

Welcome to Calvary Christian Preschool! We are so grateful for your interest in becoming part of the CCP family.

At Calvary Christian Preschool, we provide a Christ-centered, nurturing environment where children are encouraged to grow academically, socially, emotionally, physically, and spiritually. Our caring and dedicated teachers create meaningful, hands-on learning experiences that support each child's development while sharing the love of Jesus every day.

At CCP, we believe children learn best through exploration, play, and positive relationships. Our developmentally appropriate curriculum helps children build important life skills, confidence, and a love for learning as they prepare for future success. Guided by our mission of "Growing little hearts and minds through Faith, Love, and Learning," we intentionally weave Christian values into every part of our program. Through Bible stories, prayer, worship songs, and chapel time, children are introduced to foundational values such as kindness, patience, gratitude, sharing, and compassion.

We are committed to teaching the whole child by balancing academic readiness with social-emotional growth and spiritual development. Children also enjoy engaging indoor and outdoor activities that encourage creativity, movement, and hands-on discovery.

We would love the opportunity to meet your family and share the heart of our preschool with you. We invite you to schedule a tour to experience the warm and loving environment at CCP firsthand. During your visit, you will receive a New Student Placement Form as the first step in the enrollment process.

Please contact the Preschool Office by calling (714)973-1768 to schedule a tour or email us at preschool@ccschool.org

We look forward to welcoming you to Calvary Christian Preschool!
