Our Response

- 1) Why is a person's testimony of transformation so important in sharing the gospel with someone?
- 2) Look at 1 Timothy 1:12-17 and compare it to Galatians 1:11-24. What about these 2 testimonies stand out to you?
- 3) Why is it so important to talk not as much about your past as it is about what Christ is doing in your life right now?
- 4) Spend time writing out your testimony today and share it with another believer today or this week. Ask them to give you feedback and make any adjustments.
- 5) Who can you share your story and the Gospel with this week? Write their name down and commit to pray for that opportunity and for the courage to share when the door opens.
