Discussion Questions:

1. What is the most important thing you took from today's message?
2. Which is the characteristic of false worship that is your most common struggle?
3. Sin is inherently anti-social. How does this help us understand God's remedy in 58:6-7?
4. What impact does/should it have on us that the Lord Jesus has repaired every breach between God and men, and men toward one another? Did you know, before today, that free access to God has been fully accomplished for you in Christ?
5. As either a vocational or lay missionary (you're one or the other!), how motivating is it for you that you are a herald of Christ, the Repairer of the breach?
