Our Response

- 1) What do you need to leave behind or let go of, so you can press ahead into becoming more like Jesus and following His path for your life?
- 2) What goal are you absolutely determined to accomplish in life? How does this compare to Paul’s goal and finish line?
- 3) What’s one change you could you make in order to pursue the one thing that matters most?

- 4) Who is following your example as a Christ follower? Where is that example leading them? Can you recommend someone follow your example? Why or why not?
- 5) What would you say right now is your finish line? What does Paul tell us here must be our finish line? What might need to change in your life so that would be your finish line?
