

Fall Newsletter 2025 - Greetings from the Ayers

We hope this finds you doing well as we transition into one of the most beautiful seasons – fall! We are looking forward to the change of seasons and some cooler temps!! Rod and I were just discussing how blessed we are to live in a location where we can experience all four seasons.

I, Mila, just finished helping at our local church camp. It was a very hot but blessed week of pouring into some fun and eager kids!! I worked with missions and crafts as I have done for the past several years. During missions, the kids helped to make 45 shoebox gifts for Operation Christmas Child and learned about the lives of George Muller and Jim Elliott. In crafts, we had fun putting together prayer boards.

I am now gearing up for Operation Christmas Child season in our area. I work with this ministry as a year-round volunteer serving as the Drop-off leader and Church Relations leader. As many of you know, this is a great ministry that targets those who have never heard the gospel including the hard to reach areas of the world.

This is Rod's busy season for work. It has been a hot season for roofing, but we are praising God for the work and His protection as he and his workers complete jobs. He and our other co-pastor just completed a series on Revelation and Rod is now beginning a series on the Sermon on the Mount as well as teaching our adult Sunday School class.

We continue to be in touch with our Haitian friends and family. It is hard to believe it has been five long years since we have been in Haiti, our second home. The compound at Borel is still considered relatively safe though the areas surrounding are not. For five long years, no one sleeps well and everyone lives "on edge." But churches are still gathering and worshipping, kids are going to school (though on break now), and many are still going to market. How? They have changed living and traveling ways in order to avoid the dangers of the gangs.

Prayer Requests:

**Pray for the Haitians and the struggles of their daily life and that the control of the gangs would end.*

**Pray for the pastors in the conference as they continue to lead worship, disciple, and work in their communities.*

**Pray for the sister church/school program, that it would provide the needed encouragement and support despite not being able to make in-person visits over the last five years.*

**Pray for us as we minister in our own community, Bowling Green. And for future opportunities to return to Haiti and/or Bangladesh.*
