Matching Fund
for Asia

The Great Lakes Conference is matching up to $40,000 for our Asia fields!

Will you be a matching donor?

One of our greatest needs in Asia is medical equipment for our Christian Hospital in South Central Asia, which currently serves over 100,000+ people a year. The hospital is looking to expand to meet the demands of the region. This will require our hospital to purchase new medical equipment to properly supply their staff, nurses, and doctors.

All our Global Reach fields are moving toward self-sufficiency, and this is especially true in South Central Asia, as we anticipate western funds being cut off due to government restrictions. By helping the hospital ministry expand and grow, the whole mission becomes more self-sufficient in the future, as the income from the hospital provides for the rest of the mission. Time is closing to help them achieve this goal.

Today, you have a tremendous opportunity to bless people's bodies and their souls too! With a regional population of 3 million, about 94% of the people that come through our hospital are Muslim. We estimate that less than 1% of the people are Christian. Yet here we are, serving them, and sharing the love of Jesus every day. The Gospel must move forward and the Church must grow. The harvest is ripe!

Give to GR-2705 and double your impact today!
