JESUS CENTERED FRIENDSHIP...

Hi there!

We are thrilled you want to get involved and explore groups and volunteer opportunities at Timberline!

It is our desire that everyone who considers Timberline Church home has the opportunity to be known and make Jesus-centered friendships.

It is often through our Jesus-centered friendships God comforts us, grows us, challenges us, and invites us to care for what He cares for. Most often these kinds of friendships happen in circles not in rows.

Maybe a circle is having a meal together, studying scripture, playing golf, crafting, or meeting to pray. Maybe it starts with showing up to an event and initiating conversation with the other people who also attend. There are many ways these friendships can be cultivated and we pray you have the opportunity and the courage to show up to one that transforms you.

If you want direction about where to start, we would love to help! You can fill out a short survey with the QR code below and we will follow up with our best fitting recommendations.

Bless you!
Timberline Connect Team

LEARNING

Bible Studies / Classes

Wednesday Night Community

Open to anyone | Wednesdays, 6:45 pm | Timberline South Auditorium

Have you ever noticed that Noah looks a little like Adam? That Moses' story sounds a lot like David's? That Israel's exodus from Egypt seems to happen again and again throughout Scripture? That's not coincidence — it's how the Bible was written to work. Join Pastor Brent Cunningham Wednesday nights this fall for a 10-week journey through the Old Testament's promise-shaped patterns: Adam, prophet, priest, king, the righteous sufferer, creation, exodus, and marriage — each one a repeated story, planted on purpose, that finally lands on one Person. Come see your Bible differently. Everyone's welcome, no experience necessary.

Christianity's Dance with Science

Anyone | Sundays, 11:30 am | Timberline Church, Room 203 | 10 week class starting Sept 20th

(Creation Science Evangelistic Christian Ministry) The theme of this course is that many people in our society today use science and scientific "facts" as justification to not believe in God. Some Christians even see science as a threat to their beliefs rather than evidence God intends for our faith. The situation today is that secularism is the predominant belief system in our western society and culture, and the proponents of secularism teach there is a conflict between science and Christianity. The course is designed to show you that there is no conflict between God, Christianity and science.
