Spring 2026

Praise the Lord—they now have their own church property! The new church building has been completed and is already in use. Hallelujah! The Lord has truly been faithful and good.

With the completion of this project, the congregation will no longer need to pay rent, allowing those funds to be redirected toward strengthening and expanding the children’s ministry. We are deeply grateful to our donors in the United States who made this possible through your faithful prayers and generous financial support.

Pastor Maria and her congregation are already making plans to expand their outreach by adding a soup kitchen to serve local children and others in need. Please continue to pray for this new ministry initiative as they seek God’s guidance in the planning process, secure the necessary funding, and acquire the required equipment. May the Lord bless and establish this work for His glory.
