster

A disaster is an occurrence such as hurricane, tornado, storm, flood, high water, wind-driven water, tidal wave, earthquake, volcanic eruption, drought, blizzard, pestilence, famine, fire, explosion, building collapse, transportation accident, or other situation that causes human suffering or creates human needs that the survivors cannot alleviate without assistance.

¶8017. Authority of the American Red Cross

By congressional charter dated January 5, 1905, The American National Red Cross was designated the nationwide agency through which the American people voluntarily extend assistance to individuals and families in needs as a result of disaster. In part, the charter provides that the Red Cross shall—continue and carry on a system of national and international relief in time of peace and apply the same in mitigating the suffering caused by pestilence, famine, fire, floods, and other great national calamities, and devise and carry on measures for preventing the same.

¶8018. Authority of the United Methodist Committee on Relief (UMCOR)

“The response of the United Methodist Committee on Relief in the United States shall include only the meeting of human needs growing out of natural or civil disaster. This response shall be made at the request of the appropriate body of the United Methodist Church” (excerpted from paragraph #1464, Book of Discipline, 1988).

¶8019. Organization of the American Red Cross

The national headquarters of the American Red Cross is in Washington, D.C. It is responsible for implementing policies and regulations that govern Red Cross activities, for giving administrative and technical supervision and guidance to chapters and other national sector units within geographical jurisdictions, and for maintaining financial control of the organization.

1. For administrative purposes, the United States is divided into three operations headquarters jurisdictions, each covering a certain number of states. Operations headquarters are located as follows: Eastern Operations Headquarters, Alexandria, Virginia; Midwestern Operations Headquarters, St. Louis, Missouri; Western Operations Headquarters, Burlingame, California. Each operations headquarters has an administrative staff and a field staff. Operations headquarters staff report to national headquarters.

2. The chapter is the local unit of the American Red Cross and is responsible for all local Red Cross activities within its jurisdiction, subject to the policies and regulations of the corporation. There are some 2,700 chapters across the United States.

a) Each Red Cross chapter is responsible for developing a special disaster preparedness and relief organization composed of the best qualified paid and volunteer staff available.

b) The chapter disaster committee studies the hazards of the locality and surveys local resources for personnel, equipment, supplies, transportation, emergency communications, and facilities available for disaster relief. The chapter disaster committee also formulates cooperative plans and procedures with local government
agencies and private organizations for carrying on relief operations should a disaster occur.

c) Through its nationwide organization, the American Red Cross coordinates its totals resources for use in large disasters. Services will be provided to those in need regardless of citizenship, race, religion, age, sex, or political affiliation.

¶8020. **Organization of the United Methodist Committee on Relief**

The United Methodist Committee on Relief (UMCOR) maintains a ministry of domestic disaster response through the United Methodist Disaster Preparedness and Response Network.

1. The Disaster Response Committee, in consultation with the conference UMCOR disaster response coordinator, other conference leadership, and UMCOR Disaster Response Network Manager, shall determine the church’s program of response and the forms of aid.

2. Local church leadership is ultimately responsible for disaster recovery efforts, using the previously mentioned resources.

3. Domestic disaster grants will be made to United Methodist Conferences through requests from the episcopal office, acting upon the recommendations of the previously mentioned network resources.

4. The response is coordinated for the entire period of the disasters, from emergency stage through recovery.

¶8021. **Method of Cooperation**

It is agreed that the United Methodist Committee on Relief of the General Board of Global Ministries of the United Methodist Church, which is the organization identified with nearly 38,000 churches and 9 million members, will participate with the American Red Cross in disaster relief operations in the United States and United States territories. This shall be accomplished through participation on the local level with UMCOR Disaster Response Coordinators, local church leadership, and local chapters of the American Red Cross.

The mode of operation between UMCOR and the American Red Cross is designed to render quality service to disaster victims without duplicating services offered by other governmental and nongovernment organizations (NGOs).

Both parties have agreed as follows:

1. Cooperation and coordination between the American Red Cross and UMCOR in the time of disaster and during the post-disaster recovery period should be maintained at a level that ensures maximum efficiency. To ensure that the Red Cross and UMCOR work in harmony during an emergency and in long-term recovery, both organizations agree to keep close liaison between national headquarters offices by means of conference, telephone, fax, and participation in the National Voluntary Organizations Active in Disaster (NVOAD).

2. UMCOR will encourage local United Methodist leadership to participate in the work and coordination of services of local Red Cross chapters for mutual support to the community. Upon request of UMCOR or the local affiliates, the American Red Cross will offer training of volunteers and staff for service in related areas.
3. Under local agreements, United Methodist Churches will be urged to provide physical facilities and equipment to be used as American Red Cross shelters, feeding stations, and emergency distribution centers. Joint identification will be provided for the facility and personnel. The American Red Cross will also invite the locally designated UMCOR representatives to serve in the Red Cross service center(s) and to accept referrals from the Red Cross.

4. UMCOR Disaster Response Consultants, when working with the Red Cross, will be provided with American Red Cross identification. They may be recommended by American Red Cross-national management for special services in disaster response operations.

5. UMCOR will provide, to selected groups of volunteers, training and instructional material for long-term care of children impacted by disaster. This program is available to all Red Cross volunteers and paid staff, who are welcome to join any training session for this program. The program is designed to be used in long-term recovery. This program will commence at the closure of emergency child care programs offered during the early stages of disaster by other NGOs.

6. The American Red Cross may refer to UMCOR those workers and clients it deems in need of pastoral care.

7. UMCOR will cooperate with the Red Cross in preplanning for specifically identified risk areas and will make subsequently identified personnel and resources available to participate in catastrophic disaster response and recovery operations when the Federal Response Plan is activated. UMCOR will accept responsibility for distributing the plan to its field components and educating both their staff and the public about it.

8. The Red Cross agrees to assume financial responsibility for direct relief expenditures made by UMCOR and coordinators when they are functioning, by prior arrangement, as official and established segments of a Red Cross disaster relief operation and when such expenditures are within Red Cross policy and responsibility.

9. The Red Cross may provide maintenance for UMCOR volunteers for a designated period within a specified financial limitation when the two organizations are working on cooperative disaster response operations.

10. Recognizing the need for advising the public of the work of both organizations, the American Red Cross and UMCOR will make every effort through their public information offices during the time of disaster to keep the public informed of their cooperative efforts.

11. This agreement will be widely distributed through Red Cross chapters and the United Methodist Church.

12. This agreement does not create a partnership nor joint venture, and neither party has the authority to bind the other.
