Our Response:

- 1) How would you describe your prayer life? Is it one of joy or one out of obligation or duty? How can that change?
- 2) Who are you thankful for in your life? How can you pray for them this week? How can you show them your thankfulness? Do that this week!
- 3) Why is it so important to pray for other people? Why is it so important to pray together?
- 4) How does Philippians 1:6 encourage and challenge you?
- 5) Are Paul's descriptions of his affection and desire to be with those in Philippi similar to those who are a part of PFBC? What might need to change?
- 6) Which of the 5 prayers for growth do you need to pray for yourself and for others around you?
