

CHRIST THE KING COMMUNITY CHURCH

Recommended Counselors

The counselors listed below are offered as a resource to help you find a good fit. The heart of counseling is the relationship you build—trust, safety, and understanding are essential for growth and healing. Counseling is only one part of the journey; healthy friendships, physical well-being, and spiritual growth also matter for lasting wholeness. Christ the King Church does not oversee these therapeutic relationships and cannot guarantee your experience. For insurance questions, please contact your provider or the counselor directly.
