

Student Internet Agreement PrK – 2nd Grades

Parent/Guardian Section

PHCA promotes and integrates technology and Internet use into its educational program. As technology advances, we will need your partnership to ensure the safety and well being of your child. Technology is a valuable tool if used properly and responsibly. A PHCA domain email account is issued to Preschool to 2nd grade students for educational purposes. Students are instructed in technology and have access to email and the Internet at school only with teacher directed activities and selected websites. Instruction for responsible use of technology and the Internet should start at a young age, both at home and at school. Our goal is to help your child be responsible and develop the skills needed as they advance into the upper grades and become self-directed and independent with Internet use. By signing below, I acknowledge I have read and understand that:

- I/We must read the Student Internet Acceptable Usage Policy (AUP) revised 7/2023 on the PHCA website.
- My/Our child, _____, will be using the Internet according to the Student Internet (AUP), accessing teacher directed websites, and will be issued a PHCA domain email account to use for necessary educational purposes.
