Welcome to Faith Case Extraordinary ACTS. There have been reports of many extraordinary acts occurring following the earthquake of 33 A.D. and reports of a dead man gone missing. We need to investigate each act and solve each case to determine who is behind this great mystery!

We have been chosen to be part of the Faith Case Task Force - ACTS, also known as Agents Change the Situation. You have all graduated to be field agents and will be sent out to investigate these matters.

At the same time, we will be following the investigation at the Faith Case headquarters each week, as those agents solve their cases.
