

## What is Wayne Presbyterian reading this summer?

Through books, we can be challenged, stretched, comforted, brought to tears, and even made to laugh out loud! The display case by the Library will be used to highlight books that our church community is reading this summer. Whether it is the “hot off the presses” new book or a classic that deserves a second look, we would love to have recommendations for kids through adults on a wide range of topics and interests. You can send an email to Janice Mack, [gardengirl65@gmail.com](mailto:gardengirl65@gmail.com) with your selections or fill out a form and leave it in the box in the library. Books will be added to the case through the summer, so check it out each Sunday!
