

Dear Parents,

Tuesday, February 11

Today, we had the privilege of teaching your children about Exodus 24:9-25:9. We remembered how God took care of the people in the wilderness, meeting all their needs with food and water and guiding them with His Presence. We imagined what it would have been like to see God's holiness and power on the mountain with the lightning, thunder, and the sound of the loud trumpets!

Then, we discovered what God did next. Did He tell the people to hide away in fear? No! He invited the leaders part-way up the mountain to celebrate with Him at a special feast. We talked about how the ground was beautiful, clear blue like sapphires. We even enjoyed our own special "meal" of teddy grahams.

Finally, we talked about how Jesus also enjoyed a special meal with His friends before He died. We remember that meal once a month in church with the Lord's Supper when our mommies and daddies take the cracker and the grape juice. We are thankful that God wants to be in relationship with us!

With hope and joy,
Sarah Gaye Sneed,
Beth Fischer,
Clipper Jones,

Sapphires

The leaders come part-way up Mt. Sinai
