

Nicaragua

Summer | 2023 | by Pastor Christina Acosta

Pastor Marcial Mendez Maldonado leads the work in El Rodeo Grande. A church plant from the main church in Chinandega. Above is a picture of the El Rodeo Church and how far they have come in building the church themselves. El Rodeo is a vibrant community, and the ministry work is flourishing there under Pastor Marcial's leadership. Below is a picture of one of the families that have come to Christ and are now members of the Churches of God General Conference in Nicaragua. We praise God for their commitment and for the spiritual growth of this family. **Pray for more families!**

Nicaragua Church Plant Update

Pastor German is very busy involved in seeing that the ministries grow and expand in Nicaragua. He is one of the fastest-paced leaders in the field and is serious about his work for the Lord. He is involved in ministry providing seminars for the leadership and pastors that serve in the Conference to expand their knowledge even further.

El Sauce church has added a small building called the house of prayer for the community to come and pray. Below is a picture of this house of prayer.

The ministry in Chinandega is currently improving their facilities as well as focusing on growing and expanding their local children's ministry while also visiting all of the different works and expanding into new territories such as El Viejo community where a new church plant has begun.
