

Exodus 25:10 – 30:10

Main Truth: The tabernacle was the way God made to be with His people and be their God.

Dear Parents,

God made a way for His people to be close to Him. No longer did Moses have to go up and down the mountain to get to God. Now there would be a special place where God could come to His people, a tabernacle! God told the Israelites exactly how to build it and what to put inside. The Israelites followed God's plan and worked hard to create a perfect dwelling place.

Today we began our study of the tabernacle and how the Israelites followed God's plan. We focused on four parts: the Ark of the Covenant, the Table of Showbread, the Golden Lampstand, and the curtains and veils. We will discuss four more parts next week.

We had a special tabletop model of the tabernacle in our classroom. We had fun playing with it and talking about each part. We also watched a short video describing what the tabernacle might have looked like. Finally, we colored pictures of the items we focused on today. We are excited to learn more about what was inside the tabernacle next week!

Thank you for sharing your little ones with us. They are a blessing and a gift!
