

Brazil Newsletter

Spring 2026

Victor Montalvo, Travis Helm, and Mike Poe recently visited the Bahia ministry region of the Brazil Good News Conference. The three churches in this area are experiencing encouraging growth. Local leaders requested support in strengthening and energizing both church leadership and members. During their visit, they met with church leaders to discuss the challenges they face and their ministry goals. They provided biblical counsel, sharing practical applications drawn from personal ministry experience.

They also enjoyed meaningful fellowship with the leaders and their families. Victor delivered both challenging and encouraging messages at each church, calling members to deeper commitment and to step out in faith beyond their comfort zones. Many young people and other members responded enthusiastically, expressing a desire to partner with church leadership in developing outreach plans to actively engage their surrounding communities. Each service was well attended, and the hospitality was exceptional. It was especially encouraging to see a strong group of young people eager to grow in their faith and serve.

Please pray for other regions within the Brazil Conference that are facing greater economic challenges and struggling with attendance and motivation. Bahia Church #2 will soon break ground on its own church building after meeting in rented facilities for 14 years. To date, approximately \$42,000—about 25% of the projected cost—has been donated toward construction. Those who wish to contribute to this project may designate their gift to: **GR2729 – Bahia Church #2 Building**.
