

## Kids' Corner Preschool – “Little Love Bugs” Summer Camp 2026

Kids' Corner Preschool is offering four weeks of summer camp for children who are 2 and 3 years old (children must be 2 years old by June 1<sup>st</sup>). This program is a wonderful way to introduce your 2-year-old to a school setting and to keep your 3-year-old engaged in a fun, structured classroom environment.

Camp hours will be 9:00am – 12:00pm daily. The doors will open at 8:50am for carline drop-off. The camp fee is \$150.00 per week. If you sign up for all 4 weeks, the 4<sup>th</sup> week will be free! Tuition is due on the Monday that camp starts. Please return the completed form by April 17th.

Check the box(s) to indicate your choice of week(s):

### Safari Week: Week of 6/15 – 6/19

We'll have a roomful of stuffed wild animals and circle time stories about animals in the wild! There will be plenty of opportunities for the children to color and paint animals of their choice. The crafts will include lion face masks and paper plate elephants.

### Pirate Week: Week of 6/22 – 6/26

Our circle time stories will be all about pirates! The crafts will include real, floating pool noodle pirate ships to float in our water table, and pirate hats! The children will also create footprint treasure maps, leading (of course) to a booty of treasure!

### Under the Sea: Week of 7/06 – 7/10

The room will overflow with stuffed sea creatures and our water table will be full of octopuses, dolphins and sharks! Our circle time stories will be all about the ocean and our underwater friends. There will be a sensory table, and the crafts will include puff paint fish, 3D turtles, and sand clay foot prints.

### The World of Eric Carle: Week of 7/20 – 7/24

- We'll read Carle's "Little Cloud" and use our clapping, tapping hands and feet to simulate a rain storm.
- We'll read Carle's "The Artist Who Painted the Blue Horse" and create magical animals from our own imaginations.
- We'll read Carle's "Today is Monday" and talk about our favorite foods.

The crafts will include fluffy shaving cream clouds in our sensory table, cloud art, drawn as we talk to children about what they see in their clouds, and a paper plate collage of foods that are not only good for us, but are favorites as well.

*Every Thursday is water fun day!*
