

Welcome to the Children's Ministry!

Today begins a new year of Bible study for you and your preschool child. As you study the book of Exodus, your child will be taught a lesson based on the same portion of Scripture as your adult lesson. We pray that as we study Exodus and behold Jesus together, this will be a transformational year of learning for you and your child and that each week you will share with each other what you learn!

We are off to a fun start today as we played, sang songs, listened to a Bible story, enjoyed a snack, and began to get to know each other. In our Bible story time, we learned that

- The Holy Bible is God's true word.
- The Bible has two parts – old and new testament.
- The Bible tells us who God is.
- Exodus is the 2nd book of the Bible
- Exodus means exit, going out.
- God chose Moses to write the true words in Exodus
- Brought last year's study of John in as we remembered that Jesus is the Great "I AM"

We are praying that as the months pass, you will see evidence of change and growth in the heart, mind, and actions of your child!

We love your child and look forward to a great year!
